FURTHER REVISED ALLOCATION TO SUBCOMMITTEES OF BUDGET TOTALS, FISCAL YEAR 1999

JULY 30, 1998.—Ordered to be printed

Mr. STEVENS, from the Committee on Appropriations, submitted the following

REPORT

The Committee on Appropriations submits the following report revising the 302(b) allocations to subcommittees set forth in Senate Report 105–191 (May 14, 1998) and revised in Senate Report 105–199 (June 2, 1998), Senate Report 105–211 (June 11, 1998), Senate Report 105–221 (June 24, 1998), Senate Report 105–247 (July 13, 1998), Senate Report 105–252 (July 20, 1998), and Senate Report 105–272 (July 28, 1998).

Section 302(e) of the Congressional Budget Act of 1974, as amended, provides that at any time after a committee reports its allocations such committee may report to its House an alteration of such allocations. This report is submitted pursuant to this section.

The allocation is consistent with Senate Resolution 209, as modified by order of the Senate on July 10, 1998 (Congressional Record, page S8016). The allocation reflects enactment of the Transportation Equity Act for the 21st Century [TEA21] (Public Law 105–178). The act established a new highway category and a new mass transit category and set lower nondefense discretionary levels in fiscal year 1999. The Committee notes that under section 8103 of TEA21, obligation limitations for the mass transit category were defined as the sum of budget authority and obligation limitations.

On July 20, 1998, the Committee on the Budget filed a revised 302(a) allocation for the Committee reflecting an increase of $618,000,000 in budget authority and $609,000,000 in outlays. These amounts were provided under the provisions of section 314(b) of the Congressional Budget Act of 1974, as amended, which mandate an increase to the Committee's 302(a) allocation when certain conditions relating to funding of international affairs activities

and to funding of an earned income tax credit [EITC] compliance initiative are met.

On July 28, 1998, the Committee on the Budget filed a revised 302(a) allocation for the Committee reflecting an increase of $25,000,000 in outlays. These amounts were provided under the provisions of section 314(b) of the Congressional Budget Act of 1974, as amended, which mandate an increase to the Committee's 302(a) allocation when certain conditions relating to funding of arrearages for certain international activities are met.
