

112TH CONGRESS
1ST SESSION

H. R. 3554

To prohibit the open-air cultivation of genetically engineered pharmaceutical and industrial crops, to prohibit the use of common human food or animal feed as the host plant for a genetically engineered pharmaceutical or industrial chemical, to establish a tracking system to regulate the growing, handling, transportation, and disposal of pharmaceutical and industrial crops and their byproducts to prevent human, animal, and general environmental exposure to genetically engineered pharmaceutical and industrial crops and their byproducts, to amend the Federal Food, Drug, and Cosmetic Act with respect to the safety of genetically engineered foods, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

DECEMBER 2, 2011

Mr. KUCINICH (for himself, Mr. GRIJALVA, and Mr. STARK) introduced the following bill; which was referred to the Committee on Agriculture, and in addition to the Committee on Energy and Commerce, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To prohibit the open-air cultivation of genetically engineered pharmaceutical and industrial crops, to prohibit the use of common human food or animal feed as the host plant for a genetically engineered pharmaceutical or industrial chemical, to establish a tracking system to regulate the growing, handling, transportation, and disposal of pharmaceutical and industrial crops and their byproducts to prevent human, animal, and general environmental expo-

sure to genetically engineered pharmaceutical and industrial crops and their byproducts, to amend the Federal Food, Drug, and Cosmetic Act with respect to the safety of genetically engineered foods, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
 2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4 (a) **SHORT TITLE.**—This Act may be cited as the
 5 “Genetically Engineered Safety Act”.

6 (b) **TABLE OF CONTENTS.**—The table of contents for
 7 this Act is as follows:

Sec. 1. Short title; table of contents.

**TITLE I—GENETICALLY ENGINEERED PHARMACEUTICAL AND
 INDUSTRIAL CROP SAFETY**

Sec. 101. Short title.

Sec. 102. Findings.

Sec. 103. Definitions.

Sec. 104. Regulation of production of pharmaceutical crops and industrial
 crops.

Sec. 105. Civil penalties for violation.

Sec. 106. Report to Congress on alternative methods to produce pharmaceutical
 and industrial crops.

TITLE II—GENETICALLY ENGINEERED FOOD SAFETY

Sec. 201. Short title.

Sec. 202. Findings.

Sec. 203. Federal determination of safety of genetically engineered food; regula-
 tion as food additive.

Sec. 204. User fees regarding determination of safety of genetic food additives.

Sec. 205. Embargo authority.

Sec. 206. Rulemaking; effective date; previously unregulated marketed addi-
 tives.

1 **TITLE I—GENETICALLY ENGI-**
2 **NEERED PHARMACEUTICAL**
3 **AND INDUSTRIAL CROP SAFE-**
4 **TY**

5 **SEC. 101. SHORT TITLE.**

6 This title may be cited as the “Genetically Engi-
7 neered Pharmaceutical and Industrial Crop Safety Act of
8 2011”.

9 **SEC. 102. FINDINGS.**

10 Congress finds the following:

11 (1) A pharmaceutical crop or industrial crop is
12 a plant that has been genetically engineered to
13 produce a medical or industrial product, including a
14 human or veterinary drug, biologic, industrial, or re-
15 search chemical, or enzyme.

16 (2) The Department of Agriculture has issued
17 more than 270 permits for more than 300 outdoor
18 field trials of plants genetically engineered to
19 produce experimental pharmaceuticals, industrial en-
20 zymes and novel proteins. More than 80 percent of
21 the field trial permits involved feed crops, including
22 corn, soybeans, rice, safflower, barley, alfalfa, mus-
23 tard greens, peas, sugarcane, tomatoes, and wheat.

24 (3) Many of the novel substances produced in
25 pharmaceutical crops and industrial crops exhibit

1 high levels of biological activity and are intended to
2 be used for particular medical or industrial pur-
3 poses, under very controlled circumstances. None of
4 these substances is intended to be incorporated in
5 food or to be spread into the environment.

6 (4) The magnitude of the risks posed by phar-
7 maceutical crops and industrial crops depends on
8 many factors, including the chemicals involved, the
9 organisms or environments exposed, and the level
10 and duration of the exposure. Humans, animals, and
11 the environment at large could be at risk from con-
12 tamination, a major concern of which is that bio-
13 active nonfood substances, which have not been test-
14 ed, will contaminate or otherwise adversely affect the
15 food supply. Substances intended for use as human
16 drugs are especially problematic because they are in-
17 tended to be biologically active in people.

18 (5) Pharmaceutical crops and industrial crops
19 also pose substantial liability and other economic
20 risks to farmers, grain handlers, food companies,
21 and other persons in the food and feed supply chain.
22 These risks include liability for contamination epi-
23 sodes, costly food recalls, losses in export markets,
24 reduced prices for a contaminated food or feed crop,
25 and loss of confidence in the safety of the American

1 food supply among foreign importers and consumers
2 of American agricultural commodities.

3 (6) These risks necessitate a zero tolerance
4 standard for the presence of pharmaceutical crops
5 and industrial crops and their byproducts in crops
6 used to produce human food or animal feed.

7 (7) While there presently exists a pro forma
8 zero tolerance standard, the Department of Agri-
9 culture and experts in the field acknowledge that
10 contamination of human food and animal feed is in-
11 evitable due to the inherent imprecision of biological
12 and agricultural systems, as well as the laxity of the
13 regulatory regime. This is illustrated, for example, in
14 the Department of Agriculture's regulations, which
15 aim not for prevention (recognized as unattainable),
16 but rather mitigation of the gene flow that results
17 in contamination of food/feed crops with these sub-
18 stances. Some experts in the field are calling for es-
19 tablishment of tolerances, despite the potential risks
20 involved.

