

§9.52

immediate threat of significant injury to federally-owned or controlled lands or waters, the operator will be notified in writing by the Superintendent and will be given ten (10) days to correct the violation; if the violation is not corrected within ten (10) days, approval of the plan of operations will be suspended until such time as the violation is corrected.

(2) If the violation poses an immediate threat of significant injury to federally-owned or controlled lands or waters, approval of the plan of operations will be immediately suspended until such time as the violation is corrected. The operator will be notified in writing within five (5) days of any suspension and shall have the right to appeal that decision under §9.48.

(3) Failure to correct any violation or damage to federally owned or controlled lands, waters or resources caused by such violations will result in revocation of plan of operations approval.

§9.52 Public inspection of documents.

(a) When a Superintendent receives a request for permission for access on, across or through federally-owned or controlled lands or waters for the purpose of conducting operations, the Superintendent shall publish a notice of this request in a newspaper of general circulation in the county(s) in which the lands are situated, or in such publications as deemed appropriate by the Superintendent.

(b) Upon receipt of the plan of operations in accordance with §9.35(c), the Superintendent shall publish a notice in the FEDERAL REGISTER advising the availability of the plan for public review and comment. Written comments received within thirty (30) days will become a part of the official record. As a result of comments received or if otherwise deemed appropriate by the Superintendent, he may provide additional opportunity for public participation to review the plan of operations.

(c) Any document required to be submitted pursuant to the regulations in this Subpart shall be made available for public inspection at the office of the Superintendent during normal

36 CFR Ch. I (7-1-11 Edition)

business hours, unless otherwise available pursuant to §9.51(b). This does not include those records only made available for the Superintendent's inspection under §9.41 of this Subpart or those records determined by the Superintendent to contain proprietary or confidential information. The availability of such records for inspection shall be governed by the rules and regulations found at 43 CFR part 2.

Subpart C [Reserved]

Subpart D—Alaska Mineral Resource Assessment Program

AUTHORITY: 16 U.S.C. 410hh; 16 U.S.C. 3101, *et seq.*; 16 U.S.C. 1, *et seq.*; 16 U.S.C. 347; 16 U.S.C. 410bb; 16 U.S.C. 431; 16 U.S.C. 1131 *et seq.*

SOURCE: 56 FR 22652, May 16, 1991, unless otherwise noted.

§9.80 Purpose.

These regulations govern the conduct of the mineral resource assessment activities authorized under §1010 of the Alaska National Interest Lands Conservation Act (ANILCA), 16 U.S.C. 3101, *et seq.*, in units of the National Park System in Alaska. The regulations are designed to ensure that authorized Federal agencies and their contractors carry out mineral resource assessment activities in an environmentally sound manner that does not result in lasting environmental impacts that appreciably alter the natural character of the units, or biological or ecological systems in the units; is compatible with the purposes for which the units are established; and ensures that all units are left unimpaired and preserved for the enjoyment of present and future generations.

§9.81 Scope and applicability.

These regulations apply to all activities conducted by authorized agencies and their contractors on public lands in units of the National Park System in Alaska under the Alaska Mineral Resource Assessment program (AMRAP) as authorized by section 1010

National Park Service, Interior

§ 9.84

of ANILCA. AMRAP activities conducted under this subpart shall be performed in accordance with ANILCA, the regulations in this subpart, the terms and conditions of an approved permit, and other applicable statutes and regulations, and amendments thereto.

§ 9.82 Definitions.

The terms used in this subpart shall have the following meaning:

(a) *AMRAP* means the Alaska Mineral Resource Assessment Program authorized by section 1010 of the Alaska National Interest Lands Conservation Act of 1980 (ANILCA), 16 U.S.C. 3150.

(b) *AMRAP Activities* means any project, method, technique or other activity incidental to mineral resource assessments conducted by authorized AMRAP agencies or their contractors in units of the National Park System in Alaska pursuant to section 1010 of ANILCA under an approved permit. AMRAP activities include access into, across, through, or over a unit of the National Park System for the conduct of those activities. Only mineral resource assessment methods or techniques that do not result in lasting impacts on park resources and values may be permitted as AMRAP activities. Mineral resource assessment techniques may include aerial photography; remote sensing; hand-sampling of geologic materials; hand-sampling or hand-augering methods for geochemical analyses; and geophysical techniques such as magnetic, electrical, electromagnetic, chemical, radioactive, and gravitational methods. Mineral resource assessment activities may be permitted as long as:

- (1) No explosives are used,
- (2) They are consistent with § 9.86 of this subpart, and
- (3) They are consistent with the provisions of the Wilderness Act of 1964 (16 U.S.C. 1131 *et seq.*) and National Park Service policies concerning wilderness management and the use of motorized equipment in wilderness areas.

Core and test drilling, including exploratory drilling of oil and gas test wells, are explicitly prohibited as AMRAP activities in units of the National Park System.

(c) *AMRAP agencies* means those agencies of the U.S. Department of the Interior that are authorized by the Secretary to perform mineral resource assessment activities pursuant to section 1010 of ANILCA.

(d) *Superintendent* means the Superintendent, or his/her designee, of the unit of the National Park System in Alaska where AMRAP activities are conducted or proposed to be conducted.

[56 FR 22652, May 16, 1991, as amended at 60 FR 55791, Nov. 3, 1995; 62 FR 30234, June 3, 1997]

§ 9.83 Coordination of AMRAP activities in National Park System units.

(a) To facilitate compliance with this Subpart, each AMRAP agency will designate a coordinator for AMRAP activities in Alaska who will be the central point of communications with the NPS. The AMRAP agency is responsible for notifying the Regional Director of such designation.

(b) By January 1 of each year, the designated coordinators for the AMRAP agencies will, in consultation with the Regional Director, schedule an interagency meeting to be held by January 31 of each year. Representatives of the AMRAP agencies and the NPS will meet to develop a mutually agreeable schedule of AMRAP projects and activities in Alaska units of the National Park System. Where practicable, AMRAP agencies will consolidate their field activities, including access and field camps, to minimize disturbance to park resources and values.

§ 9.84 Application requirements.

(a) By February 15 of each year, the designated coordinator of each AMRAP agency will forward to the Regional Director an application pursuant to § 9.84(b) for proposed AMRAP projects and activities discussed and reviewed at the annual coordination meeting held under § 9.83(b). Applications requiring additional information will be promptly returned to, or discussed with, the coordinator of the involved AMRAP agency to resolve any deficiencies.

(b) Applications will be submitted in a form and manner prescribed by the Regional Director and will contain at a minimum:
