

For instance, one county, Franklin, had 19.6 percent growth over the last 8 years. My home county, 18.9; Lee County, 17.1, Nash, 17.3. They are all rural counties in transition and property taxes are under a burden. Wade County, the capital county, right at 30 percent. They are welcoming anywhere from 4,000 to 6,000 students this fall, and they have done it for the last several years. That is true across America. The pressure is getting so great out there, and this is a way we can be a help.

Mr. Speaker, the Republican leadership is putting the final touch, and as we heard already, has already put their touches on the final tax bill. We will find out tomorrow morning if they really care about making sure the children in this country have an opportunity for a decent place to go to school. Because if you are in a cold environment in the winter and a hot environment in the summer, and the building roofs leak and the wind blows through the walls, you can talk all you want to about quality education, and then we wonder why we cannot recruit teachers and retain teachers. You do not have to be very bright to figure that out. Business figured that out a long time ago. They provide a good environment for their employees and quality training.

We can do something about it. It is within our goal. We stood in line today to sign the Rangel bill to make sure we got a discharge petition. Today my colleagues are working on it.

Mr. Speaker, I know our time is about to expire. Let me thank my two colleagues from California for joining me this evening. On behalf of the children of America, who only have us to speak for them, because they do not vote, and some of their parents do not take the opportunity to vote, I thank you for coming this evening and sharing and getting into the record the importance of school construction and opportunities for our children.

JOINT EXPLANATORY STATEMENT OF THE COMMITTEE ON CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendments of the Senate to the bill (H.R. 1905) making appropriations for the Legislative Branch for the fiscal year ending September 30, 2000, and for other purposes, submit the following joint statement to the House and Senate in explanation of the effect of the action agreed upon by the managers and recommended in the accompanying conference report.

Amendment No. 1: Inserts appropriations for operations of the Senate. With respect to those items in the conference agreement that differ between House and Senate bills, the conferees have agreed to the following:

At the request of the managers on the part of the House, the conferees agree to amend several provisions relating to the House of Representatives. The conference agreement appropriates \$760,884,000, and adjusts a receipt ceiling applicable to House Information Resources, for salaries and expenses, House of Representatives. It also amends two House administrative provisions included in the House bill. One amendment removes an inconsistent reporting requirement and the other clarifies a provision regarding the House General Counsel regarding its status as permanent law. Inasmuch as this item relates solely to the House, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the Senate, at

the request of the managers on the part of the House, have receded to the House.

Amendment No. 2: Deletes several provisions of the House bill and inserts substitute provisions. Many items in both House and Senate bills are identical and are included in the conference agreement without change. The conferees agree with the report language accompanying the regular House and Senate fiscal year 2000 appropriations bills unless otherwise stated herein. With respect to those items in the conference agreement that differ between House and Senate bills, the conferees have agreed to the following:

JOINT ITEMS

JOINT COMMITTEE ON TAXATION

Appropriates \$6,456,400 for the Joint Committee on Taxation as proposed by the Senate instead of \$6,188,000 as proposed by the House. The funds will support 66.5 FTE's.

JOINT COMMITTEE ON THE LIBRARY

The conference agreement deletes funds for the Joint Committee on the Library instead of \$500,000 as proposed by the Senate.

CAPITOL POLICE BOARD

CAPITOL POLICE
SALARIES

Appropriates \$78,501,000 for salaries of officers, members, and employees of the Capitol Police as proposed by the House instead of \$80,783,000 as proposed by the Senate, of which \$37,725,000 is provided to the Sergeant at Arms of the House of Representatives and \$40,776,000 is provided to the Sergeant at Arms and Doorkeeper of the Senate. In addition, the Capitol Police have \$2,282,000 in savings available from the fiscal year 99 Security Enhancements supplemental.

GENERAL EXPENSES

Appropriates \$6,574,000 for general expenses of the Capitol Police instead of \$6,711,000 as proposed by House and \$7,913,000 as proposed by the Senate. The funds provided include \$650,000 for travel, \$5,000 for transportation of things, \$138,000 for rent, communications and utilities, \$635,000 for additional computer and telecommunications needs, \$2,374,000 for all other services, \$1,299,000 for supplies, and \$1,473,000 for equipment. With respect to vehicles, the conferees recognize the need of the Capitol Police to upgrade and possibly expand their existing fleet of motorcycles to help fulfill their security mission, and provide \$103,000 for that purpose from existing funds. The conferees direct the Capitol Police to study options that will enable the purchase of American-made motorcycles that meet the Department's security mission and report their findings to the House and Senate Committees on Appropriations.