21 (8) The rapidly emerging field of synthetic biol-
22 ogy is an extreme form of genetic engineering that
23 has been heralded as a remedy for numerous societal
24 ills ranging from climate change to environmental
25 pollutants. The goal of synthetic biology is to create

1 life from scratch with synthetic DNA or without the
2 use of DNA entirely. DNA is synthesized by a com-
3 puter is then inserted into organisms. There are a
4 range of practices which can be classified as syn-
5 thetic biology, but such practices are more commonly
6 defined as the design and construction of new bio-
7 logical parts, devices and systems that do not exist
8 in the natural world and also the redesign of exist-
9 ing biological systems to perform specific tasks.

10 (9) Proponents of synthetic biology are devel-
11 oping products that they may soon seek approval for
12 entry into the food supply of the United States.

13 (10) Therefore, appropriate regulatory controls,
14 as established by this title, are urgently needed to
15 ensure that the byproducts of pharmaceutical crops,
16 industrial crops and organisms created as a result of
17 synthetic biology, as well as their byproducts, do not
18 enter human food or animal feed crops at any level.

19 **SEC. 103. DEFINITIONS.**

20 In this title:

21 (1) The term “genetically engineered plant”
22 means a plant that contains a genetically engineered
23 material or was produced from a genetically engi-
24 neered seed. A plant shall be considered to contain
25 a genetically engineered material if the plant has

1 been injected or otherwise treated with a genetically
2 engineered material (except that the use of manure
3 as a fertilizer for the plant may not be construed to
4 mean that the plant is produced with a genetically
5 engineered material).

6 (2) The term “genetically engineered material”
7 means material that has been altered at the molec-
8 ular or cellular level by means that are not possible
9 under natural conditions or processes (including re-
10 combinant DNA and RNA techniques, cell fusion,
11 microencapsulation, macroencapsulation, gene dele-
12 tion and doubling, introducing a foreign gene, and
13 changing the positions of genes), other than a means
14 consisting exclusively of breeding, conjugation, fer-
15 mentation, hybridization, in vitro fertilization, tissue
16 culture, or mutagenesis.

17 (3) The term “genetically engineered seed”
18 means a seed that contains a genetically engineered
19 material or was produced with a genetically engi-
20 neered material. A seed shall be considered to con-
21 tain a genetically engineered material or to have
22 been produced with a genetically engineered material
23 if the seed (or the plant from which the seed is de-
24 rived) has been injected or otherwise treated with a
25 genetically engineered material (except that the use

1 of manure as a fertilizer for the plant may not be
2 construed to mean that any resulting seeds are pro-
3 duced with a genetically engineered material).

4 (4) The term “pharmaceutical crop” means a
5 genetically engineered plant that is designed to
6 produce medical products, including human and vet-
7 erinary drugs and biologics. The term includes a
8 crop intentionally treated with genetically engineered
9 material that, in turn, produces a medical substance.

10 (5) The term “industrial crop” means a geneti-
11 cally engineered plant that is designed to produce in-
12 dustrial products, including industrial and research
13 chemicals and enzymes. The term includes a crop in-
14 tentionally treated with genetically engineered mate-
15 rial that, in turn, produces an industrial substance.

16 **SEC. 104. REGULATION OF PRODUCTION OF PHARMA-**
17 **CEUTICAL CROPS AND INDUSTRIAL CROPS.**

18 (a) **TEMPORARY MORATORIUM PENDING REGULA-**
19 **TIONS.**—No pharmaceutical crop or industrial crop may
20 be grown, raised, or otherwise cultivated until the final
21 regulations and tracking system required by this section
22 are in effect.

23 (b) **PROHIBITION ON OPEN-AIR CULTIVATION.**—No
24 person may grow, raise or otherwise cultivate a pharma-

1 ceutical crop or industrial crop in an open air environ-
2 ment.

3 (c) PROHIBITION ON USE OF COMMON HUMAN
4 FOODS OR ANIMAL FEEDS.—No person may grow, raise,
5 or otherwise cultivate a pharmaceutical crop or industrial
6 crop in a food commonly used for human food or domestic
7 animal feed.

8 (d) BIOTECH TRACKING SYSTEM.—The United
9 States Department of Agriculture shall establish a track-
10 ing system to regulate the growing, handling, transpor-
11 tation, and disposal of all pharmaceutical and industrial
12 crops and their byproducts to prevent contamination.

13 (e) REGULATIONS.—The Secretary of Agriculture
14 shall issue regulations—

15 (1) to enforce the prohibitions imposed by sub-
16 sections (b) and (c);

17 (2) to designate the foods commonly used for
18 human food or domestic animal feed, the use of
19 which as a source of a pharmaceutical crop or indus-
20 trial crop is prohibited by subsection (c); and

21 (3) to establish the tracking system required by
22 subsection (d).

23 **SEC. 105. CIVIL PENALTIES FOR VIOLATION.**

24 (a) AUTHORITY TO ASSESS PENALTIES.—The Sec-
25 retary of Agriculture may assess, by written order, a civil

1 penalty against a person that violates a provision of sec-
2 tion 105, including a regulation promulgated or order
3 issued under such section. Each violation, and each day
4 during which a violation continues, shall be a separate of-
5 fense.

6 (b) AMOUNT AND FACTORS IN ACCESSING PEN-
7 ALTIES.—The maximum amount that may be accessed
8 under this section for a violation may not exceed
9 \$1,000,000. In determining the amount of the civil pen-
10 alty, the Secretary shall take into account—

- 11 (1) the gravity of the violation;
- 12 (2) the degree of culpability;
- 13 (3) the size and type of the business; and
- 14 (4) any history of prior offenses under such sec-
15 tion or other laws administered by the Secretary.

