S1287

the National Organization of Black Law Enforcement Executives. Last week I received a letter from the NAACP lending their strong support to our efforts. I thank all of these organizations for their assistance and support.

Tomorrow, the Judiciary Committee will continue its work on three remaining gun violence measures that have been on our agenda for the past weeks: Senator SCHUMER's proposal to expand requirements for background checks, Senator BOXER's proposal to enhance the safety of our schools, and Senator FEINSTEIN's bill to reinstitute an assault weapons ban. I aim by the end of the week to have completed Judiciary Committee action on these legislative proposals.

At the bill signing last Thursday, the President observed that we were able finally to pass the Violence Against Women and Trafficking Victims Protection legislation on a bipartisan basis because the American people spoke up. That is what happened on VAWA when a group of House Republicans switched their position to support passing the VAWA bill that they had not supported last year.

That is what is also needed in the context of gun violence legislation. Seven of the eight Republican Senators on the Judiciary Committee voted against closing the loophole in the law to combat straw purchasing and gun trafficking. If we are going to be able to close loopholes in our background check system, improve school safety with more resources for resource officers that include counselors and officers, and if we are going to outlaw straw purchasing and gun trafficking, the American people need to speak up and be heard. If Congress is going to place limits on high capacity clips, it will be because the American people demand such action.

(The remarks of Mr. LEAHY pertaining to the introduction of S. 517 are printed in today's RECORD under "Statements on Introduced Bills and Joint Resolutions.")

#### CONSOLIDATED AND FURTHER CONTINUING APPROPRIATIONS ACT

Ms. MIKULSKI. Madam President, I submit to my colleagues the following explanatory statement with regard to H.R. 933:

The divisions contained in the Act are as follows:

DIVISION A—AGRICULTURE, RURAL DEVELOPMENT, FOOD AND DRUG ADMIN-ISTRATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2013

DIVISION B—COMMERCE, JUSTICE, SCIENCE, AND RELATED AGENCIES AP-PROPRIATIONS ACT, 2013

DIVISION C—DEPARTMENT OF DE-FENSE APPROPRIATIONS ACT, 2013

DIVISION D—DEPARTMENT OF HOME-LAND SECURITY APPROPRIATIONS ACT, 2013

DIVISION E—MILITARY CONSTRUCTION AND VETERANS AFFAIRS, AND RELATED AGENCIES APPROPRIATIONS ACT, 2013 DIVISION F—FULL-YEAR CONTINUING APPROPRIATIONS ACT, 2013

DIVISION G-OTHER MATTERS

Section 3 of the Act states that, unless expressly provided otherwise, any reference to "this Act" contained in any division shall be treated as referring only to the provisions of that division.

Section 4 of the Act specifies that this explanatory statement shall have the same effect with respect to the allocation of funds and implementation of this legislation as if it were a joint explanatory statement of a committee of conference.

Section 5 of the Act states that each amount designated by Congress as being for Overseas Contingency Operations/Global War on Terror is contingent on the President so designating all such amounts and transmitting such designations to Congress. The provision is consistent with the requirements in the Budget Control Act of 2011 for Overseas Contingency Operations/Global War on Terror designations by the President.

References in this explanatory statement in division C, Department of Defense Appropriations Act, 2013, to "conferees" are deemed to be references to the Committees on Appropriations of the House of Representatives and the Senate, and references to the "conference agreement" are deemed to be references to the recommendation in division C of this Act.

#### DIVISION A—AGRICULTURE, RURAL DE-VELOPMENT, FOOD AND DRUG ADMINIS-TRATION, AND RELATED AGENCIES AP-PROPRIATIONS ACT, 2013 CONGRES-SIONAL DIRECTIVES

Provisions that were in both the House Report (H.Rpt. 112–542) and Senate Report (S.Rpt. 112–163) remain unchanged except as noted herein.

Executive branch wishes cannot substitute for Congress' own statements as to the best evidence of congressional intentions, which are the official reports of the Congress. Funds in this Act must be used for the purposes for which appropriated, as required by section 1301 of title 31 of the United States Code, which provides: "Appropriations shall be applied only to the objects for which the appropriations were made except as otherwise provided by law."

The House and Senate report language that is not changed herein is approved. While repeating some report language for emphasis, these recommendations do not intend to negate the language referred to above unless expressly provided herein.

In cases in which the House or the Senate have directed the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations no later than sixty days after enactment, unless otherwise directed.

Hereafter, in Division A, the term 'the Committees' refers to the Committees on Appropriations of the House of Representatives and the Senate.

#### TITLE I—AGRICULTURAL PROGRAMS

PRODUCTION, PROCESSING AND MARKETING

OFFICE OF THE SECRETARY (INCLUDING TRANSFERS OF FUNDS)

The recommendation includes \$46,388,000 for the Office of the Secretary. The following offices are included within the Office of the Secretary: the immediate Office of the Secretary; Office of Tribal Relations; Office of Homeland Security and Emergency Coordination; Office of Advocacy and Outreach; Office of Assistant Secretary for Administration; Departmental Administration; Office of Assistant Secretary for Congressional Relations; and Office of Communications. The National Appeals Division, the Office of the General Counsel, and the Office of Ethics are funded in separate accounts. The recommendation includes a general provision that requires the Secretary to submit spending plans to the Committees within 30 days of enactment.

Office of the Secretary	
[DOLLARS IN THOUSANDS]	
Office of the Secretary (imme-	
diate)	\$5,051
Office of Tribal Relations	498
Office of Homeland Security and	
Emergency Coordination	1,496
Office of Advocacy and Outreach	1,422
Office of Assistant Secretary for	
Administration	804
Departmental Administration	24,242
Office of Assistant Secretary for	
Congressional Relations	3,869
Office of Communications	9,006

Total. Office of the Secretary \$46.388 Reports requested by the House and Senate Appropriations Committees are an important part of the Committees' oversight responsibilities. There is concern about the Department's delinquency in completing these reports. There is also concern that the delay is due to excessively long reviews, especially in the Office of the Secretary. The reports are due on the dates specified in the House or Senate reports or herein. Each agency of the Department is directed to comply with the deadlines and to cooperate fully with the Office of Budget and Program Analysis in providing these reports. It is noted that the Committees reserve the right to call before them any agency that does not submit its reports by the specified due date.

Any reallocation of resources related to the collocation of State offices scheduled for 2013 and subsequent years is subject to the reprogramming procedures in section 726 of this Act.

The Secretary of Agriculture is directed to advise the Committees, through the Office of Budget and Program Analysis, of the status of all reports requested of the Department at the time of submission of the fiscal year 2014 budget and monthly thereafter. All correspondence related to the directives must be addressed to the Committees.

The United States Department of Agriculture (USDA) has been without a permanent Chief Financial Officer since November 2009. With its substantial loan portfolios, potential for improper payments in mandatory programs, and history of uneven financial audits, the necessity for a full complement of senior USDA financial leaders is evident. The Secretary is directed to submit a report to the Committees detailing how the Department plans to expeditiously recruit and fill this vacancy with a permanent Chief Financial Officer. The Secretary is reminded of the statutory requirements of 31 U.S.C. 901 and 902.

#### EXECUTIVE OPERATIONS

OFFICE OF THE CHIEF ECONOMIST

The recommendation includes 16,008,000 for the Office of the Chief Economist.

NATIONAL APPEALS DIVISION

The recommendation includes \$14,225,000 for the National Appeals Division.

OFFICE OF BUDGET AND PROGRAM ANALYSIS The recommendation includes \$9,049,000 for the Office of Budget and Program Analysis. OFFICE OF THE CHIEF INFORMATION OFFICER

The recommendation includes \$44,031,000 for the Office of the Chief Information Officer.

OFFICE OF THE CHIEF FINANCIAL OFFICER The recommendation includes \$6,247,000 for

the Office of the Chief Financial Officer.

OFFICE OF THE ASSISTANT SECRETARY FOR CIVIL RIGHTS

The recommendation includes \$893,000 for the Office of the Assistant Secretary for Civil Rights.

#### OFFICE OF CIVIL RIGHTS

The recommendation includes \$22,692,000 for the Office of Civil Rights.

Agriculture Buildings and Facilities and Rental Payments

#### (INCLUDING TRANSFERS OF FUNDS)

The recommendation includes \$271,336,000 for Agriculture Buildings and Facilities and Rental Payments. The recommendation includes \$175,694,000 for rental payments; \$13,473,000 for Department of Homeland Security building security; and \$82,169,000 for building operations and maintenance.

The recommendation includes a one-time increase above the budget request of \$30,000,000 for building operations and maintenance. This increase is provided for high priority projects in the Whitten and South Buildings, addressing first those projects addressing life and safety issues.

HAZARDOUS MATERIALS MANAGEMENT

(INCLUDING TRANSFERS OF FUNDS)

The recommendation includes \$3,992,000 for Hazardous Materials Management.

OFFICE OF INSPECTOR GENERAL

The recommendation includes \$9,016,000 for the Office of Inspector General.

OFFICE OF THE GENERAL COUNSEL The recommendation includes \$45,074,000 for the Office of the General Counsel.

OFFICE OF ETHICS

The recommendation includes \$3,405,000 for the Office of Ethics.

OFFICE OF THE UNDER SECRETARY FOR

RESEARCH, EDUCATION AND ECONOMICS The recommendation includes \$893,000 for

the Office of the Under Secretary for Research, Education, and Economics.

The Under Secretary is encouraged to evaluate and adjust efforts to identify methods of preventing and controlling tomato diseases affecting tomato growers nationwide.

#### ECONOMIC RESEARCH SERVICE

The recommendation includes \$77,397,000 for the Economic Research Service.

#### NATIONAL AGRICULTURAL STATISTICS SERVICE

The recommendation includes \$179,477,000 for the National Agricultural Statistics Service. This includes \$62,500,000 for the Census of Agriculture.

#### AGRICULTURAL RESEARCH SERVICE

#### SALARIES AND EXPENSES

The recommendation includes \$1,101,853,000 for the Agricultural Research Service, Salaries and Expenses. The recommendation does not concur with the President's budget request regarding the termination of extramural research projects or the closure of six research laboratories. It is expected that the Agricultural Research Service will allocate the resources provided to the highest priority research and utilize existing processes consistent with the reprogramming requirements of this Act to notify the Committees of any changes from the previous fiscal year. The recommendation also includes funding requested for repair and maintenance and for the National Agricultural Library.

There remains concern about the high rates of obesity in this country. Research into human nutrition is important to help prevent childhood obesity and the medical issues obesity brings. In addition, there is strong evidence that nutrition plays a vital role in how a person ages, but more research in this area is needed. Therefore, the Agricultural Research Service is encouraged to continue research relating to childhood and adult obesity as well as the impact of nutrition on aging.

#### NATIONAL INSTITUTE OF FOOD AND AGRICULTURE

#### RESEARCH AND EDUCATION ACTIVITIES

The recommendation includes \$738,638,000 for the National Institute of Food and Agriculture's research and education activities.

The Department is directed to include in the fiscal year 2014 budget request funding levels proposed to be allocated to and the expected publication date, scope, and allocation level for each request for awards to be published under (1) each priority area specified in section 2(b)(2) of the Competitive, Special, and Facilities Research Grant Act (7 U.S.C. 450i(b)(2)); (2) each research and extension project carried out under section 1621(a) of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 5811(a)); (3) each grant awarded under section 1672B(a) of the Food, Agriculture, Conservation, and Trade Act of 1990 (7 U.S.C. 5925b(a)); (4) each research, education, and extension project carried out under section 406 of the Research Reform Act of 1998 (7 U.S.C. 7626); and (5) each research and extension project carried out under section 412 of the Agricultural Research, Extension, and Education Reform Act of 1998 (7 U.S.C. 7632). The term 'request for awards' means a funding announcement published by NIFA that provides detailed information on funding opportunities at the Institute, including the purpose, eligibility, restrictions, focus areas, evaluation criteria, regulatory information, and instructions on how to apply for such opportunities.

There is recognition of the broad responsibilities in agricultural research, education, extension, and economics that Congress has given to NIFA, and NIFA is directed to prioritize funding for the highest quality, peer-reviewed and relevant research.

The following table reflects the recommended amounts:

## NATIONAL INSTITUTE OF FOOD AND AGRICULTURE RESEARCH AND EDUCATION ACTIVITIES

[Dollars in thousands]

Hatch Act		
McIntire-Stennis Cooperative Forestry Act		
Research at 1890 Institutions (Evans-Allen Program)

HISPANIC-SERVING AGRICULTURAL COLLEGES AND UNIVERSITIES ENDOWMENT FUND

The recommendation does not include an appropriation for the Hispanic-Serving Agricultural Colleges and Universities Endowment Fund.

OFFICE OF THE UNDER SECRETARY FOR MARKETING AND REGULATORY PROGRAMS The recommendation includes \$893,000 for the Office of the Under Secretary for Marketing and Regulatory Programs.

ANIMAL AND PLANT HEALTH INSPECTION SERVICE

SALARIES AND EXPENSES

#### (INCLUDING TRANSFERS OF FUNDS)

The recommendation includes \$821,851,000 for the Animal and Plant Health Inspection Service (APHIS).

The President's fiscal year 2013 budget proposal for APHIS to add an additional line item or account in order to fund the two separate accounts for Equine and Cervid Health and Sheep and Goat Health is not supported. The increase above the President's budget request supports equine veterinary medicine and related expenses.

The recommendation includes increased funding for the animal disease traceability system within the Animal Health Technical Services line item. The Agency is encouraged to produce the most cost-effective, least burdensome regulatory system in the final rule. APHIS is directed to continue to submit quarterly reports (by March 31, 2013; June 30, 2013; and September 30, 2013) to the Committees with specific cost information, assessments of progress, and any deviations from the scheduled completion dates.

There is concern about APHIS's increased responsibility of managing and enforcing the importation of illegally harvested plants, especially when such activities fall outside of the Agency's primary mission to protect and promote the health and welfare of U.S. plants and animals. The Secretary is directed to provide the Committees with a report detailing the current responsibilities, activities, expenditures, and future plans of all agencies involved with the 2008 Farm Bill provisions that amended the Lacey Act. Until such report is received, APHIS may not spend more on the Lacey Act amendments than was spent in fiscal year 2012.

The National Clean Plant Network is instrumental in ensuring that nurseries can provide safe, virus-free plant materials to orchards, vineyards, and other growers. There is recognition of the value of continued research to improve detection and eradication of viruses, and the Department is encouraged to continue its work on this important program.

The following table reflects the recommended amounts:

# ANIMAL AND PLANT HEALTH INSPECTION SERVICE

Program	Amount
Animal Health Technical Services	\$36,858
Aquatic Animal Health	2,261
Avian Health	52,000
Cattle Health	97,884
Equine, Cervid & Small Ruminant Health National Veterinary Stockpile	2,750
Swine Health	23,000
Veterinary Biologics	16,457
Veterinary Diagnostics	31,611

tive expenses	\$495,704		

#### RENTAL ASSISTANCE PROGRAM

The recommendation includes \$907,128,000 for the Rental Assistance Program.

#### MULTI-FAMILY HOUSING REVITALIZATION PROGRAM ACCOUNT

The recommendation includes \$27,782,000 for the Multi-Family Housing Revitalization Program Account.

This includes \$10,000,000 for vouchers and \$17,782,000 for a housing preservation demonstration program.

There is concern about the dramatic shifts in the proposed program funding levels over the past two fiscal years for the multi-family housing revitalization program. The Committees believe that the Department's vision for affordable rural rental housing is out of focus. A change in focus in the management of the multi-family housing portfolio is necessary, and the Department is directed to develop and present to the Committees a definitive plan to address rural rental housing needs.

MUTUAL AND SELF-HELP HOUSING GRANTS

The recommendation includes \$30,000,000 for Mutual and Self-Help Housing Grants.

RURAL HOUSING ASSISTANCE GRANTS

- The recommendation includes \$33,136,000 for Rural Housing Assistance Grants.
- The following table reflects the grant levels included in the recommendation:

[DOLLARS IN THOUSANDS]

Very-low income housing repair

grants	\$29,500
Housing preservation grants	3,636

Total, grants ...... \$33,136 RURAL COMMUNITY FACILITIES PROGRAM ACCOUNT

(INCLUDING TRANSFERS OF FUNDS)

The recommendation includes \$32,308,000 for the Rural Community Facilities Program Account.

(\$7,790,000)	Total, loan authoriza- tions
34,467	Administrative expenses (transfer to RD)
\$34,467	Total, Loan subsidies and administrative expenses

DISTANCE LEARNING, TELEMEDICINE, AND BROADBAND PROGRAM

The recommendation includes \$39,322,000 for the Distance Learning, Telemedicine, and Broadband Program.

The recommendation includes \$24,950,000 for grants for telemedicine and distance learning services in rural areas. The recommendation includes \$3,000,000 for telemedicine and distance learning grants for health needs in the Mississippi River Delta area and \$3,000,000 for grants to noncommercial educational television broadcast stations that serve rural areas.

The recommendation includes \$10,372,000 for grants to finance broadband transmission and Internet services in unserved rural areas.

The recommendation includes an estimated loan level of \$42,239,000 and \$4,000,000 in subsidy for broadband telecommunications.

The Rural Utilities Service is directed to focus expenditures on projects that bring broadband service to currently unserved households.

#### TITLE IV-DOMESTIC FOOD PROGRAMS

OFFICE OF THE UNDER SECRETARY FOR FOOD, NUTRITION AND CONSUMER SERVICES

The recommendation includes \$811,000 for the Office of the Under Secretary for Food, Nutrition and Consumer Services.

USDA is directed to issue guidelines to the appropriate State agencies within 60 days of enactment on a requirement to include the USDA Inspector General (IG) Fraud Hotline and the IG website address on all SNAP and WIC Electronic Benefit Transfer cards and WIC coupons/vouchers or on any other information that accompanies the WIC instruments, for the purpose of reporting potential fraud, waste, and abuse by vendors and/or participants. The guidance should allow the States the flexibility to utilize all inventories as of the date of enactment before this requirement goes into effect.

## FOOD AND NUTRITION SERVICE

## CHILD NUTRITION PROGRAMS

(INCLUDING TRANSFERS OF FUNDS)

The recommendation includes \$19,916,436,000 for Child Nutrition Programs. Included in the total is an appropriated amount of \$12,298,383,000 and a transfer from Section 32 of \$7,618,053,000.

The recommendation includes \$35,000,000 for school food authorities to purchase new or replace existing food service related equipment to serve healthier meals, improve food safety, and to help support the establishment, maintenance, or expansion of the school breakfast program. Priority should be given to schools in which not less than 50 percent of the students are eligible for free or reduced price meals.

The recommendation includes the following for Child Nutrition Programs:

## Total Obligational Authority

Total ......\$19,916,436 SPECIAL SUPPLEMENTAL NUTRITION PROGRAM FOR WOMEN, INFANTS, AND CHILDREN (WIC)

The recommendation includes \$7,046,000,000 for the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC).

In the WIC program income eligibility is set by statute at 185 percent of the Federal Poverty Level for households "of related or non-related individuals who are living to-gether as one economic unit". The way in which income is defined and verified at the local agency can vary and potentially give rise to a situation where WIC participants have income exceeding the eligibility standards. USDA's April 2012 report entitled "National Survey of WIC Participants II-Volume 2" addressed this issue, but noted that additional follow-up information is needed. The Food and Nutrition Service (FNS) is directed to provide a report to the Committees within 60 days of enactment of this Act detailing what variables each State uses in determining income and ways in which USDA could work to ensure income eligibility uniformity. The report should specify what changes, if any, could be accomplished administratively and which would require changes to existing law to ensure income eligibility uniformity.

In fulfilling the report on WIC food cost management as requested in the House Committee report, USDA is directed to include the following analyses of: (1) States whose costs for WIC foods are significantly higher when purchased by WIC than those same foods when purchased outside of the WIC program; (2) vendor-group average costs to understand whether the types of abuses and vendor management issues cited in the House report are a systemic issue and ways to manage these specific issues; and (3) any management recommendations or actions USDA will take to ensure program integrity going forward.

The Secretary is encouraged to amend 7 CFR 246.10 in order for State agencies to include all varieties of fresh, whole or cut vegetables, except for vegetables with added sugars, fats, or oils; provided that inclusion of such vegetables contribute towards meeting the special nutritional needs of program participants and increases the availability of low-cost, high-nutrient alternatives for participants throughout the year.

#### SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM

The recommendation includes \$77,290,160,000 for the Supplemental Nutrition

Assistance Program. The recommendation includes \$3,000,000,000 to be made available for a contingency reserve.

USDA is urged to require States to share SNAP recipient case data, including the appropriate use of the ALERT database, so USDA may determine whether individuals or households are receiving duplicative benefits in more than one State. To prevent the potential for fraud, the Secretary also is urged to continue to explore information from information broker services that might help to inform the authorization of SNAP retailers and use its suspension and debarment authority to prevent repeat offenders from re-

entering and defrauding SNAP or any other Federal program. USDA is directed to submit a propert to the Committees within 60

mit a report to the Committees within 60 days of enactment, detailing plans to prevent future fraud and improper payments, including efforts to debar or exclude both vendors and participants from the receipt of benefits if found guilty of fraud or abuse.

The recommendation includes the following for the Supplemental Nutrition Assistance Program:

#### Total Obligational Authority

## COMMODITY ASSISTANCE PROGRAM

The recommendation includes \$253,952,000 for the Commodity Assistance Program. This total includes \$186,935,000 for the Commodity Supplemental Food Program; \$49,401,000 for transportation and storage activities in the Emergency Food Assistance Program (TEFAP); \$16,548,000 for the Farmers' Market Nutrition Program; and \$1,068,000 for Pacific Island Assistance.

The recommendation includes \$265,750,000 for TEFAP commodities to be purchased with Supplemental Nutrition Assistance Program funds.

#### NUTRITION PROGRAMS ADMINISTRATION

The recommendation includes \$143,505,000 for Nutrition Programs Administration. This funding level includes increases of \$3,514,000 for review, monitoring, and investigation activities in the management of SNAP retailers and management evaluation work in FNS regional offices; \$441,000 for administrative costs; and \$1,050,000 for information technology systems managed by the Center for Nutrition Policy and Promotion Program. FOREIGN AGRICULTURAL SERVICE SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS) The recommendation includes \$176,789,000 for the Foreign Agricultural Service, Salaries and Expenses.

FOOD FOR PEACE TITLE I DIRECT CREDIT AND FOOD FOR PROGRESS PROGRAM ACCOUNT

(INCLUDING TRANSFERS OF FUNDS)

The recommendation includes \$2,806,000 for administrative expenses for the Food for Peace Title I Direct Credit and Food for Progress Program Account to be transferred to and merged with the appropriation for "Farm Service Agency, Salaries and Expenses"

FOOD FOR PEACE TITLE II GRANTS The recommendation includes \$1,435,000,000 for Food For Peace Title II Grants.

MCGOVERN-DOLE INTERNATIONAL FOOD FOR EDUCATION AND CHILD NUTRITION PROGRAM GRANTS

The recommendation includes \$184,000,000for the McGovern-Dole International Food for Education and Child Nutrition Program.

COMMODITY CREDIT CORPORATION EXPORT (LOANS)

#### CREDIT GUARANTEE PROGRAM ACCOUNT (INCLUDING TRANSFERS OF FUNDS)

The recommendation includes \$6.806.000 for the Commodity Credit Corporation Export Loans Credit Guarantee Program Account.

TITLE VI-RELATED AGENCY AND FOOD AND DRUG ADMINISTRATION DEPARTMENT OF HEALTH AND HUMAN SERVICES

FOOD AND DRUG ADMINISTRATION

#### SALARIES AND EXPENSES

The recommendation includes total appropriations, including Prescription Drug User Fee Act. Medical Device and Modernization User Fee Act. Animal Drug User Fee Act. Animal Generic Drug User Fee Act, Tobacco Product User Fee Act, Food Reinspection User Fee Act, Food and Feed Recall User Fee Act. Human Generic Drug User Fee Act. and Biosimilars User Fee Act collections, of \$4,223,295,000 for the salaries and expenses of the Food and Drug Administration (FDA) and provides specific amounts by FDA activity as reflected in the following table:

### FOOD AND DRUG ADMINISTRATION SALARIES & EXPENSES—Continued

[Dollars in Thousands]

Food Reinspection Fees	15,367
Food and Feed Recall Fees	12,925
Human Generic Drug User Fee Act	299,000
Biosimilar User Fee Act	20,242
Subtotal, User Fees	1,698,804
Total, FDA Program Level	\$4,223,295

The recommendation includes the following increases in budget authority: \$12,500,000 for food safety; \$10,000,000 for food drug safety inspections in China; and \$3,510,000 for advancing medical countermeasures; \$21,166,000 for necessary expenses, rental payments, and facilities. FDA's proposed reduction of \$19,706,000 due to information technology savings is also accepted.

There is concern that over a year has passed since USDA published its dietary guidelines and more than ten months have passed since the publication of the fiscal year 2012 Committee reports directing FDA to commence reconsideration of its 2004 seafood advisory, and yet FDA has not published its draft revision of the advisory. Given data demonstrating that women of childbearing years, pregnant women, and mothers with young children are eating too little seafood for their health and the health of their babies, and the role the language of FDA's 2004 advisory may play in discouraging healthy consumption of seafood, a more urgent response by FDA was expected. Therefore, FDA is directed to issue a final seafood advisory consistent with USDA's dietary guidelines.

The increasing role of nutritional rating and front of package labeling claims in the marketplace is recognized. To promote public health and facilitate consumer understanding, such information should be based on criteria that are public and readily available to consumers. The FDA is directed to evaluate such systems and symbols to ensure compliance with relevant FDA food labeling requirements.

While the considerable time and effort put into producing the FDA budget justification is appreciated, due to the changes within the FDA's budget over the last several years, including the proposal and authorization of various new user fees, the justification has become difficult to analyze. The FDA is reminded that the budget justification is specifically for the use of the Committees. A more streamlined approach to the justification would serve both the Agency and the Committees. Therefore, prior to submission of the FY 2014 budget. FDA is directed to work with the Committees to determine the most helpful format in which to submit the instification

#### BUILDINGS AND FACILITIES

The recommendation includes \$5,320,000 for the Food and Drug Administration Buildings and Facilities.

#### INDEPENDENT AGENCY

FARM CREDIT ADMINISTRATION

LIMITATION ON ADMINISTRATIVE EXPENSES

The recommendation includes a limitation of \$63,300,000 on administrative expenses of the Farm Credit Administration

#### TITLE VII—GENERAL PROVISIONS

(INCLUDING RESCISSIONS AND TRANSFERS OF FUNDS)

Section 701.-The recommendation includes language making funds available for the purchase, replacement and hire of passenger motor vehicles.

Section 702.—The recommendation includes language regarding transfers of funds

to the Working Capital Fund of the Department of Agriculture.

Section 703.—The recommendation includes language limiting funding provided in the bill to one year unless otherwise specified.

Section 704.—The recommendation includes language regarding indirect cost rates on cooperative agreements between the Department of Agriculture and nonprofit institutions

Section 705.—The recommendation includes language making appropriations to the Department of Agriculture for the cost of direct and guaranteed loans available until expended to disburse certain obligations for certain Rural Development programs

Section 706.—The recommendation includes language regarding emergency food aid.

Section 707.—The recommendation includes language regarding the transfer of funds to the Office of the Chief Information Officer and the acquisition of information technology systems.

Section 708.—The recommendation includes language making funds available until expended to the Department of Agriculture to disburse certain obligations for certain conservation programs.

Section 709.-The recommendation includes language regarding Rural Utility Service program eligibility.

Section 710.—The recommendation includes language regarding in-kind support and Department of Agriculture research grants.

Section 711.-The recommendation includes language regarding Farm Service Agency and Rural Development funds for information technology expenses.

Section 712.-The recommendation includes language regarding the availability of funds for liquid infant formula.

713.—The recommendation in-Section cludes language prohibiting first-class airline travel.

Section 714.—The recommendation includes language regarding the availability of certain funds of the Commodity Credit Corporation.

Section 715.—The recommendation includes language regarding non-emergency humanitarian food assistance.

Section 716.-The recommendation includes language regarding the Bill Emerson Humanitarian Trust Act.

Section 717.-The recommendation includes language regarding funding for advisory committees.

Section 718.-The recommendation includes language regarding the limitation on indirect costs for grants awarded by the National Institute of Food and Agriculture.

in-Section 719.—The recommendation cludes language regarding funding for the Food and Drug Administration. Section 720.—The recommendation in-

cludes language regarding section 1621 of Public Law 110-246.

Section 721.—The recommendation includes language regarding the availability of funds for certain Department of Agriculture programs.

722.-The recommendation in-Section cludes language regarding funds from Section 32.

Section 723.-The recommendation includes language regarding strategic rural development planning.

Section 724.—The recommendation includes language regarding a pilot program for certain forest lands.

Section 725.—The recommendation includes language regarding user fee proposals without offsets

Section 726.—The recommendation includes language regarding the reprogramming of funds.

Section 727.—The recommendation includes language regarding fees for the guaranteed business and industry loan program.

Section 728.—The recommendation includes language regarding the appropriations hearing process.

Section 729.—The recommendation includes language regarding government-sponsored news stories.

Section 730.—The recommendation includes language regarding details and assignments of Department of Agriculture employees.

Section 731.—The recommendation includes language regarding rural housing programs.

Section 732.—The recommendation includes language prohibiting grants and loans to a corporation convicted of a felony under Federal law.

Section 733.—The recommendation includes language prohibiting grants and loans to corporations that have an unpaid Federal tax liability.

Section 734.—The recommendation includes language regarding the Department of Agriculture's mohair program.

Section 735.—The recommendation includes language regarding regulation of certain agricultural products.

Section 736.—The recommendation includes language on dam mitigation.

Section 737.—The recommendation includes language regarding the rescission of certain unobligated balances. Section 738.—The recommendation includes language regarding the rescission of certain unobligated balances.

Section 739.—The recommendation includes language regarding servicing of Rural Housing Service loans.

Section 740.—The recommendation includes language requiring spend plans.

Section 741.—The recommendation includes language regarding emergency disaster funding.

Section 742.—The recommendation includes language regarding regulations under the Grain Inspection, Packers and Stockyards Administration.

#### DIVISION **B**—COMMERCE. JUSTICE. SCIENCE, AND RELATED AGENCIES AP-**PROPRIATIONS ACT, 2013**

Report language included in House Report 112-463 ("the House report") or Senate Report 112-158 ("the Senate report") that is not changed by this explanatory statement or this Act is approved. The explanatory statement, while repeating some language for emphasis, is not intended to negate the language referred to above unless expressly provided herein. In cases where both the House report and the Senate report address a particular issue not specifically addressed in the explanatory statement, the House report and the Senate report should be read as consistent and are to be interpreted accordingly. In cases where the House report or the Senate report directs the submission of a report, such report is to be submitted to both the House and Senate Committees on Appropriations.

It is expected that each department and agency funded in this Act shall follow the directions set forth in this Act and the accompanying statement, and shall not reallocate resources or reorganize activities except as provided herein. Reprogramming procedures shall apply to: funds provided in this Act: unobligated balances from previous appropriations Acts that are available for obligation or expenditure in fiscal year 2013; and non-appropriated resources such as fee collections that are used to meet program requirements in fiscal year 2013. These procedures are specified in section 505 of this Act.

Any reprogramming request shall include any out-year budgetary impacts and a separate accounting of program or mission impacts on estimated carryover funds. Any program, project or activity cited in this statement, or in the House report or the Senate report and not changed by this Act or statement, shall be construed as the position of the Congress and shall not be subject to reductions or reprogramming without prior approval of the Committees. Further, it is expected that any department or agency funded in this Act which plans a reduction-inforce to notify by letter the Appropriations Committees of the House and Senate 30 days in advance of the date of any such planned personnel action.

It is noted that when a department or agency submits a reprogramming or transfer request to the Appropriations Committees of the House and Senate and does not receive identical responses by the House and Senate, it shall be the responsibility of the department or agency seeking the reprogramming to reconcile the differences between the two bodies before proceeding. If reconciliation is not possible, the items in disagreement in the reprogramming or transfer request shall be considered unapproved.

In compliance with section 537 of this Act, the Departments of Commerce and Justice, the National Aeronautics and Space Administration and the National Science Foundation are directed to submit spending plans, signed by the respective department or agency head, for the Committees' review within 45 days of enactment of this Act.

#### TITLE I

#### DEPARTMENT OF COMMERCE INTERNATIONAL TRADE ADMINISTRATION

## OPERATIONS AND ADMINISTRATION

This Act includes \$482,538,000 in total resources for the programs of the International Trade Administration (ITA). This amount is offset by \$11,360,000 in estimated fee collections, resulting in a direct appropriation of \$471,178,000. The amount provided is an increase of \$17,538,000 above fiscal year 2012. This Act assumes the \$26,000,000 in reductions proposed in the President's budget and

allocates funding to the existing five business units.

SelectUSA. -Funding for SelectUSA is not included.

Interagency TradeEnforcement Center (ITEC).-Included is up to \$15,075,000 for ITEC. ITA shall submit a detailed spending plan for ITEC along with the spending plans required under section 537 of this Act.

Included are the following amounts; any deviation of funds shall be subject to the procedures set forth in section 505 of this Act: Manufacturing and Serv-\$46,700.000

#### Total

BUREAU OF INDUSTRY AND SECURITY

\$482,538,000

OPERATIONS AND ADMINISTRATION

This Act includes \$101,796,000 for the Bureau of Industry and Security.

ECONOMIC DEVELOPMENT ADMINISTRATION

This Act includes \$224,800,000 for the programs and administrative expenses of the Economic Development Administration (EDA).

#### ECONOMIC DEVELOPMENT ASSISTANCE PROGRAMS

This Act includes \$187,300,000 for Economic Development Assistance Programs. Of the amounts provided, funds are to be distributed as follows; any deviation of funds shall be subject to the procedures set forth in section 505 of this Act:

Public Works	\$79,000,000
Planning	29,000,000
Technical Assistance	12,000,000
Research and Evaluation	1,500,000
Trade Adjustment Assist-	15,800,000
ance	
Economic Adjustment As-	50,000,000
sistance	
Total	\$187,300,000

al		

Economic Adjustment Assistance (EAA).-Activities supported include the creation of science parks, regional clusters, and other innovation strategies, and EDA is encouraged to use funds provided for the EAA program for these activities. EDA is advised to ensure that these activities do not interfere with EDA's mission to provide needed basic infrastructure to economically distressed communities through its traditional programs. In addition, Senate language is modified to include up to \$2,000,000 to support inenergy-efficient novative. programs for small businesses.

Persistent poverty.—Senate report language regarding persistent poverty counties is not adopted, but instead EDA is encouraged to strengthen its efforts to improve economic conditions in poor communities, including counties affected by persistent poverty.

#### SALARIES AND EXPENSES

This Act includes \$37,500,000 for EDA salaries and expenses. Language from the House report regarding a Government Accountability Office (GAO) study on economic development grants is modified, and it is requested that this report be provided to the Committees on Appropriations no later than 180 days following enactment of this Act. Senate report language regarding vacancies is modified to note that EDA is expected to fill mission critical vacancies in both headquarters and the field as quickly as possible. MINORITY BUSINESS DEVELOPMENT AGENCY

MINORITY BUSINESS DEVELOPMENT

This Act includes \$28,689,000 for the Minority Business Development Agency (MBDA). MBDA is directed to implement the recommendations from the recent Inspector General inquiry into travel reimbursements for MBDA field personnel and brief the Committees on Appropriations no later than 60 days after enactment of this Act regarding implementation of accountability procedures outlined in that inquiry.

ECONOMIC AND STATISTICAL ANALYSIS

SALARIES AND EXPENSES

This Act includes \$100,228,000 for Economic and Statistical Analysis.

BUREAU OF THE CENSUS

This Act includes a total program level of \$924,208,000 for the Bureau of the Census. This amount includes \$906,208,000 in direct appropriations and \$18,000,000 derived from available unobligated balances in the non-reimbursable portion of the Census Working Capital Fund

#### SALARIES AND EXPENSES

This Act includes \$256,255,000 for the salaries and expenses of the Bureau of the Census.

PERIODIC CENSUSES AND PROGRAMS

This Act includes a total of \$667.953.000 for periodic censuses and programs, including \$649,953,000 in direct appropriations and \$18,000,000 from non-reimbursable Census Working Capital Fund balances.

Economic Census.-The Economic Census is strongly supported and \$138,292,000 is included for these activities, an increase of 26,000,000 above fiscal year 2012.

American Community Survey (ACS).—Language under title V of H.R. 5326 of the 112th Congress prohibiting funding for the ACS or prohibiting penalties for non-compliance with the ACS is not adopted. However, concerns have been raised with respect to the ACS, in particular the questions on the survev and the manner in which this and other surveys are conducted by the Census Bureau. In response to these concerns, the Census Bureau has established an ombudsman position to address the concerns raised, and the Office of Management and Budget (OMB) is in the process of coordinating an evaluation of the questions included in the ACS. The Census Bureau is directed to provide a report to the Committees on Appropriations no later than 120 days after enactment of this Act on these efforts and the steps being taken to ensure that the ACS is conducted as efficiently and unobtrusively as possible. In addition, the Department of Commerce is directed to acquire an independent analysis of the costs and benefits of making compliance with the ACS voluntary. The results of this analysis shall be provided by the Secretary of Commerce to the Committees on Appropriations no later than 180 days after enactment of this Act.

Working Capital Fund.-Senate language regarding reprogramming guidelines with respect to the Census Working Capital Fund is not adopted. The Census Bureau is directed to provide a report to the Committees on Appropriations within 30 days after enactment of this Act regarding balances in the Working Capital Fund, the intended uses of those funds and an obligation plan.

#### NATIONAL TELECOMMUNICATIONS AND INFORMATION ADMINISTRATION

SALARIES AND EXPENSES

This Act includes \$45,994,000 for the salaries and expenses of the National Telecommunications and Information Administration (NTIA). An increase in funding is not provided for Internet innovation programs as these activities should be included within NTIA's existing portfolio. House language regarding a National Academy of Sciences report on NTIA's Institute for Telecommunications Sciences is amended to direct that this report be provided within one year of enactment of this Act.

UNITED STATES PATENT AND TRADEMARK OFFICE

SALARIES AND EXPENSES

(INCLUDING TRANSFERS OF FUNDS)

This Act includes language making available to the United States Patent and Trademark Office (USPTO) \$2,933,241,000, the full amount of offsetting fee collections estimated for fiscal year 2013.

Patent infringement.—The USPTO is directed to expand its Intellectual Property Awareness Campaign to include a special emphasis on small business concerns and independent inventors and how to increase their understanding of the steps they need to take to protect their intellectual property from patent infringement. The USPTO shall provide a report to the Committees on Appropriations no later than 120 days after enactment of this Act regarding these efforts. NATIONAL INSTITUTE OF STANDARDS AND

### TECHNOLOGY

This Act includes \$824,173,000 for the National Institute of Standards and Technology (NIST).

#### SCIENTIFIC AND TECHNICAL RESEARCH AND SERVICES

This Act includes \$621,173,000 for NIST's scientific and technical core programs. Senate language regarding the National Initiative for Cybersecurity Education is modified to direct NIST to use such sums as necessary to fund these activities. Senate language regarding NIST greenhouse gas research and atmospheric weather monitoring systems is adopted, but NIST is expected to award competitively any funding for these activities. Language modified from S. 2323 of the 112th Congress allowing NIST to locally transport its Summer Undergraduate Research Fellowship (SURF) program participants is included. This provision shall only apply to NIST's SURF program.

*Centers of Excellence.*—The creation of centers of excellence is supported, and \$20,000,000 is included, as requested, to establish these centers on a competitive basis.

National Strategy for Trusted Identities in Cyberspace (NSTIC).—Up to \$16,500,000 is included for NSTIC. NIST is directed to submit a spending plan for NSTIC as part of the overall spending plan required by section 537 of this Act.

#### INDUSTRIAL TECHNOLOGY SERVICES

This Act includes \$143,000,000 for industrial technology services, including \$128,500,000 for the Hollings Manufacturing Extension Partnership (MEP) Program and \$14,500,000 for the Advanced Manufacturing Technology Consortia (AMTech) program. House language regarding a report on AMTech is amended by directing that this report be provided to the Committees on Appropriations no later than 90 days after enactment of this Act. Also, House report language regarding a GAO report is amended by directing that this study be submitted to the Committees on Appropriations no later than 180 days after enactment of this Act. Finally, it is noted with concern that the Department remains delinquent in submitting the MEP Program report requested in Public Law 112-55, and the Secretary is directed to submit this report to the Committees on Appropriations no later than 60 days after enactment of this Act.

CONSTRUCTION OF RESEARCH FACILITIES This Act includes \$60,000,000 for NIST construction.

#### NATIONAL OCEANIC AND ATMOSPHERIC ADMINISTRATION

This Act includes a total of \$5,100,000,000 in discretionary funds for the National Oceanic and Atmospheric Administration (NOAA).

OPERATIONS, RESEARCH, AND FACILITIES

#### (INCLUDING TRANSFER OF FUNDS)

This Act includes a total program level of \$3,246,678,000 under this account for the coastal, fisheries, marine, weather, satellite and other programs of NOAA. This total funding level includes \$3,112,614,000 in direct appropriations; a transfer of \$119,064,000 from balances in the "Promote and Develop Fishery Products and Research Pertaining to American Fisheries" account; and \$15,000,000 derived from recoveries of prior year obligations.

National Ocean Policy (NOP).—Section 553 of H.R. 5326 of the 112th Congress regarding the NOP is not included. However, it is noted that no funding was requested to implement the NOP. It is expected that NOAA programs will be carried out pursuant to their authorized purposes.

The following narrative descriptions and tables identify the specific activities and funding levels included in this Act.

National Ocean Service.—\$474,742,000 is for National Ocean Service operations, research, and facilities.

 National Marine Fisheries Service (NMFS).— \$826,129,000 is for NMFS operations, research, and facilities.

Regional fisheries offices.-Senate language regarding the relocation of the NMFS Northeast Regional Office is not adopted. However, NOAA's lack of responsiveness toward communities in the Mid-Atlantic area remains deeply troubling. Therefore. NOAA shall report to the Committees on Appropriations no later than 30 days after enactment of this Act regarding its plans to enhance and repair core NMFS functions in the Mid-Atlantic region in the areas of fisheries management. endangered species, habitat protection and restoration. The report shall include specific ways NMFS will: (1) streamline procedures to allow Mid-Atlantic fisheries decisions to be made locally rather than remotely. as appropriate and consistent with procedures and practices in other NMFS regions: (2) increase the Mid-Atlantic Fishery Management Council's accessibility to NOAA, consistent with the accessibility afforded to other fishery management councils; (3) reduce bureaucracy to allow difficult Mid-Atlantic issues to be brought to the attention of the NMFS Northeast Regional Office and NOAA Fisheries leadership in NOAA headquarters on an expedited basis; and (4) improve on-theground coordination with Mid-Atlantic fisheries partners.

For clarity, it is noted that this Act and the accompanying statement approve the proposed consolidation of NOAA's West Coast Regional Offices, not the West Coast Fisheries Science Centers.

Catch shares .- Section 543 of H.R. 5326 of the 112th Congress regarding catch shares is not included. However, NOAA is directed to provide a report to the Committees on Appropriations no later than 90 days after enactment of this Act that describes the current process in the South Atlantic, the Mid-Atlantic, New England, and the Gulf of Mexico fisheries whereby commercial and recreational fishermen participate in the process to determine how a given fishery will be managed. This report shall also include recommendations as appropriate to ensure that entities impacted by the implementation of catch shares in the South Atlantic, the Mid-Atlantic, New England, and the Gulf of Mexico have the ability to address any concerns through the Regional Fishery Management Council process.

