February 20, 1997.

Take notice that on February 14, 1997, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, filed an application pursuant to Sections 7(c) of the Natural Gas Act and Part 157 of the Commission's Regulations for authorization to utilize temporary work spaces and for any other authorization deemed necessary associated with a pipeline replacement project in Kendall County, Illinois, all as more fully set forth in the application on file with the Commission and open to public inspection.

ANR states, that in order to satisfy U.S. Department of Transportation safety regulations, it proposes to replace both a 0.27 mile and 0.29 mile line segment of its main line system due to increased population density in the area. ANR states that in order to make the replacement it will have to utilize work areas which may not have been included in the scope of the original authorization to construct the facilities. Therefore, ANR requests the temporary use of work space and any other authorizations deemed necessary by the Commission in order to make the replacement. ANR states that the construction will be done under the authority of Section 2.55 of the Commission's Regulations, which authorizes replacement within the existing right-of-way.

Any person desiring to be heard or to make any protest with reference to said application should on or before March 13, 1997, file with the Federal Energy Regulatory Commission, Washington,

All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party in any proceeding herein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in any subject to the jurisdiction conferred upon the Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that permission and approval for the proposed abandonment are required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for ANR to appear or to be represented at the hearing.

### Columbia Gas Transmission Corporation; Notice of Compliance Filing

February 20, 1997.

Take notice that on February 14, 1997, Columbia Gas Transmission Corporation (Columbia) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the tariff sheets listed on Appendix A to the filing, to become effective on February 1, 1997.

On December 31, 1996, as revised on January 17, 1997, Columbia filed revised tariff sheets in Docket No. RP95-408, et al. that, inter alia, would implement lower settlement rates pending Commission action on the November 22, 1996 settlement in this docket, contingent upon customers being subject to a surcharge in the event the settlement is not approved or implemented. The Federal Energy Regulatory Commission (Commission) issued its order on Columbia's filings on January 29, 1997 (78 FERC ¶ 61,071), which accepted the revised tariff sheets but which required that Columbia file revised tariff sheets setting forth the existing rates which any customer that does not agree to the surcharge provision may pay until the settlement is acted upon by the Commission.

Columbia states that the instant filing is being made in compliance with that order. The revised tariff sheets herein indicate they are "Collection Rates" and contain a statement that they are applicable to customers not wanting to be subject to the surcharge condition associated with paying the Settlement Rates. These tariff sheets reflect the rates that were in effect in the billing month preceding February 1, 1997.

Columbia states that copies of its filing have been mailed to all parties in this proceeding, firm and interruptible customers, and affected state commissions.

Any person desiring to protest this filing should file a protest with the