16 (c) NOTICE AND OPPORTUNITY FOR HEARING.—The
17 Secretary shall not assess a civil penalty under this section
18 against a person unless the company is given notice and
19 opportunity for a hearing on the record before the Sec-
20 retary in accordance with sections 554 and 556 of title
21 5, United States Code.

22 (d) JUDICIAL REVIEW.—(1) An order assessing a
23 civil penalty against a person under subsection (a) may
24 be reviewed only in accordance with this subsection. The
25 order shall be final and conclusive unless the person—

1 (A) not later than 30 days after the effective
2 date of the order, files a petition for judicial review
3 in the United States court of appeals for the circuit
4 in which the person resides or has its principal place
5 of business or in the United States Court of Appeals
6 for the District of Columbia; and

7 (B) simultaneously sends a copy of the petition
8 by certified mail to the Secretary.

9 (2) The Secretary shall promptly file in the court a
10 certified copy of the record on which the violation was
11 found and the civil penalty assessed.

12 (e) COLLECTION ACTION FOR FAILURE TO PAY AS-
13 SESSMENT.—If a person fails to pay a civil penalty after
14 the order assessing the civil penalty has become final and
15 unappealable, the Secretary shall refer the matter to the
16 Attorney General, who shall bring a civil action to recover
17 the amount of the civil penalty in United States district
18 court. In the collection action, the validity and appro-
19 priateness of the order of the Secretary imposing the civil
20 penalty shall not be subject to review.

21 **SEC. 106. REPORT TO CONGRESS ON ALTERNATIVE METH-**
22 **ODS TO PRODUCE PHARMACEUTICAL AND IN-**
23 **DUSTRIAL CROPS.**

24 The National Academy of Sciences shall submit to
25 Congress a report that explores alternative methods to

1 produce pharmaceuticals or industrial chemicals that have
2 the advantage of being conducted in controlled production
3 facilities and do not present the risk of contamination.

4 **TITLE II—GENETICALLY**
5 **ENGINEERED FOOD SAFETY**

6 **SEC. 201. SHORT TITLE.**

7 This title may be cited as the “Genetically Engi-
8 neered Food Safety Act”.

9 **SEC. 202. FINDINGS.**

10 The Congress finds as follows:

11 (1) Genetic engineering is an artificial gene
12 transfer process wholly different from traditional
13 breeding.

14 (2) Genetic engineering can be used to produce
15 new versions of virtually all plant and animal foods.
16 Thus, within a short time, the food supply could
17 consist almost entirely of genetically engineered
18 products.

19 (3) This conversion from a food supply based
20 on traditionally bred organisms to one based on or-
21 ganisms produced through genetic engineering could
22 be one of the most important changes in our food
23 supply in this century.

1 (4) Genetically engineered foods present new
2 issues of safety that have not been adequately stud-
3 ied.

4 (5) The Congress has previously required that
5 food additives be analyzed for their safety prior to
6 their placement on the market.

7 (6) Adding new genes into a food should be
8 considered adding a food additive, thus requiring an
9 analysis of safety factors.

10 (7) Federal agencies have failed to uphold con-
11 gressional intent of the Food Additives Amendment
12 of 1958 by allowing genetically engineered foods to
13 be marketed, sold and otherwise used without re-
14 quiring pre-market safety testing addressing their
15 unique characteristics.

16 (8) The food additive process gives the Food
17 and Drug Administration discretion in applying the
18 safety factors that are generally recognized as ap-
19 propriate to evaluate the safety of food and food in-
20 gredients.

21 (9) Given the consensus among the scientific
22 community that genetic engineering can potentially
23 introduce hazards, such as allergens or toxins, ge-
24 netically engineered foods need to be evaluated on a

1 case-by-case basis and cannot be presumed to be
2 generally recognized as safe.

3 **SEC. 203. FEDERAL DETERMINATION OF SAFETY OF GE-**
4 **NETICALLY ENGINEERED FOOD; REGULA-**
5 **TION AS FOOD ADDITIVE.**

6 (a) INCLUSION IN DEFINITION OF FOOD ADDI-
7 TIVE.—Section 201 of the Federal Food, Drug, and Cos-
8 metic Act (21 U.S.C. 321) is amended—

9 (1) in paragraph (s), by adding after and below
10 subparagraph (6) the following sentence:

11 “Such term includes the different genetic constructs, pro-
12 teins of such constructs, vectors, promoters, marker sys-
13 tems, and other appropriate terms that are used or cre-
14 ated as a result of the creation of a genetically engineered
15 food (as defined in paragraph (ss)), other than a genetic
16 construct, protein, vector, promoter, or marker system or
17 other appropriate term for which an application under sec-
18 tion 505 or 512 has been filed. For purposes of this Act,
19 the term ‘genetic food additive’ means a genetic construct,
20 protein, vector, promoter, or marker system or other ap-
21 propriate term that is so included.”; and

22 (2) by adding at the end the following:

23 “(ss)(1) The term ‘genetically engineered food’ means
24 food that contains or was produced with a genetically engi-
25 neered material.

1 “(2) The term ‘genetically engineered material’
2 means material derived from any part of a genetically en-
3 gineered organism, without regard to whether the altered
4 molecular or cellular characteristics of the organism are
5 detectable in the material.

6 “(3) The term ‘genetically engineered organism’
7 means—

8 “(A) an organism that has been altered at the
9 molecular or cellular level by means that are not
10 possible under natural conditions or processes (in-
11 cluding but not limited to recombinant DNA and
12 RNA techniques, cell fusion, microencapsulation,
13 macroencapsulation, gene deletion and doubling, in-
14 troducing a foreign gene, and changing the positions
15 of genes), other than a means consisting exclusively
16 of breeding, conjugation, fermentation, hybridiza-
17 tion, in vitro fertilization, tissue culture, or
18 mutagenesis; and

19 “(B) an organism made through sexual or asex-
20 ual reproduction (or both) involving an organism de-
21 scribed in clause (A), if possessing any of the altered
22 molecular or cellular characteristics of the organism
23 so described.

