§ 1953.6

(b) Emergency temporary standards. (1) Immediately upon publication of an emergency temporary standard in the FEDERAL REGISTER, OSHA shall advise the States of the standard and that a Federal program change supplement shall be required. This notification must also provide that the State has 30 days after the date of promulgation of the Federal standard to adopt a State emergency temporary standard if the State plan covers that issue. The State may demonstrate that promulgation of an emergency temporary standard is not necessary because the State standard is already the same as or at least as effective as the Federal standard change. The State standard must remain in effect for the duration of the Federal emergency temporary standard which may not exceed six (6) months.

(2) Within 15 days after receipt of the notice of a Federal emergency temporary standard, the State shall advise OSHA of the action it will take. State standards shall be submitted in accordance with the applicable procedures in §1953.4(b)—Federal Program Changes, except that the required documentation or plan supplement must be submitted within 5 days of State promulgation.

(3) If for any reason, a State on its own initiative adopts a State emergency temporary standard, it shall be submitted as a plan supplement in accordance with §1953.4(c), but within 10 days of promulgation.

§ 1953.6 Review and approval of plan supplements.

(a) OSHA shall review a supplement to determine whether it is at least as effective as the Federal program and meets the criteria in the Act and implementing regulations and the assurances in the State plan. If the review reveals any defect in the supplement, or if more information is needed, OSHA shall offer assistance to the State and shall provide the State an opportunity to clarify or correct the change.

(b) If upon review, OSHA determines that the differences from a corresponding Federal component are purely editorial and do not change the substance of the policy or requirements on employers, it shall deem the change identical. This includes “plain language” rewrites of new Federal standards or previously approved State standards which do not change the meaning or requirements of the standard. OSHA will inform the State of this determination. No further review or FEDERAL REGISTER publication is required.

(c) Federal OSHA may seek public comment during its review of plan supplements. Generally, OSHA will seek public comment if a State program component differs significantly from the comparable Federal program component and OSHA needs additional information on its compliance with the criteria in section 18(c) of the Act, including whether it is at least as effective as the Federal program and in the case of a standard applicable to products used or distributed in interstate commerce, whether it is required by compelling local conditions or unduly burdens interstate commerce under section 18(c)(2) of the Act.

(d) If the plan change meets the approval criteria, OSHA shall approve it and shall thereafter publish a FEDERAL REGISTER notice announcing the approval. OSHA reserves the right to reconsider its decision should subsequent information be brought to its attention.

(e) If a State fails to submit a required supplement or if examination discloses cause for rejecting a submitted supplement, OSHA shall provide the State a reasonable time, generally not to exceed 30 days, to submit a revised supplement or to show cause why a proceeding should not be commenced either for rejection of the supplement or for failure to adopt the change in accordance with the procedures in §1902.17 or Part 1955 of this chapter.

PART 1954—PROCEDURES FOR THE EVALUATION AND MONITORING OF APPROVED STATE PLANS

Subpart A—General

Sec.
1954.1 Purpose and scope.
1954.2 Monitoring system.
1954.3 Exercise of Federal discretionary authority.
§ 1954.1 Purpose and scope.

(a) Section 18(f) of the Williams-Steiger Occupational Safety and Health Act of 1970 (hereinafter referred to as the Act) provides that “the Secretary shall, on the basis of reports submitted by the State agency and his own inspections make a continuing evaluation of the manner in which each State having a plan approved * * * is carrying out such plan.”

(b) This part 1954 applies to the provisions of section 18(f) of the Act relating to the evaluation of approved plans for the development and enforcement of State occupational safety and health standards. The provisions of this part 1954 set forth the policies and procedures by which the Assistant Secretary for Occupational Safety and Health (hereinafter referred to as the Assistant Secretary) under a delegation of authority from the Secretary of Labor (Secretary’s Order 12–71, 36 FR 8754, May 12, 1971) will continually monitor and evaluate the operation and administration of approved State plans.

