

PROVIDING FOR FURTHER CONSIDERATION OF THE BILL (H.R. 4310) TO AUTHORIZE APPROPRIATIONS FOR FISCAL YEAR 2013 FOR MILITARY ACTIVITIES OF THE DEPARTMENT OF DEFENSE, TO PRESCRIBE MILITARY PERSONNEL STRENGTHS FOR FISCAL YEAR 2013, AND FOR OTHER PURPOSES

MAY 17 (legislative day, MAY 16), 2012.—Referred to the House Calendar and ordered to be printed

Mr. BISHOP of Utah, from the Committee on Rules,
submitted the following

R E P O R T

[To accompany H. Res. 661]

The Committee on Rules, having had under consideration House Resolution 661, by a record vote of 8 to 1, report the same to the House with the recommendation that the resolution be adopted.

SUMMARY OF PROVISIONS OF THE RESOLUTION

The resolution provides for further consideration of H.R. 4310, the National Defense Authorization Act for Fiscal Year 2013, under a structured rule. The resolution provides that no further general debate shall be in order. The resolution makes in order as original text for purpose of amendment an amendment in the nature of a substitute consisting of Rules Committee Print 112-22 and provides that it shall be considered as read. The resolution waives all points of order against the amendment in the nature of a substitute.

The resolution makes in order only those amendments printed in this report and amendments en bloc described in section 3 of the resolution. The amendments printed in this report may be offered only in the order printed in this report, may be offered only by a Member designated in this report, shall be considered as read, shall be debatable for the time specified in this report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The resolution waives all points of order against the amendments printed in this report or against amendments en bloc described in section 3 of the resolution.

Section 3 of the resolution provides that it shall be in order at any time for the chair of the Committee on Armed Services or his designee to offer amendments en bloc consisting of amendments printed in this report not earlier disposed of. Amendments en bloc shall be considered as read, shall be debatable for 20 minutes equally divided and controlled by the chair and ranking minority member of the Committee on Armed Services or their designees, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. The original proponent of an amendment included in such amendments en bloc may insert a statement in the Congressional Record immediately before the disposition of the amendments en bloc. Finally, the resolution provides one motion to recommit with or without instructions.

EXPLANATION OF WAIVERS

The waiver of all points of order against the amendment in the nature of a substitute made in order as original text consisting of the text of Rules Committee Print 112-22 includes a waiver of the following points of order:

- Clause 4 of rule XXI, prohibiting appropriations in a legislative bill, because section 2831(c)(1) contains language which constitutes a reappropriation of existing funds (this violation will be cured if amendment #1, the Manager's amendment, is adopted);
- Section 306 of the Congressional Budget Act, prohibiting consideration of legislation within the jurisdiction of the Committee on the Budget unless referred to or reported by the Budget Committee, because sections 904 and 1002 of Rules Committee Print 112-22 constitute language which falls within the jurisdiction of the Committee on the Budget and the bill was not referred to or reported by the Committee on the Budget; and
- Clause 7 of rule XVI, requiring that no motion or proposition on a subject different from that under consideration shall be admitted under color of amendment, because numerous provisions contained in Rules Committee Print 112-22 fall outside of the jurisdiction of the Committee on Armed Services.

It is important to note that while the waivers are applicable to Rules Committee Print 112-22, the Rules Committee Print is identical to the bill as ordered reported by the Committee on Armed Services.

The waiver of all points of order against the amendments printed in this report includes a waiver of section 306 of the Congressional Budget Act, which prohibits consideration of legislation within the jurisdiction of the Committee on the Budget unless referred to or reported by the Budget Committee, against amendment #38.

21. AN AMENDMENT TO BE OFFERED BY REPRESENTATIVE PINGREE OF MAINE OR HER DESIGNEE, DEBATABLE FOR 10 MINUTES

At the end of subtitle H of title V, add the following new section:

SEC. 584. SENSE OF CONGRESS ON MILITARY SEXUAL TRAUMA.

(a) **FINDINGS.**—Congress finds the following:

(1) The Department of Defense conducted a survey of members of the Armed Forces serving on active duty that revealed that only 13.5 percent of such members reported incidents of sexual assault, which means that more than 19,000 incidents of sexual assault of members of the Armed Forces actually occurred in 2010 alone.