Turtle excluder devices.—Section 562 of H.R. 5326 of the 112th Congress regarding turtle excluder devices is not included. However, NOAA is expected to review observer reports, sea turtle stranding and necropsy data, and other information, as well as public comments, to determine whether a rule is warranted for turtle excluder devices for certain vessels operating in southeastern U.S. shrimp fisheries. NOAA is directed to provide a report to the Committees on Appropriations no later than 120 days after enactment of this Act regarding these findings.

Total, National Marine Fisheries Service, Operations, Re- search, and Facilities	826,129

Oceanic and Atmospheric Research.— \$390,638,000 is for Oceanic and Atmospheric Research operations, research, and facilities.

Ocean Exploration.-Senate report language regarding ocean exploration partnerships related to the National Undersea Research Program (NURP) is not adopted. The proposed elimination of NURP is supported, but there is concern about terminating advanced technology and at-sea capabilities provided by existing NURP partners without proper contingency plans. NOAA is directed to determine which regional partnerships are producing the most valuable scientific information critical to supporting NOAA's exploration mission. NOAA is encouraged to prioritize in this analysis those programs with ocean-going assets, and NOAA is directed further to competitively award the funding provided above the request to preserve the work for the top centers it determines most valuable and consolidate this effort within the Ocean Exploration program, as appropriate. Senate language directing NOAA to submit an inventory of all NOAAowned assets within the former NURP program and a plan for disposal or maintenance of these assets is retained.

## OFFICE OF OCEANIC AND ATMOSPHERIC RESEARCH OPERATIONS, RESEARCH, AND FACILITIES

Total, Office of Oceanic and Atmospheric Research, Op- erations, Research, and Facilities	390,638

National Weather Service (NWS).— \$926,116,000 is for NWS operations, research, and facilities. This amount is \$34,762,000 above revised estimates and restores reductions proposed in the budget to the tsunami program, hurricane research, forecast capabilities, and information technology staffing levels.

Local Warnings and Forecasts .- The funding recommendation includes an additional \$17,100,000 for the NWS to address current operational shortfalls identified by an investigation of financial mismanagement within the NWS and consistent with the proposed realignment of the NWS budget in the wake of the investigation. Concern remains that the inappropriate movement of funds within the NWS could have jeopardized the NWS' ability to accurately forecast the weather and that these actions may negatively impact the NWS' ability to make forecast improvements in the future. Therefore, in addition to the increases provided in this account, additional funds are provided to NWS in the Procurement, Acquisition and Construction (PAC) account to restore reductions to systems improvement activities. The NWS is directed to continue implementing corrective actions identified by the Inspector General, the Department and NOAA to ensure that the critical mission of the NWS is not compromised by financial mismanagement. In addition, dissatisfaction remains with NOAA's failure to determine the true costs necessary to support NWS operational needs. Therefore, NOAA is directed to provide a report to the Committees on Appropriations within 30 days after enactment of this Act regarding: progress made in implementing corrective actions; assessments of impacts to NWS forecast capabilities; and a timeline for providing the Committees on Appropriations with a budget that represents the true operational costs of the NWS.

National Mesonet Program.-The continuation of the mesonet program through a competitive process is supported. Senate language is clarified that NOAA is not required to integrate mesonet observations into NWS severe weather alerts, conduct pilots, or use funds to study how mesonet data can be integrated into the Advanced Weather Interactive Processing System. However, NWS is not prevented from undertaking any of these activities. The Senate's reference to NOAA Link is not adopted, but NOAA shall continue to use the most appropriate contract vehicles for information technology contracts across the agency. NOAA is directed to provide a report to the Committees on Appropriations no later than 120 days after enactment of this Act that includes a discussion of the recommendations from the 2009 National Academy of Sciences report, Observing Weather and Climate from the Ground Up: A Nationwide Network of Networks and an analysis from NOAA regarding any future plans to assimilate mesonets into its enterprise.

PROCUREMENT, ACQUISITION AND CONSTRUCTION

This Act includes a total program level of \$1,941,036,000 in direct obligations under this heading, of which \$1,926,036,000 is appropriated from the general fund and \$15,000,000 is derived from recoveries of prior year obligations. The following narrative description and table identifies the specific activities and funding levels included in this Act:

Office of Oceanic and Atmospheric Research.—\$10,379,000 is for research supercomputing activities.

National Weather Service.—The Act restores \$12,400,000 in reductions proposed by the Commerce Department in its realignment of the fiscal year 2013 budget request required as a result of financial mismanagement issues within the NWS. Direction is included to the Department and NOAA in the Operations, Research, and Facilities (ORF) account regarding funding for NWS programs in this account.

NOAA weather satellites .- The value of NOAA's weather satellite programs cannot be overstated in terms of the data collected that is used to develop daily weather forecasts and provide citizens with ample warning about severe weather. Unfortunately, certain NOAA satellite acquisition programs, particularly the Joint Polar Satellite System (JPSS), remain mired in cost overruns, missed deadlines, dysfunctional oversight, and lack of transparency in budgeting and planning. Recent reports from an Independent Review Team (IRT) and the Department of Commerce Inspector General validate these concerns. To address these problems, the Senate recommended transferring responsibility and funding for satellite acquisition from NOAA to the National Aeronautics and Space Administration (NASA). However, concerns have been raised that transferring lead construction and acquisition responsibility from NOAA to NASA in the middle of a fiscal year could potentially result in further launch delays. Additional information to fully evaluate the implica-tions of transferring acquisition of operational satellites to NASA is needed. Therefore, to avoid both known and unknown risks at this time, the Senate proposal to transfer NOAA satellite programs to NASA is not adopted, but instead \$1,814,309,000, an increase of \$117,664,000 above fiscal year 2012, is provided for NESDIS satellite procurement programs within NOAA. This amount includes an overall reduction of \$36,000,000 for administrative efficiencies and other savings that NOAA is expected to achieve within its satellite portfolio. NOAA is directed to prioritize the weather missions of the Geostationary Operational Environmental Satellite (GOES) and JPSS programs within the funds provided and submit a spending plan to the Committees on Appropriations no later than 30 days after enactment of this Act with funding levels for each program, project, or activity within NESDIS PAC.

While NOAA is instituting structural changes to the management structure of JPSS as recommended by the IRT, it is equally important for NOAA to aggressively move to define JPSS requirements that prioritize the weather mission and establish a refined baseline that validates and finalizes the program scope and costs. To assist NOAA in achieving these goals, NOAA is directed to submit a report to the Committees on Appropriations no later than 90 days after enactment of this Act that includes the following information: (1) documentation that reflects total lifecycle costs for JPSS at for \$11,900,000,000 and GOES-R at\$10,860,000,000; (2) documentation that satellite requirements have been finalized and that the weather missions have been prioritized within the NOAA satellite portfolio; (3) a plan that maintains or advances, as appropriate, the launch schedules for JPSS and GOES; and (4) a plan to eliminate duplicative management costs and indirect overhead within the NESDIS satellite portfolio As part of this report. NOAA is directed to consider transferring the Jason satellite system construction to NASA as rec-ommended by the July 2012 IRT report. Further, NOAA is directed to include in this report an update on the study underway to review options for mitigating the gap between the Suomi National Polar-orbiting Partnership (Suomi NPP) and JPSS-1 and for mitigating the loss of data in the event of a failure of either the Suomi NPP or JPSS. Within 120 days after enactment of this Act. NOAA shall submit a report to the Committees on Appropriations that includes detailed spending plans for each of the programs within the NESDIS satellite portfolio, to include amounts for administration and reserves.

This Act and the accompanying statement only reflect near-term funding needs for the remainder of fiscal year 2013. With the timely submission of these reports, NOAA will provide assurances to the Committees on Appropriations that it has prioritized the weather mission within its satellite portfolio and has stabilized the overall management of these programs to ensure that these costs do not erode other important NOAA missions. The fiscal year 2014 budget request and documents requested herein will be evaluated to determine whether NOAA has made concrete and positive changes to address the problems and directions outlined above.

NOAA Ship Ka'imimoana (KA).—An increase of \$2,600,000 above the request is included to begin repairs to the KA.NOAA is reminded to review priorities across the agency in the future to ensure that critical missions like those performed by the KA are maintained.

PACIFIC COASTAL SALMON RECOVERY This Act includes \$65,000,000 for Pacific Coastal Salmon Recovery.

FISHERMEN'S CONTINGENCY FUND This Act includes \$350,000 for the Fishermen's Contingency Fund.

FISHERIES FINANCE PROGRAM ACCOUNT

This Act includes language under this heading limiting obligations of direct loans to \$24,000,000 for Individual Fishing Quota loans and \$59,000,000 for traditional direct loans.

#### DEPARTMENTAL MANAGEMENT SALARIES AND EXPENSES

This Act includes \$56,000,000 for Departmental Management salaries and expenses. House report language regarding domestic production capabilities is modified by directing the Secretary of Commerce to submit a report to the Committees on Appropriations no later than 120 days after enactment of this Act that reviews total existing capacity for steel slab production in the U.S. and the ability of U.S. producers to meet the demand for markets that require that steel slab be produced in the U.S. Senate report language regarding the Business USA initiative is not included.

RENOVATION AND MODERNIZATION

This Act includes \$2,040,000 for continuing renovation activities only at the Herbert C. Hoover Building.

OFFICE OF INSPECTOR GENERAL

This Act includes a total of \$32,753,000 for the Office of Inspector General. This amount includes \$28,753,000 in direct appropriations, a \$2,000,000 transfer from USPTO and a transfer of \$1,000,000 each from Bureau of the Census, Periodic Censuses and Programs and NOAA PAC for audits and reviews of those programs.

#### GENERAL PROVISIONS—DEPARTMENT OF COMMERCE

The following general provisions for the Department of Commerce are adopted:

Section 101 makes funds available for advanced payments only upon certification of officials, designated by the Secretary, that such payments are considered to be in the public interest. Section 102 makes appropriations for Department salaries and expenses available for hire of passenger motor vehicles, for services, and for uniforms and allowances as authorized by law.

Section 103 provides the authority to transfer funds between Department of Commerce appropriation accounts and requires 15 days advance notification to the Committees on Appropriations for certain actions.

Section 104 provides that any costs incurred by the Department in response to funding reductions shall be absorbed within the total budgetary resources available to the Department and shall be subject to the reprogramming limitations set forth in this Act.

Section 105 updates congressional notification requirements for NOAA satellite programs.

Section 106 provides for reimbursement for services within Department of Commerce buildings.

Section 107 clarifies that grant recipients under the Department of Commerce may continue to deter child pornography, copyright infringement, or any other unlawful activity over their networks.

Section 108 provides the Administrator with the authority to avail NOAA of needed resources, with the consent of those supplying the resources, to carry out responsibilities of any statute administered by NOAA.

Section 109 provides a requirement directing the Department of Commerce to provide a monthly report on any official travel to China by any Commerce employee.

Section 110 includes a provision amending section 113(b)(3) of division B of Public Law 112-55 regarding the Convention for the Conservation and Management of Highly Migratory Fish Stocks in the Western and Central Pacific Ocean by striking "2012" and inserting "2013".

### TITLE II

DEPARTMENT OF JUSTICE

GENERAL ADMINISTRATION SALARIES AND EXPENSES

This Act includes \$110,822,000 for General Administration, Salaries and Expenses.

Eliminating duplication and improving efficiencies in DOJ grants.—As the United States experiences budgetary constraints, there is an ever-increasing need to ensure that governmental resources, including those awarded through grants and subgrants, are appropriately targeted and that unnecessary duplication is mitigated. Therefore, as directed in the Senate report, the Attorney General shall follow the recommendations of the Government Accountability Office (GAO) and report to the Committees on Appropriations within 120 days of the enactment of Justice (DOJ) to:

(1) conduct an assessment to better understand the extent to which DOJ grant programs overlap with one another and determine if grant programs may be consolidated to mitigate the risk of unnecessary duplication; and

(2) direct granting agencies to coordinate with one another on a consistent basis to review potential or recent grant awards, including subgrant awards reported by DOJ prime grant awardees, to the extent possible, before awarding new grants, and take steps to establish written policies and procedures to govern this coordination and help ensure that it occurs.

Operation Fast and Furious.—In September 2012, the Office of Inspector General (OIG) submitted its comprehensive report on Operation Fast and Furious. The review revealed a series of misguided strategies, tactics, errors in judgment, and management failures that led to ATF's knowing failure to interdict firearms destined for Mexico, and criticized Department components for pursuing this strategy without adequately taking into account the danger to public safety that it created. The OIG also found that the Department failed to respond accurately to a congressional inquiry about these matters because it had relied on the very components that were the subject of serious allegations for information, which in turn was provided to Congress. The Department later withdrew its inaccurate response.

The Department is directed to implement fully and promptly the six recommendations made in the OIG report to increase the Department's involvement in and oversight of operations, improve coordination ATE among the Department's law enforcement components, and enhance the Department's wiretap application review and authorization process. The Department shall report to the Committees on Appropriations within 60 days of enactment of this Act on the Department's progress in implementing these recommendations. All of the departments and agencies funded in this Act are expected to confirm information to be provided to Congress so that they can respond accurately to all congressional inquiries.

Prescription drug abuse.—The Attorney General is urged to collaborate with State and local organizations, including experienced nonprofits, as a means of sharing best practices for reducing prescription drug diversion and abuse, including the establishment of prescription drug monitoring programs, proper drug disposal, and increased enforcement on pill mills and doctor shopping.

Obscenity enforcement.—The Department shall submit a report no later than 90 days after the enactment of this Act on its adult obscenity investigation and prosecution workload statistics and accomplishments during the 12 months prior to the enactment of this Act.

Product procurements.-This Act continues language from the Commerce, Justice, Science, and Related Agencies Appropriations Act. 2012, directing that, to the extent practicable, promotional items purchased with funds provided by this Act shall be produced in the United States. The Department is expected to work with Federal Prison Industries. Inc. (FPI) to maintain its survey information on promotional products in a database in order to help inform the FPI board of directors of new opportunities to repatriate manufacturing, and expect that any manufacturing activities initiated as a result are intended to create new American jobs, not compete with existing United States businesses.

Prison Rape Elimination Act (PREA).—The Department is expected to continue efforts to provide assistance in the form of training, technical assistance, and implementation grants to assist State, local, and tribal jurisdictions in achieving compliance with the PREA national standards.

Drug-related violence.—Efforts by Federal law enforcement to reduce drug trafficking and associated violence in the Southwest border region have affected trafficking routes and crime rates in the Caribbean. The Attorney General is expected to address these trends by allocating necessary resources to areas substantially affected by drug-related violence, and reporting such actions to the Committees on Appropriations.

JUSTICE INFORMATION SHARING TECHNOLOGY This Act includes \$33,426,000 for Justice Information Sharing Technology.

ADMINISTRATIVE REVIEW AND APPEALS (INCLUDING TRANSFER OF FUNDS)

This Act includes \$313,438,000 for the Executive Office for Immigration Review (EOIR) and the Office of the Pardon Attorney, of which 44,000,000 is derived by transfer from fee collections.

OFFICE OF INSPECTOR GENERAL

This Act includes \$85,985,000 for the OIG. UNITED STATES PAROLE COMMISSION

#### SALARIES AND EXPENSES

This Act includes \$12,772,000 for the salaries and expenses of the United States Parole Commission.

#### Legal Activities

SALARIES AND EXPENSES, GENERAL LEGAL ACTIVITIES

This Act includes \$881,000,000 for General Legal Activities.

VACCINE INJURY COMPENSATION TRUST FUND

This Act includes a reimbursement of \$7,833,000 for DOJ expenses associated with litigating cases under the National Childhood Vaccine Injury Act of 1986 (Public Law 99-660).

SALARIES AND EXPENSES, ANTITRUST DIVISION

This Act includes 162,170,000 for the Antitrust Division. This appropriation is offset by 115,000,000 in pre-merger filing fee collections, resulting in a direct appropriation of 47,170,000.

SALARIES AND EXPENSES, UNITED STATES ATTORNEYS

This Act includes \$1,969,687,000 for the Executive Office for United States Attorneys (EOUSA) and the 94 United States Attorneys' offices.

Adam Walsh Act implementation.—The EOUSA is expected to continue to focus on investigations and prosecutions related to the sexual exploitation of children, as authorized by the Adam Walsh Child Protection and Safety Act of 2006 (Public Law 109-248) and as part of Project Safe Childhood. Not less than \$43,184,000 shall be available for this purpose in fiscal year 2013.

Human trafficking.-In fiscal year 2012, Congress directed each U.S. Attorney to establish or participate in a regional human trafficking task force. The accompanying statement of the managers also directed, "Task force meetings should focus specifically on combating human trafficking, with an emphasis on undertaking proactive investigations." U.S. Attorneys are expected to maintain their task force participation and leadership roles in fiscal year 2013 and to undertake proactive investigations, including investigations of persons or entities facilitating trafficking in persons through the use of classified advertising on the Internet. The Department shall submit comprehensive semi-annual reports regarding the work of each of these task forces. These reports shall also identify any U.S. Attorney's office that is not in compliance with this directive. The Department shall submit its first report not later than 60 days after the enactment of this Act.

Internet sex trafficking.-There are grave concerns that certain websites that advertise "adult services" continue to be used to facilitate sex trafficking of children. The Department is directed to assess the effectiveness of current legal and investigatory tools in addressing the use of such websites for sex trafficking and the extent to which the Department is making full and aggressive use of such tools, and report to the Committees on Appropriations on the results of that assessment not later than 30 days after the enactment of this Act. If the Attorney General determines that there is insufficient Federal authority under which to combat this activity, the report shall include an analysis and recommendations to Congress of any legislative or administrative initiatives that may be needed to fully equip law enforcement to tackle this problem.

*Pill mills.*—Because of the widespread nature of prescription drug abuse, within the funds provided, U.S. Attorneys are expected to prioritize the investigation and prosecution of pain clinics serving as fronts for the illegal distribution of addictive pain killers.

UNITED STATES TRUSTEE SYSTEM FUND

This Act includes \$223,258,000 for the United States Trustee Program. The appropriation is fully offset by fee collections.

#### SALARIES AND EXPENSES, FOREIGN CLAIMS

SETTLEMENT COMMISSION

This Act includes 2,000,000 for the Foreign Claims Settlement Commission.

FEES AND EXPENSES OF WITNESSES This Act includes \$270,000,000 for Fees and Expenses of Witnesses.

> SALARIES AND EXPENSES, COMMUNITY RELATIONS SERVICE

This Act includes \$12,036,000 for the Community Relations Service.

#### ASSETS FORFEITURE FUND

This Act includes \$20,948,000 for the Assets Forfeiture Fund. The Department is directed, in exceptional circumstances, to allow the use of equitable sharing monies for the cost of support personnel.

UNITED STATES MARSHALS SERVICE

#### SALARIES AND EXPENSES

This Act includes \$1,196,000,000 for the salaries and expenses of the United States Marshals Service (USMS).

#### CONSTRUCTION

This Act includes \$10,000,000 for construction and related expenses in space controlled, occupied or utilized by the USMS for prisoner holding and related support.

FEDERAL PRISONER DETENTION

#### (INCLUDING TRANSFER OF FUNDS)

This Act includes \$1,647,383,000 for Federal prisoner detention.

#### NATIONAL SECURITY DIVISION

#### SALARIES AND EXPENSES

This Act includes \$90,039,000 for the salaries and expenses of the National Security Division.

#### INTERAGENCY LAW ENFORCEMENT

INTERAGENCY CRIME AND DRUG ENFORCEMENT

This Act includes \$521,793,000 for the Organized Crime and Drug Enforcement Task Forces (OCDETF), including \$370,602,000 for investigations and \$151,191,000 for prosecutions.

Transnational organized crime.—This Act does not include the requested increase in appropriations under this account for the International Organized Crime Intelligence Operations Center (IOC-2); instead, the Department is expected to fund all IOC-2 activities from within the overall amount provided under this heading for investigations, not to exceed \$1,000,000. The Department shall submit a report to the Committees, no later than 60 days after the enactment of this Act, detailing the staff and funding resources planned for IOC-2 in fiscal year 2013.

## FEDERAL BUREAU OF INVESTIGATION

### SALARIES AND EXPENSES

This Act includes \$8,185,007,000 for the salaries and expenses of the Federal Bureau of Investigation (FBI), including \$1,689,113,000 for intelligence, \$3,330,036,000 for Counterterrorism/Counterintelligence, \$2,663,835,000 for Criminal Enterprises and Federal Crimes, and \$502,023,000 for Criminal Justice Services.

Computer intrusions.—A program increase is included of \$23,132,000 and 112 positions for computer intrusions as described in the House report, including the submission of an annual national cyber threat assessment, and Senate report language on training for cyber agents.

Surveillance.—A program increase of \$10,244,000 is included for additional physical surveillance specialists as described in the House report, including the reporting requirement described in the House report.

Gangs.—An increase of \$9,000,000 above the request is included to combat violent gang crime. The proposal by the Administration to eliminate the National Gang Intelligence Center (NGIC) is rejected. Funds are included to continue the operation of NGIC, and to provide additional resources to existing Safe Streets Task Forces. Within the overall funds provided for Criminal Enterprises and Federal Crimes, the FBI is expected to launch a nationwide anti-gang initiative, allocating agents and other personnel to task forces experiencing the most severe violent gang crime, and where gangs have established links to violent international drug distribution cartels. The FBI shall report to the Committees on Appropriations on the planned initiative, and the corresponding allocations of funding and staff resources, no later than 90 days after the enactment of this Act. The report shall be put together in coordination with the Bureau of Alcohol, Tobacco, Firearms and Explosives, the United States Marshals Service and the Drug Enforcement Administration, and shall address how the FBI is working with these and other partner law enforcement agencies in these efforts.

Financial crime.—Within the total for Criminal Enterprises and Federal Crimes is included the requested amount for activities related to combating corporate fraud, securities and commodities fraud, mortgage fraud, and other financial crime.

Human trafficking.—Within the amount provided, the FBI is expected to increase activities related to the investigation of severe forms of trafficking in persons. The FBI shall submit a report to the Committees no later than 120 days after the enactment of this Act on agent utilization and overall staff resources dedicated to trafficking in fiscal years 2010 through 2013. The report shall also include details on the participation of FBI personnel in human trafficking task forces.

Implementation of 9/11 Commission recommendations.-This Act includes \$500,000 for a comprehensive external review of the implementation of the recommendations related to the FBI that were proposed in the report issued by the National Commission on Terrorist Attacks Upon the United States (commonly known as the "9/11 Commission"). The scope of this review shall include: (1) an assessment of progress made. and challenges in implementing the recommendations of the 9/11 Commission that are related to the FBI; (2) an analysis of the FBI's response to trends of domestic terror attacks since September 11, 2001, including the influence of domestic radicalization: (3) an assessment of any evidence now known to the FBI that was not considered by the 9/11 Commission related to any factors that contributed in any manner to the terrorist attacks of September 11, 2001; and (4) any additional recommendations with regard to FBI intelligence sharing and counterterrorism policy. The FBI shall submit a report to the Committees, no later than one year after enactment of this Act, on the findings and recommendations resulting from this review. The FBI is encouraged, in carrying out this review, to draw upon the experience of 9/11 Commissioners and staff.

#### CONSTRUCTION

This Act includes \$80,982,000 for FBI Construction.

#### DRUG ENFORCEMENT ADMINISTRATION SALARIES AND EXPENSES

This Act includes a direct appropriation of \$2,050,904,000 for the salaries and expenses of the Drug Enforcement Administration (DEA). In addition, the DEA expects to derive \$352,600,000 from fees deposited in the Diversion Control Fund to carry out the Diversion Control Program.

BUREAU OF ALCOHOL, TOBACCO, FIREARMS AND EXPLOSIVES

#### SALARIES AND EXPENSES

This Act includes \$1,153,345,000 for the salaries and expenses of the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

Gangs.—Within the amount provided, ATF is expected to prioritize funding for its Violent Crime Impact Teams (VCIT), which bring focused law enforcement attention to communities plagued by gang violence. The ATF is directed to identify its allocation for VCIT in its spending plan for fiscal year 2013.

United States—Mexico firearms trafficking.— Support for ATF's efforts to combat weapon trafficking on the border is continued. As begun in fiscal year 2012, the ATF shall continue to provide the Committees on Appropriations with annual data on the total number of firearms recovered by the Government of Mexico, and of those, the number for which an ATF trace is attempted, the number successfully traced, the number determined to be manufactured in the United States, and the number determined to be imported into the United States prior to being recovered in Mexico.

Reprogramming requests.—It is noted that ATF has fallen into a trend of submitting annual reprogramming requests to the Committees on Appropriations seeking to transfer funds from its Arson and Explosives Decision Unit to its Firearms Decision Unit. ATF is directed to budget appropriately among its decision units in order to eliminate the need for these reprogramming requests.

#### FEDERAL PRISON SYSTEM

SALARIES AND EXPENSES

#### (INCLUDING TRANSFER OF FUNDS)

This Act includes \$6,820,217,000 for the salaries and expenses of the Federal Prison System.

Reentry research and reforms.—The Bureau of Prisons (BOP) is directed to undertake a comprehensive analysis of its policies and determine the reforms and best practices that will help reduce costs and recidivism. The Director is encouraged to share additional corrections data with outside experts in order to build upon prior efforts.

BOP contract confinement — The safe, secure and humane incarceration of Federal inmates is considered to be a critical priority.Because contract prison beds will be a necessary tool for managing a rapidly expanding Federal inmate population for the foreseeable future, there is a commitment to ensuring that inmates at such facilities are housed appropriately. Therefore, the OIG is directed to conduct a review of prison facilities operating under a contract with BOP to ensure that such facilities meet all appropriate standards. This review should also include a description of BOP's efforts to monitor the performance of contract prison facilities and recommendations for how BOP could improve such efforts.

Inmate literacy.—It is recommended that, given the priority of increasing successful prisoner reentry programs and the critical role community-based and volunteer literacy programs can play in the transition from prison back into society, BOP work with national organizations to identify and describe these models, and develop appropriate replication strategies.

#### BUILDINGS AND FACILITIES

This Act includes \$90,000,000 for the construction, acquisition, modernization, maintenance and repair of prison and detention facilities housing Federal inmates.

Construction funding requests.—Due to inmate population growth and overcrowding estimates, BOP is encouraged to include funding for new prison construction in future requests.

Status of construction.-Previous conference agreements have directed BOP to submit monthly status of construction reports that include notifications of any deviations from the construction and activation schedule identified in those reports, including detailed explanations of the causes of delays and actions proposed to address them. BOP's failure to submit these reports in a timely manner has hindered the Committees on Appropriations' ability to monitor and assess BOP's needs. BOP is directed to collaborate and coordinate with the Justice Management Division on methods that will efficiently deliver these critical reports to the Committees in a timely manner.

Modernization and repair project backlog.-This Act provides \$66,965,000 to address critmodernization and repair (M&R) ical projects in order to maintain and safely operate Federal prison institutions. BOP has a current backlog of at least 154 major M&R projects at an approximate cost of \$348,000,000, an estimation that does not include the universe of unfunded minor repair and improvement projects that are managed and prioritized at the regional level. BOP is directed to include a project specific M&R spending plan, along with a comprehensive report of the current M&R backlog, in the Department's spending plan required by this Act.

LIMITATION ON ADMINISTRATIVE EXPENSES, FEDERAL PRISON INDUSTRIES, INCORPORATED

This Act includes a limitation on administrative expenses of \$2,700,000 for Federal Prison Industries, Incorporated.

### STATE AND LOCAL LAW ENFORCEMENT

#### ACTIVITIES

In total, this Act includes \$2,264,218,000 for State and local law enforcement and crime prevention programs.

Spending plan.—The Department shall submit a spending plan and related materials for the all of the programs funded under this heading to the Committees on Appropriations not later than 45 days after the enactment of this Act, along with the overall spending plan required by this Act.

Management and administration expenses.-Language included in both the House report and the Senate report is incorporated directing the Department, in preparation of its fiscal year 2013 spending plan, to assess management and administration (M&A) expenses against program funding. The Department is directed to ensure that its assessment methodology is equitable and, for programs funded through the Crime Victims Fund, that the assessment reflects a fair representation of the share of each program devoted to common M&A costs. Grant offices are also directed to minimize administrative spending in order to maximize the amount of funding that can be used for grants or training and technical assistance. In addition, the Department is directed to detail, as part of its budget submission for fiscal year 2014 and future years, the actual costs for each grant office with respect to training, technical assistance, research and statistics, and peer review for the prior fiscal year, along with estimates of planned expenditures by each grant office in each of these categories for the current year and the budget year.

GAO findings on subgrantee efficiencies.— The Office on Violence Against Women (OVW), the Office of Justice Programs (OJP), and the Office of Community Oriented Policing Services (COPS) are directed to publicly disclose on each office's website the names of any subgrantees associated with each grant award, and to detail the purpose of each award in order to mitigate duplication and to ensure transparency. DOJ is also directed to heed the findings of GAO's 2012 Annual Report: Opportunities to Reduce Duplication, Overlap and Fragmentation, Achieve Savings, and Enhance Revenue and to respond proactively in a timely manner.

OFFICE ON VIOLENCE AGAINST WOMEN

VIOLENCE AGAINST WOMEN PREVENTION AND PROSECUTION PROGRAMS

This Act includes \$416,500,000 for OVW. These funds are distributed as follows:

# VIOLENCE AGAINST WOMEN PREVENTION AND PROSECUTION PROGRAMS

[In thousands of dollars]

Program	Amount
STOP Grants	189.000
Transitional Housing Assistance	25,000
Research and Evaluation on Violence Against Women	3,500
Consolidated Youth-oriented Program	10.000
Grants to Encourage Arrest Policies	50,000
Homicide Reduction Initiative	(4.000)
Sexual Assault Victims Services	25.000
Rural Domestic Violence and Child Abuse Enforcement	36,500
Violence on College Campuses	9.000
Civil Legal Assistance	41.000
Elder Abuse Grant Program	4.250
Family Civil Justice	15,500
Education and Training for Disabled Female Victims	5,750
National Resource Center on Workplace Responses	500
Research on Violence Against Indian Women	1,000
Indian Country—Sexual Assault Clearinghouse	500
, , , , , , , , , , , , , , , , , , , ,	
TOTAL, Violence Against Women Prevention and Pros- ecution Programs	416,500

Research on violence against women.-"Honor violence" is a form of violence against women committed with the motive of protecting or regaining the honor of the perpetrator, family or community. There is currently a lack of statistical information on the occurrence of honor violence in the United States. Within the funds provided, OVW and the National Institute of Justice (NIJ) are expected to study this matter and recommend ways to determine the prevalence of honor violence and recommend best practices for law enforcement and service providers for prevention and response.

#### OFFICE OF JUSTICE PROGRAMS

The Department shall work closely with Congress to consider seriously the modification of existing programs and omission of outdated programs before new proposals and initiatives are unveiled. The Department is urged to devise a proposal to consolidate and eliminate ineffective grant programs by outreach to Congress and emphasis on what works and what is cost effective for the taxpayers' dollars.

RESEARCH, EVALUATION AND STATISTICS

This Act includes \$127,000,000 for the Research, Evaluation and Statistics account. These funds are distributed as follows:

# RESEARCH, EVALUATION AND STATISTICS

Program	Amount
Bureau of Justice Statistics National Crime Victimization Survey (NCVS) Transfer to NIST/OLES for DNA/Forensics Evaluation Clearinghouse (What Works Repository) Regional information sharing activities	48,000 (36,000) 43,000 (5,000) 1,000 35,000
TOTAL, Research, Evaluation and Statistics	127,000

Spending plans.—The Department shall submit as part of its spending plan for State and Local Law Enforcement Activities a plan for the use of all funding administered by NIJ and the Bureau of Justice Statistics (BJS), respectively.

#DNA and forensics research and evaluation.—The fiscal year 2013 budget request eliminates resources to assist with critical forensics and DNA research and evaluation. Those areas are vital components to maintaining and advancing quality and proficiency within Federal, State, and local crime laboratory facilities. Therefore, from within the amounts provided for NIJ, OJP shall directly transfer \$5,000,000 to the National Institute of Standards and Technology (NIST) Office of Law Enforcement Standards (OLES) to support the continuation of the development of standards and standard reference materials.

STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE

This Act includes \$1,140,418,000 for State and Local Law Enforcement Assistance programs. These funds are distributed as follows:

#### STATE AND LOCAL LAW ENFORCEMENT ASSISTANCE (In thousands of dollars)

#### Program Amount Byrne Memorial Justice Assistance Grants .... 392,418 State and Local Anti-terrorism Training (2,000)State and Local Assistance Help Desk and Diagnostic (4,000) VALOR Initiative (5,000) (6,000) Criminal Justice Reform and Recidivism Reduction (4,000) 255,000 5,000 19,000 Byrne Competitive Grants Victims of Trafficking Grants Drug Courts Mentally III Offender Act 13,500 41,000 9,000 Residential Substance Abuse Treatment Capital Litigation and Wrongful Conviction Review Economic, High-tech and Cybercrime Prevention ... 12,500 3,000 9,000 4,000 John R. ## TOTAL, State and Local Law Enforcement Assistance .... 1,140,418

Veterans treatment courts.—This Act includes \$4,000,000 to establish a funding source specifically to support veterans treatment courts. The Department is expected to work in conjunction with the Department of Veterans Affairs, as appropriate, to provide grant support for collaborative, rehabilitative approaches for continuing judicial supervision of offenders who are veterans.

Economic, high-technology, and cyber crimes prevention.—This Act provides \$9,000,000 to assist State and local law enforcement agencies in the prevention, investigation, and prosecution of economic, high-tech, and Internet crimes. Given the importance of protecting our Nation's new technologies, ideas, and products, OJP is directed to increase its investment in competitive grants that help State and local law enforcement tackle intellectual property (IP) thefts, such as counterfeiting and piracy, to \$3,700,000.

Prescription drug monitoring.—This Act includes \$7,000,000 for the Prescription Drug Monitoring Program (PDMP). The Bureau of Justice Assistance is urged to prioritize grant funding for states which have demonstrated a commitment to interstate data sharing and which are moving towards compliance with the recently adopted Prescription Monitoring Information Exchange (PMIX) Architecture so that the goal of 50 interconnected States can be achieved through hub-to-hub communication.

March 11, 2013

Reentry.—It is expected that Second Chance Act funding will support grants that Second foster the implementation of strategies that have been proven to reduce recidivism and ensure safe and successful reentry back to their communities of adults released from prisons and jails, as well as grants for demonstration projects designed to test the impact of new strategies and frameworks. The Department is directed to submit as part of its spending plan for State and Local Law Enforcement Assistance a plan for the use of all funds appropriated for Second Chance Act programs. It is expected that such plan will designate funds for proven, evidence-based programs that will further the goal of maximizing public safety, as well as for promising new approaches and projects.

Human trafficking.—This Act includes \$13,500,000 for task force activities and services for U.S. citizens, permanent residents, and foreign nationals who are victims of trafficking. It is expected that the human trafficking task forces funded by the Department will continue to bring together Federal, State and local law enforcement and work closely with victim services organizations to investigate all forms of human trafficking and assist the victims. OJP shall consult with stakeholder groups in determining the overall allocation of victims of trafficking funding, including with respect to amounts allocated to assist foreign national victims, and provide to the Committees on Appropriations a plan for the use of these funds as part of the Department's fiscal year 2013 spending plan.

Adam Walsh Act implementation.—This Act includes \$20,000,000 to help States, the District of Columbia, Indian tribes, and territories come into compliance with the Sex Offender Registration and Notification Act (SORNA), as well as provide for the management of child sexual predators and exploiters.

Campus public safety.—This Act includes funding for a National Center for Campus Public Safety. Also, OJP may award grants to institutions of higher education and other nonprofit organizations to assist in carrying out the functions of the Center. Such functions shall include: (1) providing quality education and training for campus public safety agencies of institutions of higher education and the agencies' collaborative partners, including campus mental health agencies; (2) fostering quality research to strengthen the safety and security of institutions of higher education; (3) serving as a clearinghouse for the identification and dissemination of information, policies, procedures, and best practices relevant to campus public safety, including off-campus housing safety, the prevention of violence against persons and property, and emergency response and evacuation procedures; (4) developing protocols, in conjunction with the Attorney General and other stakeholders, to prevent, protect against, respond to, and recover from, natural and man-made emergencies or dangerous situations involving an immediate threat to the health or safety of the campus community; (5) promoting the development and dissemination of effective behavioral threat assessment and management models to prevent campus violence; (6) coordinating campus safety information (including ways to increase off-campus housing safety) and resources available from the Department and other sources; (7) increasing cooperation,

collaboration, and consistency in prevention, response, and problem-solving methods among law enforcement, mental health, and other agencies and jurisdictions serving institutions of higher education; (8) developing standardized formats and models for mutual aid agreements and memoranda of understanding between campus security agencies and other public safety organizations and mental health agencies; and (9) reporting annually to Congress and the Attorney General on activities performed by the Center during the previous 12 months.

JUVENILE JUSTICE PROGRAMS

This Act includes \$279,500,000 for Juvenile Justice programs. These funds are distributed as follows:

# JUVENILE JUSTICE PROGRAMS

Program	Amount
Part B—State Formula Grants         Emergency Planning—Juvenile Detention Facilities         Youth Mentoring Grants         Title V—Delinquency Prevention Incentive Grants         Tribal Youth         Gang and Youth Violence Education and Prevention         Alcohol Prevention         Juvenie Accountability Block Grants         Durenie Accountability Block Grants         Community-Based Violence Prevention Initiatives         Missing and exploited children programs         Training for Judicial Personnel         National Forum on Youth Violence Prevention	44,000 (500) 90,000 20,000 (10,000) (5,000) (5,000) 19,000 25,000 11,000 67,000 1,500 2,000
TOTAL, Juvenile Justice	279,500

Missing and exploited children.—This Act provides \$67,000,000 for missing and exploited children programs, of which not less than \$29,000,000 shall be provided for task force grants, training and technical assistance, research and statistics, and administrative costs for the Internet Crimes Against Children (ICAC) program.

Youth mentoring.—This Act provides \$90,000,000 for youth mentoring grants to help support the work of organizations across the country in implementing programs that identify and address the factors that can lead to delinquency or other problem behaviors in at-risk or disadvantaged youth. Mentoring for children in certain atrisk and disadvantaged subgroups, including children who are in foster care, are disabled, or are the children of incarcerated parents, is particularly important.

PUBLIC SAFETY OFFICER BENEFITS

This Act includes \$78,300,000 for the Public Safety Officer Benefits program for fiscal 2013 Within the funds provided, vear \$62,000,000 is for death benefits for survivors, an amount estimated by the Congressional Budget Office that is considered mandatory scorekeeping purposes. In addition. for \$16,300,000 is provided for disability benefits for public safety officers permanently and totally disabled as a result of a catastrophic injury and for education benefits for the spouses and children of officers killed in the line of duty or permanently and totally disabled as a result of a catastrophic injury sustained in the line of duty.

COMMUNITY ORIENTED POLICING SERVICES COMMUNITY ORIENTED POLICING SERVICES

PROGRAMS

This Act includes \$222,500,000 for COPS programs, as follows:

#### COMMUNITY ORIENTED POLICING SERVICES

[In thousands of dollars]

Program	Amount
Transfer to DEA for Methamphetamine Lab Cleanups Tribal Resources Grant Program COPS Hiring Grants Transfer to Tribal Resources Grant Program Community Policing Development/Training and Technical Assistance	12,500 20,000 190,000 (15,000) (10,000)

COMMUNITY	ORIENTED	POLICING	SERVICES-	-Continued

[In thousands of dollars]

Program	Amount
TOTAL, Community Oriented Policing Services	222,500

COPS Hiring .-- In the course of awarding grants for the COPS Hiring program in fiscal year 2012, the Department reserved 10 percent of COPS Hiring funding for grants based on the Department's "high priorities." These set-aside grants were awarded among a subgroup of applicants whose community policing plans focused on high priority crime problems identified by the Department only after all of the applications had been reviewed. Applicant agencies isolated into the 10 percent set-aside group had a significantly higher chance of receiving a grant than the remainder of the eligible applicants. According to the Department's own statistics, applicants in the  $90\ {\rm percent}$  pool had between an eight and 14 percent chance of receiving an award, while applicants selected for the 10 percent pool had a greater than 70 percent chance of receiving an award. This unnecessarily subjective grant award process is not supported. In fiscal year 2013 and thereafter, the Department will resume awarding grants to eligible agencies with the highest total ranked scores, taking into account its statutory mandates, and not attempt to run a parallel grant program, the design of which creates the appearance of favoritism.

#### GENERAL PROVISIONS—DEPARTMENT OF JUSTICE

This Act includes the following general provisions for the Department of Justice:

Section 201 makes available additional reception and representation funding for the Attorney General from the amounts provided in this title.

Section 202 prohibits the use of funds to pay for an abortion, except in the case of rape or to preserve the life of the mother.

Section 203 prohibits the use of funds to require any person to perform or facilitate the performance of an abortion.

Section 204 establishes the obligation of the Director of the Bureau of Prisons to provide escort services to an inmate receiving an abortion outside of a Federal facility, except where this obligation conflicts with the preceding section.

Section 205 establishes requirements and procedures for transfer proposals.

Section 206 authorizes the Attorney General to extend an ongoing Personnel Management Demonstration Project.

Section 207 permanently extends specified authorities to the ATF for undercover operations.

Section 208 prohibits the use of funds for transporting prisoners classified as maximum or high security, other than to a facility certified by the BOP as appropriately secure.

Section 209 prohibits the use of funds for the purchase or rental by Federal prisons of audiovisual or electronic media or equipment, services and materials used primarily for recreational purposes, except for those items and services needed for inmate training, religious or educational purposes.

Section 210 requires review by the Deputy Attorney General and the Department Investment Review Board prior to the obligation or expenditure of funds for major information technology projects.

Section 211 requires the Department to follow reprogramming procedures prior to any deviation from the program amounts specified in this title or the reuse of specified deobligated funds provided in previous years. Section 212 prohibits the use of funds for A -76 competitions for work performed by employees of the BOP or FPI, Inc.

Section 213 prohibits U.S. Attorneys from holding additional responsibilities that exempt U.S. Attorneys from statutory residency requirements.

Section 214 permits up to 3 percent of grant and reimbursement program funds made available to OJP to be used for training and technical assistance; permits up to 2 percent of grant funds made available to that office to be used for criminal justice research, evaluation and statistics by NIJ and BJS; and directs that of such amounts transferred to NIJ and BJS, \$1,300,000 shall be transferred to the BOP. In light of the resurgence of methamphetamine production and trafficking, language included in the House report is reaffirmed encouraging OJP and COPS to support methamphetamine training and technical assistance initiatives that advance problem-solving strategies to combat methamphetamine, and which demonstrate the capacity to have a national impact through direct training and the distribution of information and resources.

Section 215 gives the Attorney General the authority to waive matching requirements for Second Chance Act adult and juvenile reentry demonstration projects; State, tribal and local reentry courts; drug treatment programs; and prison rape elimination programs.

Section 216 waives the requirement that the Attorney General reserve certain funds from amounts provided for offender incarceration.

Section 217 prohibits funds, other than funds for the national instant criminal background check system established under the Brady Handgun Violence Prevention Act, from being used to facilitate the transfer of an operable firearm to a known or suspected agent of a drug cartel where law enforcement personnel do not continuously monitor or control such firearm.

Section 218 places limitations on the obligation of funds from certain Department of Justice accounts and funding sources.

