Subpart C—General Administrative Regulations; Mutual Consent Cancellation

AUTHORITY: 40 U.S.C. 121, 41 U.S.C. 421.

SOURCE: 57 FR 56438, Nov. 30, 1992, unless otherwise noted.

§ 400.27 Applicability.

Notwithstanding any provisions of the crop insurance policy to the contrary, the mutual consent provision contained herein shall be applicable to all new crop insurance policies issued by the Federal Crop Insurance Corporation (7 CFR part 401 *et seq.*), or by a company reinsured by the Federal Crop Insurance Corporation, effective for the applicable crop year only if those policies meet the requirements of § 400.28 of this subpart and if the crop insured is the same as the crop for which a disaster payment application

(CCC 441) was filed for the previous crop year.

[58 FR 67304, Dec. 21, 1993]

§ 400.28 Mutual consent criteria.

(a) An insured may request policy cancellation for the crop year for which the insured filed a CCC 441 for the applicable crop year if written documentation is provided, signed by an authorized Agricultural Stabilization and Conservation Service official, certifying the cancellation is based on one of the following conditions:

(1) Insurance was not a condition of eligibility for disaster payment, based on one or more of the statutory criteria; or

(2) the producer withdrew his application for disaster payments with prejudice or it was rejected by Commodity Credit Corporation;

(b) Cancellation requests must be received in writing no later than three weeks after the date:

(1) The disaster payment check is issued; or

(2) The producer is notified that an application for disaster payment has been rejected; or

(3) The producer withdraws from the disaster payment program.

(c) Carryover policies are not available for mutual consent cancellation. Crop insurance applications dated before the disaster cancellation date (available in the insureds' service office) are not eligible for mutual consent cancellations.

Subpart F—Food Security Act of 1985, Implementation; Denial of Benefits

AUTHORITY: Secs. 1506, 1516, Pub. L. 75-430, 52 Stat. 73, 77, as amended (7 U.S.C. 1501 *et seq.*); sec. 1244, Pub. L. 99-198.

SOURCE: 52 FR 19128, May 21, 1987, unless otherwise noted.

§ 400.45 Applicability.

(a) The regulations in this subpart implement Chapter XII and section 1764 of the Food Security Act of 1985 (Pub. L. 99–198) (the Act) requiring the denial of crop insurance to persons who are determined to have performed certain practices prohibited by the Act or who have violated certain federal or State statutes or the regulations implementing the Act. The provisions of this subpart are applicable to all crop insurance policies written by the Federal Crop Insurance Corporation (the Corporation) or reinsured by the Corporation.

(b) The provisions of this subpart will be effective for the crop and crop year immediately following the first crop cancellation date occurring after the effective date of the Act for all crop policies reinsured by FCIC, and for all policies and regulations for crop insurance issued by FCIC.

§ 400.46 Definitions.

For the purpose of this regulation and in addition to the definitions included at 7 CFR 12.2, the following definitions are applicable:

(a) *Controlled substance* means any prohibited drug-producing plants including, but not limited to, cacti of the genus *lophophora*, coca bushes (*erythroxylum coca*), marijuana (*cannabis sativa*), opium poppies (*papaver somniferum*), and other drug-producing plants, the planting and harvesting of which is prohibited by Federal or State law.

(b) *Person* means any producer, tenant, or landlord, insured under a policy of crop insurance issued by FCIC, or by a multi-peril insurance company whose crop insurance policy is reinsured by FCIC.

(c) *State* means each of the fifty States, the District of Columbia, the Commonwealth of Puerto Rico, Guam, the Virgin Islands of the United States, American Samoa, the Commonwealth of the Northern Mariana Islands, or the Trust Territory of the Pacific.

(d) *The Act* means the Food Security Act of 1985 (Pub. L. 99–198).

§ 400.47 Denial of crop insurance.

(a) Any person convicted under Federal or State law of planting, culti-

vating, growing, producing, harvesting or storing a controlled substance in any crop year will be ineligible for crop insurance during that crop year and the four succeeding crop years.

(1) The insurance of such person insured by FCIC who found to be ineligible under paragraph (a) of this section will be null and void, and any indemnity paid on such insurance must be returned in full to FCIC. Any premium paid for insurance coverage declared null and void will be returned, less a reasonable amount for expenses and handling not to exceed 20 percent of the premium paid.

(2) The application and policy of insurance will be voided, or the person will be removed from the policy and the policyholder share reduced in accordance with 7 CFR 400.681(b), when any person becomes ineligible for crop insurance under the provisions of paragraph (a) of this section. To obtain crop insurance coverage following the period of ineligibility, the person must submit a new application for crop insurance.

(b) Any insurance written by a multi-peril crop insurance company to any person who is ineligible under the provisions of this subpart is not eligible for reinsurance under the Corporation's standard reinsurance agreement. Any premium subsidy and expense allowance or loss paid by the Corporation because of such agreement will be immediately refunded to the Corporation. Notwithstanding any other provision of law, policies written by multi-peril crop insurance companies to any person ineligible under the provisions of this subpart are null and void. Premium paid for such policies will be refunded to the person applying for insurance, less a reasonable amount for expenses and handling not to exceed 20 percent of the premium paid, and no indemnity will be paid unless the multi-peril company expressly agrees to continue such policy in effect without FCIC reinsurance. However, if the reinsured company follows the procedure of the Corporation and the requirements of the regulations, reinsurance will continue to be provided under the reinsurance agreement on the policy unless it is shown that the agent or company

Federal Crop Insurance Corporation, USDA

§ 400.52

had knowledge of facts which would indicate ineligibility on the part of the insured and failed to act on that knowledge.

(c) FCIC employees or contractors are required to report all suspected cases of violation of the Act or the regulations to the appropriate agency for a determination of violation. Benefits shall not be paid in such cases pending a determination from the appropriate agency.

(d) Notwithstanding any other provision of this subpart, any crop insurance policy where insurance attached to a crop prior to August 15, 1986, will continue in effect for that crop until the next termination date following August 15, 1986.

[52 FR 19128, May 21, 1987, as amended at 58 FR 17945, Apr. 7, 1993; 61 FR 38058, July 23, 1996; 65 FR 29942, May 10, 2000]

§ 400.48 Protection of interests of tenants, landlords or producers.

Any tenant, landlord or producer on the farm separate from the person declared ineligible for crop insurance under the provisions of § 400.47 of this part, will remain eligible for crop insurance on their insurable share in the crop, unless such tenant, landlord, or producer on the farm is:

(a) Also convicted of planting, cultivating, growing, producing, or storing a controlled substance;

(b) Otherwise determined by FCIC to be ineligible for crop insurance.

Subpart G—Actual Production History

AUTHORITY: 7 U.S.C. 1506, 1516.

SOURCE: 59 FR 47787, Sept. 19, 1994, unless otherwise noted.

§ 400.51 Availability of actual production history program.

An Actual Production History (APH) Coverage Program is offered under the provisions contained in the following regulations:

7 CFR part 457—Common Crop Insurance Regulations; and all special provisions

thereto unless specifically excluded by the special provisions.

The APH program operates within limits prescribed by, and in accordance with, the provisions of the Federal Crop Insurance Act, as amended (7 U.S.C. 1501 *et seq.*), only on those crops identified in this section in those areas where the Actuarial Table provides coverage. Except when in conflict with this subpart, all provisions of the applicable crop insurance contract for these crops apply.

[59 FR 47787, Sept. 19, 1994, as amended at 69 FR 9520, Mar. 1, 2004]

§ 400.52 Definitions.

In addition to the definitions contained in the crop insurance contract, the following definitions apply for the purposes of the APH Coverage Program:

(a) *APH*—Actual Production History.

(b) *Actual yield*—The yield per acre for a crop year calculated from the production records or claims for indemnities. The actual yield is determined by dividing total production (which includes harvested and appraised production) by planted acres for annual crops or by insurable acres for perennial crops.

(c) *Adjusted yield*—The transitional or determined yield reduced by the applicable percentage for lack of records. The adjusted yield will equal 65 percent of the transitional or determined yield, if no producer records are submitted; 80 percent, if records for one year are submitted; and 90 percent, if two years of records are submitted.

(d) *Appraised production*—Production determined by the Agricultural Stabilization and Conservation Service (ASCS), the FCIC, or a company reinsured by the FCIC, that was unharvested but which reflected the crop's yield potential at the time of the appraisal. For the purpose of APH "appraised production" specifically excludes production lost due to uninsurable causes.

(e) *Approved APH yield*—A yield, calculated and approved by the verifier, used to determine the production guarantee and determined by the sum of the yearly actual, assigned, and adjusted or unadjusted transitional or determined yields divided by the number

of yields contained in the database. The database may contain up to 10 consecutive crop years of actual and or assigned yields. At least four yields will always exist in the database.

(f) *Assigned yield*—A yield assigned by FCIC in accordance with the crop insurance contract, if the insured does not file production reports as required by the crop insurance contract. Assigned yields are used in the same manner as actual yields when calculating APH yields except for purposes of the Nonstandard Classification System (NCS).

(g) *Base period*—Ten consecutive crop years (except peaches, which have a five-year base period) immediately preceding the crop year defined in the insurance contract for which the approved APH yield is being established (except for sugarcane, which begins the calendar year preceding the immediate previous crop year defined in the insurance contract).

(h) *Continuous production reports*—Reports submitted by a producer for each crop year that the unit was planted to the crop and for the most recent crop year in the base period.

(i) *Crop year*—Defined in the crop insurance contract, however, for APH purposes the term does not include any year when the crop was not planted or when the crop was prevented from being planted by an insurable cause. For example, if an insured plants acreage in a county to wheat one year, that year is a crop year in accordance with the policy definition. If the land is summerfallowed the next calendar year, that calendar year is not a crop year for the purpose of APH.

(j) *Database*—A minimum of four years up to a maximum of ten crop years of production data used to calculate the approved APH yield.

(k) *Determined yield (D-yield)*—An estimated year for certain crops, which can be determined by multiplying an average yield for the crop (attained by using data available from The National Agricultural Statistics Service (NASS) or comparable sources) by a percentage established by the FCIC for each county.

(l) *Master yields*—Approved APH yields, for certain crops and counties as initially designated by the FCIC,

based on a minimum of four crop years of production records for a crop within a county.

(m) *New producer*—A person who has not been actively engaged in farming for a share of the production of the insured crop for more than two crop years.

(n) *Production report*—A written record showing the insured crop's annual production and used to determine the insured's yield for insurance purposes. The report contains yield history by unit, if applicable, including planted acreage for annual crops, insurable acreage for perennial crops, and harvested and appraised production for the previous crop years. This report must be supported by written verifiable records, measurement of farm stored production, or by other records of production approved by FCIC on an individual basis. Information contained in a claim for indemnity is considered a production report for the crop year for which the claim was filed.

(o) *Production Reporting Date (PRD)*—The PRD is contained in the crop insurance contract and is the last date production reports will be accepted for inclusion in the database for the current crop year.

(p) *Transitional yield (T-Yield)*—An estimated yield, for certain crops, generally determined by multiplying the ASCS program yield by a percentage determined by the FCIC for each county and provided on the actuarial table to be used in the APH yield calculation process when less than four consecutive crop years of actual or assigned yields are available.

(q) *Verifiable records*—Contemporaneous records of acreage and production provided by the insured, which may be verified by FCIC through an independent source, and which are used to substantiate the acreage and production that have been reported on the production report.

(r) *Verifier*—A person authorized by the FCIC to calculate approved APH yields.

(s) *Yield variance tables*—Tables for certain crops that indicate unacceptable yield variations and yield trends which will require determination of the APH yield by the FCIC.

§ 400.53 Yield certification and acceptability.

(a) Production reports must be provided to the crop insurance agent no later than the production reporting date for the crop insured.

(1) Production reports must provide an accurate account of planted acreage for annual crops or insurable acres for perennial crops, as well as harvested and appraised production by unit.

(2) The insured must certify the accuracy of the information.

(3) Production reported for more than one crop year must be continuous. A year in which no acreage was planted to the crop on a unit or no acreage was planted to a practice, type, or variety requiring an APH yield will not be considered a break in continuity. Assigned yields, at the discretion of the FCIC, may be used to maintain continuity of yield data of file. Production on uninsured (for those years a crop insurance policy under the Federal Crop Insurance Act is in effect) or uninsurable acreage (for other years of the period) will not be used to determine APH yield unless production from such acreage is commingled with production from insured or insurable acreage.

(b) Production reports and supporting records are subject to audit or review to verify the accuracy of the information certified. Production and supporting records may be reviewed and verified if a claim for indemnity is submitted on the insured crop. The reported yield is subject to revision, if needed, so that the claim conforms to the records submitted at that time.

(1) Inaccurate production reports or failure to retain acceptable records shall result in the verifier combining optional farm units and recomputing the approved APH yield. These actions shall be taken at any time after reporting or record discrepancies are identified and may result in reduction of the approved APH yield for any calendar year.

(2) Records must be provided by the insured at the time of an audit, review, or as otherwise requested, to verify that the acreage and production certified are accurate. Records of any other person having shares in the insured crop, which are used by the insured to establish the approved APH

yield, must also be provided upon request.

(3) In the event acreage or production data certified by two or more persons sharing in the crop on the same acreage is different, the verifier shall, at the verifier's discretion, determine which acreage and production data, if any, will be used to determine the approved APH yield. If the correct acreage and production cannot be determined, the data submitted will be considered unacceptable by the verifier for APH purposes.

(4) Failure of the producer to report acreage and production completely and accurately may result in voidance of the crop insurance contract, as well as criminal or civil false claims penalties pursuant to applicable Federal criminal or civil statutes.

§ 400.54 Submission and accuracy of production reports.

(a) The insured is solely responsible for the timely submission and certification of accurate, complete production reports to the agent. Production reports must be provided for all planted units.

(b) Records may be requested by the FCIC, or an insurance company reinsured by the FCIC, or by anyone acting on behalf of the FCIC or the insurance company. The insured must provide such records upon request.

(c) The agent will explain the APH Program to insureds and prospective insureds. When necessary, the agent will assist the insured in preparation of production reports. The agent will determine the adjusted or unadjusted transitional or determined yields in accordance with § 400.54(b). The agent will review the production reports and forward them to the verifier, along with any requested and required supporting records for determination of an approved APH yield.

(d) The verifier will determine if the certified production reports are acceptable and calculate the approved APH yield.

§ 400.55 Qualification for actual production history coverage program.

(a) The approved APH yield is calculated from a database containing a

§ 400.55

7 CFR Ch. IV (1-1-09 Edition)

minimum of four yields and will be updated each subsequent crop year. The database may contain a maximum of the 10 most recent crop years and may include actual, assigned, and adjusted or unadjusted T or D-Yields. T or D-Yields, adjusted or unadjusted, will only occur in the database when there are less than four years of actual and/or assigned yields.

(b) The insured may be required to provide production records to determine the approved APH yield, if production records for the most recent crop year are available. If acceptable records of actual production are provided, the records must be continuous and contain at least the most recent crop year's actual yield.

(1) If no acceptable production records are available, the approved APH yield is the adjusted T or D-Yield (65 percent of T or D-Yield).

(2) If acceptable production records containing information for only the most recent crop year are provided, the three T or D-Yields adjusted by 80 percent will be used to complete the minimum database and calculate the approved APH yield.

(3) If acceptable production records containing information for only the two most recent crop years are provided, the two T or D-Yields adjusted by 90 percent and the two actual yields will be used to complete the database and calculate the approved APH yield.

(4) If acceptable production records containing information for only the three most recent crop years are provided, the three actual yields and one unadjusted T or D-Yield are used to complete the database and calculate the approved APH yield.

(5) When the database contains four or more (up to ten) continuous actual yields, the approved APH yield is a simple average of the actual yields.

(6) New producers may have their approved APH yields based on unadjusted T or D-Yields or a combination of actual and unadjusted T or D-Yields.

(7) Producers who add land or new practice, types and varieties to their farming operations and who do not have available records for the added land, practice, types or varieties may have approved APH yields for the added land, practice, types or varieties

that are based on adjusted or unadjusted T or D-Yields as determined by FCIC.

(8) If the producer's crop is destroyed or if it produces a low actual yield due to insured causes of loss, the resulting average yield may qualify for catastrophic yield adjustment according to FCIC guidelines. APH yields qualifying for catastrophic yield adjustment may be adjusted to mitigate the effect of catastrophic years. Premium rates for approved APH yields, which are adjusted for catastrophic years, may be based on the producer's APH average yield prior to the catastrophic adjustment or such other basis as determined appropriate by FCIC.