(2) Despite attempts, the Department of Defense has failed to address the chronic under reporting of incidents of sexual assault and harassment, as by the Department's own estimates, 86 percent of sexual assaults went unreported in 2010.

(3) Sexual assault in the military is an ongoing problem leading many victims to seek help after separation from the Armed Forces from the Department of Veterans Affairs.

(4) About 1 in 5 women and 1 in 100 men seen in Veterans Health Administration respond "Yes" when screened for military sexual trauma.

(5) Among users of healthcare provided by the Department of Veterans Affairs, medical record data indicates that diagnoses of post-traumatic stress disorder and other anxiety disorders, depression and other mood disorders, and substance use disorders are most frequently associated with military sexual trauma.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the Secretary of Veterans Affairs should expand efforts to raise awareness about military sexual trauma and the treatment and services that the Department provides to victims; and

(2) in light of the fact that the available data shows an overwhelming number of military sexual trauma claims go unreported within the Department of Defense, making it very difficult for veterans to show proof of the assault when filing claims with the Department of Veterans Affairs for post-traumatic stress disorder and other mental health conditions caused by military sexual trauma, the Secretary of Veterans Affairs should review the disability process to ensure that victims of military sexual trauma who file claims for service connection do not face unnecessary or overly burdensome requirements in order to claim disability benefits with the Department.

(C) Map and photograph a full two-thirds of the Antarctic Continent during the classified, hazardous duty/volunteer-only operation involving 4700 sailors, 23 aircraft and 13 ships including the first submarine the U.S.S. Sennet, and the aircraft carrier the U.S.S. Philippine Sea, brought to the edge of the ice pack to launch (6) Navy ski-equipped, rocket-assisted R4Ds.

(D) Consolidate and extend United States sovereignty over the largest practicable area of the Antarctic continent.

(E) Determine the feasibility of establishing, maintaining and utilizing bases in the Antarctic and investigating possible base sites.

(3) While on a hazardous duty/all volunteer mission vital to the interests of National Security and while over the eastern Antarctica coastline known as the Phantom Coast, the PBM-5 Martin Mariner "Flying Boat" "George 1" entered a whiteout over Thurston Island. As the pilot attempted to climb, the aircraft grazed the glacier's ridgeline and exploded within 5 seconds instantly killing Ensign Maxwell Lopez, Navigator and Wendell "Bud" Hendersin, Aviation Machinists Mate 1st Class while Frederick Williams, Aviation Radioman 1st Class died several hours later. Six other crewmen survived including the Captain of the "George 1's" seaplane tender U.S.S. Pine Island.

(4) The bodies of the dead were protected from the desecration of Antarctic scavenging birds (Skuas) by the surviving crew wrapping the bodies and temporarily burying the men under the starboard wing engine nacelle.

(5) Rescue requirements of the "George-1" survivors forced the abandonment of their crewmates' bodies.

(6) Conditions prior to the departure of Task Force 68 precluded a return to the area to recover the bodies.

(7) For nearly 60 years Navy promised the families that they would recover the men: "If the safety, logistical, and operational prerequisites allow a mission in the future, every effort will be made to bring our sailors home."

(8) The Joint POW/MIA Accounting Command twice offered to recover the bodies of this crew for Navy.

(9) A 2004 NASA ground penetrating radar overflight commissioned by Navy relocated the crash site three miles from its crash position.

(10) The Joint POW/MIA Accounting Command offered to underwrite the cost of an aerial ground penetrating radar (GPR) survey of the crash site area by NASA.

(11) The Joint POW/MIA Accounting Command studied the recovery with the recognized recovery authorities and national scientists and determined that the recovery is only "medium risk".

(12) National Science Foundation and scientists from the University of Texas, Austin, regularly visit the island.

(13) The crash site is classified as a "perishable site", meaning a glacier that will calve into the Bellingshausen Sea.

(14) The National Science Foundation maintains a presence in area - of the Pine Island Glacier.

(15) The National Science Foundation Director of Polar Operations will assist and provide assets for the recovery upon the request of Congress.

(16) The United States Coast Guard is presently pursuing the recovery of 3 WWII air crewmen from similar circumstances in Greenland.

(17) On Memorial Day, May 25, 2009, President Barak Obama declared: ". . .the support of our veterans is a sacred trust. . .we need to serve them as they have served us. . .that means bringing home all our POWs and MIAs. . .".