This Act does not include section 218 of H.R. 5326 of the 112th Congress. It is important to eliminate barriers to the use of pools in compliance with the Americans with Disabilities Act (ADA) while also appropriately minimizing the regulatory burden on pool owners and operators. The Department is directed to continue its current policy of not enforcing the fixed elements requirement of the 2010 ADA Standards for Accessible Design against owners or operators who purchased portable lifts for existing pools prior to March 15, 2012, as long as the portable lift is kept in position for use at the pool, is operational at all times that the pool is open, and otherwise complies with the requirements of the 2010 Standards. The Department also is expected to consider ways to further minimize the burden on pool owners and operators, including in the way it makes determinations about readily achievable compliance actions, while still adhering to the requirements of the ADA.

## TITLE III

### SCIENCE

OFFICE OF SCIENCE AND TECHNOLOGY POLICY This Act includes \$5,850,000 for the Office of

Science and Technology Policy (OSTP). Science, Technology, Engineering and Math (STEM) education.—Interest remains in OSTP's efforts to provide better oversight of and guidance to the Federal government's STEM education apparatus through a government-wide STEM education strategic plan. This forthcoming plan is expected to address longstanding areas of congressional interest, including reducing programmatic duplication, measuring programmatic effectiveness, improving the dissemination of STEM education findings, integrating STEM education activities at mission-oriented agencies and supporting the STEM-related workforce. OSTP shall provide the completed STEM education strategic plan to the Committees on Appropriations within 45 days of the enactment of this Act.

Interagency Working Group on Neuroscience (IWGN).—Language in the House report regarding the IWGN, which was chartered during fiscal year 2012 under the auspices of the National Science and Technology Council, is affirmed, and its goals and activities are strongly supported. In addition, OSTP is encouraged to work with all relevant stakeholders to consider how incentives could hasten the development of new prevention and treatment options for neurological diseases and disorders, and to recommend options for such incentives.

#### NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

This Act includes \$17,862,000,000 for the National Aeronautics and Space Administration (NASA). A table of specific funding allocations for NASA is delineated below, and additional detail may be found under the relevant account headings.

# NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

Program	Amount
Science: Earth Science Planetary Science Astrophysics James Webb Space Telescope Heliophysics	1,785,000 1,415,000 669,000 628,000 647,000
Total, Science	5,144,000
Aeronautics	570,000
Space Technology	642,000

Total, Education	125,000
Cross Agency Support	2,823,000
Construction and Environmental Compliance and Restoration	680,000
Inspector General	38,000
Total, NASA	17,862,000

#### SCIENCE

This Act includes \$5,144,000,000 for Science. *Earth Science.*—\$1,785,000,000 is for Earth Science, and language from the Senate report on carbon monitoring is adopted by reference.

Planetary Science.—\$1,415,000,000 is for Planetary Science, including \$192,000,000 for Planetary Science Research, \$243,980,000 for Discovery, \$175,000,000 for New Frontiers, \$450,800,000 for Mars Exploration and \$159,000,000 for Outer Planets.

Within the amount provided for Mars Exploration, \$146,400,000 is for the continued de-

velopment of the MAVEN mission, \$65,000,000 is for operation of the Mars Science Laboratory and \$239,400,000 is for other Mars activities, including the formulation of a future Mars mission that is responsive to the scientific goals of the most recent planetary science decadal survey and the potential completion of instrumentation or other contributions to international Mars exploration efforts. Direction provided in H.R. 526 of the 112th Congress and the House report on submitting future Mars mission concepts to the National Research Council for review does not apply to the Mars funding provided herein

Within the amount provided for Outer Planets, \$75,000,000 shall be for pre-formulation and/or formulation activities in support of a mission that achieves the scientific goals laid out in the Jupiter Europa section of the most recent planetary science decadal survey. These activities include, but are not limited to, concept studies and concept development, technology development and requirements definition.

James Webb Space Telescope (JWST).— \$628,000,000 is for JWST and all JWST language from the House report and the Senate report is adopted by reference. There is commitment to this important program and to providing strong, continuing oversight to ensure that it remains on track.

Astrophysics.-\$669,000,000 is for Astrophysics, including \$10,000,000 for pre-formulation and/or formulation activities for a mission that meets the science goals of the Wide Field InfraRed Survey Telescope as described in the most recent astronomy and astrophysics decadal survey. Language from the Senate report regarding the Hubble Space Telescope and the Explorer Program is adopted by reference, and language from the House report regarding NASA's planned contributions to the European Space Agency's Euclid program is not adopted.

Heliophysics.—\$647,000,000 is for Heliophysics and language from the Senate report regarding the Explorer Program, Magnetospheric MultiScale mission and Solar Probe Plus is adopted by reference.

#### AERONAUTICS

This Act includes \$570,000,000 for Aeronautics. Language from the House report on entry, descent and landing technology development and hypersonic research is adopted by reference.

#### SPACE TECHNOLOGY

This Act includes \$642,000,000 for Space Technology. All funds under this heading should be prioritized toward the continuation of ongoing programs and activities that were funded in fiscal year 2012.

Satellite servicing.—Language from the Senate report on satellite servicing is adopted by reference.

#### EXPLORATION

This Act includes \$3,887,000,000 for Exploration.

Space Launch System (SLS) funding.—A total of \$2,119,400,000 is for SLS; \$1,857,000,000 of this funding is provided under the "Exploration" heading, including \$1,454,200,000 for SLS vehicle development and \$402,800,000 for Exploration Ground Systems (EGS). This funding level is sufficient for NASA to meet all upcoming SLS and EGS program milestones.

In accordance with an agreement previously reached between NASA and the Committees, the display of SLS funds and their distribution among budget accounts has changed from fiscal year 2012. For purposes of enabling multi-year comparisons, the table below shows the fiscal year 2012 and 2013 SLS vehicle development and EGS budgets in both the fiscal year 2012 appropriations structure and the fiscal year 2013 appropriations structure. March 11, 2013

## CONGRESSIONAL RECORD—SENATE

CROSSWALK OF SPACE LAUNCH SYSTEM APPROPRIATIONS

[In thousands of dollars]

Activity, Budget Account	In Fiscal Year 2012 Account Struc- ture		In Fiscal Year 2013 Account Structure	
	Fiscal Year 2012	Fiscal Year 2013	Fiscal Year 2012	Fiscal Year 2013
SLS Vehicle Development         Exploration         Construction and Environmental Compliance and Restoration         Exploration Ground Systems         Exploration Ground Systems         Construction and Environmental Compliance and Restoration	(316,500)	1,665,500 (1,665,500) 	1,543,500 (1,503,000) (40,500) 399,700 (387,700) (12,000)	1,665,500 (1,454,200) (211,300) 453,900 (402,800) (51,100)
Total, Space Launch System	1,943,200	2,119,400	1,943,200	2,119,400

SLS vehicle development.—Support for NASA's evolvable SLS development approach, which will provide a 70 ton SLS configuration by 2017 and build to a 130 ton configuration as work is completed on an upper stage and advanced booster system, is reiterated. However, NASA is urged to identify and implement ways to accelerate the schedule for the attainment of the 130 ton configuration. To enable better congressional oversight of NASA's progress, language from the House report regarding requirements for quarterly SLS funding reports is adopted by reference.

EGS.—It is noted that EGS funds are intended for SLS-related ground operations. Additional funding for non-SLS ground operations activities is provided under the "Space Operations" heading. Orion Multi-Purpose Crew Vehicle (MPCV)

Orion Multi-Purpose Crew Vehicle (MPCV) funding.—A total of \$1,200,310,000 is for the Orion MPCV, which is to be launched on the SLS in furtherance of NASA's beyond Earth orbit exploration goals and to provide an alternate means of emergency access to the International Space Station (ISS). Within

the amounts provided for the Orion MPCV, \$1,197,000,000 is provided under the "Exploration" heading. This funding level is sufficient for NASA to meet all upcoming Orion MPCV milestones, including a planned flight test in 2014.

Similar to the SLS, the distribution of Orion MPCV funds across budget accounts has changed from fiscal year 2012. The chart below displays all Orion MPCV funding in both the fiscal year 2012 appropriations structure and the fiscal year 2013 appropriations structure.

CROSSWALK OF ORION MULTI-PURPOSE CREW VEHICLE APPROPRIATIONS

[In thousands of dollars]

Activity, Budget Account		In Fiscal Year 2012 Account Struc- ture		2013 Account ture
		Fiscal Year 2013	Fiscal Year 2012	Fiscal Year 2013
Orion Multi-Purpose Crew Vehicle Exploration	1,200,000 (1,200,000)	1,200,310 (1,200,310)	1,200,000 (1,200,000)	1,200,310 (1,197,000) (3,310)
Total, Orion Multi-Purpose Crew Vehicle	1,200,000	1,200,310	1,200,000	1,200,310

Cost caps.-The human exploration program should be managed under cost caps based on NASA's analysis and the completed Independent Cost Assessment (ICA). Within 60 days of the enactment of this Act. NASA shall report to the Committees on Appropriations on planned milestones; expected performance and configurations; planned ground and flight testing programs; and deliverables for SLS, EGS and the Orion MPCV. As part of this report, NASA shall validate the funding levels established by the ICA for SLS, EGS and the Orion MPCV as potential cost caps through fiscal year 2017 or recommend and justify alternate cost caps for each program element.

Exploration destinations and goals.—Language from the House report regarding mission goals for the test flights of SLS and the Orion MPCV currently scheduled for 2017 and 2021 is adopted by reference.

Commercial crew.—\$525,000,000 is for the Commercial Crew Program (CCP). This funding, which will support the continuation of the Commercial Crew Integrated Capability (CCiCap) phase and the awarding of Certification Products Contracts, is intended to promote the safest, fastest and most cost-effective reestablishment of a domestic means of access to the ISS.

It is expected that CCP activity beyond the CCiCap base period will be funded via Federal Acquisition Regulation—based contracts and that NASA will take all necessary steps to ensure that these contracts can be smoothly awarded with minimal disruption to programmatic progress. NASA is also expected to maintain rigorous oversight of the program and its private sector partners to ensure that all necessary safety standards are being met and all appropriate safeguards for taxpayer interests are being implemented.

#### SPACE OPERATIONS

This Act includes \$3,953,000,000 for Space Operations.

*ISS.*—\$2,958,000,000 is for ISS operations, research and cargo supply and adopts, by reference, language from the Senate report regarding satellite servicing activities.

Language in the House report requiring NASA to provide a report on options for short-term emergency access to the ISS is adopted by reference. This report shall be provided no later than 120 days after the enactment of this Act. Launch services.—Concern remains about

Launch services.—Concern remains about potential shortages in both the small- and medium-class launch vehicle markets. Such shortages would threaten both the schedules and budgets for NASA science missions. NASA is directed to continue monitoring its options in both markets and to ensure that management plans for projects in these classes appropriately reflect the risks resulting from uncertainty in launch vehicle availability and pricing.

Space and Flight Support.—\$925,000,000 is for Space and Flight Support, including the full requested level for Tracking and Data Relay Satellite System replacement and the 21st Century Space Launch Complex (21CSLC) program. The 21CSLC funds are available for the modification and modernization of launch infrastructure not exclusively used for SLS, including NASA-owned facilities for launch vehicles serving NASA missions and facilities scheduled to launch cargo to the ISS.

Language from the House report regarding strategic planning for upgrades and modernization of the Wallops Flight Facility is adopted by reference.

#### EDUCATION

This Act includes \$125,000,000 for Education.

Aerospace Research and Career Development.—\$40,000,000 is for the National Space Grant College program, and \$18,000,000 is for the Experimental Program to Stimulate Competitive Research (EPSCoR). Language from the Senate report regarding the distribution of Space Grant funding to states and jurisdictions is not adopted.

Informal education.—\$10,000,000 is for a competitive grant program to fund informal education programs that develop STEM education activities, including exhibits, at qualifying institutions as described in section 616 of the NASA Authorization Act of 2005 (Public Law 109–155), and/or at NASA Visitors Centers.

K-12 STEM education and youth service organizations — It is noted that NASA's Office of Education, mission directorates and centers are involved in multiple efforts to engage K-12 students in STEM-related activities and competitions, in order to help encourage students to pursue future STEM-related studies and careers. Much of NASA's work in this area has been accomplished through partnerships with youth service organizations, including those with a nationwide footprint. These efforts both augment and leverage the resources and reach of these organizations, helping to bring practical STEM applications to a wider group of young participants. NASA is commended for these efforts, which are an effective way to help build a strong and vibrant future STEM workforce, which in turn helps ensure a strong, globally competitive U.S. economy. NASA is directed, within funds provided both in this account and throughout the NASA budget, to expand the agency's K-12 STEM education efforts with youth service organizations and to report to the Committees on Appropriations within 180 days of enactment on these efforts.

#### CROSS AGENCY SUPPORT

This Act includes \$2,823,000,000 for Cross Agency Support.

*Cybersecurity.*—Language from the Senate report regarding cybersecurity is adopted by reference.

Comprehensive independent assessment.— Language from the House report regarding NASA's response to a comprehensive independent assessment of the agency conducted by the National Research Council is adopted by reference.

> CONSTRUCTION AND ENVIRONMENTAL COMPLIANCE AND RESTORATION

This Act includes \$680,000,000 for Construction and Environmental Compliance and Restoration. Within the amounts provided, \$60,000,000 is for Environmental Compliance and Restoration, \$329,200,000 is for Institutional Construction of Facilities (CoF) and \$265,710,000 is for Exploration CoF, including \$3,310,000 for the Orion MPCV and \$142,000,000 for SLS-related test facilities.

OFFICE OF INSPECTOR GENERAL

This Act includes \$38,000,000 for the Office of Inspector General.

ADMINISTRATIVE PROVISIONS

This Act includes the following administrative provisions for NASA:

• a provision that makes funds for announced prizes available without fiscal year limitation until the prize is claimed or the offer is withdrawn;

• a provision that establishes terms and conditions for the transfer of funds;

• a provision that subjects the NASA spending plan and specified changes to that spending plan to reprogramming procedures under section 505 of this Act; and

• a provision that allows NASA to retain within its Working Capital Fund refunds or rebates received through NASA's credit card programs.

NATIONAL SCIENCE FOUNDATION

RESEARCH AND RELATED ACTIVITIES This Act includes \$5,983,280,000 for Research and Related Activities (R&RA).

Program priorities.—NSF's proposed R&RA termination and reduction proposals are incorporated as described in the House report.

Advanced manufacturing.—Language in the House report regarding advanced manufacturing is adopted by reference.

*Cybersecurity research.*—Language from the Senate report regarding cybersecurity research is adopted by reference.

Innovation Corps (I-Corps).—Language from the House report regarding the I-Corps program is adopted by reference. If NSF determines that the directive contained in that language cannot be practically enforced for any specific I-Corps grant, NSF is directed to immediately report that determination, along with an explanation, to the Committees on Appropriations. NSF is expected to make all necessary efforts to ensure that exceptions to the directive are avoided to the maximum extent possible.

Cross-Foundation initiatives.—Limits on the implementation of OneNSF initiatives as proposed in the Senate report are not included because there is value in the further development of interdisciplinary research activities. However, future growth in interdisciplinary research should not come at the expense of adequate support for infrastructure and core research programs in each of NSF's individual scientific disciplines. NSF is urged to assess and refine the balance among these activities in its budget request for fiscal year 2014 and future years.

Astronomy.—\$247,550,000 is for astronomical sciences, including \$164,890,000 for infrastructure. Within the infrastructure portfolio, NSF shall fund pre-construction planning and research resources at the budget request level and allocate the remaining funds to observatories. To the extent that increases in infrastructure spending require a reduction in the research budget, those reductions should come from the planned increases for the Enhancing Access to the Radio Spectrum program.

No limitations are placed on the implementation of the Telescope System Instrumentation Plan, and no action or statement herein regarding the Division of Astronomical Sciences (AST) should be construed as an expression of opinion regarding AST's recently concluded portfolio review, which has yet to be submitted to the Congress for consideration.

EPSCoR.—\$158,190,000 is for EPSCoR.

MAJOR RESEARCH EQUIPMENT AND FACILITIES CONSTRUCTION

This Act includes \$196,170,000 for Major Research Equipment and Facilities Construction.

EDUCATION AND HUMAN RESOURCES

This Act includes \$895,610,000 for Education and Human Resources (EHR).

Program terminations and reductions.—NSF's proposed EHR termination and reduction proposals as described in the House report are incorporated, with the exception of NSF's proposal to reduce the Advancing Informal STEM Learning (AISL) program. AISL shall be funded as described in the Senate report.

Broadening participation programs.—Funding for the Historically Black Colleges and Universities Undergraduate Program, the Louis Stokes Alliance for Minority Participation, the Tribal Colleges and Universities Program and Centers for Research Excellence in Science and Technology is incorporated, as described in the Senate report.

Advanced Technological Education (ATE).— An increase of \$5,000,000 above the request for ATE is included, as described in the House report. NSF shall choose an offset to accommodate this increase from among the EHR programs not otherwise described in this statement.

Best practices in K-12 STEM education.— Adopted, by reference, is language from the House report on the implementation of the recommendations contained in the National Research Council's 2011 report entitled Successful K-12 STEM Education: Identifying Effective Approaches in Science, Technology, Engineering, and Mathematics.

Federal Cyber Service: Scholarships for Service.—Adopted, by reference, is language from the Senate report regarding the Federal Cyber Service: Scholarships for Service program.

AGENCY OPERATIONS AND AWARD MANAGEMENT This Act includes \$299,400,000 for Agency Operations and Award Management.

Follow-up on OIG findings.—NSF management responses to recommendations of the OIG, particularly those regarding workforce management and construction contingency funding, have been inadequate. NSF is directed to provide the report described in the Senate report within 30 days of the enactment of this Act and to provide updates to that report on a semiannual basis.

NSF headquarters.—The requested amount for expenses associated with the expiration of NSF's headquarters lease is provided.

OFFICE OF THE NATIONAL SCIENCE BOARD This Act includes \$4,440,000 for the Na-

tional Science Board. OFFICE OF INSPECTOR GENERAL

This Act includes \$14,200,000 for the OIG. ADMINISTRATIVE PROVISION

This Act includes a provision that establishes terms and conditions for the transfer of funds.

## TITLE IV

**RELATED AGENCIES** COMMISSION ON CIVIL RIGHTS

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

This Act includes \$9,400,000 for the Commission on Civil Rights.

Improving oversight.—Language is continued that was first included in fiscal year 2012 establishing an inspector general (IG) function for the Commission on Civil Rights and providing that the function will be carried out by the individual holding the position of IG at the Government Accountability Office (GAO). The IG is tasked with the duties and responsibilities specified in the Inspector General Act of 1978, including conducting audits and reviews of Commission programs, finances and personnel.

Funding is provided for these operations in the amount of \$450,000 by direct transfer to the Office of Inspector General of the GAO. This amount is \$200,000 above the request and the enacted level. The GAO IG was unable to fulfill the statutory requirements for its role as IG for the Commission within the amounts provided in fiscal year 2012. Accordingly, the resources available to the IG have been increased. Also included is language providing the IG flexibility in submitting statutorily required reports so the IG can focus its efforts on more substantive oversight issues. With these additional resources and flexibility, the IG is expected to conduct vigorous oversight of the Commission. The IG also is expected to consult with the Committees on Appropriations before exercising this new authority.

Vacancies.—The findings of the IG's recent report on management and performance challenges are concerning. In particular, the Commission has not had a permanent staff director since January 2011 and has not had an acting staff director since April 2012. In addition, the Commission has dozens of other vacant positions, many of which have been unfilled for years. Many other staff have multiple titles and responsibilities. The Commission is directed to examine its staffing structure, realign positions, as appropriate, based on available resources, and report the results to the Committees on Appropriations within 90 days of enactment of this Act. This report is expected to include details on staffing at the Commission's regional offices, as well as an assessment of the role of these offices in carrying out the work of the Commission.

> EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

#### SALARIES AND EXPENSES

This Act includes \$370,000,000 for the Equal Employment Opportunity Commission (EEOC). Up to \$29,500,000 shall be available for payments to State and local enforcement agencies to ensure that the EEOC provides adequate resources to its State and local partners.

Strategic plan.—EEOC is expected to use its resources to implement the strategic objectives identified in the EEOC's 2012-2016 strategic plan; specifically: combating employment discrimination through strategic law enforcement, preventing employment discrimination through education and outreach, and delivering excellent and consistent service.

EEOC is directed to report to the Committees on Appropriations within 60 days of the enactment of this Act on the steps it has taken to reach the fiscal year 2012 goals set forth in the strategic plan, whether those goals were achieved, and, if not, an explanation of why those goals were not achieved. Many of the strategies and measures outlined in the strategic plan are multi-year efforts, and EEOC is expected to provide an analysis of the impact the strategies will have in subsequent years. As noted in the Senate report, there is particular interest in seeing the results of discussions surrounding intake and charge management in the private sector process and the development of a new case management system in the Federal sector process.

In creating the strategic plan, the EEOC sought the input of all members of the EEOC workforce, in addition to the agency's leadership, and solicited and received comments from a wide range of stakeholders and the public. Therefore, it is expected that these invested stakeholders will be active and constructive partners in the plan's implementation by EEOC.

Age discrimination.-Section 540 of H.R. 5326 of the 112th Congress regarding an EEOC rule on age discrimination is not included. There is concern that EEOC did not conduct a thorough analysis of this rule's impact on small Therefore, notwithstanding the business. EEOC's determination under section 605(b) of title 5. United States Code, no later than 90 days after enactment of this Act. EEOC shall conduct an analysis equivalent to that required under section 604 of such title and provide the analysis to the Committees on Appropriations as well as to the public. The EEOC shall consult with the Committees on Appropriations prior to undertaking this analysis. This requirement shall not interfere with implementation of the rule.

Guidance on criminal background checks.— Section 544 of H.R. 5326 of the 112th Congress is not included. The EEOC recently finalized new guidance regarding the use of criminal record checks, without regard for a directive proposed by the Senate that such guidance should be circulated for public comment at least six months before adoption. The EEOC is directed to report to the Committees on Appropriations within 120 days of enactment of this Act detailing the steps it has taken to alleviate confusion about the new guidance. INTERNATIONAL TRADE COMMISSION

ERMITOWIE TRADE COMMIS

SALARIES AND EXPENSES

This Act includes \$83,000,000 for the International Trade Commission.

LEGAL SERVICES CORPORATION

PAYMENT TO THE LEGAL SERVICES

CORPORATION

This Act includes \$365,000,000 for the Legal Services Corporation (LSC).

Pro bono task force.—It is encouraging that the LSC launched a pro bono task force, which released its report this fall. The LSC is urged to implement the recommendations as it continues to work with grantees to adopt measures aimed at increasing the involvement of private attorneys in the delivery of legal services to their clients.

Pro bono innovation program.—The pro bono task force's recommendation for the creation of a pro bono innovation program is encouraging, and LSC believes it has authority under the Legal Services Corporation Act to establish this program. LSC is directed to submit a reprogramming request to the Committees on Appropriations before starting the program.

Headquarters management.—Language is incorporated from the Senate report regarding LSC headquarters' efforts to incite stakeholders into actively lobbying Congress on budget issues with Federal dollars appropriated to headquarters. The funding expended in these efforts may be better used towards providing services to those in need of LSC counseling in the field. LSC is directed to re-examine its headquarters structure and identify areas of duplication for consolidation or elimination in an effort to provide a more efficient and cost-saving structure, and send more funding to those in the field in need of LSC services. LSC shall report these findings to the Committees on Appropriations within 90 days of enactment of this Act.

#### ADMINISTRATIVE PROVISIONS—LEGAL SERVICES CORPORATION

Unauthorized uses of funds.—The Inspector General of the LSC is encouraged to conduct annual audits of LSC grantees to ensure that funds are not being used in contravention of the restrictions on engaging in political activities or any of the other restrictions by which LSC grantees are required to abide. The removal of funds from any LSC grantee determined by the Inspector General to have engaged in unauthorized political activity is recommended.

Allocation of basic field grants.-Language, modified from H.R. 5326 of the 112th Congress, making a technical change to the allocation formula for basic field grants is included. The Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Act. 1996 (Public Law 104-134) required that the allocation for grantees in each geographic area be based on poverty statistics from the "most recent decennial census." The Census Bureau has since stopped collecting poverty data in the decennial census and instead collects those data in the American Community Survey (ACS). The recommended language alters the formula to reflect this shift. Since ACS data are released more frequently, the language allows reallocation of funding every three years. The language also provides a two-year phase in of the changes. The phase in, which was not included in H.R. 5326 of the 112th Congress, allows grantees to adjust more easily to changes in funding allocations. It is disappointing that LSC waited until the fiscal year 2013 budget request to seek this change, long after it was known that these data would no longer be made available in the decennial census.

MARINE MAMMAL COMMISSION

SALARIES AND EXPENSES

This Act includes \$3,081,000 for the Marine Mammal Commission.

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

SALARIES AND EXPENSES

This Act includes \$51,251,000 for the Office of the U.S. Trade Representative.

STATE JUSTICE INSTITUTE

SALARIES AND EXPENSES

This Act includes \$5,121,000 for the State Justice Institute.

#### TITLE V

### GENERAL PROVISIONS

(INCLUDING RESCISSIONS)

This Act includes the following general provisions:

Section 501 prohibits the use of funds for publicity or propaganda purposes unless expressly authorized by law.

Section 502 prohibits any appropriation contained in this Act from remaining available for obligation beyond the current fiscal year unless expressly provided.

Section 503 provides that the expenditure of any appropriation contained in the Act for any consulting service through procurement contracts shall be limited to those contracts where such expenditures are a matter of public record and available for public inspection, except where otherwise provided under existing law or existing Executive Order issued pursuant to existing law.

Section 504 provides that if any provision of this Act or the application of such provision to any person or circumstance shall be held invalid, the remainder of the Act and the application of other provisions shall not be affected.

Section 505 prohibits a reprogramming of funds that: (1) creates or initiates a new program, project or activity; (2) eliminates a program, project, or activity; (3) increases funds or personnel by any means for any project or activity for which funds have been denied or restricted; (4) relocates an office or employee; (5) reorganizes or renames offices, programs or activities; (6) contracts out or privatizes any function or activity presently performed by Federal employees; (7) augments funds for existing programs, projects or activities in excess of \$500,000 or 10 percent, whichever is less, or reduces by 10 percent funding for any existing program, project, or activity, or numbers of personnel by 10 percent; or (8) results from any general savings, including savings from a reduction in personnel, which would result in a change in existing programs, activities, or projects as approved by Congress: unless the House and Senate Committees on Appropriations are notified 15 days in advance of such reprogramming of funds. Language is included requiring the Department of Justice to notify the Committees 45 days in advance of any such reprogramming. Section 506 provides that if it is deter-

Section 506 provides that if it is determined that any person intentionally affixes a "Made in America" label to any product that was not made in America that person shall not be eligible to receive any contract or subcontract with funds made available in this Act. The section further provides that to the extent practicable, with respect to purchases of promotional items, funds made available under this Act shall be used to purchase items manufactured, produced or assembled in the United States or its territories or possessions.

Section 507 requires quarterly reporting to Congress on the status of balances of appropriations.

Section 508 provides that any costs incurred by a department or agency funded under this Act resulting from, or to prevent, personnel actions taken in response to funding reductions in the Act shall be absorbed within the budgetary resources available to the department or agency, and provides transfer authority between appropriation accounts to carry out this provision, subject to reprogramming procedures.

Section 509 prohibits funds made available in this Act from being used to promote the sale or export of tobacco or tobacco products or to seek the reduction or removal of foreign restrictions on the marketing of tobacco products, except for restrictions which are not applied equally to all tobacco or tobacco products of the same type. This provision is not intended to impact routine international trade services to all U.S. citizens, including the processing of applications to establish foreign trade zones.

Section 510 delays the obligations of any receipts deposited into the Crime Victims Fund in excess of \$730,000,000 until the following fiscal year.

lowing fiscal year. Section 511 prohibits the use of Department of Justice funds for programs that discriminate against or denigrate the religious or moral beliefs of students participating in such programs.

Section 512 prohibits the transfer of funds in the Act to any department, agency or instrumentality of the United States Government, except for transfers made by, or pursuant to authorities provided in, this Act or any other appropriations Act.

Section 513 provides that funds provided for E-Government Initiatives shall be subject to the procedures set forth in section 505 of this Act.

Section 514 permanently requires the Bureau of Alcohol, Tobacco, Firearms and Explosives to include specific language in any release of tracing study data that makes clear that trace data cannot be used to draw broad conclusions about firearms-related crimes.

Section 515 requires certain timetables of audits performed by Inspectors General of the Departments of Commerce and Justice, the National Aeronautics and Space Administration, the National Science Foundation, and the Legal Services Corporation and sets limits and restrictions on the awarding and use of grants or contracts funded by amounts appropriated by this Act.

Section 516 prohibits funds for information technology acquisitions unless the acquiring department or agency has assessed the risk of cyber-espionage or sabotage. Any acquisition of information technology produced by entities that are owned, directed, or subsidized by the People's Republic of China must be preceded by a determination that the acquisition is in the national interest. Each department or agency covered under section 516 shall submit a quarterly report to the Committees on Appropriations of the House and the Senate describing assessments made pursuant to this section and any associated findings or determinations of risk.

Section 517 prohibits the use of funds in this Act to support or justify the use of torture by any official or contract employee of the United States Government.

Section 518 prohibits the use of funds in this Act to require certain export licenses.

Section 519 prohibits the use of funds in this Act to deny certain import applications regarding "curios or relics" firearms, parts, or ammunition.

Section 520 prohibits the use of funds to include certain language in trade agreements.

Section 521 prohibits the use of funds in this Act to authorize or issue a National Security Letter (NSL) in contravention of certain laws authorizing the Federal Bureau of Investigation to issue NSLs.

Section 522 requires congressional notification for any project within the Departments of Commerce or Justice, the National Science Foundation or the National Aeronautics and Space Administration totaling more than \$75,000,000 that has cost increases of at least 10 percent.

Section 523 deems funds for intelligence or intelligence-related activities as authorized by the Congress until the enactment of the Intelligence Authorization Act for fiscal year 2013.

Section 524 requires the departments and agencies funded in this Act to establish and maintain on the homepages of their Internet websites direct links to the Internet websites of their Offices of Inspectors General, and a mechanism by which individuals may anonymously report cases of waste, fraud or abuse.

Section 525 prohibits contracts or grant awards in excess of \$5,000,000 unless the prospective contractor or grantee certifies that the organization has filed all Federal tax returns, has not been convicted of a criminal offense under the IRS Code of 1986, and has no unpaid Federal tax assessment.

#### (RESCISSIONS)

Section 526 provides for rescissions of unobligated balances in the Department of Justice. The rescission from the Federal Prison System, Buildings and Facilities account rescinds all remaining balances associated with the "Acquire Existing Institution for Higher Security FCI" project. With respect to rescissions of unobligated balances from the Office on Violence Against Women, the Office of Justice Programs and the Office of Community Oriented Policing Services, it is expected that rescissions will be from grant deobligations and recoveries.

Section 527 prohibits the use of funds in this Act in a manner that is inconsistent with the principal negotiating objective of the United States with respect to trade remedy laws.

Section 528 prohibits the use of funds in this Act for the purchase of first class or premium air travel.

Section 529 prohibits the use of funds to pay for the attendance of more than 50 department or agency employees at any single conference outside the United States, unless the conference is a law enforcement training or operational event where the majority of Federal attendees are law enforcement personnel stationed outside the United States.

Section 530 includes language regarding detainees held at Guantanamo Bay.

Section 531 includes language regarding facilities for housing detainees held at Guantanamo Bay.

Section 532 prohibits the distribution of funds contained in this Act to the Association of Community Organizations for Reform Now or its subsidiaries.

Section 533 includes language regarding the purchase of light bulbs.

Section 534 requires any department, agency or instrumentality of the United States Government receiving funds appropriated under this Act to track and report on undisbursed balances in expired grant accounts.

Section 535 prohibits the use of funds by the National Aeronautics and Space Administration or the Office of Science and Technology Policy to engage in bilateral activities with China or a Chinese-owned company unless the activities are authorized by subsequent legislation or NASA or OSTP have made a certification pursuant to subsections (c) and (d) of this section.

Section 536 prohibits the use of funds to relocate the Bureau of the Census or employees from the Department of Commerce to the jurisdiction of the Executive Office of the President.

Section 537 requires the Departments of Commerce and Justice, the National Aeronautics and Space Administration, and the National Science Foundation to submit spending plans.

Section 538 prohibits funds made available by this Act from being used to deny the importation of shotgun models if no application for the importation of such models, in the same configuration, had been denied prior to January 1, 2011, on the basis that the shotgun was not particularly suitable for or readily adaptable to sporting purposes.

Section 539 prohibits the use of funds to establish or maintain a computer network that does not block pornography, except for law enforcement purposes.

Section 540 prohibits funds made available by this Act from being used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that was convicted of a felony criminal violation under any Federal law within the preceding 24 months, unless an agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the government.

Section 541 prohibits funds made available by this Act from being used to enter into a contract, memorandum of understanding, or cooperative agreement with, make a grant to, or provide a loan or loan guarantee to, any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, unless an agency has considered suspension or debarment of the corporation and has made a determination that this further action is not necessary to protect the interests of the government.

Section 542 prohibits funds made available by this Act from being used to pay the salaries of an employee of the Department of Commerce to use amounts in the Fisheries Enforcement Asset Forfeiture Fund of NOAA for any purposes other than specified in the law.

Section 540 from H.R. 5326 of the 112th Congress regarding an EEOC rule on age discrimination is not included. Direction to EEOC on this subject is provided under title IV of this statement.

Section 542 from S. 2323 of the 112th Congress regarding vehicle fleets is not included. Instead, all agencies and departments funded under this Act are directed to send to the Committees on Appropriations, at the end of the fiscal year, a report containing a complete inventory of the total number of vehicles owned, permanently retired, and purchased during fiscal year 2013 as well as the total cost of the vehicle fleet, including maintenance, fuel, storage, purchasing, and leasing.

Section 543 from H.R. 5326 of the 112th Congress regarding fisheries catch shares is not included. Instead, direction to NOAA on this subject is included under title I of this statement.

Section 544 from H.R. 5326 of the 112th Congress regarding EEOC guidance on criminal records is not included. Direction to EEOC on this subject is provided under title IV of this statement.

Section 545 from H.R. 5326 of the 112th Congress, which prohibits the Census Bureau from enforcing section 13 U.S.C. 221(a) regarding the American Community Survey is not included. Instead, direction to the Census Bureau and the Department of Commerce regarding these activities is included under title I of this statement.

Section 546 from H.R. 5326 of the 112th Congress is not included. Direction to the Department of Justice on Operation Fast and Furious is provided under the Department of Justice, General Administration heading under title II of this statement.

Section 549 from H.R. 5326 of the 112th Congress regarding certain court settlements is not included. On February 9, 2012, the Department of Justice announced that the Federal government, along with 49 State attorgeneral, reached landmark nevs a \$25,000,000,000 settlement with the nation's five largest banks. It is recognized that investors in mortgage-backed securities (MBS) were excluded from negotiations with respect to the settlement, and are concerned about the effect the settlement will have on their interests. MBS investors include State retirement systems, 401(k) plans, public and private pension plans, insurance company annuities and mutual funds. Because the details of the settlement agreement will likely never be known to the public, the Department of Justice is directed to study both the efforts of the five largest banks to comply with the settlement and the impact of the settlement on the revenue of MBS trusts. and submit a report to the Committees on its findings not later than one year after the date of enactment of this Act.

Section 553 from H.R. 5326 of the 112th Congress regarding the National Ocean Policy is not included. Instead, direction to NOAA regarding these activities is included under title I of this statement.

Section 554 from H.R. 5326 of the 112th Congress regarding vehicle efficiency standards is not included. The departments and agencies funded under this Act are expected to adhere to the guidance of Presidential Memorandum—Federal Fleet Performance, dated May 24, 2011, and to notify the Committees on Appropriations regarding any vehicle leases or purchases that are not in accordance with that guidance. Section 562 from H.R. 5326 of the 112th Con-

Section 352 from H.R. 5226 of the 112th Congress regarding turtle excluder devices is not included. Instead, direction to NOAA regarding this issue is included under title I of this statement.

Section 564 from H.R. 5326 of the 112th Congress regarding the National Science Foundation's (NSF) Climate Change Education (CCE) program is not included. However, within the amounts provided to NSF in title III of this Act, NSF shall spend no more than \$3,130,000 on CCE. Section 565 from H.R. 5326 of the 112th Con-

Section 565 from H.R. 5326 of the 112th Congress regarding NSF's political science program is not included. As part of the spending plan required by this Act, NSF is directed to provide: (1) a detailed description of how the agency proposes to allocate funds among the various NSF directorates, divisions and programs; (2) a justification for how this proposed allocation of funds appropriately reflects national scientific and policy priorities; and (3) a discussion of the relative contributions of various scientific disciplines to innovation, economic growth and national security.

References in Division C to "conferees" are deemed to be references to the Committees on Appropriations of the House of Representatives and the Senate, and references to the "conference agreement" are deemed to be references to the Department of Defense Appropriations Act.

#### DIVISION C—DEPARTMENT OF DEFENSE APPROPRIATIONS ACT, 2013

The conference agreement on the Department of Defense Appropriations Act, 2013, incorporates some of the provisions of both the House and the Senate versions of the bill. The language and allocations set forth in House Report 112-493 and Senate Report 112-196 shall be complied with unless specifically addressed to the contrary in the accompanying bill and explanatory statement.

### DEFINITION OF PROGRAM, PROJECT, AND

ACTIVITY

The conferees agree that for the purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Public Law 99-177), as amended by the Balanced Budget and Emergency Deficit Control Reaffirmation Act of 1987 (Public Law 100-119) and by the Budget Enforcement Act of 1990 (Public Law 101-508), the terms "program, project, and activity" for appropriations contained in for appropriations contained in this Act shall be defined as the most specific level of budget items identified in the Department of Defense Appropriations Act. 2013, the related classified annexes and explanatory statements, and the P-1 and R-1 budget justification documents as subsequently modified by congressional action. The following exception to the above definition shall apply: for the military personnel and the operation and maintenance accounts, for which the term "program, project, and activity" is defined as the appropriations accounts contained in the Department of Defense Appropriations Act.

At the time the President submits the budget for fiscal year 2014, the Department of Defense is directed to transmit to the congressional defense committees budget justification documents to be known as the "M-1" and "O-1" which shall identify, at the budget activity, activity group, and sub-activity group level, the amounts requested by the President to be appropriated to the Department of Defense for military personnel and operation and maintenance in any budget request, or amended budget request, for fiscal year 2014.

In carrying out any Presidential sequestration, the Department of Defense and related agencies shall conform to the definition for "program, project, and activity" set forth above except that military personnel accounts will be exempt from sequestration per the notification made by the Director of the Office of Management and Budget on July 31, 2012.

#### CLASSIFIED ANNEX

Adjustments to classified programs are addressed in the accompanying classified annex.

#### CONGRESSIONAL SPECIAL INTEREST ITEMS

Items for which additional funds have been provided as shown in the project level tables or in paragraphs using the phrase "only for" or "only to" are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in the explanatory statement.

#### REPROGRAMMING GUIDANCE

The conferees direct the Secretary of Defense to continue to follow the reprogramming guidance for acquisition accounts as specified in the report accompanying the House version of the fiscal year 2008 Department of Defense Appropriations bill (House Report 110-279). For operation and maintenance accounts, the Department of Defense shall continue to follow the reprogramming guidelines specified in the conference report accompanying H.R. 3222, the Department of Defense Appropriations Act, 2008. The dollar threshold for reprogramming funds shall remain at \$15,000,000 for operation and maintenance; \$20,000,000 for procurement; and \$10,000,000 for research, development, test and evaluation.

Also, the conferees direct the Under Secretary of Defense (Comptroller) to continue to provide the congressional defense committees annual DD Form 1416 reports for titles I and II and quarterly, spreadsheet-based DD Form 1416 reports for service and defensewide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, test and evaluation line, development. whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of an operation and maintenance (O-1), a procurement (P-1), or a research, development, test and evaluation (R-1) line exceeds the identified threshold, the Department of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

#### FUNDING INCREASES

The funding increases outlined in the tables for each appropriation account shall be provided only for the specific purposes indicated in the tables.

#### SHIP MODERNIZATION, OPERATIONS AND SUSTAINMENT FUND

As detailed in House Report 112–493 and Senate Report 112–196, the conferees remain concerned with the Navy's proposal to prematurely retire capable and relevant ships with over 100 years of remaining service life following an initial investment of no less than \$11,600,000,000 in current fiscal year 2012 dollars.

Therefore, the conferees recommend denying these proposed retirements and direct the Secretary of the Navy to retain this force structure in its entirety. The conferees recommend full funding, as identified by the Navy, to man, operate, sustain, upgrade, and modernize only CG-63, CG-64, CG-65, CG-66, CG-68, CG-69, CG-73, LSD-41, and LSD-46 in the "Ship Modernization, Operations and Sustainment Fund", as specified elsewhere in this conference agreement. The conferees recommend full funding for all known requirements only for these specific platforms for the next two fiscal years, and provide the Secretary of the Navy the authority to transfer funds from the "Ship Modernization, Operations and Sustainment Fund" to the appropriate appropriation accounts in the year of execution following 30 day prior notification to the congressional defense committees. The conferees direct funds to be transferred in accordance with the requirements previously identified to the congressional defense committees by the Navy and further direct that any deviation from those requirements shall be fully and clearly identified to the congressional defense committees prior to the initiation of any such transfer. The conferees believe that this approach

provides the fiscal relief required by the Navy to maintain this force structure and allows the Navy sufficient time to plan and budget for this force structure in future budget submissions.

Additionally, the conferees direct the Comptroller General to review the Navy's methodology and analysis regarding its decommissioning proposal, to include an analysis of the extent to which readiness metrics, maintenance, and inspection data; operating and support costs; and cost metrics related to initial and proposed curtailed service lives were considered. This review shall also address the extent to which decommissioning costs and any costs for maintaining or acquiring like capabilities were considered, the extent to which combatant command requirements were taken into account when the proposal was made. and the impact of the reduced fleet size on the Navy's ability to meet operational and personnel tempo goals and maintenance requirements. The results of this review should be submitted to the congressional defense committees not later than 180 days after the enactment of this Act.

In addition, the USS Port Royal (CG-73) incurred significant damage following a grounding incident in 2009. Following the incident, the ship was repaired and has since completed a deployment. However, while the Navy claims that the ship never completely recovered from the grounding, the Navy has failed to provide adequate analysis and cost data on the structural condition of the USS Port Royal. Therefore, the conferees direct the Secretary of the Navy to carry out an independent structural assessment of the Port Royal that includes a comparative structural assessment to other cruisers of the same class. The independent review shall provide a detailed cost estimate to repair the ship and how that estimate differs from the cost to repair other cruisers of the same class, including what issues would be corrected during planned maintenance availabilities. The conferees further direct that this independent assessment be certified by Government Accountability Office the (GAO). Both the independent review and the GAO certification should be submitted to the congressional defense committees not later than 180 days after the enactment of this Act

#### FORCE STRUCTURE

The conferees agree to include a provision that prohibits the Air Force from using funds made available by this Act to retire, divest, realign, or transfer aircraft, or to disestablish or convert units, with an exception for actions proposed in the fiscal year 2013 budget request affecting C-5, C-17, and E-8 aircraft, and their associated units.

The conferees do not agree to require the Air Force to submit cost-benefit analyses for the force structure proposals in the fiscal year 2013 budget request, as proposed by the House. However, the conferees expect that any future force structure proposals submitted by the Air Force will be transparently and comprehensively justified.

