

**PART 62—[AMENDED]**

1. The authority citation for part 62 continues to read as follows:

**Authority:** 42 U.S.C. 7401–7671q.

**Subpart I—Delaware**

2. A new center heading, and §§ 62.1975, 62.1976, and 62.1977 are added to subpart I to read as follows:

**Emissions From Existing Hospital/Medical/Infectious Waste Incinerators (HMIWI)—Section 111(d)/129 Plan**

**§ 62.1975 Identification of plan.**

Section 111(d)/129 plan for HMIWI and the associated Delaware Department of Natural Resources, Division of Air and Waste Management, Regulation No. 20, section 29, as submitted on September 17, 1998.

**§ 62.1976 Identification of sources.**

The plan applies to all Delaware existing HMIWI for which construction was commenced on or before June 20, 1996.

**§ 62.1977 Effective date.**

The effective date of the plan for hospital/medical/infectious waste incinerators is June 13, 2000.

**BILLING CODE 6560–50–P**

**FEDERAL EMERGENCY MANAGEMENT AGENCY**

**44 CFR Part 64**

[Docket No. FEMA–7730]

**List of Communities Eligible for the Sale of Flood Insurance**

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Final rule.

**SUMMARY:** This rule identifies communities participating in the National Flood Insurance Program (NFIP). These communities have applied to the program and have agreed to enact certain floodplain management measures. The communities' participation in the program authorizes

the sale of flood insurance to owners of property located in the communities listed.

**EFFECTIVE DATES:** The dates listed in the third column of the table.

**ADDRESSES:** Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the NFIP at: Post Office Box 6464, Rockville, MD 20849, (800) 638–6620.

**FOR FURTHER INFORMATION CONTACT:** Donna M. Dannels, Branch Chief, Policy, Assessment and Outreach Division, Mitigation Directorate, 500 C Street SW., room 411, Washington, DC 20472, (202) 646–3098.

**SUPPLEMENTARY INFORMATION:** The NFIP enables property owners to purchase flood insurance which is generally not otherwise available. In return, communities agree to adopt and administer local floodplain management measures aimed at protecting lives and new construction from future flooding. Since the communities on the attached list have recently entered the NFIP, subsidized flood insurance is now available for property in the community.

In addition, the Associate Director of the Federal Emergency Management Agency has identified the special flood hazard areas in some of these communities by publishing a Flood Hazard Boundary Map (FHBM) or Flood Insurance Rate Map (FIRM). The date of the flood map, if one has been published, is indicated in the fourth column of the table. In the communities listed where a flood map has been published, Section 102 of the Flood Disaster Protection Act of 1973, as amended, 42 U.S.C. 4012(a), requires the purchase of flood insurance as a condition of Federal or federally related financial assistance for acquisition or construction of buildings in the special flood hazard areas shown on the map.

The Associate Director finds that the delayed effective dates would be contrary to the public interest. The Associate Director also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

*National Environmental Policy Act.* This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Considerations. No environmental impact assessment has been prepared.

*Regulatory Flexibility Act.* The Associate Director certifies that this rule will not have a significant economic impact on a substantial number of small entities in accordance with the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, because the rule creates no additional burden, but lists those communities eligible for the sale of flood insurance.

*Regulatory Classification.* This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

*Paperwork Reduction Act.* This rule does not involve any collection of information for purposes of the Paperwork Reduction Act, 44 U.S.C. 3501 *et seq.*

*Executive Order 12612, Federalism.* This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, October 26, 1987, 3 CFR, 1987 Comp., p. 252.

*Executive Order 12778, Civil Justice Reform.* This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778, October 25, 1991, 56 FR 55195, 3 CFR, 1991 Comp., p. 309.

**List of Subjects in 44 CFR Part 64**

Flood insurance, Floodplains.

Accordingly, 44 CFR part 64 is amended as follows:

**PART 64—[AMENDED]**

1. The authority citation for part 64 continues to read as follows:

**Authority:** 42 U.S.C. 4001 *et seq.*, Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

**§ 64.6 [Amended]**

2. The tables published under the authority of § 64.6 are amended as follows:

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

**50 CFR Part 635**

[Docket No. 000328086-0086-01; I.D. 012800H]

RIN 0648-AN56

**Atlantic Highly Migratory Species; Bluefin Tuna Landings Reporting**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule; determination of state jurisdiction.

**SUMMARY:** NMFS has determined that the State of Maryland has implemented regulations for reporting Atlantic bluefin tuna (BFT) landings in the recreational fishery that are mandatory, at least as restrictive as the Federal

reporting requirements, and effectively enforced. Under Maryland law, participants in the recreational fishery who land BFT must report via the Maryland BFT landing card program. Therefore, recreational anglers who land BFT in the State of Maryland are exempt from the requirement to report BFT landings through NMFS' automated landings reporting system. All other Federal regulations applicable to Atlantic tunas continue to apply within the boundary of the State of Maryland. The intent of this action is to eliminate a Federal requirement that duplicates State regulations.

**DATES:** Effective April 13, 2000 through May 31, 2001.

**ADDRESSES:** Requests for copies of the final rule and information on Atlantic tunas landings reporting should be directed to Rebecca Lent, Chief, Highly Migratory Species Management Division, Office of Sustainable Fisheries (F/SF1), NMFS, 1315 East-West Highway, Silver Spring, MD 20910-3282. Send comments regarding the burden-hour estimates or other aspects of the collection-of-information requirement contained in this rule to Rebecca Lent and to the Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), Washington, DC 20503 (Attention: NOAA Desk Officer).

**FOR FURTHER INFORMATION CONTACT:**

Maria Uitterhoeve, 301-713-2347; Pat Scida, 978-281-9208.

**SUPPLEMENTARY INFORMATION:**

**Background**

The Atlantic Tunas Convention Act (ATCA), codified at 16 U.S.C. 971 *et seq.*, provides for U.S. participation in the conduct of scientific research programs and regulation of fishing operations by the International Commission for the Conservation of Atlantic Tunas (ICCAT). Section 971g(d)(2)(B) provides that Federal regulations promulgated to implement ICCAT recommendations shall apply within the boundary of any state bordering on any convention area if the Secretary of Commerce determines that any such state has laws or regulations that are less restrictive than the Federal regulations or, if not less restrictive, are not effectively enforced.

Regulations implemented under the authority of ATCA governing the harvest of Atlantic highly migratory species by persons and vessels subject to U.S. jurisdiction appear at 50 CFR part 635. Specifically, regulations limiting the harvest of BFT and requiring reporting of BFT landings implement ICCAT recommendations regarding country catch quotas and catch reporting. In the case of the U.S.