(c) If *no insurable acreage of the insured crop is planted* for a year, a production report indicating zero planted acreage will maintain the continuity of production reports for APH record purposes and that calendar year will not be included in the APH yield calculations.

(d) Actual yields calculated from the claim for indemnity will be entered in the database. The resulting average yield will be used to determine the premium rate and approved APH yield, at the discretion of FCIC.

(e) Optional units are not available to an insured who does not provide acceptable production reports for at least the most recent crop year with which to calculate an approved APH yield.

(f) FCIC may determine approved APH yields for designated crops in the following situations:

(1) If less than four years of yield history is certified and T or D-Yields are not provided in the actuarial documents,

(2) If actual yield exceed tolerances specified in yield variance tables, and

(3) For perennial crops:

(i) If significant upward or downward yield trends are indicated;

(ii) If tree or vine damage, or cultural practices will reduce the production level;

(iii) if more than two percent of the trees or vines have been removed within the last two years; or

(iv) If yield trends are evident and yields greater than the average yield are requested by the insured.

(g) APH yields will not be approved the first insurance year on perennial crops until an inspection acceptable to FCIC has been performed and the acreage is accepted for insurance purposes in accordance with the crop insurance contract.

(h) APH Master Yields may be established whenever crop rotation requirements and land leasing practices limit the yield history available. FCIC will establish crops and locations for which Master Yields are available. To qualify, the producer must have at least four recent continuous crop years' annual production reports and must certify the authenticity of the production reports of the insured crop. Master Yields are based on acreage and production history from all acreage of the insured crop in the county in which the operator has shared in the crop's production.

(i) FCIC may use any production report available under the provisions of any crop insurance contract, whether continuous or not, involving the interests of the person's insured crops in determining the approved APH yield.

§ 400.56 Administrative appeal exhaustion.

The insured may appeal the approved APH yield in accordance with the procedures contained in 7 CFR part 400, subpart J. Administrative remedies through the appeal process must be exhausted prior to any action for judicial review. The approved APH yield determined as a result of the appeal process will be the yield applicable to the crop year.

(a) This subpart applies to:

(1) Adverse decisions made by personnel of the Agency with respect to:

(2) Determinations of good farming practices made by personnel of the Agency or the reinsured company (see § 400.98).

(1) Made by the Agency with respect to any matter arising under the terms of the Standard Reinsurance Agreement with the reinsured company; or

(2) Made by any private insurance company with respect to any contract of insurance issued to any producer by the private insurance company and reinsured by FCIC under the provisions of the Act, except for determinations of good farming practices specified in § 400.91(a)(2).

(c) With respect to matters identified in § 400.91(a)(1), participants may request an administrative review, mediation, or appeal of adverse decisions by the Agency made with respect to:

(1) Denial of participation in the crop insurance program;

(2) Compliance with terms and conditions of insurance;

(3) Issuance of payments or other program benefits to a participant in the crop insurance program; and

§ 400.92 Appeals.

(a) Except for determinations of good farming practices, nothing in this subpart prohibits a participant from filing an appeal of an adverse decision directly with NAD in accordance with part 11 of this title without first requesting administrative review or mediation under this subpart.

(b) If the participant has timely requested administrative review or mediation, the participant may not participate in a NAD hearing until such administrative review or mediation is concluded. The time for appeal to NAD is suspended from the date of receipt of a request for administrative review or mediation until the conclusion of the administrative review or mediation. The participant will have only the remaining time to appeal to NAD after the conclusion of the administrative review or mediation.

[67 FR 13251, Mar. 22, 2002, as amended at 68 FR 37720, June 25, 2003]

§ 400.93 Administrative review.

(a) With respect to adverse decisions, an appellant may seek one administrative review or seek mediation under § 400.94, but not both.

(b) If the appellant seeks an administrative review, the appellant must file a written request for administrative review with the reviewing authority in accordance with § 400.95. The written request must state the basis upon which the appellant relies to show that:

(2) All material facts were not properly considered in such decision.

(c) The reviewing authority will issue a written decision that will not be subject to further administrative review by the Agency.

[67 FR 13251, Mar. 22, 2002, as amended at 68 FR 37720, June 25, 2003]

§ 400.94 Mediation.

For adverse decisions only:

(a) Appellants have the right to seek mediation or other forms of alternative dispute resolution instead of an administrative review under § 400.93.

(b) All requests for mediation under this subpart must be made after issuance of the adverse decision by the Agency and before the appellant has a NAD hearing on the adverse decision.

(c) An appellant who chooses mediation must request mediation not later than 30 calendar days from receipt of the written notice of the adverse decision. A request for mediation will be considered to have been “filed” when personally delivered in writing to the appropriate decision maker or when the properly addressed request, postage paid, is postmarked.

(d) An appellant will have any balance of the days remaining in the 30-day period to appeal to NAD if mediation is concluded without resolution. If a new adverse decision that raises new matters or relies on different grounds is issued as a result of mediation, the participant will have a new 30-day period for appeals to NAD.

(e) An appellant is responsible for contacting the Certified State Mediation Program in States where such mediation program exists. The State mediation program will make all arrangements for the mediation process. A list of Certified State Mediation Programs is available at <http://www.act.fcic.usda.gov>.

(f) An appellant is responsible for making all necessary contacts to arrange for mediation in non-certified States or in certified States that are not currently offering mediation on the subject in dispute. An appellant needing mediation in States without a certified mediation program may request mediation by contacting the RSO, which will provide the participant with a list of acceptable mediators.

(g) An appellant may only mediate an adverse decision once.

(h) If the dispute is not completely resolved in mediation, the adverse decision that was the subject of the mediation remains in effect and becomes the adverse decision that is appealable to NAD.

(i) If the adverse decision is modified as a result of the mediation process, the modified decision becomes the new adverse decision for appeal to NAD.

§ 400.95

§ 400.95 Time limitations for filing and responding to requests for administrative review.

(a) A request for administrative review must be filed within 30 days of receipt of written notice of the adverse decision. A request for an administrative review will be considered to have been “filed” when personally delivered in writing to the appropriate decision maker or when the properly addressed request, postage paid, is postmarked.

(b) Notwithstanding paragraph (a) of this section, an untimely request for administrative review may be accepted and acted upon if the participant can demonstrate a physical inability to timely file the request for administrative review.

[67 FR 13251, Mar. 22, 2002, as amended at 68 FR 37720, June 25, 2003]

§ 400.96 Judicial review.

Except as provided in § 400.98, with respect to adverse determinations:

(a) A participant must exhaust administrative remedies before seeking judicial review of an adverse decision. This requires the participant to appeal an Agency adverse decision to NAD in accordance with 7 CFR part 11 prior to seeking judicial review of the adverse decision.

(b) If the adverse decision involves a matter determined by the Agency to be not appealable, the appellant must request a determination of non-appealability from the Director of NAD, and appeal the adverse decision to NAD if the Director determines that it is appealable, prior to seeking judicial review.

(c) A participant with a contract of insurance reinsured by the Agency may bring suit against the Agency if the suit involves an adverse action in a United States district court after exhaustion of administrative remedies as provided in this section. Nothing in this section can be construed to create privity of contract between the Agency and a participant.

[67 FR 13251, Mar. 22, 2002, as amended at 68 FR 37720, June 25, 2003]

§ 400.97 Reservations of authority.

7 CFR Ch. IV (1–1–09 Edition)

on program contracts and other program documents, and the results of computations or calculations made pursuant to the contract.

(b) Nothing contained in this subpart precludes the Secretary, the Manager of FCIC, or the Administrator of RMA, or a designee, from determining at any time any question arising under the programs within their respective authority or from reversing or modifying any adverse decision.

§ 400.98 Reconsideration process.

(a) This reconsideration process only applies to determinations of good farming practices under § 400.91(a)(2).

(b) There is no appeal to NAD of determinations or reconsideration decisions regarding good farming practices.

(c) Only reconsideration is available for determinations of good farming practices. Mediation is not available for determinations of good farming practices.

(d) If the insured seeks reconsideration, the insured must file a written request for reconsideration to the following: USDA/RMA/Deputy Administrator for Insurance Services/Stop 0805, 1400 Independence Avenue SW., Washington, DC 20250-0801.

(1) A request for reconsideration must be filed within 30 days of receipt of written notice of the determination regarding good farming practices. A request for reconsideration will be considered to have been “filed” when personally delivered in writing to FCIC or when the properly addressed request, postage paid, is postmarked.

(2) Notwithstanding paragraph (d)(1) of this section, an untimely request for reconsideration may be accepted and acted upon if the insured can demonstrate a physical inability to timely file the request for reconsideration.

(3) The written request must state the basis upon which the insured relies to show that:

(i) The decision was not proper and not made in accordance with applicable program regulations and procedures; or

(ii) All material facts were not properly considered in such decision.

(e) With respect to determinations of good farming practices, the insured is

not required to exhaust the administrative remedies in 7 CFR part 11 before bringing suit against FCIC in a United States district court. However, regardless of whether the Agency or the reinsured company makes the determination, the insured must seek reconsideration under § 400.98 before bringing suit against FCIC in a United States District Court. The insured cannot file suit against the reinsured company for determinations of good farming practices.

(f) Any reconsideration decision by the Agency regarding good farming practices shall not be reversed or modified as a result of judicial review unless the reconsideration decision is found to be arbitrary or capricious.

Prior to disclosing information about a debt to a credit reporting agency in accordance with this subpart, the FCIC claims official, designated as the Comptroller, FCIC, or the designee of the Comptroller who has jurisdiction over the claim, shall review the claim and determine that the claim is valid and overdue.

§ 400.118

7 CFR Ch. IV (1-1-09 Edition)

§ 400.118 Demand for payment.

The Comptroller who is responsible for carrying out the provisions of this subpart with respect to the debt shall send to the debtor appropriate written demands for payment in terms which inform the debtor of the consequences of failure to make payment, in accordance with guidelines established by the Manager, FCIC, the Federal Claims Collection Standards at 4 CFR 102.2, or the contract between the General Services Administration (GSA) and the collection agency.

§ 400.119 Notice to debtor; credit reporting agency.

In addition, delinquent debtors are to be informed:

- (5) Of the rights of such debtor to a full explanation of the claim and to dispute any information in the system of records of FCIC concerning the claim;
- (6) Of the debtor's right to administrative appeal or review with respect to the claim and how such review shall be obtained; and

A substantial change in condition may include, but is not limited to, notice of death, cessation of business, or relocation of the debtor. A substantial change in the amount may include, but is not limited to, payments received, additional amounts due, or offsets made with respect to the debt.

(b) FCIC shall promptly verify or correct, as appropriate, information about the claim or request of such credit reporting agency for verification of any or all information so disclosed. The records of the debtor shall reflect any correction resulting from such request.

(c) FCIC shall obtain satisfactory assurances from each reporting agency to which information will be provided that the agency is in compliance with the provisions of all laws and regulations of the United States relating to providing credit information.

§ 400.121 Information disclosure limitations.

FCIC shall limit delinquent debt information disclosed to credit reporting agencies to:

- (c) The FCIC program under which the claim arose.

§ 400.122 Attempts to locate debtor.

Before disclosing delinquent debt information to a credit reporting agency, FCIC shall take reasonable action to locate a debtor for whom FCIC does not have a current address in order to send the notification in accordance with § 400.119 of this subpart.

§ 400.123 Request for review of the indebtedness.

(a) Before disclosing delinquent debt information to a credit reporting agency, FCIC shall, upon request of the debtor, provide for a review of the

claim, including an opportunity for re-consideration of the initial decision concerning the existence or amount of the claim, in accordance with applicable administrative appeal procedures.

(b) Upon receipt of a timely request for review, FCIC shall suspend its schedule for disclosure of delinquent debt information to a credit reporting agency until such time as a final decision is made on the request.

(c) Upon completion of the review, the reviewing office shall transmit to the debtor a written notification of the decision. If appropriate, notification shall inform the debtor of the scheduled date on or after which information concerning the debt will be provided to the credit reporting agency. The notification shall, if appropriate, also indicate any changes in the information to be disclosed to the extent such information differs from that provided in the initial notification.

(c) This section shall not apply to disclosure of delinquent debts when:

(1) The debtor has agreed to a repayment agreement for such debt and such agreement is still valid; or

(2) The debtor has filed for review of the debt and the reviewing official or designee has not issued a decision on the review.

§ 400.125 Notice to debtor, collection agency.

FCIC shall provide 30 days written notice to the debtor, mailed to the debtor's last known address, of FCIC's intent to forward the debt to a collection agency for further collection action.

§ 400.126 Referral of delinquent debts to contract collection agencies.

(a) FCIC shall use the services of a contract collection agency which has entered into a contract with the General Services Administration to recover debts owed to FCIC.

(b) If FCIC's collection efforts have been unsuccessful on a delinquent debt, and the delinquent debt remains unpaid, FCIC may refer the debt to a contract collection agency for collection.

(c) FCIC shall retain the authority to resolve disputes, compromise claims, suspend or terminate collection action, and refer the matter for litigation.

§ 400.129 Salary offset.

(a) Debt collection by salary offset is feasible if: the cost to the Government of collection by salary offset does not exceed the amount of the debt; there are no legal restrictions to the debt, such as the debtor being under the jurisdiction of a bankruptcy court or the expiration of a statute of limitations; or, other such legal restrictions. The Debt Collection Act permits collections of debts by offset for claims that have not been outstanding for more than 10 years.

(b) The salary offset provisions contained herein provide procedures which must be followed before FCIC may request another Federal agency to offset any amount from the debtor's salary. Decisions made under the provisions of this section are not appealable under the provisions of the Appeal Regulations in part 400, subpart J of this title.

(c) These regulations will not apply to any case where collection of a debt by salary offset is explicitly provided for by another statute as noted by the Comptroller General in 64 Comp. Gen. 142 (1984), including 5 U.S.C. 5512(a), 5 U.S.C. 5513, 5 U.S.C. 5522(a) (1), 5 U.S.C. 5705 (1) and (2), and 5 U.S.C. 5724(f).

(d) Salary offset may be used by FCIC to collect debts which arise from delinquent FCIC premium payments or delinquent repayment plans and other debts arising from, but not limited to, such sources as program theft, embezzlement, fraud, salary overpayments, underwithholding of any amounts due and payable for life and health insurance, advance travel payments, overpaid indemnities, and any amount owed by present or former employees from loss of federal funds through negligence and other matters. The debt does not have to be reduced to judgment and does not have to be covered by a security instrument.

(e) FCIC may use salary offset against one of its employees who is indebted to another agency if requested to do so by that agency. Salary offset will not be initiated until after other servicing options available to the requesting agency have been utilized, and due process has been afforded to the FCIC employee. When salary offset is utilized, payment for the debt will be deducted from the employee's salary and sent directly to the creditor agency. Not more than fifteen percent (15%) of the employee's disposable salary can be offset in any one pay period, unless the employee agrees in writing to the deduction of a larger amount.

(f) When FCIC is owed a debt by an employee of another agency, the other agency shall not initiate the requested offset until FCIC provides the agency with a written certification that the debtor owes FCIC a debt (including the amount and basis of the debt and the due date of the payment), and that

FCIC has complied with Department regulations. If a repayment schedule is elected by the employee, interest will be charged in accordance with Departmental Regulation 2520-1, Interest Rate on Delinquent Debts; USDA Debt Collection Regulations in 7 CFR part 3; and 4 CFR 102.13.

(g) For the purposes of this section, the Manager, FCIC, or the Manager's designee, is delegated authority to:

(1) Certify to the debtor's employing agency that the debt exists and the amount of the debt or delinquent balance;

(2) Certify that, with respect to debt collection, the procedures and regulations of FCIC and the Department have been complied with; and

(3) Request that salary offset be initiated by the debtor's employing agency.

[53 FR 3, Jan. 4, 1988, and 53 FR 10527, Apr. 1, 1988]

§ 400.130 Notice requirements before offset.

