Background and Purpose

DHS is issuing the Homeland Security Acquisition Regulation (HSAR) to establish a uniform departmentwide acquisition policy and regulation. The HSAR uses plain language for clarity and understanding; does not contain internal operating procedures that do not have a significant effect beyond DHS; and establishes the DHS Mentor-Protege Program.

The Department formed a HSAR Work Group that included both acquisition and legal staff from both the Department and its organizational elements. The team's approach was to develop and issue a regulation that delegates authority, where appropriate, to the lowest levels, is concise, and is simple for contractor's, offerors, and DHS contracting personnel to use.

Discussion of Interim Rule

The parts that contain no coverage and have been reserved are parts 3007, 3008, 3010, 3012, 3014, 3018, 3020, 3021, 3025, 3026, 3029, 3034, 3038, 3039, 3040, 3041, 3043, 3044, 3048, 3049, 3050, and 3051.

Regulatory Assessment

This interim rule is not subject to review by the Office of Management and Budget (OMB) under Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13132, Federalism, and is not a major rule under 5 U.S.C. 804. It therefore does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under Executive Order 12866. It is not significant under the regulatory policies and procedures of the Department of Homeland Security.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we have considered whether this interim rule would have a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. This interim rule is not expected to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act. An Initial Regulatory

Flexibility Analysis has not been performed.

The Mentor-Protégé Program does apply to large business and small business firms that receive a form of incentive for assuming the role of mentor to small businesses, other small disadvantaged businesses, qualified HUBZone small businesses, small businesses owned and controlled by service disabled veterans, and small women-owned businesses. It is expected that the protégé entities would directly benefit from the forms of mentoring provided for in this rule. The interim regulation provides consistency with the FAR.

Collection of Information

This interim rule contains information collection requirements subject to the Paperwork Reduction Act (44 U.S.C. 3501–3520) that are being submitted to OMB for approval. As defined in 5 CFR 1320.3(c), “collection of information” comprises reporting, recordkeeping, monitoring, posting, labeling, and other, similar actions. DHS is awaiting approval from OMB for the five (5) forms that are referenced in the HSAR, and that can be found in Part 3053. DHS is also awaiting approval and the assignment of numbers for contract, solicitations and protests.

This information will be shown in HSAR Section 3001.106 and Part 3053, and will be published separately. This information is required by the Office of the Chief Procurement Officer in order to solicit, negotiate, award, and administer contracts in accordance with the Federal Acquisition Regulation, other regulations and statutes; in order to evaluate offers, ensure appropriate contract cost controls, and minimize conditions conducive to fraud, waste, and abuse; and in order to collect appropriate information from prospective contractors when protests are filed.

Additionally, the collections of information in this rule in part 3053 are for DHS Forms 0700–01 through 0700–05. These forms will be used when applicable for the following purposes: Cumulative Claim and Reconciliation Statement; Contractor’s Assignment of Refunds, Rebates, Credits, and Other Amounts; Contractor’s Release; Contractor Report of Government Property; and Employee Claim for Wage Restitution.

As required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3507(d)), we have submitted a copy of this interim rule to the Office of Management and Budget (OMB) for its review of the collection of information. Due to the circumstances surrounding

this temporary rule, we asked for “emergency processing” of our request.

We ask for public comment on the collection of information to help us determine how useful the information is; whether it can help us perform our functions better; whether it is readily available elsewhere; how accurate our estimate of the burden of collection is; how valid our methods for determining burden are; how we can improve the quality, usefulness, and clarity of the information; and how we can minimize the burden of collection.

If you submit comments on the collection of information, submit them both to OMB and to DHS at the address indicated under **ADDRESSES**, by the date under **DATES**.

You need not respond to a collection of information unless it displays a currently valid control number from OMB.

Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on State or local governments and would either preempt State law or impose a substantial direct cost of compliance on them. This rule is not subject to the requirements of Executive Order 13132. DHS has determined that this proposed rule does not contain federalism implications and would not preempt State laws.

Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Homeland Security that urgent and compelling reasons exist to publish an interim rule prior to affording the public an opportunity to comment. This interim rule implements Sections 833 and 835 of the Homeland Security Act (Public Law 107–296), signed on November 25, 2002. The act provides authorities to be used in contracting for supplies and services required to accomplish the DHS mission of preventing and reducing terrorist attacks as well as minimizing damage and assisting in recovery from terrorist attacks for the Department and its organizational elements (OEs). Comments received in response to this interim rule will be considered in the formation of the final rule.

