DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4228-C-02]

Notice of Funding Availability for HOPE VI Public Housing Demolition for Fiscal Year 1997; Correction

AGENCY: Office of the Assistant Secretary for Public and Indian Housing, HUD.

ACTION: Notice of funding availability; correction.

SUMMARY: This notice corrects and clarifies information that was provided in the notice of funding availability (NOFA) for fiscal year (FY) 1997 for Public Housing Agencies (PHAs) under the HOPE VI funding for the demolition of obsolete Public Housing units without revitalization, where the demolition would otherwise not occur due to lack of available resources. Specifically, this notice (1) clarifies the meaning of the phrase "capital reserves" and removes reference to the operating reserves in the description of the threshold factor III. C., Need for Demolition Funding, and in the rating factor IV. A., Extent of PHA Need for Funding for the Demolition; (2) corrects the references to the modernization indicator in the PHMAP regulation and the rating for factor IV. D., Extent of PHA's Capability and Readiness to Perform the Demolition; and (3) clarifies that there are two 10 point elements in rating factor IV.B., Extent of Impact of Demolition of Building on PHA and Surrounding Neighborhood.

DATES: This notice does not affect the deadline date provided in the June 3, 1997 NOFA. Applications must still be received in Headquarters on or before August 4, 1997, by 4 p.m. eastern time. Applicants that have already submitted applications before the publication of this notice may, however, submit changes to the amount used for "capital reserves" in factors III C and IV A (now "leftover CIAP funds") to respond to the clarification provided in this notice, within 14 days of the publication of this notice.

SUPPLEMENTARY INFORMATION: On June 3, 1997, (62 FR 30402), HUD published in the **Federal Register** the Notice of Funding Availability for Fiscal Year 1997 for HOPE VI funding for the demolition of obsolete public housing units. The NOFA announced the availability of up to \$30 million in HOPE VI for funding the demolition only. This notice amends the June 3, 1997 NOFA for the following reasons:

(1) The Department wants to clarify what was intended by the term "capital reserves", which was used in the description of the threshold and rating factors, since it is not a defined term used in either the regulations or handbooks for the Comprehensive Improvement Assistance Program (CIAP) or the Comprehensive Grant program (CGP). This correction uses a different term—"leftover CIAP funds"—which it defines.

(2) The chart published in the NOFA for factor IV. D., Extent of PHA's Capability and Readiness to Perform the Demolition, on how the Department would rate the PHMAP score for timeliness of modernization, a subindicator of the modernization indicator, was ambiguous. In PHMAP, the subindicator timeliness of modernization can only be rated A for pass, or F for fail. However, the chart published in the NOFA assigned points based on range of ratings—A, B, C or D. Subsequently, the Department has decided to use the complete PHMAP indicator for modernization, which more accurately measures all aspects of a PHA's capability to manage its modernization program. In PHMAP, the modernization indicator can be scored A, B, C, D, E or F. This wider range of ratings will provide a larger number of PHAs the opportunity to receive points for the factor in the NOFA and will correspond to the range of ratings published in the NOFA chart. (For the purposes of this NOFA, only PHAs with scores of A, B, C, or D will be given points.)

In addition, we have eliminated references to rating the PHA's management of its public housing development funds. The chart
