
AUTHORIZING EXPENDITURES BY COMMITTEES OF THE
SENATE

JUNE 17, 2003.—Ordered to be printed

Mr. LOTT, from the Committee on Rules and Administration,
submitted the following

SPECIAL REPORT

[With respect to S. Res. 66]

The Committee on Rules and Administration, had referred to it the following Senate Resolutions: 27, 35, 36, 37, 38, 39, 47, 50, 51, 53, 55, 56, 57, 60, 61, 63, 64, and 65. Mr. Lott (for himself and Mr. Dodd) submitted a resolution (S. Res. 66) authorizing expenditures by committees of the Senate for the periods March 1, 2003, through September 30, 2003, October 1, 2003, through September 30, 2004, and October 1, 2004, through February 28, 2005, and, incorporating the provisions of the foregoing resolutions and recommends that the resolution be agreed to.

CHAIRMAN'S STATEMENT

Since 1989, this Committee has adopted a biennial funding authorization for committees of the Senate. This policy has received strong support from the committee chairmen and ranking members.

Beginning in the 106th Congress, the biennial funding period was divided into 3 segments: the 7-month period from March 1 through September 30 of the first calendar year of the Congress; the 12-month period from October 1 of the first calendar year through September 30 of the second calendar year; and, the 5-month period from October 1 of the second calendar year through the last day of February of the third calendar year.

As a result of the federal elections in November, 2002, the Senate in the 108th Congress is comprised of 51 Republican Members, 48 Democratic Members and 1 Independent. On January 15, 2003, the Senate Joint Leadership signed a letter in which they committed to the following for the 108th Congress:

The budgets of the Committees of the Senate, including Joint and Special Committees, and all other subgroups, shall be apportioned to reflect the ratio of the Senate as of this date, with up to an additional ten percent (10%) to be allocated to Chairmen for administrative expenses, to be determined by the Rules Committee, with the total administrative expenses allocation for all committees not to exceed historic levels. The additional administrative expenses described above shall be available to be expended by a committee chairman, after consultation with the ranking member of the committee. Funds for committee expenses shall be available to chairmen consistent with Senate rules and practices of the 107th Congress. No committee budget shall be allocated to reduce the Democratic staff salary baseline from that of fiscal year 2002 (including COLA), as adjusted by approved COLAs for fiscal year 2003 and fiscal year 2004. The Chairman and Ranking member of any committee may, by mutual agreement, modify the apportionment of committee funding referenced in this letter. The division of committee office space shall be commensurate with this funding agreement.

As a result of the Joint Leadership Letter referenced above, the total funding target for those segments of FY-2003, FY-2004 and FY-2005 encompassed by the 108th Congress, is 100% of the FY-2002 total budget authority funded in the 107th Congress by S. Res. 54, agreed to March 8, 2001, (excluding the 10% administrative expense allowance provided by S. Res. 8, agreed to January 5, 2001), as adjusted by the January 2002 COLA, the January 2003 COLA, the January 2004 budgeted COLA and the January 2005 budgeted COLA.

It is the intent of the Committee on Rules and Administration that the amounts included in the various committee budgets for COLAs beginning January 2004 and January 2005 shall be used for COLAs only as authorized by the order of the President pro tempore of the Senate pursuant to section 4 of the Federal Pay Comparability Act of 1970 (2 U.S.C. 60a-1).

Each committee will also receive 10% in additional administrative funds. All committee funds shall be allocated in accordance with both S. Res. 18, S. Res. 20 (108th Congress) as well as the Joint Leadership letter of January 15, 2003.

The Committee on Rules and Administration intends to perform a review of assigned office space to all Senate committees in conjunction with committee budget submissions received from committees for the 108th Congress. The goal is to complete this space review by the end of the 108th Congress in order to utilize the findings in authorizing committee funding, F.T.E. positions, equipment and space for the 109th Congress.

Since 1989, the Committee on Rules and Administration has authorized the use of unexpended funds. In 1991, this committee informed all Senate committees in Senate Report 102-15, and during the debate of that resolution, that committees could retain 50 percent of their unexpended funds as of February 28, 1993, to cover non-recurring needs that enhance efficiency in the committee. When S. Res. 71, the omnibus committee funding resolution for the 103d Congress, was considered by the Senate, it was amended to

contain language that no committee of the Senate was permitted to carry forward unexpended balances beyond March 1, 1995. While S. Res. 54 (105th Congress) did not permit committees to carry forward funds it did continue to provide a special reserve into which the unexpended balances of the committees were transferred, after obligations incurred during the funding period ended were paid.