Under 5 U.S.C. 553(b)(B), the Department of Homeland Security (DHS) finds that good cause exists for not publishing a general notice of proposed rulemaking (NPRM). DHS consists of agencies and other operating elements of Government that pre-existed the formation of DHS. Prior to DHS’s formation, those agencies used

supplemental acquisition regulations as a foundation for the conduct of their procurement and acquisition functions. For example, the Coast Guard utilized the Department of Transportation (DOT) Acquisition Regulations found at 48 CFR Chapter 12. The Coast Guard can no longer rely on the DOT regulations since they no longer are a part of DOT. Similarly, organizations that used the Department of Treasury’s or Department of Justice’s acquisition supplements can no longer rely on those regulations.

DHS finds that due to an urgent need for seamless continued acquisition and contracting operations of the previous agencies and organizations that now comprise DHS, it is impracticable to afford the public an opportunity to comment prior to issuing this interim rule. Currently, there are no Department-level acquisition regulations governing DHS’s vital contracting business. Consequently, a delay in issuing this regulation would be contrary to the public interest. This regulation realigns contracting authority within the Department and provides uniform regulatory guidance for the acquisition of supplies and services required to accomplish DHS’s mission of preventing and reducing terrorist attacks as well as minimizing damage and assisting in recovery from terrorist attacks.

Under 5 U.S.C. 553(d)(3), DHS also finds that for the same reasons discussed above respecting 5 U.S.C. 553(b)(B), good cause exists for making this rule effective in less than 30 days after publication in the **Federal Register**.

(d) The FAR and this supplement are to be interpreted permissively, if consistent with statutory and regulatory requirements, policy, and sound professional judgment.

3001.104 Applicability.

(a) The following order of precedence applies to resolve any acquisition regulation or procedural inconsistency found within HSAR or the Homeland Security Acquisition Manual (HSAM):

- (1) Statute;
- (2) FAR or other applicable regulation or Executive Order;
- (3) HSAR;
- (4) Department of Homeland Security (DHS) Directives; and
- (5) HSAM.

(b) The Transportation Security Administration (TSA) exception to this regulation is authorized by the Aviation and Transportation Security Act of 2001 (Section 101(a) of Public Law 107-71). However, see (HSAR) 48 CFR 3033.211, regarding Board of Contract Appeals (BCA).

(c) For nonappropriated fund contracts, the FAR and HSAR will be followed to the maximum extent feasible excluding provisions determined by counsel not to apply to Nonappropriated Fund institutions (NAFIs). Contracting terms may provide for mutual agreement as to the Board of Contract Appeals jurisdiction but this policy will not confer court jurisdiction concerning NAFIs that does not otherwise exist.

The HSAR is available in the **Federal Register** and electronically at <http://www.dhs.gov/dhspublic/>.

3001.106 OMB Approval under the Paperwork Reduction Act.

(a) The Office of Management and Budget (OMB) has assigned the following control numbers that must appear on the upper right-hand corner of the face page of each solicitation, contract, modification, and order:

OMB Control No. 1600–002 (Contract related forms)
OMB Control No. 1600–005 (Offeror submissions)
OMB Control No. 1600–003 (Contractor submissions)
OMB Control No. 1600–004 (Protests)

(b) OMB regulations and OMB's approval and assignment of control numbers are conditioned upon not requiring more than three copies (including the original) of any document of information. OMB has granted a waiver to permit the Department to require up to eight copies of proposal packages, including proprietary data, for solicitations, provided that contractors who submit only an original and two copies will not be placed at a disadvantage.

Subpart 3001.3—Agency Acquisition Regulations

3001.301 Policy.

(a)(1) The HSAR is issued for Departmental guidance according to the policy cited in (FAR) 48 CFR 1.301. The

HSAR establishes uniform Homeland Security policies and procedures for all acquisition activities within the Department of the Homeland Security, except the TSA. OE supplemental acquisition regulations to be inserted in the HSAR as a HSAR supplement regulation must be reviewed and approved by the Chief Procurement Officer (CPO) before the CPO submits the proposed coverage for publication in the **Federal Register** according to (FAR) 48 CFR 1.501.

(2)(i) The CPO is authorized to issue internal agency guidance at any organizational level. Department-wide procedures are contained in the HSAM. The HCA may implement internal procedures or supplement the FAR, HSAR, or HSAM as provided in HSAM 3001.3. The HCA may issue procedures or delegate this authority to any organizational level deemed appropriate. OE procedures may be more restrictive or require higher approval levels than those permitted by the HSAM, unless otherwise specified.

