

with the terms of its recognition and to investigate as OSHA deems necessary;

If SwRI has reason to doubt the efficacy of any test standard it is using under this program, it must promptly inform the organization that developed the test standard of this fact and provide that organization with appropriate relevant information upon which its concerns are based;

SwRI must not engage in or permit others to engage in any misrepresentation of the scope or conditions of its recognition. As part of this condition, SwRI agrees that it will allow no representation that it is either a recognized or an accredited Nationally Recognized Testing Laboratory (NRTL) without clearly indicating the specific equipment or material to which this recognition is tied, or that its recognition is limited to certain products;

SwRI must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major changes in its operations as an NRTL, including details;

SwRI will continue to meet all the terms of its recognition and will always comply with all OSHA policies pertaining to this recognition;

SwRI will continue to meet the requirements for recognition in all areas where it has been recognized; and

SwRI will always cooperate with OSHA to assure compliance with the spirit as well as the letter of its recognition and 29 CFR 1910.7.

Signed at Washington, DC, this 3rd day of November, 2000.

Charles N. Jeffress,
Assistant Secretary.

BILLING CODE 4510-26-P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice.

SUMMARY: NARA is giving public notice that the agency has submitted to OMB for approval the information collections described in this notice. The public is invited to comment on the proposed information collections pursuant to the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted to OMB at the address below

on or before December 22, 2000 to be assured of consideration.

ADDRESSES: Comments should be sent to: Office of Information and Regulatory Affairs, Office of Management and Budget, Attn: Ms. Brook Dickson, Desk Officer for NARA, Washington, DC 20503.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the proposed information collections and supporting statements should be directed to Tamee Fechhelm at telephone number 301-713-6730 or fax number 301-713-6913.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (Public Law 104-13), NARA invites the general public and other Federal agencies to comment on proposed information collections. NARA published a notice of proposed collection for this information collection on September 13, 2000 (65 FR 55304 and 55305). No comments were received. NARA has submitted the described information collection to OMB for approval.

In response to this notice, comments and suggestions should address one or more of the following points: (a) Whether the proposed collection informations are necessary for the proper performance of the functions of NARA; (b) the accuracy of NARA's estimate of the burden of the proposed information collections; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of information technology. In this notice, NARA is soliciting comments concerning the following information collection:

1. Title: Customer Comment Form.
OMB number: 3095-0007.

Agency form number: NA Form 14045.

Type of review: Regular.

Affected public: Individuals.

Estimated number of respondents: 1,925.

Estimated time per response: 5 minutes.

Frequency of response: On occasion.

Estimated total annual burden hours: 160 hours.

Abstract: The information collection is a customer comment form made available to persons who use NARA services or visit NARA museums. The form is voluntary and is used to record comments, complaints, and suggestions from NARA customers. NARA uses the information to correct problems and improve service.

2. Title: NHPRC Subvention Grant Guidelines and Application.

OMB number: 3095-0021.

Agency form number: N/A.

Type of review: Regular.

Affected public: Universities and non-profit presses.

Estimated number of respondents: 18.

Estimated time per response: 6 hours.

Frequency of response: On occasion.

On the average, a press submits two subvention applications per year.

Estimated total annual burden hours: 216 hours.

Abstract: The information collection is prescribed by 36 CFR 1206. The application is submitted by university and other non-profit presses applying to the NHPRC grant program for subvention of part of the costs of manufacturing and distributing volumes published by NHPRC-supported editorial projects.

3. Title: NHPRC Annual Sales Reports for Subvention Grants.

OMB number: 3095-0022.

Agency form number: None.

Type of review: Regular.

Affected public: Non-profit presses that have received an NHPRC subvention grant.

Estimated number of respondents: 18.

Estimated time per response: 1 hour.

Frequency of response: One time only.

On the average, a press has two on-going subvention grants and therefore submits two sales reports per year.

Estimated total annual burden hours: 36 hours.

Abstract: The information collection is prescribed by 36 CFR 1206. The sales information provided by non-profit presses is used by Commission staff to gauge interest among scholars and the general public in documentary editions supported by Commission grants.

Dated: November 15, 2000.

L. Reynolds Cahoon,

Assistant Archivist for Human Resources and Information Services.

BILLING CODE 7515-01-P

NUCLEAR REGULATORY COMMISSION

[Docket No. 030-21059; License No. 22-16537-02; EA-00-147]

In the Matter of Braun Intertec Corporation, Minneapolis, Minnesota; Order Imposing Civil Monetary Penalty

I

Braun Intertec Corporation (Licensee) is the holder of Materials License No. 22-16537-02 issued by the Nuclear

Regulatory Commission (NRC or Commission) on September 29, 1999, and amended in its entirety on July 21, 2000. The license authorizes the Licensee to perform industrial radiography in accordance with the conditions specified therein.

