

plan, but they should not be forced into making that tough decision by May 15.

It is time House Republicans stand up and support America's seniors. Reject the President's prescription drug tax. And as we mark off another day on the calendar, Republicans only have 18 days to make the right decision.

#### ASK THE LIBERALS WHY WE ARE PAYING HIGHER PRICES AT THE PUMP

(Mrs. BLACKBURN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. BLACKBURN. Mr. Speaker, our constituents are asking exactly the right question: Why are gas prices so high?

Well, I will tell you. There are liberal Members of this body for the past three decades that have voted to prevent domestic exploration for oil. They have also worked to make it virtually impossible to build new refineries, and they have succeeded. We have not built a new refinery in this country since 1976.

This week we have watched the Democrats stand around wringing their hands about high gas prices and blaming every Republican in sight. But this is not a partisan issue, it is an American issue, and people need to know the truth is in the voting.

Last year we passed the GAS Act with not a single Democratic vote in the House. Not one. That bill would have streamlined the overly burdensome permitting and regulatory work that goes into getting a refinery. It would have made price gouging a Federal crime. The bill got no liberal support here in the House. Now it is in the Senate.

Americans have only to ask the liberals why they are paying so much at the pump.

#### UNDERAGE DRINKING

(Ms. ROYBAL-ALLARD asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. ROYBAL-ALLARD. Mr. Speaker, April is Alcohol Awareness Month. Therefore, I want to highlight the crisis of underage drinking in this country.

Every month 11 million youth between the ages of 12 and 20 drink alcohol. Each day over 5,000 kids under the age of 16 take their first drink. Research has shown that these kids are significantly more likely than those who do not drink to become alcoholics, use marijuana, and try cocaine.

Alcohol is also known to impact adolescent brain development and increase risk-taking behavior that results in at least nine teenage deaths a day.

To address this crisis, I sponsored the STOP Act, which makes permanent the national antiunderage drinking media campaign, which is directed at those

who have the greatest influence over children: their parents. The bill provides grants to combat underage drinking in our communities and establishes a report card to track States' efforts.

I encourage my colleagues to help stop underage drinking by sponsoring the STOP Act and passing it into law.

#### ENFORCE OUR IMMIGRATION LAWS

(Mr. KELLER asked and was given permission to address the House for 1 minute.)

Mr. KELLER. Mr. Speaker, I rise today to urge our government to start enforcing our immigration laws dealing with alien smuggling.

It is a felony, punishable by a minimum of 3 years in prison, to bring an alien into the United States for financial gain. These alien smugglers, also called "coyotes," get approximately \$1,500 per illegal immigrant smuggled into the U.S.

On my recent trip to the Mexico border, Border Patrol agents in California told me they have arrested the same coyotes 20 times, but they are not prosecuted. The pathetic failure of the U.S. attorney in San Diego to prosecute alien smugglers who have been arrested 20 times is a demoralizing slap in the face to Border Patrol agents who risk their lives every day. This U.S. attorney has, however, recently prosecuted someone for selling a Mark McGwire baseball card with a forged signature.

Here is a tip: Stop worrying about baseball cards and start worrying about our national security and enforcing our immigration laws.

#### PRICE GOUGING

(Mr. LYNCH asked and was given permission to address the House for 1 minute.)

Mr. LYNCH. Mr. Speaker, today around the country we see rising prices for American consumers at the pump and for heating costs at home. As the price of gas has doubled, profits for Big Oil and gas companies have tripled, and while at the same time American families' incomes have remained stagnant.

Instead of additional handouts to big oil companies, we need to take steps to keep gas prices down. Simply put, we need to crack down on price gouging.

The Democrats have a good idea on this one. Congressman STUPAK from Michigan has an anti-price-gouging bill that will not only address the issue of price gouging, but will also give Federal agencies the authority to prosecute oil companies engaged in such practices involving gasoline, home heating oil, and natural gas.

That is why I urge the Republican leadership to do the right thing. Bring this legislation to the floor. The American people cannot afford to wait any longer, and this Congress needs to act.