(c) Following approval of a State plan under section 18(c) of the Act, workplaces in the State are subject to a period of concurrent Federal and State authority. The period of concurrent enforcement authority must last for at least three years. Before ending Federal enforcement authority, the Assistant Secretary is required to make a determination as to whether the State plan, in actual operation, is meeting the criteria in section 18(c) of the Act including the requirements in part 1902 of this chapter and the assurances in the approval plan itself. After an affirmative determination has been made, the provisions of sections 5(u)(2), 8 (except for the purpose of carrying out section 18(f) of the Act), 9, 10, 13, and 17 of the Act shall not apply with respect to any occupational safety or health issues covered under the plan. The Assistant Secretary may, however, retain jurisdiction under the above provisions in any proceeding commenced under section 9 or 10 of the Act before the date of the determination under section 18(e) of the Act.

(d) During this period of concurrent Federal and State authority, the operation and administration of the plan will be continually evaluated under section 18(f) of the Act. This evaluation will continue even after an affirmative determination has been made under section 18(e) of the Act.

§ 1954.2 Monitoring system.

(a) To carry out the responsibilities for continuing evaluation of State plans under section 18(f) of the Act, the Assistant Secretary has established a State Program Performance Monitoring System. Evaluation under this monitoring system encompasses both the period before and after a determination has been made under section 18(e) of the Act. The monitoring system is a three phased system designed to assure not only that developmental steps are completed and that the operational plan is, in fact, at least as effective as the Federal program with respect to standards and enforcement, but also to provide a method for continuing review of the implementation of the plan and any modifications thereto to assure compliance with the provisions of the plan during the time the State participates in the cooperative Federal-State program.

(b) Phase I of the system begins with the initial approval of a State plan and continues until the determination required by section 18(e) of the Act is made. During Phase I, the Assistant Secretary will secure monitoring data to make the following key decisions:

(1) What should be the level of Federal enforcement;
§ 1954.3 Exercise of Federal discretionary authority.

(a)(1) When a State plan is approved under section 18(c) of the Act, Federal authority for enforcement of standards continues in accordance with section 18(e) of the Act. That section prescribes a period of concurrent Federal-State enforcement authority which must last for at least three years, after which time the Assistant Secretary shall make a determination whether, based on actual operations, the State plan meets all the criteria set forth in section 18(c) of the Act and the implementing regulations in 29 CFR part 1902 and subpart A of 29 CFR part 1952. During this period of concurrent authority, the Assistant Secretary may, but shall not be required to, exercise his authority under sections 5(a)(2), 8, 9, 10, 13 and 17 of the Act with respect to standards promulgated under section 6 of the Act where the State has comparable standards. Accordingly, section 18(e) authorizes, but does not require, the Assistant Secretary to exercise his discretionary enforcement authority over all the issues covered by a State plan for the entire 18(e) period.

(2) Existing regulations at 29 CFR part 1902 set forth factors to be considered in determining how Federal enforcement authority should be exercised. These factors include:

(i) Whether the plan is developmental or complete;
(ii) Results of evaluations conducted by the Assistant Secretary;
(iii) The State’s schedule for meeting Federal standards; and
(iv) Any other relevant matters.

(29 CFR 1902.1(c)(2) and 1902.20(b)(1)(iii).

(3) Other relevant matters requiring consideration in the decision as to the level of Federal enforcement include:

(i) Coordinated utilization of Federal and State resources to provide effective worker protection throughout the Nation;
(ii) Necessity for clarifying the rights and responsibilities of employers and employees with respect to Federal and State authority;
(iii) Increasing responsibility for administration and enforcement by States under an approved plan for evaluation of their effectiveness; and
(iv) The need to react promptly to any failure of the States in providing effective enforcement of standards.

(b) Guidelines for determining the appropriate level of Federal enforcement. In light of the requirements of 29 CFR part 1902 as well as the factors mentioned in paragraph (a)(3) of this section, the following guidelines for the extent of the exercise of discretionary Federal authority have been determined to be reasonable and appropriate. When a State plan meets all of these guidelines it will be considered operational, and the State will conduct all enforcement activity including inspections in response to employee complaints, in all issues where the State is
Occupational Safety and Health Admin., Labor § 1954.3

Operational. Federal enforcement activity will be reduced accordingly and the emphasis will be placed on monitoring State activity in accordance with the provisions of this part.