(18) The policies and laws of the United States of America require that our armed service personnel be repatriated.

(19) The fullest possible accounting of United States fallen military personnel means repatriating living American POWs and MIAs, accounting for, identifying, and recovering the remains of military personnel who were killed in the line of duty, or providing convincing evidence as to why such a repatriation, accounting, identification, or recovery is not possible.

(20) It is the responsibility of the Federal Government to return to the United States for proper burial and respect all members of the Armed Forces killed in the line of duty who lie in lost graves.

(b) SENSE OF CONGRESS.—In light of the findings under subsection (a), Congress—

(1) reaffirms its support for the recovery and return to the United States, the remains and bodies of all members of the Armed Forces killed in the line of duty, and for the efforts by the Joint POW-MIA Accounting Command to recover the remains of members of the Armed Forces from all wars, conflicts and missions;

(2) recognizes the courage and sacrifice of all members of the Armed Forces who participated in Operation Highjump and all missions vital to the national security of the United States of America;

(3) acknowledges the dedicated research and efforts by the US Geological Survey, the National Science Foundation, the Joint POW/MIA Accounting Command, the Fallen American Veterans Foundation and all persons and organizations to identify, locate, and advocate for, from their temporary Antarctic grave, the recovery of the well-preserved frozen bodies of Ensign Maxwell Lopez, Naval Aviator, Frederick Williams, Aviation Machinist's Mate 1ST Class, Wendell Hendersin, Aviation Radioman 1ST Class of the "George 1" explosion and crash; and

(4) encourages the Department of Defense to review the facts, research and to pursue new efforts to undertake all feasible efforts to recover, identify, and return the well-preserved frozen bodies of the "George 1" crew from Antarctica's Thurston Island.

39. AN AMENDMENT TO BE OFFERED BY REPRESENTATIVE GINGREY OF GEORGIA OR HIS DESIGNEE, DEBATABLE FOR 10 MINUTES

At the end of subtitle H of title X of division A, add the following new section:

SEC. 10 ____ . SENSE OF CONGRESS REGARDING PRESERVATION OF SECOND AMENDMENT RIGHTS OF ACTIVE DUTY MILITARY PERSONNEL STATIONED OR RESIDING IN THE DISTRICT OF COLUMBIA.

(a) FINDINGS.—Congress finds the following:

(1) The Second Amendment to the United States Constitution provides that the right of the people to keep and bear arms shall not be infringed.

(2) Approximately 40,000 servicemen and women across all branches of the Armed Forces either live in or are stationed on active duty within the Washington, D.C. metropolitan area. Unless these individuals are granted a waiver as serving in a law enforcement role, they are subject to the District of Columbia’s onerous and highly restrictive laws on the possession of firearms.

(3) Military personnel, despite being extensively trained in the proper and safe use of firearms, are therefore deprived by the laws of the District of Columbia of handguns, rifles, and shotguns that are commonly kept by law-abiding persons throughout the United States for sporting use and for lawful defense of their persons, homes, businesses, and families.

(4) The District of Columbia has one of the highest per capita murder rates in the Nation, which may be attributed in part to previous local laws prohibiting possession of firearms by law-abiding persons who would have otherwise been able to defend themselves and their loved ones in their own homes and businesses.

(5) The Gun Control Act of 1968, as amended by the Firearms Owners' Protection Act, and the Brady Handgun Violence Prevention Act, provide comprehensive Federal regulations applicable in the District of Columbia as elsewhere. In addition, existing District of Columbia criminal laws punish possession and illegal use of firearms by violent criminals and felons. Consequently, there is no need for local laws that only affect and disarm law-abiding citizens.

(6) On June 26, 2008, the Supreme Court of the United States in the case of *District of Columbia v. Heller* held that the Second Amendment protects an individual's right to possess a firearm for traditionally lawful purposes, and thus ruled that the District of Columbia's handgun ban and requirements that rifles and shotguns in the home be kept unloaded and disassembled or outfitted with a trigger lock to be unconstitutional.

(7) On July 16, 2008, the District of Columbia enacted the Firearms Control Emergency Amendment Act of 2008 (D.C. Act 17-422; 55 DCR 8237), which places onerous restrictions on the ability of law-abiding citizens from possessing firearms, thus violating the spirit by which the Supreme Court of the United States ruled in *District of Columbia v. Heller*.

