

## EXTENSIONS OF REMARKS

CHAMPAIGN NATIVE, TYLER  
MCGILL, WINS OLYMPIC GOLD IN  
SWIMMING

### HON. TIMOTHY V. JOHNSON

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 12, 2012*

Mr. JOHNSON of Illinois. Mr. Speaker, I rise today to recognize the achievements of Olympic Swimming Gold Medalist Tyler McGill.

Champaign native, Tyler McGill, took home Olympic Gold last month. McGill was part of the 4X100-meter medley relay team that won gold in London.

McGill, born and raised in Champaign, Illinois, was a State Champion swimmer at Champaign Central High School, and went on to become an All-American swimmer at Auburn University.

Tyler has consistently been one of the top butterfly swimmers in the country. He qualified for the London Games, finishing second behind Michael Phelps at the USA Swimming Trials, with a time of 51.31 seconds.

In London Tyler qualified third for the finals of the 100-meter butterfly, eventually finishing seventh. His medaling opportunity came shortly after his seventh place finish as he swam the butterfly leg during the prelims of the 4X100-meter medley relay. USA went on to capture gold in that event and McGill took home some hardware.

I would like to congratulate Tyler's parents, Jeff and Susan, for the encouragement and support they have given Tyler over the years to become the exceptional Olympian that he is today.

### RECOGNIZING OVARIAN CANCER AWARENESS MONTH

### HON. DARRELL E. ISSA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 12, 2012*

Mr. ISSA. Mr. Speaker, I rise today in support of tens of thousands of women and their families. In 2012, over 22,000 women will be diagnosed with ovarian cancer. Tragically, 15,500 will die from this disease. Ovarian cancer is the deadliest gynecological cancer among American women.

This September, we recognize Ovarian Cancer Awareness Month, honoring those who have battled cancer—and those who continue to struggle with the disease. Their courage is an inspiration to all of us and a reminder that together, we can beat ovarian cancer.

With early diagnosis, ovarian cancer is survivable. Over 95% of women who detect ovarian cancer during the early stages of the disease defeat the disease. By learning the symptoms, checking their family histories and visiting with their doctors, women can detect ovarian cancer before it's too late.

No one and no family should have to face ovarian cancer without the knowledge necessary to detect and defeat it. Along with my fellow Congressmen and citizens, I am proud to have helped fight ovarian cancer. In 2005, I joined my colleagues to create a federal educational campaign for gynecological cancer, urging the Center for Disease Control and the Office of Women's Health to cooperate with non-profits to raise cancer awareness among women and health practitioners.

That year, I also successfully introduced Johanna's Law. In memory of Johanna Silver, who lost her life to cancer after a three and a half month battle with ovarian cancer, Johanna's Law has helped increase awareness of gynecological cancers.

I urge all members to recognize and remember Ovarian Cancer Awareness Month and the impact of cancer upon our community.

RECOGNIZING THE 175TH ANNIVERSARY OF ZION LUTHERAN CHURCH

### HON. PETER J. ROSKAM

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 12, 2012*

Mr. ROSKAM. Mr. Speaker, I am pleased to rise today to congratulate Zion Lutheran Church on its 175th Anniversary. On September 30th, Zion Lutheran Church will celebrate its legacy of faith and service.

Founded in 1837, Zion Lutheran Church is the second oldest established church in the State of Illinois. Spanning three different centuries, Zion Lutheran Church has helped make Bensenville a better place to live, learn, and worship. Members of the Zion Lutheran Church community have helped share the grace of God with others by helping establish 11 additional Lutheran churches in DuPage County. Over the years, Zion Lutheran Church has brought hope and fellowship to countless individuals and families.

Zion-Concord Lutheran School is also commemorating its 156th Anniversary this year. Since its inception, Zion-Concord Lutheran School has succeeded in its mission to provide families with a high quality Christian education and to nurture and enrich its students through the teaching of Holy Scripture.

Mr. Speaker and Distinguished Colleagues, please join me in recognizing these significant milestones for the Zion Lutheran Church and Zion-Concord Lutheran School, and in wishing them many more years of achievement and faithful service. May God bless the congregation on this special occasion.

### SUPPORT OF OVARIAN CANCER MONTH

### HON. DAVID LOEBSACK

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 12, 2012*

Mr. LOEBSACK. Mr. Speaker, I rise today to express my support for women and families affected by ovarian cancer. In 2012, it is estimated that approximately 22,280 women will be diagnosed with ovarian cancer and 15,500 will die of the disease. In Iowa alone an estimated 190 women will die from ovarian cancer this year. Too many American women—sisters, daughters, nieces, wives, friends, neighbors, and coworkers—are losing their lives to this disease.

Ovarian cancer is the ninth most common cancer among women and the fifth leading cause of cancer-related deaths, making it the deadliest of gynecologic cancers. If ovarian cancer is treated before it spreads, the five-year survival rate is 93 percent. Currently, only 15 percent of ovarian cancers are found at such an early stage and overall the relative five-year survival rate is 46 percent. I urge my
