### Amendment: Substantial Risks Associated With Production of Methamphetamine and Amphetamine

1. Synopsis of Amendment: This amendment addresses the directive in section 102 (the "substantial risk directive") of the Methamphetamine Anti-Proliferation Act of 2000 (the "Act"), Pub. L. 106-310.

The Act requires the Commission to promulgate amendments under emergency amendment authority. Although the Act generally provides that the Commission shall promulgate various amendments "as soon as practicable," the substantial risk directive specifically requires that the amendment implementing the directive shall apply "to any offense occurring on or after the date that is 60 days after the date of the enactment" of the Act.

App. 1901 *et seq.*).

The Act requires the Commission, in carrying out the substantial risk directive, to provide the following enhancements—

(A) if the offense created a substantial risk of harm to human life (other than a life described in subparagraph (B)) or the environment, increase the base offense level for the offense—

 (ii) if the resulting base offense level after an increase under clause (i) would be less than level 27, to not less than level 27; or

(B) if the offense created a substantial risk of harm to the life of a minor or incompetent, increase the base offense level for the offense—

(i) by not less than 6 offense levels above the applicable level in effect on the date of the enactment of this Act; or  
 (ii) if the resulting base offense level after an increase under clause (i) would be less than level 30, to not less than level 30.