24 “(4) For purposes of subparagraph (1), a food shall
25 be considered to have been produced with a genetically en-

1 gineered material if the organism from which the food is
2 derived has been injected or otherwise treated with a ge-
3 netically engineered material (except that the use of ma-
4 nure as a fertilizer for raw agricultural commodities may
5 not be construed to mean that such commodities are pro-
6 duced with a genetically engineered material).”.

7 (b) PETITION TO ESTABLISH SAFETY.—

8 (1) DATA IN PETITION.—Section 409(b)(2) of
9 the Federal Food, Drug, and Cosmetic Act (21
10 U.S.C. 348(b)(2)) is amended by adding after and
11 below subparagraph (E) the following sentence:

12 “In the case of a genetic food additive, such reports shall
13 include all data that was collected or developed pursuant
14 to the investigations, including data that does not support
15 the claim of safety for use.”.

16 (2) NOTICES; PUBLIC AVAILABILITY OF INFOR-
17 MATION.—Section 409(b)(5) of the Federal Food,
18 Drug, and Cosmetic Act (21 U.S.C. 348(b)(5)) is
19 amended—

20 (A) by striking “(5)” and inserting
21 “(5)(A)”; and

22 (B) by adding at the end the following sub-
23 paragraphs:

24 “(B) In the case of a genetic food additive:

1 “(i) Promptly after providing the notice under
2 subparagraph (A), the Secretary shall make avail-
3 able to the public all reports and data described in
4 paragraph (2)(E) that are contained in the petition
5 involved, and all other information in the petition to
6 the extent that the information is relevant to a de-
7 termination of the safety for use of the additive.

8 “(ii) Such notice shall state whether any infor-
9 mation in the petition is not being made available to
10 the public because the Secretary has made a deter-
11 mination that the information does not relate to the
12 safety for use of the additive. Any person may peti-
13 tion the Secretary for a reconsideration of such a de-
14 termination.

15 “(C) In the case of genetic food additives:

16 “(i) The Secretary shall maintain and make
17 available to the public through telecommunications a
18 list of petitions that are pending under this sub-
19 section and a list of petitions for which regulations
20 under subsection (c)(1)(A) have been established.
21 Such list shall include information on the additives
22 involved, including the source of the additives, and
23 including any information received by the Secretary
24 pursuant to clause (ii).

1 “(ii) If a regulation is in effect under sub-
2 section (c)(1)(A) for a genetic food additive, any
3 person who manufactures such additive for commer-
4 cial use shall submit to the Secretary a notification
5 of any knowledge of data that relate to the adverse
6 health effects of the additive, when knowledge is ac-
7 quired by the person after the date on which the
8 regulation took effect. If the manufacturer is in pos-
9 session of the data, the notification shall include the
10 data. The Secretary shall by regulation establish the
11 scope of the responsibilities of manufacturers under
12 this clause, including such limits on the responsibil-
13 ities as the Secretary determines to be appropriate.”.

14 (3) EFFECTIVE DATE OF REGULATION REGARD-
15 ING SAFE USE; OPPORTUNITY FOR PUBLIC COM-
16 MENT.—Section 409(c)(2) of the Federal Food,
17 Drug, and Cosmetic Act (21 U.S.C. 348(c)(2)) is
18 amended—

19 (A) by striking “(2)” and inserting
20 “(2)(A)”; and

21 (B) by adding at the end the following sub-
22 paragraph:

23 “(B)(i) In the case of a genetic food additive, an
24 order under paragraph (1)(A) may not be issued regarding
25 the petition involved before the expiration of the applicable

1 period under clause (ii). During such period, and con-
2 tinuing until an order under paragraph (1) is issued, the
3 Secretary shall provide interested persons an opportunity
4 to submit to the Secretary comments on the petition. In
5 publishing such notice, the Secretary shall inform the pub-
6 lic of such opportunity.

7 “(ii) For purposes of clause (i), the applicable period
8 under this clause regarding a petition is the 30-day period
9 beginning on the date on which the Secretary has under
10 subparagraph (B)(i) of subsection (b)(5) made informa-
11 tion available to the public regarding the petition, except
12 that, if under subparagraph (B)(ii) of such subsection the
13 Secretary finds in favor of a person who files for reconsid-
14 eration (relating to a determination by the Secretary that
15 information does not relate to safety), such 30-day period
16 is extended by an additional period of 30-days. For pur-
17 poses of the preceding sentence, a discrete 30-day exten-
18 sion applies to each such reconsideration for which the
19 Secretary finds in favor of the person filing for reconsider-
20 ation.”.

21 (4) CONSIDERATION OF CERTAIN FACTORS.—
22 Section 409(c) of the Federal Food, Drug, and Cos-
23 metic Act (21 U.S.C. 348(c)) is amended by adding
24 at the end the following paragraph:

1 “(6) In the case of a genetic food additive, the factors
2 considered by the Secretary regarding safety for use shall
3 include (but not be limited to) the results of the following
4 analyses:

5 “(A) Allergenicity effects resulting from the
6 added proteins, including proteins not found in the
7 food supply.

8 “(B) Pleiotropic effects. The Secretary shall re-
9 quire tests to determine the potential for such ef-
10 fects (using molecular characterization, biochemical
11 characterization, mRNA profiling, or other tech-
12 niques, or as appropriate, combinations of such tech-
13 niques).

14 “(C) Appearance of new toxins or increased lev-
15 els of existing toxins.

16 “(D) Changes in the functional characteristics
17 of food.

18 “(E) Changes in the levels of important nutri-
19 ents.

20 “(F) Changes in the levels of anti-nutrients.”.