(1) Enabling legislation. A State with an approved plan must have enacted enabling legislation substantially in conformance with the requirements of section 18(c) and 29 CFR part 1902 in order to be considered operational. This legislation must have been reviewed and approved under 29 CFR part 1902. States without such legislation, or where State legislation as enacted requires substantial amendments to meet the requirements of 29 CFR part 1902, will not be considered operational.

(2) Approved State standards. The State must have standards promulgated under State law which are identical to Federal standards; or have been found to be at least as effective as the comparable Federal standards; or have been reviewed by OSHA and found to provide overall protection equal to comparable Federal standards. Review of the effectiveness of State standards and their enforcement will be a continuing function of the evaluation process. Where State standards in an issue have not been promulgated by the State or have been promulgated and found not to provide overall protection equal to comparable Federal standards, the State will not be considered operational as to those issues.

(3) Personnel. The State must have a sufficient number of qualified personnel who are enforcing the standards in accordance with the State’s enabling legislation. Where a State lacks the qualified personnel to enforce in a particular issue; e.g., Occupational Health, the State will not be considered operational as to that issue even though it has enabling legislation and standards.

(4) Review of enforcement actions. Provisions for review of State citations and penalties, including the appointment of the reviewing authority and the promulgation of implementing regulations, must be in effect.

(c)(1) Evaluation reports. One of the factors to consider in determining the level of Federal enforcement is the result of evaluations conducted under the monitoring system described in this part. While completion of an initial comprehensive evaluation of State operations is not generally a prerequisite for a determination that a State is operational under paragraph (b) of this section, such evaluations will be used in determining the Federal enforcement responsibility in certain circumstances.

(2) Where evaluations have been completed prior to the time a determination as to the operational status of a State plan is made, the results of those evaluations will be included in the determination.

(3) Where the results of one or more evaluations conducted during the operation of a State plan and prior to an 18(e) determination reveal that actual operations as to one or more aspects of the plan fall in a substantial manner to be at least as effective as the Federal program, and the State does not adequately resolve the deficiencies in accordance with subpart C of part 1953, the appropriate level of Federal enforcement activity shall be reinstated. An example of such deficiency would be a finding that State standards and their enforcement in an issue are not at least as effective as comparable Federal standards and their enforcement. Federal enforcement activity may also be reinstated where the Assistant Secretary determines that such action is necessary to assure occupational safety and health protection to employees.

(d)(1) Recognition of State procedures. In order to resolve potential conflicting responsibilities of employers and employees, Federal authority will be exercised in a manner designed to recognize the implementation of State procedures in accordance with approved plans in areas such as variances, informing employees of their rights and obligations, and recordkeeping and reporting requirements.

(i) Subject to pertinent findings of effectiveness under this part, Federal enforcement proceedings will not be initiated where an employer is in compliance with a State standard which has been found to be at least as effective as the comparable Federal standard, or with any temporary or permanent variance granted to such employer with regard to the employment or place of employment from such State standard, or
any order or interim order in connection therewith, or any modification or extension thereof: Provided such variance action was taken under the terms and procedures required under §1902.4(b)(2)(iv) of this chapter, and the employer has certified that he has not filed for such variance on the same set of facts with the Assistant Secretary.

(ii) Subject to pertinent findings of effectiveness under this part, and approval under Part 1933 of this chapter, Federal enforcement proceedings will not be initiated where an employer has posted the approved State poster in accordance with the applicable provisions of an approved State plan and §1952.10.

(iii) Subject to pertinent findings of effectiveness under this part, and approval under part 1933 of this chapter, Federal enforcement proceedings will not be initiated where an employer is in compliance with the recordkeeping and reporting requirements of an approved State plan as provided in §1952.4.

(2) [Reserved]

(e) Discrimination complaints. State plan provisions on employee discrimination do not divest the Secretary of Labor of any authority under section 11(c) of the Act. The Federal authority to investigate discrimination complaints exists even after an affirmative 18(e) determination. (See South Carolina decision 37 FR 25932, December 6, 1972). Employee complaints alleging discrimination under section 11(c) of the Act will be subject to Federal jurisdiction.