#### CONFERENCES

The conferees agree to not retain a reporting requirement as established in House Report 112-493 accompanying the Department of Defense Appropriations Act, 2013, which directs the Inspector General to provide reports to the congressional defense committees on conferences.

#### TREATY COMPLIANCE

The conferees believe compliance with nuclear arms control treaties is vital to our national security. The Secretary of Defense is directed to notify the congressional defense committees if any parties with which the United States has signed a nuclear arms control treaty are violating or acting inconsistently with the terms of that treaty.

BASE REALIGNMENT AND CLOSURE

rounds of Base Realignment and Closure

(BRAC). As such, there are no funds included in this Act for new BRAC activities.

TITLE I-MILITARY PERSONNEL The conference agreement provides The conferees do not support further \$127,533,073,000 in Title I, Military Personnel, instead of \$128,462,794,000 as proposed by the

House and \$127,502,463,000 as proposed by the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

## PERMANENT CHANGE OF STATION EFFICIENCIES

March 11, 2013

The conferees recommend a total reduction of \$146,793,000 in the Permanent Change of Station (PCS) budgets for program efficiencies. The conferees recognize that potential cost savings could be found in the PCS program. The conferees direct the Under Secretary of Defense (Personnel and Readiness) to conduct a review of the PCS program to identify potential efficiencies and to submit a report to the congressional defense committees not later than 180 days after the enactment of this Act on its findings. The conferees understand that each of the Services have increased time on station requirements but that the Services are not meeting these goals. As such, the report should include a review of the reasons that the Services have not met the increased time on station goals and a plan to achieve them, including the budget efficiencies that can be gained by increased tour lengths. Furthermore, the report should consider the potential impact of increased tour lengths on servicemembers' job performance and on morale and quality of life for servicemembers and their families. It should also include how a change in policy would impact promotion and professional development opportunities, personnel readiness, and quality of life issues for servicemembers serving in hardship or overseas locations.

#### COMPOSITE PAY RATES

For a number of years, the Government Accountability Office (GAO) has used the Department of Defense's composite pay rates in its military personnel end strength analysis to estimate the financial impact of work year variances on the Services' military personnel budget requests. Although this information has been important to the congressional defense committees in their budget analyses, the conferees believe that GAO's estimates would be more useful if the analysis was made available earlier in the budget process. Therefore, to improve the timeliness of the GAO analysis, the conferees direct that the Services' composite budget pay rates should be reviewed, approved, and published not later than 30 days after the President's budget request is submitted to the Congress.

#### MILITARY PERSONNEL, ARMY

REPROGRAMMING GUIDANCE FOR OPERATION AND MAINTENANCE ACCOUNTS

The conferees direct the Secretary of Defense to continue to follow the reprogramming guidelines specified in the conference report accompanying H.R. 3222, the Department of Defense Appropriations Act, 2008. Specifically, the dollar threshold for reprogramming funds shall remain at \$15,000,000 for operation and maintenance accounts.

Also, the conferees direct the Under Secretary of Defense (Comptroller) to continue to provide the congressional defense committees annual DD Form 1416 reports for service and defense-wide accounts in titles I and II of this Act. Further, the conferees direct the Under Secretary of Defense (Comptroller) to submit the Base for Reprogramming (DD Form 1414) for each of the fiscal year 2013 appropriations accounts not later than 60 days after the enactment of this Act. The Secretary of Defense is prohibited from executing any reprogramming or transfer of funds for any purpose other than originally appropriated until the aforementioned report is submitted to the House and Senate Appropriations Committees.

The Secretary of Defense is directed to use the normal prior approval reprogramming procedures to transfer funds in the Services' operation and maintenance accounts between O-1 budget activities in excess of \$15,000,000. In addition, the Secretary of Defense should follow prior approval reprogramming procedures for transfers in excess of \$15,000,000 out of the following budget sub-activities:

Army:

Maneuver units

- Modular support brigades
- Land forces operations support
- Force readiness operations support
- Land forces depot maintenance
- Base operations support
- Facilities Sustainment, Restoration, and Modernization

Navy:

Aircraft depot maintenance

Ship depot maintenance

Facilities Sustainment, Restoration, and Modernization

Marine Corps:

- Depot maintenance
- Facilities Sustainment, Restoration, and Modernization  $% \left( {{\left[ {{{\rm{S}}_{\rm{S}}} \right]}_{\rm{A}}} \right)$

Air Force:

Primary combat forces

Combat enhancement forces

Combat communications

Facilities Sustainment, Restoration, and

Modernization

Operating forces depot maintenance

Mobilization depot maintenance

Training and recruiting depot maintenance Administration and service-wide depot

maintenance

Air Force Reserve:

Depot maintenance

Air National Guard:

Depot maintenance

Finally, the Secretary of Defense should follow prior approval reprogramming procedures for transfers in excess of \$15,000,000 into the following budget sub-activity:

Operation and Maintenance, Army National Guard: Other personnel support/recruiting and advertising

With respect to Operation and Maintenance, Defense-Wide, proposed transfers of funds to or from the levels specified for defense agencies in excess of \$15,000,000 shall be subject to prior approval reprogramming procedures.

MILITARY INFORMATION SUPPORT OPERATIONS

The conference agreement includes \$187,200,000 for Department of Defense military information support operations, instead of \$170,100,000 as proposed by the House and \$228,600,000 as proposed by the Senate. Of the total amount, the conference agreement includes \$32,400,000 in title II and \$154,800,000 in title IX of this division. The allocation of funding by combatant command and funding levels for certain programs is specifically delineated in the classified annex accompanying this Act. Those items shall be considered congressional special interest items and be subject to normal reprogramming procedures. The conferees reiterate the direction in House Report 112-493 regarding congressional budget justifications and reporting requirements for military information support operations.

#### SPECIAL OPERATIONS COMMAND NATIONAL CAPITAL REGION

The conferees are aware of a proposal to establish a Special Operations Command National Capital Region (SOCOM-NCR) entity. While no funds were requested for this activity in either the fiscal year 2012 or fiscal year 2013 budget submissions, the conferees understand that SOCOM began this initiative using fiscal year 2012 Overseas Contingency Operations funds. Unfortunately, few details have been provided regarding the basis for this proposal and the expected efficiencies. Therefore, the conferees direct that no funds made available in this Act shall be used for the SOCOM-NCR until 30 days after the congressional defense committees have received a copy of the Secretary of Defense's waiver of Section 8018 of this Act and a report which describes the purpose of, and activities to be performed by the SOCOM-NCR, an explanation of the impact of this proposal on existing activities at SOCOM headquarters, and a detailed, by fiscal year, breakout of the staffing and costs associated with its establishment over the future years defense program.

#### OPERATION AND MAINTENANCE, ARMY

#### SPECIAL INTEREST ITEMS

March 11, 2013

Items for which additional funds have been provided as shown in the project level tables or in paragraphs using the phrase "only for" or "only to" are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in the explanatory statement.

#### REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS

The conferees direct the Secretary of Defense to continue to follow the reprogramming guidance as specified in the report accompanying the House version of the fiscal year 2008 Department of Defense Appropriations bill (House Report 110-279). Specifically, the dollar threshold for reprogramming funds will remain at \$20,000,000 for procurement and \$10,000,000 for research, development, test and evaluation.

Also, the conferees direct the Under Secretary of Defense (Comptroller) to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with the guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a procurement (P-1) or research, development, test and evaluation (R-1) line exceeds the identified threshold, the Department of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

#### DIMINISHING MANUFACTURING SOURCES COSTS IN MISSILE PROGRAMS

The conferees are concerned by the level of diminishing manufacturing sources (DMS) costs in Department of Defense tactical missile programs, particularly the Advanced Medium Range Air-to-Air Missile (AMRAAM). The conferees direct the Under Secretary of Defense (Acquisition, Technology, and Logistics), in coordination with the Service secretaries, to provide two reports to the congressional defense committees.

The first report shall provide information on the management of DMS costs within the AMRAAM program, to include an explanation of the cost drivers of AMRAAM DMS; an explanation of the AMRAAM program's approach to DMS management and its conformity with departmental guidance and best practices; an economic analysis demonstrating the costs and benefits, including the break-even point, of the AMRAAM DMS program; and an analysis of the impact of foreign military sales on AMRAAM DMS costs and management. This report shall be submitted not later than 120 days after the enactment of this Act.

The second report shall provide information on the broader issue of DMS costs and management across all tactical missile procurement programs. This report shall provide an overview of current strategies for addressing DMS, including current and planned joint activities that address common DMS issues; an explanation of the key tactical missile DMS cost drivers; a comparison of DMS costs across all tactical missile programs; and an analysis of the impact of foreign military sales on DMS costs and management. This report shall be submitted not later than 180 days after the enactment of this Act.

In addition, the conferees direct the Secretaries of the Air Force and the Navy to report DMS costs separately from missile unit costs in future budget exhibits to enhance the congressional defense committees' ability to oversee DMS costs.

JOINT STRIKE FIGHTER ADVANCE PROCUREMENT AND CONTRACT DELAYS

The conferees are concerned with the Joint Strike Fighter (JSF) contract award

#### AIRCRAFT PROCUREMENT, ARMY

The conference agreement on items addressed by either the House or the Senate is as follows:

timelines and the negative impacts on the JSF subcontractor workforce. The combination of inconsistencies in JSF advance procurement for each variant and the contract award delays have a potential to put the industrial base at risk or jeopardize the aircraft delivery schedule. Therefore, the conferees direct the Secretary of Defense to provide a report which examines the authorities and use of JSF advance procurement, including the rationale for the cost differences in advance procurement among the aircraft variants and their associated impacts to the subcontractor workforce. Additionally, the report should examine the causes of procurement contract award delays and the planned corrective action to ensure that final award of the production contracts occurs within the year of appropriation. This report shall be submitted to the congressional defense committees not later than 120 days after the enactment of this Act. USE OF UNM

#### USE OF UNMANNED AERIAL VEHICLES IN DOMESTIC AIRSPACE

The conferees are aware of concerns that have been raised regarding the use of unmanned aerial vehicles (UAV) and their sensors in domestic airspace. The conferees understand that the Air Force has policies and procedures in place governing the disposition of UAV collections that may inadvertently capture matters of concern to law enforcement agencies. These policies and procedures are designed to ensure constitutional protections and proper separation between the military and law enforcement. However, it is unclear if other Services and Defense agencies have similar policies and procedures in place, or if these policies and procedures need to be revised or standardized. Therefore, the conferees direct the Secretary of Defense to report to the congressional defense committees on the policies and procedures in place across the Services and Defense agencies governing the use of such collections and to identify any additional steps that need to be taken to ensure that such policies and procedures are adequate and consistent across the Department of Defense. This report shall be submitted not later than 90 days after the enactment of this Act.

#### CONTAINER HANDLING EQUIPMENT

The conferees do not agree to withhold funding made available to the Army in this Act or any other appropriations act for fiscal year 2013 or any previous fiscal year for the

procurement of container handling equipment. However, the conference agreement retains a reporting requirement as established in House Report 112-493, which directs the Comptroller General to provide a report to the congressional defense committees.

#### AIRCRAFT PROCUREMENT, NAVY

The conference agreement on items addressed by either the House or the Senate is as follows:

#### B–52 COMBAT NETWORK COMMUNICATIONS TECHNOLOGY

The fiscal year 2013 budget request included no funds in Aircraft Procurement, Air Force for the B-52 Combat Network Communications Technology (CONECT) program despite a valid requirement from the Air Force Global Strike Command. Subsequent to the budget submission, the program achieved conditional entry into Milestone C Low Rate Initial Production (LRIP), with an LRIP contract award contingent upon funding of the B-52 CONECT program in the fiscal year 2014 Program Objective Memorandum. Accordingly, the conferees recommend the retention of prior year B-52 CONECT funding for an LRIP contract award subject to the conditions identified by the Milestone C Acquisition Decision Memorandum.

MISSILE PROCUREMENT, AIR FORCE

EVOLVED EXPENDABLE LAUNCH VEHICLE

The conference agreement provides \$805,250,000 for Evolved Expendable Launch Vehicle (EELV) Launch Services and \$654,606,000 for EELV Launch Capability. The funds are provided in separate procurement lines to increase the budget visibility of each program. The conferees direct that none of

the recommended reduction to the EELV Launch Capabilities program be applied against mission assurance activities. Finally, the conferees direct the Secretary of the Air Force to provide clarification and definition of mission assurance activities that can be correlated to the EELV program and contract to the congressional defense committees not later than  $90\ {\rm days}$  after the enactment of this Act.

# PROCUREMENT OF AMMUNITION, AIR FORCE

The conference agreement on items addressed by either the House or the Senate is as follows:

The conference agreement on items addressed by either the House or the Senate is as follows:

#### EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Budget Request	Conference
GALLIUM NITRIDE RADAR AND ELECTRONIC WARFARE MONOLITHIC MICROWAVE INTEGRATED CIRCUITS	5,031	5,031
CADMIUM ZINC TELLURIDE SUBSTRATE PRODUCTION	1,900	1,900
READ OUT INTEGRATED CIRCUIT FOUNDRY IMPROVEMENT AND SUSTAINABILITY	1,200	1,200
SPACE QUALIFIED SOLAR CELL SUPPLY CHAIN	1,000	1,000
TRAVELING WAVE TUBE AMPLIFIERS	1,320	1,320
COMPLEMENTARY METAL OXIDE SEMICONDUCTOR FOCAL PLAN ARRAYS FOR VISIBLE SENSORS FOR STAR TRACKERS	1,800	1,800
ADVANCED PROJECTS	1,280	1,280
PRODUCTION BASE INVESTMENT ASSESSMENTS AND ACTIVITIES	5,658	0
Program reduction		- 5,658
ADVANCED DROP-IN BIOFUEL PRODUCTION	70,000	60,000
Ahead of need		-10,000
PROGRAM INCREASE		150,000
TOTAL, DEFENSE PRODUCTION ACT	89,189	223,531

#### TITLE IV—RESEARCH, DEVELOPMENT, TEST AND EVALUATION

The conference agreement provides \$69,928,477,000 in Title IV, Research, Development, Test and Evaluation, instead of \$69,984,145,000 as proposed by the House and \$69,091,078,000 as proposed by the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

	BUDGET REQUEST	RECOMMEND
RECAPITULATION		
RESEARCH, DEVELOPMENT, TEST AND EVALUATION, ARMY	8,929,415	8,676,627
RESEARCH, DEVELOPMENT, TEST AND EVALUATION, NAVY	16,882,877	16,963,398
RESEARCH, DEVELOPMENT, TEST AND EVALUATION, AIR FORCE.	25,428,046	25,432,738
RESEARCH, DEVELOPMENT, TEST AND EVALUATION, DEFENSE-WIDE	17,982,161	18,631,946
OPERATIONAL TEST AND EVALUATION, DEFENSE	185,268	223,768
GRAND TOTAL, RDT&E	69,407,767	69,928,477

#### SPECIAL INTEREST ITEMS

Items for which additional funds have been provided as shown in the project level tables or in paragraphs using the phrase "only for" or "only to" are congressional special interest items for the purpose of the Base for Reprogramming (DD Form 1414). Each of these items must be carried on the DD Form 1414 at the stated amount, as specifically addressed in the explanatory statement.

# REPROGRAMMING GUIDANCE FOR ACQUISITION ACCOUNTS

The conferees direct the Department of Defense to continue to follow the reprogramming guidance specified in the report accompanying the House version of the fiscal year 2008 Department of Defense Appropriations bill (House Report 110-279). Specifically, the dollar threshold for reprogramming funds will remain at \$20,000,000 for procurement and \$10,000,000 for research, development, test and evaluation.

Also, the conferees direct the Under Secretary of Defense (Comptroller) to continue to provide the congressional defense committees quarterly, spreadsheet-based DD Form 1416 reports for service and defense-wide accounts in titles III and IV of this Act. Reports for titles III and IV shall comply with guidance specified in the explanatory statement accompanying the Department of Defense Appropriations Act, 2006. The Department shall continue to follow the limitation that prior approval reprogrammings are set at either the specified dollar threshold or 20 percent of the procurement or research, development, test and evaluation line, whichever is less. These thresholds are cumulative from the base for reprogramming value as modified by any adjustments. Therefore, if the combined value of transfers into or out of a procurement (P-1) or research, development, test and evaluation (R-1) line exceeds the identified threshold, the Department of Defense must submit a prior approval reprogramming to the congressional defense committees. In addition, guidelines on the application of prior approval reprogramming procedures for congressional special interest items are established elsewhere in this statement.

#### DEPARTMENT OF DEFENSE AND SERVICE CYBER ACTIVITIES

The conferees understand that the Department is revising the budget justification materials to be provided with the fiscal year 2014 budget submission that are in support of cyber activities. The conferees support the Department's efforts to provide increased detail on this important national security issue and will continue to work with the Department to ensure there is adequate oversight on cyber activities.

#### RESEARCH, DEVELOPMENT, TEST AND EVALUATION, ARMY

The conference agreement on items addressed by either the House or the Senate is as follows:

	Lack of justification		-2,387

#### ACTIVE DENIAL TECHNOLOGY

The fiscal year 2013 budget request included \$35,218,000 in Research, Development, Test and Evaluation, Army, program element 0602624A, "Weapons and Munitions Technology". The conferees are aware that multiple programs and projects are funded in

this program element, including non-lethal technologies. The conferees recognize the benefits to units in the field of developing non-lethal technologies, including counterpersonnel and directed energy technologies. The conference agreement provides an additional \$15,000,000, as proposed by the House, to support Army research and development efforts in both lethal and non-lethal technologies.

#### RESEARCH, DEVELOPMENT, TEST AND EVALUATION, NAVY

The conference agreement on items addressed by either the House or the Senate is as follows:

## CONGRESSIONAL RECORD—SENATE

 $\mathbf{S1471}$ 

		BUDGET REQUEST	RECOMMEND
	RESEARCH, DEVELOPMENT, TEST & EVAL, NAVY		
1	BASIC RESEARCH UNIVERSITY RESEARCH INITIATIVES	113,690	133,690
2	IN-HOUSE LABORATORY INDEPENDENT RESEARCH	18,261	18,261
3	DEFENSE RESEARCH SCIENCES	473,070	482,070
	TOTAL, BASIC RESEARCH	605,021	
4	APPLIED RESEARCH POWER PROJECTION APPLIED RESEARCH	89,189	99,189

#### EXPLANATION OF PROJECT LEVEL ADJUSTMENTS [In thousands of dollars]

R-1		Budget Request	Conference
1	UNIVERSITY RESEARCH INITIATIVES Program increase - cooperative based university research program	113,690	<b>133,690</b> 20,000
3	DEFENSE RESEARCH SCIENCES Nanotechnology research	473,070	<b>482,070</b> 9,000
4	POWER PROJECTION APPLIED RESEARCH Program increase - power projection applied research	89,189	<b>99,189</b> 10,000
5	FORCE PROTECTION APPLIED RESEARCH Alternative energy research Materials research and technology Power generation and storage research	143,301	<b>209,301</b> 40,000 13,000 13,000
10	OCEAN WARFIGHTING ENVIRONMENT APPLIED RESEARCH Program increase - AGOR mid-life refit	49,635	<b>64,635</b> 15,000
19	ELECTROMAGNETIC SYSTEMS ADVANCED TECHNOLOGY Advanced radar research	54,858	<b>63,858</b> 9,000
22	FUTURE NAVAL CAPABILITIES ADVANCED TECHNOLOGY DEVELOPMENT Technology transition - restore unjustified reduction	256,382	<b>288,382</b> 32,000
23	WARFIGHTER PROTECTION ADVANCED TECHNOLOGY Program increase - bone marrow registry program Program increase - tactical athlete program	3,880	<b>42,580</b> 31,500 7,200
24	UNDERSEA WARFARE ADVANCED TECHNOLOGY Program increase - ASW research	0	<b>10,000</b> 10,000
35	SURFACE AND SHALLOW WATER MINE COUNTERMEASURES Excess to need	190,622	<b>188,622</b> -2,000
43	SURFACE ASW Program execution	6,704	<b>4,504</b> -2,200
44	ADVANCED SUBMARINE SYSTEM DEVELOPMENT Transfer to line 44X Seawolf risk reduction efforts	555,123	<b>77,028</b> -483,095 5,000
14X	OHIO CLASS REPLACEMENT PROGRAM Transfer from line 44	0	<b>483,095</b> 483,095
47	SHIP PRELIMINARY DESIGN & FEASIBILITY STUDIES Program delay TAO(X) design	13,710	<b>34,810</b> -3,900 25,000
50	CHALK EAGLE Unjustified cost growth	509,988	<b>499,988</b> -10,000

R-1		Budget Request	Conference
<b>51</b>	LITTORAL COMBAT SHIP (LCS) Increment 2 missile system ahead of need Irregular warfare module ahead of need Program increase - small business technology insertion Reduction to training architecture	429,420	<b>414,920</b> -8,000 -4,000 10,000 -12,500
52	COMBAT SYSTEM INTEGRATION Program execution	56,551	<b>50,551</b> -6,000
54	MARINE CORPS ASSAULT VEHICLES Program execution	95,182	<b>83,182</b> -12,000
56	JOINT SERVICE EXPLOSIVE ORDNANCE DEVELOPMENT Program execution	52,331	<b>38,331</b> -14,000
60	NAVY ENERGY PROGRAM Program increase - alternative energy initiatives	55,324	<b>95,324</b> 40,000
66	RETRACT ELM Program execution	174,014	<b>162,014</b> -12,000
73	JOINT PRECISION APPROACH AND LANDING SYSTEMS Program management cost growth	137,369	<b>122,369</b> -15,000
78	JOINT COUNTER RADIO CONTROLLED IED ELECTRONIC WARFARE Program execution Unjustified miscellaneous contract	71,300	<b>46,936</b> -20,000 -4,364
80	SPACE & ELECTRONIC WARFARE (SEW) ARCHITECTURE/ENGINE Program execution	31,549	<b>28,949</b> -2,600
83	JOINT LIGHT TACTICAL VEHICLE ENGINEERING/MANUFACTURING Contract award delay	44,500	<b>38,591</b> -5,909
87	OTHER HELO DEVELOPMENT Program execution	33,978	<b>24,978</b> -9,000
88	AV-8B AIRCRAFT - ENG DEV Excess functional control computer funding	32,789	<b>17,535</b> -15,254
89	STANDARDS DEVELOPMENT Support funding growth Program execution	84,988	<b>74,988</b> -2,000 -8,000
93	WARFARE SUPPORT SYSTEM Program execution	13,071	11 <b>,071</b> -2,000
95	ADVANCED HAWKEYE Advanced radar research	119,065	<b>128,065</b> 9,000
98	V-22A Program execution	54,412	<b>49,412</b> -5,000

R-1		Budget Request	Conference
102	VH-71A EXECUTIVE HELO DEVELOPMENT Program execution	61,163	<b>51,163</b> -10,000
103	NEXT GENERATION JAMMER (NGJ) Milestone delay	187,024	1 <b>67,024</b> -20,000
104	JOINT TACTICAL RADIO SYSTEM - NAVY (JTRS-NAVY) Revised acquisition strategy	337,480	<b>267,480</b> -70,000
108	STANDARD MISSILE IMPROVEMENTS	63,891	48,391
	Program execution Modernization program delay due to development issues		-5,500 -10,000

#### SPACE MODERNIZATION INITIATIVES

The conference agreement provides an additional \$18,000,000 for the Space Based Infra-Red System (SBIRS) and \$25,000,000 for the Advanced Extremely High Frequency (AEHF) Satellite Modernization Initiative (SMI) efforts and reiterates the direction as detailed in Senate Report 112–196 for the Secretary of the Air Force to provide the congressional defense committees a report detailing how the additional SMI funds will be used not less than 30 days prior to the obligation of such funds.

The conferees support the evolution of current space systems but are concerned that the Department of Defense and the Air Force have yet to define the architectural and system specific goals being pursued with these funds. The conferees direct the Secretary of the Air Force, in coordination with the Under Secretary of Defense (Acquisition, Technology, and Logistics), to provide to the congressional defense committees, not later than 90 days after the enactment of this Act, a report describing the overall SMI strategy and goals, a specific accounting of the studies and technologies to be pursued, the current and follow-on costs for those efforts, schedules for delivery of such efforts, and a roadmap of how these efforts correlate or support the future acquisition plans for SBIRS, AEHF, and Global Positioning System satellite and ground segments.

#### PROMOTING ENERGY SECURITY

The conferees do not include a provision as proposed by the House regarding the Energy Independence and Security Act. However, the conferees provide \$20,000,000 in Research, Development, Test and Evaluation, Air Force only for research that will improve emissions of coal to liquid fuel to enable this technology to be a competitive alternative energy resource to meet the goals established in the Department of Defense's Operational Energy Strategy and its Implementation Plan. The conferees direct the Secretary of the Air Force, in consultation with the Assistant Secretary of Defense for Operational Energy Plans and Programs, to inform the congressional defense committees 30 days prior to any obligation or expenditure of these funds.RESEARCH.

#### RESEARCH, DEVELOPMENT, TEST AND EVALUATION, DEFENSE-WIDE

The conference agreement on items addressed by either the House or the Senate is as follows:

OPERATIONAL TEST AND EVALUATION, DEFENSE

The conference agreement on items addressed by either the House or the Senate is as follows:

## EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Budget Request	Conference
RDT&E MANAGEMENT SUPPORT	70 504	
1 OPERATIONAL TEST AND EVALUATION	72,501	91,501
National cyber range shortfall		4,000 15.000
Cyber testing shortfall	49.201	49.201
2 OPERTING TOTIVITES AND ANALYSIS	63.566	83.066
Restore injustified reductions	00,000	19.500
TOTAL, OPERATIONAL TEST & EVALUATION, DEFENSE	185,268	223,768

### TITLE V—REVOLVING AND MANAGEMENT FUNDS

The conference agreement provides \$2,214,024,000 in Title V, Revolving and Management Funds as proposed by the Senate, instead of \$2,080,820,000 as proposed by the House. The conference agreement on items addressed by either the House or the Senate is as follows:

	BUDGET REQUEST	RECOMMEND
TITLE V		
REVOLVING AND MANAGEMENT FUNDS		
DEFENSE WORKING CAPITAL FUNDS	1,516,184	1,516,184
NATIONAL DEFENSE SEALIFT FUND	608,136	697,840
TOTAL, TITLE V, REVOLVING AND MANAGEMENT FUNDS	2,124,320	2,214,024

### DEFENSE WORKING CAPITAL FUNDS

The conference agreement provides \$1,516,184,000 for the Defense Working Capital Funds, as proposed by both the House and the Senate.

### NATIONAL DEFENSE SEALIFT FUND The conference agreement provides \$697,840,000 for the National Defense Sealift Fund as proposed by the Senate, instead of \$564,636,000 as proposed by the House.

### EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Budget request	Conference
STRATEGIC SEALIFT ACQUISITION	77,386	172,590
Navy requested transfer of funds for AFSB 1 only		- 38,000

#### REPROGRAMMING GUIDANCE FOR THE DEFENSE HEALTH PROGRAM

The conferees remain concerned regarding the transfer of funds from Direct (or Inhouse) Care to pay for contractor-provided medical care. To limit such transfers and improve oversight within the Defense Health Program operation and maintenance account, the conferees include a provision which caps the funds available for Private Sector Care under the TRICARE program subject to prior approval reprogramming procedures. The provision and accompanying explanatory statement language included by the conferees should not be interpreted by the Department as limiting the amount of funds that may be transferred to the Direct Care System from other budget activities within the Defense Health Program. In addition, the conferees continue to designate the funding for the Direct Care System as a special interest item. Any transfer of funds from the Direct (or In-house) Care budget activity into the Private Sector Care budget activity or any other budget activity will require the Department of Defense to follow prior approval reprogramming procedures.

The Department shall also provide written notification to the congressional defense committees of cumulative transfers in excess of \$15,000,000 out of the Private Sector Care budget activity. The conferees further direct the Assistant Secretary of Defense (Health Affairs) to provide quarterly reports to the congressional defense committees on budget execution data for all of the Defense Health Program accounts and to adequately reflect changes to the budget activities requested by the Services in future budget submissions.

#### CARRYOVER

For fiscal year 2013, the conferees recommend one percent carryover authority for the operation and maintenance account of the Defense Health Program. The conferees direct the Assistant Secretary of Defense (Health Affairs) to submit a detailed spending plan for any fiscal year 2012 designated carryover funds to the congressional defense committees not less than 30 days prior to executing the carryover funds. I89PEER-RE-VIEWED CANCER RESEARCH PROGRAM

The conference agreement provides \$15,000,000 for a Peer-Reviewed Cancer Research Program that would research cancers not addressed in the breast, prostate, ovarian, and lung cancer research programs currently executed by the Department of Defense, and specifically by the U.S. Army Medical Research and Materiel Command.

The funds provided are directed to be used to conduct research in the following areas: melanoma and other skin cancers, pediatric brain tumors, genetic cancer research, pancreatic cancer, kidney cancer, blood cancer, colorectal cancer, mesothelioma, neuroblastoma, and listeria vaccine for cancer.

The funds provided under the Peer-Reviewed Cancer Research Program shall only be used for the purposes listed above. The conferees direct the Assistant Secretary of Defense (Health Affairs) to provide a report not later than 60 days after the enactment of this Act to the congressional defense committees on the status of the Peer-Reviewed Cancer Research Program. For each research area, the report should include the funding amount awarded, the progress of the research, and the relevance of the research to servicemembers and their families.

PEER-REVIEWED MEDICAL RESEARCH PROGRAM

The conference agreement provides \$50,000,000 for a Peer-Reviewed Medical Research Program. The conferees direct the Secretary of Defense, in conjunction with the Service Surgeons General, to select medical research projects of clear scientific merit and direct relevance to military health. Research areas considered under this funding are restricted to the following areas: chronic kidney disease, chronic migraine and post-traumatic headaches, composite tissue transplantation, dengue, DNA vaccine technology for postexposure prophylaxis, dystonia, epilepsy, food allergies, Fragile X syndrome, hantavirus, hereditary angioedema, inflammatory bowel disease, interstitial cystitis, leishmaniasis, lupus, malaria, nanomedicine for drug delivery science, pancreatitis, polycystic kidney disease, post-traumatic osteoarthritis, pulmonary hypertension, rheumatoid arthritis, scleroderma, and tinnitus. The conferees emphasize that the additional funding provided under the Peer-Reviewed Medical Research Program shall be devoted only to the purposes listed above.

#### INTEGRATED ELECTRONIC HEALTH RECORD

The conference agreement includes a provision restricting the amount of funding that may be obligated to develop the integrated Department of Defense-Department of Veterans Affairs (DoD-VA) integrated Electronic Health Record (iEHR) to 25 percent of the funding provided until the DoD-VA Interagency Program Office (IPO) provides the House and Senate Appropriations Committees an expenditure plan which includes elements such as a budget and cost baseline with annual and total spending for each Department and quarterly milestones. The expenditure plan should also be submitted to the Government Accountability Office for review.

The conferees are concerned that after four years of working to establish a joint framework to collaborate and develop an integrated Electronic Health Record, the two Departments still seem to be operating as single entities. The conferees support the creation of the IPO and recognize this office as the single point of accountability for the development and implementation of the integrated Electronic Health Record for both Departments. Unfortunately, since the creation of the IPO and the naming of a director, the conferees have seen little benefit from establishing this office since both Departments appear to operate as separate entities. Despite repeated inquiries, neither the Departments nor the IPO has been able to provide Congress with a firm total cost of the integrated system. The conferees are concerned that the IPO is unable to maintain focus on its defined goals, provide effective governance, manage and maintain accountability on behalf of both Departments, and provide Congress with detailed expenditure plans as well as information regarding the progress and future plans for this project.

As a result, the conferees direct the IPO to deliver to the congressional defense committees, the Senate and House Subcommittees on Appropriations for Military Construction, Veterans Affairs, and Related Agencies, and the Government Accountability Office (GAO) a quarterly report that includes a detailed explanation of the cost and schedule of the iEHR development, to include milestones, knowledge points, and acquisition timelines as they impact both Departments, as well as quarterly obligation reports. The conferees also direct the IPO to continue briefing the House and Senate Appropriations Committees on a quarterly basis, coinciding with the report submission. The conferees further direct the GAO to review these quarterly reports and provide an annual report to the congressional defense committees and the Senate and House Subcommittees on Appropriations for Military Construction, Veterans Affairs, and Related Agencies on the cost and schedule of the iEHR.

### CHEMICAL AGENTS AND MUNITIONS DESTRUCTION, DEFENSE

The conference agreement provides \$1,301,786,000 for Chemical Agents and Munitions Destruction, Defense, as proposed by both the House and the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

	BUDGET REQUEST	RECOMMEND
CHEMICAL AGENTS AND MUNITIONS DESTRUCTION, DEFENSE		
CHEM DEMILITARIZATION - OPERATION AND MAINTENANCE	635,843	635,843
CHEM DEMILITARIZATION - PROCUREMENT	18,592	18,592
CHEM DEMILITARIZATION - RESEARCH, DEVELOPMENT, TEST AND EVALUATION	647,351	647,351
TOTAL, CHEMICAL AGENTS AND MUNITIONS DESTRUCTION, DEFENSE	1,301,786	1,301,786

### DRUG INTERDICTION AND COUNTER-DRUG ACTIVITIES, DEFENSE

The conference agreement provides \$1,159,263,000 for Drug Interdiction and Counter-Drug Activities, Defense, instead of \$1,133,363,000 as proposed by the House and \$1,138,263,000 as proposed by the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

### EXPLANATION OF PROJECT LEVEL ADJUSTMENTS [In thousands of dollars]

Budget Request		Conference	
DRUG INTERDICTION AND COUNTER-DRUG ACTIVITIES	999,363	1,159,263	
National Guard counter-drug program		130,000	
Young Marines drug demand reduction program		4,000	
Program increase—drug de- mand reduction program for expanded drug testing		25,900	

### JOINT IMPROVISED EXPLOSIVE DEVICE DEFEAT FUND

The conference agreement on items addressed by either the House or the Senate is as follows:

## EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Budget Request	Conference
STAFF AND INFRASTRUCTURE	227,414	0
ture—transfer to title IX		- 227,414

The conference agreement does not recommend funding for the Joint Improvised Explosive Device Defeat Fund in the base budget. The conferees address the funding requirements of the Joint Improvised Explosive Device Defeat Organization in title IX, Overseas Contingency Operations.

#### OFFICE OF THE INSPECTOR GENERAL

The conference agreement provides \$350,321,000 for the Office of the Inspector

General as proposed by the House, instead of \$332,921,000 as proposed by the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

### EXPLANATION OF PROJECT LEVEL ADJUSTMENTS

[In thousands of dollars]

	Budget Request	Conference
OPERATION AND MAINTENANCE Program increase	272,821	347,621 74,800

	******	****
TOTAL, TITLE VII, RELATED AGENCIES	1,054,252	1,048,421

21

### CLASSIFIED ANNEX

Adjustments to classified programs are addressed in a separate detailed and comprehensive classified annex. The Intelligence Community, Department of Defense, and other organizations are expected to fully comply with the recommendations and directions in the classified annex accompanying the Department of Defense Appropriations Act, 2013.

CENTRAL INTELLIGENCE AGENCY RE-TIREMENT AND DISABILITY SYSTEM FUND

provides The conference agreement \$514,000,000 for the Central Intelligence Agency Retirement and Disability Fund, as proposed by both the House and the Senate.

#### INTELLIGENCE COMMUNITY MANAGEMENT ACCOUNT

The conference agreement provides \$534,421,000 for the Intelligence Community Management Account, instead of \$511,476,000 as proposed by the House and \$542,346,000 as proposed by the Senate.

#### TITLE VIII-GENERAL PROVISIONS

The conference agreement incorporates general provisions from the House and Senate versions of the bill which were not amended. Those general provisions that were addressed in conference are as follows:

The conference agreement modifies a provision proposed by the House and the Senate which provides general transfer authority of \$4,000,000,000.

The conference agreement retains a provision proposed by the House which identifies tables as Explanation of Project Level Adjustments. The Senate bill contained a similar provision.

The conference agreement modifies a provision proposed by the House and the Senate regarding limitations and conditions on the use of funds made available by this Act to initiate multi-year contracts.

The conference agreement retains a provision proposed by the Senate which prohibits the use of funds to demilitarize or dispose of certain small firearms. The House bill contained a similar provision but made it permanent.

The conference agreement retains a provision proposed by the Senate which provides funding from various appropriations for the Civil Air Patrol Corporation. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate which prohibits the sale of the F-22 to any foreign government. The House bill contained no similar provision.

The conference agreement retains a provision proposed by the House which provides that the Office of Economic Adjustment may use funds made available under Operation Maintenance, Defense-Wide to make and grants and supplement other federal funds in accordance with guidance provided. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House and the Senate recommending rescissions. The provision provides for the rescission of \$2,142,447,000 from the following programs:

grant to the Fisher House Foundation, Inc. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the Senate related to funding for the Israeli Cooperative Defense programs. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate regarding combatant commander operational and administrative control of various forces. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate regarding the use of funds to initiate new start programs without prior written notification. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the House which provides funding to the United Service Organizations and the Red Cross. The Senate bill contained a similar provision but did not provide funding to the Red Cross.

The conference agreement retains a provision proposed by the Senate which prohibits funding from being used to transfer program authority relating to current tactical unmanned aerial vehicles from the Army. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the House which establishes a baseline for application of reprogramming and transfer authorities for the Office of the Director of National Intelligence. The Senate bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate which allows for the transfer of funding for government-wide information sharing activities. The House bill contained no similar provision.

The conference agreement retains a provision proposed by the House establishing prior approval reprogramming and transfer procedures for National Intelligence Programs. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which directs the Department of Defense to continue to report contingency operations costs for Operation New Dawn, Operation Enduring Freedom, or any other named operation in the U.S. Central Command area of responsibility. The Senate bill contained a similar provision but did not include a reference to any other named operation.

The conference agreement retains a provision proposed by the House which prohibits the Office of the Director of National Intelligence from employing more Senior Executive Service employees than are specified in the classified annex. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House to provide grants through the Office of Economic Adjustment to assist the civilian population of Guam. The Senate bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate to create the Ship Modernization, Operations and Sustainment Fund. The House bill contained no similar provision.

The conference agreement modifies a provision proposed by the House regarding parking spaces provided by the BRAC 133 project. The Senate bill contained no similar provision. The conference agreement modifies a provision proposed by the House regarding reporting requirements for civilian personnel end strength by appropriation account. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funds from being used to separate the National Intelligence Program from the Department of Defense budget. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which provides general transfer authority of \$2,000,000,000 for funds made available for the intelligence community. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which provides funds to construct, renovate, repair, or expand elementary and secondary public schools on military installations. The Senate bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate which requires certain certifications to be met prior to the transfer of detainees from Naval Station Guantanamo Bay, Cuba to foreign countries. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the House which prohibits funds from being used to violate the Trafficking Victims Protection Act of 2000. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funds from being used to violate the Child Soldier Prevention Act of 2008. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funds from being used to violate the War Powers Resolution. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House which prohibits funds from being used to retire, divest, realign, or transfer Air Force aircraft, with certain exceptions. The Senate bill contained no similar language.

The conference agreement retains a provision proposed by the Senate expressing the sense of the Senate that the next available capital warship of the U.S. Navy be named the USS Ted Stevens. The House bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits the retirement of the C-23 Sherpa aircraft. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House regarding civilian pay. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funds from being used to enter into a noncompetitive contract for UH-60 Leak Proof Drip Pans. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House regarding the sharing of classified information related to missile defense systems with Russia. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funding from being used in contravention of section 41106 of title 49, U.S.C., regarding the Civil Reserve Air Fleet. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funding from being used in violation of Presidential Memorandum-Federal Fleet Performance, dated May 24, 2011. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House which prohibits funding from being used to enter into contracts with entities that have been convicted of fraud. The Senate bill contained no similar provision.

The conference agreement modifies a provision proposed by the House related to funding for Rosoboronexport. The Senate bill contained no similar provision.

The conference agreement retains a provision proposed by the House which prohibits funding from being used to implement enrollment fees for the TRICARE for Life program. The Senate bill contained no similar provision.

#### TITLE IX—OVERSEAS CONTINGENCY OPERATIONS

The conference agreement provides \$86,954,838,000 in Title IX, Overseas Contingency Operations, instead of \$87,105,081,000 as proposed by the House and \$93,026,000,000 as proposed by the Senate.

### REPORTING REQUIREMENTS

The conferees direct the Secretary of Defense to continue to report incremental contingency operations costs for Operation New Dawn and Operation Enduring Freedom on a monthly basis in the Cost of War Execution report as required by the Department of Defense Financial Management Regulation, Chapter 23, Volume 12. The conferees further direct the Department to continue providing Cost of War reports to the congressional defense committees that include the following information by appropriation account: funding appropriated, funding allocated, monthly obligations, monthly disbursements, cumulative fiscal year obligations, and cumulative fiscal year disbursements.

The conferees expect that in order to meet unanticipated requirements, the Department of Defense may need to transfer funds within these appropriations accounts for purposes other than those specified in this report. The conferees direct the Department of Defense to follow normal prior approval reprogramming procedures should it be necessary to transfer funding between different appropriations accounts in this title.

#### EXTREMIST ORGANIZATIONS

The conferees are aware that certain governments and organizations have policies and practices counter to the best interests of the United States. The conferees reiterate that extremist governments and organizations should not be funded by this Act and that the conferees will closely monitor the expenditure of funds by the Department of Defense regarding such matters.

### MILITARY PERSONNEL

The conference agreement provides \$14,116,821,000 for Military Personnel, instead of \$13,934,683,000 as proposed by the House and \$14,410,421,000 as proposed by the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

NATIONAL GUARD AND RESERVE EQUIPMENT

March 11, 2013

The conference agreement provides \$1,500,000,000 for National Guard and Reserve Equipment. Of that amount, \$460,000,000 is for the Army National Guard, \$460,000,000 for the Air National Guard, \$240,000,000 for the Army Reserve, \$90,000,000 for the Navy Reserve, \$120,000,000 for the Marine Corps Reserve, and \$130,000,000 for the Air Force Reserve to meet urgent equipment needs that may arise this fiscal year.

This funding will allow the Guard and reserve components to procure high priority equipment that may be used by these components for both their combat missions and their missions in support of state governors. The conferees direct that the National Guard and Reserve Equipment account shall be executed by the Chiefs of the National Guard and reserve components with priority consideration given to the following items: A-10 Situation Awareness Upgrade; ARC 210 Radios for ANG F-16s; Arctic Search and Rescue Packages; Armory-Based Individual and Unstabilized Gunnery Trainers; Batteries and Battery Support Equipment; Bradley Modifications; C-130 Crash-Resistant Loadmaster Seats; C-130 Secure Line-of-Sight [SLOS] Beyond Line-of-Sight [BLOS] Capability; C-130/KC-135 Real Time Information in Cockpit [RTIC] Data Link: CH-47 Door Gun Mounts; Combat Mobility Equipment; Combined Arms Virtual Trainers; F-15 AESA Radars; Field Engineering, Logistics, Maintenance, and Security Equipment; Force Protection Equipment; Generation 4 Advanced Targeting Pods; Green Laser Inter-

diction Systems; handheld laser trackers; HC-130 Forward Area Refueling Point; Helicopter Firefighting Equipment; Helmet-Mounted Cueing System; HMMWV Recapitalization; In-Flight Propeller Balancing System: Internal and External Auxiliary Fuel Tanks for Apaches and Chinooks: Joint Threat Emitters; Large Aircraft Infrared Countermeasures [LAIRCM]; Light Utility Helicopters; Modular Airborne Firefighting System II; Modular Small Arms Training Systems; MRAP Vehicle Virtual Trainers; Naval Construction Force Tactical Vehicles and Support Equipment; Reactive Skin Decontamination Lotion; SATCOM Ground Stations; Support Wide Area Network [SWAN] D V3/MRT Packages; Targeting Pod Upgrades; Thermal Imaging Systems; Ultra-Light Tactical Vehicles: Unit Maintenance Aerial Recovery Kits; Virtual Convoy Operations Trainers: and Virtual Door Gunner Trainers.

