

addressed by this AD. In no case does the presence of any modification, alteration, or repair remove any airplane from the applicability of this AD.

**Compliance:** Required as indicated, unless accomplished previously.

To prevent stress corrosion cracking, which could result in fractures of the outer cylinder aft trunnion and the subsequent loss of the main landing gear (MLG), accomplish the following:

(a) Within 5-1/2 years since the last overhaul of the MLG or since the date of manufacture of the MLG (for MLG's that have not been overhauled), or within 60 days after the effective date of this AD, whichever occurs later: Perform a visual inspection to determine if the fillet seal of the outer cylinder aft trunnion is cracked or missing, in accordance with Boeing Service Letter 767-SL-32-067, dated August 4, 1995. For the purposes of this AD, fillet seals are not considered to be "cracked" if cracks are found in the fillet seal paint only (where the fillet seal itself is not cracked).

(b) If no cracked fillet seal is found during the inspection required by paragraph (a) of this AD, repeat the inspection thereafter at intervals not to exceed 18 months.

(c) If any fillet seal is found to be cracked or missing during the inspection required by paragraph (a) of this AD, prior to further flight, remove the fillet seal (if present), clean the adjacent area with a solvent, apply corrosion inhibiting compound (CIC), and perform a visual inspection to detect corrosion, in accordance with Boeing Service Letter 767-SL-32-067, dated August 4, 1995.

(1) If no corrosion is detected, prior to the accumulation of 500 flight hours, reapply CIC and grease in accordance with the service letter. Thereafter, repeat the application of CIC and grease at intervals not to exceed 500 flight hours.

(2) If any corrosion is detected, prior to further flight, repair the aft trunnion in accordance with the service letter. Accomplishment of this repair constitutes terminating action for the repetitive inspection requirements of this AD.

(d) An alternative method of compliance or adjustment of the compliance time that provides an acceptable level of safety may be used if approved by the Manager, Seattle Aircraft Certification Office (ACO), FAA, Transport Airplane Directorate. Operators shall submit their requests through an appropriate FAA Principal Maintenance Inspector, who may add comments and then send it to the Manager, Seattle ACO.

**Note 2:** Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Seattle ACO.

(e) Special flight permits may be issued in accordance with sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the airplane to a location where the requirements of this AD can be accomplished.

(f) The actions shall be done in accordance with Boeing Service Letter 767-SL-32-067, dated August 4, 1995. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Copies may be

obtained from Boeing Commercial Airplane Group, P.O. Box 3707, Seattle, Washington 98124-2207. Copies may be inspected at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, Washington; or at the Office of the Federal Register, 800 North Capitol Street NW., suite 700, Washington, DC.

(g) This amendment becomes effective on September 29, 1995.

Issued in Renton, Washington, on September 7, 1995.

## SECURITIES AND EXCHANGE COMMISSION

### 17 CFR Parts 230 and 240

[Release Nos. 33-7211; 34-36199]

#### Confidential Treatment Rules

**AGENCY:** Securities and Exchange Commission.

**ACTION:** Final rules.

**SUMMARY:** The Commission is modifying a procedural requirement concerning the number of unredacted copies of material filed with the Secretary of the Commission by issuers applying for a grant of confidential treatment. This modification reduces the number of unredacted copies from three or more copies to one copy.

**EFFECTIVE DATE:** October 16, 1995.

**FOR FURTHER INFORMATION CONTACT:** John Bernas at (202) 942-2915 or L. Jacob Fien-Helfman at (202) 244-2997, Division of Corporation Finance, U.S. Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549.

**SUPPLEMENTARY INFORMATION:** The Commission today announces the adoption of amendments to Rule 406<sup>1</sup> under the Securities Act of 1933 ("the Securities Act")<sup>2</sup> and Rule 24b-2<sup>3</sup> under the Securities Exchange Act of 1934 ("the Exchange Act")<sup>4</sup>. Each rule is being revised for the limited purpose of reducing to one copy the unredacted material required to accompany a request for confidential treatment pursuant to either rule. In the case of Rule 406, the filing person is currently required to submit with the request for confidential treatment "as many copies of the confidential portion, each clearly

marked 'Confidential Treatment,' as there are copies of the material filed with the Commission." In the case of Rule 24b-2, the filing person is currently required to submit with the request for confidential treatment "as many copies of the confidential portion, each clearly marked 'Confidential Treatment,' as there are copies of the material filed with the Commission and with any exchange where such material is required to be filed."<sup>5</sup> Today's change in Rule 406 and Rule 24b-2 reduces the number of unredacted copies that are required to be submitted to the Secretary of the Commission with the request for confidential treatment to one copy in all circumstances.<sup>6</sup>

It is anticipated that these revisions will reduce the volume of paper processed and discarded by the Staff without reducing the Division's ability to process filings. This reduction should also increase security for confidential materials since the staff would handle only one unredacted copy. These revisions do not change the number of redacted copies of the materials required to be filed with the Commission's file desk.

These amendments relate solely to "agency organization, procedure or practice." Consequently, their promulgation is not subject to the notice and comment requirements of the Administrative Procedures Act;<sup>7</sup> similarly, this rule making is not subject to the requirements of the Regulatory Flexibility Act.<sup>8</sup>

#### Statutory Basis

The amendments are being adopted pursuant to Section 19 of the Securities Act and Section 23 of the Exchange Act.

#### List of Subjects in 17 CFR Parts 230 and 240

Registration requirements; Reporting and recordkeeping requirements; Confidential treatment; Securities.

#### Text of the Amendment

In accordance with the foregoing, Title 17, Chapter II of the Code of Federal Regulations is amended as follows:

<sup>5</sup> Non-EDGAR filers currently are required to file three or more copies of filed material (See 17 CFR 229.406 and 17 CFR 240.12b-11) while EDGAR filers are required to file one copy of such materials (See 17 CFR 232.309(b)).

<sup>6</sup> In those instances when an application is denied, a prior grant revoked, or the information otherwise made public, the staff practice is to request that the applicant amend the initial filing to disclose the previously redacted information by contemporaneously filing the required number of copies without redactions.
