Meetings with the Department of Commerce and the Office of the U.S. Trade Representative. Commerce and USTR will provide an opportunity for meetings with interested persons beginning in the latter half of January 2003 to review the submissions related to exclusion requests. Interested persons who wish to request such a meeting should contact Commerce by electronic mail at exclusion_support@ita.doc.gov with a copy to USTR at astephens@ustr.gov. If the number of meetings requested exceeds the time available for such meetings, priority will be given to meetings regarding exclusion requests that, in the opinion of USTR and Commerce, require further inquiry.

SUPPLEMENTARY INFORMATION: On March 5, 2002, pursuant to section 203 of the Trade Act of 1974, as amended (the Trade Act) (19 U.S.C. 2253), the President issued Proclamation 7529 (67 FR 10553), which imposed tariffs and a tariff-rate quota on (a) certain flat steel, consisting of: Slabs, plate, hot-rolled steel, cold-rolled steel, and coated steel; (b) hot-rolled bar; (c) cold-finished bar; (d) rebar; (e) certain tubular products; (f) carbon and alloy fittings; (g) stainless steel bar; (h) stainless steel rod; (i) tin mill products; and (j) stainless steel wire, as provided for in subheadings 9903.72.30 through 9903.74.24 of the Harmonized Tariff Schedule of the United States (HTS) (safeguard measures) for a period of three years plus 1 day.

Proclamation 7529 delegated to the USTR the authority, in March of each year in which any safeguard measure established by the proclamation remains in effect, upon publication in the **Federal Register** of a notice of his finding that a particular product should be excluded, to modify the HTS provisions created by the Annex to the proclamation to exclude such particular

product from the pertinent safeguard measure established by the proclamation. This **Federal Register** notice provides further notice of the procedures for the consideration of these anniversary exclusion requests.

Each exclusion request will be evaluated on a case-by-case basis. Only those exclusions that do not undermine the objectives of the safeguard measures will be granted. Analysis of the requests will include consideration of whether the product is currently being produced in the United States, whether substitution of the product is possible, whether qualification requirements affect the requester's ability to use domestic products, current inventory levels, whether the requested product is under development by a U.S. producer who will imminently be able to produce it in marketable quantities, and any other relevant factors.

Paperwork Reduction Act: This notice contains a collection of information provision subject to the Paperwork Reduction Act (PRA) that the Office of Management and Budget (OMB) has approved. Notwithstanding any other provision of law, no person is required to respond to nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the PRA unless that collection of information displays a currently valid OMB number. This notice's collection of information burden is only for those persons who wish voluntarily to request the exclusion of a product from the safeguard measures. It is expected that the collection of information burden will be no more than 20 hours. This collection of information contains no annual reporting or record keeping burden. OMB approved this collection of information under OMB Control Number 0350-0011. Please send comments regarding the collection of information burden or any other aspect of the information collection to USTR at the address above.