Salary offset will not be made unless the employee receives 30 calendar days written notice. The notice of intent to offset salary (notice of intent) will state:

(a) That FCIC has reviewed the records relating to the debt and has determined that the debt is owed, and has verified the amount of the debt, and the facts giving rise to the debt;

(b) That FCIC intends to deduct an amount not to exceed 15% of the employees current disposable salary until the debt and all accumulated interest are paid in full;

(c) The amount, frequency, approximate beginning date, and duration of the intended deductions;

(d) An explanation of the requirements concerning interest, penalties, and administrative costs, including a statement that these assessments will be made unless waived in accordance with 31 U.S.C. 3717 and 7 CFR 3.34;

(e) That FCIC's records concerning the debt are available to the employee for inspection and that the employee may request a copy of such records;

(f) That the employee has a right to voluntarily enter into a written agreement with FCIC for a repayment schedule with FCIC, which may be different from that proposed by FCIC, if the

terms of the repayment agreement are agreed to by FCIC;

(g) That the employee has the right to a hearing conducted by an Administrative Law Judge of USDA, or a hearing official not under the control of USDA, concerning the determination of the debt, the amount of the debt, or the percentage of disposable salary to be deducted each pay period, if the petition for a hearing is filed by the employee as prescribed by FCIC;

(h) The method and time period allowable for a petition for a hearing;

(i) That the timely filing of a hearing petition will stay the offset collection proceedings;

(j) That a final decision on the hearing will be issued at the earliest practical date, but not later than 60 calendar days after the filing of the petition, unless the employee requests, and the hearing officer grants, a delay in the proceedings;

(k) That any knowingly false or frivolous statement, representation, or evidence may subject the employee to:

(1) Disciplinary procedures appropriate under 5 U.S.C. Chapter 75, 5 CFR part 752, or any other applicable Statutes or regulations;

(2) Penalties under the False Claims Act, 31 U.S.C. 3729-3731, or any other applicable statutory authority; or

(c) If the employee files a petition for hearing later than the 30 days provided in paragraph (a) of this section, the FCIC Official may accept the petition if the employee is able to show that the delay caused by conditions beyond his or her control, or because the employee failed to receive the notice of the filing deadline (unless the employee has actual notice of the deadline).

(a) Any person who is indebted to the Federal Crop Insurance Corporation (FCIC) is entitled to the extent of FCIC's administrative due process including review and appeal of the debt under the Appeal Regulations in 7 CFR part 400, subpart J.

(b) If, after such administrative due process is exhausted, the debt is still outstanding with no other means of collection, the debtor will be notified by letter of FCIC's intention to refer such debt to the IRS for collection by tax refund offset. The notification let-

The debtor will be given 60 days in which to write to the Manager, FCIC, providing written evidence that the debt is not legally enforceable. FCIC will refer the debt to IRS for collection by offset after the 60-day period if no response is received from the debtor. Decisions made under the provisions of this section are not appealable under the provisions of the Appeal Regulations in 7 CFR part 400, subpart J.

(c) If the debtor has requested a review, and has provided written evidence that the debt is not legally enforceable, the Manager, with the assistance of the Office of General Counsel, USDA, will review the debtor's reasons for believing that the debt is not legally enforceable. The debtor will then be notified of the results of the review.

(d) FCIC will notify IRS of those accounts against which offset action is to be taken.

(e) If, during the period of review, the debtor pays the debt in full, the collection of the debt by tax refund offset procedure will be halted. Changes in debtor status that eliminate the debtor from IRS offset will be reported to IRS by FCIC and the debtor's refund will not be offset.

(f) Amounts offset for delinquent debt which are later found to be not owed to FCIC, will be promptly refunded.

(g) Debtors will not be subject to IRS offset for any of the following reasons:

(1) Debtors who are discharged in bankruptcy or who are under the jurisdiction of a bankruptcy court;

(2) Debtors who are employed by the Federal Government;

(3) Debtors whose cases are in suspense because of actions pending by or taken by FCIC;

Subpart N [Reserved]

Subpart O—Non-Standard Underwriting Classification System Regulations for the 1991 and Succeeding Crop Years

AUTHORITY: 7 U.S.C. 1506(1), 1506(p).

SOURCE: 55 FR 32595, Aug. 10, 1990, unless otherwise noted.

§ 400.301 Basis, purpose, and applicability.

The regulations contained in this subpart are issued pursuant to the Federal Crop Insurance Act, as amended (7 U.S.C. 1501 *et seq.*), to prescribe the procedures for nonstandard determinations and the assignment of assigned yields or premium rates in conformance with the intent of section 508 of the Act (7 U.S.C. 1508). These regulations are applicable to all policies of insurance insured or reinsured by the Corporation under the Act and on those policies where the insurance coverage or indemnities are based on determinations applicable to the individual insured. These regulations will not be applicable to any policy where the amount of coverage or indemnities are based on the experience of the area.

[62 FR 22876, Apr. 28, 1997]

§ 400.302 Definitions.

Act—means Federal Crop Insurance Act as amended (7 U.S.C. 1501 *et seq.*).

Actively engaged in farming means a person who, in return for a share of profits and losses, makes a contribution to the production of an insurable crop in the form of capital, equipment, land, personal labor, or personal management.

Actual Yield—means total harvested production of a crop divided by the number of acres on which the crop was planted. For insured acres, actual yield is the total production to count as defined in the insurance policy, divided by insured acres.

Assigned yield—means units of crop production per acre administratively assigned by the Corporation for the purpose of determining insurance coverage.

Corporation—means the Federal Crop Insurance Corporation.

Cumulative earned premium rate—is the total premium earned for all years in the base period, divided by the total liability for all years in the base period with the result expressed as a percentage.

Cumulative loss ratio—means the ratio of total indemnities to total earned premiums during the base period expressed as a decimal.

Earned premium means premium earned (both the amount subsidized and the amount paid by the producer, but excluding any amount of the subsidy attributed to the operating and administrative expenses of the insurance provider) for a crop under a policy insured or reinsured by the Corporation.

Earned premium rate—means premium earned divided by liability and expressed as a percentage.

Entity—means a person as defined in this subpart other than an individual.

Indemnified loss means a loss applicable for the policy for any year during the NCS base period for which the total indemnity exceeds the total earned premium. If the person has insurance for the crop in more than one county for any crop year, indemnities and premiums will be accumulated for all counties for each crop year to determine an indemnified loss.

Insurance experience means earned premiums, indemnities paid (but not including replant payments), and other

§ 400.303

7 CFR Ch. IV (1-1-09 Edition)

data for the crop (after applicable adjustments), resulting from all of the insured's crop insurance policies insured or reinsured by the Corporation for one or more crop years and will include all information from all counties in which the person was insured.

Loss ratio—means the ratio of indemnity to earned premium expressed as a decimal.

NCS means nonstandard classification system.

NCS base period means the 10 consecutive crop years (as defined in the crop policy) ending 2 crop years prior to the crop year in which the NCS classification becomes effective for all crops, except those specified on the Special Provisions. For these excepted crops, the NCS base period means the 10 consecutive crop years ending 3 crop years prior to the crop year in which the NCS classification becomes effective. For example: An NCS classification effective for the 1996 crop year against a producer of citrus production in Arizona, California, and Texas, or sugarcane would have a NCS base period that includes the 1984 through 1993 crop years. An NCS classification effective for the 1996 crop year against a producer of all other crops would have a NCS base period that includes the 1985 through 1994 crop years.

Person—means an individual, partnership, association, corporation, estate, trust, or other legal entity, and whenever applicable, a State or a political subdivision, or agency of a state.

Substantial beneficial interest—means an interest of 10 percent or more. In determining whether such an interest equals at least 10 percent, all interests which are owned directly or indirectly through such means as ownership of shares in a corporation which owns the interest will be taken into consideration.

[55 FR 32595, Aug. 10, 1990, as amended at 62 FR 22876, Apr. 28, 1997]

§ 400.303 Initial selection criteria.

(a) Nonstandard classification procedures in this subpart initially apply when all of the following insurance experience criteria (including any applicable adjustment in § 400.303(d)) for the crop have been met:

(1) Three (3) or more indemnified losses during the NCS base period;

(2) Cumulative indemnities in the NCS base period that exceed cumulative premiums during the same period by at least \$500;

(3) The result of dividing the number of indemnified losses during the NCS base period by the number of years premium is earned for that period equals .30 or greater; and

(4) Either of the following apply:

(i) The natural logarithm of the cumulative earned premium rate multiplied by the square root of the cumulative loss ratio equals 2.00 or greater; or

(ii) Five (5) or more indemnified losses have occurred during the NCS base period and the cumulative loss ratio equals or exceeds 1.50.

(b) The minimum standards provided in paragraphs (a) (2), (3), and (4) of this section may be increased in a specific county if that county's overall insurance experience for the crop is substantially different from the insurance experience for which the criteria was determined. The increased standard will apply until the conditions requiring the increase no longer apply. Any change in the standards will be contained in the Special Provisions for the crop.

(c) Selection criteria may be applied on the basis of insurance experience of a person, insured acreage, or the combination of both.

(1) Insurance experience of a person will include:

(i) Insurance experience of the person;

(ii) Insurance experience of other insured entities in which the person had substantial beneficial interest if the person was actively engaged in farming of the insured crop by virtue of the person's interest in those insured entities;

(iii) Insurance experience of a spouse and minor children if the person is an individual and the spouse and minor children are considered the same as the individual under § 400.306.

(2) Insurance experience of insured acreage includes all insurance experience during the base period resulting from the production of the insured crop on the acreage.

(3) Where insurance experience is based on a combination of person and insured acreage, the insurance experience will include the experience of the person as defined in paragraph (b) of this section (1) only on the specific insured acreage during the base period.

(d) Insurance experience for the crop will be adjusted, by county and crop year, to discount the effect of indemnities caused by widespread adverse growing conditions. Adjustments are determined as follows:

(1) Determine the average yield for the county using the annual county crop yields for the previous 20 crop years, unless such data is not available;

(2) Determine the normal variability in the average yield for the county, expressed as the standard deviation;

(3) Subtract the result of § 400.303(d)(2) from § 400.303(d)(1);

(4) Divide the annual crop yield for the county for each crop year in the NCS base period by the result of § 400.303(d)(3), the result of which may not exceed 1.0;

(5) Subtract the result of § 400.303(d)(4) for each crop year from 1.0;

(6) Multiply the result of § 400.303(d)(5) by the liability for the crop year; and

(7) Subtract the result of § 400.303(d)(6) from any indemnity for that crop year.

(e) FCIC may substitute the crop yields of a comparable crop in determining § 400.303(d) (1) and (2), or may adjust the average yield or the measurement of normal variability for the county crop, or any combination thereof, to account for trends or unusual variations in production of the county crop or if the availability of yield and loss data for the county crop is limited. Information about how these determinations are made is available by submitting a request to the FCIC Regional Service Office for the producer's area. Alternate methods of determining the effects of adverse growing conditions on insurance experience may be implemented by FCIC if allowed in the Special Provisions.

[55 FR 32595, Aug. 10, 1990, as amended at 62 FR 22876, Apr. 28, 1997]

§ 400.304 Nonstandard Classification determinations.

(a) Nonstandard Classification determinations can affect a change in assigned yields, premium rates, or both from those otherwise prescribed by the insurance actuarial tables.

(b) Changes of assigned yields based on insurance experience of insured acreage (or of a person on specific insured acreage) will be based on the simple average of available actual yields from the insured acreage during the base period.

(c) Changes of assigned yields based on insurance experience of a person without regard to any specific insured acreage will be determined by an assigned yield factor calculated by multiplying excess loss cost ratio by loss frequency and subtracting that product from 1.00 where:

(1) Excess loss cost ratio is total indemnities divided by total liabilities for all years of insurance experience in the base period and the result of which is then reduced by the cumulative earned premium rate, expressed as a decimal, and

(2) Loss frequency is the number of crop years in which an indemnity was paid divided by the number of crop years in which premiums were earned during the base period.

(d) Changes of premium rates will be made to reflect premium rates that would have resulted in insurance experience during the base period with a loss ratio of 1.00 but:

(1) A higher loss ratio than 1.00 may be used for premium rate determinations provided that the higher loss ratio is applied uniformly in a county; and

(2) If a Nonstandard Classification change has been made to current assigned yields, insurance experience during the base period will be adjusted to reflect the affects of changed assigned yields before changes of premium rates are calculated based on that experience.

(e) Once selection criteria have been met in any year, Nonstandard Classification adjustments will be made from year to year until no further changes are necessary in assigned yields or premium rates under the conditions set forth in § 400.304(f). In determining

§ 400.305

whether further changes are necessary, the eligibility criteria will be recomputed each subsequent year using the premium rates and yields which would have been applicable had this part not been in effect.

(f) Nonstandard Classification changes will not be made that:

(1) Increase assigned yields or decrease premium rates from those otherwise assigned by the actuarial tables, or

(2) Result in less than a 10 percent decrease in assigned yields or less than a 10 percent increase in premium rates from those otherwise assigned by the actuarial tables.

§ 400.305 Assignment of Nonstandard Classifications.

(a) Assignment of a Nonstandard Classification of assigned yields, assigned yield factors, or premium rates shall be made on forms approved by the Corporation and included in the actuarial tables for the county.

(b) Nonstandard classification assignment will be made each year, for the year identified on the assignment forms, and are not subject to change under the provisions of this subpart by the Corporation for that year when included in the actuarial tables for the county, except as a result of a request for reconsideration as provided in section 400.309, or as the result of appeals under 7 CFR part 11.

(c) A nonstandard classification may be assigned to identified insurable acreage; a person; or to a combination of person and identified acreage for a crop or crop practice, type, variety, or crop option or amendment whereby:

(1) Classifications assigned to identified insurable acreage apply to all acres of the insured crop grown on the identified acreage;

(2) Classifications assigned to a person apply to all insurable acres of the insured crop on which the person and any entity in which the person has substantial beneficial interest is actively engaged in farming; and

(3) Classifications assigned to a combination of a person and identified insurable acreage will only apply to those acres of the insured crop grown on the identified acreage on which the

7 CFR Ch. IV (1-1-09 Edition)

named person is actively engaged in producing such crop.

[55 FR 32595, Aug. 10, 1990, as amended at 62 FR 22877, Apr. 28, 1997]

§ 400.306 Spouses and minor children.

(a) The spouse and minor children of an individual are considered to be the same as the individual for purposes of this subpart except that:

(1) The spouse who was actively engaged in farming in a separate farming operation prior to their marriage will be a separate person with respect to that separate farming operation so long as that operation remains separate and distinct from any farming operation conducted by the other spouse;

(2) A minor child who is actively engaged in farming in a separate farming operation will be a separate person with respect to that separate farming operation if:

(i) The parent or other entity in which the parent has a substantial beneficial interest does not have any interest in the minor's separate farming operation or in any production from such operation;

(ii) The minor has established and maintains a separate household from the parent;

(iii) The minor personally carries out the farming activities with respect to the minor's farming operation; and

(iv) The minor establishes separate accounting and recordkeeping for the minor's farming operation.

(b) An individual shall be considered to be a minor until the age of 18 is reached. Court proceedings conferring majority on an individual under 18 years of age will not change such individual's status as a minor.

§ 400.307 Discontinuance of participation.

If the person has discontinued participation in the crop insurance program, the person will still be included on the NCS list in the county until the person has discontinued participation as a policyholder or a person with a substantial beneficial interest in a policyholder for at least 10 consecutive crop years. The most recent nonstandard classification assigned will be continued from year to year until participation has been renewed for at least

one crop year and at least three years of insurance experience have occurred in the current base period. A non-standard classification will no longer be applicable to the person or the person on identified acreage if the Corporation determines the person is deceased.

[62 FR 22877, Apr. 28, 1997]

§ 400.308 Notice of Nonstandard Classification.

(a) The Corporation will give written notice to all persons to whom a Non-standard Classification will be assigned. The notice will give the Non-standard Classification and the person's rights and responsibilities according to this subpart.

(b) The person, upon receiving notice from the Corporation, will be responsible for giving notice of the Non-standard Classification to any other person with an insurable interest affected by the classification. The person will give notice to any other affected person:

(1) Prior to the sales closing date if the other affected person has an established insurable interest at the time the classified person is notified by the Corporation; or

(2) Prior to the Classified person's establishing an insurable interest of another person that will be affected by the classification.

§ 400.309 Requests for reconsideration.

(a) Any person to be assigned a non-standard classification under this subpart will be notified of and allowed not less than 30 days from the date notice is received to request reconsideration before the nonstandard classification becomes effective. The request will be considered to have been made when received, in writing, by the Corporation.

(b) Upon receipt of a timely request for reconsideration from the person to whom the classification will be assigned, the Corporation will:

(1) Review all information supplied by, and respond to all questions raised by the individual, or

(2) In the absence of information and questions, review insurance experience and determinations for compliance with this subpart and report review re-

sults to the individual requesting reconsideration.