(8) On February 26, 2009, the United States Senate adopted an amendment on a bipartisan vote of 62-36 by Senator John Ensign to S. 160, the District of Columbia House Voting Rights Act of 2009, which would fully restore Second Amendment rights to the citizens of the District of Columbia.

(b) SENSE OF CONGRESS.—It is the sense of Congress that active duty military personnel who are stationed or residing in the District of Columbia should be permitted to exercise fully their rights under the Second Amendment to the Constitution of the United States and therefore should be exempt from the District of Columbia's restrictions on the possession of firearms.

40. AN AMENDMENT TO BE OFFERED BY REPRESENTATIVE BISHOP OF NEW YORK OR HIS DESIGNEE, DEBATABLE FOR 10 MINUTES

At the end of title X, add the following new section:

SEC. 1084. THE HOUSE OF REPRESENTATIVES HONORS.

(a) FINDINGS.—The House of Representatives finds the following:

(1) The spread of warfare across Europe and Asia led to the establishment on May 20, 1941, of the United States Office of

Civilian Defense by Executive Order 8757 of President Franklin D. Roosevelt, to “assure effective coordination of Federal relations with State and local governments engaged in defense activities, to provide for necessary cooperation with States and local governments in respect to measures for adequate protection of the civilian population in emergency periods, to facilitate constructive civilian participation in the defense program, and to sustain national morale”.

(2) The December 7, 1941, attack by the Empire of Japan on Pearl Harbor, Hawaii, precipitated the entry of the United States into the worldwide conflict and signaled a new era of warfare that demanded new efforts to protect the people of the United States from airborne assault by an overseas enemy.

(3) In response to this new threat, the United States Office of Civilian Defense mobilized millions of volunteers to participate in efforts to enhance the preparedness of the United States in case of attack, including fire protection, communication and logistics, construction of bomb shelters, and air raid blackout drills.

(4) Thousands of Americans unable to serve in the United States Armed Forces volunteered their service as Air Raid Wardens in communities across the United States during World War II, contributing to America’s defense against potential enemy assault and the ultimate victory of the Allied nation.

(5) A training manual distributed to Air Raid Wardens during World War II noted that “In the system of civilian defense, the Air Raid Warden occupies the key position. He is the field officer under whose supervision the efforts of the civilian population are directed in the tremendous task of effective defense. Through the Air Raid Wardens, civilian activity is coordinated with that of the police and fire departments and other vital services.”

(6) Training manuals distributed to Air Raid Wardens included “I am an Air Raid Warden”, by Frank W. Atherton, Chief Air Raid Warden, 1st District, United States Citizens’ Defense Corps of Michigan, which read, in part that “I am an Air Raid Warden. My country, my state and my community have given me many pleasant and fruitful years and now in time of trouble I feel that it is my duty to do my part in the work assigned to me in helping to reduce to a minimum any harm that may come from without or within.”

(7) Tony Pastor and His Orchestra released a song in 1942, titled “Obey Your Air Raid Warden”, which was widely distributed as a public service announcement and contained the following lyrics: “One, be calm. Two, get under shelter. Three, don’t run. Obey your air-raid warden. Four, stay home. Five, keep off the highway. Six, don’t phone. Obey your air-raid warden. There are rules that you should know, What to do and where to go, When you hear the sirens blow, Stop, look, and listen. Seven, don’t smoke. Eight, help all the kiddies. Most of all, obey your air-raid warden. Stop, look, and listen. Dim the lights, Wait for information, Most of all, obey your air-raid warden. Stop the panic, Don’t get in a huff, Our aim today is

to call their bluff. Follow these rules and that is enough. Obey your air-raid warden.”

(b) THE HOUSE OF REPRESENTATIVES HONORS.—The House of Representatives encourages surviving Air Raid Wardens and other volunteers of the United States Office of Civilian Defense during the World War II to record and permanently preserve stories of their service for future generations.

At the end of title XII, add the following new section:

SEC. 12. REMOVAL OF BRIGADE COMBAT TEAMS FROM EUROPE.

(a) **FINDING.**—Congress finds that, because defense spending among European NATO countries fell 12% since 2008, from \$314 billion to \$275 billion, so that currently only 4 out of the 28 NATO allies of the United States are spending the widely agreed-to standard of 2% of their GDP on defense, the United States must look to more wisely allocate scarce resources to provide for the national defense.

