

PROVIDING FOR CONSIDERATION OF H.R. 1065, UNITED STATES BOXING COMMISSION ACT

NOVEMBER 15, 2005.—Referred to the House Calendar and ordered to be printed

Mr. LINCOLN DIAZ-BALART of Florida, from the Committee on Rules, submitted the following

R E P O R T

[To accompany H. Res. 553]

The Committee on Rules, having had under consideration House Resolution 553, by a nonrecord vote, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for consideration of H.R. 1065, the United States Boxing Commission Act, under a structured rule. The rule provides one hour of general debate, with 40 minutes equally divided and controlled by the chairman and ranking minority member of the Committee on Energy and Commerce, and 20 minutes equally divided and controlled by the chairman and ranking minority member of the Committee on the Judiciary. The rule waives all points of order against consideration of the bill.

The rule provides that in lieu of the amendments reported by the Committees on Energy and Commerce and the Judiciary now printed in the bill, the amendment in the nature of a substitute printed in part A of this report shall be considered as an original bill for the purpose of amendment and shall be considered as read. The rule waives all points of order against the amendment in the nature of a substitute printed in part A of this report.

The rule makes in order only those amendments printed in part B of this report, which may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the

House or in the Committee of the Whole. The rule waives all points of order against the amendments printed in part B of this report.

Finally, the rule provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

The waivers of all points of order are necessary because the bill as reported by the Committee on Energy and Commerce and the Committee on the Judiciary contains appropriations on an authorizing bill in violation of clause 4, rule XXI (which provides a point of order on a bill or joint resolution carrying an appropriation when that measure is reported by a committee not having jurisdiction to report appropriations).

PART A—SUMMARY OF AMENDMENT TO BE CONSIDERED AS AN ORIGINAL BILL FOR THE PURPOSE OF AMENDMENT

Establishes a Federal Commission with oversight responsibilities for professional boxing in the United States. The bill intends to improve the integrity and safety of professional boxing in the United States by establishing the United States Boxing Commission (Commission) within the Department of Commerce. The Commission, consisting of three members appointed by the President (and providing for an executive director, general counsel, and such additional staff as necessary), will provide oversight of professional boxing within the United States and coordinate enforcement of Federal boxing laws with Federal law enforcement agencies.

Because the states and tribal authorities have regulated professional boxing, laws and regulations governing professional boxing have varied in both nature and enforcement. The Commission will eliminate this inconsistency by establishing uniform minimum standards, which states must follow. The Commission is also empowered to issue additional regulations to improve the integrity and safety of the sport. Among the duties of the Commission is the establishment of a Federal license for certain boxing personnel as a requirement to participate in any professional boxing match in the United States. Entities subject to the license requirement are boxers, managers, promoters, matchmakers, referees, judges, and sanctioning organizations.

The Commission shall also conduct studies on aspects of professional boxing, including a report on health and safety issues. The Commission is to issue a report on its findings and submit it to the Committees on Commerce, Science, and Transportation of the Senate and the Committees on Energy and Commerce and Education and the Workforce of the House of Representatives, including recommendations to improve the health and safety aspects of boxing.