(f)(1) Procedural agreements. A determination as to the operational status of a State plan shall be accompanied by an agreement with the State setting forth the Federal-State responsibilities as follows:

(i) Scope of the State’s operational status including the issues excluded from the plan, the issues where State enforcement will not be operational at the time of the agreement and the dates for commencement of operations;

(ii) Procedures for referral, investigation and enforcement of employee requests for inspections;

(iii) Procedures for reporting fatalities and catastrophes by the agency which has received the report to the responsible enforcing authority both where the State has and has not adopted the requirement that employers report as provided in 29 CFR 1904.8;

(iv) Specifications as to when and by what means the operational guidelines of this section were met; and

(v) Provision for resumption of Federal enforcement activity for failure to substantially comply with this agreement, or as a result of evaluation or other relevant factors.

(2) Upon approval of these agreements, the Assistant Secretary shall cause to be published in the FEDERAL REGISTER, notice of the operational status of each approved State plan.

(3) Where subsequent changes in the level of Federal enforcement are made, similar FEDERAL REGISTER notices shall be published.

Subpart B—State Monitoring Reports and Visits to State Agencies

§ 1954.10 reports from the States.

(a) In addition to any other reports required by the Assistant Secretary under sections 18(c)(8) and 18(f) of the Act and §1902.3(1) of this chapter, the State shall submit quarterly and annual reports as part of the evaluation and monitoring of State programs.1

(b) Each State with an approved State plan shall submit to the appropriate Regional Office an annual occupational safety and health report in the form and detail provided for in the report and the instructions contained therein.

(c) Each State with an approved State plan shall submit to the appropriate Regional Office a quarterly occupational safety and health compliance and standards activity report in the form and detail provided for in the report and the instructions contained therein.

1 Such quarterly and annual reports forms may be obtained from the Office of the Assistant Regional Director in whose Region the State is located.
§ 1954.11 Visits to State agencies.
As a part of the continuing monitoring and evaluation process, the Assistant Secretary or his representative shall conduct visits to the designated agency or agencies of State with approved plans at least every 6 months. An opportunity may also be provided for discussion and comments on the effectiveness of the State plan from other interested persons. These visits will be scheduled as needed. Periodic audits will be conducted to assess the progress of the overall State program in meeting the goal of becoming at least as effective as the Federal program. These audits will include case file review and follow-up inspections of workplaces.

Subpart C—Complaints About State Program Administration (CASPA)

§ 1954.20 Complaints about State program administration.
(a) Any interested person or representative of such person or groups of persons may submit a complaint concerning the operation or administration of any aspect of a State plan. The complaint may be submitted orally or in writing to the Assistant Regional Director for Occupational Safety and Health (hereinafter referred to as the Assistant Regional Director) or his representative in the Region where the State is located.
(b) Any such complaint should describe the grounds for the complaint and specify the aspect or aspects of the administration or operation of the plan which is believed to be inadequate. A pattern of delays in processing cases, of inadequate workplace inspections, or the granting of variances without regard to the specifications in the State plans, are examples.
(c)(1) If upon receipt of the complaint, the Assistant Regional Director determines that there are reasonable grounds to believe that an investigation should be made, he shall cause such investigation, including any workplace inspection, to be made as soon as practicable.
(2) In determining whether an investigation shall be conducted and in determining the timing of such investigation, the Assistant Regional Director shall consider such factors as:
   (i) The extent to which the complaint affects any substantial number of persons;
   (ii) The number of complaints received on the same or similar issues and whether the complaints relate to safety and health conditions at a particular establishment;
   (iii) Whether the complainant has exhausted applicable State remedies; and
   (iv) The extent to which the subject matter of the complaint is pertinent to the effectuation of Federal policy.