(b) **REMOVAL AUTHORIZED.**—The President is authorized and requested to end the permanent basing of units of the United States Armed Forces in European member nations of the North Atlantic Treaty Organization and return the four Brigade Combat Teams currently stationed in Europe to the United States.

(c) **USE OF ROTATIONAL FORCES TO SATISFY SECURITY NEEDS.**—It is the policy of the United States that the deployment of units of the United States Armed Forces on a rotational basis at military installations in European member nations of the North Atlantic Treaty Organization pursuant to the Army Force Generation (ARFORGEN) process is a force-structure arrangement sufficient to permit the United States—

- (1) to satisfy the commitments undertaken by United States pursuant to Article 5 of the North Atlantic Treaty, signed at Washington, District of Columbia, on April 4, 1949, and entered into force on August 24, 1949 (63 Stat. 2241; TIAS 1964);
- (2) to address the current security environment in Europe; and
- (3) to contribute to peace and stability in Europe.

49. AN AMENDMENT TO BE OFFERED BY REPRESENTATIVE LEE OF CALIFORNIA OR HER DESIGNEE, DEBATABLE FOR 10 MINUTES

At the appropriate place in title XII of division A of the bill, add the following:

Subtitle —Prevent Iran From Acquiring Nuclear Weapons and Stop War Through Diplomacy Act

SEC. 1. SHORT TITLE.

This subtitle may be cited as the “Prevent Iran from Acquiring Nuclear Weapons and Stop War Through Diplomacy Act”.

SEC. 2. FINDINGS.

Congress finds the following:

- (1) In his Nobel Peace Prize acceptance speech on December 10, 2009, President Obama said, “I know that engagement with repressive regimes lacks the satisfying purity of indignation. But I also know that sanctions without outreach—and condemnation without discussion—can carry forward a crippling status quo. No repressive regime can move down a new path unless it has the choice of an open door.”
- (2) In his address to the American Israel Public Affairs Committee on March 4, 2012, President Obama said, “I have said that when it comes to preventing Iran from obtaining a nuclear

weapon, I will take no options off the table, and I mean what I say. That includes all elements of American power. A political effort aimed at isolating Iran; a diplomatic effort to sustain our coalition and ensure that the Iranian program is monitored; an economic effort to impose crippling sanctions; and, yes, a military effort to be prepared for any contingency.”

(3) While the Obama Administration has rejected failed policies of the past by engaging in negotiations with Iran without preconditions, only four of such meetings have occurred.

(4) Official representatives of the United States and official representatives of Iran have held only two direct, bilateral meetings in over 30 years, both of which occurred in October 2009, one on the sidelines of the United Nations Security Council negotiations in Geneva, and one on the sidelines of negotiations brokered by the United Nations International Atomic Energy Agency (referred to in this Act as the “IAEA”) in Vienna.

(5) All of the outstanding issues between the United States and Iran cannot be resolved instantaneously. Resolving such issues will require a robust, sustained effort.

(6) Under the Department of State’s current “no contact” policy, officers and employees of the Department of State are not permitted to make any direct contact with official representatives of the Government of Iran without express prior authorization from the Secretary of State.

(7) On September 20, 2011, then-Chairman of the Joint Chiefs of Staff Admiral Mike Mullen, called for establishing direct communications with Iran, stating, “I’m talking about any channel that’s open. We’ve not had a direct link of communication with Iran since 1979. And I think that has planted many seeds for miscalculation. When you miscalculate, you can escalate and misunderstand.”

(8) On November 8, 2011, the IAEA issued a report about Iran’s nuclear program and expressed concerns about Iran’s past and ongoing nuclear activities.

(9) On December 2, 2011, Secretary of Defense Leon Panetta warned that an attack on Iran would result in “an escalation that would take place that would not only involve many lives, but I think it could consume the Middle East in a confrontation and a conflict that we would regret.”

SEC. 3. STATEMENT OF POLICY.

