

margins by refusing to cooperate in an administrative review.

Final Results of Review

Based on our review of the arguments presented above, for these final results we have made no changes in the margins for Ta Chen. We have determined that Ta Chen's weighted-average margin for the period June 22, 1992 through November 30, 1993 is 31.90 percent. Likewise, Ta Chen's margin for the December 1, 1993 through November 30, 1994 period of review is 31.90 percent.

The Department shall determine, and the U.S. Customs Service shall assess, antidumping duties on all appropriate entries. The Department will issue appraisement instructions directly to Customs.

Furthermore, the following deposit requirements will be effective upon completion of the final results of these administrative reviews for all shipments of WSSP from Taiwan entered, or withdrawn from warehouse, for consumption on or after the publication of the final results of these administrative reviews, as provided in section 751(a)(1) of the Tariff Act:

(1) The cash deposit rate for Ta Chen will continue to be zero percent (see Welded Stainless Steel Pipe From Taiwan; Final Results of Administrative Review, 63 FR 38382 (July 16, 1998);

(2) For previously reviewed or investigated companies other than Ta Chen, the cash deposit rate will continue to be the company-specific rate published for the most recent period;

(3) If the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and

(4) If neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 19.84 percent. See Amended Final Determination and Antidumping Duty Order; Certain Welded Stainless Steel Pipe From Taiwan, 57 FR 62300 (December 30, 1992).

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act (19 U.S.C. 1675(a)(1) and 1677f(i)(1)).
