BILLING CODE 3410-34-P

NUCLEAR REGULATORY COMMISSION

10 CFR Parts 1, 2, 7, 9, 19, 20, 26, 30, 31, 33, 39, 50, 51, 52, 54, 55, 71, 75, 100 and 110

RIN 3150-AH01

NRC Public Document Room Address Change and Corrections to Information Collection Provisions

AGENCY: Nuclear Regulatory Commission.

ACTION: Final rule.

SUMMARY: The Nuclear Regulatory Commission (NRC) is amending its regulations to reflect the new address for the Public Document Room (PDR) and to correct information collection sections in the Code of Federal Regulations. These amendments are necessary to inform the public of these administrative changes to the NRC regulations.

EFFECTIVE DATE: November 4, 2002.

FOR FURTHER INFORMATION CONTACT:

Alzonía W. Shepard, Rules and Directives Branch, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone (301) 415-6864, e-mail:aws@nrc.gov.

SUPPLEMENTARY INFORMATION: The NRC has relocated its Public Document Room (PDR) to the NRC's headquarters building, One White Flint North, located at 11555 Rockville Pike (first floor), Rockville, Maryland. The NRC is amending portions of its regulations to reflect the relocation of the PDR. This final rule also corrects the paragraphs listing approved information collection requirements in the information collection sections of several 10 CFR parts. These corrections are necessary to reflect information collections that were added or removed by specific

rulemaking actions for which conforming changes were not made.

Because these amendments deal solely with agency practice and procedures, the notice and comment provisions of the Administrative Procedure Act do not apply under 5 U.S.C. 553(b)(A). These amendments are effective upon publication in the **Federal Register**. Good cause exists to dispense with the usual 30-day delay in the effective date, because these amendments are of a minor and administrative nature, dealing with the relocation of the agency PDR and correction of information collection sections.

Environmental Impact: Categorical Exclusion

The NRC has determined that this final rule is the type of action described in categorical exclusion 10 CFR 51.22 (c)(2). Therefore, neither an environmental impact statement nor an environmental assessment has been prepared for this final rule.

Paperwork Reduction Act Statement

This rule does not contain new or amended information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). Existing requirements were approved by the Office of Management and Budget, approval numbers 3150-0043, -0044, -0014, -0146, -0017, -0016, -0015, -0130, -0011, -0021, -0151, -0155, -0018, -0008, -0132, -0002, -0055, -0093, and -0036.

Public Protection Notification

The NRC may not conduct or sponsor, and a person is not required to respond to, a request for information or an information collection requirement unless the requesting document displays a currently valid OMB control number.

Regulatory Analysis

A regulatory analysis has not been prepared for this final rule because this rule is administrative in that it amends the regulations to reflect the current address for the Public Document Room and corrects information collection sections in the Code of Federal Regulations. These are considered minor non-substantive amendments and will not have a significant impact on NRC licensees or the public.

Backfit Analysis

The NRC has determined that the backfit rule does not apply to this final rule because this rule does not involve any provisions that would impose a backfit as defined in 10 CFR Chapter I.

Therefore a backfit analysis is not required for this rule.

Small Business Regulatory Enforcement Fairness Act

In accordance with the Small Business Regulatory Enforcement Fairness Act of 1996, the NRC has determined that this action is not a major rule and verified this determination with the Office of Information and Regulatory Affairs of OMB.