It should be the policy of the United States—

(1) to prevent Iran from pursuing or acquiring a nuclear weapon and to resolve the concerns of the United States and of the international community about Iran’s nuclear program and Iran’s human rights obligations under international and Iranian law;

(2) to ensure inspection of cargo to or from Iran, as well as the seizure and disposal of prohibited items, as authorized by United Nations Security Council Resolution 1929 (June 9, 2010);

(3) to pursue sustained, direct, bilateral negotiations with the Government of Iran without preconditions in order to reduce tensions, prevent war, prevent nuclear proliferation, sup-

port human rights, and seek resolutions to issues that concern the United States and the international community;

(4) to utilize all diplomatic tools, including direct talks, targeted sanctions, Track II diplomacy, creating a special envoy described in section 4, and enlisting the support of all interested parties, for the purpose of establishing an agreement with Iran to put in place a program that includes international safeguards, guarantees, and robust transparency measures that provide for full IAEA oversight of Iran's nuclear program, including rigorous, ongoing inspections, in order to verify that Iran's nuclear program is exclusively for peaceful purposes and that Iran is not engaged in nuclear weapons work;

(5) to pursue opportunities to build mutual trust and to foster sustained negotiations in good faith with Iran, including pursuing a fuel swap deal to remove quantities of low enriched uranium from Iran and to refuel the Tehran Research Reactor, similar to the structure of the deal that the IAEA, the United States, China, Russia, France, the United Kingdom, and Germany first proposed in October 2009;

(6) to explore areas of mutual benefit to both Iran and the United States, such as regional security, the long-term stabilization of Iraq and Afghanistan, the establishment of a framework for peaceful nuclear energy production, other peaceful energy modernization programs, and counter-narcotics efforts; and

(7) that no funds appropriated or otherwise made available to any executive agency of the Government of the United States may be used to carry out any military operation or activity against Iran unless the President determines that a military operation or activity is warranted and seeks express prior authorization by Congress, as required under article I, section 8, clause 2 of the United States Constitution, which grants Congress the sole authority to declare war, except that this requirement shall not apply to a military operation or activity—

(A) to directly repel an offensive military action launched from within the territory of Iran against the United States or any ally with whom the United States has a mutual defense assistance agreement;

(B) in hot pursuit of forces that engage in an offensive military action outside the territory of Iran against United States forces or an ally with whom the United States has a mutual defense assistance agreement and then enter into the territory of Iran; or

(C) to directly thwart an imminent offensive military action to be launched from within the territory of Iran against United States forces or an ally with whom the United States has a mutual defense assistance agreement.

SEC. 4. APPOINTMENT OF HIGH-LEVEL U.S. REPRESENTATIVE OR SPECIAL ENVOY.

(a) APPOINTMENT.—At the earliest possible date, the President, in consultation with the Secretary of State, shall appoint a high-level United States representative or special envoy for Iran.

(b) CRITERIA FOR APPOINTMENT.—The President shall appoint an individual under subsection (a) on the basis of the individual's knowledge and understanding of the issues regarding Iran's nu-

(b) OFFICE OF HIGH-LEVEL U.S. REPRESENTATIVE OR SPECIAL ENVOY.—Not later than 30 days after the appointment of a high-level United States representative or special envoy under section 4(a), the Secretary of State shall establish an office in the Department of State for the purpose of supporting the work of the representative or special envoy.

Each such report may, when necessary or appropriate, be submitted in classified and unclassified form.

(1) the Committee on Appropriations, the Committee on Foreign Affairs, the Committee on Armed Services, and the Permanent Select Committee on Intelligence of the House of Representatives; and

(1) Russia is no longer—

(A) providing direct or indirect support to the government of Syria's suppression of the Syrian people; and

(B) transferring to Iran, North Korea, or Syria equipment and technology that have the potential to make a material contribution to the development of weapons of mass destruction or cruise or ballistic missile systems controlled under multilateral control lists; or

(8) **POTENTIAL STABILIZATION AND RECONSTRUCTION OPERATION.**—The term “potential stabilization and reconstruction operation” is a possible condition in a foreign country which in the determination of the Director may require in the immediate future a response from the United States and with respect to which preparation for a stabilization and reconstruction operation is advisable.

SEC. 1703. FINDINGS AND PURPOSES.

(a) FINDINGS.—Congress finds the following:

(1) Responsibilities for overseas stability and reconstruction operations are divided among several agencies. As a result, lines of responsibility and accountability are not well-defined.

