

A. Background

This proposed rule amends DFARS Subpart 203.3 to add a definition of "exclusive teaming arrangement" and to specify that certain exclusive teaming arrangements may evidence violations of the antitrust laws. Teaming arrangements that inhibit competition limit the Government's ability to obtain the best products at reasonable prices.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

The proposed rule is not expected to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because DoD does not expect frequent use of anticompetitive teaming arrangements by contractors or subcontractors. Therefore, an initial regulatory flexibility analysis has not been performed. Comments are invited from small businesses and other interested parties. Comments from small entities concerning the affected DFARS subpart also will be considered in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 99-D028 in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

Defense Federal Acquisition Regulation Supplement; Utilization of Indian Organizations and Indian-Owned Economic Enterprises

AGENCY: Department of Defense (DoD).

ACTION: Proposed rule with request for comments.

SUMMARY: The Director of Defense Procurement is proposing to amend the Defense Federal Acquisition Regulation Supplement (DFARS) to revise procedures pertaining to the Indian Incentive Program. The Program provides for incentive payments to Government contractors that use Indian organizations and Indian-owned economic enterprises as subcontractors. This proposed rule reflects new statutory provisions that permit small business concerns to participate in the Indian Incentive Program.

SUPPLEMENTARY INFORMATION:**A. Background**

This proposed rule amends DFARS Subpart 226.1 to update procedures pertaining to the Indian Incentive Program. Section 504 of the Indian Financing Act of 1974 (25 U.S.C. 1544) established the Indian Incentive Program, which provides for payment of incentives to Government contractors that use Indian organizations and Indian-owned economic enterprises as subcontractors. Prior to fiscal year 1999, annual appropriations acts restricted DoD payments under the Program to those contractors that submitted small business subcontracting plans pursuant to 15 U.S.C. 637(d) or section 854 of Public Law 101-89 (15 U.S.C. 637 note). Since small business concerns are not required to submit subcontracting plans, small businesses were excluded from participation in the Indian Incentive Program under DoD contracts. Section 8024 of the DoD Appropriations Act for Fiscal Year 1999 (Public Law 105-262) and section 8024 of the DoD Appropriations Act for Fiscal Year 2000 (Public Law 106-79) eliminated the requirement for a DoD contractor to submit a subcontracting plan before it may participate in the Indian Incentive Program.

DoD implements the Indian Incentive Program through use of the clause at Federal Acquisition Regulation (FAR) 52.226-1, Utilization of Indian Organizations and Indian-Owned Economic Enterprises. The FAR and DFARS presently prescribe use of the clause in only those DoD contracts that contain subcontracting plan requirements. On October 27, 1999, a proposed FAR rule was published in the **Federal Register** (64 FR 57964) to remove the FAR requirements for DoD use of the clause; these proposed DFARS amendments would replace the FAR requirements.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

The proposed rule may have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* An Initial Regulatory Flexibility Analysis has been prepared and is summarized as follows:

The legal basis for the proposed rule is Section 504 of the Indian Financing

Act of 1974 (25 U.S.C. 1544); Section 8024 of the DoD Appropriations Act for Fiscal Year 1999 (Public Law 105-262); and Section 8024 of the DoD Appropriations Act for Fiscal Year 2000 (Public Law 106-79). This rule will apply to all DoD contractors that have the clause at FAR 52.226-1 incorporated into their contracts. The proposed rule does not impose any new reporting, recordkeeping, or other compliance requirements, and does not duplicate, overlap, or conflict with any other Federal rules. The rule is expected to have a beneficial effect on small business concerns, because small businesses are now eligible to receive incentive payments for the use of Indian organizations and Indian-owned economic enterprises as subcontractors.

DoD has submitted a copy of the analysis to the Chief Counsel for Advocacy of the Small Business Administration. Interested parties may obtain a copy of the analysis from the address specified herein. Comments are invited. Comments from small entities concerning the affected DFARS subpart also will be considered in accordance with 5 U.S.C. 610. Such comments should be submitted separately and should cite DFARS Case 99-D300 in correspondence.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

SUPPLEMENTARY INFORMATION:

Background

Section 4(b)(3)(D)(i) of the Act and our listing regulations (50 CFR 424.14 (c)(1)), require that we make a finding on whether a petition to revise critical habitat of a species presents substantial scientific or commercial information to demonstrate that the petitioned action may be warranted. We are to base this finding on all information available to us at the time the finding is made. To the maximum extent practicable, we are to make this finding within 90 days of the date we received the petition, and we are to publish the finding promptly in the **Federal Register**. Our regulations (50 CFR 424.14 (c)(2)(i)) further require that, in making a finding on a petition to add critical habitat, we consider whether the petition contains information indicating that areas petitioned to be added to critical habitat contain physical and biological features essential to, and that may require special management to provide for, the conservation of the species involved.

On May 8, 1998, we published Listing Priority Guidance for Fiscal Years 1998 and 1999 (63 FR 25502). The guidance clarifies the order in which we will process rulemakings giving highest priority (Tier 1) to processing emergency rules to add species to the Lists of Endangered and Threatened Wildlife and Plants (Lists); second priority (Tier 2) to processing final determinations on proposals to add species to the Lists, processing new proposals to add species to the Lists, processing administrative findings on petitions (to add species to the Lists, delist species, or reclassify listed species), and processing a limited
