

## FEDERAL COMMUNICATIONS COMMISSION

### Notice of Public Information Collection(s) Being Submitted to OMB for Review and Approval

June 29, 1999.

**SUMMARY:** The Federal Communications Commissions, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

**DATES:** Written comments should be submitted on or before August 6, 1999. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

**ADDRESSES:** Direct all comments to Les Smith, Federal Communications Commission, Room 1-A804, 445 12th Street, SW, Washington, DC 20554 or via the Internet to lesmith@fcc.gov.

**FOR FURTHER INFORMATION CONTACT:** For additional information or copies of the information collections contact Les Smith at (202) 418-0217 or via the Internet at lesmith@fcc.gov.

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 3060-0532.  
*Title:* Scanning Receiver Compliance Exhibit (Sections 2.1033(b)(11)) and 15.121).

*Form Number:* N/A.

*Type of Review:* Revision of currently approved collection.

*Respondents:* Individuals or households, Not-for-profit institutions;

Business or other for-profit entities; and State, Local or Tribal Government.

*Number of Respondents:* 40.  
*Estimated time per response:* 1 hour (avg.).

*Frequency of Response:* On occasion reporting requirement; Third party disclosure.

*Total Annual Burden:* 40.

*Total Annual Cost:* \$2,000.

*Needs and Uses:* The collection of information contained in Part 2 are made necessary by revision of Section 2.1033(b)(11) of the Commission Rules governing regulations for scanning receivers. The Commission will require manufacturers of scanning receivers to design their equipment so that: it has 38 dB of image rejection for Cellular Service frequencies, tuning, control and filtering circuitry are inaccessible, and any attempt to modify the scanning receiver to receive Cellular Service transmissions will likely render the scanning receiver inoperable. In addition, the Commission will require that the manufacturer submit information with any application for certification that: describes the testing method used to determine compliance with the 38 dB image rejection ratio, contains a statement assessing the vulnerability of the scanning receiver to modification, describes the design features that prevent modification of the scanning receiver to receive Cellular Service transmissions, and describes the design steps taken to make tuning, control and filtering circuitry inaccessible. Moreover, the Commission will require that a label be affixed to the scanning receiver, similar to the following:

WARNING: MODIFICATION OF THIS DEVICE TO RECEIVE CELLULAR RADIOTELEPHONE SERVICE SIGNALS IS PROHIBITED UNDER FCC RULES AND FEDERAL LAW.

## FEDERAL COMMUNICATIONS COMMISSION

### Federal Advisory Committee

June 28, 1999.

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice.

**SUMMARY:** The Technological Advisory Council (TAC) was established to provide technical advice to the Federal Communications Commission (FCC) and to make recommendations on the issues and questions presented to it by the FCC. In accordance with the Federal Advisory Committee Act, Public Law 92-463, as amended, this notice advises interested persons that the charter for the Technological Advisory Council (TAC) has been amended to reflect minor changes in phrasing and a minor change in the original charter filing date from November 30, 1998 to December 11, 1998.

**FOR FURTHER INFORMATION CONTACT:** Stagg Newman, Designated Federal Officer of the Technological Advisory Council, 445 12th St. S.W., Room 7-A325, Washington, D.C. 20554; telephone (202) 418-2046. Press Contact, Audrey Spivak, Office of Public Affairs, 202-418-0512, aspivak@fcc.gov.

**SUPPLEMENTARY INFORMATION:**

#### Technological Advisory Council Charter

##### A. The Committee's Official Designation

The official designation of this federal advisory committee is the "Technological Advisory Council" ("TAC").

##### B. The Committee's Objective and Scope of its Activity

Rapid advances in technology have resulted in innovations in how telecommunications services are provided to, and are accessed by, users of those services. Many of these advances are increasing the rate of

convergence among categories of services that have traditionally been viewed as distinct, such as cable television services, telephony, data services, and Internet services. Regulations must be examined in light of these technology advances, and the Federal Communications Commission ("FCC") must remain abreast of new developments in technology so that it can effectively fulfill its responsibilities under the Communications Act. The purpose of the TAC is to provide technical advice to the Federal Communications Commission and to make recommendations on the issues and questions presented to it by the FCC. The TAC will address questions referred to it by the FCC Chairman, or by the FCC Chief Technologist or Chief Engineer. The questions referred to the TAC will be directed to technological and technical issues in the field of communications.

#### C. Period of Time Necessary for the Committee to Carry Out its Purpose

Initially, the TAC shall convene for a period that terminates two (2) years from the date on which the charter was filed. Not later than eighteen (18) months from the original date of filing of this Charter, the TAC shall report as to whether this Charter should be renewed and, if so, the period of time for which such a renewal should be granted.

#### D. Official to Whom the Committee Reports

Chairman, Federal Communications Commission.

#### E. Agency Responsible for Providing Necessary Support

The Federal Communications Commission will provide the facilities and staff support necessary to conduct meetings in Washington, D.C. Private sector members of the committee will serve without any government compensation, and will not be entitled to travel expenses, per diem or subsistence allowances.

#### F. Description of the Duties for Which the Committee is Responsible

The duties of the TAC will be to gather data and information and perform those analyses that are necessary to respond to the questions referred to it. In addition, as noted above, not later than six (6) months prior to the termination of this Charter, the Council shall provide a recommendation as to whether the Council's charter should be renewed and, if so, for what period.

#### G. Estimated Annual Operating Costs in Dollars and Staff Years

Annual operating costs associated with supporting the TAC's functions are estimated to be \$100,000 and one full-time regular government employee.

#### H. Estimated Number and Frequency of Committee Meetings

The Council will meet two to three times per year, with the possibility of more frequent meetings by informal subcommittees.

#### I. Committee's Termination Date

The Council will terminate two years from the date on which this charter was filed, unless renewed before that date for an additional term.

#### J. Membership

Members will be selected to balance the expertise and viewpoints that are necessary to address effectively the new technology issues that will be referred to the TAC. Members will be recognized experts in their fields and, for private sector companies, individuals who hold technical executive positions such as Chief Technical Officer or Senior Technical Manager.

Members should be prepared to attend two to three meetings per year in Washington D.C. and are responsible for all associated expenses. The TAC will maintain a website and members are expected to be able to devote some time each week to electronic deliberations. As members of a collegial federal advisory committee, members should be prepared for vigorous debate with their peers on TAC as well as with FCC Commissioners and staff.

Members will have an initial and continuing obligation to disclose any interests in, or connections to, persons or entities who are, or will, be regulated by or who have interests before the FCC.

#### K. Date Original Charter Filed

December 11, 1998.  
Federal Communications Commission.