(2) Despite the establishment of the Office of the Coordinator for Reconstruction and Stabilization within the Department of State, the reaffirmation of the Coordinator’s mandate by the National Security Presidential Directive 44, its codification with title XVI of the Duncan Hunter National Defense Authorization Act for Fiscal Year 2009, and the issuance of the Department of Defense Directive 3000.05, serious imbalances and insufficient interagency coordination remain.

(3) The United States Government has not effectively or efficiently managed stabilization and reconstruction operations during recent decades.

(4) Based on trends, the United States will likely continue to find its involvement necessary in stabilization and reconstruction operations in foreign countries in the wake of violence or cataclysmic disaster.

(5) The United States has not adequately learned the lessons of its recent experiences in stabilization and reconstruction operations, and despite efforts to improve its performance is not yet organized institutionally to respond appropriately to the need to perform stabilization and reconstruction operations in foreign countries.

(6) The failure to learn the lessons of past stabilization and reconstruction operations will lead to further inefficiencies, resulting in greater human and financial costs.

(b) PURPOSES.—The purposes of this title are to—

(1) advance the national interest of the United States by providing an effective means to plan for and execute stabilization and reconstruction operations in foreign countries;

(2) provide for unity of command, and thus achieve unity of effort, in the planning and execution of stabilization and reconstruction operations;

(3) provide accountability for resources dedicated to stabilization and reconstruction operations;

(4) maximize the efficient use of resources, which may lead to budget savings, eliminated redundancy in functions, and improvement in the management of stabilization and reconstruction operations; and

(5) establish an entity to plan for stabilization and reconstruction operations and, when directed by the President, coordinate and execute such operations, eventually returning responsibility for such operations to other agencies of the United States Government as the situation becomes normalized.

SEC. 1704. CONSTRUCTION; SEVERABILITY.

Any provision of this title held to be invalid or unenforceable by its terms, or as applied to any person or circumstance, shall be construed so as to give it the maximum effect permitted by law, unless such holding shall be one of utter invalidity or unenforceability, in which event such provision shall be deemed severable from this title and shall not affect the remainder thereof, or the application of such provision to other persons not similarly situated or to other, dissimilar circumstances.

SEC. 3 . SENSE OF CONGRESS REGARDING DECONTAMINATION OF FORMER BOMBARDMENT AREA ON ISLAND OF CULEBRA, PUERTO RICO.

(a) FINDINGS.—The Congress finds the following—

(1) Section 2815 of the Ike Skelton National Defense Authorization Act for Fiscal Year 2011 (Public Law 111–383; 124 Stat. 4464) requires the Secretary of Defense within 270 days of receiving a request from the government of Puerto Rico, to conduct a study assessing the presence of unexploded ordnance, and any threat to public health, public safety and the environment posed by such unexploded ordnance, in the portion of the former bombardment area on the island of Culebra, Puerto Rico, that was transferred to the government of Puerto Rico by quitclaim deed on August 11, 1982.

(2) On April 25, 2011, the Governor of Puerto Rico formally requested by letter that the Secretary of Defense commence this study.

(3) On May 25, 2011, the Deputy Under Secretary of Defense for Installations and Environment acknowledged receipt of the Governor’s letter on behalf of the Secretary of Defense, and affirmed that the Department of Defense would conduct the study in accordance with such section 2815 and provide the final report to Congress no later than 270 days from the date of the Governor’s letter.

(4) January 20, 2012, marked the date 270 days after the Governor’s letter of April 25, 2011.

(5) Section 204(c) of the Military Construction Authorization Act, 1974 (Public Law 93–166; 87 Stat. 668) stated that “the present bombardment area on the island of Culebra shall not be utilized for any purpose that would require decontamination at the expense of the United States.” The Department of Defense has interpreted this provision to constitute a permanent prohibition on the use of Federal funds in the area of Culebra referenced in such section to pay for decontamination and removal of unexploded ordnance, although it may be warranted to protect public health, public safety, and the environment.

