Amend the title so as to read:

A bill to amend the National Trails System Act to designate the Metacomet-Monadnock-Mattabesett Trail extending through western Massachusetts and central Connecticut for study for potential addition to the National Trails System.

The purpose of H.R. 1814, as ordered reported, is to amend the National Trails Systems Act to designate the Metacomet-Monadnock-Mattabesett Trail extending through western Massachusetts and central Connecticut for study for potential addition to the National Trails System.

#### BACKGROUND AND NEED FOR LEGISLATION

Established in the 1920s and 1930s, the Metacomet Trail (51 miles in Connecticut), Mattabesett Trail (54 miles in Connecticut), Metacomet-Monadnock Trail (117 miles in Massachusetts), and the Monadnock-Sunapee Greenway Trail (50 miles in New Hampshire) connect to provide the New England area of the United States with approximately 260 miles of trails. These trails connect the public with important cultural, historical, and recreational sites and scenery unique to the Northeast, such as unusual geologic formations, traprock ledges and overlooks. Currently, these trails are used by backpackers, local hikers, cross country skiing, and joggers. These trails also transverse a number of early native American settlements and the Connecticut River Valley. The Monadnock-Sunapee Greenway begins approximately 30 miles from Appalachian Trail and the Mattabesett Trail is approximately ten miles from Long Island Sound. The National Park Service study authorized in H.R. 1814 will examine the three existing trails, as well as opportunities to extend the trail through these remaining gaps.

Congressman John W. Olver (D-MA) and the other Members from New England are seeking the National Trail status for these trails to increase protection from encroaching development. In addition, the National Trail designation offers the possibility of federal funds as well as technical assistance from the National Park Service.

#### COMMITTEE ACTION

H.R. 1814 was introduced on May 10, 2001, by Congressman John W. Olver (D-MA). The bill was referred to the Committee on Resources, and within the Committee to the Subcommittee on National Parks, Recreation, and Public Lands. On July 24, 2001, the Subcommittee held a hearing on the bill. On July 31, 2001, the Subcommittee met to mark up the bill. No amendments were offered and the bill was ordered favorably reported to the Full Committee by voice vote. On September 12, 2001, the Full Resources Committee met to consider the bill. Congressman Joel Hefley (R-CO) offered an amendment at the request of Congressman Charlie Bass (R-NH) to strike all references to the Sunapee portion (i.e., the New Hampshire portion) of the trail to be studied by the National Park Service. The amendment was adopted by voice vote. The bill, as amended, was then ordered favorably reported to the House of Representatives by voice vote.

## COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Resources' oversight findings and recommendations are reflected in the body of this report.

## CONSTITUTIONAL AUTHORITY STATEMENT

Article I, section 8 of the Constitution of the United States grants Congress the authority to enact this bill.

## COMPLIANCE WITH HOUSE RULE XIII

1. Cost of Legislation. Clause 3(b)(2) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison by the Committee of the costs which would be incurred in carrying out this bill. However, clause 3(d)(3)(B) of that rule provides that this requirement does not apply when the Committee has included in its report a timely submitted cost estimate of the bill prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974.

2. Congressional Budget Act. As required by clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974, this bill does not contain any new budget authority, spending authority, credit authority, or an increase or decrease in revenues or tax expenditures.

3. General Performance Goals and Objectives. This bill does not authorize funding and therefore, clause 3(c)(4) of rule XIII of the Rules of the House of Representatives does not apply.

4. Congressional Budget Office Cost Estimate. Under clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 403 of the Congressional Budget Act of 1974, the Committee has received the following cost estimate for this bill from the Director of the Congressional Budget Office.

U.S. CONGRESS,  
CONGRESSIONAL BUDGET OFFICE,  
*Washington, DC, September 21, 2001.*

Hon. JAMES V. HANSEN,  
*Chairman, Committee on Resources,  
House of Representatives, Washington, DC.*

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact for this estimate is Deborah Reis.

*H.R. 1814—Metacomet-Monadnock-Mattabesett Trail Study Act of 2001*

H.R. 1814 would amend the National Trails System Act to add a network of trails in the northeastern United States to the list of routes to be studied for possible inclusion in the National Trails System. The Secretary of the Interior would have two years to conduct a study of the 180-mile Metacomet-Monadnock-Mattabesett trail system in Massachusetts and Connecticut.

Based on information provided by the National Park Service and assuming appropriation of the necessary amount, CBO estimates that it would cost the federal government \$270,000 over the next two years to conduct the required study and report to Congress on its findings. H.R. 1814 would not affect direct spending or receipts; therefore, pay-as-you-go procedures would not apply. The bill contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. The estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.

COMPLIANCE WITH PUBLIC LAW 104-4

This bill contains no unfunded mandates.

PREEMPTION OF STATE, LOCAL OR TRIBAL LAW

The bill is not intended to preempt any State, local or tribal law.
