Supplemental Report
Report Pursuant to Section 1014(c) of Public Law 93-344

This report updates Deferral No. D96-3, which was transmitted to Congress on October 19, 1995.

This revision increases by \$50,545,457 the previous deferral of \$40,486,000 in the United States emergency refugee and migration assistance fund, resulting in a total deferral of \$91,031,457. This increase results from the deferral of funds made available by P.L. 104-107, the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1996, and from a greater-than-anticipated level of unobligated funds being carried over from FY 1995.

JUSTIFICATION: Section 501(a) of the Foreign Relations Authorization Act of 1976 (Public Law 94-141) and Section 414(b) (1) of the Refugee Act of 1980 (Public Law 96-212) amended Section 2(c) of the Migration and Refugee Assistance Act of 1962 (22 U.S.C. 2001) by authorizing a fund to enable the President to provide emergency assistance for unexpected urgent refugee and migration needs.

Executive Order No. 11922 of June 16, 1976, allocated all funds appropriated to the President for the Emergency Fund to the Secretary of State but reserved for the President the determination of assistance to be furnished and the designation of refugees to be assisted by the Fund.

These funds have been deferred pending Presidential decisions required by Executive Order No. 11922. Funds will be released as the President determines assistance to be furnished and designates refugees to be assisted by the Fund. This deferral action is taken under the provisions of the Antideficiency Act (31 U.S.C. 1512).

Estimated Program Effect: None

Outlay Effect: None

1/ This account was the subject of a similar deferral in FY 1995 (D95-7).

2/ This deferral amount has been reduced to \$90,488,000 due to subsequent releases.

JUSTIFICATION: This appropriation provides grants to States and other eligible recipients for the acquisition of land, as well as for the construction, repair, improvement, extension, alteration, and purchase of fixed equipment or facilities to carry out agricultural research, extension, and teaching programs.

This proposal reflects savings from the elimination of research facility construction projects earmarked for specific universities. These projects were not selected based on a nationally competitive, peer-reviewed process, but rather were selected to address local priorities.

ESTIMATED PROGRAM EFFECT: There would be minimal nationwide effect. Agribusiness and State and local governments would have to increase their support for local or State projects that they would like to see completed. The Department's mission would not be affected by this rescission proposal.

OUTLAY EFFECT: (in thousands of dollars):