II

An inspection of the Licensee's activities was conducted January 26 through February 24, 2000, and an investigation was initiated on February 7, 2000. The results of the inspection and investigation indicated that the Licensee had not conducted its activities in full compliance with NRC requirements. A written Notice of Violation and Proposed Imposition of Civil Penalty (Notice) was served upon the Licensee by letter dated August 14, 2000. The Notice states the nature of the violation, the provision of the NRC's requirements that the Licensee had violated, and the amount of the civil penalty proposed for the violation.

The Licensee responded to the Notice in a letter dated September 12, 2000. In its response, the Licensee agreed with the violation, but disputed that the violation was willful or was caused by "careless disregard" on the part of licensee personnel.

III

After consideration of the Licensee's response and the statements of fact, explanation, and argument for mitigation contained therein, the NRC staff has determined, as set forth in the letter forwarding this Order, that the violation occurred as stated and that the penalty proposed for the violation designated in the Notice should be imposed.

IV

In view of the foregoing and pursuant to Section 234 of the Atomic Energy Act of 1954, as amended (Act), 42 U.S.C. 2282, and 10 CFR 2.205, *It Is Hereby Ordered That:*

The Licensee pay a civil penalty in the amount of \$5,500 within 30 days of the date of this Order, in accordance with NUREG/BR-0254. In addition, at the time of making the payment, the licensee shall submit a statement indicating when and by what method payment was made, to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738.

V

The Licensee may request a hearing within 30 days of the date of this Order. Where good cause is shown,

consideration will be given to extending the time to request a hearing. A request for extension of time must be made in writing to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555, and include a statement of good cause for the extension. A request for a hearing should be clearly marked as a "Request for an Enforcement Hearing" and shall be submitted to the Secretary, U.S. Nuclear Regulatory Commission, ATTN: Rulemakings and Adjudications Staff, Washington, DC 20555. Copies also shall be sent to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555, to the Assistant General Counsel for Materials Litigation and Enforcement at the same address, and to the Regional Administrator, NRC Region III, 801 Warrenville Road, Lisle, Illinois, 60532.

If a hearing is requested, the Commission will issue an Order designating the time and place of the hearing. If the Licensee fails to request a hearing within 30 days of the date of this Order (or if written approval of an extension of time in which to request a hearing has not been granted), the provisions of this Order shall be effective without further proceedings. If payment has not been made by that time, the matter may be referred to the Attorney General for collection.

In the event the Licensee requests a hearing as provided above, the issues to be considered at such hearing shall be whether, on the basis of the findings made by the staff, this Order should be sustained.

Dated this 14th day of November 2000.

For the Nuclear Regulatory Commission.

R.W. Borchardt,

Director, Office of Enforcement.

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

[Docket 70-7001]

Notice of Receipt of Amendment Application to Certificate of Compliance GDP-1 for the U.S. Enrichment Corporation, Paducah Gaseous Diffusion Plant, Paducah, KY; Notice of Comment Period

Notice is hereby given that the U.S. Nuclear Regulatory Commission (NRC or the Commission) has received an amendment application from the United States Enrichment Corporation that is considered to be a major change in the facility and/or the operating procedures which could substantially increase the

risk. Any interested party may submit written comments on the application for amendment for consideration by the staff. To be certain of consideration, comments must be received by December 22, 2000. Comments received after the due date will be considered if it is practical to do so. The Commission is able to assure consideration only for comments received on or before this date.

Written comments on the amendment application should be mailed to the Chief, Rules Review and Directives Branch, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555, or may be hand delivered to 11545 Rockville Pike, Rockville, MD, 20854, between 7:45 a.m. and 4:15 p.m. on Federal workdays. Comments should be legible and reproducible, and include the name, affiliation (if any), and address of the submitter at the Commission's Public Document Room and the Local Public Document Room. In accordance with 10 CFR 76.62 and 76.64, a member of the public must submit written comments to petition the Commission requesting review of the Director's Decision on the amendment request.

For further details with respect to the action, see the application for amendment. The application is available for public inspection at the Commission's Public Document Room, NRC's Headquarters Building, One White Flint North, 11555 Rockville Pike, Rockville, MD, 20852, and electronically from the Publicly Available Records (PARS) component of NRC's document management system (ADAMS), which is accessible from the NRC Web Site at: <http://www.nrc.gov/NRC/ADAMS/index.html>.

Date of amendment request: October 20, 2000.

Brief description of amendment: The U.S. Enrichment Corporation is requesting that the assay limit for the Paducah facility be increased from the current 2.75 wt% ²³⁵U up to 5.5 wt% ²³⁵U. The proposed amendment, if approved, would allow the Paducah facility to withdraw from the cascade and ship 5.0 wt% enriched uranium hexafluoride (UF₆).

Certificate of Compliance No. GDP-1: USEC, in its proposed amendment, is providing revision number 52 to the certificate to allow the higher enrichment. This amendment also proposes changes to the Technical Safety Requirements Basis Statements.

Dated at Rockville, Maryland, this 15th day of November 2000.