In order to preserve the flexibility of the Committee on Rules and Administration to meet the unforeseen needs of Senate committees, this resolution continues the practice of making special reserve funding available for unique, unanticipated, non-recurring needs of the Committee when necessary. This Committee intends that requests for such funds will continue to be considered when submitted by the Chairman and Ranking Member of a committee. Such requests shall be granted only upon the approval of the Chairman and Ranking Member of the Committee on Rules and Administration.

BACKGROUND

This “omnibus” funding resolution in the amount of \$48,264,374 for the 7-month period of FY-2003 (March 1, 2003 through September 30, 2003); \$84,961,067 for the 12-month period of FY-2004 (October 1, 2003 through September 30, 2004); and \$36,221,156 for the 5-month period of FY-2005 (October 1, 2004 through February 28, 2005) was reported in lieu of Senate Resolutions 27, 35, 36, 37, 38, 39, 47, 50, 51, 53, 55, 56, 57, 60, 61, 63, 64, and 65, which were reported by the Senate committees in conformance with paragraph 9 of Rule XXVI and referred to the Committee on Rules and Administration.

The total funding target for those segments of FY-2003, FY-2004 and FY-2005 encompassed by the 108th Congress, is 100% of the FY-2002 total budget authority funded in the 107th Congress by S. Res. 54, agreed to March 8, 2001, (excluding the 10% administrative expense allowance provided by S. Res. 8, agreed to January 5, 2001), as adjusted by the January 2002 COLA, the January 2003 COLA, the January 2004 budgeted COLA and the January 2005 budgeted COLA.

Committees had the option to request up to an additional 10 percent increment based on their total budget authority, consistent with the Senate Joint Leadership letter of January 15, 2003.

Committees have also been put on notice that any overtime costs mandated by the Congressional Accountability Act must be absorbed within salary baselines.

To facilitate the consideration of committee funding requests, the Committee on Rules and Administration, as in the 107th Congress, did not require those committees whose budget requests were within guidelines, and whose questionnaires were jointly signed by the chairman and ranking member, to testify before the Committee on Rules and Administration. Except for the Foreign Relations Committee, all other committees funded by this resolution submitted budgets and questionnaires conforming to the requisite guidelines.

On February 13, 2003, the Foreign Relations Committee appeared before the Committee on Rules and Administration to present their budget request which was \$384,296 or 8% above guidelines (on an annualized basis). Chairman Lott and Ranking Member Dodd both stated their support for the increase and incorporated it into this omnibus committee funding resolution.

In a separate agreement, the Senate Joint Leadership agreed to increase the Select Committee on Intelligence salary baseline by one additional position for the Majority at an additional cost of \$169,759 or 5%. That action has also been incorporated into this omnibus committee funding resolution.

The Committee on Small Business and Entrepreneurship received approval from the Committee on Rules and Administration

for Special Reserves in the amount of \$151,667 in FY-2003, \$266,938 in FY-2004, and \$113,786 in FY-2005, in order to fund salary and administrative costs mandated by reference in the Joint Leadership letter of January 15, 2003. These additional funding requirements originally stemmed from a memorandum of understanding entered into on February 27, 2001, stipulating that the Democratic staff salary baseline was 56% of such salary funds during the 107th Congress.

COST-OF-LIVING ADJUSTMENTS

It is the intent of the Committee on Rules and Administration that amounts included in the various committee budgets for COLAs for FY-2004 and FY-2005 shall be used for COLAs only as authorized by the order of the President pro tempore of the Senate.

If the President pro tempore does not authorize COLAs for FY-2004 and FY-2005, funds authorized for that purpose by this resolution may not be expended. If, however, COLA authorizations exceed the 3.7% budgeted in this resolution, it may be necessary for committees to absorb the difference.

CERTIFICATION OF COMMITTEE EXPENSES

Previously, committee biennial funding resolutions stipulated that vouchers were not required for the disbursement of salaries of committee employees who were paid at an annual rate of pay. In addition, vouchers were not required for certain types of official expenses which could be certified as owed to Senate support offices providing such goods and services to Senate committees. The practice was to identify, in the funding resolution, which Senate support office was authorized to certify such expenses as due for payment. Examples of certifiable expenses include, but are not limited to, telecommunications, stationery supplies, official mail, metered charges on copying equipment, and expenses for Senate Recording and Photographic Services.