(c) Upon review of a request for reconsideration, the classification to be assigned will be corrected for:

(1) Errors and omissions in insurance experience;

(2) Incorrect calculations under procedures in this subpart, and

(3) Typographical errors.

(d) If the review finds no cause for change, the classification will be assigned and placed on file in the actuarial tables for the county.

(e) Any person not satisfied by a determination of the Corporation upon reconsideration may further appeal under the provisions of 7 CFR part 11.

The organization's acceptance of the benefits derived from the violation is evidence of knowledge, approval or acquiescence.

(2) The conduct of any organization in violation of § 400.454(b) may be imputed to an individual, or from one individual to another

individual, if the individual to whom the improper conduct is imputed either participated in, knows, or had reason to know of such conduct.

(3) The conduct of one organization in violation of § 400.454(b) may be imputed to another organization when such conduct occurred in connection with a partnership, joint venture, joint application, association or similar arrangement, or when the organization to whom the improper conduct is imputed has the power to direct, manage, control or influence the activities of the organization responsible for the improper conduct. Acceptance of the benefits derived from the conduct is evidence of knowledge, approval or acquiescence.

(4) If such conduct is imputed, the person to whom the conduct is imputed to may be subject to the same disqualification and civil fines as the person from whom the conduct is imputed. The factors contained in § 400.454(c)(2) will be taken into consideration with respect to the person to whom the conduct is being imputed.

(iii) If a participant or other person does business with a disqualified participant or other person, such participant may be subject to disqualification under this section.

(iv) Continuing to make payments to a disqualified person to fulfill pre-existing contractual or statutory obligations after the business relationship is terminated will not be considered as doing business with a disqualified person unless such payment is used as a means to circumvent the disqualification process.

(f) With respect to civil fines:

(1) A civil fine may be imposed for each violation.

(2) The amount of such civil fine shall not exceed the greater of:

(i) The amount of monetary gain, or value of the benefit, obtained as a result of the false or inaccurate information provided, or the amount obtained as a result of non-compliance with a requirement of FCIC; or

(3) Civil fines are debts owed to FCIC.

(i) A civil fine that is either imposed under with this subpart, or agreed to through an executed settlement agreement with FCIC, must be paid by the specified due date. If the due date is not specified in the order issued by the Administrative Law Judge or Judicial Officer, as applicable, or the settlement agreement, it shall be 30 days after the date the order was issued or the settlement agreement signed by FCIC.

(2) With respect to all other persons:

(i) Such person may not be involved in any function related to the Federal crop insurance program during the disqualification or ineligibility period (including the sale, service, adjustment, data transmission or storage, reinsurance, etc. of any crop insurance policy) or receive any monetary or non-monetary benefit from a program administered under the Act.

(ii) If the person is an agent or insurance agency, the producers may cancel their policies sold and serviced by the disqualified agent and rewrite the policy with another agent. If the producer does not cancel and rewrite the policy with another agent, the approved insurance provider must assign the policies to a different agent or agency to service during the period of disqualification or ineligibility. Policies that have been assigned to another agent or agency by the insurance provider will revert back to the disqualified agent or agency after the period of disqualification has ended provided all civil fines are paid in full and the producer does not cancel and rewrite the policy with a different agent or agency;

(iii) If the person is an approved insurance provider, the approved insurance provider shall not sell, or authorize to be sold, any new policies or may not renew, or authorize

7 CFR Ch. IV (1–1–09 Edition)

the renewal of, existing policies, as determined by FCIC, during the period of disqualification or ineligibility. Nothing in this provision affects the approved insurance provider's responsibilities with respect to the service of existing policies.

(h) Imposition of disqualification or a civil fine under this section is in addition to any other administrative or legal remedies available under this section or other applicable law including, but not limited to, debarment and suspension.

§ 400.455 Governmentwide debarment and suspension (procurement).

(a) This section prescribes the terms and conditions under which persons or business entities may be debarred or suspended by FCIC from contracting with the Federal government.

(b) This section is in accordance with 48 CFR part 9, subpart 9.4 and 48 CFR part 409, subpart 409.4 and shall be applicable to all FCIC debarment and suspension proceedings undertaken pursuant to the Federal Acquisition Regulations, except that the authority to debar or suspend is reserved to the Manager, FCIC, or the Manager's designee.

(c) Any individual or entity suspended or debarred under the provisions of 48 CFR part 9, subpart 9.4 will not be eligible to contract with FCIC or be employed by or contract with any insurance company that sells or adjusts FCIC's crop insurance contracts or which company's crop insurance contracts are reinsured by FCIC. FCIC may waive this provision if it is satisfied that the insurance company has taken sufficient action to insure that the suspended or debarred entity or individual will not be involved, in any way, with FCIC or FCIC reinsured crop insurance contracts.

Subpart S [Reserved]

Subpart T—Federal Crop Insurance Reform, Insurance Implementation

AUTHORITY: 7 U.S.C. 1506(l) and 1506(p).

SOURCE: 61 FR 42975, Aug. 20, 1996, unless otherwise noted.

§ 400.650 Purpose.

The Reform Act requires FCIC to implement a crop insurance program that offers several levels of insurance coverage for producers. These levels of protection include catastrophic risk protection, and additional coverage insurance. This subpart provides notice of the availability of these crop insurance options and establishes provisions and requirements for implementation of the insurance provisions of the Reform Act.

[61 FR 42975, Aug. 20, 1996, as amended at 68 FR 37721, June 25, 2003]

§ 400.651 Definitions.

Act. The Federal Crop Insurance Act, as amended (7 U.S.C. §§ 1501 *et seq.*).

Additional coverage. A level of coverage greater than catastrophic risk protection.

Administrative fee. An amount the producer must pay for catastrophic, and additional coverage each crop year on a per crop and county basis as specified in the Basic Provisions or the Catastrophic Risk Protection Endorsement.

Approved insurance provider. A private insurance company, including its agents, that has been approved and reinsured by FCIC to provide insurance coverage to producers participating in the Federal crop insurance program.

Approved yield. The actual production history (APH) yield, calculated and approved by the verifier, used to determine the production guarantee by summing the yearly actual, assigned, adjusted or unadjusted transitional yields and dividing the sum by the number of yields contained in the database, which will always contain at least four yields. The database may contain up to 10 consecutive crop years of actual or assigned yields. The approved yield may have yield adjustments elected under applicable policy provisions, or other limitations according to FCIC approved procedures applied when calculating the approved yield.

Catastrophic risk protection. The minimum level of coverage offered by FCIC which is required before a person may qualify for certain other USDA program benefits unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop. For the 1995 through 1998 crop years, such coverage will offer protection equal to fifty percent (50%) of the approved yield indemnified at sixty percent (60%) of the expected market price, or a comparable coverage as established by FCIC. For the 1999 and subsequent crop years, such coverage will offer protection equal to fifty percent (50%) of the approved yield indemnified at fifty-five percent (55%) of the expected market price, or a comparable coverage as established by FCIC.

Catastrophic Risk Protection Endorsement. The part of the crop insurance policy that contains provisions of insurance that are specific to catastrophic risk protection.

Crop of economic significance. A crop that has either contributed in the previous crop year, or is expected to contribute in the current crop year, ten percent (10%) or more of the total expected value of the producer's share of all crops grown in the county. However, a crop will not be considered a crop of economic significance if the expected liability under the Catastrophic Risk Protection Endorsement is equal to or less than the administrative fee required for the crop.

Expected market price. (price election) The price per unit of production (or other basis as determined by FCIC) an-

ticipated during the period the insured crop normally is marketed by producers. This price will be set by FCIC before the sales closing date for the crop. The expected market price may be less than the actual price paid by buyers if such price typically includes remuneration for significant amounts of post-production expenses such as conditioning, culling, sorting, packing, etc.

FCIC. The Federal Crop Insurance Corporation, a wholly owned Government Corporation within USDA.

FSA. The Farm Service Agency, an agency of the United States Department of Agriculture or any successor agency.

Insurable interest. The value of the producer's interest in the crop that is at risk from an insurable cause of loss during the insurance period. The maximum indemnity payable to the producer may not exceed the indemnity due on the producer's insurable interest at the time of loss.

Intended crop. A crop stated on the application as submitted on or before the sales closing date for the crop which the producer intended to plant in the crop year for which application is made.

Linkage requirement. The legal requirement that a producer must obtain at least catastrophic risk protection coverage for any crop of economic significance as a condition of receiving benefits for such crop from certain other USDA programs in accordance with § 400.655, unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop.

Person. An individual, partnership, association, corporation, estate, trust, or other legal entity, and wherever applicable, a state or a political subdivision or agency of a state.

Reform Act. The Federal Crop Insurance Reform Act of 1994, Public Law 103-354.

Secretary. The Secretary of the United States Department of Agriculture.

Substitute crop. An alternative crop whose sales closing date has passed and

§ 400.652

that is planted on acreage that is prevented from being planted to an intended crop or where an intended crop is planted and fails.

Zero acreage report. An acreage report filed by the producer that certifies that the producer does not have a share in the crop for that crop year.

[61 FR 42975, Aug. 20, 1996, as amended at 63 FR 40634, July 30, 1998; 64 FR 40742, July 28, 1999; 68 FR 37721, June 25, 2003]

§ 400.652 Insurance availability.

(a) If sufficient actuarial data are available, FCIC will offer catastrophic risk protection, and additional coverage plans of insurance to indemnify persons for FCIC insured or reinsured crop loss due to loss of yield or prevented planting, if the crop loss or prevented planting is due to an insured cause of loss specified in the applicable crop insurance policy.

(b) Catastrophic risk protection coverage may be offered through approved insurance providers and through local offices of the Farm Service Agency specified by the Secretary. Additional coverage will only be offered through approved insurance providers unless there is not a sufficient number of approved insurance providers that offer such insurance within a service area.

(c) A person must obtain at least catastrophic risk protection for the crop on all insurable acreage in the county in which the person has a share on or before the sales closing date designated by FCIC for the crop in the county in order to satisfy the linkage requirements unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop.

(d) For additional coverage, in areas where insurance is not available for a particular agricultural commodity that is insurable elsewhere, FCIC may enter into a written agreement with a person to insure the commodity, provided that the person has actuarially sound data relating to the production of the commodity that is acceptable to FCIC and that such written agreement is specifically allowed by the crop insurance regulations applicable to the crop.

(e) Failure to comply with all provisions of the policy constitutes a breach

7 CFR Ch. IV (1-1-09 Edition)

of contract and may result in ineligibility for certain other farm program benefits for that crop year and any benefit already received must be refunded. If a producer breaches the insurance contract, the execution of a waiver of eligibility for emergency crop loss assistance will not be effective for the crop year in which the breach occurred.

[61 FR 42975, Aug. 20, 1996, as amended at 68 FR 37721, June 25, 2003]

§ 400.653 Determining crops of economic significance.

To be eligible for certain other program benefits under § 400.655 the following conditions will apply with respect to crops of economic significance if the producer does not execute a waiver of any eligibility for emergency crop loss assistance in connection with the crop.

(a) If a producer planted a crop of economic significance in the preceding crop year, and does not intend to plant the same crop in the present crop year, the producer does not have to obtain insurance coverage or execute a waiver of any eligibility for emergency crop loss assistance in connection with the crop in the present crop year to comply with the linkage requirements. However, if the producer later decides to plant that crop, the producer will be unable to obtain insurance after the sales closing date and must execute a waiver of any eligibility for emergency crop loss assistance in connection with the crop to be eligible for benefits as specified in § 400.655. Failure to execute such a waiver will require the producer to refund any benefits already received under a program specified in § 400.655.

(b) The producer is initially responsible to determine the crops of economic significance in the county. The insurance provider may assist the producer in making these initial determinations. However, these determinations will not be binding on the insurance provider. To determine the percentage value of each crop:

- (1) Multiply the acres planted to the crop times the producer's share, times the approved yield, and times the price;
- (2) Add the values of all crops grown by the producer (in the county); and

(3) Divide the value of the specific crop by the result of paragraph (b)(2).

(c) The producer may use the type of price, such as the current local market price, futures price, established price, highest amount of insurance, etc., for the price when calculating the value of each crop, provided that the producer uses the same type of price for all crops in the county.

(d) The producer may be required to justify the calculation and provide adequate records to enable the insurance provider to verify whether a crop is of economic significance.

[61 FR 42975, Aug. 20, 1996, as amended at 64 FR 40742, July 28, 1999]

§ 400.654 Application and acreage report.

(a) To participate in catastrophic risk protection, or additional coverage plans of insurance, a producer must submit an application for insurance on or before the applicable sales closing date.

(b) In order to remain eligible for certain farm programs, as specified in § 400.655, a producer must obtain at least catastrophic risk protection on all crops of economic significance, if catastrophic risk protection is available in the county, unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop.

(c) Notwithstanding the requirements of § 400.654(a) that applications for insurance be submitted on or before the applicable sales closing date, FCIC may permit a producer to insure crops other than those specified on the application under the following conditions:

(1) The producer must be unable to plant the intended crop or it is not practical to replant a failed crop before the final planting date. FCIC will take into consideration marketing windows when determining whether it was not practical to replant.

(2) Conditions must exist to warrant allowing a producer to insure crops other than the intended crop.

(3) The producer must submit an application for the substitute crop on or before the acreage reporting date for the substitute crop and pay any applicable administrative fee. A producer may not substitute a crop that the pro-

ducer planted in the preceding crop year unless that crop was listed on a timely filed application for the current crop year.

(4) If the producer plants a substitute crop that is a crop of economic significance, the producer must obtain CAT coverage, if available, to comply with the linkage requirements specified in § 400.655. The producer may not substitute a crop under this provision if the producer has signed or intends to sign a waiver for emergency crop loss assistance for the crop year.

(5) The substitute crop must be planted on or before the final planting date or within the late planting period, if applicable, for the substitute crop.

(6) Under no circumstances may a producer submit an application for additional coverage after the sales closing date for the substitute crop.

(d) For all coverages, including catastrophic risk protection, and additional coverages, the producer must file a signed acreage report on or before the acreage reporting date. Any person may sign any document relative to crop insurance coverage on behalf of any other person covered by such a policy, provided that the person has a properly executed power of attorney or other legally sufficient document authorizing such person to sign.

(e) Under catastrophic risk protection, unless the other person with an insurable interest in the crop objects in writing prior to the acreage reporting date and provides a signed acreage report on their own behalf an operator may sign the acreage report for all other persons with an insurable interest in the crop without a power of attorney. All persons with an insurable interest in the crop, and for whom the operator purports to sign and represent, are bound by the information contained in that acreage report.

[61 FR 42975, Aug. 20, 1996, as amended at 64 FR 40742, July 28, 1999; 68 FR 37721, June 25, 2003]

§ 400.655 Eligibility for other program benefits.

The producer must obtain at least catastrophic coverage for each crop of economic significance in the county in which the producer has an insurable share, if insurance is available in the

county for the crop, unless the producer executes a waiver of any eligibility for emergency crop loss assistance in connection with the crop, to be eligible for:

(a) Benefits under the Agricultural Market Transition Act;

(b) Loans or any other USDA provided farm credit, including: guaranteed and direct farm ownership loans, operating loans, and emergency loans under the Consolidated Farm and Rural Development Act provided after October 13, 1994; and

(c) Benefits under the Conservation Reserve Program derived from any new or amended application or contract executed after October 13, 1994.

§ 400.678 Applicability.

§ 400.679 Criteria for ineligibility.

Any person may be determined to be ineligible to participate in any program administered by FCIC under the authority of the Act, if the person meets one or more of the following criteria:

Any person with a delinquent debt owed to FCIC or to the insurance provider shall be ineligible to participate in any program administered under the authority of the Act. Such determinations will be in accordance with 7 CFR 400.459. The existence and delinquency of the debt must be verifiable.
- (b) Has violated the controlled substance (7 CFR part 718) provisions of the Food Security Act of 1985, as amended. § 400.680

(c) Has been disqualified under section 506(n) of the Act and 7 CFR part 400, subpart R. Any person who is disqualified in any administrative proceeding shall be ineligible to participate in any program administered under the Act. Ineligibility determinations resulting from administrative proceedings will not be stayed pending review. However, reversal of the determination will date back to the time of determination.

§ 400.680 Determination and notification of ineligibility.

(a) The insurance provider must send a written notice of the debt to the person, including the time frame in which the debt must be paid, and provide the person with a meaningful opportunity to contest the amount or existence of the debt. After the insurance provider has evaluated the person's response, if any, and determined that the debt is owed and delinquent, the insurance provider should submit the documentation establishing the existence and amount of the debt to FCIC, including any response by the person.