# RESERVE COMPONENT SIMULATION TRAINING SYSTEMS

The use of simulation training systems has yielded a military that is better trained, more capable, and more confident as compared to units that do not have access to modern simulation training devices. Simulation training is a cost-effective means by which reserve units can improve tactical decision-making skills and ultimately save lives. It is anticipated that a portion of the funding in the National Guard and Reserve Equipment account will be used to procure a variety of simulation training systems. To ensure the most efficient and effective training programs, these systems should be a combination of both government owned and operated simulators, as well as simulation support from a dedicated commercial activity capable of providing frequent hardware and software updates.

#### NATIONAL GUARD AND RESERVE EQUIPMENT RESEARCH AND DEVELOPMENT

The conferees are concerned that the active Services are not providing the necessary research, development, test and evaluation funding for federal and domestic operations requirements as they relate to equipping the reserve components, especially equipment unique to the reserve component or legacy systems with limited active component investment. The conferees understand that the funding required is minimal, and therefore direct the Services, particularly the Air Force, to provide the necessary research, development, test and evaluation funds to ensure that modernizing equipment or legacy systems unique to the reserve component be given the required design, integration, test, and software efforts needed prior to procurement

#### RESEARCH, DEVELOPMENT, TEST AND EVALUATION

The conference agreement provides \$247,716,000 for Research, Development, Test and Evaluation, instead of \$235,516,000 as proposed by the House and \$260,413,000 as proposed by the Senate. The conference agreement on items addressed by either the House or the Senate is as follows:

The conference agreement provides funding for the Joint Improvised Explosive Device Defeat Fund in title IX as such requirements are considered to be war related.

OFFICE OF THE INSPECTOR GENERAL

conference agreement provides The \$10,766,000 for the Office of the Inspector General, as proposed by both the House and the Senate.

GENERAL PROVISIONS—THIS TITLE

The conference agreement for title IX incorporates general provisions from the House and Senate versions of the bill which were not amended. Those general provisions that were addressed in conference are as follows:

The conference agreement modifies a provision proposed by the House and the Senate which provides general transfer authority not to exceed \$3.500.000.000.

The conference agreement retains a provision proposed by the Senate regarding funding and guidelines for the Commander's Emergency Response Program. The House bill contained a similar provision.

The conference agreement retains a provision proposed by the Senate concerning fund-

provision.

## DIVISION D-DEPARTMENT OF HOME-LAND SECURITY APPROPRIATIONS ACT, 2013

The following is an explanation of the effects of Division D, which makes appropriations for the Department of Homeland Security for fiscal year 2013. Unless otherwise noted, reference to the House and Senate reports are to House Report 112-492 and Senate Report 112-169, respectively. The language and allocations contained in House Report 112-492 and Senate Report 112-169 should be complied with and carry the same emphasis as the language included in the explanatory statement, unless specifically addressed to the contrary in the bill or this explanatory statement. While repeating some report language for emphasis, this explanatory statement does not intend to negate the language referred to above unless expressly provided herein. When this explanatory statement refers to the Committees or the Committees on Appropriations, unless otherwise noted, this reference is to the House Subcommittee on Homeland Security and the Senate Subcommittee on the Department of Homeland Security. In cases where the explanatory statement directs the submission of a report, such report shall be provided to the Committees on Appropriations by April 3, 2013, unless otherwise directed. In cases where the explanatory statement directs a briefing, such briefing shall be provided to the Committees by April 3, 2013, unless otherwise directed.

This explanatory statement refers to the following laws and organizations as follows: Implementing Recommendations of the 9/11 Commission Act of 2007, Public Law 110-53, is referenced as the 9/11 Act; Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288 is referenced as the Stafford Act; the Department of Homeland Security is referenced as DHS or the Department; the Government Accountability Office is referenced as GAO; and the Office of Inspector General of the Department of Homeland Security is referenced as OIG. In addition, any reference to "full-time equivalents" shall be referred to as FTE; any reference to "program, project, and activity" shall be referred to as PPA; and any reference to "the Secretary" shall be interpreted to mean the Secretary of Homeland Security.

## Classified Programs

Recommended adjustments to classified programs are addressed in a classified annex accompanying this explanatory statement.

#### TITLE I—DEPARTMENTAL MANAGEMENT AND OPERATIONS OFFICE OF THE SECRETARY AND EXECUTIVE MANAGEMENT

The bill provides \$130,000,000 for "Office of the Secretary and Executive Management." Not to exceed \$45,000 of this funding shall be for official reception and representation expenses, and the Department is directed to submit quarterly reports to the Committees on DHS reception and representation expenses, as specified in the Senate report. The amount provided under this heading does not include \$370,000 as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. The bill also continues a provision requiring that funds made available for "Immediate Office of the Secretary" and "Immediate Office of the Deputy Secretary" shall be used to pay for official costs associated with use of government aircraft by DHS personnel in support of official travel of the Secretary and Deputy Secretary. In addition. a new general provision is included in the bill withholding 20 percent of this appropriation from obligation until the Committees receive the reports and plans required in this Act to be submitted on or before May 1, 2013. New bill language also is included that mandates the submission of expenditure plans for the Office of Policy, Office of Intergovernmental Affairs, the Office for Civil Rights and Civil Liberties, the Citizenship and Immigration Services Ombudsman, and the Privacy Officer not later than 90 days after the date of enactment of this Act. This language supersedes reporting requirements set forth in the Senate report.

The amount provided for this appropriation by PPA is as follows:

Immediate Office of the	
Secretary	\$4,286,000
Immediate Office of the	
Deputy Secretary	2,094,000
Office of the Chief of Staff	2,175,000
Executive Secretary	7,592,000
Office of Policy	43,750,000
Office of Public Affairs	5,475,000
Office of Legislative Af-	
fairs	5,800,000
Office of Intergovern-	
mental Affairs	2,380,000
Office of General Counsel	21,158,000
Office for Civil Rights and	
Civil Liberties	21,640,000
Citizenship and Immigra-	
tion Services Ombuds-	
man	5,650,000

Privacy Officer .....

8,000,000

Total, Office of the Secretary and Executive Management .....

\$130,000,000 Executive Aircraft Usage and Funding

Congress adopted a new proviso covering the funding of official travel on government aircraft as part of the fiscal year 2010 appropriation for the Office of the Secretary and Executive Management (OSEM), and that language has remained in effect. Congressional intent set forth in the explanatory statement of managers for that appropriation, and reaffirmed since, is that the OSEM appropriation is to be used to fund all official costs associated with the use of government aircraft by the Department of Homeland Security personnel to support official travel of the Secretary and the Deputy Secretary. This proviso was adopted to provide increased oversight of executive travel. The Committees understand, however, that the Department has narrowly interpreted the proviso by defining as "direct" costs those that are funded by the OSEM appropriation and as "indirect" costs those that are funded by the Coast Guard.

The Secretary is directed to provide a report no later than April 3, 2013, detailing all costs of official and nonofficial travel by the Secretary and the Deputy Secretary (both direct and indirect), delineated by each trip from fiscal year 2008 through the present within all DHS appropriations.

#### Office of Policy

The bill includes \$43,750,000 for the Office of Policy. This funding should also cover the costs of the Office of International Affairs, Office of State and Local Law Enforcement, and the Private Sector Office. The Committees deny the request to fund those three offices as separate entities that report directly to the Secretary.

#### External Affairs

The Department is directed to brief the Committees no later than April 3, 2013, on the potential of establishing an external affairs office within OSEM, as discussed in the House report.

Office for Civil Rights and Civil Liberties

The bill includes \$21,640,000 for the Office for Civil Rights and Civil Liberties (CRCL), reflecting programmatic increases proposed by the Department to ensure immigration enforcement efforts are carried out in a manner consistent with applicable law.

Appropriate Assistance to Stakeholders

Funds are available in a number of DHS of-5,650,000 fices and components, including CRCL, the Citizenship and Immigration Services Ombudsman, U.S. Immigration and Customs Enforcement (ICE), and United States Citizenship and Immigration Services (USCIS) Customer Service and Public Engagement Directorate, to provide appropriate assistance and guidance to aliens and their advocates in order to facilitate adherence to U.S. laws and, where possible, avoid costly and needless litigation. These entities assist in communication between the Department and its various stakeholders. Frequently, this results in budgetary savings when the correct information is provided at the earliest stages of the immigration process. The Committees support these efforts.

## User Fees

The Secretary is directed to submit to the Committees as soon as possible the contingency plan to address gaps between actual and budgeted collections of user fees mandated in the conference report accompanying Public Law 111-83, and submit a revised plan no later than 90 days after the date of enactment of this Act.

#### Quarterly Reports and Other Information Requirements

The Committees underscore the importance of timely submission of quarterly reports on operations, as outlined in the joint explanatory statement accompanying Public Law 112–74. DHS shall continue to submit the Border Security Status Reports, the Secure Communities Quarterly Reports, and the Detention and Removal Operations Quarterly Reports with the detailed information as required by such statement. In addition, the information on apprehensions and recidivism rates noted in the House report shall be included in the Border Security Status Reports for fiscal year 2013 and beyond.

The U.S. Customs and Border Protection (CBP) and ICE are to brief the Committees no later than April 3, 2013, on their tools to reduce recidivism, as required by the House report.

Further, the Office of Immigration Statistics, in conjunction with all the relevant DHS components, are to brief the Committees no later than April 3, 2013, regarding collection and reporting of complete immigration enforcement statistics, as required by the House report.

#### Weapons of Mass Destruction Policy and Program Management

Language in the House report regarding the need to elevate and streamline the Department's focus on efforts to address chemical, biological, radiological and nuclear threats and deter and counter weapons of mass destruction (WMD) is agreed to. In particular. DHS should ensure clear assignment of responsibilities and unrestricted lines of communication both within the Department and in DHS engagement with the interagency and intergovernmental community. In working towards this, DHS should eliminate duplication of efforts within and between Departmental components, both in terms of administrative resources and organization. The Department is therefore directed to undertake an in-depth review of its organization, operations, and communica-tions in carrying out its WMD programs, to include an evaluation of potential improvements in performance and possible savings in costs that might be gained by consolidation of current organizations and missions, including the option of merging functions of the Domestic Nuclear Detection Office (DNDO) and the Office of Health Affairs (OHA). While evaluating this option, consideration should be given to realigning certain functions outside of the new office, as detailed in the House report. The review should encompass all current and authorized DHS program activity for WMD defense; examine options for improvements on a holistic, department-wide basis, for carrying out these functions and operations; and include specific recommendations, to include statutory, organizational, administrative and funding changes. The Secretary is directed to submit the results of this review not later than September 1, 2013. Submission of this review is in lieu of the direction contained in the House report to develop a consolidation plan to merge DNDO and OHA into an Office of Weapons of Mass Destruction Defense for fiscal year 2014.

#### Federally Funded Research and Development Centers

The Department is directed to submit a detailed report at the time it submits its fiscal year 2014 budget on its current and projected use of federally funded research and development centers (FFRDCs), identifying FFRDCs used by components and projects they are supporting, and detailing FFRDC by project and appropriation for fiscal years 2012 and projected for fiscal years 2013 and 2014.

## TWIC Reader Rule

The Department, and in particular the Coast Guard and the Transportation Security Administration (TSA), is directed to take all necessary action to expedite the completion and publication of a final rule governing the Transportation Worker Identification Credential (TWIC) reader requirement.

## Evolving Threats

DHS is directed to brief the Committees on how it is applying its resources to address evolving terrorist threats, as specified in the Senate report.

## Chemical Security

Congress directed the Coast Guard and the National Protection and Programs Directorate to complete a planned Memorandum of Understanding (MOU) to harmonize chemical security responsibilities established by the Chemical Facilities Anti-Terrorism Standards (CFATS) regulations and Maritime Transportation Security Act (MTSA) regulatory programs no later than March 30, 2012, but the agreement has not been finalized. The MOU is to be completed expeditiously. The Deputy Secretary is also directed to continue semiannual reporting to the Committees on these matters as outlined in Senate Report 112–74.

#### Departmental Integrity Efforts

The Deputy Secretary, jointly with the OIG, CBP, and ICE, is directed to brief the Committees not later than 60 days after the date of enactment of this Act on steps for addressing corruption of DHS employees, as discussed in the Senate report.

#### Compact of Freely Associated States

The Department is directed to promulgate regulations for the admission and residency of Freely Associated States (FAS) migrants, and to continue its work within the National Security Council Interagency Policy Committee on Freely Associated State Affairs, as stated in the Senate report.

#### Overhead Costs

The Department is directed to submit a plan to reduce overhead costs within 60 days of the date of enactment of this Act, as specified in the Senate report.

#### Research and Development Portfolio Reviews

The Secretary is directed, through the Under Secretary for Science and Technology, to establish a review process for all research and development and related work within DHS, as specified in the Senate report, and to brief the Committees on this effort no later than 120 days after the date of enactment of this Act.

#### Port Security Training Program

The Department and Coast Guard are directed to move forward with issuing new national requirements for security training at marine terminals, as stated in the Senate report.

#### OFFICE OF THE UNDER SECRETARY FOR MANAGEMENT

The bill provides \$218,511,000 for "Office of the Under Secretary for Management." Not to exceed \$2,250 of this funding shall be for official reception and representation expenses. The amount provided under this heading does not include \$538,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

A new general provision is included withholding 20 percent of this appropriation from obligation until the Committees receive the reports and plans required in this Act to be submitted on or before May 1, 2013. In addition bill language is included requiring the Under Secretary for Management to submit to the Committees, at the same time the President's fiscal year 2014 budget is submitted, a Comprehensive Acquisition Status Report (CASR) including the information specified in the joint explanatory statement accompanying Public Law 112-74, and to provide quarterly updates thereafter.

Pursuant to a general provision in Title V of this Act, the bill provides \$29,000,000 for "Office of the Under Secretary for Management" for costs associated with headquarters consolidation and mission support consolidation. The Under Secretary shall submit an expenditure plan no later than 90 days after the date of enactment of this Act detailing how this \$29,000,000 in total funding will be allocated, including a revised schedule and cost estimates for headquarters consolidation. Quarterly briefings are required on headquarters and mission support consolidation activities, including any deviation from the expenditure plan.

The amount provided for this appropriation by PPA is as follows:

Insourcing and Balanced Workforce Strategy

\$218.511.000

The Department has been carrying out a program to balance its workforce between direct employees and contractor-held positions in the interest of achieving the optimal degree of Federal control of DHS work and to reduce overreliance on contractors. In order to assess the performance of this effort, and its relative costs and benefits, the Department is directed to include in the President's annual budget request a detailed justification of any planned insourcing or outsourcing initiatives to include a net present value comparison of the life-cycle cost of a contracted position or task to the cost of a federalized FTE. In addition, the Department is directed to submit to the Committees not later than April 3, 2013, a detailed report on the performance of the Department's balanced workforce strategy, including numbers of insourcing or outsourcing decisions by component for each of fiscal years 2009-2012, associated savings or costs resulting from those decisions, and methodology and metrics used in the analysis.

## Buy American Requirements

The Secretary is directed to submit, as part of the fiscal year 2014 budget request, a detailed analysis on how the Department could comply with Title VI of Section 604 of Public Law 111-5, as specified in the House report.

## Front-End Technology Assessment

The Under Secretaries for Management and for Science and Technology are directed to develop a plan for a formal technology assessment of alternatives for all non-information technology acquisitions and to brief the Committees as stated in the Senate report.

#### OFFICE OF THE CHEIF FINANCIAL OFFICER

The bill provides \$51,500,000 for "Office of the Chief Financial Officer." Within this. \$5,000,000 shall remain available until September 30, 2014, to support financial systems modernization efforts. The amount provided under this heading does not include \$144.000. as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. A new general provision in this Act withholding 20 percent of this appropriation from obligation until the Committees receive the reports and plans required in this Act to be submitted on or before May 1, 2013.

## Financial Systems Modernization

The Chief Financial Officer is directed to continue providing briefings to the Committees at least semiannually on its financial systems modernization efforts, and to highlight any funding, schedule, or implementation issues relevant to continued progress. Because the Coast Guard and ICE are planning improvements for their core financial systems, the Office of the Chief Financial Officer, in tandem with the Coast Guard and ICE, are to brief the Committees on the preferred solutions before funds can be obligated to initiate improvement efforts. The briefing is to include total resource requirements by fiscal year and a timeline for implementation with discrete milestones.

#### Annual Budget Justifications

The Chief Financial Officer is directed to ensure that fiscal year 2014 budget justifications for classified and unclassified budgets of all Department components are submitted concurrent with the President's budget submission to Congress. The justifications shall include detailed information and explanations that reflect the requirements set forth under this heading in the Senate report. The Department is directed to submit a Future Years Homeland Security Program budget as specified in the House report. In addition, the Department is directed to inform the Committees of the base funding level of any activity for which the budget request proposes to increase or decrease funding for an activity within a PPA categoryand not simply cite the total PPA funding level.

## DHS Annual Financial Report

The Department is commended for achieving a significant milestone by presenting all

five financial statements for audit for the first time in the Department's history and earning its first qualified audit opinion on a full-scope audit. The Committees will closely monitor the Department's progress moving forward in clearing remaining material weaknesses in Financial Reporting. Information Technology Controls and Financial System Functionality, Property, Plant, and Equipment, Environmental and other Liabilities, and Budgetary Accounting, and achieving full compliance with the Federal Managers' Financial Integrity Act of 1982 (FMFIA), the Federal Financial Management Improvement Act of 1996 (FFMIA), the Single Audit Act Amendments of 1996, and the Anti-deficiency Act (ADA).

#### Appropriations Liaisons

The DHS Budget Officer shall serve as the primary point of contact with the House and Senate Committees on Appropriations for Departmental and cross-cutting interagency issues related to budget formulation and execution, with component Chief Financial Officers and Budget Officers serving as primary points of contact for those components, as proposed in the House report.

#### Office of the Chief Information Officer

The bill provides \$243,732,000 for "Office of the Chief Information Officer." The amount provided under this heading does not include \$200,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. Language is continued requiring the submission of a multi-year investment justification and management plan. This plan is intended to cover investments funded through this account as well as those overseen by the CIO through the Working Capital Fund (WCF). However, the plan should not include investments funded under other appropriations, as such information is provided in other reports. The CIO is not required to keep the Committees informed about developments in mitigating insider threats, as proposed by the House, as this matter is addressed elsewhere in the Department.

The amount provided for	this appropria-
tion by PPA is as follows: Salaries and Expenses	\$118,000,000
Information Technology Services	27,600,000
Infrastructure and Secu-	.,,.
rity Activities Homeland Secure Data	56,000,000
Network	42,132,000

Total, Office of the Chief Information Of-

Given Hildrination Of

ficer ...... \$243,732,000 Data Center Migration

The bill provides \$55,000,000 for data center migration under a general provision in Title V of this Act. The Department is directed to continue to brief the Committees quarterly on data center migration status and plans for further migration in fiscal year 2014.

HSPD-12/Trusted Internet Connection

Given the significant investment that will be required to transition the Department to logical access as required by Homeland Security Presidential Directive-12, the Department is directed to submit an implementation plan that includes estimated costs and deployment milestones by component no later than April 3, 2013. The Department is also directed to provide semiannual briefings to the Committees on its progress in developing trusted internet connections, in lieu of quarterly briefings on OneNet implementation and Networx migration proposed in the Senate report.

## ANALYSTS AND OPERATIONS

A total of \$322,280,000 is provided for "Analysis and Operations," of which \$94,359,000 shall remain available until September 30, 2014, and of which not to exceed \$3,825 shall be for official reception and representation expenses. No additional funding is provided for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. The requested increase in executive service salaries for the Office of Operations Coordination and Planning is denied as is the requested increase in funding associated with the Air Domain Intelligence Integration Element. In addition, \$1,800,000 of prior year balances is rescinded. Other funding details are included within the accompanying classified annex.

As detailed in the Senate report, the Chief Intelligence Officer is directed to submit an expenditure plan for fiscal year 2013 no later than 60 days after the date of enactment of this Act. Furthermore, the Office of Intelligence and Analysis is directed to continue to provide annual briefings on the State and Local Fusion Center Program, as specified in the Senate report.

## OFFICE OF INSPECTOR GENERAL

The bill provides \$145,164,000 for "Office of Inspector General," including \$121,164,000 for direct appropriations and \$24,000,000 transferred from the Federal Emergency Management Agency "Disaster Relief Fund" (DRF) for audits and investigations related to that funding. The amount provided under this heading does not include \$400,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. The OIG is directed to submit a plan for expenditure of all funds no later than 30 days after the date of enactment of this Act and to include DRF transfers in the CFO's monthly budget execution reports submitted to the Committees, which shall satisfy the requirements for notification of DRF transfers under a general provision in Title V of this Act.

## Integrity Investigations

Within the total provided, an increase of \$3,000,000 is provided for integrity investigations. The fiscal year 2013 expenditure plan should identify the total funds dedicated to integrity investigations and their intended purpose.

## GAO Review

The Committees are concerned that the current organization of the OIG may not allow for adequate independence of the OIG's inspections and evaluations function, and that current organizational reporting lines hinder the timely and complete delivery of information to OIG leadership. Recent developments at OIG that have left many senior positions occupied by acting heads have adversely affected OIG's ability to manage its growing workload, and raised questions about its effectiveness and reliability in conducting investigative operations for which it has been assigned unique jurisdiction within DHS. This has occurred at a time when the workload for OIG is growing, compounded by the need to address the potential of fraud associated with ever increasing disaster assistance and the highly sensitive issue of integrity investigations in the Department, particularly with regard to border security operations. GAO is directed to undertake a review of (1) the organizational structure of the OIG; (2) how OIG is organized to report the results of audits, investigations, and inspections and evaluations; and (3) whether these functions are properly placed within the organizational structure of OIG to ensure compliance with applicable independence standards. The review should be completed by December 1, 2013.

## TITLE II—SECURITY, ENFORCEMENT, AND INVESTIGATIONS

## U.S. CUSTOMS AND BORDER PROTECTION SALARIES AND EXPENSES

A total of \$8,293,351,000 is provided for "Salaries and Expenses." The funding level reflects changes in the activities supported by this appropriation. In addition, the bill institutes a new PPA structure and distribution for greater accountability.

The bill provides \$315,000,000 in appropriated funds to rectify CBP's salary shortfall, created by the flawed budget request that incorrectly assumed CBP access to fee revenues and demonstrated inexcusably poor budget development by CBP. Specifically, the President's budget request for fiscal year 2013 assumes that CBP has access to \$110,000,000 in fee revenues pursuant to the Colombia Free Trade Agreement's elimination of certain exemptions to the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) fees. While the fees are being collected today from travelers entering the United States, the fees are not accessible to CBP. Further, the shortfall created by this inaccessibility persists annually until fiscal year 2022. The Department is directed, in coordination with the Office of Management and Budget (OMB), to include a means of access to these fees in the fiscal year 2014 budget request and beyond, with appropriate offsets. The gap cannot be filled by appropriated funds and trade-offs within CBP accounts into the future.

Compounding this deficit, CBP failed to adequately estimate its salary needs for its operational workforce resulting in an estimated \$214,000,000 shortage in fiscal year 2013. After months of unanswered questions from OMB, DHS, and CBP, the House Appropriations Committee undertook an audit of CBP's budget development and execution processes that revealed significant weaknesses. The Department is directed to ensure the fiscal year 2014 request fully funds CBP's operational workforce and mission needs. Further, the Committees will continue to work with CBP in the coming months to ensure the weaknesses are addressed.

The CBP funding level reflects savings and deferments proposed by CBP to reduce the shortfall, including: \$50,000,000 in rent savings and deferrals; \$10,000,000 in project reprioritization and cancellations taken Facilities Construction from and Sustainment; and \$35,889,000 from deferment of vehicle replacement. While the Committees are concerned about longer term deferment of vehicle replacement, CBP currently has a sufficient, well-maintained fleet for fiscal year 2013. CBP proposed other, internal offsets that were wholly unacceptable. No funds are included for the Joint Operations Division created by CBP in 2011.

The amount provided under this heading does not include the full amount requested for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. However, to avoid exacerbating CBP's pay shortfall, the bill provides \$19,558,000 across the appropriate PPAs and in the "Air and Marine Operations" appropriation as a contingency for a potential pay raise to cover operational personnel. Should the President decide not to institute the pay raise, CBP shall apply those funds to other operational needs, in accordance with a general provision in Title V and with appropriate notification to the Committees.

The bill also restructures the Headquarters Management and Administration PPAs to provide greater visibility into CBP's expenditures, as outlined in the House report. The new PPA structure is provided in the table listed below. In the fiscal year 2014 budget request, CBP is directed to distribute the working capital fund expenditures among the PPAs as appropriate to reflect the actual costs to each CBP office rather than including a total in the Administration PPA.

Further, funds in existing PPAs across the "Salaries and Expenses" appropriation are redistributed to more closely align to offices, as outlined in the House report. For example, the Office of Information Technology (OIT) is funded for its activities in the Automated Targeting Systems (ATS) and Inspection and Detection Technology Investments PPAs, in addition to the funds in the "Automation Modernization" appropriation that now contains OIT's salaries and expenses.

B

B

Border Security Inspections and Trade Fa-(Inspections) cilitation is funded at\$3,206,458,000, including \$215,000,000 to address part of the salary shortfall noted above; \$5,747,000 for prior year annualization of CBP officer staffing enhancements; \$14,076,000 for annualization of CBP officer staff for new ports of entry and enhanced operations; \$10,000,000 as requested for enhancing intellectual property rights enforcement efforts; \$13,032,000 to re-baseline the Container Security Initiative; realignment of funds to the Other International Programs PPA from International Cargo Screening; and consolidation of funds into the ATS and National Targeting Center PPAs to more fully display the costs of those activities. Other International Programs is reduced by \$2,218,000, as recommended in the Senate report. As included in the House report \$12,284,000 is provided to the Office of Field Operations for its entry-exit policy and operations responsibilities. CBP is expected to maintain no less than 21,775 CBP officers, a number adjusted by CBP from prior year targets to account for all CBP officers as intended.

Border Security and Control between Ports of Entry is funded at \$3,705,735,000, which reflects an \$8,000,000 decrease to transfer responsibility for detainee medical costs to ICE, \$11,500,000 in cost savings for detainee transportation, \$100,000,000 to address part of the salary shortfall noted above, and full funding for the Office of Border Patrol and the Joint Field Command. This level continues to support a Border Patrol agent force of 21,370.

The Air and Marine Operations PPA is moved to the "Air and Marine Operations" appropriation and renamed the Salaries and Expenses PPA. As outlined in the House report, the PPA does not include funds for the Joint Operations Division and the Joint Field Command.

The Committees reject the proposal to move the United States Visitor and Immigrant Status Indicator Technology (US-VISIT) from the National Protection and Programs Directorate (NPPD) to CBP. Instead, the bill realigns the policy and operational responsibilities of US-VISIT while retaining the information technology systems in a new Office of Biometric Identity Management (OBIM) in NPPD discussed later.

CBP has long been subject to limitations, terms and conditions on overtime funds that are carried in the Salaries and Expenses appropriation. Funds moved from the Salaries and Expenses appropriation into the "Automation Modernization" and "Air and Marine Operations" appropriations are still subject to those limitations, terms and conditions.

The amount provided for the "Salaries and Expenses" appropriation by PPA is as follows:

Financial Plan CBP is directed to submit its fiscal year

\$8,293,351,000

2013 financial plan by office no later than 30 days after the date of enactment of this Act, consistent with the new distribution and PPAs. Additionally, CBP shall include the working capital fund estimates by office and PPA.

#### Management of User Fee Revenues

CBP has not demonstrated the ability to manage fluctuations in fee funding levels. Given that approximately 37 percent of CBP officers are funded by user fees, the failure to properly project and manage these fees has a significant operational impact-not only on CBP but on the traveling public and on our national security posture. To address these failures and to assist the Committees in their oversight, the Commissioner is directed to take the actions required by the House report on user fee management. In addition, as required by the Senate report, CBP shall brief on the use of APHIS fee revenues and report on steps to advance its relationship with port authorities on staffing.

### Fee Balances

As directed in the House report, CBP shall report on the final determination regarding the availability of \$639,400,000 in unobligated fee balances and the path for eliminating them from CBP's financial statements. Unfortunately, these funds are not accessible to CBP; however, the agency has not responded adequately to the question of availability raised by GAO.

## Innovation and Facilitation

CBP is directed to continue considering and instituting innovations to more efficiently process legitimate travel and trade, such as those outlined in the House report. Further, the bill provides funds above the request toward this end, including \$10,000,000 for preclearance operations and \$2,500,000 for improved signage and information about the entry process, as recommended in the Senate report, and \$4,500,000 for Global Entry expankiosks, and promotion, as recsion. ommended in the House and Senate reports. No later than 60 days after the date of enactment of this Act, CBP shall brief the Committees in detail on its full fiscal year 2013 funding for these activities as well as the use of the increased funds.

### Workload Staffing Model

The Department is directed to immediately submit the CBP workload staffing model for Field Operations required by the joint explanatory statement accompanying Public Law 112–74. This report, which has languished in a bureaucratic clearance "do loop," is necessary for a responsible dialogue on CBP mission needs, including any demonstrated staffing needs.

### Cargo Security Strategy

The bill provides an additional \$3,000,000 for the Customs-Trade Partnership Against Terrorism (C-TPAT) program to ensure audits of participants are conducted as needed based on a risk determination. No later than 60 days after the date of enactment of this Act, CBP shall brief the Committees in detail on its full fiscal year 2013 funding for C-TPAT as well as the use of the increased funds.

Further, the Committees concur with the direction and concerns outlined in the House report regarding the cargo security strategy and look forward to seeing the Secretary develop and propose a meaningful alternative to 100 percent scanning.

#### Targeting

The bill provides an additional \$3,000,000 for National Targeting Center (NTC) operations to cover pre-adjudication vetting of visa applicants. No later than 60 days after the date of enactment of this Act, CBP shall brief the Committees in detail on its full fiscal year 2013 funding for NTC as well as the use of the increased funds.

As required in the House report, CBP is directed to provide a detailed accounting of funds executed by the Targeting Analysis Systems Project Office no later than 30 days after the date of enactment of this Act. CBP shall also include an annual update of this information with the President's budget request.

#### Entry-Exit Policy and Operations

CBP is the DHS lead for entry-exit policy and operations, as recommended by the House. Responsibility for implementing a biometric exit program lies with CBP. Within 120 days after the date of enactment of this Act, CBP, in conjunction with OBIM and any other appropriate partners, such as the Science and Technology Directorate, shall report to the Senate Committees on Appropriations, the Judiciary, and Homeland Security and Governmental Affairs and the House Committees on Appropriations, the Judiciary, and Homeland Security on the Department's tangible progress in implementing an enhanced biographic exit system and biometric exit planning. The report shall include the results of the Canadian pilot programs and provide an update on the Mexican pilot program. The Committees on Appropriations shall be briefed semiannually on exit thereafter.

#### Border Patrol and Border Security Between Ports of Entry

CBP shall submit a report to the Committees no later than 90 days after the date of enactment of this Act on its five-year staffing and deployment plan for the Border Patrol. In addition, the budget justification for fiscal year 2014 shall include a plan detailing staffing and funding for the Northern Border. Further, CBP is prohibited from closing Border Patrol stations in Texas, as proposed in the budget request. CBP and ICE have not produced a transition plan to ensure the immigration enforcement needs of local sheriffs will be supported without a Border Patrol presence.

#### Joint Field Command Structure

While CBP allocated funds within its budget for the Joint Field Command (JFC), it is important to reassess the cost-benefit of operating the JFC, particularly as CBP considers other joint operation and coordination structures and confronts enormous budget challenges. The need for operational coordination within CBP is no less imperative than its coordination with ICE. Coast Guard, and other law enforcement agencies active in a particular area of responsibility. Therefore, CBP is directed to brief the Committees, no later than 60 days after the date of enactment of this Act, on all plans, milestones, and costs for establishing and operating joint field efforts, as required in the House report. In addition, the brief shall include the cost-benefit of operating the JFC.

#### Integrity Programs

The bill supports CBP efforts to reduce and prevent corruption, as well as ensure that its ethics, integrity, and conduct programs include training at all stages of an agent's or officer's career. Over the past five years, as the Federal law enforcement presence on the Nation's borders has increased due to major increases in hiring of Border Patrol agents and other law enforcement officers, Congress has provided resources above the Presidents' requests for the OIG, CBP, and ICE to ensure that a greater level of scrutiny is focused on preventing officer corruption and enhancing training on public integrity. Given these efforts, combined with the full implementation of the Anti-Border Corruption Act of 2011 (Public Law 111-338), sufficient funds were requested in the budget and are provided by this Act to continue rigorous attention to public integrity of DHS law enforcement personnel. CBP is expected to work with OIG and ICE to aggressively investigate reports of fraud and to provide continuous integrity training to current as well as new employees. CBP is directed to continue briefing the Committees on a semiannual basis on integrity efforts, per the House report. In addition, GAO is directed to report on CBP's integrity program no later than 120 days after the date of enactment of this Act, as required in the House report.

## Workers' Compensation Plans

CBP is directed to brief the Committees on its progress in implementing the OIG recommendations and related issues, as required by the House report, no later than April 3, 2013.

#### Preventing Human Trafficking

The Committees strongly support DHS efforts to broaden human trafficking awareness, including through CBP's Blue Lightning Initiative. In lieu of the level recommended by the House, CBP shall fund its Blue Campaign efforts, as requested, and brief the Committees, as required by the House report.

#### Training

Per the House report, CBP is directed to brief the Committees on its corrective action

plan and the status of implementation of recommendations contained in GAO-12-269, not later than April 3, 2013. In addition, GAO is directed to follow up on its findings one year after its release to identify progress that has been made and any remaining deficiencies.

#### AUTOMATION MODERNIZATION

A total of \$719,866,000 is provided for "Automation Modernization." Of that amount, \$394,340,000 is for Information Technology, which includes salaries and expenses for OIT; \$138,794,000 is for the Automated Commercial Environment (ACE); and \$186,732,000, as requested, is for Current Operations Protection and Processing Support. As provided in a general provision in this Act, CBP is required to submit an updated multi-year investment and management plan for all funds executed by OIT that are now largely consolidated in "Automation Modernization."

The amount provided under this heading does not include the requested funding for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

### Briefings

CBP is directed to continue briefing the Committees on a quarterly basis on ACE progress, including the information directed by the House and Senate reports. CBP and ICE are directed to jointly brief the Committees on the status of TECS modernization efforts, as required by the House and Senate reports, on a semiannual basis with the first briefing no later than 60 days after the date of enactment of this Act.

#### BORDER SECURITY FENCING, INFRASTRUCTURE, AND TECHNOLOGY

A total of \$324,099,000 is provided for "Border Security Fencing, Infrastructure, and Technology" (BSFIT). No funds are provided for further environmental mitigation efforts with the Department of Interior.

The Committees remain concerned about the lack of progress in deploying critical tools and technology that the Border Patrol clearly needs to secure the border. The schedule for awarding a contract for Integrated Fixed Towers (IFT) as well as to upgrade and purchase Remote Video Surveillance Systems (RVSS) continues to slip. In fact. CBP's schedule does not show full deployment of RVSS and IFT before fiscal years 2014 and 2016 respectively—years after the original timelines. Given these delays, CBP is directed to continue quarterly briefings and weekly notifications on procurement actions, as directed in the House report. In addition, CBP is currently evaluating proposals submitted for IFT, a process that shall include a demonstration evaluation. After the demonstration phase, CBP is directed to brief DHS leadership, OMB, and the Committees before a contract award for IFT that would specify the number and pace of deployments. The briefing is not intended to involve procurement-sensitive information; rather the focus is on understanding CBP's intention regarding the number and pace of deployments rather than vendor-specific information.

As of October 1, 2012, CBP has \$400,000,000 in prior year unobligated balances in BSFIT in addition to the funds provided for fiscal year 2013. As a result, the bill includes a rescission of \$73,232,000, to ensure that funds do not languish unused for years. As recommended in the House report, those funds are applied to CBP Air and Marine operations, supporting a significant increase in proposed flight hours. These funds will provide immediate border security operational benefit while enabling CBP to maintain its IFT investments and deployments as cur- H rently planned.

#### AIR AND MARINE OPERATIONS

A total of \$799,006,000 is provided for "Air and Marine Operations." The funding includes \$283,570,000 for a new Salaries and Expenses PPA moved from the CBP "Salaries and Expenses" appropriation; \$397,399,000 for Operations and Maintenance to restore flight hours, including to restore unmanned aerial systems (UAS) flight hours above the fiscal year 2011 level; and \$118,037,000 for Procurement. The procurement funds include an additional \$21,500,000 for purchase of an additional multi-enforcement aircraft; \$39,000,000 for the service life extension of the P-3 fleet; and \$18,567,000 for enhanced sensor capabilities for UAS.

The amount provided under this heading does not include the full amount requested for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. However, to avoid exacer-bating CBP's pay shortfall, the bill provides \$870,000, as part of the total \$19,558,000 provided to CBP, in the Salaries and Expenses PPA as a contingency to cover operational personnel. Should the President decide not to institute the pay raise, CBP shall apply those funds to other operational needs, in accordance with a general provision in Title V of this Act and with appropriate notification to the Committees.

U.S. Security Interests in the Caribbean

There are significant concerns about public safety and security in the Caribbean, as outlined in the House report, and it is excepted that the Secretary will allocate resources, assets, and personnel to Puerto Rico and the U.S. Virgin Islands in a manner and to a degree consistent with those concerns. Further, DHS is encouraged to work with the Department of Defense to address surveillance capabilities, as specified in the House report under a different heading.

CONSTRUCTION AND FACILITIES MANAGEMENT

A total of \$233,563,000 is provided for "Construction and Facilities Management." Of that amount, \$176,214,000 is for Facilities Construction and Sustainment and \$57,349,000 is for Program Oversight and Management. Per the Senate report, the Department is directed to encourage the use of small businesses, including the use of public-private partnerships, in all phases of the contracting process for construction and renovation of ports of entry.

## U.S. IMMIGRATION AND CUSTOMS ENFORCEMENT

## SALARIES AND EXPENSES

A total of \$5,394,402,000 is provided for "Salaries and Expenses" to ensure robust enforcement of our Nation's immigration laws. Within this amount, the bill supports maintenance of no fewer than 34.000 detention beds and funds the 287(g) program at the fiscal year 2012 level of \$68,321,000 across PPAs appropriation. Additionally. in this \$138,249,000 is provided to complete nationwide deployment of the Secure Communities program. The bill includes the transfer of overstay analysis from US-VISIT to ICE and increase the amount proposed for transfer to Domestic Investigations by \$2,307,000 for a total of \$19,917,000. Further, the amount provided under this heading does not include \$14,083,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

The amount provided for this appropriation by PPA is as follows:

	0112 0210
Headquarters Management and Administration: Personnel, compensa- tion and benefits, services and other costs	\$220,044,000 160,464,000

penses. .....\$5,394,402,000 ICE Headquarters Management and Administration

The bill provides \$380,508,000 for ICE Headquarters Management and Administration. ICE has failed to submit the multi-year investment and management plan required by Public Law 112-74 for funds executed by the Office of Information Technology. Submission of that plan is expected immediately. Timely submission of the update with the submission of the fiscal year 2014 budget request is also expected, as required by law.

## Immigration Proceedings

The bill does not include the proposed transfer authority for \$5,000,000 from ICE to the Executive Office for Immigration Review (EOIR) to bolster the Legal Orientation Program. However, given the extensive caseload pending before immigration courts and the paper-intensive process, the bill provides \$3,000,000 in ICE "Automation Modernization" to improve case management and electronic communication between ICE and EOIR to achieve more efficient processing. Further, ICE is directed to formalize its internal policy to utilize digital records and provide a copy of the policy to the Committees no later than 30 days after the date of enactment of this Act.

enactment of this Act. As required in the House report under this heading, ICE is directed to report no later than April 3, 2013, on all corrective actions and controls instituted to prevent recurrence of the embezzlement and kick-back scheme uncovered last year in the Office of Intelligence.

## ICE Domestic Investigations

A total of \$1,686,859,000 is provided for Domestic Investigations, reflecting a reduction of \$10,000,000 realigning responsibility for illegal aliens on parole and probation to Enforcement and Removal Operations (ERO).

Combatting Human Trafficking

The bill provides an additional \$11,000,000 to support ICE's efforts in countering human

trafficking and human smuggling. Of these funds, no less than \$1,200,000 is provided to further the Hidden in Plain Sight public outreach campaign under the Blue Campaign umbrella. ICE is directed, no later than 90 days after the date of enactment of this Act, to brief the Committees in detail on its full fiscal year 2013 funding for efforts related to countering human smuggling and human trafficking as well as its plans for these additional funds.

## Law Enforcement Support Center

The bill provides no less than \$34,900,000, as requested, for the Law Enforcement Support Center.

#### Overstay Analysis

Of the total provided in Domestic Investigations, \$19,917,000 is for overstay analysis activities previously performed by US\_ VISIT. ICE is the appropriate mission owner for visa-overstay investigations and operations. As required in the House report, ICE is directed to provide semiannual briefings on the overstay backlog elimination effort; to ensure that similar backlogs do not arise again in the future: and to update the Committees on its overstay enforcement strategy. Further, ICE shall brief the Committees no later than April 3, 2013, on the number of visa overstays in the United States by nationality and the actionable measures ICE will take to reduce the overstay population, as directed in the House report.

#### Worksite Enforcement

The bill provides \$134,626,000 for worksite enforcement activities, as requested, and requires ICE to follow the direction in the House report under this heading.

#### Trade Compliance and Enforcement

The bill provides no less than \$10,187,000 for the Intellectual Property Rights Coordination Center, as requested. As required by the Senate report, CBP and ICE are directed to jointly brief the Committees by May 1, 2013, on the ongoing efforts to improve commercial trade enforcement and intellectual property rights.

#### International Investigations

A total of \$34,561,000 is provided for the Visa Security Program (VSP), including an additional \$2,000,000 to support pre-adjudication vetting of visa applicants. ICE is directed to update the Committees no later than 90 days after the date of enactment of this Act on the VSP.

Of the amount provided to International Operations, no less than \$8,000,000 shall be for ICE's vetted units. ICE is directed to specifically budget for these units in the fiscal year 2014 budget request.

#### Cooperation from Foreign Countries on Repatriation

The Committees remain concerned about the public safety impacts of the release of certain criminal aliens stemming from the decision in Zadvydas v. Davis, 533 U.S. 678, 121 S. Ct. 2491 (2001), as outlined in the House report. ICE shall provide a detailed report on this issue, as directed in the House report, no later than 90 days after the date of enactment of this Act.

#### Fugitive Operations

A total of \$145,325,000 is provided for fugitive operations, as specified by the House.

## Criminal Alien Program

A total of \$216,510,000 is provided for the Criminal Alien Program, as pecified by the House.

