

§ 62.650

40 CFR Ch. I (7-1-08 Edition)

**EMISSIONS FROM EXISTING COMMERCIAL/
INDUSTRIAL SOLID WASTE INCINERATION UNITS**

adopted by the State on May 25, 1979, and letter dated August 6, 1981.

§ 62.650 Identification of plan.

(2) Control of total reduced sulfur (TRS) emissions from existing kraft pulp mills submitted by the Governor on February 28, 1983, and adopted by the State on January 28, 1983.

(a) The Arizona Department of Environmental Quality submitted on April 25, 2003, a letter certifying that there are no existing commercial/industrial solid waste incineration units within the Department's jurisdiction that are subject to 40 CFR part 60, subpart DDDD.

(3) Revisions to the Plan adopted by the Arkansas Commission on Pollution Control and Ecology on July 24, 1992, effective August 30, 1992, and a negative declaration for phosphate fertilizer plants dated September 2, 1992, submitted by the Governor on September 14, 1992.

(b) The Maricopa County Environmental Services Department submitted on February 4, 2003, a letter certifying that there are no existing commercial/industrial solid waste incineration units within the Department's jurisdiction that are subject to 40 CFR part 60, subpart DDDD.

(4) Revisions to the Plan adopted by the Arkansas Commission on Pollution Control and Ecology on May 30, 1997, effective July 1, 1997, and submitted by the Governor on August 18, 1997.

(c) The Pima County Air Quality District submitted on February 5, 2003, a letter certifying that there are no existing commercial/industrial solid waste incineration units within the District's jurisdiction that are subject to 40 CFR part 60, subpart DDDD.

(c) Designated facilities: The plan applies to existing facilities in the following categories of sources:

- (1) Sulfuric acid plants.
- (2) Kraft pulp mills.

(d) The Pinal County Air Quality Control District submitted on January 24, 2003, a letter certifying that there are no existing commercial/industrial solid waste incineration units within the District's jurisdiction that are subject to 40 CFR part 60, subpart DDDD.

[47 FR 20491, May 12, 1982, as amended at 49 FR 35773, Sept. 12, 1984; 63 FR 11608, Mar. 10, 1998]

[68 FR 49364, Aug. 18, 2003]

§ 62.852 [Reserved]

Subpart E—Arkansas

**FLUORIDE EMISSIONS FROM EXISTING
PHOSPHATE FERTILIZER PLANTS**

SOURCE: 47 FR 20491, May 12, 1982, unless otherwise noted.

§ 62.854 Identification of plan—negative declaration.

**PLAN FOR THE CONTROL OF DESIGNATED
POLLUTANTS FROM EXISTING FACILITIES (SECTION 111(d) PLAN)**

On September 24, 1992, the Arkansas Department of Pollution Control and Ecology submitted a negative declaration, signed by the Chief of the Air Division on September 2, 1992, certifying that there are no existing phosphate fertilizer plants in the State of Arkansas subject to part 60, subpart B, of this chapter.

[63 FR 11608, Mar. 10, 1998]

§ 62.850 Identification of plan.

**SULFURIC ACID MIST EMISSIONS FROM
EXISTING SULFURIC ACID PLANTS**

(a) Identification of plan: Arkansas Plan for the Control of Designated Pollutants from Existing Plants (Section 111(d) Plan).

§ 62.855 Identification of sources.

(b) The plan was officially submitted as follows:

(a) The plan applies to existing facilities at the following existing sulfuric acid plant:

(1) Control of sulfuric acid mist from sulfuric acid plants, and fluoride emissions from phosphate fertilizer plants, submitted on July 11, 1979, having been

- (1) El Dorado Chemical Company in El Dorado, Arkansas.
- (2) [Reserved]
- (b) [Reserved]

[63 FR 11608, Mar. 10, 1998]