(b) If an insurance provider or any other authorized person has evidence that a person meets any other criteria set forth in § 400.679, they must submit the evidence to FCIC.

(c) After FCIC verifies that the person has met one or more of the criteria stated in § 400.679, FCIC will issue a Notice of Ineligibility and mail such notice to the person's last known address and to the insurance provider.

(d) The Notice of Ineligibility will state the criteria upon which the determination of ineligibility has been based, a brief statement of the facts to support the determination, the time period of ineligibility, and the persons right to an appeal of the ineligibility determination.

(e) Within 30 days of receiving the Notice of Ineligibility, any person receiving such a notice may appeal the determination of ineligibility to the National Appeals Division in accordance with 7 CFR part 11.

(f) If the person appeals the determination of ineligibility to the National Appeals Division, the insurance provider will be notified and provided with an opportunity to participate in

7 CFR Ch. IV (1-1-09 Edition)

the proceeding if permitted by 7 CFR part 11.

§ 400.681 Effect of ineligibility.

(a) The period of ineligibility will be effective:

(1) For ineligibility as a result of a delinquent debt, the date the debt has been determined to be delinquent until the debt has been paid in full, discharged in bankruptcy, or the person has executed a scheduled installment payment agreement;

(2) For ineligibility as a result of a violation of the controlled substance provisions of the Food Security Act of 1985, at the beginning of the crop year in which the producer was convicted and the four subsequent consecutive crop years; and

(3) For ineligibility as a result of a disqualification under section 506(n) of the Act, the date that the Administrative Law Judge signs the order disqualifying the person until the period specified in the order of disqualification has expired.

(b) Once the person has been determined to be ineligible:

(1) All policies in which the ineligible person is the sole insured will be void for the period specified in § 400.681(a);

(2) If the ineligible person is a general partnership, all partners will be individually ineligible and any policy in which a partner has a 100 percent interest will be void for the period specified in § 400.681(a). The partnership and all partners will be removed from any policy in which they have a substantial beneficial interest, and the policyholder share under the policies will be reduced commensurate with the ineligible person's share;

(3) If the applicant or policyholder is a corporation, partnership, or other business entity, and an ineligible person has a substantial beneficial interest in the applicant or policyholder, the application may be accepted or existing policies remain in effect, although the ineligible person will be removed from the policies and the policyholder share under the policies will be reduced commensurate with the ineligible person's share;

(4) If the applicant or policyholder is a corporation, partnership, or other business entity that was created to

conceal the interest of a person in the farming operation or to evade the ineligibility determination of a person with a substantial beneficial interest in the applicant or policyholder, the corporation, partnership or other business entity will be disregarded, the individual shareholders or partners will be personally responsible, and any shareholder or partner that is ineligible will be removed from the policy and the policyholder share under the policies will be reduced commensurate with the ineligible person's share;

(5) Any indemnities or payments made on a voided policy, or on the portion of the policy reduced because of ineligibility, will be declared overpayments and must be repaid; and

(6) If the policy is voided, all producer paid premiums may be refunded, or if an ineligible person is removed from a policy, the portion of the producer paid premium commensurate with the ineligible person's share may be refunded, less a reasonable amount for expense and handling in accordance with 7 CFR 400.47.

(c) The spouse and minor children of an individual are considered to be the same as the individual for purposes of this subpart except that:

(1) The spouse who was actively engaged in farming in a separate farming operation will be a separate person with respect to that separate farming operation so long as that operation remains separate and distinct from any farming operation conducted by the other spouse (Transfers of interest in a farming operation from one spouse to another will not be considered as a separate farming operation.);

(2) A minor child who is actively engaged in farming in a separate farming operation will be a separate person with respect to that separate farming operation if:

(i) The parent or other entity in which the parent has a substantial beneficial interest does not have any interest in the minor's separate farming operation or in any production from such operation;

(ii) The minor has established and maintains a separate household from the parent;

(iii) The minor personally carries out the farming activities with respect to the minor's farming operation; and

(iv) The minor establishes separate accounting and record keeping for the minor's farming operation.

§ 400.682 Criteria for reinstatement of eligibility.

A person who has been determined ineligible may have eligibility reinstated as follows:

(a) A delinquent debt owed on a crop insurance policy insured or reinsured by FCIC or any delinquent debt due FCIC. Eligibility may be reinstated after the debt is paid in full or discharged in bankruptcy, or the person has executed a scheduled installment payment agreement accepted by FCIC or the insurance provider. Eligibility may be reinstated as of the date the debt is paid, the date the agreement is accepted, or the date the debt is discharged in bankruptcy.

(b) Violations of the controlled substance provisions of the Food Security Act of 1985, as amended. Eligibility may be reinstated after the period of ineligibility stated in § 400.681 has expired.

(c) Disqualification under section 506(n) of the Act. Eligibility may be reinstated when the period of disqualification determined in the administrative proceedings has expired and payment of all penalties and overpayments have been completed.

(d) Timing of reinstatement of eligibility. After eligibility has been reinstated, the person must complete a new application for crop insurance coverage on or before the applicable sales closing date. If the date of reinstatement of eligibility occurs after the applicable sales closing date for the crop year, the person may not participate until the following crop year. If the National Appeals Division determines that the person should not have been placed on the Ineligible Tracking System, reinstatement will be effective at the beginning of the crop year for which the producer was listed on the Ineligible Tracking System and the person will be entitled to all applicable benefits under the policy.

§ 400.683

§ 400.683 Administration and maintenance.

(a) Ineligible producer data will be maintained in a system of records in accordance with the Privacy Act, 5 U.S.C. 552a.

(1) The Ineligible Tracking System is a record of all persons who have been determined to be ineligible for participation in any program pursuant to this subpart. This system contains identifying information of the ineligible person including, but not limited to, name, address, telephone number, SSN or EIN, reason for ineligibility, and time period for ineligibility.

(2) Information in the Ineligible Tracking System may be used by Federal agencies, FCIC employees, contractors, and reinsured companies and their personnel who require such information in the performance of their duties in connection with any program administered under the Act. The information may be furnished to other users including, but not limited to, FCIC contracted agencies; credit reporting agencies and collection agencies; in response to judicial orders in the course of litigation; and other users as may be appropriate or required by law or regulation. The individual information will be made available in the form of various reports and notices produced from the Ineligible Tracking System, based on valid requests.

(3) Supporting documentation regarding the determination of ineligibility and reinstatement of eligibility will be maintained by FCIC and FSA, or its contractors, reinsured companies, and Federal and State agencies. This documentation will be maintained consistent with the electronic information contained within the Ineligible Tracking System.

(b) Information may be entered into the Ineligible Tracking System by FCIC or FSA personnel.

(c) All persons applying for or renewing crop insurance contracts issued or reinsured by FCIC will be subject to validation of their eligibility status against the Ineligible Tracking System. Applications or benefits approved and accepted are considered approved or accepted subject to review of eligibility status in accordance with this subpart.

7 CFR Ch. IV (1-1-09 Edition)

Subpart V—Submission of Policies, Provisions of Policies, Rates of Premium, and Premium Reduction Plans

AUTHORITY: 7 U.S.C. 1506(1), 1506(p).

SOURCE: 66 FR 47951, Sept. 17, 2001, unless otherwise noted.

§ 400.700 Basis, purpose, and applicability.

(a) This subpart establishes guidelines for the submission of policies, plans of insurance, and rates of premium to the Board as authorized under section 508(h) of the Act and for non-reinsured supplemental policies in accordance with the SRA, and the roles and responsibilities of FCIC and the applicant. It also specifies the procedures for requesting reimbursement for research and development costs, and maintenance costs for products and the approval process.

(b) The purpose of the premium reduction plan is to foster competition in the crop insurance program, thereby providing producers with an opportunity to receive a premium discount, as authorized in section 508(e)(3) of the Act. RMA has sought to accomplish this purpose, while still maintaining the financial stability of the delivery system and the integrity of the crop insurance program, by implementing a premium reduction plan where approved insurance providers participate in the premium reduction plan by requesting the opportunity to offer a premium discount and later requesting approval from RMA to pay a premium discount if the insurance provider has achieved an efficiency based on the actual savings it has attained through the reinsurance year.

(1) Since the payment of any premium discount is determined based on actual reported cost information for the reinsurance year, and must be approved by RMA, the disclosure to policyholders of the amount of the premium discount and the payment of the premium discount will not occur until after the close of any given reinsurance year.

(2) This premium reduction plan substantially limits the burden on approved insurance providers and RMA

and provides for flexibility for approved insurance providers to choose the States in which they will offer premium discounts and vary the amount of premium discount between States.

(3) Under the premium reduction plan, the payment and amount of premium discounts cannot be guaranteed, or identified as to amount or certainty of payment, in advance of the sale of an eligible crop insurance contract. However, producers will have the potential to receive monetary assistance in defraying the costs of their future premium.

§ 400.701 Definitions.

Act. The Federal Crop Insurance Act, as amended (7 U.S.C. 1501 et seq.)

Actuarial documents. The material for the crop or insurance year which is available for public inspection in your agent's office and published on RMA's website at <http://www.rma.usda.gov/>, or a successor website, and which shows available coverage levels, information needed to determine premium rates, premium adjustment percentages, practices, particular types or varieties of the insurable crop or agricultural commodity, insurable acreage or commodities, and other related information regarding crop insurance or other risk management plans of insurance in the county or state.

Actuarially appropriate. Premium rates expected to cover anticipated losses and a reasonable reserve based on valid reasoning, an examination of available risk data, which for new products may be scarce but must still be of sufficient quality and quantity to reasonably determine the anticipated losses, or thorough knowledge or experience of the expected value of future costs associated with the risk to be transferred.

Administrative and Operating (A&O) costs. The costs of the approved insurance provider, and any MGA and TPA, which are directly related to the delivery, loss adjustment and administration of the Federal crop insurance program. Costs associated with the sale or service of catastrophic risk protection (CAT) eligible crop insurance contracts

in an amount equal to the loss adjustment expense subsidy for CAT eligible crop insurance contracts, ceding commission received for ceding any portion of the risk associated with any eligible crop insurance contract authorized under the authority of the Act with a reinsurer, and payments for the purchase of reinsurance and related credits are not considered as A&O costs.

Administrative and Operating (A&O) subsidy. The subsidy for the administrative and operating expenses authorized by the Act and paid by FCIC on behalf of the producer to the approved insurance provider. Loss adjustment expense reimbursement paid by FCIC for CAT eligible crop insurance contracts, and any ceding commission received for ceding any portion of the risk associated with any eligible crop insurance contract authorized under the authority of the Act with a reinsurer are not considered as A&O subsidy.

Agent. An individual licensed by the State in which an eligible crop insurance contract is sold and serviced for the reinsurance year, and who is employed by, or under contract with, the approved insurance provider, or its designee, to sell and service such eligible crop insurance contracts.

Applicant. Any person or entity that submits a policy, plan of insurance, provisions of a policy or plan of insurance, or rates of premium to the Board for approval under section 508(h) of the Act.

Approved insurance provider. A private insurance company that has been approved by FCIC to provide insurance coverage to producers participating in programs authorized by the Act.

Approved procedures. The applicable handbooks, manuals, memoranda, bulletins or other directives issued by RMA or the Board. For purposes of §§ 400.714 through 400.722 only, approved procedures include all provisions of the SRA.

Board. The Board of Directors of FCIC.

Compensation. The total amount of any guaranteed salary or payment, commission, or anything that has a quantifiable value or benefit that is not contingent on the existence of an underwriting gain of the approved insurance provider, including, but not

limited to, the payment of health or life insurance, deferred compensation (including qualified and unqualified), finders fees, retainers, trip or travel expenses, dues or other membership fees, the use of vehicles, office space, equipment, staff or administrative support paid by the approved insurance provider or its contractor either directly or indirectly through a third party. Payments conditioned upon something other than the underwriting gains of the approved insurance provider are considered as compensation, such as bonuses or other conditional payments or commission based upon whether an agent timely turns in applications, production reports or acreage reports, etc. A profit sharing arrangement will be considered compensation unless and only to the extent that:

(1) Such profit sharing arrangement contains a provision that would require a pro rata reduction in the amount or percentage of profit contained in such arrangement if the total amount of underwriting gain paid by FCIC for the applicable reinsurance year is not sufficient to cover the amount or percentage of profit; or

(2) At least one of the required triggers for the payment under the profit sharing arrangement is that the approved insurance provider receives from FCIC an underwriting gain for its whole book of Federally reinsured crop insurance business for the applicable reinsurance year.

Complete submission. A submission determined by the Board to contain all necessary and appropriate documentation in accordance with § 400.705 and is of sufficient quality to conduct a meaningful review.

Complexity. Complexity takes into consideration such factors as originality, the number and type of factual determinations necessary to establish insurable interest, evaluate risk, and determine whether an indemnity is payable, the number of commodities and areas to which the product is applicable, the rating methodology, the number of risks covered, unique policy provisions or endorsements, the delivery process of the submission, and the process of creating rules, policy terms and conditions, underwriting procedures, rating methodologies, adminis-

trative and operating procedures, and supporting materials.

Development. The process of drafting rules, new policy provisions, pricing and rating methodologies, administrative and operating procedures, systems and software, supporting materials, and documentation necessary to create and implement a proposed policy or coverage.

Disinterested third party. A person who does not have any familial relationship (parents, brothers, sisters, children, spouse, grandchildren, aunts, uncles, nieces, nephews, first cousins, or grandparents, related by blood, adoption or marriage, are considered to have a familial relationship) with anyone employed or contracted by the applicant or who will not benefit financially from the approval of the submission.

Efficiency. Monetary savings realized when the approved insurance provider's A&O costs are less than the amount of the A&O subsidy paid by FCIC. If the approved insurance provider is reducing agent compensation as a means to achieve an efficiency, not all of the efficiency can come from such reduction in agent compensation. Efficiency does not include any actual or projected underwriting gain earned from the SRA, private reinsurance revenues or expenses, or any investment returns on the approved insurance provider's reserves.

Eligible crop insurance contract. An insurance contract for an agricultural commodity authorized by the Act and approved by FCIC, with terms and conditions in effect as of the applicable contract change date, which is sold and serviced consistent with the Act, FCIC regulations, and approved procedures having a sales closing date within the reinsurance year, and with an eligible producer.

Eligible producer. A person who has an insurable interest in an agricultural commodity, who has not been determined ineligible to participate in the Federal crop insurance program, and who possesses a United States issued social security number (SSN), employer identification number (EIN), or such other identification as required by RMA.

Endorsement. A document that amends a policy reinsured under the Act in a manner that supplements or amends the insurance coverage provided by that policy.

FCIC. The Federal Crop Insurance Corporation, a wholly owned government corporation within USDA.

Maintenance. For the purposes of this subpart only, the process of continual support and improvement, as needed, for a policy or plan of insurance, including the periodic review of setting prices, updating premium rates or the rating methodology, updating or modifying policy terms and conditions, and any other actions necessary to provide adequate and meaningful protection for producers, ensure actuarial soundness, or to respond to statutory or regulatory changes.

Maintenance costs. Specific expenses associated with the maintenance of a policy during the maintenance period.

Maintenance period. A period of time that begins on the date the Board approves the submission for maintenance and ends on the date that is not more than four reinsurance years after such approval.

Manager. The Manager of FCIC.

Managing General Agent (MGA). An entity that meets the definition of managing general agent under the laws of the State in which such entity is incorporated and in every other State in which it operates, or in the absence of such State law or regulation, meets the definition of a managing general agent or agency in the National Association of Insurance Commissioners Managing General Agents Act, or successor Act.

Marketable. A determination by the Board that a sufficient number of producers will purchase the product and approved insurance providers will sell the product to make it economical, based on credible evidence provided by the applicant and any other relevant information.

Marketing plan. A detailed, written plan that identifies, at a minimum, the expected number of potential buyers, premium, liability, a prescribed insurance year cycle, the data upon which such information is based, such data may include, but is not limited to, focus group results, market research studies, qualitative market estimates,

effects upon the delivery system or ancillary participants, correspondence from producers expressing the need for such policy or plan of insurance, responses from a reasonable representative cross-section of producers to be effected by the policy or plan of insurance demonstrating the number of producers likely interested in purchasing the product, and a commitment from at least one approved insurance provider to sell and support such a policy or plan of insurance.