(ii) Individuals granted authority in the HSAR may delegate that authority, unless the FAR or HSAR specifically state that the authority is not delegable.

(b) The Under Secretary of Management established procedures through Management Directive (MD) 0490.1, entitled *Federal Register Notice and Rules*, to ensure that agency acquisition regulations are published for comment in the **Federal Register** in conformance with FAR procedures at (FAR) 48 CFR subpart 1.5.

3001.301–70 Amendment of HSAR.

(a) Request for changes to the regulation may be recommended by DHS personnel, other Government agencies, or the public. Change requests are to be submitted in the following format to the Department of Homeland Security, Attn: Office of the Under Secretary of Management, Chief Procurement Officer, Washington, DC 20598.

(1) *Problem*: Succinctly state the problem(s) created by current HSAR requirements or processes and describe the factual or legal reasons for requesting a regulatory change.

(2) *Recommendation*: Identify the recommended change by using the current language and lining through the words to be deleted and inserting proposed language in brackets. If the change is extensive, deleted language may be displayed by forming a box with diagonal lines connecting the corners.

(3) *Discussion*: Explain why the change is necessary and how the change will solve the problem. Address any cost or administrative impact on

Government activities, offerors, and contractors. Provide any other helpful information and documents such as statutes, legal decisions, regulations, reports, etc.

(4) *Point of Contact*: Provide a point of contact for answering questions regarding the recommendation, along with a telephone number, e-mail or other method of reaching the contact.

(b) The HSAR is maintained by the CPO through the HSAR/HSAM change process (*i.e.*, input from various OEs including representatives specifically designated to formulate Departmental acquisition policies and procedures).

(1) Homeland Security Acquisition Circular (HSAC). HSAC (*see* (HSAR) 48 Chapter 3001.301–72) will be used to amend (HSAR) 48 Chapter 30.

(2) HSAR Notices will be issued (with a specified expiration date) when interim guidance is necessary under any of the following circumstances:

(i) To promulgate, as rapidly as possible, selected material in a general or narrative manner, in advance of a HSAC issuance;

(ii) To disseminate other acquisition related information; or

(iii) To issue guidance that is expected to be effective for a period of 1 year or less.

3001.301–71 Effective date.

Unless otherwise stated, the following applies—

(a) Statements in HSACs or HSAR Notices that the content is “upon a specified date,” or that changes in the document are “to be used upon receipt,” mean that any new or revised provisions, clauses, procedures, or forms must be included in solicitations or contracts issued thereafter; and

(b) Unless expressly directed by statute or regulation, if solicitations have been issued prior to the HSAC or HSAR notice receipt or publication, the new information (*e.g.*, forms and clauses) need not be included if the Chief of the Contracting Office (COCO) determines, in writing, that including the new information would not be in the best interests of the Government.

3001.301–72 HSAC or HSAR Notice numbering.

HSACs and HSAR Notices will be numbered consecutively on a fiscal year basis beginning with number “01” prefixed by the last two digits of the fiscal year (*e.g.*, HSAR Notices 03–01 and 03–02 indicate the first two HSAR Notices issued in fiscal year 2003).

3001.303 Publication and codification.

(a) The HSAR is issued as chapter 30 of Title 48 of the CFR.

(1) The FAR numbering illustrations at (FAR) 48 CFR 1.105–2 apply to the HSAR.

(2) Coverage within HSAR 48 CFR chapter 30 is identified by the prefix “30” followed by the complete FAR cite which may extend downward to the subparagraph level (*e.g.*, (HSAR) 48 CFR 3001.101).

(3) Coverage in HSAR Chapter 30 that supplements the FAR will use part, subpart, section and subsection numbers ending in “70” through “89”. A series of numbers beginning with “70” is used for provisions and clauses (*e.g.*, (HSAR) 48 CFR 3001.301–70).

(4) Coverage in HSAR 48 CFR chapter 30, other than that identified with a “70” or higher number, which

implements the FAR uses the identical number sequence and caption of the FAR segment being implemented which may extend downward to the subparagraph level. Subparagraph numbers/letters may not be shown as sequential, but may be shown by the specific paragraph/subparagraph implemented from the FAR (*e.g.*, (HSAR) 48 CFR 3003.301 contains subparagraphs (a) and (b) because only these subparagraphs, correlating to FAR, are being supplemented by (HSAR) 48 CFR chapter 30).