21 (5) CERTAIN TESTS.—Section 409(c) of the
22 Federal Food, Drug, and Cosmetic Act, as amended
23 by paragraph (4), is amended by adding at the end
24 the following paragraph:

25 “(7) In the case of genetic food additives:

1 “(A) If a genetic food additive is a protein from
2 a commonly or severely allergenic food, the Sec-
3 retary may not establish a regulation under para-
4 graph (1)(A) if the petition under subsection (b)(1)
5 fails to include full reports of investigations that
6 used serum or skin tests (or other advanced tech-
7 niques) on a sensitive population to determine
8 whether such additive is commonly or severely aller-
9 genic.

10 “(B)(i) If a genetic food additive is a protein
11 that has not undergone the investigations described
12 in subparagraph (A), the Secretary may not estab-
13 lish a regulation under paragraph (1)(A) if the peti-
14 tion under subsection (b)(1) fails to include full re-
15 ports of investigations that used the best available
16 biochemical and physiological protocols to evaluate
17 whether it is likely that the protein involved is an al-
18 lergen.

19 “(ii) For purposes of clause (i), the Secretary
20 shall by regulation determine the best available bio-
21 chemical and physiological protocols. In carrying out
22 rulemaking under the preceding sentence, the Sec-
23 retary shall consult with the Director of the Na-
24 tional Institutes of Health.”.

1 (6) PROHIBITED ADDITIVES.—Section 409(c) of
2 the Federal Food, Drug, and Cosmetic Act, as
3 amended by paragraph (5), is amended by adding at
4 the end the following paragraph:

5 “(8) In the case of a genetic food additive, the Sec-
6 retary may not establish a regulation under paragraph
7 (1)(A) if—

8 “(A) the additive is a protein and a report of
9 an investigation finds that the additive is likely to be
10 commonly or severely allergenic;

11 “(B) the additive is a protein and a report of
12 an investigation that uses a protocol described in
13 paragraph (7)(B) fails to find with reasonable cer-
14 tainty that the additive is unlikely to be an allergen;
15 or

16 “(C) effective June 1, 2006, a selective marker
17 is used with respect to the additive, the selective
18 marker will remain in the food involved when the
19 food is marketed, and the selective marker inhibits
20 the function of one or more antibiotics.”.

21 (7) ADDITIONAL PROVISIONS.—Section 409(c)
22 of the Federal Food, Drug, and Cosmetic Act, as
23 amended by paragraph (6), is amended by adding at
24 the end the following paragraph:

1 “(9)(A) In determining the safety for use of genetic
2 food additives, the Secretary may (directly or through con-
3 tract) conduct investigations of such additives for pur-
4 poses of supplementing the information provided to the
5 Secretary pursuant to petitions under subsection (b)(1).

6 “(B) To provide the Congress with a periodic inde-
7 pendent, external review of the Secretary’s formulation of
8 the approval process under paragraph (1)(A) that relates
9 to genetic food additives, the Secretary shall enter into
10 an agreement with the Institute of Medicine. Such agree-
11 ment shall provide that, if the Institute of Medicine has
12 any concerns regarding the approval process, the Institute
13 of Medicine will submit to the Congress a report describ-
14 ing such concerns.”.

15 (c) REGULATION ISSUED ON SECRETARY’S INITIA-
16 TIVE.—Section 409(d) of the Federal Food, Drug, and
17 Cosmetic Act (21 U.S.C. 348(d)) is amended—

18 (1) by striking “(d) The Secretary” and insert-
19 ing “(d)(1) Subject to paragraph (2), the Sec-
20 retary”; and

21 (2) by adding at the end the following para-
22 graph:

23 “(2) The provisions of subsections (b) and (c) that
24 expressly reference genetic food additives apply with re-
25 spect to a regulation proposed by the Secretary under

1 paragraph (1) to the same extent and in the same manner
2 as such provisions apply with respect to a petition filed
3 under subsection (b)(1).”.

4 (d) CIVIL PENALTIES.—Section 303 of the Federal
5 Food, Drug, and Cosmetic Act (21 U.S.C. 333) is amend-
6 ed by adding at the end the following subsection:

7 “(h)(1) With respect to a violation of section 301(a),
8 301(b), or 301(c) involving the adulteration of food by rea-
9 son of failure to comply with the provisions of section 409
10 that relate to genetic food additives, any person engaging
11 in such a violation shall be liable to the United States for
12 a civil penalty in an amount not to exceed \$100,000 for
13 each such violation.

14 “(2) Paragraphs (5) through (7) of subsection (f)
15 apply with respect to a civil penalty under paragraph (1)
16 of this subsection to the same extent and in the same man-
17 ner as such paragraphs (5) through (7) apply with respect
18 to a civil penalty under paragraph (1), (2), (3), (4), or
19 (9) of subsection (f).”.

20 (e) CITIZEN SUITS.—Chapter III of the Federal
21 Food, Drug, and Cosmetic Act (21 U.S.C. 331 et seq.)
22 is amended by adding at the end the following section:

1 **“SEC. 311. CITIZEN SUITS REGARDING GENETIC FOOD AD-**
2 **DITIVES.**

3 “(a) IN GENERAL.—Except as provided in subsection
4 (c), any person may on his or her behalf commence a civil
5 action in an appropriate district court of the United States
6 against—

7 “(1) a person who is alleged to have engaged in
8 a violation of section 301(a), 301(b), or 301(c) in-
9 volving the adulteration of food by reason of failing
10 to comply with the provisions of section 409 that re-
11 late to genetic food additives; or

12 “(2) the Secretary where there is alleged a fail-
13 ure of the Secretary to perform any act or duty
14 under section 409 that relates to such additives and
15 is not discretionary.

