

and program priorities specified in this notice.

Funding of Approved Applications

Final funding decisions for SPRANS grants and cooperative agreements are the responsibility of the Director, MCHB. In considering scores for the ranking of approved applications for funding, preferences may be exercised for groups of applications, e.g., applications from geographical areas without previously funded projects in a particular category vs. applications from areas with previously funded projects. Within any category of approved projects, special consideration may be given, i.e., the score of an individual project may be favorably adjusted, if the project addresses specific priorities or categorical areas identified as meriting special consideration.

Public Health System Reporting Requirements

This program is subject to the Public Health System Reporting Requirements (approved under OMB No. 0937-0195). Under these requirements, the community-based nongovernmental applicant must prepare and submit a Public Health System Impact Statement (PHSIS). The PHSIS is intended to provide information to State and local health officials to keep them apprised of proposed health services grant applications submitted by community-based nongovernmental organizations within their jurisdictions.

Community-based nongovernmental applicants are required to submit the following information to the head of the appropriate State and local health agencies in the area(s) to be impacted no later than the Federal application receipt due date:

- (a) A copy of the face page of the application (SF 525).
- (b) A summary of the project (PHSIS), not to exceed one page, which provides:
 - (1) A description of the population to be served.
 - (2) A summary of the services to be provided.
 - (3) A description of the coordination planned with the appropriate State and local health agencies.

Executive Order 12372

The MCH Federal set-aside program has been determined to be a program which is not subject to the provisions of Executive Order 12372 concerning intergovernmental review of Federal programs.

The OMB Catalog of Federal Domestic Assistance number is 93.110.

Dated: February 20, 1997.

Ciro V. Sumaya,

Administrator.

BILLING CODE 4160-15-P

DEPARTMENT OF THE INTERIOR

Office of the Secretary

Office of Surface Mining Reclamation and Enforcement Advisory Board

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Office of Surface Mining Reclamation and Enforcement Advisory Board; Notice of renewal.

SUMMARY: This notice is published in accordance with section 14(b)(1) of the Federal Advisory Committee Act (FACA) 5 U.S.C. App. (1988). Following consultation with the Administrator of the General Services Administration, notice is hereby given that the Secretary of the Interior is renewing the charter of an advisory committee known as the Office of Surface Mining Reclamation and Enforcement Advisory Board.

The purpose of the Advisory Board is to provide a forum to discuss a variety of regulatory and reclamation issues of concern to the public, primacy States which regulate surface coal mining, Indian tribes, environmental groups, coal mine region residents, industry, the Congress, and other State and Federal agencies.

The Secretary of the Interior will appoint members to the Advisory Board that represent a cross section of those who are interested in and directly affected by regulatory and reclamation activities. OSM will carefully monitor membership to ensure that there is a balance among those interests affected by the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1201 et seq.).

FOR FURTHER INFORMATION CONTACT: Norman J. Hess, Office of Surface Mining Reclamation and Enforcement, U.S. Department of the Interior, 1951 Constitution Avenue, NW., Washington, DC 20240; Telephone 202-208-2635.

Certification

I hereby certify that the renewal of the charter of the Office of Surface Mining Reclamation and Enforcement Advisory Board is necessary and in the public interest in connection with the performance of duties imposed on the Department of the Interior by the Surface Mining Control and Reclamation Act of 1977 (30 U.S.C. 1201 et seq.).

Dated: February 10, 1997.

Bruce Babbitt,

Secretary of the Interior.

BILLING CODE 4310-05-M

Fish and Wildlife Service

Notice of Decision and Availability of Decision Documents on the Issuance of Permits for Incidental Take of Threatened and Endangered Species

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of decision and availability of a Record of Decision on the issuance of a permit for incidental take of threatened and endangered species.

SUMMARY: This notice advises the public that a decision on the application for an incidental take permit by the State of Washington Department of Natural Resources, pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973 (Act), has been made and that the Record of Decision is available upon request.

FOR FURTHER INFORMATION CONTACT: William Vogel or Craig Hansen, U.S. Fish and Wildlife Service, or Steve Landino, National Marine Fisheries Service at the Pacific Northwest Habitat Conservation Plan Program, 3704 Griffin Lane SE, Suite 102, Olympia, Washington 98501-2192; (360) 753-9440.

SUPPLEMENTARY INFORMATION:

Decision

The U.S. Fish and Wildlife Service's decision is to adopt the Preferred Habitat Conservation Plan Alternative, issue a permit authorizing incidental take of listed species, and agree to the unlisted species provisions in the Implementation Agreement, as described in the final Environmental Impact Statement. In the future, should any of the currently unlisted species that use the habitat types that occur within the West-side Planning Units (including the Olympic Experimental State Forest) subsequently become listed, the Washington Department of Natural Resources may request that those species be added to the incidental take permit. This decision is based on a thorough review of the alternatives and their environmental consequences. By adopting the preferred alternative with its assurances that the mitigation program and enforcement measures will be implemented, all practicable means to avoid or minimize harm have been adopted.