#### Alternatives to Detention

A total of \$96,557,000 is provided for Alternatives to Detention (ATD) programs. As required in the House report, ICE is directed to

address factors that may hamper program goals in its utilization of program funds; to expand the Fast Track pilot program working with EOIR; to identify and implement best practices for more effective processing of the non-detained docket; and to utilize the appropriate level of supervision warranted by the individual enrolled in ATD. As required in the Senate report, ICE is directed to brief the Committees quarterly on the Fast Track pilots and post on its website any contractor evaluations and OIG reports related to the ATD program.

#### Secure Communities

A total of \$138,249,000 is provided to complete nationwide deployment of Secure Communities. ICE is directed to update the Committees no later than 30 days after the date of enactment of this Act on jurisdictions failing to honor ICE detainers, as required in the House report. Further, as directed in the House report, ICE shall update the Committees on its effort to digitize paper fingerprint cards from legacy immigration files, no later than April 3, 2013.

## Detention Standards

As required by the House report, ICE is directed to consider the cost implications of changes to its detention standard requirements and budget accordingly.

U.S. Citizen Children of Removed Aliens

Within 30 days of the date of enactment of this Act, ICE is to brief the Committees on its capabilities to identify, track, and report on the status of unaccompanied alien children after the removal or departure of their parent or legal guardian and related issues, as directed in the Senate report.

AUTOMATION MODERNIZATION

(INCLUDING TRANSFER OF FUNDS)

A total of \$33,500,000 is provided for "Automation Modernization," as requested and including an increase of \$3,000,000 above the request to improve case management and electronic communication between ICE and EOIR to achieve more efficient processing. Given the interdependencies in ICE and EOIR systems, ICE may transfer up to \$1,000,000 to EOIR to further this effort.

#### CONSTRUCTION

A total of \$5,000,000 is provided for "Construction," as requested.

## TRANSPORTATION SECURITY ADMINISTRATION AVIATION SECURITY

A total of \$5,052,620,000 is provided for "Aviation Security." The amount does not include \$13,823,000, as requested, for a civil-

ian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

In addition to the amounts appropriated, a mandatory appropriation totaling \$250,000,000 is available through the Aviation Security Capital Fund. Statutory language reflects the collection of \$2,070,000,000 from aviation security fees, as authorized.

The amount provided for this appropriation by PPA is as fol-

lows:

## Screening Operations:

Screener Workforce:	
Privatized Screening	\$147,690,000
Screener Personnel,	
Compensation, and	
Benefits	3,078,709,000
Subtotal, Screener	
Workforce	3,226,399,000
Screener Training and	
Other:	224,984,000
Checkpoint Support:	115,204,000
EDS/ETD Systems:	
EDS Procurement	
and Installation	99,930,000

309,000,000
408,930,000
3,975,517,000
368,255,000
562,349,000
24,730,000
121,769,000
1,077,103,000
\$5,052,620,000

Privatized Screening

The bill provides a total of \$147,690,000 for the Screening Partnership Program (SPP), reflecting an increase of \$4,500,000 to address increased costs for current participants and to provide some funding for airports that may request to join the program. TSA is directed to brief the Committees no later than 90 days after the date of enactment of this Act on how it is complying with the FAA reauthorization law (Public Law 112-95) provisions regarding evaluation of SPP applications, and the extent to which it is implementing GAO recommendations to compare cost and performance of SPP airports and non-SPP airports. The brief should also cover how TSA is addressing court rulings related to its administration of the SPP program. TSA is to provide the Committees quarterly reports on its execution of the SPP program and processing of applications for participation. In addition, as TSA implements new statutory requirements for privatized screening, TSA is expected to disapprove any new contract application where privatized screening does not currently exist if the annual cost of the contract exceeds the annual cost to TSA of providing Federal screening services.

#### Screener Personnel, Compensation, and Benefits

The provides \$3,078,709,000 for Screener Personnel, Compensation, and Benefits. This reflects no funding for the fiscal year 2013 pay raise, as noted above, as well as reductions in costs due to delays in deployment of the advanced imaging technology (AIT), shifts in workload to SPP airports, and efficiencies from checkpoint and baggage processing streamlining. Some of these efficiencies may come in the form of behavior detection officers (BDOs) being used to execute the travel document checker function in some cases, which may increase efficiency and possibly reduce duplicative positions.

## Checkpoint Support

A total of \$115,204,000 is provided for Checkpoint Support. The reduction below the request is justified due to an identical amount in unobligated balances that have remained unspent for over five years.

#### Advanced Imaging Technology Study

As detailed in the Senate report, the Secretary is instructed to allocate resources for an independent study of the potential health risks associated with the use of AIT scanning machines at airport security checkpoints, including backscatter x-ray and millimeter wave technologies. The study is to be conducted by an independent laboratory selected by the Secretary. In addition, the Secretary shall convene an independent panel of experts to evaluate the results of this study to consider any risk posed by AIT from a

public health perspective in addition to the risk to each airline passenger. Among other things, the study shall evaluate the possible malfunctions and fail-safe mechanisms of such machines as well as the radiation emissions of AIT. The independent panel should evaluate the results of the study and also review risks posed by AIT to certain, more vulnerable passengers screened or affected by such machines. Upon completion, the Secretary shall submit to Congress a report that contains the results of the study and evaluation. Further, the Secretary is directed to ensure that easily readable signs or equivalent electronic displays are placed at the front of airline passenger checkpoint queues where AIT scanning machines are used to alert passengers to the use of such technology and screening alternatives available.

Risk-Based Approaches to Passenger Screening

TSA is directed to brief the Committees on a semiannual basis, beginning no later than 90 days after the date of enactment of this Act, on progress in developing and applying trusted traveler approaches and any legal or budgetary impediments to their implementation. The briefing should also identify savings and efficiencies generated by these efforts. In addition, TSA is directed to include in the briefing: (1) its plans to expand Pre-Check to additional airlines and passengers who currently do not qualify for the program, including a timeline and milestones; (2) statistics detailing the incremental progress being made to increase the eligible population of passengers that have access to Pre-Check and expand the number of airport locations where Pre-Check is available; (3) key indicators of success such as passenger satisfaction data; (4) projected cost savings from Pre-Check and other risk-based screening initiatives; (5) a description of efforts to ensure the public is fully aware of the program: (6) wait times for Pre-Check and non-Pre-Check lanes; and (7) a description of security measures being implemented to ensure that eligible passengers in the Pre-Check program are truly low-risk. This last point is also addressed in the classified annex

#### Passenger Complaints

As highlighted in the Senate report, concerns remain about the process TSA has established for resolving passenger complaints. As directed by the joint explanatory statement accompanying Public Law 112-74, GAO recently completed a review of TSA's policies and procedures for resolving passenger complaints and whether current resolution processes conform to independent standards. GAO made several recommendations to TSA as a result of its review, such as establishing: (1) a consistent policy for receiving complaints; (2) a process for systematically analyzing information on complaints from all mechanisms; (3) a policy for informing passengers about the screening complaint process: and (4) mechanisms to share information on best practices among airports. TSA is to brief the Committees no later than 60 days after the date of enactment of this Act on its efforts to address the recommendations in the GAO report. The Committee is also aware of efforts TSA has undertaken to ensure the complaint resolution process is independent, such as referring cases directly to its Ombudsman Division and training current employees to be passenger advocates. TSA is required to fund these efforts at a level that will enable them to respond fully to passengers seeking assistance.

### Security Breaches

As detailed in the Senate report, the findings in the DHS OIG Investigation Report  $% \left( {{{\left[ {{{\rm{A}}} \right]}_{{\rm{A}}}}_{{\rm{A}}}} \right)$ 

entitled "Transportation Security Administration's Efforts to Identify and Track Security Breaches at Our Nation's Airports" are of concern, and the TSA Administrator is therefore directed to submit a report to the Committees not later than 60 days after the date of enactment of this Act as specified in the Senate report.

#### Explosives Detection Systems

The bill provides a total of \$99,930,000 for Explosives Detection Systems (EDS) Procurement and Installation.

TSA is directed to brief the Committees no later than 60 days after the date of enactment of this Act on its plans to upgrade all EDS units procured and deployed with its 2010 detection standards, and how it will address the concerns highlighted in the GAO report (GAO-11-740). Statutory language is included under the "Transportation Security Support" appropriation withholding the obligation of \$20,000,000 from headquarters administration until TSA submits to the Committees, no later than 60 days after the date of enactment of this Act, detailed expenditure plans for fiscal year 2013 for checkpoint security and EDS refurbishments, procurement, and installations on an airport-by-airport basis. The plans shall include: specific technologies for purchase; program schedules and major milestones: a schedule for obligation of the funds: recapitalization priorities; and a table detailing actual versus anticipated unobligated balances at the close of the fiscal year. Further, the plan shall include a new section providing details on passenger screening pilot programs that are in progress or being considered for implementation in fiscal year 2013, to include: a summary of the pilot program that describes what the program is attempting to achieve; potential capabilities and benefits of the program; the airports where the pilots will be operating; funding commitments; and plans for expansion. In addition, TSA is to provide quarterly EDS and checkpoint expenditures briefings to the Committees, including any deviations from the original plan.

Aviation Regulation and Other Enforcement

The bill provides a total of \$368,255,000 for Aviation Regulation and Other Enforcement, including an increase of \$3,000,000 to support an increase in canine teams for domestic inspections in the air cargo and aviation regulation environments. When combined with a similar increase in funding under the "Surface Transportation Security" appropriation, TSA will be able to field no fewer than 50 new canine teams overall. In addition, the agreement includes a reduction of \$6,000,000 for visible intermodal protection and response (VIPR) teams, which have experienced significant delays in hiring. TSA is directed to brief the Committees on an updated VIPR expenditure plan for fiscal year 2013 within 60 days after the date of enactment of this Act and using the same format provided in the March 12, 2012, report to the Committees

Foreign Repair Station Security Regulations In 2003, Congress directed TSA to issue final regulations to ensure the security of foreign and domestic aircraft repair stations. A provision is not included affecting funding for the DHS Office of General Counsel that was proposed by the House, but TSA is directed to brief the Committees if the final rule is not approved and published in the fourth quarter of calendar year 2012, as anticipated.

Five-Year Strategic Plan for Investments

TSA is directed to submit a five-year budget estimate within its fiscal year 2014 congressional budget justification that includes projected funding levels for the next five fiscal years individually for all passenger screening technology acquisitions. The plan shall indicate the total cost and estimated completion date for each technology.

Use of Unclaimed Money for Assistance to

Military Personnel and Dependents

Section 44945 of title 49, United States Code, enacted as part of the fiscal year 2005 DHS Appropriations Act, authorized and directed unclaimed money collected at airport security checkpoints to be used for civil aviation security. However, such collections have been little used, and Congress has thus rescinded unobligated balances. The Committees prefer that these funds be applied productively to an important public mission, and therefore the Department and TSA, in consultation with the Department of Defense, are directed to submit a report to the Committees on Appropriations and Armed Services of the House and the Senate, the House Committee on Homeland Security. and the Senate Committee on Commerce, Science and Transportation not later than 90 days after the date of enactment of this Act, which considers the feasibility of transferring the collections to nonprofit organizations that are selected on a competitive basis to operate airport centers in multiple locations throughout the United States to provide a place of rest and recuperation for members of the armed forces and their families. The report, which shall include any recommendations for new statutory language, cost estimates for TSA to manage such a program, and administrative action that may be required, shall also address ways to ensure small airports have a mechanism for transferring unclaimed money to TSA headquarters, which shall consolidate the collecions.

#### SURFACE TRANSPORTATION SECURITY

The bill provides a total of \$124,418,000 for 'Surface Transportation Security." The amount provided under this heading does not include \$358,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. Within the amount appropriated, \$36,353,000 is provided for staffing and operations and \$88,065,000 for surface transportation security inspectors and canines. This reflects an increase of \$2,000,000 for additional surface canine teams for passenger and cargo screening in the mass transit and maritime domain. In combination with increased funding provided under the "Aviation Security" appropriation, TSA will be able to field no fewer than 50 new canine teams overall. It also reflects a reduction of \$1,500,000 for VIPR teams, which have experienced significant delays in hiring.

#### TRANSPORTATION THREAT ASSESSMENT AND CREDENTIALING

A total of \$272,144,000 is provided for "Transportation Threat Assessment and Credentialing." The amount provided under this heading does not include \$207,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. To facilitate oversight, TSA is directed to brief the Committees on the status of TTAC Infrastructure Modernization no later than 30 days after the date of enactment of this Act and quarterly thereafter, and to advise the Committees of any developments that might delay initial operating capacity in 2014 or to publish a Universal Fee Rule.

Subtotal, Fee Collections	\$79,720,000
TWIC Doodorg	

TWIC Readers

The Coast Guard, the Department, and TSA are directed to take all necessary action to expedite the completion and publication of a final TWIC reader rule and to expand Universal Enrollment Centers that will result in no less than 50 percent expansion in the number of available TWIC enrollment sites.

#### TRANSPORTATION SECURITY SUPPORT

The bill provides a total of \$954,277,000 for "Transportation Security Support." The amount provided under this heading does not include \$432,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. Bill language, proposed by the Senate, also is included to withhold \$20,000,000 from obligation until the TSA Administrator submits detailed expenditure plans for air cargo security, checkpoint support, and EDS refurbishment, procurement and installation. The amount provided for this ap-

propriation by PPA is as fol-

#### lows: Headquarters Administra

neauquarters Aummistra-	
tion	\$276,122,000
Information Technology	417,196,000
Human Capital Services	215,829,000
Intelligence	45,130,000

Total, Transportation Security Support ......

\$954,277,000

Account Structure and Availability of Appropriations

TSA is directed to include a proposal for account restructuring with the fiscal year 2014 budget request. The proposal should reflect the proposal set forth in the Senate report to establish a one-year appropriation for salaries and related expenses, and DHS is to continue to consult with the Committees on its development of this proposal.

## Human Capital Services

The bill provides a total of \$215,829,000 for Human Capital Services. The reduction may come from advisory and assistance services.

## FEDERAL AIR MARSHALS

A total of \$907,757,000 is provided for "Federal Air Marshals", including \$793,786,000 for Management and Administration and \$113,971,000 for Travel and Training. The amount provided under this heading does not include \$2,743,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013. The funding reduction reflects a readjustment in light of the multiple security enhancements in aviation security put in place since the Christmas Day 2009 bombing attempt. This level of funding is adequate to ensure coverage of all high-risk international and domestic flights, and provide additional discussion of this in the classified annex to this statement. TSA is directed to submit a report no later than 120 days after the date of enactment of this Act outlining the best options for leveraging the Federal

law enforcement population to supplement Federal Air Marshal Service (FAMS) resources, including a detailed description of what the Department is doing to develop such options beyond a notional phase. Further, TSA is directed to brief the Committees no later than 60 days after the date of enactment of this Act on its optimal mix of staff, the types and frequency of flights for which FAMS coverage should be provided, and any legislative or regulatory changes that might be required to improve FAMS operations and overall aviation security. COAST GUARD

## OPERATING EXPENSES

The bill provides a total of \$7,074,782,000 for "Operating Expenses," including \$594,000,000 for defense activities, of which \$254,000,000 is designated as being for overseas contingency operations (OCO) and the global war on terrorism (GWOT). Funds provided in support of GWOT and OCO under this heading may be allocated notwithstanding section 503 in Title V of this Act.

The amount provided for this appropriation includes the following reductions from the budget request: a decrease of \$2,947,000 for civilian pay and a decrease of \$5,000,000 for the Headquarters Directorate. None of the reductions shall come from small boat acquisitions. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

The amount provided for this appropriation includes the following increases above the budget request: an additional \$23,842,000 to reduce the backlog in critical depot level maintenance; \$1,977,000 to prevent the decommissioning of three 110-foot patrol boats; \$10,191,000 to reduce the operational gap created by the disestablishment of the hightempo high-maintenance program; \$8,413,000 to maintain one of the two High Endurance Cutters proposed for decommissioning; \$5,200,000 for seasonal air facilities; and \$3,115,000 for the annualization of marine environmental response positions.

The amount provided for this appropriation by PPA is as fol-

lows:

Program Terminations and New Starts

The Coast Guard is directed to brief the Committees prior to starting the process of terminating programs that have been specifically requested in the budget and funded by Congress, such as the termination of the high tempo-high maintenance program and the H-60 radar program. Further, the Coast Guard is directed to comply with the general provisions in Title V of this Act with respect to the creation of programs not previously requested and justified or the elimination of programs previously requested and justified to Congress in the justification accompanying the President's budget.

Overseas Contingency Operations Funding and Global War on Terrorism

Funding is included for OCO/GWOT within the Coast Guard "Operating Expenses" ap-

propriation instead of within funding provided to the Department of Defense. There is concern with the continued overreliance on OCO/GWOT funds to support activities that have become part of the Coast Guard's routine mission set. As activities overseas continue to draw down, it is expected that there will be a similar decrease in OCO/GWOT funding requested by the Administration for the Coast Guard. The Coast Guard is directed to brief the Committees no later than 30 days after the date of enactment of this Act on any changes expected to funding for the OCO/GWOT during fiscal year 2013. Further, the Coast Guard is directed to include in the classified annex for fiscal year 2014 details of its current and future support to Central Command.

## TWIC Readers

The Coast Guard, the Department, and TSA are directed to take all necessary action to expedite the completion and publication of a final TWIC reader rule.

## Seasonal Air Facilities

The request to replace five H-65 helicopters in operation at Air Station Traverse City with three H-60 helicopters and to close two seasonal Air Facilities at Muskegon, Michigan and Waukegan, Illinois is denied. There also is concern that two of the H-60 aircraft proposed to be transferred to Air Station Traverse City would be taken from Operation Bahamas, Turks and Caicos, resulting in a significant loss of annual hours dedicated to drug and migrant interdiction and search and rescue in that area of responsibility.

#### Marine Environmental Response

The Coast Guard is expected to keep the Committees apprised of marine environmental response hiring efforts in fiscal year 2013 to achieve 718 positions, including 26 positions added in this Act, and to report to the Committees within 15 days if it deviates from this plan.

#### Support of Military Families

The Coast Guard is directed to submit a copy of its National Housing Assessment no later than 30 days after the date of enactment of this Act. The report shall prioritize short-term and long-term improvements needed, including resource requirements.

# Infrastructure and Response Capabilities in the Arctic

The Coast Guard is directed to report to the Committees within 90 days after the date of enactment of this Act on the actions taken to reach international agreements on ensuring adequate maritime transportation infrastructure and response capabilities in the Arctic.

#### Coast Guard Yard

The Coast Guard Yard located at Curtis Bay, Maryland, is recognized as a critical component of the Coast Guard's core logistics capability that directly supports fleet readiness. Sufficient industrial work should be assigned to the Yard to sustain this capability.

## Sexual Harassment Reporting Requirements

The Coast Guard is directed to provide to the Committees the annual report required by Section 217 of the Coast Guard Authorization Act of 2010.

### Command and Control Aircraft

The Coast Guard is directed to notify the Committees prior to making any changes in the type or number of the command and control aircraft.

## Automation Modernization

A new appropriation for Automation Modernization is not included; however, the Coast Guard is directed to provide a report to the Committees no later than 90 days after the date of enactment of this Act detailing funding for fiscal year 2012, planned for fiscal year 2013, and requested for fiscal year 2014 by program, project and activity for new information technology investments and automation modernization.

## Chemical Security

In House report 112-331, the Coast Guard and NPPD are directed to complete a planned Memorandum of Understanding (MOU) to harmonize chemical security responsibilities established by the CFATS regulations and MTSA regulatory programs no later than March 30, 2012, but the agreement has not been finalized. The MOU is to be completed expeditiously.

## Funding for Minor Shore Infrastructure Improvements

The bill continues to allow funds from the "Operating Expenses" appropriation to be used for the sustainment, repair, replacement and maintenance of shore infrastructure, including projects to correct deficiencies for code compliance or that threaten life health or safety to an amount not exceeding 50 percent of a building's or structure's replacement value. Additionally, "Operating Expenses" funds are allowed to be used for contingent, emergent, or other unspecified minor construction projects, which includes new construction, procurement, development, conversion, rebuilding, improvement, or an extension of any facility not exceeding \$1,000,000 in total costs at any location for planned or unplanned operational needs

Minor construction projects funded from the "Operating Expenses" appropriation can be combined with depot level maintenance projects for the sake of administrative and economic efficiency. Such projects and any sustainment, repair, replacement or maintenance projects over \$1,000,000 shall be detailed in a semiannual report to the Committees.

#### ENVIRONMENTAL COMPLIANCE AND RESTORATION

The bill provides a total of \$13,151,000 for "Environmental Compliance and Restoration." The amount provided for this appropriation includes a decrease of \$11,000 in civilian pay. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

#### RESERVE TRAINING

The bill provides a total of \$132,528,000 for "Reserve Training." The amount provided for this appropriation includes a decrease of \$26,000 in civilian pay. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

## ACQUISITION, CONSTRUCTION, AND

IMPROVEMENTS

The bill provides a total of \$1,545,393,000 for "Acquisition, Construction, and Improvements."

The amount provided for this appropriation by PPA is as follows:

Vessels

Survey and Design-Ves-	
sel and Boats	\$2,500.000
Response Boat—Medium	8,000,000
National Security Cutter	679,300,000

Subtotal, Personnel and Related Support	113,682,000

Total, Acquisition,

Construction, and

Improvements ...... \$1,545,393,000 Quarterly Reports on Acquisition Projects

and Mission Emphasis

The Commandant is to continue to brief the Committees quarterly on all major acquisitions consistent with the direction in the joint explanatory statement accom-panying Public Law 112–74. In addition to the information normally provided, these required briefings shall include: the top five risks for each acquisition, if applicable, and if these risks have future budget implications: the objective for operational hours the Coast Guard expects to achieve; the gap between that objective, current capabilities, and stated mission requirements; and how the acquisition of the specific asset closes the gap. The information presented at these briefings shall also include a discussion of how the Coast Guard calculated the operational hours, and an explanation on risks to mission performance associated with any current shortfall, and the operational strategy to mitigate such risks. Finally, the briefings are to include a status chart on all shore construction projects that have not been completed, including the funding status, design status, and procurement and construction status.

## Revised Budget Justification

The Coast Guard is directed to include a detailed budget justification for each PPA for which funding is requested, or funding is available from prior years. Further, as detailed on page 86 in the House report, the budget justification for aircraft and vessels in fiscal year 2014 shall include detailed cost information consistent with the appropriate work elements for the program, and standardized for similar type systems such as aircraft and vessels.

The budget justification for programs that are conversions or sustainment shall provide similar data and include types of modifications, quantity of kits, and planned installation schedule of modification kits.

The budget justification for Program Oversight and Management, Systems Engineering
 and Integration and C4ISR shall provide a breakout of funding by asset.

In the budget justification, the Coast Guard is directed to provide procurement history and planning for the prior year, current year, and budget year to include quantity and unit cost, contracting office location, contractor, contract method/type, award date, date of first delivery, and the availability of technical data package.

Additionally, to address continued deficiencies in the budget justification for Program Oversight and Management, the Coast Guard is directed to provide a detailed subdivision of funding requested for government program management in its justification materials accompanying the fiscal year 2014 budget submission. This includes providing funding associated with each subdivision.

## Full Funding

Bill language is included that directs the funds provided in this Act be immediately available and allotted to contract for the production of the sixth National Security Cutter (NSC) notwithstanding the availability of post-delivery activity funding and long lead time materials, components, and designs of the seventh NSC notwithstanding the availability of production funds for the seventh NSC.

Further, a new general provision in Title V of this Act sets requirements related to funding availability and contract awards for long lead materials and production of Coast Guard cutters. In addition, the Secretary shall develop fiscal policy that prescribes Coast Guard budgetary policies, procedures and technical direction necessary to comply with statutory language in the general provision and consistent with the DoD Financial Management Regulations (Volume 2A Chapter 1, C. Procedures for Full Funding) directing the funding and allocation of funds for production contracts and long lead time material contracts. This policy shall include that (1) the costs of outfitting and post-delivery activities and spare or repair parts shall be requested not earlier than for the first fiscal year in which it is necessary to incur such costs to maintain a planned production schedule, which may be subsequent to the fiscal year for which production costs are requested; and (2) the costs of long lead time items shall be requested for the fiscal year in which it is necessary to incur such costs to maintain a planned production schedule, which may be in advance of the fiscal year for which production costs are requested.

#### Carry Over

The Coast Guard is directed, to the maximum extent possible, to budget for programs, assets, modifications, and installations that it will execute in the budget request year so as not to accumulate excessive carryover

#### National Security Cutter

A total of 679,300,000 is provided for the National Security Cutter (NSC) program. Of this amount, 557,000,000, as requested, is for the production of NSC-6 and 77,000,000 is to acquire long lead time materials for the production of NSC-7.

## Fast Response Cutter

A total of \$335,000,000 is provided for the acquisition of six Fast Response Cutters (FRCs) instead of two FRCs, as requested. This funding will allow the Coast Guard to acquire FRC hulls (19–24). Procuring six Fast Response Cutters in fiscal year 2013 will maximize the production line and generate cost savings of \$5,000,000 per hull for a total savings to the taxpayers of \$30,000,000.

#### Offshore Patrol Cutter

A total of \$30,000,000 is provided for the Offshore Patrol Cutter (OPC). The Coast Guard is directed to update the Committees on changes or updates in the Operation Requirements Documents.

## Medium Endurance Cutter Sustainment

A total of \$16,000,000 is provided for the Medium Endurance Cutter (WMEC) Sustainment, to include \$3,000,000 above the amount requested to be used to conduct a WMEC condition survey to address potential service life extension requirements, as described in the House report.

#### Polar Icebreaker

As requested, \$8,000,000 is provided to initiate survey and design activities for a new Coast Guard polar icebreaker. The Coast Guard is directed to provide the Committees with its Mission Needs Statement no later than 30 days after it receives Departmental approval and to brief the Committees on its timeline for completing a concept of operations, market research, specification development, and other acquisition milestones leading to a request for proposal and contract award.

#### Response Boat-Medium

A total of \$8,000,000 is provided for the Response Boat-Medium (RB-M) acquisition.

These funds will allow the Coast Guard to purchase 4 RB-Ms in fiscal year 2013, bringing the total funded for the Coast Guard to 170 boats.

#### H-60 Helicopter

A total of \$14,000,000 is provided for aircraft replacement of one H-60 helicopter, an increase of \$14,000,000 above the amount requested.

## HC-130J Aircraft

#### A total of \$90,000,000 is provided for one HC-130J aircraft.

#### Maritime Patrol Aircraft

A total of \$55,000,000 is provided for the Maritime Patrol Aircraft (MPA), \$12,000,000 above the amount requested. This fully funds one MPA, including funding to acquire a Mission System Pallet and spares, which were not included in the fiscal year 2013 request.

#### Unmanned Aircraft Systems

As described in the Senate report, the Coast Guard is directed to keep the Committees informed of its efforts to pursue a small Unmanned Aircraft System (UAS) as an interim capability for the NSC and to keep the Committees apprised of its efforts for both cutter-based and land-based UAS development.

### Program Oversight and Management

A total of \$15,000,000 is provided for Program Oversight and Management.

#### Systems Engineering and Integration

All funding for Systems Engineering and Integration is denied, a reduction of \$2,500,000 from the amount requested, because of high carryover from prior appropriations.

#### Major Shore Construction, Housing, Aids to Navigation, and Survey and Design

A total of \$30,000,000 is provided for Major Shore Construction, Housing, Aids to Navigation, and Survey and Design. The Coast Guard is directed to submit an expenditure plan for these funds to the Committees no later than 30 days after the date of enactment of this Act, including a prioritized list of all backlogged projects and the Coast Guard's plan to address them. In addition, the Coast Guard is directed to include a detailed description of any changes from the fiscal year 2013 budget justification for major acquisition systems infrastructure.

## Coast Guard Military Housing

A total of 10,000,000 is provided for the recapitalization, improvement, and acquisition of housing to support military families. Of this amount, 6,828,691 is derived from the Coast Guard Housing Fund. The Coast Guard shall provide an expenditure plan to the Committees for these funds in the shore facilities report required to be submitted no later than 45 days after the date of enactment of this Act.

#### Acquisition Personnel

A total of \$113,682,000 is provided for direct costs of acquisition personnel. The amount provided includes a decrease of \$216,000 in civilian pay and a decrease of \$3,500,000 for efficiencies. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

#### Fleet Requirements

The Secretary and the Commandant are directed to comply with Senate language with respect to developing a working group to examine available studies on Coast Guard fleet requirements.

## Unfunded Priorities

The Commandant is directed to provide to the Committees, at the time of the President's budget submission, a list of approved but unfunded Coast Guard priorities and the funds needed for each.

# RESEARCH, DEVELOPMENT, TEST, AND EVALUATION

The bill provides a total of \$19,690,000 for "Research, Development, Test, and Evaluation". The amount provided for this appropriation includes a decrease of \$38,000 in civilian pay. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

The Commandant is directed to provide a detailed prioritized listing of planned activities relative to stated mission requirements in the justification materials accompanying the fiscal year 2014 budget submission. Further, the Commandant is directed to comply with the Senate direction to study the viability and applicability of persistent unmanned maritime vehicles and other costsaving maritime technologies through a competitive process.

#### RETIRED PAY

The bill provides a total of \$1,423,000,000 for "Retired Pay". The Coast Guard's "Retired Pay" appropriation is a mandatory budget activity.

## UNITED STATES SECRET SERVICE

## SALARIES AND EXPENSES

The bill provides \$1,555,913,000 for "Salaries and Expenses", of which not to exceed \$19,125 shall be for official reception and representation expenses. The amount provided under this heading does not include \$4,058,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

The amount provided for this appropriation by PPA is as follows: Protection:

00000000	
Protection of persons	
and facilities	\$855,236,000
Protective intelligence	
activities	68,125,000
Presidential candidate	
nominee protection	57,960,000
National Special Secu-	
rity Event fund	4,500,000
Subtotal, Protection:	985,821,000

Investigations: Domestic field oper- ations International field of-	299,690,000
fice administration, operations and train- ing Support for missing and exploited chil-	30,971,000
dren	8,366,000
	339,027,000
and Administration	174,334,000
Rowley Training Center Information Integration and Technology Trans-	55,598,000
formation	1,133,000

Total, Salaries and

## Expenses ...... \$1,555,913,000 Salaries and Expenses Account Structure

The current account structure for Programs, Projects, and Activities (PPAs) is retained, with the following consolidations requested in the budget: White House mail screening now is funded within the Protection of Persons and Facilities PPA, and the Electronic Crimes Special Agent Program (ECSAP) and Electronic Crimes Task Forces are now funded within Domestic Field Operations.

The Committees do not agree with the proposal to reduce the number of PPAs to five, with single PPAs for pay and benefits, protection, and investigations as requested in the budget. The Secret Service has stated that because current PPA structure spreads pav and expenses across many programs, it is constantly challenged by having to balance shifting demands between protection and investigations, and as a result, must either submit formal reprogramming, or employ inefficient and conservative financial management to avoid them. The Committees understand this argument, particularly as it applies to the Secret Service field office organization, where the same agents may be involved in both protective operations and a variety of investigations efforts. While the bill maintains the current PPA structure some flexibility has been provided in statute to the Secret Service to reprogram \$15,000,000 or 10 percent, whichever is lower, between the Protection of Persons and Facilities PPA and the Domestic Field Operations PPA.

The Secret Service is developing a financial reporting system that it asserts will enable it to report enterprise-wide labor costs on a timelier basis and the Secret Service is invited to provide such evidence to the Committees for consideration during the 2014 appropriations process.

#### International Operations

The tempo of international investigative operations has increased for the Secret Service, with notable successes in investigating and halting counterfeiting and other forms of electronic and financial crime through its overseas field operations, including its new locations in Beijing, China and Lima, Peru. The Secret Service is directed to brief the Committees not later than April 3, 2013, on the status of its overseas investigative operations, including staffing and funding for its field offices.

#### Domestic Field Operations and Electronic Crimes Investigations

The partial consolidation provided in the bill includes incorporation of the previously separate PPA for Electronic Crimes Special Agent Program (ECSAP) and Electronic Crimes Task Forces (ECTF) into the Domestic Field Operations PPA. This consolidation does not reflect any dissatisfaction with the ECSAP or ECTF programs; on the contrary,

those activities have proven highly productive and deserve strong support. Therefore, the bill includes an increase of \$3,500,000 within the PPA to be distributed between the ECSAP/ECTF programs and other high priority domestic investigative efforts. While ECSAP/ECTF will no longer have a separate reporting and reprogramming line, the Committees expect: (1) to receive periodic briefings on the status of investigations; (2) to see the funding and programmatic efforts sustained; and (3) the funding and personnel resources for them continue to be identified in future budgets.

In addition, as a step to aligning the program and funding for electronic crimes inbill includes vestigation support, the \$4,000,000 within the Domestic Field Operations PPA for grant assistance for electronic crime investigation and forensic training for State and local law enforcement agencies, which the Secret Service has been providing to date at the National Computer Forensics Institute, previously funded through the National Protection and Programs Directorate (NPPD). The Secret Service is directed to coordinate with NPPD as the subject matter experts to ensure the curriculum is sound and consistent with current risk and threat, and to avoid duplication and ensure efficiency.

#### Support for Missing and Exploited Children

The bill provides \$8,366,000 to fund grant assistance and investigative support for investigations related to missing and exploited children as proposed by the House.

#### Professionalism Reinforcement Working Group

The Secret Service is directed to provide quarterly briefings to the Committees on the status of the Professionalism Reinforcement Working Group and its review of Secret Service professional standards of conduct, and their relationship to training, policy and procedures.

#### National Special Security Events

The bill provides \$4,500,000, as requested, to defray costs specific to Secret Service execution of its statutory responsibilities to direct the planning and coordination of National Special Security Events (NSSEs). Some federal agencies have sought reimbursement from the Secret Service for participation in and support of prior NSSEs, despite the fact the Secret Service, as a matter of policy and practice, has sought and accepted such support only on the explicit understanding that such support is provided on a voluntary and non-reimbursable basis Further, when other agencies and departments elect to participate in NSSEs, they are fulfilling their responsibilities set forth in Homeland Security Presidential Directive 15 and National Security Presidential Directive 46, and their authority to fund such participation derives from those Directives. Based on this understanding, and to clarify the expectation that participating agencies should budget for and fund their own costs, a new general provision is included in the Act that provides that none of the funds in this Act may be used to reimburse any Federal department or agency for its participation in a National Special Security Event.

To resolve ongoing disputes over prior funding responsibilities, determine whether any agency participation in past NSSEs should be eligible for reimbursement, and dispel ambiguity about how participating agencies will be funded for future NSSEs, the Administration must either propose a change in current law or issue clear administrative guidance. The Department and the Office of Management and Budget are directed to jointly resolve this issue, address the appropriate assignment of budgeting and funding responsibilities for the costs of agency participation in NSSEs, and submit a specific plan to accomplish this, including proposed statutory remedies if necessary, not later than April 3, 2013.

In addition, the USSS is directed to provide periodic updates on NSSEs planned for fiscal year 2013 prior to and following the event, instead of quarterly briefings as proposed by the Senate.

#### Technology Activities

The bill includes \$1,133,000 for information integration and technology transformation activities of the Secret Service, and direct the Secret Service to provide greater detail in its annual budget justification accompanying the fiscal year 2014 budget request on all USSS information technology activities, to include the multi-year investment plan called for in statutory language for the acquisition account.

# ACQUISITION, CONSTRUCTION, IMPROVEMENTS, AND RELATED EXPENSES

The bill provides a total of \$56,750,000 for "Acquisition, Construction, Improvements, and Related Expenses." This funding covers the acquisition, construction, improvements and related expenses for the Rowley Training Center and investments in Information Integration and Technology Transformation (IITT) programs. Bill language is included requiring the Director to submit a multiyear IITT investment plan along with the budget request for fiscal year 2014, as proposed by the House.

#### TITLE III—PROTECTION, PREPARED-NESS, RESPONSE, AND RECOVERY NATIONAL PROTECTION AND PROGRAMS DIRECTORATE

## MANAGEMENT AND ADMINISTRATION

A total of \$50,220,000 is provided for "Management and Administration" of the National Protection and Programs Directorate (NPPD), of which no more than \$3,825 is for official reception and representation expenses. The amount provided under this heading does not include \$101,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

### INFRASTRUCTURE PROTECTION AND INFORMATION SECURITY

A total of \$1,157,529,000 is provided for "Infrastructure Protection and Information Security" (IPIS), of which \$200,000,000 is available until September 30, 2014. The amount provided under this heading does not include \$590,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

The amount provided for this appropriation by PPA is as follows:

Infrastructure Protection:	
Infrastructure Analysis	
& Planning	\$58,969,000

Total. Infrastructure

Protection and Infor-

mation Security .....

The NPPD Office of Chief Financial Officer is directed to brief the Committees on the entire year expenditure plan not later than 45 days after the date of enactment of this Act.

\$1.157.529.000

NPPD is directed to fund the Multi-State Information Sharing and Analysis Center at the same level as fiscal year 2012. Of the total provided, \$13,551,000 is for the Office of Bombing Prevention, and the Office is encouraged to work with the National Guard and the Department of Defense as discussed in the Senate report; \$20,588,000 is for vulnerability assessments and NPPD is encouraged share information regionally; and to \$16,876,000 is for cybersecurity education. Funding for the National Computer Forensics Institute has been provided under the heading United States Secret Service, "Salaries and Expenses." No funds are provided under this heading for such activity.

Of the total provided, \$77,945,000 is for Infrastructure Security Compliance to implement the Chemical Facility Anti-Terrorism Standards (CFATS) program, of which \$20,000,000 is not available for obligation until the Under Secretary for NPPD submits to the Committees an expenditure plan for the CFATS program for fiscal year 2013, including the number of facilities covered, inspectors on-board, inspections pending, and inspections projected to be completed by September 30, 2013. NPPD is directed to brief the Committees on the findings of recent GAO testimony summarizing the DHS actions to better manage its chemical security program (GAO-12-1044T), including progress in addressing the recommendations and in implementing the action plan.

In lieu of language in House report 112–492, directing a review by NPPD, in conjunction with the Coast Guard, GAO is directed to continue its ongoing effort to examine the extent to which DHS has made progress and encountered challenges in developing a viable CFATS program. Once the CFATS program begins performing and completing a sufficient number of compliance inspections, GAO shall review how compliance inspections are properly trained and have the right skill sets

to perform compliance inspections and if the CFATS program faces any barriers or challenges in managing the compliance inspection process. GAO shall complete this review in consultation with the Committees.

NPPD is not required to provide the report on the CFATS action plan as required in Senate report 112-169, since the information has been provided. NPPD is directed to provide a report regarding CFATS semiannual data as required in Senate report 112-169, and a briefing, instead of a report, regarding alternative security programs as required in the House report 112-492. NPPD is expected to continue to increase its on-board FTEs to reach the fiscal year 2013 requested level, to include the hiring of the appropriate level of inspectors to meet mission requirements, and is directed to include in the aforementioned report, with semiannual data, any variation to the level of inspectors requested with a justification for the change. NPPD is directed to brief the Committees regularly on the status of any proposed personnel suretv information collection requests and include in the briefings how addressing industry concerns with respect to notifying industry of denials are being addressed.

NPPD is directed to brief the Committees on the progress toward implementing the recommendations included in the recent GAO report entitled "DHS Could Better Manage Security Surveys and Vulnerability Assessments" (GAO-12-378).

Within the total amount provided, \$202,000,000 shall be used to deploy technology to improve the information security on Federal computer systems in accordance with a new general provision contained in Title V of this Act. The Under Secretary is directed to provide an expenditure plan, in the same format as the plan submitted to fulfill the requirement in section 137 (b) of Public Law 112-175, for the entire fiscal year 2013 amount.

Within the total amount provided, \$329,009,000 is for Network Security Deployment, which fully funds the amount that will be obligated in fiscal year 2013 for the Einstein program and related activities.

Within the total amount provided, \$24,499,000 is provided for Next Generation Networks to prevent delays in deploying priority communications services capability.

The Under Secretary is directed to provide a report detailing all fiscal year 2013 NPPD grant programs including the justification, strategy, and future funding requirements for the grants, as well as the determinations and findings to justify sole source awards.

#### FEDERAL PROTECTIVE SERVICE

A total of \$1,301,824,000 is provided for the "Federal Protective Service" (FPS), as requested, for fiscal year 2013. This amount is fully offset by collections of security fees. A provision is included requiring the Secretary and the Director of the OMB to certify, no later than May 1, 2013, that FPS will collect a sufficient amount in fees to cover the total number of FTE requested in the budget, or adjust the fee to cover all costs.

The NPPD Office of Chief Financial Officer is directed to brief the Committees on the entire year expenditure plan for funds provided in this Act not later than 45 days after the date of enactment of this Act.

FPS is directed to brief the Committees on progress in implementing the recommendations made in a recent GAO report, "DHS Needs to Refocus Its Efforts to Lead the Government Facilities Sector" (GAO-12-852), not later than 45 days after the date of enactment of this Act, including a specific timeframe for publishing an action plan.

OFFICE OF BIOMETRIC IDENTITY MANAGEMENT

A total of \$232,422,000 is provided for the "Office of Biometric Identity Management."

This level includes: \$40,546,000 for Salaries and Expenses (S&E); \$15,980,000 for Systems Engineering; \$155,840,000 for Operations and Maintenance (O&M), to include \$65,500,000 for IDENT; and \$20,056,000 for Identity Management and Screening Services. Funding is not provided for the Office of Biometric Identity Management (OBIM) to continue US-VIS-IT's staff rotations to international partner agencies. As provided in bill language, the S&E and half of the O&M funds have an availability of one year. The bill provides \$19,917,000 to ICE in order to fully fund overstay analysis previously performed by US-VISIT, to include the Data Integrity Group. The bill also provides \$12,284,000 to CBP related to entry-exit policy and operations. Statutory language is included ensuring that the appropriate successor account is charged for amounts obligated under US-VISIT. Further, the amount provided under this heading does not include funds requested for a civilian pay raise. Should the President provide a civilian pay raise for 2013. it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

As outlined in the House report, OBIM is the lead entity within DHS responsible for biometric identity management services through its management of the Automated Biometric Identification System, or IDENT. OBIM assumes the most significant and cross-cutting responsibility from what was known as US-VISIT-namely to serve customers across DHS, at other Federal agencies, in State and local law enforcement, and overseas through storage of biometric identities, recurrent matching against derogatory information, and other biometric expertise and services. OBIM is expected to reconstitute what is now known as the US-VISIT Executive Stakeholder Board to ensure strong coordination with DHS and interagency partners.

OBIM is encouraged to identify efficiencies under this new structure through reassessing its staffing, travel, and contractor support requirements.

#### Operations and Maintenance

OBIM retains budget and responsibility for the Arrival Departure Information System (ADIS) as well as IDENT, OBIM is directed to undertake a rigorous review of its Information Technology costs, as well as IDENT and ADIS modernization needs, and develop proposals for efficiencies and cost savings. including considering managed service options with the CBP Office of Information Technology and examining contractor services. OBIM is encouraged to apply efficiencies and cost savings to continue the Unique Identity program and modernize IDENT. All modernization activities should be outlined in OBIM's investment and management plan.

As directed in the House report, OBIM shall continue its data sharing and connectivity improvement efforts with the Intelligence Community. OBIM also is directed to brief the Committees on a semiannual basis on its workload and service levels, staffing, modernization efforts, and other operations.

#### Unique Identity

OBIM and its counterparts at the Justice, State, and Defense Departments as well as its stakeholders within DHS are directed to continue providing semiannual briefings on the progress in implementing system interoperability, as required by the House and Senate reports.