(b) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) the Secretary of Defense should expeditiously submit to the Committees on Armed Services of the Senate and House of Representatives the final report prepared in accordance with section 2815 of the Ike Skelton National Defense Authorization Act for Fiscal Year 2011 (Public Law 111–383; 124 Stat. 4464);

(2) if that report indicates that decontamination and removal of unexploded ordnance in the portion of the former bombardment area on Culebra that was transferred to the government of Puerto Rico by quitclaim deed on August 11, 1982, could be conducted at reasonable cost to the Federal Government, it is appropriate for Congress to amend section 204(c) of the Mili-

tary Construction Authorization Act, 1974 (Public Law 93-166; 87 Stat. 668) to authorize such decontamination and removal of unexploded ordnance; and

(3) any removal of unexploded ordnance should be accomplished pursuant to the normal prioritization process established by the Department of Defense under the Military Munitions Response Program within the Defense Environmental Restoration Program.

101. AN AMENDMENT TO BE OFFERED BY REPRESENTATIVE
PIERLUISI OF PUERTO RICO OR HIS DESIGNEE, DEBATABLE FOR 10
MINUTES

At the end of subtitle B of title X, add the following new section:

**SEC. 1015. SENSE OF CONGRESS REGARDING THE COUNTERDRUG
TETHERED AEROSTAT RADAR SYSTEM PROGRAM.**

(a) FINDINGS.—Congress finds the following:

(1) Since 1992, the Air Force has administered the Counterdrug Tethered Aerostat Radar System (TARS) program, which contributes to deterring and detecting smugglers moving illicit drugs into the United States.

(2) There are eight current tethered aerostat systems, located at Yuma, Arizona, Fort Huachuca, Arizona, Deming, New Mexico, Marfa, Texas, Eagle Pass, Texas, Rio Grande City, Texas, Cudjoe Key, Florida, and Lajas, Puerto Rico.

(3) Primary customers of the surveillance data from the TARS program are the Department of Homeland Security, the United States Northern Command, the United States Southern Command, and the North American Aerospace Defense Command.

(4) In the past two years, the radars in two of the eight tethered aerostat systems have been destroyed in strong weather conditions, namely the radar at Lajas, Puerto Rico, which was destroyed in April 2011, and the radar at Marfa, Texas, which was destroyed in February 2012.

(5) The Air Force has indicated that it does not have sufficient spare parts in its inventory to replace either of these two radars or the funding necessary to purchase any new radars. As a result, there are no current plans to resume operations at Lajas, Puerto Rico or Marfa, Texas.

(6) The loss of these two tethered aerostats systems substantially degrades counterdrug capabilities in the Caribbean corridor and along the Southwest border.

(7) The loss of the tethered aerostat system in Lajas, Puerto Rico, is particularly detrimental to the national counterdrug mission. In Section 1023 of the National Defense Authorization Act for Fiscal Year 2006 (Public Law 109–163), Congress found that—

(A) “Drug traffickers use the Caribbean corridor to smuggle narcotics to the United States via Puerto Rico and the Dominican Republic. This route is ideal for drug trafficking because of its geographic expanse, numerous law enforcement jurisdictions, and fragmented investigative efforts.”; and

(B) “The tethered aerostat system in Lajas, Puerto Rico, contributes to deterring and detecting smugglers moving illicit drugs into Puerto Rico. The aerostat’s range and

operational capabilities allow it to provide surveillance coverage of the eastern Caribbean corridor and the strategic waterway between Puerto Rico and the Dominican Republic, known as the Mona Passage.”

(8) In such section 1023, Congress expressed that “Congress and the Department of Defense should fund the Counter-Drug Tethered Aerostat program.”

(9) In recent years, Puerto Rico and the U.S. Virgin Islands have been increasingly impacted by the drug trade and related violence. Both jurisdictions have homicide rates that are roughly six times the national average and about three times higher than any State, and many of these homicides are linked to the drug trade.

(10) The Department of Defense has raised questions as to whether it should continue to administer the TARS program or, alternatively, whether responsibility for this program should be vested in the Department of Homeland Security.

(b) SENSE OF CONGRESS.—In light of the findings under subsection (a), it is the sense of Congress that—

(1) irrespective of whether the Department of Defense continues to be responsible for the Counterdrug Tethered Aerostat Radar System (TARS) program or such responsibility is assigned to another agency, Congress and the responsible agency should fund the TARS program; and

(2) Congress and the responsible agency should take all appropriate steps to ensure that the eight current tethered aerostat systems are fully functional and, in particular, to ensure that the TARS program is providing coverage to protect jurisdictions of the United States in the Caribbean region, as well as jurisdictions of the United States along the United States-Mexico border and in the Florida Straits.