16 “(b) RELIEF.—In a civil action under subsection (a),
17 the district court involved may, as the case may be—

18 “(1) enforce the compliance of a person with
19 the applicable provisions referred to paragraph (1)
20 of such subsection; or

21 “(2) order the Secretary to perform an act or
22 duty referred to in paragraph (2) of such subsection.

23 “(c) LIMITATIONS.—

24 “(1) NOTICE TO SECRETARY.—A civil action
25 may not be commenced under subsection (a)(1) prior

1 to 60 days after the plaintiff has provided to the
2 Secretary notice of the violation involved.

3 “(2) RELATION TO ACTIONS OF SECRETARY.—

4 A civil action may not be commenced under sub-
5 section (a)(2) if the Secretary has commenced and
6 is diligently prosecuting a civil or criminal action in
7 a district court of the United States to enforce com-
8 pliance with the applicable provisions referred to in
9 subsection (a)(1).

10 “(d) RIGHT OF SECRETARY TO INTERVENE.—In any
11 civil action under subsection (a), the Secretary, if not a
12 party, may intervene as a matter of right.

13 “(e) AWARD OF COSTS; FILING OF BOND.—In a civil
14 action under subsection (a), the district court involved
15 may award costs of litigation (including reasonable attor-
16 ney and expert witness fees) to any party whenever the
17 court determines such an award is appropriate. The court
18 may, if a temporary restraining order or preliminary in-
19 junction is sought, require the filing of a bond or equiva-
20 lent security in accordance with the Federal Rules of Civil
21 Procedure.

22 “(f) SAVINGS PROVISION.—This section does not re-
23 strict any right that a person (or class of persons) may
24 have under any statute or common law to seek enforce-
25 ment of the provisions referred to subsection (a)(1), or to

1 seek any other relief (including relief against the Sec-
2 retary).”.

3 (f) **RULE OF CONSTRUCTION.**—With respect to sec-
4 tion 409 of the Federal Food, Drug, and Cosmetic Act
5 as amended by this section, compliance with the provisions
6 of such section 409 that relate to genetic food additives
7 does not constitute an affirmative defense in any cause
8 of action under Federal or State law for personal injury
9 resulting in whole or in part from a genetic food additive.

10 **SEC. 204. USER FEES REGARDING DETERMINATION OF**
11 **SAFETY OF GENETIC FOOD ADDITIVES.**

12 Chapter IV of the Federal Food, Drug, and Cosmetic
13 Act (21 U.S.C. 341 et seq.) is amended by inserting after
14 section 409 the following section:

15 **“SEC. 409A. USER FEES REGARDING SAFETY OF GENETIC**
16 **FOOD ADDITIVES.**

17 “(a) **IN GENERAL.**—In the case of genetic food addi-
18 tives, the Secretary shall in accordance with this section
19 assess and collect a fee on each petition that is filed under
20 section 409(b)(1). The fee shall be collected from the per-
21 son who submits the petition, is due upon submission of
22 the petition, and shall be assessed in an amount deter-
23 mined under subsection (c). This section applies as of the
24 first fiscal year that begins after the date of promulgation
25 of the final rule required in section 206 of the Genetically

1 Engineered Food Safety Act (referred to in this section
2 as the ‘first applicable fiscal year’).

3 “(b) PURPOSE OF FEES.—

4 “(1) IN GENERAL.—The purposes of fees under
5 subsection (a) are as follows:

6 “(A) To defray increases in the costs of
7 the resources allocated for carrying out section
8 409 for the first applicable fiscal year over the
9 costs of carrying out such section for the pre-
10 ceeding fiscal year, other than increases that are
11 not attributable to the responsibilities of the
12 Secretary with respect to genetic food additives.

13 “(B) To provide for a program of basic
14 and applied research on the safety of genetic
15 food additives (to be carried out by the Com-
16 missioner). The program shall address funda-
17 mental questions and problems that arise re-
18 peatedly during the process of reviewing peti-
19 tions under section 409(b)(1) with respect to
20 genetic food additives, and shall not directly
21 support the development of new genetically en-
22 gineered foods.

23 “(2) ALLOCATIONS BY SECRETARY.—Of the
24 total fee revenues collected under subsection (a) for

1 a fiscal year, the Secretary shall reserve and ex-
2 pend—

3 “(A) 95 percent for the purpose described
4 in paragraph (1)(A); and

5 “(B) 5 percent for the purpose described
6 in paragraph (1)(B).

7 “(3) CERTAIN PROVISIONS REGARDING IN-
8 CREASED ADMINISTRATIVE COSTS.—With respect to
9 fees under subsection (a):

10 “(A) Increases referred to in paragraph
11 (1)(A) include the costs of the Secretary in pro-
12 viding for investigations under section
13 409(c)(9)(A).

14 “(B) Increases referred to in paragraph
15 (1)(A) include increases in costs for an addi-
16 tional number of full-time equivalent positions
17 in the Department of Health and Human Serv-
18 ices to be engaged in carrying out section 409
19 with respect to genetic food additives.

20 “(c) TOTAL FEE REVENUES; INDIVIDUAL FEE
21 AMOUNTS.—The total fee revenues collected under sub-
22 section (a) for a fiscal year shall be the amounts appro-
23 priated under subsection (f)(2) for such fiscal year. Indi-
24 vidual fees shall be assessed by the Secretary on the basis
25 of an estimate by the Secretary of the amount necessary

1 to ensure that the sum of the fees collected for such fiscal
2 year equals the amount so appropriated. In assessing the
3 individual fees, the Secretary shall by regulation provide
4 for the assessment of reduced fee amounts for entities that
5 are small businesses, or nonprofit private entities, as de-
6 fined by the Secretary for purposes of this section.

