(2) *Exemption:* During the processing of a Freedom of Information Act (FOIA) and Privacy Act (PA) request, exempt materials from other systems of records may in turn become part of the case record in this system. To the extent that copies of exempt records from those "other" systems of records are entered into this system, the Inspector General, DoD, claims the same exemptions for the records from those "other" systems that are entered into this system, as claimed for the original primary system of which they are a part.

In general, the exemptions were claimed in order to protect properly classified information relating to national defense and foreign policy, to avoid interference during the conduct of criminal, civil, or administrative actions or investigations, to ensure protective services provided the President and others are not compromised, to protect the identity of confidential sources incident to Federal employment, military service, contract, and security clearance determinations, to preserve the confidentiality and integrity of Federal testing materials, and to safeguard evaluation materials used for military promotions when furnished by a confidential source. The exemption rule for the original records will identify the specific reasons why the records are exempt from specific provisions of 5 U.S.C. 552a.