Multiple peril crop insurance (MPCI). All insurance policies reinsured by FCIC that offers coverage for loss of production, loss of revenue, or both.

National Agricultural Statistics Service (NASS). An agency of the United States Department of Agriculture, or a successor agency.

Nonreinsured supplemental policy (NRS). A policy, endorsement or other risk management tool that is not reinsured under the Act, or has not been submitted to FCIC under section 508(h) of the Act, that offers additional coverage, other than loss related to hail, to a policy or plan of insurance that is reinsured by FCIC.

Non-significant changes. Minor changes to the policy or plan of insurance, such as technical corrections, that do not affect the rating or pricing methodologies, the amount of subsidy owed, the amount or type of coverage, the interests of producers, FCIC's reinsurance risk, or any condition that does not affect liability or the amount of loss to be paid under the policy. Statutory or regulatory requirements are included in this category regardless of impact.

Plan of insurance. A class of policies, such as MPCI or Group Risk Plan of Insurance, that offers a specific type of coverage to one or more agricultural commodities.

Plan of Operations. The documents and information the approved insurance provider must submit in accordance with section IV.F.2. and Appendix II of the SRA and applicable approved procedures.

Policy. A contract for insurance that includes an accepted application, Basic Provisions, applicable Commodity Provisions, other applicable options and endorsements, the Special Provisions,

related materials, and the applicable regulations published in 7 CFR chapter IV.

Premium discount. A payment made by the approved insurance provider to the policyholder to help defray the cost of premium, in an amount equal to the dollar amount or corresponding percentage of net book premium approved by RMA, as authorized by section 508(e)(3) of the Act.

Profit sharing arrangement. An arrangement to make a payment to an employee, agent, loss adjuster or other contractor conditioned upon whether the approved insurance provider receives an underwriting gain on the crop insurance business. Payments made to commercial reinsurers or ceding commissions paid to the approved insurance provider for the reinsurance year for the crop insurance book of business are not considered as profit sharing arrangements for the purposes of determining A&O costs or A&O subsidy.

Reduction in service. When the approved insurance provider, agent and loss adjuster, or any other contractor or employee of the approved insurance provider that assists in or provides any service for a Federally reinsured eligible crop insurance contract, sells, services or administers such eligible crop insurance contracts at a level of service less than that required under all applicable regulations and approved procedures. A violation of a provision in an approved procedure will be considered to be a reduction in service.

Rate of premium. The dollar amount per insured unit or percentage rate per dollar of liability that is needed to pay anticipated losses and provide a reasonable reserve.

Related material. The actuarial documents for the insured agricultural commodity and any underwriting or loss adjustment manual, handbook, form or other information needed to administer the policy.

Research. For the purposes of development, the gathering of information related to: Producer needs and interests; the marketability of the policy or plan of insurance; the appropriate policy terms, premium rates, price elections, administrative and operating procedures, supporting materials, and the documentation, systems and soft-

ware necessary to implement a policy or plan of insurance. Gathering of information to determine whether it is feasible to expand a policy or plan of insurance to a new area or to cover a new commodity under the same policy terms and conditions, price, and premium rates is not considered research.

Research and development costs. Specific expenses incurred and directly related to the research and development of a submission, as initially approved by the Board.

Risk Management Agency (RMA). An agency of USDA responsible for the administration of all programs authorized under the Act and other authorities.

Risk subsidy. The portion of the approved premium paid by FCIC on behalf of the insured person.

Sales closing date. The final calendar date on which an approved insurance provider may accept an application by a producer for insurance.

Secretary. The Secretary of the United States Department of Agriculture.

Significant change. Any change to the policy or plan of insurance that may affect the rating and pricing methodologies, the amount of subsidy owed, the amount of coverage, the interests of producers, FCIC's reinsurance risk, or any condition that may affect liability or the amount of loss to be paid under the policy.

Special Provisions. The part of the policy that contains specific provisions of insurance for each insured commodity that may vary by geographic area.

Standard Reinsurance Agreement (SRA). The reinsurance agreement between FCIC and the approved insurance provider, under which the approved insurance provider is authorized to sell and service the eligible crop insurance contracts for which the premium discount is proposed. All references to the SRA will also include any other reinsurance agreements entered into with FCIC, including the Livestock Price Reinsurance Agreement, unless otherwise stated in such reinsurance agreement.

Submission. A policy, plan of insurance, provision of a policy or plan of

insurance, or rates of premium provided by an applicant to FCIC in accordance with the requirements of this subpart.

Third Party Administrator (TPA). A person or organization that processes claims or performs other administrative services and holds licenses, as applicable, in States in which services are provided with respect to the Federal crop insurance business in accordance with a service contract or an affiliate or any other type of relationship.

Underwriting gain. For the purposes of the premium reduction plan, the amount of gains paid under section II.B.10. of the SRA less any amounts paid from such gains, including but not limited to payments to commercial reinsurers, taxes, licensing fees, payments to parent companies or subsidiaries, etc., and any costs incurred by the approved insurance provider in excess of the A&O subsidy related to the delivery, service, loss adjustment and administration of the Federal crop insurance program.

Unfair discrimination. An approved insurance provider's implementation of the premium reduction plan will be considered unfairly discriminatory to a producer if the availability of eligible crop insurance contracts sold under the premium reduction plan, or the percentage of net book premium upon which the premium discount is paid, is based on the loss history of the producer, the amount of premium earned under the eligible crop insurance contract, the producer's size of the operation or number of acres to be insured, or precludes in any manner producers from participating in the premium reduction plan in a State where an approved insurance provider is eligible for the opportunity to offer a premium reduction plan.

USDA. The United States Department of Agriculture.

User fees. Fees, approved by the Board, that can be charged to approved insurance providers for use of a policy or plan of insurance.

§ 400.706 Review of submission.

(a) Prior to providing the submission to the Board to determine whether it is a complete submission, RMA will:

(1) Review the submission to determine if all necessary and appropriate documentation is included in accordance with § 400.705;

(2) Review the submission to determine whether the submission is of sufficient quality to conduct a meaningful review;

(3) Inform the applicant of the information RMA deems necessary for the submission to comply with paragraphs (a)(1) and (2) of this section; and

(4) Forward the submission and the results of RMA’s initial review to the Board.

(b) Upon the Board’s receipt of the submission, the Board will:

(1) Determine if the submission is a complete submission (The date the Board votes to contract with independent reviewers is the date the submission is deemed to be a complete submission for the start of the 120 day time-period for approval);

(2) Forward the complete submission to at least five independent persons with underwriting or actuarial experience to review the submission:

(i) Of the five reviewers, no more than one will be employed by the Federal Government, and none may be employed by any approved insurance provider or their representative; and

(ii) The reviewers will each provide their assessment of whether the submission protects the interest of agricultural producers and taxpayers, is actuarially appropriate, follows appropriate insurance principles, meets the requirements of the Act, does not contain excessive risks, follows sound, reasonable, and appropriate underwriting principles, as well as other items the Board may deem necessary;

(3) Return to the applicant any submission the Board determines is not a complete submission, and provide documentation to the applicant explaining such. If the submission is resubmitted at a later date, it will be considered a new submission;

(4) For all complete submissions:

(i) Request review of the submission by RMA to provide its assessment of whether:

(A) The submission protects the interests of agricultural producers and taxpayers, is actuarially appropriate, follows appropriate insurance principles, meets the requirements of the Act, does not contain excessive risks, is consistent with USDA’s public policy goals, does not increase or shift risk to any other FCIC reinsured policy, offers coverage that is similar to another policy or plan of insurance and if the producer would further benefit from the submission and can be administered and delivered efficiently and effectively;

(B) The marketing plan is reasonable;

(C) RMA has the resources to consider, implement, and administer the submission; and

(D) The requested amount of government reinsurance, risk subsidy, and administrative and operating subsidies is reasonable and appropriate for the type of coverage provided by the policy submission; and

(ii) Seek review from the Office of the General Counsel (OGC) to determine if the submission conforms to the requirements of the Act and all applicable Federal regulations.

(c) All comments and evaluations will be provided to the Board by a date determined by the Board to allow the Board adequate time for review.

(d) The Board will consider all comments, evaluations, and recommendations in its review process. Prior to making a decision, the Board may request additional information from RMA, OGC, the independent reviewers, or the applicant.

(e) An applicant may request, at any time, a time delay before the Board provides a notice of intent to disapprove the submission. The Board is not required to agree to such an extension.

(1) Any requested time delay will not be limited in the length of time or the number of delays. However, delays may make implementation of the submission for the targeted crop year impractical or impossible.

(2) The time period during which the Board must make a decision to approve

or disapprove shall be extended commensurately with any time delay requested by the applicant.

(3) If the Board agrees to an extension of time, the Board and the applicant must agree to a time period in which the Board must make its decision to approve or disapprove after the expiration of any requested time delay.

(f) The applicant may withdraw a submission or a portion of a submission at any time by written request to the Board. A withdrawn submission that is resubmitted will result in the submission being deemed a new submission for the purpose of determining the amount of time that the Board must act on such submission.

(g) The Board will render a decision to approve the submission with or without revision or give notice of intent to disapprove within 90 days after the date the submission is considered complete by the Board in accordance with paragraph (b)(1) of this section, unless the applicant and Board agree to a time delay in accordance with paragraph (e) of this section.

(h) The Board may disapprove a submission if it determines that:

(1) The interests of producers and taxpayers are not protected, including but not limited to:

(i) The submission does not provide adequate coverage or treats producers disparately;

(ii) The applicant has not presented sufficient documentation that the submission is marketable;

(iii) Coverage would be similar to another policy or plan of insurance and the producer would not further benefit from the submission; or

(iv) The resources of FCIC or RMA are not sufficient to support the review and implementation of the product;

(2) The premium rates are not actuarially appropriate;

(3) The submission does not conform to sound insurance and underwriting principles;

(4) The risks associated with the submission are excessive or it increases or shifts risk to any other FCIC reinsured policy;

(5) The submission does not meet the requirements of the Act or is not in accordance with USDA's public policy goals; or

(6) There is insufficient time before the submission would become effective under section 508(h) of the Act for the Board to make an informed decision with respect to whether the interests of producers are protected, the premium rates are actuarially appropriate, or the risks associated with the submission are excessive;

(i) If the Board intends to disapprove the submission, the applicant will be notified in writing at least 30 days prior to the Board taking such action. The Board will provide the applicant with a written explanation for the intent to disapprove the submission.

(j) After written notice of intent to disapprove all or part of a submission has been provided by the Board, the applicant must provide written notice to the Board not later than 30 days after the Board provided such notice, if the submission will be modified. Except as provided in paragraph (j)(3) of this section, the applicant must also include an anticipated date that the modification will be provided to the Board. If the applicant does not respond within the 30-day period, the Board will send the applicant a letter stating the submission is disapproved.

(1) If the modification is in direct response to reviewer comments, the Board may act on the modification immediately or seek further review within the 30-day time period allowed.

(2) The Board will approve or disapprove a modified submission not later than 30 days after receiving a modified submission from the applicant, unless the applicant and the Board agree to a time delay. If a time delay is agreed upon, the time period during which the Board must act on the modified submission will not be in effect during the delay.

(3) The Board will disapprove a modified submission if:

(i) All causes for disapproval stated by the Board in its notification of intent to disapprove the submission are not satisfactorily addressed;

(ii) Insufficient time is available for review of the modified submission to determine whether all causes for disapproval have been satisfactorily addressed; or

§ 400.707

7 CFR Ch. IV (1-1-09 Edition)

(iii) Modification is so substantial that the Board determines that additional independent review is required and a time delay can not be agreed upon to allow for such review.

(k) A submission will be disapproved if the applicant does not present a modification of the submission to the Board on the date the applicant anticipated presenting the modification or does not request an additional time delay.

(l) If the Board fails to take action on a new submission within the prescribed 90-day period in paragraph (g) of this section, or within the time period in accordance with paragraph (e)(3) of this section after receiving the revised submission, such submission will be deemed approved by the Board for the initial reinsurance year designated for the submission. The Board must approve the submission for it to be available for any subsequent reinsurance year.

§ 400.707 Presentation to the Board for approval or disapproval.

(a) The Board will inform the applicant of the date, time, and place of the Board meeting.

(b) The applicant will be given the opportunity and is encouraged to present the submission to the Board in person. The applicant must confirm, in writing, whether the applicant will present the submission to the Board.

(c) If the applicant elects, at any time, not to present the submission to the Board, the Board will make its decision based on the submission and the reviews provided in accordance with § 400.706(b).

§ 400.708 Approved submission.

(a) After a submission is approved by the Board, and prior to it being made available for sale to producers, the following items, as applicable, must be completed:

(1) If FCIC requires, an agreement between the applicant and FCIC that specifies:

(i) The responsibilities of each with respect to the implementation, deliv-

ery and oversight of the submission; and

(ii) That the property rights to the submission automatically transfers to FCIC if the applicant elects not to maintain the submission and FCIC has paid any amounts under § 400.712.

(2) A reinsurance agreement if terms and conditions differ from the available existing reinsurance agreements.

(b) A submission approved by the Board under this subpart will be made available to all approved insurance providers under the same reinsurance and subsidy terms and conditions as received by the applicant.

(c) Any solicitation, sales, marketing, or advertising of the approved submission by the applicant before FCIC has made the submission and related materials available to all interested parties through its official issuance system will result in the denial of reinsurance, risk subsidy, and A&O subsidy for those policies affected.

[66 FR 47951, Sept. 17, 2001, as amended at 70 FR 44239, Aug. 2, 2005]

(i) Preparing and ensuring that all policy documents, rates of premium, and supporting materials, including actuarial documents, are submitted to FCIC in the form approved by the Board;

(ii) Annually updating and providing maintenance changes no later than 180 days prior to the earliest contract change date for the commodity in all counties or states in which the policy or plan of insurance is sold, unless FCIC assumes maintenance of the product;

(iii) Addressing responses to procedural issues, questions, problems or clarifications in regard to a policy or plan of insurance (all such resolutions will be communicated to all approved insurance providers through FCIC's official issuance system); and

(iv) Annually reviewing the policy's performance and providing a report on the policy's performance to the Board by each anniversary date of when the product was first available to be purchased by the public;

(2) Only the applicant may make changes to the policy, plan of insurance, or rates of premium approved by the Board (Any changes, both non-significant and significant, must be submitted to FCIC no later than 180 days prior to the earliest contract change date for the commodity in all counties or states in which the policy or plan of insurance is sold. Significant changes must be submitted to the Board for review in accordance with this subpart and will be considered as a new submission);

(3) Except as provided in paragraph (a)(4) of this section, the applicant is solely liable for any mistakes, errors, or flaws in the submitted policy, plan of insurance, their related materials, or the rates of premium that have been approved by the Board unless the policy or plan of insurance is transferred to FCIC. The applicant remains liable for any mistakes, errors, or flaws that occurred prior to transfer of the policy or plan of insurance to FCIC;

(4) If the mistake, error, or flaw in the policy, plan of insurance, their related materials, or the rates of premium is discovered not less than 45 days prior to the cancellation or termination date for the policy or plan of insurance, the applicant may request in writing that FCIC withdraw the approved policy, plan of insurance, or rates of premium:

(i) Such request must state the discovered mistake, error, or flaw in the policy, plan of insurance, or rates of premium, and the expected impact on the program; and

(ii) For all timely received requests for withdrawal, no liability will attach to such policies, plans of insurance, or rates of premium that have been withdrawn and no producer, approved insurance provider or any other person will have a right of action against the applicant; and

(5) Notwithstanding the policy provisions regarding cancellation, any policy, plan of insurance, or rates of premium that have been withdrawn by the applicant in accordance with paragraph (a)(4) of this section is deemed canceled and applications deemed not accepted as of the date that FCIC publishes the notice of withdrawal on its website at www.rma.usda.gov; and

(i) Approved insurance providers will be notified in writing by FCIC that the policy, plan of insurance, or premium rates have been withdrawn; and

(ii) Producers will have the option of selecting any other policy or plan of insurance authorized under the Act that is available in the area by the sales closing date for such policy or plan of insurance; and

(6) Failure of the applicant to perform the applicant's responsibilities may result in the denial of reinsurance for the policy or plan of insurance.