7 “(d) FEE WAIVER OR REDUCTION.—The Secretary
8 shall grant a waiver from or a reduction of a fee assessed
9 under subsection (a) if the Secretary finds that the fee
10 to be paid will exceed the anticipated present and future
11 costs incurred by the Secretary in carrying out the pur-
12 poses described in subsection (b) (which finding may be
13 made by the Secretary using standard costs).

14 “(e) ASSESSMENT OF FEES.—

15 “(1) LIMITATION.—Fees may not be assessed
16 under subsection (a) for a fiscal year beginning after
17 the first applicable fiscal year unless the amount ap-
18 propriated for salaries and expenses of the Food and
19 Drug Administration for such fiscal year is equal to
20 or greater than the amount appropriated for salaries
21 and expenses of the Food and Drug Administration
22 for the first applicable fiscal year multiplied by the
23 adjustment factor applicable to the fiscal year in-
24 volved, except that in making determinations under

1 this paragraph for the fiscal years involved there
2 shall be excluded—

3 “(A) the amounts appropriated under sub-
4 section (f)(2) for the fiscal years involved; and

5 “(B) the amounts appropriated under sec-
6 tions 736(g), 738(h), 740(g), and 741(g) for
7 such fiscal years.

8 “(2) AUTHORITY.—If under paragraph (1) the
9 Secretary does not have authority to assess fees
10 under subsection (a) during a portion of a fiscal
11 year, but does at a later date in such fiscal year
12 have such authority, the Secretary, notwithstanding
13 the due date under such subsection for fees, may as-
14 sess and collect such fees at any time in such fiscal
15 year, without any modification in the rate of the
16 fees.

17 “(f) CREDITING AND AVAILABILITY OF FEES.—

18 “(1) IN GENERAL.—Fees collected for a fiscal
19 year pursuant to subsection (a) shall be credited to
20 the appropriation account for salaries and expenses
21 of the Food and Drug Administration and shall be
22 available in accordance with appropriation Acts until
23 expended without fiscal year limitation. Such sums
24 as may be necessary may be transferred from the
25 Food and Drug Administration salaries and ex-

1 penses appropriation account without fiscal year lim-
2 itation to such appropriation account for salaries
3 and expenses with such fiscal year limitation. The
4 sums transferred shall be available solely for the
5 purposes described in paragraph (1) of subsection
6 (b), and the sums are subject to allocations under
7 paragraph (2) of such subsection.

8 “(2) AUTHORIZATION OF APPROPRIATIONS.—

9 “(A) FIRST FISCAL YEAR.—For the first
10 applicable fiscal year—

11 “(i) there is authorized to be appro-
12 priated for fees under subsection (a) an
13 amount equal to the amount of increase
14 determined under subsection (b)(1)(A) by
15 the Secretary (which amount shall be pub-
16 lished in the Federal Register); and

17 “(ii) in addition, there is authorized to
18 be appropriated for fees under subsection
19 (a) an amount determined by the Secretary
20 to be necessary to carry out the purpose
21 described in subsection (b)(1)(B) (which
22 amount shall be so published).

23 “(B) SUBSEQUENT FISCAL YEARS.—For
24 each of the four fiscal years following the first
25 applicable fiscal year—

1 “(i) there is authorized to be appro-
2 priated for fees under subsection (a) an
3 amount equal to the amount that applied
4 under subparagraph (A)(i) for the first ap-
5 plicable fiscal year, except that such
6 amount shall be adjusted under paragraph
7 (3)(A) for the fiscal year involved; and

8 “(ii) in addition, there is authorized to
9 be appropriated for fees under subsection
10 (a) an amount equal to the amount that
11 applied under subparagraph (A)(ii) for the
12 first applicable fiscal year, except that such
13 amount shall be adjusted under paragraph
14 (3)(B) for the fiscal year involved.

15 “(3) ADJUSTMENTS.—

16 “(A) AGENCY COST OF RESOURCES.—For
17 each fiscal year other than the first applicable
18 fiscal year, the amount that applied under para-
19 graph (2)(A)(i) for the first applicable fiscal
20 year shall be multiplied by the adjustment fac-
21 tor (as defined in subsection (i)).

22 “(B) RESEARCH PROGRAM.—For each fis-
23 cal year other than the first applicable fiscal
24 year, the amount that applied under paragraph
25 (2)(A)(ii) for the first applicable fiscal year

1 shall be adjusted by the Secretary (and as ad-
2 justed shall be published in the Federal Reg-
3 ister) to reflect the greater of—

4 “(i) the total percentage change that
5 occurred during the preceding fiscal year
6 in the Consumer Price Index for all urban
7 consumers (all items; U.S. city average); or

8 “(ii) the total percentage change for
9 such fiscal year in basic pay under the
10 General Schedule in accordance with sec-
11 tion 5332 of title 5, United States Code,
12 as adjusted by any locality-based com-
13 parability payment pursuant to section
14 5304 of such title for Federal employees
15 stationed in the District of Columbia.

16 “(4) OFFSET.—Any amount of fees collected
17 for a fiscal year under subsection (a) that exceeds
18 the amount of fees specified in appropriation Acts
19 for such fiscal year shall be credited to the appro-
20 priation account of the Food and Drug Administra-
21 tion as provided in paragraph (1), and shall be sub-
22 tracted from the amount of fees that would other-
23 wise be authorized to be collected under this section
24 pursuant to appropriation Acts for a subsequent fis-
25 cal year.

1 “(g) COLLECTION OF UNPAID FEES.—In any case
2 where the Secretary does not receive payment of a fee as-
3 sessed under subsection (a) within 30 days after it is due,
4 such fee shall be treated as a claim of the United States
5 Government subject to subchapter II of chapter 37 of title
6 31, United States Code.

