Thoroughbred Generation Company, LLC (TCC) submitted for filing a rate schedule under which TCC will engage in the sales of energy and capacity at market-based rates. TCC also requested waiver of various Commission regulations. In particular, TCC requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by TCC.

On March 11, 2002, pursuant to delegated authority, the Director, Office of Markets, Tariffs and Rates-Central, granted requests for blanket approval under Part 34, subject to the following:

Absent a request to be heard in opposition within this period, TCC is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of TCC, compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of TCC's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is April 10, 2002.