(b) With respect to FCIC:

(1) FCIC is responsible for:

(i) Conducting the best review of the submission possible in the time allowed;

(ii) Ensuring that all approved insurance providers receive the approved policy or plan of insurance, and related material, for sale to producers in a timely manner (All such information shall be communicated to all approved insurance providers through FCIC's official issuance system);

(iii) Ensuring that all approved insurance providers receive reinsurance under the same terms and conditions as the applicant (approved insurance providers should contact FCIC to obtain and execute a copy of the reinsurance agreement) if required; and

(iv) Reviewing the activities of approved insurance providers, agents, loss adjusters, and producers to ensure that they are in accordance with the terms of the policy or plan of insurance, the reinsurance agreement, and all applicable procedures;

(2) The Board may limit the availability of coverage, for any product developed under the authority of the Act and this regulation, on any farm or in any county or area;

(3) FCIC will not be liable for any mistakes, errors, or flaws in the policy, plan of insurance, their related materials, or the rates of premium and no cause of action will exist against FCIC as a result of such mistake, error, or flaw in a submission submitted under this subpart;

(4) If at any time prior to the cancellation date, FCIC discovers there is a mistake, error, or flaw in the policy, plan of insurance, their related materials, or the rates of premium, or any

§ 400.710

other reason for denial of reinsurance contained in § 400.706(h) exists, FCIC will deny reinsurance to such policy or plan of insurance. If reinsurance is denied, a written notice of the denial of reinsurance will be provided to the approved insurance providers;

(5) If reinsurance is denied under paragraph (b)(4) of this section, the approved insurance provider will have the option of:

(i) Selling and servicing the policy or plan of insurance at its own risk and without any subsidy; or

(ii) Canceling the policy or plan of insurance in accordance with its terms; and

(6) After maintenance of the policy or plan of insurance is transferred to FCIC, FCIC will be liable for any mistakes, errors, or flaws that occur after the date the policy or plan of insurance was transferred.

§ 400.710 Preemption and premium taxation.

A policy or plan of insurance that is approved by the Board for FCIC reinsurance is preempted from state and local taxation.

§ 400.711 Right of review, modification, and the withdrawal of reinsurance.

At any time after approval, the Board may review any policy, plan of insurance, related material, and rates of premium approved under this subpart and request additional information to determine whether the policy, plan of insurance, related material, and rates of premium comply with statutory or regulatory changes or court orders, are still actuarially appropriate, and protect program integrity and the interests of producers. The Board will notify the applicant of any problem or issue that may arise and allow the applicant an opportunity to make any needed change. The Board may deny reinsurance for the applicable policy, plan of insurance or rate of premium if the applicant:

(a) Fails to perform the responsibilities stated under § 400.709(a); or

(b) Does not satisfactorily provide materials or resolve any issue so that

necessary changes can be made prior to the earliest contract change date.

[70 FR 44240, Aug. 2, 2005]

§ 400.712 Research and development reimbursement, maintenance reimbursement, and user fees.

(a) For submissions approved by the Board for reinsurance under section 508(h) of the Act:

(1) If it is determined to be marketable by the Board, the submission may be eligible for a one-time payment of research and development costs and reimbursement of maintenance costs for up to four reinsurance years, as determined by the Board, after the date such costs have been approved by the Board.

(2) Reimbursement of research and development costs or maintenance costs will be considered as payment in full by FCIC for the submission.

(3) If the applicant elects at any time not to continue to maintain the submission, it will automatically become the property of FCIC and the applicant will no longer have any property rights to the submission.

(b) For submissions submitted to the Board for reinsurance after publication of the interim rule on September 17, 2001, an estimated amount of the total cost for reimbursement of research and development costs and maintenance costs must be included with the original submission to the Board in accordance with this section. These estimates will be used by FCIC to evaluate if the interests of producers are protected and to track potential expenditures and will not provide a basis for making any reimbursements under this section. Documentation of actual costs allowed under this section will be used to determine any reimbursement.

(c) To be eligible for any reimbursement under this section, FCIC must determine that a submission is marketable.

(d) To be considered for reimbursement of:

(1) Research and development costs, the total of the amount requested, and all supporting documentation, must be submitted to FCIC by electronic method or by hard copy and received by FCIC by August 1 immediately following the date the submission was

first available to be purchased by producers;

(2) Maintenance costs, the total of the amount requested, and all supporting documentation, must be submitted to FCIC by electronic method or by hard copy and received by FCIC by August 1 of each year of the maintenance period;

(3) The procedure and time-frame in paragraphs (d)(1) or (2) of this section, as applicable, must be followed or research and development costs and maintenance costs may not be reimbursed; and

(4) Given the limitation on funds, regardless of when the request is received, no payment will be made prior to September 15 of the applicable fiscal year.

(e) There are limited funds available on an annual fiscal year basis as contained in the Act. Therefore, requests for reimbursement will not be considered in the order in which they are received. Consistent with paragraphs (f), (g), (h), and (k) of this section, if all applicants' requests for reimbursement of research and development costs and maintenance costs in any fiscal year:

(1) Do not exceed the maximum amount authorized by law, the applicants may receive the full amount of reimbursement authorized under these paragraphs; and

(2) Exceed the amount authorized by law, each applicant's reimbursement will be determined by dividing the total amount of each individual applicants' reimbursable costs authorized in paragraphs (f), (g), (h), and (k) of this section by the total amount of the aggregate of all applicants' reimbursable costs authorized in paragraphs (f), (g), (h), and (k) of this section for that year and multiplying the result by the amount of reimbursement authorized under the Act.

(f) The amount of reimbursement for research and development costs, will be determined based on the amount of reimbursement authorized under paragraph (e) of this section, adjusted for the complexity of the policy, plan of insurance, or rates of premium, as determined by FCIC, and the size of the area in which the policy, plan of insurance, or rates of premium may be offered.

(1) Policies or plans of insurance that offer new and innovative coverages that are not currently available will be eligible for a higher reimbursement than policies or plans of insurance that are, or have components that are, based on existing policies or plans of insurance.

(2) Policies or plans of insurance that offer new premium rating or market price methodologies will be eligible for a higher reimbursement than policies or plans of insurance that use existing premium rating or market price methodologies.

(3) Policies or plans of insurance that cover new commodities that are not otherwise covered by crop insurance or that offer innovative coverage and original policy language will be eligible for a higher reimbursement than policies or plans of insurance for commodities for which insurance is currently available.

(4) Policies or plans of insurance that may be offered for sale nationwide or in large geographical regions will be eligible for higher reimbursement than those that are applicable to only a few counties or states or a small geographical region.

(5) Any reimbursement under this subpart will be scored as follows:

(i) Complexity scores:

(A) Basic or Common Provisions:

(1) Uses existing policies or plans of insurance: 0.05

(2) Contains modifications to existing policies or plans of insurance: 0.10

(3) Original (See paragraph (f)(3) of this section): 0.20

(xii) Copyright infringement claims resulting from the research, development, preparation or marketing of the policy;

(xiii) Costs of making program changes as a result of any mistakes, errors or flaws in the policy or plan of insurance; and

(xiv) Costs associated with building rents or space allocation.

(h) Requests for reimbursement of maintenance costs for submissions approved after September 17, 2001, must be supported by itemized statements and supporting documentary evidence for each reinsurance year in the maintenance period. Actual costs submitted will be examined for reasonableness and may be adjusted at the sole discretion of the Board. Maintenance costs for the following activities may be reimbursed:

(1) Expansion of the original submission into additional counties or states;

(2) Non-significant changes to the policy and any related material;

(3) Non-significant or significant changes to the policy as necessary to protect program integrity or as required by Congress; and

(4) Any other activity that qualifies as maintenance.

(i) If the applicant does not reasonably demonstrate that the submission meets the marketing plan or does not follow the criteria set forth in this regulation, the product may be withdrawn at the discretion of the Board and no further maintenance reimbursement will be paid.

(j) Not later than six months prior to the end of the last reinsurance year in which a maintenance reimbursement will be paid, as approved by the Board, the applicant must notify FCIC regarding its election of the treatment of the policy or plan of insurance for subsequent reinsurance years.

§ 400.712

7 CFR Ch. IV (1-1-09 Edition)

(1) The applicant must notify FCIC whether it intends to:

(i) Continue to maintain the policy or plan of insurance and charge approved insurance providers a user fee to cover maintenance expenses for all policies earning premium. It is the sole responsibility of the applicant to collect such fees from the approved insurance providers and any indebtedness for such fees must be resolved by the applicant and approved insurance provider. Applicants may request that FCIC provide the number of policies sold by each approved insurance provider. Such information will be provided not later than 90 days after such request is made or not later than 90 days after the requisite information has been provided to FCIC by the approved insurance provider, whichever is later; or

(ii) Transfer responsibility for maintenance to FCIC.

(2) If the applicant elects to:

(i) Continue to maintain the policy or plan of insurance, the applicant must submit a request for approval of the user fee by the Board at the time of the election; or

(ii) Transfer the policy or plan of insurance to FCIC, FCIC may at its sole discretion, continue to maintain the policy or plan of insurance or elect to withdraw the availability of the policy or plan of insurance.

(3) Requests for approval of the user fee must be accompanied by written documentation to support that the amount requested will only cover maintenance costs.

(4) The Board will approve the amount of user fee that is payable to the applicant by approved insurance providers unless the Board determines that the user fee charged:

(i) Is unreasonable in relation to the maintenance costs associated with the policy or plan of insurance; or

(ii) Unnecessarily inhibits the use of the policy or plan of insurance by other approved insurance providers.

(5) Reasonableness of the user fees will be determined by the Board based on a comparison with the amount of reimbursement for maintenance previously received, the number of policies, the number of approved insurance providers, and the expected total

amount of user fees to be received in any reinsurance year.

(6) A user fee unnecessarily inhibits the use of a policy or plan of insurance if it is so high that other approved insurance providers are unable to pay such fees because of the volume of business currently underwritten by the approved insurance provider.

(7) The user fee charged to each approved insurance provider will be considered payment in full for the use of such policy, plan of insurance or rate of premium for the reinsurance year in which payment is made.

(8) If the applicant does not notify FCIC at least six months prior to the last day of the last reinsurance year in which a maintenance reimbursement will be paid, as approved by the Board, ownership of the policy or plan of insurance will be automatically transferred to FCIC beginning with the next reinsurance year.

(k) The Board may consider information from the Equal Access to Justice Act, 5 U.S.C. 504, the Bureau of Labor Statistic's Occupational Employment Statistics Survey, the Bureau of Labor Statistic's Employment Cost Index, and any other information determined applicable by the Board, in making a determination whether to approve a submission for reimbursement of research and development costs, or maintenance costs under this section or the amount of reimbursement.

(l) For the purposes of this section, rights to, or obligations of, research and development cost reimbursement, maintenance cost reimbursement, or user fees cannot be transferred from any individual or entity unless specifically approved in writing by the Board.

(m) Notwithstanding the definition in §400.701, the maintenance period ends for an approved submission once the applicant no longer performs the maintenance responsibilities, as determined by FCIC, or the applicant gives FCIC notice they no longer wish to maintain the submission.

(n) Applicants requesting reimbursement for research and development costs, maintenance costs, or user fees, may present their request in person to

Federal Crop Insurance Corporation, USDA

§ 400.713 Nonreinsured supplemental (NRS) policy.

(a) Unless notified by FCIC, three hard copies, or an electronic copy in a format approved by RMA, of the new or revised NRS policy and related materials must be submitted to the Deputy Administrator, Research and Development (or successor), Risk Management Agency, 6501 Beacon Drive, Stop 0812, Kansas City, MO 64133-4676, at least 120 days prior to the first sales closing date applicable to the policy.

(b) FCIC will review the NRS policy to determine that it does not materially increase or shift risk to the underlying policy or plan of insurance reinsured by FCIC, reduce or limit the rights of the insured with respect to the underlying policy or plan of insurance, or cause disruption in the marketplace for products reinsured by FCIC.

(1) An NRS policy will be considered to disrupt the marketplace if it adversely affects the sales or administration of reinsured policies, undermines producers' confidence in the Federal crop insurance program, decreases the producer's willingness or ability to use Federally reinsured risk management products, or harms public perception of the Federal crop insurance program.

(2) The applicant, at a minimum, must provide worksheets and examples that establish liability and determine indemnities that demonstrate the performance of the NRS policy under differing scenarios. When the review is complete, FCIC will forward their findings to the applicant.

(c) If the approved insurance provider sells an NRS policy that RMA determines materially increases or shifts risk to the underlying FCIC reinsured policy, reduces or limits the rights of the insured with respect to the underlying policy, or causes disruption in the marketplace for products reinsured by FCIC, reinsurance, A&O subsidy and risk subsidy will be denied on the underlying FCIC reinsured policy for which such NRS policy was sold.

(d) FCIC will respond to the submitter not less than 60 days before the first sales closing date or provide notice why FCIC is unable to respond within the time frame allotted.

§ 400.714 Requests for the opportunity to offer a premium discount.

(a) To participate in the premium reduction plan, approved insurance providers must make a request to RMA for the opportunity to offer a premium discount for the reinsurance year in accordance with § 400.716.

(b) If RMA determines that the approved insurance provider is eligible for the opportunity to offer a premium discount under the premium reduction plan for the reinsurance year, the approved insurance provider will only be allowed to pay a premium discount if:

(1) The approved insurance provider has submitted the required information applicable for that reinsurance year in accordance with § 400.720;

(2) The approved insurance provider has demonstrated to RMA that it has operated sufficiently below its A & O subsidy to support the payment of such discount; and

(3) RMA has approved the dollar amount, and the corresponding percentage of net book premium, for the premium discount.

(c) For the 2006 reinsurance year:

(1) For an approved insurance provider with an approved SRA for the 2005 reinsurance year, requests for the opportunity to offer a premium discount must be received by RMA not later than August 4, 2005; and

(2) For an approved insurance provider that did not have an approved SRA for the 2005 reinsurance year and did not request such agreement until after the deadline contained in paragraph (c)(1) of this section, requests for the opportunity to offer a premium discount must be provided with the application for approval of a SRA.

(d) For all subsequent reinsurance years:

(1) For an approved insurance provider with an approved SRA for the previous reinsurance year, requests for the opportunity to offer a premium discount must be received by RMA not

§ 400.715

7 CFR Ch. IV (1-1-09 Edition)

later than April 1 before the reinsurance year, or the date RMA otherwise determines the Plan of Operations is due; and

(2) For an approved insurance provider that did not have an approved SRA for the previous reinsurance year and did not request such agreement until after the deadline contained in paragraph (d)(1) of this section, requests for the opportunity to offer a premium discount under the premium reduction plan must be provided with the application for approval of a SRA.

(e) Any request for the opportunity to offer a premium discount under the premium reduction plan that is not submitted by the applicable deadlines contained in paragraphs (c) and (d) will not be considered until the next reinsurance year.

(f) The request for the opportunity to offer a premium discount under the premium reduction plan must be sent to the Director, Reinsurance Services Division (or designee).

[70 FR 41919, July 20, 2005]

§ 400.715 Limitations and prohibitions.

(a) For the first two reinsurance years that RMA approves the payment of a premium discount, the approved insurance provider may not pay a premium discount under the premium reduction plan to a producer greater than 4.0 percent of the net book premium for the eligible crop insurance contract. For subsequent reinsurance years, the 4.0 percent of the net book premium for the eligible crop insurance contract will remain the maximum amount of premium discount authorized to be approved by RMA unless otherwise stated by RMA.

(b) All premium discounts must be based on an actual accounting of efficiencies achieved by the approved insurance provider for the reinsurance year and may not be distributed to policyholders until the payment and the amount of such discounts have been approved by RMA in writing in accordance with § 400.720.

(c) The approved insurance provider may not impose any term or condition upon the distribution or amount of any premium discount (such as conditioning the premium discount based upon the renewal of the eligible crop

insurance contract with the approved insurance provider or not having a loss for the crop year), except those included in §§ 400.714 through 400.722.

(d) Premium discounts under the premium reduction plan are not available for:

(1) Eligible crop insurance contracts at CAT level of coverage; and

(2) Ineligible producers.

(e) No approved insurance provider or its representatives, agents, employees or contractors may advertise or otherwise communicate to any producer the availability, potential availability, or existence of:

(1) The opportunity to offer a premium discount under the premium reduction plan until the approved insurance provider receives written notice from RMA that it is eligible for the opportunity to offer a premium discount;

(2) A specific amount of premium discount prior to such amount being approved in writing by RMA in accordance with § 400.720; and

(3) Past or projected ability of the approved insurance provider to operate at less than the approved insurance provider's A&O subsidy.