With respect to the computer and telecommunications project, \$635,000 are provided to begin taking over communications activities and relieving the Senate Sergeant at Arms from the need to support those activities. Of the \$635,000, \$400,000 is not available until released by the Committees on Appropriations. The balance is available for telecommunications needs. The \$635,000 is provided to begin a transition from Sergeant at Arms support of police information technology and the necessary infrastructure. During the transition the Senate Sergeant at Arms will continue to provide necessary assistance required by the Capitol Police. The draft Information Technology (IT) plan recently submitted is an excellent start in the planning needed to undertake this activity. The draft is a well developed professional IT plan and gives the Committees assurances that the Capitol Police are reaching the point of having the ability to take on these tasks. However, more planning is needed in the area of relating specific IT needs and systems to the mission of the Capitol Police.

The plan should include identification of infrastructure specifics (hardware and systems) as they relate to the police mission. Further development of the plan should be submitted to the Committees on Appropriations and the authorizing Committees. The police are urged to continue their consultation with the General Accounting Office.

The conferees agree with the language in the House bill transferring the disbursement authority from the Chief Administrative Officer of the House of Representatives to the Capitol Police Board or its delegatee. This transfer of authority is for the General Expenses fund only, and will not change or impact the current appointing authorities or disbursement entities for salary funds in the House or Senate.

CAPITOL GUIDE SERVICE AND SPECIAL SERVICES OFFICE

Appropriates \$2,293,000 for the Capitol Guide Service and Special Services Office as proposed by the House instead of \$2,336,000 as proposed by the Senate.

The conferees have included an administrative provision authorizing the Congressional Budget Office to make lump sum payments for staff recruitment and bonuses as proposed by the House. The payments will not exceed one percent of CBO's annual pay roll. The conferees deleted a provision proposed by the House authorizing a change in the pay level for the Director and the Deputy Director of CBO.

The conferees have provided \$500,000 for the Architect of the Capitol's (AOC) implementation of an interim financial management system (FMS), making \$1.2 million available for the system including amounts already appropriated. The Architect has developed system requirements and has explored several alternatives with an FMS steering committee comprised of AOC staff and members of the Legislative Branch Financial Manager's Council (LBFMC). AOC believes that cross-servicing for a client server based system will maximize functionality while minimizing implementation risks. While all members of the steering committee agree that a client server based system will provide maximum flexibility and functionality, there are some members of the committee who believe that the cost is high for an interim system and could exceed the AOC's estimate of \$2.8 million. While the conferees have not taken a formal position, it is agreed that the Architect should proceed with an interim system. Funding is provided to permit a phased implementation where the initial steps would include the Government Wide Standard General Ledger and would allow additional capabilities to be added in an orderly, phased process. This will allow the AOC to begin implementing a system that will permit the integration of existing management systems into its FMS while making progress toward meeting its long-term financial management system goals. The conferees direct that the Architect ensure that the system selected is clearly interim in nature and compatible with the overall Legislative Branch goal of a common financial management system in the future. The conferees also expect that the existing steering committee will remain actively involved in the implementation of the AOC system and that the LBFMC will play a role in the process of moving to a new FMS. The Architect is directed to prepare a system implementation plan that reflects phasing in additional system modules and submit that plan to House and Senate Appropriations Committees as part of the fiscal year 2001 budget submission.

The conferees also agree with language in the House report reminding the Architect of the Capitol that construction funds shall only be requested for projects that have been 100% designed. Further, the Senate report di-

rects the Architect of the Capitol to coordinate with the Senate Sergeant at Arms on any improvements or changes in information technology regarding the Senate.

HOUSE OFFICE BUILDINGS

At the request of the managers on the part of the House, the conference agreement appropriates \$37,279,000 as proposed by the House instead of \$40,679,000 as proposed by the Senate to the Architect of the Capitol for House office buildings, of which \$4,442,000 shall remain available until expended as proposed by the House instead of \$7,842,000 as proposed by the Senate. Inasmuch as this item relates solely to the House, and in accord with long practice under which each body determines its own housekeeping requirements and the other concurs without intervention, the managers on the part of the Senate, at the request of the managers on the part of the House, have receded to the House.

Amendment No. 3: Deletes several provisions of the House bill and inserts substitute provisions. Many items in both House and Senate bills are identical and are included in the conference agreement without change. The conferees agree with the report language accompanying the regular House and Senate fiscal year 2000 appropriations bills unless otherwise stated herein. The conferees agree with language in the House report authorizing the Library to expend funds out of current resources to conduct a transit-fare program, as authorized by the federal Employees Clean Air Incentive Act of 1993, comparable (including the same level of transit-fare) to the program implemented for employees of the House of Representatives.
