CHAPTER 1. MEETING CHALLENGES AND BUILDING FOR THE FUTURE	19
Policy Lessons from Three Long Expansions	20
Keynesian Activism in the 1961-69 Expansion	21
The Supply-Side Revolution and the 1982-90 Expansion	22
Deficit Reduction and the Current Expansion	24
Conclusion	27
Preserving Fiscal Discipline	28
Reaching Surplus	28
Fiscal Policy in an Era of Surpluses	30
Meeting the International Challenge	34
Containing the Crisis and Promoting Recovery	34
Strengthening the International Financial Architecture	36
Embracing Change While Promoting Fairness	37
Agriculture	38
Mergers	39
International Trade	40
Promoting Prosperity for All Americans	41
Conclusion	42
CHAPTER 2. MACROECONOMIC POLICY AND PERFORMANCE	43
The Year in Review	45
The Stance of Macroeconomic Policy	45
Turmoil in Financial Markets	47
Components of Spending	47
The Labor Market and Inflation	52
Financial Markets	55
The Effect of Risk on Interest Rates and Equity Prices	56
Changing Risk Perceptions and Financial Market Developments	57
New Concerns About Hedge Funds	63
Financial Market Influences on Spending	67
The Investment Boom	69
Causes of the Boom	70
Implications of the Investment Boom	73
Macroeconomic Implications of the Y2K Problem	76

Near-Term Outlook and Long-Run Forecast 83
The Administration Forecast 83
Components of Long-Term Growth 84
Inflation: Flat or Falling? 88
What Has Held Inflation in Check? 91
The Near-Term Outlook 95
CHAPTER 3. BENEFITS OF A STRONG LABOR MARKET 99
Economy-Wide Developments in the Labor Market 100
Employment 100
Wages 101
Disadvantaged Groups 103
Low-Wage Workers 104
Less Educated Workers 105
Blacks and Hispanics 107
Immigrants 109
Single Mothers 112
Overcoming Disadvantages in the Labor Market 116
Benefits to Society of a Strong Labor Market 116
Welfare Reform 116
Crime 120
Job Displacement, Tenure, and the Contingent Work Force 121
Job Displacement 122
Job Tenure 123
The Contingent Work Force 124
Myths and Realities 126
New Developments in Job Training and Lifelong Learning 127
CHAPTER 4. WORK, RETIREMENT, AND THE ECONOMIC WELL-BEING OF THE ELDERLY 131
Population Aging, Life Expectancy, and Health Status 132
Older Workers and Retirement 135
Long-Term Trends in Labor Force Participation at Older Ages 136
Recent Changes in the Labor Force Participation of Older Men 139
Influences on the Timing of Retirement 141
Unemployment and Job Loss 149
The Unpaid Contributions of the Elderly 151
The Economic Well-Being of the Elderly 152
Income and Consumption 153
Poverty 163
Wealth 166
Are Older Workers Saving Enough for Retirement? 167

CHAPTER 7. THE EVOLUTION AND REFORM OF THE INTERNATIONAL FINANCIAL SYSTEM 267
Reform of the International Financial Architecture 268
From the Halifax Summit to the G-22 Reports 268
Greater Transparency and Accountability 269
Reforming and Strengthening Domestic Financial Institutions 271
Better Crisis Resolution, Including Appropriate Roles for the Official Community and the Private Sector 272
Adoption of Measures to Reform the International Financial Architecture 276
Further Steps to Strengthen the International Financial Architecture 276
Strengthened Prudential Regulation and Supervision in Industrial Countries 277
Strengthening Prudential Regulation and Financial Systems and Promoting Orderly Capital Account Liberalization in Emerging Markets 280
Developing New Approaches to Crisis Response 285
Strengthening the IMF 286
Minimizing the Human Costs of Financial Crises 287
Sustainable Exchange Rate Regimes for Emerging Markets 287
European Economic and Monetary Union 291
The EMU Schedule 291
The Benefits and Potential Costs of EMU 293
The Euro as an International Currency and the Implications for the Dollar 297
Conclusion 305

APPENDIXES

A. Report to the President on the Activities of the Council of Economic Advisers During 1998 307
B. Statistical Tables Relating to Income, Employment, and Production 319

LIST OF TABLES

1-1. Stabilization Policy Indicators in Three Long Expansions 25
1-2. Economic Growth Indicators in Three Long Expansions 26
2-1. Growth of Real GDP and its Components During 1997 and 1998 48
2-2. Disaster Damage: National Income and Product Accounts Estimates of Value of Structures and Equipment Destroyed 82