(f) After RMA has determined that the approved insurance provider is eligible for the opportunity to offer a premium discount in a State, the approved insurance provider and its representatives, agents, employees or contractors may advertise and communicate to producers that there is an opportunity for the approved insurance provider to offer a premium discount in that State and:

(1) If they advertise or otherwise communicate that there is an opportunity to offer a premium discount in that State, such advertisements or other communications:

(i) Can only state the dollar amounts or corresponding percentage of net book premium of premium discount actually paid to producers in the State for each reinsurance year for which the approved insurance provider paid a premium discount; and

(ii) Must contain a prominently displayed disclaimer that:

(A) States "The past payments of premium discounts are not a guarantee that future payments will be made or

Federal Crop Insurance Corporation, USDA

§ 400.716

an indication of the amount of future premium discounts''; or

(B) States a similar statement that must be approved in writing by RMA; and

(2) RMA may impose a sanction authorized in §400.719(j) if:

(i) RMA determines that the approved insurance provider or its representative, agent, employee or contractor is not in compliance with the provisions of this section; or

(ii) Any State regulatory authority determines that an approved insurance provider or its representatives, agents, employees or contractors has violated any State law regarding the advertising, marketing or solicitation of customers with respect to a premium discount under the premium reduction plan.

(g) The approved insurance provider shall not distribute any premium discount payment:

(1) Until the dollar amount, and corresponding percentage of net book premium, for the premium discount have been approved by RMA in writing (For example, RMA may approve a dollar amount of premium discount in a State of \$500,000, which corresponds to a percentage of premium discount of 3% of the net book premium for the State); and

(2) In an amount that is greater than the dollar amount, and corresponding percentage of net book premium, for the premium discount approved by RMA.

(h) If RMA approves a dollar amount, and corresponding percentage of net book premium, for the premium discount in a State:

(1) All producers insured by the approved insurance provider in that State for the corresponding reinsurance year will automatically receive that percentage of net book premium of premium discount (For example, if an approved insurance provider is approved to pay a percentage of premium discount of 3% of the net book premium for efficiencies attained during the 2006 reinsurance year in a State, all producers insured with that approved insurance provider during the 2006 reinsurance year in that State will receive a premium discount that is 3% of the

net book premium for their eligible crop insurance contract); and

(2) That same RMA approved premium discount percentage of net book premium must be paid for all crops, coverage levels except the CAT coverage level, and plans of insurance written by the approved insurance provider in that State.

(i) The approved insurance provider must be in compliance with all requirements of the approved procedures to be able to pay a premium discount.

With respect to the marketing plan, it must:

(1) Identify and utilize the appropriate media with the capacity to reach all producers, especially small producers, limited resource farmers as defined in section 1 of the Basic Provisions in 7 CFR 457.8, women and minority producers, in the State in which the premium reduction plan will be offered, such as advertising through farm journals, farm radio, community based organizations, etc.;

(2) Be in addition to any solicitation or advertising done by agents of the approved insurance provider; and

§ 400.717

(3) Contain a certification by the person responsible for signing the SRA that any cost saving measures will not result in a reduction in service to any producers, especially small producers, limited resource farmers as defined in section 1 of the Basic Provisions in 7 CFR 457.8, women and minority producers in the State in which the premium reduction plan will be offered.

(d) A report of the total dollar amount of premium discount and the corresponding premium discount percentage by State paid for the previous reinsurance year (Such report must be provided to RMA not later than 15 days after making the premium discount payments); and

§ 400.717 New approved insurance providers.

There may be instances where a new approved insurance provider is entering the crop insurance program for the first time and such approved insurance provider is not affiliated with an MGA, a TPA, another approved insurance provider, or any other entity that possesses the infrastructure necessary to deliver the crop insurance program, that is currently or has previously participated in the crop insurance program.

(a) In such instances, the one time start-up costs that are associated with entering the crop insurance business (*e.g.*, creation of a claims system, interface with RMA's data acceptance system, initial marketing costs, set up charges) must be included in the Expense Exhibits required by the SRA, or the applicable regulations or approved procedures, but the costs may be amortized in equal annual amounts for a period of up to three years for the purpose of determining the efficiency on the documents described in § 400.720, in a manner determined by RMA.

(b) If the approved insurance provider is affiliated with a MGA, a TPA, another approved insurance provider that previously participated in the crop insurance program but such MGA, TPA, or other approved insurance provider can demonstrate that it no longer has the infrastructure to operate the pro-

§ 400.718 RMA Review

If an insurance provider requests eligibility for the opportunity to offer a premium discount under the premium reduction plan:

(a) For the 2006 reinsurance year, RMA will notify the approved insurance provider not later than 30 days after the date the approved insurance provider submits its request for eligibility for the opportunity to offer a premium discount under a premium reduction plan, whether it is eligible.

(b) For all subsequent reinsurance years, RMA will notify the approved insurance provider at the same time it approves the Plan of Operations whether it is eligible.

(c) An approved insurance provider may be determined to be eligible for the opportunity to offer a premium discount under the premium reduction plan if, in the sole determination of RMA, all of the following criteria are met:

(1) All information required in § 400.716 is included in the request for the opportunity to offer a premium discount under the premium reduction plan;

(2) The marketing plan is designed to be effective at reaching all producers in the State, especially small producers, limited resource farmers as defined in section 1 of the Basic Provisions in 7 CFR 457.8, women and minority producers;

(3) The implementation of any activities to enable the approved insurance provider to pay a premium discount does not impede the approved insurance provider's ability to comply with all requirements of the approved procedures, law, and regulation;

(4) There must be a reasonable assurance that producers, especially small producers, limited resource farmers as defined in section 1 of the Basic Provisions in 7 CFR 457.8, women and minority producers, insured by the approved insurance provider will not experience a reduction in service;

(5) The insurance provider can demonstrate that it is operationally and financially capable and ready to serve, all producers in that State; and

(6) The approved insurance provider's resources, procedures, and internal controls are adequate to provide a premium discount under the premium reduction plan, make approved premium discount payments in a timely manner, prevent unfair discrimination, and comply with all applicable laws, regulations and approved procedures.

(d) If the approved insurance provider is determined by RMA to be eligible for the opportunity to provide a premium discount under the premium reduction plan, the approved insurance provider will be notified in writing by the Director, Reinsurance Services Division, or a designee or successor.

(e) Notification that an approved insurance provider is eligible for the opportunity to offer a premium discount under the premium reduction plan is not a guarantee that a premium discount payment will be approved by RMA for the reinsurance year. Approval of a premium discount cannot be provided by RMA until the actual A&O costs and A&O subsidy are reported for the reinsurance year and RMA determines that all the requirements of §§ 400.714 through 400.722 have been met.

[70 FR 41921, July 20, 2005]

§ 400.719 Terms and conditions for the Premium Reduction Plan.

The following terms and conditions apply to all approved insurance providers that RMA has determined are eligible for the opportunity to offer a premium discount under the premium reduction plan:

(a) RMA's determination that the approved insurance provider is eligible for the opportunity to offer a premium discount under the premium reduction plan will only be effective for one reinsurance year. Approved insurance providers must reapply each reinsurance year in accordance with §§ 400.714 through 400.716.

(b) All procedural issues, questions, problems or clarifications with respect to implementation of the premium reduction plan must be addressed by the

approved insurance provider by the deadline determined by RMA.

(c) The agents employed or under contract with an approved insurance provider that RMA has determined is eligible for the opportunity to offer a premium discount under the premium reduction plan must disclose to all producers, insured with the agent or inquiring about insuring with the agent, in writing the names of all approved insurance providers that the agent represents that RMA has determined are eligible for the opportunity to offer a premium discount under the premium reduction plan.

(d) The approved insurance provider must provide to the Director, Reinsurance Services Division semi-annual reports, or more frequent reports as determined by RMA, that, along with other information obtained by RMA, permit RMA to accurately evaluate the effectiveness of the approved insurance provider's implementation of the premium reduction plan, in the manner specified by RMA. At a minimum, each report must contain for each State listed by the approved insurance provider under § 400.716(b):

(1) The number of small producers, limited resource farmers as defined in section 1 of the Basic Provisions in 7 CFR 457.8, women and minority producers making application; and

(2) The number, substance, and final or pending resolution of complaints from producers regarding the service received under the premium reduction plan.

(e) RMA will monitor the approved insurance provider's efforts to market the premium reduction plan to small producers, limited resource farmers as defined in section 1 of the Basic Provisions in 7 CFR 457.8, women and minority producers.

(1) RMA may compare the composition of the approved insurance provider's book of business in a State with the composition of the books of business of other approved insurance providers in that State to assist in determining whether the marketing plan has been effective or there is credible evidence of unfair discrimination by the approved insurance provider or its agents.

(2) If at any time RMA determines that the marketing activities of the approved insurance provider are not effective in reaching small producers, limited resource farmers as defined in section 1 of the Basic Provisions in 7 CFR 457.8, women and minority producers or there is credible evidence of unfair discrimination by the approved insurance provider or its agents in any State listed by the approved insurance provider under § 400.716(b), RMA will take the appropriate action authorized in paragraph (j) of this section (Remedial measures may include additional targeted advertising by the approved insurance provider or other appropriate measures to ensure the insurance provider is adequately serving small producers, limited resource farmers as defined in section 1 of the Basic Provisions in 7 CFR 457.8, women and minority producers or that such unfair discrimination has been discontinued and corrective action taken).

(f) In no event shall RMA, FCIC or any other agency of the United States Government be liable for any damages caused by any mistakes, errors, misrepresentations, or flaws in the premium reduction plan or its implementation.

(g) If RMA approves a dollar amount, and corresponding percentage of net book premium, for the premium discount for a State in accordance with § 400.720, it will be applicable to the reinsurance year in which the efficiencies were attained and the approved insurance provider must pay that dollar amount, and corresponding percentage of net book premium, for the premium discount to its policyholders in that State for that reinsurance year. If the approved insurance provider fails to pay this amount, the approved insurance provider:

(1) Will not be eligible for the opportunity to offer a premium discount for the reinsurance year immediately following RMA's approval of the payment of a premium discount; and

(2) Must disclose in all its promotional and advertising material that it was approved to pay a premium discount by RMA but elected not to pay such discount, unless approval to pay the premium discount was withdrawn by RMA, for the next two reinsurance

years subsequent to the failure to pay the premium discount.

(h) For policyholders that were insured with the approved insurance provider in the reinsurance year from which the approved premium discount is applicable but are not currently insured with the approved insurance provider, any premium discount payments must be sent to the last known address of the policyholder.

(i) The approved insurance provider and its representatives, agents, employees and contractors must fully cooperate with RMA and any State or Federal government agencies in any review of the operations or activities of the approved insurance provider and its representatives, agents, employees and contractors, with respect to the premium reduction plan.

(j) At its sole discretion and upon written notice, RMA may withdraw a determination of eligibility for the opportunity to offer a premium discount under the premium reduction plan or approval of all or a part of a premium discount payment, preclude eligibility for the opportunity to offer a premium discount, or otherwise participate, under the premium reduction plan for a period determined by RMA commensurate with offense, take such other actions as authorized under the SRA, or require appropriate remedial measures as determined by RMA, if RMA determines that:

(1) Any approved insurance provider or its representative, agent, employee or contractor has failed to comply with any term or condition contained in 7 CFR 400.714 through 400.721; or

(2) The payment of a premium discount could adversely affect the financial or operational stability of the approved insurance provider, its MGA or TPA as required by applicable regulations or approved procedures.

(k) The insurance provider may be held solely responsible for the actions of its representatives, agents, employees or contractors with respect to any violation of any term or condition contained in §§ 400.714 through 400.721 or action under paragraph (j) of this section may be taken individually against

the insurance provider or its representatives, agents, employees or contractors.

§ 400.720 Standards for approval of a premium discount.

For approval of a premium discount:

(a) If the approved insurance provider intends to offer a premium discount in a State listed by the approved insurance provider under § 400.716(b) based on efficiencies attained during the reinsurance year, the approved insurance provider must, not later than December 31 after the annual settlement for the reinsurance year, submit to RMA:

(1) An audit, in a format approved by RMA, of the Expense Exhibits provided with the Plan of Operations, and the estimated A&O costs for the reinsurance year that were not included in such Expense Exhibits, certified by an independent certified public accountant with experience in insurance accounting, who must certify to the accuracy and completeness of the costs stated therein and the Expense Exhibits' conformance with the requirements of the SRA (The costs associated with such audit and certification will be at the approved insurance provider's expense and must be included in the approved insurance provider's A&O costs for the purposes of determining an efficiency);

(2) A detailed description of all profit sharing arrangements that the approved insurance provider claims are not to be included as compensation (RMA reserves the right to request copies of such profit sharing contracts or other agreements); and

(b) RMA will use the Expense Exhibits required to be submitted as part of the Plan of Operations to determine:

(1) Whether the approved insurance provider's A&O costs were less than its A&O subsidy for the reinsurance year for the entire book of business; and

(2) The actual dollar amount of efficiency attained by the approved insurance provider for the reinsurance year for each State where the approved in-

surance provider was eligible for the opportunity to offer a premium discount under the premium reduction plan. The dollar amount of efficiency and the dollar amount, and corresponding percentage of net book premium, for the premium discount must be prepared and submitted in accordance with approved procedures.

(i) For the 2006 reinsurance year, such approved procedures will be issued within 5 days after July 20, 2005; and

(ii) For all subsequent reinsurance years, such procedures will remain in effect unless revised and if such approved procedures will be revised, these approved procedures will be issued not later than January 1 before the start of the reinsurance year.

(c) For each State listed by the approved insurance provider under § 400.716(b) for which the insurance provider requests approval to pay a premium discount, RMA will compare the dollar amount, and corresponding percentage of net book premium, for the premium discount determined in accordance with applicable approved procedures with the dollar amount, and corresponding percentage of net book premium, for the premium discount submitted by the approved insurance provider.

(d) RMA may approve the dollar amount, and corresponding percentage of net book premium, for the premium discount submitted by the approved insurance provider if and to the extent that:

(1) The dollar amount, and corresponding percentage of net book premium, for the premium discount submitted by the approved insurance provider does not exceed the dollar amount, and corresponding percentage of net book premium, for the premium discount determined by RMA in accordance with paragraph (b) of this section; and

(2) If all other requirements of §§ 400.714 through 400.722 have been met.

(e) If the dollar amount, and corresponding percentage of net book premium, for the premium discount submitted by the approved insurance provider exceeds the dollar amount, and corresponding percentage of net book premium, for the premium discount determined by RMA in accordance with

§ 400.721

7 CFR Ch. IV (1–1–09 Edition)

paragraph (b) of this section, the approved insurance provider will be limited to paying the dollar amount, and corresponding percentage of net book premium, for the premium discount determined by RMA.

§ 400.721 Determinations and reconsiderations.

(a) If RMA takes any action authorized in § 400.719(j), the Director, Reinsurance Services Division, or a designee or successor will notify the approved insurance provider or its representatives, agents, employees or contractors against whom such action is taken, as applicable, in writing:

- (1) Of the action taken;
- (2) The date such action is effective; and
- (3) The basis for such action.

(b) If eligibility for the opportunity to offer a premium discount, or to participate, under the premium reduction plan is withdrawn, the approved insurance provider or agent, as applicable, must notify its policyholders it is no longer eligible to offer a premium discount, cease any advertising or other communication regarding a premium discount effective for the next sales closing date, and no premium discount may be distributed to any producer of the insurance provider or agent, as applicable, for the reinsurance year.

(c) If notice is provided under paragraph (a) of this section to an approved insurance provider or its representatives, agents, employees or contractors:

- (1) The approved insurance provider or its representatives, agents, employees or contractors, as applicable, may request, in writing, reconsideration of the decision with the Deputy Administrator of Insurance Services, or a designee or successor, within 30 days of the date stated on the notice provided in paragraph (a) of this section;
- (2) Such request must provide a detailed narrative of the basis for reconsideration; and
- (3) The Deputy Administrator of Insurance Services, or a designee or successor will issue its reconsideration decision not later than 45 days after receipt of the request for reconsideration.

(d) Reconsideration decisions issued in accordance with paragraph (c) of this section are considered as final administrative determinations rendered under § 400.169(a) and if the approved insurance provider or its representatives, agents, employees or contractors who received such reconsideration decision disagrees with this final administrative determination, it may appeal in accordance with § 400.169(d).

(e) If eligibility to offer a premium discount plan has been withdrawn by RMA under § 400.719(j), the approved insurance provider may request eligibility for the opportunity to offer a premium discount for the next applicable reinsurance year if the condition which was the basis for such withdrawal has been remedied.
