Submitted for your consideration is a notification to Congress pursuant to Title I of the District of Columbia Appropriations Act, 2005, Public Law 108-335, regarding the proposed use of public safety funds provided to the District of Columbia.

In fiscal years 2003, 2004, and 2005, a total of \$40,717,600 million in public safety funds have been appropriated to the District of Columbia "to reimburse the District of Columbia for the costs of public safety expenses related to security events in the District of Columbia and for the costs of providing support to respond to immediate and specific terrorist threats or attacks." [Division C, District of Columbia Appropriations Act of Public Law 108-7, the Consolidated Appropriations Resolution, 2003; Division C, District of Columbia Appropriations Act of Public Law 108-199, the Consolidated Appropriations Act, 2004; Title I of District of Columbia Appropriations Act, 2005, Public Law 108-335].