However, section 1 of the FY 1994 Legislative Branch Appropriations Bill provided permanent language in statute addressing this issue (2 U.S.C. 68-8). Therefore, the specific authorization for certifications is no longer required in committee biennial funding resolutions and the language in section 1 of S. Res. 54 (107th Congress) has been modified by deleting section 1(b)(2) with the heading, **VOUCHERS NOT REQUIRED**.

STATIONERY ROOM EXPENSES

Pursuant to the FY 1994 Legislative Branch Appropriations Bill, stationery room expenses are certified for payment by the appropriate Senate support office.

OFFICIAL MAIL COSTS

Pursuant to the FY 1994 Legislative Branch Appropriations Bill, official mail expenses, other than franked mail, are certified for payment by the appropriate Senate support office.

Section 10 of Pub. L. 101-520, 101st Congress, 2nd Session, authorizes committees funded by this omnibus resolution to send official mail, other than franked mail, through the Senate post office

and to have the cost of such mail certified to their official office expense accounts in a manner similar to the purchase of supplies from the Senate stationery store. Public Law 105-55, the 1998 Legislative Branch Appropriations Act, changed the manner in which official mail costs are paid. Beginning in October, 1998 and continuing for those segments of FY-2003, FY-2004, and FY-2005 that comprise the 108th Congress, committees are provided additional funds for official mail and the costs incurred are charged directly to each committee.

The 60-day pre-election moratorium on mass mailings does not apply to a committee when such mass mailings are mailed under the frank of the chairman and relate to the normal and regular business of the committee.

METERED CHARGES FOR COPYING EQUIPMENT

Pursuant to the FY 1994 Legislative Branch Appropriations Bill, metered charges for copying equipment are certified for payment by the appropriate Senate support office.

SENATE RECORDING AND PHOTOGRAPHIC SERVICES

Pursuant to the FY 1994 Legislative Branch Appropriations Bill, official expenses incurred by a committee at the Senate Recording and Photographic Studios are certified for payment by the appropriate Senate support office. "Official expenses" has the meaning given to it by Interpretative Ruling No. 442, issued April 15, 1992, by the Select Committee on Ethics.

PRINTING AND BINDING

Committee expenditures for printing and binding continue to be a substantial cost to the Senate. Such costs include both the costs of printing documents, and the costs of preparing manuscripts by GPO's detailed personnel. Although printing and binding funds are not included in individual committee budgets, judicious use of these funds is a serious concern to the Committee on Rules and Administration.

Printing and binding costs decreased from the end of the 105th Congress to the end of the 106th Congress by more than \$400,000, a 5 percent decrease.

However, charges incurred by committees with GPO detailed printers have increased by \$172,800 from the 105th Congress to the 106th Congress, an 8 percent increase. Part of that increase is a result of COLA adjustments, but the cost of overtime charges is of continuing concern to this committee. We especially urge those committees who incur overtime charges on a continuing basis to evaluate their printing operations, with an eye toward minimizing a printer's overtime except on a temporary basis when the extraordinary cost can be justified by the need for timely delivery of the committee's legislative papers.

It is the intent of this Committee that all Senate committees adhere strictly to the provisions of Title 44 governing the printing and binding of documents.

A committee may not procure more than 300 copies of a hearing or other document germane thereto except as authorized by 44 U.S.C. 703. Section 703 provides that extra copies not exceeding

\$700 in cost may be obtained upon an order of the Joint Committee on Printing; extra copies at a cost of \$700 to \$1,200 must be authorized by simple resolution of the Senate; and cost exceeding \$1,200 requires approval of both houses of Congress upon concurrent or joint resolution. Such resolutions requesting printing are referred to the Committee on Rules and Administration.

“Extra copies” means additional numbers ordered at the time of original printing. Reprinting a document at a later time must be treated as a new publication.

DETAILED EMPLOYEES

Sections 2 through 19 of the omnibus resolution includes specific authorizing language on the use of detailed employees on either a reimbursable, or non-reimbursable, basis. This language, which has been included in previous biennial funding resolutions, continues the practice of permitting the detail or assignment of personnel from departments or agencies of the government to the staff of a committee without reimbursement of that person's salary. The Committee on Rules and Administration intends that government employees, whose pay is disbursed by an agency of the Federal government and who is detailed or assigned to a committee must comply with Rule 27, paragraph 4, of the Standing Rules of the Senate.

