PURPOSE OF THE BILL

The purpose of H.R. 3819 is to redesignate Fort Clatsop National Memorial as the Lewis and Clark National Historical Park, to include in the park sites in the State of Washington as well as the State of Oregon, and for other purposes.

BACKGROUND AND NEED FOR LEGISLATION

Public Law 85–435 (72 Stat. 153; 16 U.S.C. 450mm et seq.) established the Fort Clatsop National Memorial for “preserving for the benefit of the people of the United States the historic, cultural, scenic, and natural resources associated with the arrival of the Lewis and Clark Expedition in the lower Columbia River area, and for the purpose of commemorating the culmination, and the winter

encampment, of the Lewis and Clark Expedition in the winter of 1805–1806 following its successful crossing of the North American Continent.”

Title I of the bill designates the Lewis and Clark National Historic Park. Included within the Park is the Fort Clatsop National Memorial plus additional specified lands. The bill also authorizes the Secretary to acquire land, interests in land, and improvements, by purchase with donated or appropriated funds, exchange, transfer from any federal agency, or by such other means as the Secretary deems to be in the public interest. The purpose of these acquisitions is to preserve the historic, cultural, scenic and natural resources associated with the arrival of the Lewis and Clark Expedition in the lower Columbia River area and to commemorate the culmination and the winter encampment of the Lewis and Clark Expedition following its successful crossing of the North American continent.

Land identified for acquisition, and contained within the boundaries of the map on file with the National Park Service totals 560 acres. This total is comprised of 390 acres through easements with willing sellers, 45 acres donated by the State of Washington, and 10 acres that would be transferred from the federal government. The remaining 160 acres would be acquired in fee or easement from willing sellers.

The bill also allows the Secretary to enter into cooperative agreements with appropriate officials in the States of Washington and Oregon to facilitate the preservation of a comprehensive picture of the Lewis and Clark Exhibition’s experiences in the lower Columbia River area and promote more efficient administration of the sites associated with those experiences.

Title II of the bill creates the Lewis and Clark Eastern Legacy Study. The study requires that the Secretary of the Interior update, with an accompanying map, the 1958 Lewis and Clark National Historic Landmark theme study to determine the historical significance of the eastern sites of the Corps of Discovery expedition used by Lewis and Clark, whether independently or together, in the preparation phase starting at Monticello, Virginia, and traveling to Wood River, Illinois, and the return phase from Saint Louis, Missouri, to Washington, District of Columbia, including sites in Virginia, Washington, District of Columbia, Maryland, Delaware, Pennsylvania, West Virginia, Ohio, Kentucky, Tennessee, Indiana, and Illinois. The focus of the study shall be on developing historic context information to assist in the evaluation and identification, including the use of plaques, of sites eligible for listing in the National Register of Historic Places or designation as a National Historic Landmark.

COMMITTEE ACTION

H.R. 3819 was introduced by Congressman Brian Baird (D-WA) on February 24, 2004. The bill was referred to the Committee on Resources and within the Committee to the Subcommittee on National Parks, Recreation and Public Lands. On April 22, 2004, the Subcommittee on National Parks, Recreation and Public Lands met to mark up the bill. No amendments were offered and the bill was then forwarded to the Full Resources Committee by unanimous consent. On May 5, 2004, the Full Committee on Resources met to

consider the bill. Chairman Richard Pombo (R-CA) offered an amendment in the nature of a substitute to clarify the transfer of existing federal land to the National Park Service, and to authorize additional eastern sites of the Lewis and Clark Expedition for study. The amendment was agreed to by unanimous consent. The bill as amended, was then ordered favorably reported to the House of Representatives by unanimous consent.

COMMITTEE OVERSIGHT FINDINGS AND RECOMMENDATIONS

Regarding clause 2(b)(1) of rule X and clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Resources' oversight findings and recommendations are reflected in the body of this report.

CONSTITUTIONAL AUTHORITY STATEMENT

Article I, section 8, of the Constitution of the United States grants Congress the authority to enact this bill.

COMPLIANCE WITH HOUSE RULE XIII

1. Cost of Legislation. Clause 3(d)(2) of rule XIII of the Rules of the House of Representatives requires an estimate and a comparison by the Committee of the costs which would be incurred in carrying out this bill. However, clause 3(d)(3)(B) of that rule provides that this requirement does not apply when the Committee has included in its report a timely submitted cost estimate of the bill prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974.

2. Congressional Budget Act. As required by clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974, this bill does not contain any new budget authority, spending authority, credit authority, or an increase or decrease in revenues or tax expenditures.

3. General Performance Goals and Objectives. As required by clause 3(c)(4) of rule XIII, the general performance goal or objective of this bill is to redesignate Fort Clatsop National Memorial as the Lewis and Clark National Historical Park, to include in the park sites in the State of Washington as well as the State of Oregon, and for other purposes.

4. Congressional Budget Office Cost Estimate. Under clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and section 403 of the Congressional Budget Act of 1974, the Committee has received the following cost estimate for this bill from the Director of the Congressional Budget Office:

U.S. CONGRESS,
CONGRESSIONAL BUDGET OFFICE,
Washington, DC, June 17, 2004.

Hon. RICHARD W. POMBO,
*Chairman, Committee on Resources,
House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 3819, the Lewis and Clark National Historical Park Designation Act.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Deborah Reis.

Sincerely,

ELIZABETH M. ROBINSON
(For Douglas Holtz-Eakin, Director).

Enclosure.

H.R. 3819—Lewis and Clark National Historical Park Designation Act

H.R. 3819 would redesignate the Fort Clatsop National Memorial in Oregon as the Lewis and Clark National Historical Park and expand its boundaries to include three sites in the state of Washington. The bill would authorize the National Park Service (NPS) to acquire real property within the boundaries of the historical park by purchase, donation, exchange, or transfer. Under the bill, the NPS (after receiving funding) would have three years to update the existing general management plan for Fort Clatsop and one year to complete a study of eastern sites associated with the Lewis and Clark expedition. Finally, the bill would authorize the appropriation of whatever amounts are necessary for these purposes.

Based on information provided by the NPS and assuming appropriation of the necessary amounts, CBO estimates that implementing H.R. 3819 would cost the federal government \$7.5 million over the next four years. Of this amount, we estimate that the NPS would use \$2 million in 2006 to purchase land (or other property interests such as easements) in Washington. The NPS would need an estimated \$4 million over the following two years to develop new interpretive and visitor facilities on that property and on lands to be donated by the state or transferred by other federal agencies. We expect that spending of the remaining \$1.5 million would be spread over the 2005–2008 period to revise or develop planning documents, carry out the required study of eastern sites, and manage newly acquired areas. Finally, CBO estimates that managing the new sites would increase annual park operating and maintenance costs by \$400,000 a year beginning in 2009, also assuming the availability of appropriated funds. Enacting this legislation would have no effect on federal revenues or direct spending.

H.R. 3819 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no significant costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Deborah Reis. This estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.

COMPLIANCE WITH PUBLIC LAW 104–4

This bill contains no unfunded mandates.

PREEMPTION OF STATE, LOCAL OR TRIBAL LAW

This bill is not intended to preempt any State, local or tribal law.

CHANGES IN EXISTING LAW MADE BY THE BILL, AS REPORTED

In compliance with clause 3(e) of rule XIII of the Rules of the House of Representatives, changes in existing law made by the bill, as reported, are shown as follows (existing law proposed to be omit-

ted is enclosed in black brackets and existing law in which no change is proposed is shown in roman):