#### $\operatorname{Exit}$

CBP is the DHS lead for entry-exit policy and operations. Responsibility for implementing a biometric exit program lies with

CBP. As a transitional matter, OBIM is directed to ensure that the entry data exchange program with Canada, as referenced in the Senate report, is fully funded in fiscal year 2013. Within 120 days after the date of enactment of this Act, CBP, in conjunction with OBIM and any other appropriate partners, such as the Science and Technology Directorate, shall report to the Senate Committees on Appropriations, the Judiciary, and Homeland Security and Governmental Affairs and the House Committees on Appropriations, the Judiciary, and Homeland Security on the Department's tangible progress in implementing an enhanced biographic exit system and biometric exit planning. The report shall include the results of the Canadian pilot programs and provide an update on the Mexican pilot program. The Committees on Appropriations shall be briefed semiannually on exit thereafter

## OFFICE OF HEALTH AFFAIRS

A total of \$132,499,000 is provided for the "Office of Health Affairs" (OHA). The amount provided under this heading does not include \$55,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

Of the total amount provided, \$2,000,000 is for the Chemical Defense Program, \$1,500,000 above the request for two additional demonstration projects, to be awarded through a competitive process; \$13,000,000 is for the National Bio-Surveillance Integration System, \$5,000,000 above the request to sustain existing activities and support new pilots, to be awarded through a competitive process; and \$5,407,000 is for Planning and Coordination, \$500,000 above the request to support programs that address the wellness and resiliency of the DHS workforce and the needs of the Food, Agriculture, and Veterinary Defense Division.

Of the total amount provided, \$26,702,000 is for salaries and expenses. The decrease below the request is due to continued under execution of on-board FTE and lapsed balances.

Of the total amount provided, \$85,390,000 is for BioWatch, \$39,900,000 below the request which was intended for BioWatch Generation 3 testing and evaluation. The Committees have consistently demonstrated strong support for the development of an early warning network to detect biological agents to speed response and recovery from a terrorist attack. While the Committees support OHA's ongoing efforts to improve the Nation's biological detection capabilities, serious concerns have been raised about the Biowatch Generation 3 program, to include scientific validity and delays in execution that have created large carryover balances. The Department is encouraged to continue with Phase II. Stage I activities, as currently planned with available carryover funding, to ensure candidate systems meet entry criteria through performance testing. However, prior to entering Phase II, Stage 2 that includes down-selection for a single solution and entering operational testing and evaluation, the Secretary shall certify to the Committees that the science used to develop the technology is proven and warrants operational testing and evaluation.

The OHA Chief Financial Officer is directed to brief the Committees on the entire year expenditure plan for funds provided in this Act not later than 45 days after the date of enactment of this Act.

#### FEDERAL EMERGENCY MANAGEMENT AGENCY SALARIES AND EXPENSES

A total of \$973,118,000 is provided for "Salaries and Expenses." The following programs

are funded, within the total, at last year's levels as listed in Senate report 112-169: the National Hurricane Program, the National Earthquake Hazards Reduction Program and the National Dam Safety Program. Of the amounts provided, no less than \$35,180,000 is for the Urban Search and Rescue Response System and \$2,000,000 is for the Emergency Management Assistance Compact. An additional \$5,000,000 for automation modernization and \$5,000,000 for national training center infrastructure improvements is provided. The amount provided under this heading does not include funds, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

Of the total amount provided, \$4,293,000 is included for the Office of National Capital Region Coordination (ONCRC), which is a reduction of \$806,000 below the request. ONCRC is directed to work expeditiously on its highest priority activities in fiscal year 2013.

The grant management and administration costs associated with "State and Local Programs", "Firefighters Assistance Grants", and "Emergency Management Performance Grants" are fully funded within the "Salaries and Expenses" appropriation instead of through transfers as has been done in previous years.

The amount provided for this appropriation by PPA is as follows:

Administrative and re- gional offices Office of National Cap-	\$257,409,000
ital Region Coordina- tion	(4.293.000)
Preparedness and protec-	(1,200,000)

Tetal Galanian and De	

Total, Salaries and Expenses .....

\$973,118,000

A provision is continued and made permanent a provision directing the inclusion of West Virginia and Pennsylvania to be incorporated into efforts to integrate the activities of Federal, State, and local government in the National Capital Region.

FEMA is directed to brief the Committees on an expenditure plan, within  $90 \; {\rm days} \; {\rm of} \; {\rm the}$ date of enactment of this Act. detailed by PPA and by office, which shall include: funding levels for the prior year, the current year, and deviations between the two years. The number of positions, the number of FTE. the amount for salaries and benefits and the amount for the program showing all sources of funding, to include transfers from other appropriations, shall also be included. FEMA shall include fiscal year 2014 budget detail for each FEMA office and region by: object classification, FTEs on-board, FTE vacancies, and the appropriation accounts used to support the office and its programs. Further, FEMA is directed to present the fiscal year 2014 budget in the same account and PPA structure as provided in this Act and statement. Should FEMA determine that changes to the funding structure facilitate better resource management and transparency in spending, changes shall be presented in an addendum to the Congressional Justification with a clear justification.

FEMA is directed to maintain the Children's Coordinator position within the Office of the Administrator and sustain the ongoing efforts of the working group to address children's disaster-related needs.

FEMA is directed to provide an expenditure plan for capital improvement for the Mount Weather facility for fiscal year 2013 no later than 30 days after the date of the enactment of this Act and for fiscal years 2013 through 2018 no later than May 1, 2013.

A new appropriation for "Automation Modernization" is not included. Instead, \$5,000,000 above the request is provided for automation modernization within "Salaries and Expenses." This amount is to continue the effort begun by the Committees in fiscal year 2012 to update FEMA's technological capabilities in order to better meet its mission. No funds were identified in the fiscal year 2013 budget request for this effort; however, should there be funds intended for this purpose, the \$5,000,000 provided is in addition to that amount. FEMA is directed to provide a report 90 days after the date of enactment of this Act detailing funding for fiscal year 2012, planned for fiscal year 2013, and requested for fiscal year 2014 by program, project, and activity for new information technology investments and automation modernization. FEMA is directed to work with the Committees in developing the presentation of this information.

#### STATE AND LOCAL PROGRAMS

A total of \$1,466,082,000 is provided for "State and Local Programs." The amount provided for this appropriation by PPA is as follows:

Discretionary State and	
Local Grants	\$188,932,000
State Homeland Security	+,,,
Grant Program	346,600,000
Operation Stonegarden	(46,600,000)

Training, and Exer-	
cises	235,174,000
	200,111,000

Total, State and Local Programs. .....

rejected due to a lack of justification, and a new general provision is included in Title V of this Act that prohibits the obligation of funds for such program or any successor program unless explicitly authorized by Congress. Instead, the bill provides no less than the amounts distributed in fiscal year 2012 for the State Homeland Security Grant Program, Operation Stonegarden, the Urban Area Security Initiative, Nonprofit Security Grants, Public Transportation Security Assistance and Railroad Security Assistance Grants to include grants to Amtrak security, and Port Security Grants. Within the total amount provided, \$188,932,000 is to be allocated by the Secretary according to threat, vulnerability, and consequence to assist in preventing, preparing for, protecting against, and responding to acts of terrorism.

Several provisions are included related to grant administration. Grant guidance shall be issued within 60 days after the date of enactment of this Act, applicants shall apply within 80 days of receiving guidance, and award decisions shall be made within 65 days of the receipt of applications. Grantees may not use more than 5 percent of a grant for grant administration and shall provide reports on the use of funds as determined necessary by the Secretary. The installation of communications towers is not considered construction under State Homeland Security Grants and the Urban Area Security Initiative.

A provision is included and made permanent allowing the Center for Domestic Preparedness to train, and be reimbursed for such training, certain emergency personnel provided it does not interfere with the primary mission to train state and local emergency response providers.

The Secretary and the Administrator are directed to refine the grant reform proposal and include enough detail for the appropriate committees of jurisdiction, potential grantees, and the general public to understand how such reform will further the safety and security of the Nation and its citizens.

The Committees believe that the UASI program should be further focused on the areas under the greatest threat and at the greatest risk, providing funding to a maximum of 25 regions. FEMA is directed to clearly identify the specific criteria that will be used to determine the risk to urban areas in a briefing to the Committees prior to grant guidance being issued, and to justify the reason for final determinations in a clear and transparent manner to the Committees five days prior to the announcement of awards, in accordance with a general provision in Title V of this Act.

Within the total amount provided, \$27,000,000 is for Continuing Training Grants, of which no less than \$3,000,000 may be awarded through a competitive process to provide and deliver FEMA-certified training to rural first responders.

FEMA is directed to brief the Committees on its progress toward resolving the recommendations of the June 2012 OIG report, "Requirements for Reporting Homeland Security Grant Program Achievements" (OIG-12-92), not later than 45 days after the date of enactment of this Act.

The Regional Catastrophic Preparedness Grant Program Progress Report, required by the joint explanatory statement accompanying Public Law 112-74, which was received on August 14, 2012, details the challenges regional catastrophic planning presents and the results of the grant program in overcoming those challenges. The comprehensive report completed by grant recipients, which was included as part of the FEMA report, in particular highlights specific progress. FEMA is directed to continue its technical assistance to areas at greatest risk of a catastrophic event and to promote regional planning for on-going and emerging needs.

#### FIREFIGHTER ASSISTANCE GRANTS

A total of \$675,000,000 is provided for "Firefighter Assistance Grants" including \$337,500,000 for firefighter assistance grants and \$337,500,000 for firefighter staffing grants. In lieu of providing a report as directed in House report 112-492, FEMA is directed to brief the Committees semiannually on efforts to hire veterans.

EMERGENCY MANAGEMENT PERFORMANCE GRANTS

A total of \$350,000,000 is provided for "Emergency Management Performance Grants."

#### RADIOLOGICAL EMERGENCY PREPAREDNESS PROGRAM

Statutory language is included providing for the receipt and expenditure of fees collected, as authorized by P.L. 105–276.

## UNITED STATES FIRE ADMINISTRATION

A total of \$44,000,000 is provided for the "United States Fire Administration." The amount provided does not include funds, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

In 2050, the number of elderly in America is projected to be 88.5 million, more than double the 40.2 million in 2010. This shift in our demographics will have a dramatic impact on services provided by the fire service and emergency medical personnel. The FEMA Administrator, in consultation with the USFA Administrator, is directed to submit to the Committees no later than May 1, 2013, a report describing the need for educational outreach to the elderly on prevention, improved training and equipment for fire service and emergency medical personnel on how to assist the elderly, and where appropriate, model laws, regulations, or guidelines to prevent injury or loss of life.

## DISASTER RELIEF FUND

## (INCLUDING TRANSFER OF FUNDS)

A total of \$7,007,926,000 is provided for the "Disaster Relief Fund." which of \$6,400,000,000 is designated as being for disaster relief for major disasters pursuant to 251(b)(2)(D) of the Balanced Budget and Emergency Deficit Control Act of 1985. This level of funding is an increase of \$919,000,000 above the President's request, due to the impact of Hurricane Sandy which made landfall on October 29, 2012, and other designated disasters. A provision is included transferring \$24,000,000 to the OIG for audits and investigations related to all disasters. Several provisions directing FEMA to submit reports are included.

#### FLOOD HAZARD MAPPING AND RISK ANALYSIS PROGRAM

A total of \$95,329,000 is provided for "Flood Hazard Mapping and Risk Analysis Program." The amount provided does not include funds, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

#### NATIONAL FLOOD INSURANCE FUND

A total of \$22,000,000 is provided for salaries and expenses and \$149,000,000 for flood plain management and mapping. The Committees note that eliminating severe repetitive loss properties results in the greatest savings to the National Flood Insurance Fund, and FEMA is encouraged to continue to prioritize reducing the number of such properties. FEMA is directed to report to the relevant committees of jurisdiction as required by Senate report 112-169 and including the House Committee on Financial Services, on efforts to improve levee analysis and mapping procedures.

NATIONAL PREDISASTER MITIGATION FUND A total of \$25,000,000 is provided for "National Predisaster Mitigation Fund."

#### EMERGENCY FOOD AND SHELTER

A total of \$120,000,000 is provided for the "Emergency Food and Shelter" program. TITLE IV—RESEARCH AND DEVELOP-

MENT, TRAINING, AND SERVICES

UNITED STATES CITIZENSHIP AND IMMIGRATION SERVICES

A total of \$111,924,000 is provided in discretionary appropriations for USCIS for E- Verify. The amount provided under this heading does not include funds requested for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing funds for fiscal year 2013.

### Military Naturalizations

The cost of military naturalizations is to be paid for by the Department of Defense through the execution of an annual Inter-Agency Agreement (IAA) for reimbursement. Therefore, no USCIS funds are provided for military naturalizations, and USCIS is directed to ensure that IAAs are executed in a timely manner each year.

#### Electronic Access to Immigration Information

USCIS shall work with ICE and EOIR to maximize the sharing of digital records and ultimately minimize the cost of shipping and managing cumbersome paper files. Funds are specified to support efforts to that end in ICE Automation Modernization; USCIS is encouraged to participate in and support these efforts as well. USCIS is also directed to provide no less than \$29,000,000 to continue conversion of immigration records to digital format.

#### Electronic I-94

As required by the House report, USCIS and CBP are directed to brief the Committees quarterly on their progress toward elimination of the paper I-94. Before the Department implements interim changes, extensive outreach should be undertaken to ensure that those affected understand the interim process of obtaining the valid I-94 number.

## E-Verify

The Director of USCIS is expected to submit a report to the Committees identifying the costs of expanding the use of E-Verify no later than 90 days after the date of enactment of this Act, as required by the Senate report.

### Stateless Persons

As directed by the House report, USCIS, with other DHS components as appropriate, shall brief the Committees on its efforts to quantify the number of stateless persons in the country.

#### Immigrant Integration Grants

A general provision in Title V of this Act is included providing \$2,500,000 in appropriated funds and \$7,500,000 from fee revenue for immigrant integration grants. None of the appropriated funds may be used to administer the program.

#### FEDERAL LAW ENFORCEMENT TRAINING CENTER

#### SALARIES AND EXPENSES

A total of \$228,467,000 is provided for "Salaries and Expenses." Within the funds provided, \$29,163,000 is for Management and Administration and \$1,300,000 for the Federal Law Enforcement Training Accreditation Board. The amount provided under this heading does not include \$472,000, as requested, for a civilian pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

#### Support of the DHS Office of the Chief Human Capital Officer

The Department informed and briefed the Committees that beginning in fiscal year 2012, it planned to partner with the Federal Law Enforcement Training Center (FLETC) through an IAA to fulfill its human resource service requirements, with FLETC being fully reimbursed through the Working Cap-

ital Fund. The Department assured the Committees that this partnership would result in reduced costs for human resources service needs for headquarters components and deliver these services in a more efficient manner. Since the initial announcement, the Chief Human Capital Officer has decided to modify the execution plan, potentially moving some functions back to DHS Headquarters. There is no objection to this arrangement as long as it does not adversely impact FLETC's mission requirements. As such, the Office of the Chief Human Capital Officer and FLETC are directed to brief the Committees no later than 90 days after the date of enactment of this Act on the current plan to deliver human resource services.

## Full Utilization of FLETC Training Facilities

racinuies

In the current fiscal environment, law enforcement agencies are not hiring at the rate that has been experienced in the past ten years. For that reason, FLETC is experiencing lower demand for basic training and has greater capacity to support advanced training and potentially other activities. FLETC is encouraged to ensure that its facilities and assets are fully utilized to support the needs of its customers. For example, if training does not fully utilize firing ranges, FLETC should consider use of firing ranges for law enforcement qualification requirements. FLETC is directed to brief the Committees within 60 days of the date of enactment of this Act on its utilization rates. ACQUISITIONS, CONSTRUCTION, IMPROVEMENTS.

## AND RELATED EXPENSES

A total of \$28,385,000 is provided for "Acquisitions, Construction, Improvements, and Related Expenses."

## Science and Technology

#### MANAGEMENT AND ADMINISTRATION

The bill provides \$132,000,000 for "Management and Administration," including not to exceed \$7,650 for official reception and representation expenses. The amount provided includes a reduction of \$228,000 for the pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

RESEARCH, DEVELOPMENT, ACQUISITION, AND OPERATIONS

The bill provides \$703,471,000 for "Research, Development, Acquisition, and Operations." The amount provided for this appropriation by PPA is as follows:

#### Research. Development.

Researcn,	Development,	
and Innova	ation	\$450,555,000
Laboratory	Facilities	164,932,000
Acquisition	and Operations	
Support		47,984,000
University F	rograms	40,000,000

Total, Research, Develop-

ment, Acquisition and

Operations ...... \$703,471,000 Research, Development, and Innovation

The bill includes \$450,555,000 for Research, Development, and Innovation (RDI). This funding is expected to permit the Science and Technology Directorate (S&T) to restart and sustain its efforts in its top priority areas, to include biological defense, cybersecurity, border security, and first responder technologies. However, the Committees do not support having RDI as an undifferentiated PPA for this activity, breakouts by research thrust areas are preferred. At the same time, since funding is below the request, some adjustment will be made to prioritize the funding. S&T is directed, as was done in the joint explanatory statement accompanying Public Law 112-74, to provide to the Committees a detailed breakout of funding levels proposed for each of its research thrust areas within the RDI PPA, and submit this no later than 30 days after the date of enactment of this Act. These revised allocations by thrust area shall subsequently serve as PPAs and control levels for fiscal year 2013 for purposes of reprogramming notification and approval, governed by the requirements of the general provisions in Title V of this Act. This funding plan shall also include project-level detail on how S&T intends to fund individual research initiatives within each thrust area PPA.

#### Portfolio Reviews

S&T is directed to brief the Committees on the results of any portfolio reviews conducted in fiscal year 2013 no later than 30 days after completion of the review and assessment of its results. As required by the House report, the briefing shall include an assessment of the most promising projects, an appraisal of those that scored poorly, any plans to modify or reallocate funding from underperforming initiatives, as well as a detailed overview of how S&T measures and scrutinizes the cost and schedule of its research projects.

#### Customer Engagement

S&T is directed to brief the Committees no later than 60 days after the date of enactment of this Act on the process for determining each customer's research and development needs; for prioritizing S&T work for them; and for assessing customer satisfaction with S&T's work. The briefing shall also describe the extent to which S&T customers are involved in the Directorate's portfolio reviews.

#### Apex Projects

S&T and its partner components are directed to brief the Committees no later than 60 days after the date of enactment of this Act, and periodically thereafter on funding, schedule, and progress of Apex projects. S&T is also directed to notify the Committees at least 14 days before initiating a new Apex project.

National Bio- and Agro-defense Facility

The bill provides \$37,500,000 within the Laboratory Facilities PPA for the National Bioand Agro-defense Facility (NBAF). This funding shall be applied, in conjunction with \$90,000,000 in previous appropriations, to the construction of the new biological security level facility needed to handle large animal research into infectious animal and zoonotic diseases. If additional funds are to be considered for NBAF in fiscal year 2014, or any fiscal year thereafter, such funds must be in addition to the Department's enacted budget, thereby not displacing resources for Departmental programs. S&T is directed to submit a detailed update of its fiscal year 2013 NBAF construction plan and schedule no later than 60 days after the date of enactment of this Act.

#### Plum Island Animal Disease Center

S&T is directed to provide with the fiscal year 2014 budget an updated and detailed report on projected costs required to keep Plum Island Animal Disease Center sustainable in the short- and medium-term, and update periodically as estimates change. The report shall include cost estimates and plans for repair as a result of damage caused by Hurricane Sandy.

## Cyber Security Research

The Committees support increased funding for cyber security research. The Department is encouraged to fund multi-disciplinary programs of study and research that focus on addressing cyber security problems on a global scale, as specified in the Senate report. In addition, S&T is encouraged to pursue cyber security programs that will assist the U.S. financial industry, as required in the Senate report. While a specific level of funding is not directed, as proposed by the House, S&T is expected to take advantage of, and leverage, the expertise of existing governmental organizations to improve DHS cyber security capabilities, to include the use of competitively awarded research and development projects.

S&T is also directed to submit a report no later than 90 days after the date of enactment of this Act on the expenditure of funds for financial sector cyber attack simulations and outcomes, as required by the Senate report.

#### Reporting Requirements

S&T is directed to provide in conjunction with the President's fiscal year 2014 budget request, the results of its research and development for the prior fiscal year, and a report on the amounts de-obligated from projects during the prior fiscal year and to what projects those funds were subsequently obligated. S&T shall also provide quarterly briefings to the Committees on the test and evaluation status of all level 1 acquisitions. In addition, no later than April 3, 2013, S&T shall brief the Committee on progress in implementing its new strategic initiatives, as specified in the Senate report.

### **Disaster Communications**

In lieu of direction in the House report, the Department of Homeland Security, the Federal Communications Commission, and the National Institute of Standards and Technology are encouraged to explore existing methods and technologies to sustain communications during disasters, and to brief the Committees on its findings within 180 days of the date of enactment of this Act.

#### Disaster Resilience

Within the funds provided for disaster resilience research, S&T is encouraged to work with appropriate universities and existing Federal research centers, as discussed in the Senate report.

#### Canines

As discussed in both the House and Senate reports, the Department is encouraged to strongly consider the development of standards, protocols and certifications for the breeding, training, and deployment of explosives-detection canines.

DOMESTIC NUCLEAR DETECTION OFFICE

MANAGEMENT AND ADMINISTRATION

The bill provides a total of \$39,650,000 for "Management and Administration." The amount provided includes a reduction of \$43,000 for the pay raise. Should the President provide a civilian pay raise for 2013, it is assumed that the cost of the pay raise will be absorbed within existing appropriations for fiscal year 2013.

RESEARCH, DEVELOPMENT, AND OPERATIONS

The bill provides a total of \$226,830,000 for "Research, Development, and Operations."

The amount provided for this appropriation by PPA is as follows:

-	
Systems Engineering and	****
Architecture	\$30,000,000
Systems Development	28,000,000
Transformational Research	
and Development	74,766,000
Assessments	33,000,000
Operations Support	35,500,000
National Technical Nu-	
clear Forensics Center	25,564,000
Total, Research, Devel-	

opment, and Operations ...... \$226,830,000 Semiannual Briefings

As specified in the House and Senate reports, DNDO is directed to brief the Commit-

tees semiannually on program updates and to provide periodic updates on new threats, research, and studies and assessments related to the Global Nuclear Detection Architecture (GNDA). Semiannual briefings should also cover DNDO's core programs and initiatives by means of a pathway-by-pathway assessment for radiological and nuclear threats, beginning with the areas of greatest risk. In addition, DNDO is directed to brief the Committees semiannually on major Transformational and Applied Research initiatives and its red-teaming efforts.

#### Systems Development

DNDO is directed to provide, at the time the President submits the fiscal year 2014 budget request, a report on its Commercial First approach, including any resulting successful partnerships with industry.

#### Rail Detection SolutionS

As described in the Senate report, DNDO is directed to brief the Committees on the results of rail detection solutions no later than 30 days after the date of enactment of this Act. If the results of this testing prove successful and result in a priority shift in funding needs to support the GNDA, DNDO is directed to maintain the possibility of restarting these efforts with funding provided for Systems Development.

#### Test and Evaluation

DNDO is directed to provide a report to the Committees no later than 120 days after the date of enactment of this Act on the status of systems being researched, under development, or being tested to improve the Nation's ability to prevent shielded and unshielded special nuclear material from entering into the United States.

### SYSTEMS ACQUISITION

The bill provides a total of \$51,455,000 for

"Systems Acquisition." The amount provided for this appropria-

tion by PPA is as follows:

Radiation Portal Monitor	
Program	\$1,355,000
Securing the Cities	22,000,000
Human Portable Radiation	
Detection Systems	28.100.000

## Total, Systems Acquisi-

## tion ......\$51,455,000 Securing the Cities

The bill provides \$22,000,000 for the Securing the Cities (STC) Program, as requested, to fund efforts in New York City and Los Angeles. DNDO is directed to provide performance updates based on pre-established measures for each STC location during semiannual briefings and to include the STC program in its annual strategic investment plan.

#### Human Portable Radiation Detection Systems

Systems

The bill provides \$28,100,000 for Human Portable Radiation Detection Systems (HPRDS), as requested. DNDO is directed to provide periodic updates on efforts to better leverage certain HPRDS investments with new technology to virtually connect individual detectors. In addition, DNDO is directed to provide the Committees at the time the fiscal year 2014 budget is submitted a multiyear procurement forecast and deployment schedule.

## TITLE V—GENERAL PROVISIONS

Section 501. A provision is continued that no part of any appropriation shall remain available for obligation beyond the current year unless expressly provided.

Section 502. A provision is continued that unexpended balances of prior appropriations may be merged with new appropriation accounts and used for the same purpose, subject to reprogramming guidelines. Section 503. A provision is continued that provides authority to reprogram appropriations within an account and to transfer up to 5 percent between appropriations accounts with 15-day advance notification to the Committees. A detailed funding table identifying programs, projects, and activities is included at the end of this statement. This table along with funding levels specified in the statement shall serve as the control level for all reprogrammings. These reprogramming guidelines shall be complied with by all agencies funded by this Act.

agencies funded by this Act. The Department shall submit reprogramming requests on a timely basis and provide complete explanations of the reallocations proposed, including detailed justifications of the increases and offsets, and any specific impact the proposed changes will have on the budget request for the following fiscal vear and future-year appropriations requirements Each request submitted to the Committees should include a detailed table showing the proposed revisions at the account. program, project, and activity level to the funding and staffing (full-time equivalent position) levels for the current fiscal year and to the levels requested in the President's budget for the following fiscal year.

The Department shall manage its programs and activities within the levels appropriated. The Department should only submit reprogramming or transfer requests in the case of an unforeseeable emergency or situation that could not have been predicted when formulating the budget request for the current fiscal year. When the Department submits a reprogramming or transfer request to the Committees and does not receive identical responses from the House and Senate, it is the responsibility of the Department to reconcile the House and Senate differences before proceeding, and if reconciliation is not possible, to consider the reprogramming or transfer request not approved.

The Department is not to submit a reprogramming or transfer of funds after June 30 except in extraordinary circumstances, which imminently threaten the safety of human life or the protection of property. If a reprogramming or transfer is needed after June 30, the notice should contain sufficient documentation as to why it meets this statutory exception.

Funds that are deobligated by the Department are also subject to the reprogramming and transfer guidelines and requirements set forth in this section.

Section 504. A provision is continued that prohibits funds appropriated or otherwise made available to the Department to make payment to the Department's Working Capital Fund, except for activities and amounts allowed in the President's fiscal year 2013 request. Funds provided to the WCF are available until expended. The Department can only charge components for direct usage of the WCF and these funds may be used only for the purposes consistent with the contributing component. Any funds paid in advance or reimbursed must reflect the full cost of each service. The WCF shall be subject to the requirements of section 503 of this Act.

Section 505. A provision is continued that not to exceed 50 percent of unobligated balances remaining at the end of fiscal year 2013 from appropriations made for salaries and expenses shall remain available through fiscal year 2014 subject to section 503 reprogramming guidelines.

Section 506. A provision is continued that funds for intelligence activities are deemed to be specifically authorized during fiscal year 2013 until the enactment of an Act authorizing intelligence activities for fiscal year 2013.

Section 507. A provision is continued and modified requiring notification of the Committees three days before grant allocations, grant awards, contract awards, other transactional agreements, letters of intent, a task or delivery order on a multiple contract award totaling \$1,000,000 or more, a task or delivery order greater than \$10,000,000 from multi-year funds, or sole-source grant awards, are announced by the Department, including contracts covered by the Federal Acquisition Regulation. The Department is required to brief the Committees 5 full business days prior to announcing the intention to make a grant under State and Local Programs. Notification shall include a description of the project or projects to be funded, including city, county, and State.

Section 508. A provision is continued that no agency shall purchase, construct, or lease additional facilities for Federal law enforcement training without advance approval of the Committees.

Section 509. A provision is continued that none of the funds may be used for any construction, repair, alteration, or acquisition project for which a prospectus, if required under chapter 33 of title 40, United States Code, has not been approved.

Section 510. A provision is continued that consolidates by reference prior year statutory bill language into one provision. These provisions relate to contracting officer's technical representative training; sensitive security information; and the use of funds in conformance with section 303 of the Energy Policy Act of 1992.

Section 511. A provision is continued that none of the funds may be used in contravention of the Buy American Act.

Section 512. A provision is continued on reporting requirements of the privacy officer.

Section 513. A provision is continued regarding the oath of allegiance required by section 337 of the Immigration and Nationality Act.

Section 514. A provision is continued requiring the Chief Financial Officer to submit monthly budget execution and staffing reports within 45 days after the close of each month.

Section 515. A provision is included directing that any funds appropriated or transferred to TSA "Aviation Security", "Administration", and "Transportation Security Support" in fiscal years 2004 and 2005 that are recovered or deobligated shall be available only for procurement and installation of explosives detection systems, air cargo, baggage, and checkpoint screening systems, subject to notification. Quarterly reports must be submitted identifying any funds that are recovered or deobligated.

Section 516. A provision is included regarding the competitive sourcing for United States Citizenship and Immigration Services.

Section 517. A provision is continued for fiscal year 2013 requiring that any funds appropriated to the Coast Guard's 110–123 foot patrol boat conversion that are recovered, collected, or otherwise received as a result of negotiation, mediation, or litigation, shall be available until expended for the Fast Response Cutter program.

Section 518. A provision is continued for fiscal year 2013 relating to undercover investigative operations authority of the U.S. Secret Service.

Section 519. A provision is continued classifying the functions of the instructor staff at the Federal Law Enforcement Training Center as inherently governmental for purposes of the Federal Activities Inventory Reform Act.

Section 520. A provision is continued prohibiting the obligation of funds by the Office of the Secretary and Executive Management, the Office of the Under Secretary for Management, and the Office of the Chief Financial Officer for grants or contracts awarded by any means other than full and open competition. Certain exceptions apply, and this provision does not require new competitions of existing contracts during their current terms. It also requires the Inspector General to review Departmental contracts awarded noncompetitively and report on the results to the Committees.

Section 521. A provision is included that prohibits funding pertaining to the Principal Federal Official during a Stafford Act declared disaster or emergency, with certain exceptions.

Section 522. A provision is continued that precludes DHS from using funds in this Act to carry out reorganization authority. This prohibition is not intended to prevent the Department from carrying out routine or small reallocations of personnel or functions within components, subject to section 503 of this Act. This language prevents large scale reorganization of the Department, which the Committees believe should be acted on legislatively by the relevant Congressional committees of jurisdiction.

Section 523. A provision is included prohibiting the Secretary from reducing operations within the Coast Guard's Civil Engineering Program except as specifically authorized by a statute enacted after the date of enactment of this Act.

Section 524. A provision is continued that prohibits funding to grant an immigration benefit to any individual unless the results of the background checks required in statute, to be completed prior to the grant of the benefit, have been received by DHS.

Section 525. A provision is included extending other transactional authority for DHS through fiscal year 2013.

Section 526. A provision is continued requiring the Secretary to link all contracts that provide award fees to successful acquisition outcomes.

Section 527. A provision is included regarding waivers of the Jones Act.

Section 528. A provision is continued prohibiting the obligation of funds for the Office of the Secretary and Executive Management for any new hires at DHS if they are not verified through the E-Verify program.

Section 529. A provision is included prohibiting funds from being used to reduce the Coast Guard's Operations Systems Center mission or its government-employed or contract staff.

Section 530. A provision is continued related to prescription drugs.

Section 531. A provision is included prohibiting funds to be used to conduct or implement the results of a competition under Office of Management and Budget Circular A-76 with respect to the Coast Guard National Vessel Documentation Center.

Section 532. A provision is continued requiring the Secretary, in conjunction with the Secretary of the Treasury, to notify the Committees of any proposed transfers from the Department of Treasury Forfeiture Fund to any agency within DHS. No funds may be obligated until the Committees approve the proposed transfers.

Section 533. A provision is continued prohibiting funds for planning, testing, piloting, or developing a national identification card.

Section 534. A provision is included requiring the TSA Administrator to certify that no security risks will result if an airport does not participate in the E-Verify program.

Section 535. A provision is included that requires a report, to be posted on the FEMA website, summarizing damage assessment information used to determine whether to declare a major disaster.

Section 536. A provision is continued directing that any official required by this Act to report or to certify to the Committees on Appropriations may not delegate any such

authority unless expressly authorized to do so in this Act.

Section 537. A provision is continued extending risk-based security standards for chemical facilities cited in section 550 of Public Law 109-295, as amended, for one year.

Section 538. A provision is continued prohibiting the use of funds for the transfer or release of individuals detained at United States Naval Station, Guantanamo Bay, Cuba.

Section 539. A provision is continued prohibiting funds in this Act to be used for firstclass travel.

Section 540. A provision is continued and made permanent prohibiting funds in this Act to be used for adverse personnel actions for employees who use protective equipment or measures, including surgical masks, N95 respirators, gloves, or hand-sanitizers in the conduct of their official duties.

Section 541. A provision is continued prohibiting funds to be used to employ illegal workers as described in Section 274A(h)(3) of the Immigration and Nationality Act.

Section 542. A provision is continued and modified relating to the proper disposal of personal information collected through the Registered Traveler program.

Section 543. A provision is continued prohibiting funds appropriated or otherwise made available by this Act to pay for award or incentive fees for contractors with below satisfactory performance or performance that fails to meet the basic requirements of the contract.

Section 544. A provision is continued and modified that requires the TSA Administrator to submit semiannual reports on how the agency will meet the requirement to screen 100 percent of air cargo transportation on passenger aircraft arriving in the United States.

Section 545. A provision is included that requires any new processes developed to screen aviation passengers and crews for transportation or national security to consider privacy and civil liberties, consistent with applicable laws, regulations, and guidance.

Section 546. A provision is included that allocates \$7,500,000 of deposits into the Immigration Examinations Fee Account to United States Citizenship and Immigration Services for the purposes of providing immigrant integration grants and provides an additional \$2,500,000 in appropriated funds for the same purpose in fiscal year 2013. The grants shall be used to provide services to individuals who have been lawfully admitted into the U.S. for permanent residence.

U.S. for permanent residence. Section 547. A provision is included providing \$5,000,000 for the Federal Emergency Management Agency to reimburse costs incurred by State and local governments affected by National Special Security Events, including use of services, personnel, equipment, and facilities.

Section 548. A provision is included providing some flexibility to the Department for financing a response to an immigration emergency, subject to notification.

Section 549. A provision is included prohibiting funds appropriated or otherwise made available by this Act for DHS to enter into a Federal contract unless the contract meets requirements of the Federal Property and Administrative Services Act of 1949 or Chapter 137 of title 10 U.S.C., and the Federal Acquisition Regulation, unless the contract is otherwise authorized by statute without regard to this section.

Section 550. A provision is included providing \$55,000,000 for data center migration activities to be allocated by the Secretary and allowing the Secretary to transfer data center migration funds made available by this Act between appropriations after notifying the Committees 15 days in advance. Section 551. A provision is included permitting the Department to sell ICE-owned detention facilities and use the proceeds from any sale for improvement to other facilities provided that any such sale will not result in the maintenance of less than 34,000 detention beds.

Section 552. A provision is included providing a total of \$29,000,000 for consolidation of the new DHS headquarters at St. Elizabeths and consolidation of mission support activities.

Section 553. A provision is included providing the Secretary discretion to waive certain provisions of law related to requirements for Staffing for Adequate Fire and Emergency Response (SAFER) grants.

Section 554. A provision is included prohibiting availability of funds in this Act for the Association of Community Organizations for Reform Now (ACORN) and its affiliated organizations.

Section 555. A provision is included directing CBP and ICE to submit multi-year investment and management plans for multiple accounts.

Section 556. A provision is continued stating that the Secretary shall ensure enforcement of immigration laws.

Section 557. A provision is included that reforms Coast Guard acquisition processes and definitions, and directs the Coast Guard to develop fiscal guidance when submitting costs related to acquisitions.

Section 558. A provision is included regarding Federal network security.

Section 559. A provision is included regarding restrictions on electronic access to pornography, except for law enforcement purposes.

Section 560. A provision is included authorizing CBP to enter into not more than five reimbursable agreements for the provision of CBP services and other costs incurred by CBP relating to such services. Only payment of overtime can be reimbursed at existing air facilities. Current statutory limitations on CBP's authority to receive outside funding, except in narrowly defined instances, have prevented CBP from receiving reimbursement from private sector and international, State, and local partners. Funds collected pursuant to this section shall be deposited in a newly established account as offsetting collections and remain available until expended, without fiscal year limitation.

Section 561. A provision is included regarding the transfer of firearms by Federal law enforcement personnel.

Section 562. A provision is included that withholds 20 percent of funds available to the Office of the Secretary and Executive Management, the Office of the Under Secretary for Management, and the Office of the Chief Financial Officer until all statutorily required expenditure plans, investment plans, and acquisition plans due on or before May 1, 2013, are submitted to the Committees.

Section 563. A provision is included authorizing collection of a \$30 fee for a petition to compete for consideration of a visa under 8 U.S.C. 1153(c), effective October 1, 2013. Such petitions are submitted through an electronic entry form completed on-line and submitted via an Internet website established by the Secretary for the purpose of receiving such petitions. In order to address any issues regarding possible fraud within such program, the Department of State, in consultation with DHS, is directed to report to the Committees no later than 90 days after the date of enactment of this Act on the steps being taken to implement the recommendations of GAO report (GAO-07-1174)

Section 564. A provision is included related to community disaster loans.

Section 565. A provision is included regarding an OIG review and arbitration of disaster assistance.

Section 566. A provision is included prohibiting any funds from this or any other Act to be used for creation of the National Pre-

paredness Grant Program or any successor grant programs unless explicitly authorized by Congress.

Section 567. A provision is included prohibiting funds for the ICE public advocate position.

Section 568. A provision is included that prohibits funds made available by this Act to reimburse any Federal department or agency for its participation in a NSSE. Additional explanation on this section is included in this statement under the heading United States Secret Service, "Salaries and Expenses".

Section 569. A provision is included regarding funding restrictions and reporting requirements regarding conferences occurring outside of the United States.

## RESCISSIONS

Section 570. A provision is included rescinding \$254,307,311 in unobligated balances of prior year appropriations in multiple appropriations across the Department.

### RESCISSION

Section 571. A provision is included rescinding \$12,000,000 of the unobligated prior year balances available for FEMA "National Predisaster Mitigation Fund".

#### RESCISSIONS

Section 572. A provision is included rescinding unobligated balances made available to the Department when it was created in 2003.

## RESCISSIONS

Section 573. A provision is included rescinding lapsed balances made available pursuant to section 505 of this Act.

## FUNDING RECOMMENDATIONS

Detailed funding recommendations, specified by program, project, and activity level, are contained in the table listed below.

## COMPARATIVE STATEMENT OF NEW BUDGET AUTHORITY FISCAL YEAR 2013

	Fiscal year 2012 enacted	Fiscal year 2013 request	Fiscal year 2013 bill	Bill vs enacted	Bill vs request

#### DIVISION E—MILITARY CONSTRUCTION AND VETERANS AFFAIRS, AND RE-LATED AGENCIES APPROPRIATIONS ACT, 2013

Matters Addressed by Only One Committee.-The language and allocations set forth in House Report 112-491 and Senate Report 112-168 should be complied with unless specifically addressed to the contrary in this explanatory statement. Report language included by the House, which is not changed by the report of the Senate or this explanatory statement, and Senate report language, which is not changed by this explanatory statement, is approved by the Committees on Appropriations of both Houses of Congress. This explanatory statement, while repeating some report language for emphasis, does not intend to negate the language referred to above unless expressly provided herein. In cases where the House or the Senate has directed the submission of a report, such report is to be submitted to both Houses of Congress. House or Senate reporting requirements with deadlines prior to, or within 15 days after, enactment of this Act shall be submitted no later than 60 days after enactment of this Act. All other reporting deadlines not changed by this explanatory statement are to be met.

Department of Defense and Veterans Affairs Joint Collaboration on Medical Facility Construction.—Having the Department of Defense (DOD) and Department of Veterans Affairs (VA) medical facility construction accounts in the same bill allows the Committees to review coordinated efforts and efficiencies within the two systems. An overarching concern of the Committees has been to facilitate the seamless transition from active duty service member to veteran, including the transition from DOD to VA medical facilities. There have been multiple instances in which DOD and the VA have failed to coordinate medical facility construction efforts, in particular, where the VA is currently collocated with an existing DOD medical facility, but hospital replacement facilities are planned and budgeted in the military construction budget without coordination or consultation with the VA. Better coordination between the two Departments on construction activities, where appropriate, has the potential to save money by reducing duplicative construction costs, and provides a unique opportunity for creating more efficient use of medical equipment once the hospitals or outpatient clinics become operational. The TRICARE Management Activity and the Veterans Health Administration are therefore directed to report to the congressional defense committees no later than 180 days after enactment of this Act on the current construction coordination between the two agencies. The report should include a comparison by fiscal year of the TRICARE Management Activity and the Veterans Health Administration's future year construction plans for new facilities that currently are collocated as well as any potential new collocation sites.

Hiring of veterans.-The unemployment rates among the Nation's veterans, particularly for those who have recently left active duty, continue to be of concern. With impending force reductions, this problem is likely to worsen. The Department of Veterans Affairs (VA), as well as the Department of Defense and the domestic agencies funded in title III of this division, are urged to redouble their efforts to hire returning veterans and to exceed where possible statutory requirements for veterans hiring preferences. In recognizing the skills and specialty certifications veterans have received through their military training, these agencies will gain a superior workforce and at the

same time demonstrate the Government's appreciation for our veterans' service.

TITLE I

## DEPARTMENT OF DEFENSE ITEMS OF GENERAL INTEREST

Incrementally Funded Projects .- The Administration requested several large military construction projects that can be incrementally funded, but were instead submitted as large single-year requests, in accordance with a directive from the Office of Management and Budget to the Department of Defense to severely restrict the use of incremental funding for military construction. The Committees on Appropriations of both Houses of Congress have previously notified the Administration that they reserve the prerogative to provide incremental funding where appropriate, in accordance with authorizing legislation. In general, the Com-mittees support full funding for military construction projects. In some cases, however, incremental funding makes fiscal and programmatic sense. The bill therefore incrementally funds the following projects: Ambulatory Care Center Phase 3. Joint Base San Antonio, Texas; STRATCOM Replacement Facility, Increment 2, Offutt AFB, Nebraska; U.S. Military Academy Cadet Barracks, West Point, New York; and Aegis Ashore Missile Defense Complex, Deveselu, Romania.

## MILITARY CONSTRUCTION, ARMY

The bill appropriates \$1,684,323,000 for Military Construction, Army. Within this amount, the bill provides \$80,173,000 for study, planning, design, architect and engineer services, and host nation support.

Arlington Cemetery.—The budget request proposed to fund Arlington National Cemetery through three accounts: \$25,000,000 to be provided through Operation and Maintenance, Army, \$103,000,000 to be provided through Military Construction, Army, and \$45,800,000 to be provided through Cemeterial Expenses, Army for a total of \$173,800,000. Instead of including the \$103,000,000 in title I as requested, the funds are provided in title III of Division E under Cemeterial Expenses, Army.

### MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

The bill appropriates \$1,549,164,000 for Military Construction, Navy and Marine Corps. Within this amount, the bill provides \$102,619,000 for study, planning, design, architect and engineer services.

## MILITARY CONSTRUCTION, AIR FORCE

The bill appropriates \$322,543,000 for Military Construction, Air Force. Within this amount, the bill provides \$18,635,000 for study, planning, design, architect and engineer services.

