§ 102-74.565

uses will not interfere with Government business. When public areas are used by permittees after normal working hours, Federal agencies must lock, barricade or identify by signs, as appropriate, all adjacent areas not approved for such use to restrict permittees' activities to approved areas.

SERVICES AND COSTS

§ 102-74.535 What items may Federal agencies provide to permittees free of charge?

Federal agencies may provide to permittees at no cost—

(a) Space; and

(b) Services normally provided at the building in question during normal hours of building operation, such as security, cleaning, heating, ventilation, and air-conditioning. The Regional Officer must approve an applicant's request to provide its own services, such as security and cleaning, prior to permit approval.

§ 102-74.540 What are the items for which permittees must reimburse Federal agencies?

Permittees must reimburse Federal agencies for services over and above those normally provided during normal business hours. Federal agencies may provide the services free of charge if the cost is insignificant and if it is in the public interest.

§ 102-74.545 May permittees make alterations to the public areas?

Permittees must not make alterations to public areas, except with the prior written approval of the Federal agency buildings manager. Federal agencies must not approve such alterations unless the Federal agency determines that the proposed alterations to a building should be made to encourage and aid in the proposed use. Permittees making alterations must ensure the safety of users and prevent damage to property.

§ 102-74.550 What items are permittees responsible for furnishing?

Permittees are responsible for furnishing items such as tickets, audio-visual equipment, and other items that are necessary for the proposed use.

§ 102-74.555 What rules of conduct must all permittees observe while on Federal property?

Permittees are subject to all rules and regulations governing conduct on Federal property as set forth in subpart C of this part. In addition, a permittee must—

(a) Not misrepresent his or her identity to the public;

(b) Not conduct any activities in a misleading or fraudulent manner;

(c) Not discriminate on the basis of race, creed, religion, age, color, disability, sex, or national origin in conducting activities;

(d) Not distribute any item, nor post or otherwise affix any item, for which prior written approval under § 102-74.415 has not been obtained;

(f) Not engage in activities that would interfere with the preferences afforded blind licensees under the Randolph-Sheppard Act (20 U.S.C. 107); and

(g) Display identification badges while on Federal property, if engaging in the solicitation of funds as authorized by § 102-74.475. Each badge must indicate the permittee's name, address, telephone number, and organization.

NON-AFFILIATION WITH THE GOVERNMENT

§ 102-74.560 May Federal agencies advise the public of the presence of any permittees and their non-affiliation with the Federal Government?

Yes, Federal agencies reserve the right to advise the public through signs or announcements of the presence of any permittees and of their non-affiliation with the Federal Government.

Subpart E—Installing, Repairing, and Replacing Sidewalks

§ 102-74.565 What is the scope of this subpart?

In accordance with 40 U.S.C. 589, Federal agencies must comply with the real property policies in this subpart governing the installation, repair and replacement of sidewalks around buildings, installations, properties, or

§ 102-74.570

grounds under the control of Executive agencies and owned by the United States.

§ 102-74.570 Are State and local governments required to fund the cost of installing, repairing, and replacing sidewalks?

No, the Federal Government must fund the cost of installing, repairing, and replacing sidewalks. Funds appropriated to the agency for installation, repair, and maintenance, generally, must be available for expenditure to accomplish the purposes of this subpart.

§ 102-74.575 How do Federal agencies arrange for work on sidewalks?

Upon approval from GSA, Federal agencies may—

(a) Authorize the appropriate State or local government to install, repair and replace sidewalks, or arrange for this work, and reimburse them for this work; or

(b) Contract or otherwise arrange and pay directly for installing, repairing and/or replacing sidewalks.

§ 102-74.580 Who decides when to replace a sidewalk?

Federal agencies, giving due consideration to State and local standards and specifications for sidewalks, decide when to install, repair or replace a sidewalk. However, Federal agencies may prescribe other standards and specifications for sidewalks whenever necessary to achieve architectural harmony and maintain facility security.

Subpart F—Telework

§ 102-74.585 What Federal facility telework policy must Executive agencies follow?

Executive agencies must follow these telework policies:

(a) In accordance with Section 359 of Public Law 106-346, each Executive agency must establish a policy under which eligible employees of the agency may participate in telecommuting to the maximum extent possible without diminished employee performance. Public 106-346 became effective on October 23, 2000, and required the Director of the Office of Personnel Management

41 CFR Ch. 102 (7-1-12 Edition)

(OPM) to ensure the application and implementation of Section 359 to 25 percent of the Federal workforce by April 2001, and to an additional 25 percent of such workforce each year thereafter. Thus, the law provides that its requirements must be applied to 100 percent of the Federal workforce by April 2004.

(b) In accordance with 40 U.S.C. 587, when considering whether to acquire any space, quarters, buildings, or other facilities for use by employees of any Executive agency, the head of that agency shall consider whether the need for the facilities can be met using alternative workplace arrangements.

§ 102-74.590 What steps must agencies take to implement these laws and policies?

(a) As interpreted by OPM Memorandum to agencies (February 9, 2001), Public Law 106-346 instructs Federal agencies to—

(1) Review telework barriers, act to remove them, and increase actual participation;

(2) Establish eligibility criteria; and

(3) Subject to any applicable agency policies or bargaining obligations, allow employees who meet the criteria and want to participate the opportunity if they are satisfactory performers.

(b) 40 U.S.C. 587 requires agencies considering the acquisition of facilities for use by Federal employees to consider whether the facility need can be met using alternative workplace arrangements, such as telecommuting, hoteling, virtual offices, and other distributive work arrangements. If the agency needs assistance in this investigation and/or subsequent application of alternative workplace arrangements, GSA will provide guidance, assistance, and oversight, as needed, regarding establishment and operation of alternative workplace arrangements.

(c) Agencies evaluating alternative workplace arrangements should also make these evaluations in coordination with Integrated Workplace policies and strategies. See § 102-79.110.
