16                 “(2) that the agreement’s provision for entry of  
17                 the ANDA product prior to the expiration of the rel-

#### 16 CHAPTER 4

#### 17 PUBLIC SAFETY EMPLOYER-EMPLOYEE

#### 18 COOPERATION ACT

#### 19 SHORT TITLE

20 *SEC. 4401.* This chapter may be cited as the “Public  
21 Safety Employer-Employee Cooperation Act of 2010”.

#### 22 DECLARATION OF PURPOSE AND POLICY

23 *SEC. 4402.* The Congress declares that the following is  
24 the policy of the United States:

25 (1) Labor-management relationships and part-  
26 nerships are based on trust, mutual respect, open

1       *communication, bilateral consensual problem solving,*  
2       *and shared accountability. Labor-management co-*  
3       *operation fully utilizes the strengths of both parties to*  
4       *best serve the interests of the public, operating as a*  
5       *team, to carry out the public safety mission in a*  
6       *quality work environment. In many public safety*  
7       *agencies, it is the union that provides the institu-*  
8       *tional stability as elected leaders and appointees come*  
9       *and go.*

10           (2) *State and local public safety officers play an*  
11       *essential role in the efforts of the United States to de-*  
12       *tect, prevent, and respond to terrorist attacks, and to*  
13       *respond to natural disasters, hazardous materials,*  
14       *and other mass casualty incidents. State and local*  
15       *public safety officers, as first responders, are a compo-*  
16       *nent of our Nation's National Incident Management*  
17       *System, developed by the Department of Homeland*  
18       *Security to coordinate response to and recovery from*  
19       *terrorism, major natural disasters, and other major*  
20       *emergencies. Public safety employer-employee coopera-*  
21       *tion is essential in meeting these needs and is, there-*  
22       *fore, in the National interest.*

23           (3) *The Federal Government needs to encourage*  
24       *conciliation, mediation, and voluntary arbitration to*  
25       *aid and encourage employers and the representatives*

1        *of their employees to reach and maintain agreements*  
2        *concerning rates of pay, hours, and working condi-*  
3        *tions, and to make all reasonable efforts through nego-*  
4        *tiations to settle their differences by mutual agree-*  
5        *ment reached through collective bargaining or by such*  
6        *methods as may be provided for in any applicable*  
7        *agreement for the settlement of disputes.*

8            *(4) The absence of adequate cooperation between*  
9        *public safety employers and employees has implica-*  
10       *tions for the security of employees and can affect*  
11       *interstate and intrastate commerce. The lack of such*  
12       *labor-management cooperation can detrimentally im-*  
13       *pect the upgrading of police and fire services of local*  
14       *communities, the health and well-being of public safe-*  
15       *ty officers, and the morale of the fire and police de-*  
16       *partments. Additionally, these factors could have sig-*  
17       *nificant commercial repercussions. Moreover, pro-*  
18       *viding minimal standards for collective bargaining*  
19       *negotiations in the public safety sector can prevent*  
20       *industrial strife between labor and management that*  
21       *interferes with the normal flow of commerce.*

22            *(5) Many States and localities already provide*  
23        *public safety officers with collective bargaining rights*  
24        *comparable to or greater than the rights and respon-*

1 *sibilities set forth in this chapter, and such State and*  
2 *local laws should be respected.*

16          agement employee” has the meaning given such term

19          the term means an individual employed by a public  
20          safety employer in a position that requires or author-

9   ment position; and
