[1] Estimates for nonfinancial corporate business for 2000 and earlier periods are based on the Standard Industrial Classification (SIC); later estimates are based on the North American Industry Classification System (NAICS).

[2] The implicit price deflator for gross value added of nonfinancial corporate business divided by 100.

[3] Less subsidies plus business current transfer payments.

[4] Unit profits from current production.

[5] With inventory valuation and capital consumption adjustments.