		Page
2-3.	Accounting for Growth in Real GDP, 1960-2007	85
2-4.	Expected Effects of Methodological Changes on the CPI and Real GDP	94
2-5.	Administration Forecast	97
4-1.	Estimated Pension Coverage and Offer Rates for Private Sector Wage and Salary Workers	158
4-2.	Gender Differences in Pension Wealth, 1992	162
4-3.	Consumption Patterns of Elderly and Nonelderly Households by Age of Household Head, 1997	163
4-4.	Poverty Rates Among the Elderly for Various Demographic Groups	165
4-5.	Sociodemographic Characteristics of the Poor and Nonpoor Elderly Population, 1997	165
4-6.	Family Holdings of Financial and Nonfinancial Assets, by Age of Head of Family, 1995	167
4-7.	Total and Financial Wealth of Households by Percentiles	168
6-1.	Capital Flows to Industrial and Developing Countries	223
6-2.	Five Asian Economies: External Financing	241
7-1.	The Importance of Major Currencies on the Eve of the Introduction of the Euro	301

List of Charts

1-1.	Core Inflation and Unemployment in Three Long Expansions	23
1-2.	Contributions to Economic Growth in Three Long Expansions	28
1-3.	The Federal Budget Balance, 1946-98	29
1-4.	Growth in Real Family Income, 1947-97	41
2-1.	Unemployment Rate	44
2-2.	Inflation Rate	44
2-3.	Net Worth and the Personal Consumption Rate	49
2-4.	Yields on Treasury Securities	60
2-5.	Risk Spreads	60
2-6.	Equity Prices in 1998	63
2-7.	Contribution of Investment to Overall GDP Growth	69
2-8.	Corporate Profits and Net Interest Payments	71
2-9.	Net National Saving and Its Components	72
2-10.	Estimation of Potential GDP Growth by Okun's Law	84
2-11.	Actual Versus Simulated Productivity Growth	87
2-12.	Three Measures of Core Inflation	90
2-13.	Inflation and Trend Unit Labor Costs	91
2-14.	Export and Import Prices Versus the CPI and GDP Price Index	92
2-15.	Inventory-to-Sales Ratio (Nonfarm Business)	96

		Page
3-1.	Unemployment and Discouraged Workers	100
3-2.	Median Hourly Wages of Men and Women Aged 16 and Over	103
3-3.	Hourly Wages of Low-Wage Workers Aged 16 and Over	105
3-4.	Percent Change in Employment Rate by Level of Education, 1993-1998	106
3-5.	Median Hourly Wages of Men Aged 16 and Older by Race and Ethnicity	108
3-6.	Median Hourly Wages of Women Aged 16 and Older by Race and Ethnicity	108
3-7.	Unemployment Rates of Persons Aged 16-24 by Race and Ethnicity	109
3-8.	Unemployment Rates by Nativity	110
3-9.	Labor Force Participation Rates of Single Women	113
3-10.	The Earned Income Tax Credit in 1993 and 1998	115
3-11.	Welfare Participation and Unemployment	117
3-12.	Job Displacement Rate	122
3-13.	Outcomes After Job Displacement	123
3-14.	Characteristics of Contingent and Noncontingent Workers, February 1997	125
4-1.	Life Expectancy at Age 65	133
4-2.	Population of the United States by Age	133
4-3.	Projections of the Population Aged 65 Years and Over	134
4-4.	Labor Force Participation Rates of Older Men and Women	138
4-5.	Women's Labor Force Participation Rates at Each Age	138
4-6.	Men's Labor Force Participation Rates at Each Age	140
4-7.	Full-Time and Part-Time Work Among Men Aged 60-61	140
4-8.	Net Labor Force Exit Rates of Men at Each Age	144
4-9.	Living Arrangements of Elderly Widows	155
4-10.	Composition of Income Among the Elderly	156
4-11.	Composition of Income by Quintile Among the Elderly, 1996	156
4-12.	Poverty Rate by Age Group	164
4-13.	Household Financial Wealth by Race and Ethnicity	168
5-1.	Emissions of Six Major Air Pollutants	197
5-2.	Energy Efficiency and Prices	208
5-3.	Energy Consumption	208
5-4.	Fuel Consumption by Motor Vehicles	209
6-1.	Net Capital Flows to Developing Countries	222
6-2.	Perceived Risk and the Spread on Emerging Market Bonds	235
6-3.	Real Value of the Dollar and the Trade Deficit	254
6-4.	Dollar Exchange Rates	254