In addition, S. Res. 77 (79th Congress, 1st Session) continues to apply to the use by a committee of assigned or detailed personnel on a reimbursement basis. Prior consent of the Government department or agency concerned as well as the Committee on Rules and Administration must be obtained in order to utilize such personnel whether on a reimbursable or non-reimbursable basis pursuant to Standing Rule XXVII, paragraph 4.

The Committee on Rules and Administration intends to monitor committee expenditures in conjunction with requests for approval for the use of detailed government employees (detailees). The purpose of monitoring detailee activity is to determine overall committee spending in the appropriation account "Expenses of Inquiries and Investigations" within the Legislative Branch Appropriations Bill.

SPECIAL RESERVE

This resolution establishes a special reserve fund within the funds of the “Expenses of Inquiries and Investigations” account appropriated by the Legislative Branch Appropriation Act for fiscal years 2003, 2004, and 2005. This special reserve fund is available to any committee funded by this resolution on the basis of special, unforeseen, non-recurring needs of that committee during the funding periods. Any committee desiring to draw on special reserve funds must make such a request in writing with the signature of the chairman and ranking member. All special reserve fund requests are ultimately subject to the approval of the Chairman and Ranking Member of the Committee on Rules and Administration. The amount available in this special reserve is based on the per-

centage of funds approved for special reserves in previous Congresses from total funds authorized for committees.

FINANCIAL MANAGEMENT INFORMATION SYSTEM

The Committee on Rules and Administration authorized a new comprehensive and integrated accounting system to be implemented Senate-wide. This system was designed to assist committees in budget forecasting, allocating dollars by expense category and office sub-categories, posting expenses incurred, requesting reports by expense category or office, and reconciling accounts with the Disbursing Office. It is the Committee's intent that each committee funded by this resolution shall use the Financial Management Information System to account for funds authorized by this resolution.

LEGISLATIVE REVIEW BY SENATE COMMITTEES

Rule XXVI, section 8b of the Standing Rules of the Senate requires that, in each odd-numbered year, each committee shall submit to the Senate, not later than March 31, a report on the activities of that committee during the Congress ending at noon on January 3 of such year.

HOUSING FOR COMMITTEE STAFF

It remains the policy and is expected by the Committee on Rules and Administration, that staff paid from committee funds be housed in committee space. Space allocations will be strictly tied to authorized committee staff and detailees approved by the Committee on Rules and Administration.

COMMITTEE COMPUTER RESOURCES

The Committee Office Automation (OA) plans accompanying each committee's budget submission were adjusted to meet SAA funding levels, to provide required resources for new staff under Senate Resolution 8 and to assist the Committee on Rules and Administration in managing the operating costs of Senate committees.

Allocations were made considering the business requirements of each Committee as outlined in their Office Automation plans, as well as the capacity and age of the current computer inventory of each committee (including recent purchases by committees in FY 2001). The goal of the Committee on Rules and Administration is to assist each committee in maintaining current office automation infrastructure with special attention to future changes in the Senate information technology environment. These changes include migration to a new e-mail system, transition to a new computer operating system for workstations and servers, the trend toward a paperless work environment and greater reliance on workflow applications.

Computer resources are allocated to authorized full time staff and detailees identified in each Committee's budget submission and as approved by the Committee on Rules and Administration.

Computer resources, in particular computer workstations, which are required for staff or detailees who were not identified in the committee budget submissions, must be specifically approved by

the Committee on Rules and Administration. Non-standard computer resource requests in excess of \$500.00, not identified in the Committee Office Automation plans, also require specific approval by the Rules Committee and must be at committee expense including costs for maintenance, service and support.

Committees listed below may begin working directly with the Sergeant at Arms to implement their approved OA plans. Significant deviations from the OA plans must be approved by the Committee on Rules and Administration.

CONSULTANTS

This resolution specifies the available funding to hire consultants, as otherwise authorized by statute.

COMMITTEE LEGISLATIVE ASSISTANCE

The Rules Committee has received inquiries regarding staff representatives on committees as authorized by P.L. 95-94. With respect to providing funds for Legislative Assistance, the position of the Committee on Rules and Administration is that such funds are already incorporated into Members' personal office accounts for the purpose of providing assistance with such committee duties.