§ 1954.21 Processing and investigating a complaint.
(a) Upon receipt of a complaint about State program administration, the Assistant Regional Director will acknowledge its receipt and may forward a copy of the complaint to the designee under the State plan and to such other person as may be necessary to complete the investigation. The complainant’s name and the names of other complainants mentioned therein will be deleted from the complaint and the names shall not appear in any record published, released or made available.
(b) In conducting the investigation, the Assistant Regional Director may obtain such supporting information as is appropriate to the complaint. Sources for this additional information may include “spot-check” follow-up inspections of workplaces, review of the relevant State files, and discussion with members of the public, employers, employees and the State.
(c) On the basis of the information obtained through the investigation, the Assistant Regional Director shall advise the complainant of the investigation findings and in general terms, any corrective action that may result. A copy of such notification shall be sent to the State and it shall be considered part of the evaluation of the State plan.
(d) If the Assistant Regional Director determines that there are no reasonable grounds for an investigation to be made with respect to a complaint under this Subpart, he shall notify the complaining party in writing of such determination. Upon request of the
complainant, or the State, the Assistant Regional Director, at his discretion, may hold an informal conference. After considering all written and oral views presented, the Assistant Regional Director shall affirm, modify, or reverse his original determination and furnish the complainant with written notification of his decision and the reasons therefore. Where appropriate the State may also receive such notification.

§ 1954.22 Notice provided by State.

(a)(1) In order to assure that employees, employers, and members of the public are informed of the procedures for complaints about State program administration, each State with an approved State plan shall adopt not later than July 1, 1974, a procedure not inconsistent with these regulations or the Act, for notifying employees, employers, and the public of their right to complain to the Occupational Safety and Health Administration about State program administration.

(2) Such notification may be by posting of notices in the workplace as part of the requirement in §1902.4(c)(2)(iv) of this chapter and other appropriate sources of information calculated to reach the public.

(b) [Reserved]

PART 1955—PROCEDURES FOR WITHDRAWAL OF APPROVAL OF STATE PLANS

Subpart A—General

Sec.
1955.1 Purpose and scope.
1955.2 Definitions.
1955.3 General policy.
1955.4 Effect of withdrawal of approval.
1955.5 Petitions for withdrawal of approval.

Subpart B—Notice of Formal Proceeding

1955.10 Publication of notice of formal proceeding.
1955.11 Contents of notice of formal proceeding.
1955.12 Administrative law judge; powers and duties.
1955.13 Disqualification.
1955.14 Ex parte communications.
1955.15 Manner of service and filing.
1955.16 Time.
1955.17 Determination of parties.
1955.18 Provision for written comments.

29 CFR Ch. XVII (7–1–07 Edition)

Subpart C—Consent Findings and Summary Decisions

1955.20 Consent findings and orders.
1955.21 Motion for a summary decision.
1955.22 Summary decision.

Subpart D—Preliminary Conference and Discovery

1955.30 Submission of documentary evidence.
1955.31 Preliminary conference.
1955.32 Discovery.
1955.33 Sanctions for failure to comply with orders.
1955.34 Fees of witnesses.

Subpart E—Hearing and Decision

1955.40 Hearings.
1955.41 Decision of the administrative law judge.
1955.42 Exceptions.
1955.43 Transmission of the record.
1955.44 Final decision.
1955.45 Effect of appeal of administrative law judge’s decision.
1955.46 Finality for purposes of judicial review.
1955.47 Judicial review.

AUTHORITY: Sec. 18, 84 Stat. 1608 (29 U.S.C. 667); Secretary of Labor’s Order No. 3–2000 (65 FR 50017, August 16, 2000).

SOURCE: 40 FR 23467, May 30, 1975, unless otherwise noted.

Subpart A—General

§ 1955.1 Purpose and scope.

(a) This part contains rules of practice and procedure for formal administrative proceedings on the withdrawal of initial or final approval of State plans in accordance with section 18(f) of the Occupational Safety and Health Act of 1970 (29 U.S.C. 667).

(b) These rules shall be construed to secure a prompt and just conclusion of the proceedings subject thereto.

§ 1955.2 Definitions.

(a) As used in this part unless the context clearly requires otherwise:

(1) Act means the Occupational Safety and Health Act of 1970;

(2) Assistant Secretary means Assistant Secretary of Labor for Occupational Safety and Health;

(3) Commencement of a case under section 18(f) of the Act means, for the purpose of determining State jurisdiction