#### MILITARY CONSTRUCTION, DEFENSE-WIDE

### (INCLUDING TRANSFER OF FUNDS)

The bill appropriates \$3,582,423,000 for Military Construction, Defense-Wide. Within this amount, the bill provides \$315,562,000 for study, planning, design, architect and engineer services.

Energy Conservation Investment Program (ECIP).—The bill provides \$150,000,000 for Additionally, the provides ECIP bill \$10,000,000 in dedicated funding for ECIP planning and design. The Committees strongly support the efforts of the Department of Defense to promote energy conservation, green building initiatives, energy security, and investment in renewable energy resources, and commend the leadership of the Department and the services for making energy efficiency a key component of construction on military installations. The Depart-

ment is urged to use the dedicated planning and design funds to invest in innovative renewable energy projects as well as projects that enhance energy security at military installations. The Department is also encouraged to request dedicated planning and design funding for ECIP in future budget submissions.

## MILITARY CONSTRUCTION, ARMY NATIONAL GUARD

The bill appropriates \$613,799,000 for Military Construction, Army National Guard. Within this amount, the bill provides \$26,622,000 for study, planning, design, architect and engineer services.

#### MILITARY CONSTRUCTION, AIR NATIONAL GUARD

The bill appropriates \$42,386,000 for Military Construction, Air National Guard. Within this amount, the bill provides \$4,000,000 for study, planning, design, architect and engineer services.

## MILITARY CONSTRUCTION, ARMY RESERVE

The bill appropriates \$305,846,000 for Military Construction, Army Reserve. Within this amount, the bill provides \$15,951,000 for study, planning, design, architect and engineer services.

#### MILITARY CONSTRUCTION, NAVY RESERVE

The bill appropriates \$49,532,000 for Military Construction, Navy Reserve. Within this amount, the bill provides \$2,118,000 for study, planning, design, architect and engineer services.

#### MILITARY CONSTRUCTION, AIR FORCE RESERVE

The bill appropriates \$10,979,000 for Military Construction, Air Force Reserve. Within this amount, the bill provides \$2,879,000 for study, planning, design, architect and engineer services.

NORTH ATLANTIC TREATY ORGANIZA-TION SECURITY INVESTMENT PRO-GRAM

The bill appropriates \$254,163,000 for the North Atlantic Treaty Organization Security Investment Program.

FAMILY HOUSING CONSTRUCTION, ARMY The bill appropriates \$4,641,000 for Family

Housing Construction, Army. FAMILY HOUSING OPERATION AND

AMILY HOUSING OPERATION AND MAINTENANCE, ARMY

The bill appropriates \$530,051,000 for Family Housing Operation and Maintenance, Army.

#### FAMILY HOUSING CONSTRUCTION, NAVY AND MARINE CORPS

The bill appropriates \$102,182,000 for Family Housing Construction, Navy and Marine Corps.

FAMILY HOUSING OPERATION AND MAINTENANCE, NAVY AND MARINE CORPS

The bill appropriates \$378,230,000 for Family Housing Operation and Maintenance, Navy and Marine Corps.

# FAMILY HOUSING CONSTRUCTION, AIR FORCE

The bill appropriates \$83,824,000 for Family Housing Construction, Air Force.

## FAMILY HOUSING OPERATION AND

MAINTENANCE, AIR FORCE The bill appropriates \$497,829,000 for Family Housing Operation and Maintenance, Air

Force. FAMILY HOUSING OPERATION AND MAINTENANCE, DEFENSE-WIDE

The bill appropriates \$52,238,000 for Family Housing Operation and Maintenance, Defense-Wide.

DEPARTMENT OF DEFENSE FAMILY HOUSING IMPROVEMENT FUND

The bill appropriates \$1,786,000 for the Department of Defense Family Housing Improvement Fund.

DEPARTMENT OF DEFENSE HOMEOWNERS ASSISTANCE FUND

The bill provides no appropriation for the Department of Defense Homeowners Assistance Fund in fiscal year 2013, the same as the budget request.

## CHEMICAL DEMILITARIZATION

CONSTRUCTION, DEFENSE-WIDE The bill appropriates \$151,000,000 for Chemical Demilitarization Construction, Defense-Wide.

DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 1990

The bill appropriates \$409,396,000 for the Department of Defense Base Closure Account 1990. This amount is \$60,000,000 above the budget request to accelerate the pace of environmental cleanup at closed or realigned military installations. Based on requirements identified by the services, of the additional funding provided, \$30,000,000 shall be made available for the Army, and \$30,000,000 for the Navy. These funds are to be allocated at the discretion of the services to meet the most pressing unfunded environmental cleanup requirements at closed or realigned bases.

#### DEPARTMENT OF DEFENSE BASE CLOSURE ACCOUNT 2005

The bill appropriates \$126,697,000 for the Department of Defense Base Closure Account 2005. Significant bid savings have been realized in the BRAC 2005 military construction program, primarily as a result of the favorable bid climate over the past several years, and these savings should be used to offset current BRAC 2005 requirements. The bill therefore rescinds \$132,513,000 from previous BRAC 2005 appropriations (Sec. 131 of Administrative Provisions) to offset the fiscal year 2013 request.

 $BRA\hat{C}$  133.—In an effort to mitigate traffic congestion surrounding the Mark Center site, the bill includes a limitation on the number of parking spaces the Department may utilize at the Mark Center to no more than 2,500, with the exception of disabled parking spaces. The limitation may be waived in part, but not in whole, if the Secretary of Defense certifies that none of the intersections surrounding the Mark Center reach failing levels of service "e" or "f," as defined by the Transportation Research Board Highway Capacity Manual, during a consecutive 90 day period.

ADMINISTRATIVE PROVISIONS

(Including Transfers and Rescissions of Funds)

The bill includes section 101 limiting the use of funds under a cost-plus-a-fixed-fee contract.

The bill includes section 102 allowing the use of construction funds in this title for hire of passenger motor vehicles.

The bill includes section 103 allowing the use of construction funds in this title for advances to the Federal Highway Administration for the construction of access roads.

The bill includes section 104 prohibiting construction of new bases in the United States without a specific appropriation.

The bill includes section 105 limiting the use of funds for the purchase of land or land easements that exceed 100 percent of the value.

The bill includes section 106 prohibiting the use of funds, except funds appropriated in this title for that purpose, for family housing.

The bill includes section 107 limiting the use of minor construction funds to transfer or relocate activities.

The bill includes section 108 prohibiting the procurement of steel unless American producers, fabricators, and manufacturers have been allowed to compete.

The bill includes section 109 prohibiting the use of construction or family housing funds to pay real property taxes in any foreign nation.

The bill includes section 110 prohibiting the use of funds to initiate a new installation overseas without prior notification.

The bill includes section 111 establishing a preference for American architectural and engineering services for overseas projects.

The bill includes section 112 establishing a preference for American contractors in certain locations.

The bill includes section 113 requiring congressional notification of military exercises when construction costs exceed \$100,000.

The bill includes section 114 allowing funds appropriated in prior years for new projects authorized during the current session of Congress.

The bill includes section 115 limiting obligations in the last two months of the fiscal year.

The bill includes section 116 allowing the use of expired or lapsed funds to pay the cost of supervision for any project being completed with lapsed funds. The bill includes section 117 allowing military construction funds to be available for five years.

The bill includes section 118 allowing the transfer of proceeds between BRAC accounts.

The bill includes section 119 allowing the transfer of funds from Family Housing Construction accounts to the Family Housing Improvement Fund.

The bill includes section 120 allowing transfers to the Homeowners Assistance Fund.

The bill includes section 121 limiting the source of operation and maintenance funds for flag and general officer quarters and allowing for notification by electronic medium.

The bill includes section 122 extending the availability of funds in the Ford Island Improvement Account.

The bill includes section 123 placing limitations on the expenditure of funds for projects impacted by BRAC 2005.

The bill includes section 124 allowing the transfer of expired funds to the Foreign Currency Fluctuations, Construction, Defense account.

The bill includes section 125 which limits parking at BRAC 133 to 2,500 spaces and includes other requirements and exemptions.

The bill includes section 126 prohibiting the use of funds for any action related to the expansion of Pinon Canyon Maneuver Site, Colorado.

The bill includes section 127 allowing for the reprogramming of construction funds among projects and activities subject to certain criteria.

The bill includes section 128 restricting the obligation of funds for relocating an Army unit that performs a testing mission.

The bill includes section 129 prohibiting the obligation or expenditure of funds provided to the Department of Defense for military construction for projects at Arlington National Cemetery.

The bill includes section 130 rescinding unobligated balances from the contingency construction account in Military Construction, Defense-Wide.

The bill includes section 131 rescinding unobligated balances from the Department of Defense Base Closure Account 2005.

The bill includes section 132 allowing the transfer of funds to the Secretary of the Navy from the Defense Family Housing Improvement Fund.

#### TITLE II

#### DEPARTMENT OF VETERANS AFFAIRS Budget justification requirements.—Both the House and Senate Committees on Appropriations believe that the Department of Veterans Affairs (VA) must strengthen its presentation of budget justification materials in several areas. There is agreement with the direction of the Senate regarding the budget detail for components of the Veterans Health Administration (VHA) such as the VHA central office. Veterans Integrated Service Network (VISN) staff offices and centralized field support offices. The VA is requested to provide more detailed information about the Board of Veterans Appeals staffing and claims workloads and is required to provide the data requested in the House report pertaining to full-time equivalents and funding within administrative line items. The VA is also required to provide a breakout of all reimbursable or cost sharing arrangements exceeding \$5,000,000 in value that are in place for crosscutting efforts across the Department.

## VETERANS BENEFITS ADMINISTRATION

## COMPENSATION AND PENSIONS

(INCLUDING TRANSFER OF FUNDS) The bill appropriates \$60,599,855,000 for Compensation and Pensions. The bill reflects new estimates provided in the Administration's mid-session review. Of the amount provided, not more than \$9,204,000 is to be transferred to General Operating Expenses, Veterans Benefits Administration and Information Technology Systems, for reimbursement of necessary expenses in implementing provisions of title 38.

#### READJUSTMENT BENEFITS

The bill appropriates \$12,023,458,000 for Readjustment Benefits. The bill reflects new estimates provided in the Administration's mid-session review. The bill provides full funding for the Veterans Retraining Assistance Program (VRAP), for which the Department of Veterans Affairs (VA) estimates it will obligate more than \$1,100,000,000 in fiscal year 2013.

### VETERANS INSURANCE AND INDEMNITIES

The bill appropriates \$104,600,000 for Veterans Insurance and Indemnities.

#### VETERANS HOUSING BENEFIT PROGRAM FUND

The bill appropriates such sums as may be necessary for costs associated with direct and guaranteed loans for the Veterans Housing Benefit Program Fund. The bill limits obligations for direct loans to not more than \$500,000 and provides that \$157,814,000 shall be available for administrative expenses.

#### VOCATIONAL REHABILITATION LOANS PROGRAM ACCOUNT

The bill appropriates \$19,000 for the cost of direct loans from the Vocational Rehabilitation Loans Program Account, plus \$346,000 to be paid to the appropriation for General Operating Expenses, Veterans Benefits Administration. The bill provides for a direct loan limitation of \$2,729,000.

#### NATIVE AMERICAN VETERAN HOUSING LOAN PROGRAM ACCOUNT

The bill appropriates \$1,089,000 for administrative expenses of the Native American Veteran Housing Loan Program Account.

## VETERANS HEALTH ADMINISTRATION

## AREAS OF INTEREST Advance appropriation budgeting.—It is in-

cumbent upon the Department to provide more detailed explanations within its budget justification so the Committees on Appropriations of the House of Representatives and the Senate ("Committees") will have an accurate and complete view of how its advance funding requests were determined. There is agreement with the data requirements for advance funding described in the Senate report.

Reprogramming for medical care initiatives. The bill includes an administrative provision requiring the Department to submit a reprogramming request whenever funding allocated in the fiscal year 2013 expenditure plan for a medical care initiative differs by more than \$25,000,000 from the allocation shown in the 2013 congressional budget justification. Due to the nature of advance appropriations, the Department submits its budget request almost seven full fiscal year quarters before the funding becomes available for obligation. Medical care funding is dynamic in nature, and this length of time between budget submission and obligation creates a situation in which funding priorities and needs may change. This has limited the Committees ability to provide proper budget oversight of initiatives which are budgeted outside of the actuarial model. Therefore, reprogramming requests submitted throughout the year should identify current year estimates whenever the Department intends to make significant funding shifts within these initiatives. The term "medical care initiative" in the bill language refers only to the initiatives. not legislative proposals, in the "Initiatives/ Legislative Proposals" section of the VA Medical Care Obligations by Program display on page 1A-5 of Volume 2 of the fiscal year 2013 budget justification. The bill language does not refer to special purpose funds allocated outside the Veterans Equitable Resource Allocation model. The Committees request that reprogrammings be identified only in the aggregate and not by specific project or location.

There is agreement with the Senate direction regarding life cycle costs as it relates to the acquisition of batteries. The Department is directed to submit the reporting requirement contained in the Senate report no later than 180 days after enactment of this Act.

#### MEDICAL SERVICES

The bill appropriates \$43,557,000,000 in advance for fiscal year 2014 for Medical Services. The bill also provides \$155,000,000 for fiscal year 2013 in addition to the advance appropriation provided last year. The bill includes language citing new authority for services for those affected by drinking water contamination at Camp Lejeune, NC. Additional fiscal year 2013 funding is provided for hiring mental health providers and offsetting a projected decline in revenues.

The bill provides \$1,351,851,000 in fiscal year 2014 to fully implement VA homeless assistance programs, including the providers grant and per diem, domiciliary care for homeless veterans, and the HUD-VA supported housing program. In addition, the bill provides \$4,816,132,000 for homeless veteran treatment costs in fiscal year 2014.

The bill provides the full fiscal year 2014 request of \$6,453,027,000 for mental health programs, including \$443,332,000 for post-traumatic stress disorder (PTSD), \$246,400,000 for traumatic brain injury, and \$75,605,000 for suicide prevention.

The Committees support the VA effort to hire an additional 1,600 mental health clinicians and 300 support staff as part of an ongoing review of mental health operations. The VA is directed to provide the Committees, no later than 60 days after enactment of this Act, a detailed staffing plan and timeline to add these additional personnel.

The bill provides \$250,000,000 for the Office of Rural Health. The VA is making substantial efforts to improve access and quality of care for rural areas, but there is concern that significant gaps remain. To address the ongoing challenges in recruiting and retaining highly qualified healthcare professionals in rural areas, the VA is urged to consider innovative ways to rotate practitioners through rural areas, including the approaches suggested in the Senate report. Secondly, the VA is urged to move expeditiously in its implementation of the grant program that will allow veterans service organizations to provide better transportation options for rural veterans seeking care at VA facilities. Finally, the VA is urged to thoroughly test the approach for providing non-VA care in rural facilities that is being demonstrated in the Access Received Closer to Home program (Project ARCH) and consider expanding Project ARCH's reach.

There is agreement with the direction of the House regarding an annual report detailing the distribution of medical services funding among the VISNs, central headquarters, and medical centers.

The time period for the Office of Management and Budget's (OMB) review of the regulation establishing VA participation in State prescription drug monitoring boards has expired. OMB is urged to facilitate publication of the regulation so that the program may be implemented before the end of the calendar year.

The VA is urged to work in conjunction with the Department of Justice's veterans treatment courts program to provide collaborative, rehabilitative approaches for continuing judicial supervision over offenders who are veterans.

#### MEDICAL SUPPORT AND COMPLIANCE

The bill appropriates \$6,033,000,000 in advance for fiscal year 2014 for Medical Support and Compliance.

#### MEDICAL FACILITIES

The bill appropriates \$4,872,000,000 in advance for fiscal year 2014 for Medical Facilities.

In March of 2012, the Committees were notified that contracting errors were made in the Solicitation for Offers to build the Community Based Outpatient Clinics (CBOCs) in Southwest Louisiana. These errors have resulted in delays in the opening of the Lake Charles CBOC and the expansion of the Lafayette CBOC. The Department is directed to continue to provide the Committees regular updates on the progress being made to correct the errors and to complete these CBOCs in an expeditious manner.

#### MEDICAL AND PROSTHETIC RESEARCH

The bill appropriates \$582,674,000 for Medical and Prosthetic Research.

#### NATIONAL CEMETERY ADMINISTRATION

The bill appropriates \$258,284,000 for the National Cemetery Administration (NCA). Of the amount provided, \$25,828,000 is available until September 30, 2014.

There is concern that the NCA is not adequately serving the Nation's veterans in rural areas. While the strategy to serve rural veterans outlined in the fiscal year 2013 budget request is a partial step, it fails to offer a long-term strategy for addressing this underserved veteran population. There is concern that the NCA places undue emphasis on major urban areas whereas the NCA's effort toward rural areas appears to be a lower priority. As a result, the bill includes language requiring the Secretary to provide a report to the Committees within 180 days of enactment of this Act outlining a strategy to address the shortcomings identified in House Report 112-491, with proposed policies and an implementation timeframe. In addition, the bill requires the Government Accountability Office to conduct a review of this strategy and submit it to the Committees not later than 180 days after the Committees receive the strategy.

The bill includes language directing the Secretary to issue guidelines on committal services at VA national cemeteries to ensure that veterans' families may hold committal services with any religious or secular content they desire and invite the participation of an honor guard and veterans service organizations, subject to VA security, safety, and law enforcement regulations. The bill also restricts VA from editing or controlling the content of speeches at events at national cemeteries, subject to VA authorities provided in section 2413 of title 38, United States Code.

#### DEPARTMENTAL ADMINISTRATION GENERAL ADMINISTRATION

(INCLUDING TRANSFER OF FUNDS)

(INCLUDING TRANSFER OF FUNDS)

The bill appropriates \$424,737,000 for General Administration. Of the amount provided, \$20,837,000 is available for obligation until September 30, 2014. The bill includes language permitting the transfer of funds from this account to "General Operating Expenses, Veterans Benefits Administration."

The bill includes language designating that not less than \$86,006,000 is provided for the Board of Veterans Appeals. The Department is directed to provide to the Committees within 30 days of enactment of this Act a fiscal year 2013 staffing plan and detailed strategic plan to address wait time and backlogs at the Board of Veterans Appeals.

The bill includes language indicating that such sums as may be necessary are provided so that the Department may comply with the energy management requirements under the National Energy Conservation Policy Act.

The bill includes the following funding levels:

(IN THOUSANDS OF DOLLARS)

Office	Amount
Office of the Secretary	10,085
Board of Veterans Appeals	86,006
Office of General Counsel	83,099
Office of Management	45,598
Office of Human Resources	70,379
Office of Policy and Planning	26,015
Office of Operations, Security and Preparedness	18,510
Office of Public and Intergovernmental Affairs	23,037
Office of Congressional Affairs and Legislative Affairs	6,302
Office of Acquisition, Logistics and Construction	55,706
Total	424,737

There is agreement with the House language for the Major Construction account regarding a report on the contract audit program for construction projects and the periodic reporting done by building contractors. The report should be provided by the VA central office. There is also agreement with the Senate language for the General Administration account requesting a report outlining processes that are in place to ensure proper oversight of construction, including which components of central oversight are performed outside of the various VA administrations and whether spot audits are performed in the field.

There is agreement with House language regarding the VA budget office being the primary communication source within the VA to the Committees and their Members.

GENERAL OPERATING EXPENSES, VETERANS BENEFITS ADMINISTRATION

The bill appropriates \$2,164,074,000 for General Operating Expenses, Veterans Benefits Administration. The bill makes available not to exceed \$113,000,000 of this funding until the end of fiscal year 2014.

The lengthy wait time and persistent backlog of claims at the Veterans Benefits Administration (VBA) continue to impose an unacceptable burden on disabled veterans. The Department has set 2015 as the date by which it plans to achieve a significant reduction in the backlog of claims and to increase the accuracy rate at all regional offices to 98 percent. There is agreement with direction

and reporting requirements in the Senate report, and the Department is directed to submit one report 90 days after enactment of this Act containing: (1) the metrics developed for evaluating the success in reducing the backlog of claims and the average adjudication time by utilizing external vendors in specific areas of collecting claims materials; (2) the wait times, accuracy rates, and backlog of disability claims decisions at all 57 regional offices; (3) how the quality-review teams and the quality initiatives at each regional office have affected the performance, wait times, and rates at each location; and (4) the specific metrics the VBA uses in determining personnel performance.

The Department is directed to provide quarterly reports on the implementation of the Veterans Benefits Management System (VBMS) and how the implementation has increased the efficiency and timeliness of VBA claims processing, with the quarterly reports including the number and location of the regional offices that have adopted the paperless claims processing system and the rollout of the individual improved business processes.

Recent findings by the Department of Veterans Affairs Office of Inspector General that the Oakland, Los Angeles and San Diego. California VA Regional Offices have high error rates and claims processing times compared to other regional offices across the Nation is unacceptable. For example, the Inspector General found that 80 percent of claims reviewed in the Los Angeles office were unnecessarily delayed and that in one case a claim in Oakland had been pending for 8 years. The Department is directed to submit a report to the Committees no later than 90 days after enactment of this Act detailing how the Inspector General's recommendations are being implemented at these Regional Offices. The report shall also include an explanation about why the Los Angeles office is currently operating in what is referred to as "safe mode," which means that staff is not held accountable to VA standards.

### INFORMATION TECHNOLOGY SYSTEMS (INCLUDING TRANSFER OF FUNDS)

The bill appropriates \$3,327,444,000 for Information Technology (IT) Systems. The bill identifies separately the funding available for pay (\$1,021,000,000); operations and maintenance (\$1,812,045,000); and systems development, modernization, and enhancement (\$494,399,000). The bill makes \$30,630,000 of pay funding available until the end of fiscal year 2014; \$126,000,000 of operations and maintenance funding available until the end of fiscal year 2014; and all IT systems development, modernization and enhancement funding available until the end of fiscal year 2014.

The bill includes language prohibiting the obligation of IT development, modernization, and enhancement funding until the VA submits a certification of the amounts to be obligated, in part or in full, for each development project.

The bill includes language permitting funding made available for the three IT subaccounts to be transferred among them after the VA requests and receives approval from the Committees.

The bill includes language providing that funding may be transferred between development projects or to new projects subject to the Committees' approval.

The bill includes language restricting the amount of funding that may be obligated to develop the integrated Department of Defense/Department of Veterans Affairs (DOD-VA) integrated electronic health record (iEHR) to 25 percent of the funding provided until the DOD-VA Interagency Program Office (IPO) provides the Committees an expenditure plan including elements such as a long-term roadmap for the life of the project, with annual and total spending for each Department and quarterly milestones. The expenditure plan should also be submitted to the Government Accountability Office (GAO) for review. The Department of Defense Appropriations Act has comparable bill language.

There is concern that after four years of working to establish a joint framework to collaborate and develop an integrated electronic health record, the two Departments still seem to be operating as separate entities. The Committees support the creation of the IPO and recognize this office as the single point of accountability for the development and implementation of the integrated electronic health record for both Departments. Unfortunately, since the creation of the IPO and the naming of a director, there has been little evidence of the benefit from establishing this office, since both Departments still appear to operate as separate entities. Despite repeated inquiries, neither of the Departments nor the IPO has been able to provide Congress with a firm total cost of the integrated system. There is concern that the IPO is unable to maintain focus on its defined goals, provide effective governance, manage and maintain accountability on behalf of both Departments, and provide Congress with detailed expenditure plans as well as information regarding progress and future plans for this project.

As a result, the IPO is directed to deliver to the congressional defense committees, the Senate and House Subcommittees on Appropriations for Military Construction, Veterans Affairs, and Related Agencies, and to the GAO a quarterly report that includes a detailed, plain English narrative explanation of the cost and schedule of the iEHR development, to include milestones, knowledge points, and acquisition timelines as it impacts both Departments, as well as quarterly obligation reports. The IPO is also directed to continue briefing the Committees on a quarterly basis. The GAO is directed to review these quarterly reports and provide an annual report to the congressional defense committees and the Senate and House Subcommittees on Appropriations for Military Construction, Veterans Affairs, and Related Agencies on the cost and schedule of the iEHR.

As part of the VA's modernization effort, the Department plans to replace its current automated appointment scheduling system with a modern application. The Committees support this effort; however, there is concern that the VA has not developed a clear strategy aimed at replacing this system. Therefore the Department is directed to submit a report to the Committees detailing the timeline, cost estimate, and implementation strategy for replacing the scheduling system.

Bill language is included making funds available for IT development, modernization, and enhancement for the projects and in the amounts specified in the following table:

#### Information Technology Development Projects

Project	Amount
Access to Healthcare IT Development	40.313
Surgical Quality and Workflow Management Development	27,503
Healthcare Efficiency IT Development	4.659
Homelessness IT Development	3.075
Integrated Electronic Health Record (iEHR)	104,000
Mental Health IT Development	8.818
New Models of Care IT Development	35,724
Veterans Benefits Management System (VBMS)	38,525
Virtual Lifetime Electronic Record (VLER)	49,939
Veterans Relationship Management (VRM)	96.218
Health Management Platform Development	7,500
International Classification of Diseases-10 Development	11,500
VHA Research IT Support Development	18,521
Human Capital Development	9,100
	.,

Information Technology Development Projects—Continued

Project	Amount
Integrated Operating Model VA Learning Management Systems Development Other IT Development	14,100 5,540 19,364
Total All Development	494,399

This table is intended to serve as the Department's approved list of development projects; any requested changes are subject to reprogramming guidelines.

The bill directs the Department to submit an expenditure plan to the Committees within 30 days of enactment of this Act. This plan should be in the same format as the table above.

#### OFFICE OF INSPECTOR GENERAL

The bill appropriates \$115,000,000 for the Office of Inspector General. Of the amount provided, \$6,000,000 is available for obligation until September 30, 2014. The increase above the budget request is intended to be used for review of VA spending on conferences, the NCA rural cemetery strategy, and VHA audit and field review activities.

CONSTRUCTION, MAJOR PROJECTS

The bill appropriates \$532,470,000 for Construction, Major Projects. The bill makes this funding available for five years, except that \$30,000,000 is made available until expended.

The Department is commended for beginning the process of transitioning major construction to a five-year funding cycle. During this implementation period, extended availability is provided for a small amount of the funding while the VA reaches the requirement that project design be 35 percent complete prior to requesting construction funding. The extended availability will protect VA investment if unanticipated circumstances mandate expenditures beyond the five-year project window.

The bill funds the following items as requested in the budget submission: Project

1 10,000	Amount
Veterans Health Admin (VHA):	
St. Louis, MO medical	
facility improve-	
ments	\$130,300,000

Major construction

total ...... 532,470,000 The VA is directed to submit a master plan

The VA is directed to submit a master plan at the time of the budget submission describing each major construction project included in the budget. The plan should include the projected timeline for completion of each component of each of the projects and the annual and total cost of each project. The format of the DOD Form 1391 is a good model for the VA to use to describe clearly and completely the expected obligations for each project.

#### CONSTRUCTION, MINOR PROJECTS

The bill appropriates \$607,530,000 for Construction, Minor Projects. The bill makes this funding available for five years. The bill provides \$506,332,000 for the Veterans Health Administration; \$58,100,000 for the National Cemetery Administration; \$13,405,000 for the General Administration—Staff Offices; and \$29,693,000 for the Veterans Benefits Administration.

The Department is directed to provide to the Committees an expenditure plan for this account within 30 days of enactment of this Act.

#### GRANTS FOR CONSTRUCTION OF STATE EXTENDED CARE FACILITIES

The bill appropriates \$85,000,000 for Grants for Construction of State Extended Care Facilities.

#### GRANTS FOR CONSTRUCTION OF VETERANS CEMETERIES

The bill appropriates \$46,000,000 for Grants for Construction of Veterans Cemeteries.

### ADMINISTRATIVE PROVISIONS (Including Transfers and Rescissions of

#### Funds)

The bill includes section 201 allowing for transfers among the three mandatory accounts.

The bill includes section 202 allowing for the transfer of funds among the three medical accounts.

The bill includes section 203 allowing salaries and expenses funds to be used for related authorized purposes.

The bill includes section 204 restricting the use of funds for the acquisition of land.

The bill includes section 205 limiting the use of funds in the Medical Services account only for entitled beneficiaries unless reimbursement is made to the Department.

The bill includes section 206 allowing for the use of certain mandatory appropriations accounts for payment of prior year accrued obligations for those accounts.

The bill includes section 207 allowing the use of appropriations available in this title to pay prior year obligations.

The bill includes section 208 allowing the Department to use surplus earnings from the National Service Life Insurance Fund, the Veterans' Special Life Insurance Fund, and the United States Government Life Insurance Fund to administer these programs.

The bill includes section 209 allowing the Department to cover the administrative expenses of enhanced-use leases and provides authority to obligate these reimbursements in the year in which the proceeds are received.

The bill includes section 210 limiting the amount of reimbursement the Office of Resolution Management and the Office of Employment Discrimination Complaint Adjudication can charge other offices of the Department for services provided.

The bill includes section 211 limiting the use of funds for any lease with an estimated annual rental cost of more than \$1,000,000 unless approved by the Committees.

The bill includes section 212 requiring the Department to collect third-party payer information for persons treated for a non-service connected disability.

The bill includes section 213 allowing for the use of enhanced-use leasing revenues for Construction, Major Projects and Construction, Minor Projects.

The bill includes section 214 outlining authorized uses for medical services funds.

The bill includes section 215 allowing for funds deposited into the Medical Care Collections Fund to be transferred to the Medical Services account.

The bill includes section 216 which allows Alaskan veterans to use medical facilities of the Indian Health Service or tribal organizations.

The bill includes section 217 providing for the transfer of funds from the Department of Veterans Affairs Capital Asset Fund to the Construction, Major Projects and Construction, Minor Projects accounts and makes those funds available until expended.

The bill includes section 218 prohibiting the use of funds for any policy prohibiting the use of outreach or marketing to enroll new veterans.

The bill includes section 219 requiring the Secretary to submit quarterly reports on the financial status of the Veterans Health Administration.

The bill includes section 220 requiring the Department to notify and receive approval from the Committees of any proposed transfer of funding to or from the Information Technology Systems account.

The bill includes section 221 prohibiting any funds to be used to contract out any function performed by more than ten employees without a fair competition process.

The bill includes section 222 limiting the obligation of non-recurring maintenance funds during the last two months of the fiscal year.

The bill includes section 223 providing up to \$247,356,000 for transfer to the joint DOD-VA Medical Facility Demonstration Fund.

The bill includes section 224 which authorizes transfers from the Medical Care Collections Fund to the joint DOD–VA Demonstration Fund.

The bill includes section 225 which transfers at least \$15,000,000 from VA medical accounts to the DOD-VA health care sharing incentive fund.

The bill includes section 226 which rescinds fiscal year 2013 medical account funding and re-appropriates it to be available for two years. The provision rescinds and re-appropriates \$1,500,000,000 for Medical Services, \$200,000,000 for Medical Support and Compliance, and \$250,000,000 for Medical Facilities.

The bill includes section 227 requiring that the Department notify the Committees of bid savings in major construction projects of at least \$5,000,000 or 5 percent within 14 days of a contract identifying the programmed amount.

The bill includes section 228 which prohibits the VA from increasing the scope of work for a major construction project above the scope specified in the original budget request.

The bill includes section 229 requiring the Secretary to report to the Committees each quarter about any single national outreach and awareness marketing campaign exceeding \$2,000,000.

The bill includes section 230 requiring the VA to submit a reprogramming request whenever funding allocated in the expenditure plan for a Medical Care initiative differs by more than \$25,000,000 from the allocation shown in the 2013 congressional budget justification.

The bill includes section 231 prohibiting the use of funds in the Act for any contract using procedures that do not give to small business concerns owned and controlled by veterans any preference with respect to such contract, except for a preference given to small business concerns owned and controlled by service-disabled veterans. Lejeune, NC.

tivities.

The bill includes section 232 clarifying that provided by this bill not later than 60 days Medical Services funds appropriated in advance for fiscal year 2013 may be used for DEPARTMENT OF DEFENSE\_CIVIL

### DEPARTMENT OF DEFENSE—CIVIL CEMETERIAL EXPENSES, ARMY SALARIES AND EXPENSES

The budget request proposed to fund Arlington National Cemetery through three accounts: \$25,000,000 to be provided through Operation and Maintenance, Army, \$103,000,000 to be provided through Military Construction, Army, and \$45,800,000 to be provided through Cemeterial Expenses, Army for a total of \$173,800,000. The bill provides \$65,800,000 for Salaries and Expenses, which includes \$20,000,000 to address the maintenance and infrastructure repairs proposed for funding through Operation and Maintenance, Army. Language is included to make \$27,000,000 available until September 30, 2015 instead of providing all funds as available until expended. The bill also establishes a new construction account.

### CONSTRUCTION

The bill provides \$103,000,000 for construction, and language has been included to make these funds available until September 30, 2017. The budget request proposed to fund these projects through Military Construction, Army.

#### ARMED FORCES RETIREMENT HOME TRUST FUND

The bill includes \$67,590,000 for the Armed Forces Retirement Home, to be derived from the Trust Fund.

The bill includes section 301 permitting funds to be provided to Arlington County, Virginia for the relocation of a water main located on the Arlington National Cemetery property.

ADMINISTRATIVE PROVISION

### TITLE IV

### OVERSEAS CONTINGENCY OPERATIONS

### DEPARTMENT OF DEFENSE

The bill includes title IV, Overseas Contingency Operations. Title IV provides funding for certain military construction projects in the Central Command and Africa Command Areas of Responsibility that were requested in title I, Military Construction, in the budget submission. The projects transferred to title IV are necessary to support the global war on terrorism and should be designated as overseas contingency operations functions.

#### MILITARY CONSTRUCTION, NAVY AND MARINE CORPS

The bill appropriates \$150,768,000 for Military Construction, Navy and Marine Corps.

#### ADMINISTRATIVE PROVISION

#### (Including Rescission of Funds)

The bill includes section 401 rescinding unobligated balances from section 2005 in title X, of Public Law 112–10 and division H in title IV, of Public Law 112–74 in the specific amount of 150,768,000.

FOREIGN CURRENCY FLUCTUATIONS ACCOUNT

The bill includes such sums as necessary, estimated at \$15,200,000, for the Foreign Currency Fluctuations Account.

Note: Funding for these projects was requested and is displayed in title I, Military Construction. The recommendation provides the level of funding for these projects in title IV.

### TITLE V GENERAL PROVISIONS

The bill includes section 501 prohibiting the obligation of funds in this Act beyond the current fiscal year unless expressly so provided.

The bill includes section 502 prohibiting the use of the funds in this Act for programs, projects or activities not in compliance with Federal law relating to risk assessment, the protection of private property rights, or unfunded mandates.

The bill includes section 503 prohibiting the use of funds in this Act to support or defeat legislation pending before Congress.

The bill includes section 504 encouraging all Departments to expand their use of "E-Commerce".

The bill includes section 505 specifying the Congressional Committees that are to receive all reports and notifications.

The bill includes section 506 prohibiting the transfer of funds to any instrumentality of the United States Government without authority from an appropriations Act.

The bill includes section 507 prohibiting the use of funds for a project or program named for a serving Member, Delegate, or Resident Commissioner of the United States House of Representatives.

The bill includes section 508 requiring all reports submitted to the Congress to be posted on official websites of the submitting agency.

The bill includes section 509 prohibiting the use of funds to establish or maintain a computer network unless such network blocks the viewing, downloading, and exchanging of pornography, except for law enforcement investigation, prosecution, or adjudication activities.

The bill includes section 510 prohibiting funds in this Act for the Association of Community Organizations for Reform Now or its subsidiaries or successors.

The bill includes section 511 prohibiting the use of funds in this Act for the renovation, expansion, or construction of any facility in the continental United States for the purpose of housing any individual who has been detained at the United States Naval Station, Guantanamo Bay, Cuba.

The bill includes section 512 prohibiting the use of funds for the payment of first-

class travel by an employee of the executive branch.

The bill includes section 513 prohibiting the use of funds in this Act for any contract where the contractor has not complied with E-Verify requirements.

The bill includes section 514 prohibiting the use of funds in this Act for any contract, memorandum of understanding, or cooperative agreement with any corporation convicted of a felony criminal violation within the preceding 24 months, where the awarding agency is aware of the conviction.

The bill includes section 515 prohibiting the use of funds in this Act for any contract, memorandum of understanding, or cooperative agreement with any corporation with an unpaid tax liability.

The bill includes section 516 requiring pay raises to be absorbed within the levels appropriated in the Act.

The bill includes section 517 prohibiting the use of funds to pay for attendance of more than 50 employees at any single conference outside the United States.

#### DIVISION F—FURTHER CONTINUING APPROPRIATIONS ACT, 2013 TITLE I—GENEBAL PROVISIONS

Sec. 1101. Provides continuing appropriations for the remainder of fiscal year under the authority and conditions provided in applicable appropriations Acts for fiscal year 2012, for projects, programs, and activities in the following bills: Energy and Water Development and Related Agencies Appropriations Act; Financial Services and General Government Appropriations Act; Department of the Interior, Environment, and Related Agencies Appropriations Act; Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act; Legislative Branch Appropriations Act; Department of State, Foreign Operations, and Related Programs Appropriations Act; and Transportation and Housing and Urban Development, and Related Agencies Appropriations Act.

Sec. 1102. Specifies that funds in section 1101 shall be available to the extent and in the manner that would be provided in the pertinent appropriations Act.

Sec. 1103. Provides that funds in this division will have comparable terms of availability, for multi-year and no year funds, as would be provided in the pertinent appropriations Act.

Sec. 1104. Provides for no new starts in this division.

Sec. 1105. Continues all authorities requirements and limitations through September 30, 2013.

Sec. 1106. Set the expiration of the division as September 30, 2013.

Sec. 1107. Provides that expenditures pursuant to the previous continuing resolution for activities funded in this division be charged to the relevant account funded in this division. Sec. 1108. Provides waiver authority rou-

Sec. 1108. Provides waiver authority routinely carried in appropriations Acts for the expenditure of funds in the absence of certain authorizations.

Sec. 1109. Provides funding for entitlements and other mandatory spending, and makes advance appropriations for those entitlements that received advances in last year's bill.

Sec. 1110. Provides for the designation as Overseas Contingency Operations (OCO) for those funds made available by reference that previously had an OCO designation.

Sec. 1111. Provides for advance appropriations at current levels.

Sec. 1112. Continues the prohibition of automatic statutory pay increases for the remainder of calendar year 2013.

Sec. 1113. Requires submission within 30 days of a spending or operating plan from the agencies funded in this division.

Sec. 1114. Requires submission of a monthly obligation reports by the agencies funded in this division.

DIVISION G—OTHER MATTERS

Sec. 3001. Provides for across-the-board reductions to the five bills contained in divisions A through E, to assure compliance with the statutory caps under Congressional Budget Office scoring. Sec. 3002. Provides language affirming that

Sec. 3002. Provides language affirming that nothing in the bill changes current law with respect to sequestration.

Sec. 3003. Provides government-wide restriction on conferences.

Sec. 3004. Provides for across-the-board reductions to the fiscal year 2013 discretionary appropriations to assure compliance with the statutory caps under Office of Management and Budget scoring.

## TRIBUTE TO DOUG WHITLOCK

Mr. McCONNELL. Madam President, I rise today to pay tribute to a good

friend of mine and a friend to the Commonwealth of Kentucky who has served his State and his community for decades. I was saddened to hear that Doug Whitlock, the president of Eastern Kentucky University since 2007, will retire from that position this summer. In his 6 years at the helm, he has led Eastern Kentucky University to new growth and success, including the establishment of the EKU Center for the Arts, the New Science Building, the Noel Studio for Academic Creativity, the Center for Renewable and Alternative Fuel Technologies, and much more.

Doug is EKU's 11th president. Like his predecessors, his mission has been to uphold the rich tradition of EKU while guiding the school to even greater excellence. Of course, this came naturally to Doug, as EKU is his own alma mater. Doug earned two degrees from EKU as a first-generation graduate his bachelor's degree in history and social science in 1965, followed by a master's degree in history in 1966. Doug also earned a doctoral degree in higher education from the University of Kentucky in 1981.

Doug's been with EKU since 1968, when he became the school's director of publications. From 1971 to 1976, he served as director of public information; then as executive assistant to the president from 1976 to 1998, and vice president for administrative affairs from 1998 to 2003. From 2003 to 2006, he returned to the classroom, teaching computer science.

Perhaps Doug's greatest strength is that he understands the power of collaboration. He knows how to lead others to see great goals accomplished. Aside from the progress he has brought to EKU, he has served with the Madison County Schools Board of Education, the Richmond Chamber of Commerce Board of Directors, Commerce Lexington's Central Kentucky Public Policy Council, the Bluegrass Tomorrow Board of Directors, the International Town and Gown Association. the Southern Growth Policies Board, and the American Association of State Colleges and Universities.

Under Doug's tenure, EKU produced its first Truman, Goldwater, and Fulbright Scholars and added several new Ph.D. programs. The 16,000-student school also gained several national distinctions, including recognition by both Forbes and U.S. News & World Report as ranking among America's best colleges; recognition by the Carnegie Foundation for the Advancement of Teaching as a community-engaged university; and recognition by the Chronicle of Higher Education as one of America's "Great Colleges to Work For."

Thanks to Doug's leadership, EKU also was honored as a veterans-friendly campus by G.I. Jobs magazine and earned the No. 1 ranking in the Nation for 2 of the last 3 years from Military Times EDGE magazine for being the university that is "Best for Vets."

As much as Doug will be missed by EKU's students, staff, and faculty, I am sure his family will appreciate seeing more of him in his retirement—including his wife, Joanne, and his granddaughters. I also understand Doug intends to spend a little more time on his hobbies, photography and electronics.

Whatever endeavors are next for EKU President Doug Whitlock, I know my colleagues in the U.S. Senate join me in wishing him all the best and congratulating him for his decades of service to Eastern Kentucky University and to the Commonwealth. He has advanced the cause of higher education in his tenure, and he will be missed by the many who have had the pleasure of working with him, including this Senator.

# RECOGNIZING SOUTH LAUREL MIDDLE SCHOOL DANCE TEAM

Mr. McCONNELL. Madam President, I would like to recognize the South Laurel Middle School Dance Team, a group of young ladies from Laurel County in eastern Kentucky who have recently achieved national success. South Laurel Middle's dance team won a Universal Dance Association national title, marking the first time any dance team from South Laurel has won such an accolade.

Head coach Bettina Rogers recounts that "they danced with all their hearts" and gratefully recognized the support of the school and the friends, family, and community that surrounds these exceptional young ladies. The girls embody the Kentucky spirit of hard work and dedication, practicing up to 4 hours a day, 5 days a week, in preparation for their competition. The team, which formed in March, won a plethora of other titles this year, and it is clear that their hours of practice have paid off.

At this time, I would like to applaud and recognize the South Laurel Middle School Dance Team for their national title win and all their recent accomplishments, and I ask unanimous consent that an article extolling the team's achievements from a Laurel County-area newspaper, the Sentinel Echo, be printed in the RECORD.

There being no objection, the article was ordered to be printed in the RECORD, as follows:

[From the Sentinel Echo, February 6, 2013] CHAMPS! SLMS DANCE TEAM WINS

## NATIONAL TITLE

## (By Magen McCrarey)

LAUREL COUNTY, KY.—South Laurel Middle's Dance Team broke a Laurel County record last week and won a Universal Dance Association (UDA) national title. The girls rode into school on Tuesday morning on a City of London fire truck as the entire school cheered them on as the Junior High Kick National Champions.

"This is the first time in Laurel County that any dance team has won UDA nationals," said Bettina Rogers, head coach for the team.

Rogers has been coaching the team for eight years and said she couldn't be more