7 “(h) CONSTRUCTION.—This section may not be con-
8 strued as requiring that the number of full-time equivalent
9 positions in the Department of Health and Human Serv-
10 ices, for officers, employers, and advisory committees not
11 engaged in carrying out section 409 with respect to ge-
12 netic food additives be reduced to offset the number of
13 officers, employees, and advisory committees so engaged.

14 “(i) DEFINITION OF ADJUSTMENT FACTOR.—For
15 purposes of this section, the term ‘adjustment factor’ ap-
16 plicable to a fiscal year is the lower of—

17 “(1) the Consumer Price Index for all urban
18 consumers (all items; United States city average) for
19 April of the preceding fiscal year divided by such
20 Index for April of the first applicable fiscal year; or

21 “(2) the total of discretionary budget authority
22 provided for programs in categories other than the
23 defense category for the immediately preceding fiscal
24 year (as reported in the Office of Management and
25 Budget sequestration preview report, if available, re-

1 quired under section 254(c) of the Balanced Budget
2 and Emergency Deficit Control Act of 1985) divided
3 by such budget authority for the first applicable fis-
4 cal year (as reported in the Office of Management
5 and Budget final sequestration report submitted for
6 such year).

7 For purposes of this subsection, the terms ‘budget author-
8 ity’ and ‘category’ have the meaning given such terms in
9 the Balanced Budget and Emergency Deficit Control Act
10 of 1985.’’.

11 **SEC. 205. EMBARGO AUTHORITY.**

12 (a) EMBARGO.—

13 (1) TEMPORARY DETENTION.—Section
14 304(g)(1) of the Federal Food, Drug, and Cosmetic
15 Act (21 U.S.C. 334(g)(1)) is amended—

16 (A) in the first sentence—

17 (i) by striking “If during” and all
18 that follows through “order the device or
19 tobacco product detained” and inserting
20 the following: “If, during an inspection
21 conducted under section 704, an officer or
22 employee of the Department has reason to
23 believe that a food, device, or tobacco prod-
24 uct is in violation of this Act, such officer

1 or employee may order the food, device, or
2 tobacco product detained”; and

3 (ii) by striking “he may authorize”
4 and inserting “the Secretary may author-
5 ize”;

6 (B) in the second and third sentences, by
7 striking “device or tobacco product” each place
8 it appears and inserting “food, device, or to-
9 bacco product”;

10 (C) by striking the fourth and fifth sen-
11 tences; and

12 (D) by adding at the end the following sen-
13 tence: “A detention order under this paragraph
14 shall be considered final agency action.”.

15 (2) CONFORMING AMENDMENTS.—Chapter III
16 of the Federal Food, Drug, and Cosmetic Act (21
17 U.S.C. 331 et seq.) is amended—

18 (A) in section 301(r)—

19 (i) by striking “device or tobacco
20 product” the first place such term appears
21 and inserting “food, device, or tobacco
22 product”; and

23 (ii) by striking “the device or tobacco
24 product” and inserting “such food, device,
25 or tobacco product”; and

1 (B) in section 304(g)(2)—

2 (i) in subparagraph (A), by striking
3 “device or tobacco product” and inserting
4 “food, device, or tobacco product”; and

5 (ii) in subparagraph (B), by striking
6 “device” each place it appears and insert-
7 ing “food or device”.

8 (b) DATE CERTAIN FOR PROPOSED AND FINAL
9 RULES.—Within six months of the date of the enactment
10 of this title, the Secretary of Health and Human Services
11 shall propose a revision to the regulations in effect on such
12 date under section 304(g) of the Federal Food, Drug, and
13 Cosmetic Act to include food. Within three months of the
14 date such proposed revision is published in the Federal
15 Register, the Secretary shall issue a final revision of such
16 regulations.

17 (c) CONFIDENTIALITY.—For any food embargoed,
18 seized, or recalled under the Federal Food, Drug, and Cos-
19 metic Act, the Food and Drug Administration shall dis-
20 close all necessary information without regard to business
21 confidentiality, if such disclosure is necessary to fully em-
22 bargo, seize, or recall any adulterated food.

23 (d) FOOD RETAILER REGISTRATION.—All food re-
24 tailers shall register with the Food and Drug Administra-

1 tion for the purpose of expediting recalls, embargoes, and
2 seizures under the Federal Food, Drug, and Cosmetic Act.

3 **SEC. 206. RULEMAKING; EFFECTIVE DATE; PREVIOUSLY**
4 **UNREGULATED MARKETED ADDITIVES.**

5 (a) RULEMAKING; EFFECTIVE DATE.—Not later
6 than one year after the date of the enactment of this title,
7 the Secretary of Health and Human Services shall by reg-
8 ulation establish criteria for carrying out section 409 of
9 the Federal Food, Drug, and Cosmetic Act in accordance
10 with the amendments made by section 203, and criteria
11 for carrying out section 409A of such Act (as added by
12 section 204). Such amendments take effect upon the expi-
13 ration of the 30-day period beginning on the date on which
14 the Secretary promulgates the final rule under the pre-
15 ceding sentence, subject to subsection (b).

16 (b) PREVIOUSLY UNREGULATED MARKETED ADDI-
17 TIVES.—

18 (1) IN GENERAL.—In the case of a genetic food
19 additive (as defined pursuant to the amendments
20 made by section 203) that in the United States was
21 in commercial use in food as of the day before the
22 date on which the final rule under subsection (a) is
23 promulgated, the amendments made by this title
24 apply to the additive upon the expiration of the two-

1 year period beginning on the date on which the final
2 rule is promulgated, subject to paragraph (2).

3 (2) USER FEES.—With respect to a genetic
4 food additive described in paragraph (1), such para-
5 graph does not waive the applicability of section
6 409A of the Federal Food, Drug, and Cosmetic Act
7 to a petition under section 409(b)(1) of such Act
8 that is filed before the expiration of the two-year pe-
9 riod described in such paragraph.

○