(5) Organizational Element-unique guidance. Supplementary material for which there is no counterpart in the FAR or HSAR shall be identified using chapter, part, subpart, section, or

subsection numbers of “90” and up (*e.g.*, the U.S. Coast Guard’s acronym is “USCG”; an USCG-unique clause pertaining to “Inspection and/or Acceptance” would be designated “USCG 3052.246–90”).

(6) References and citations. Cross references to the FAR in the HSAR will be cited by “FAR” followed by the FAR numbered cite, and cross reference to the HSAM in the HSAR will be cited by “HSAM” followed by the HSAM numbered cite.

(7) Department/agency and OE supplements must parallel the FAR and HSAR numbering, except department/agency supplemental numbering uses subsection numbering of 90 and up, instead of 70 and up.

(c) When furnishing a copy of a payment bond and contract in accordance with (FAR) 48 CFR 28.106-6(c), the requirement for a copy of the

On short-term or intermittent-use leases, however, the owner may be liable for damage caused by operation of the aircraft. It is usual for the aircraft owner to retain insurance covering this liability during the term of such lease. Such insurance can, often for little or no increase in premium, be made to cover the Government's exposure to liability as well. In order to take advantage of this coverage, the Risks and Indemnities clause at (HSAR) 48 CFR 3052.228-93 prescribed in paragraph (d)(1) of this section shall be used.

The term does not include:

- (1) Related support equipment, such as ground-handling equipment, training devices and accessories thereto, unless a cost effective warranty for the system would require inclusion of such items; or
- (2) Commercial items sold in substantial quantities to the general public as described in (FAR) 48 CFR part 2.

Performance requirements means the operating capabilities, maintenance, and reliability characteristics of a system that are determined to be necessary for it to fulfill the requirement for which the system is designed.

3046.703 Criteria for use of warranties.

(a) *Major Systems*. The use of warranties in the procurement of major systems by the USCG is mandatory, unless waived (see USCG guidance at (HSAR) 48 CFR 3046.792). Other OEs may use the procedures in USCG guidance in this part as a guideline for major systems acquisitions.

3046.705 Limitations.

(a) The following restrictions are applicable to DHS contracts:

(1) The USCG is required to include a warranty in cost reimbursement contracts for the production of major systems acquisitions.

(2) Any warranty on major system acquisitions shall not apply in the case of any system or component thereof which has been furnished by the Government to a contractor except as indicated in the USCG guidance at (HSAR) 48 CFR 3046.791-3.

(3) Any warranty obtained shall specifically exclude coverage of damage in time of war or national emergency.

3046.706 Warranty terms and conditions.

(a) The contracting officer, in developing the warranty terms and conditions, shall consider the following, and, where appropriate and cost beneficial, shall:

- (1) Identify the affected line item(s) and the applicable specification(s);
- (2) Require that the line item's design and manufacture will conform to:
 - (i) An identified revision of a top-level drawing; and/or

(ii) An identified specification or revision thereof;

(3) Require that the system conform to the specified Government performance requirements;

(4) Require that all systems and components delivered under the contract will be free from defects in materials and workmanship;

(5) State that in the event of failure due to nonconformance with specification and/or defects in material and workmanship, the contractor will bear the cost of all work necessary to achieve the specified performance requirements, including repair and/or replacement of all parts;

(6) Require the timely replacement/repair of warranted items and specify lead times for replacement/repair where possible;

(7) Identify the specific paragraphs containing Government performance requirements which must be met;

(8) Ensure that any performance requirements identified as goals or objectives in excess of specification requirements are excluded from the warranty provision;

(9) Define what constitutes the start of the warranty period (*e.g.*, delivery, acceptance, in-service date), the ending of the warranty (*e.g.*, passing a test or demonstration, or operation without failure for a specified time period), and circumstances requiring an extension of warranty duration (*e.g.*, extending the warranty period as a result of mass defect correction during warranty period);

(10) Identify what transportation costs will be paid by the contractor in conjunction with warranty coverage;

(11) Identify any conditions which will not be covered by the warranty, other than the exclusion of combat damage; and

(12) Identify any limitation on the total dollar amount of the contractor's warranty exposure, or agreement to share costs after a certain dollar threshold to avoid unnecessary warranty returns.

(b) Any contract that contains a warranty clause shall contain warranty implementation procedures, including warranty notification content and procedures, and identify the individuals responsible for implementation of warranty provisions. The contract may also permit the contractor's participation in investigation of system failures, providing that the contractor is reimbursed at established rates for fault isolation work, and that the Government receives credit for any payments where equipment failure is covered by warranty provisions.

3046.790 Additional USCG definitions (USCG).

For the USCG, in accordance with Public Law 99-190, the dollar threshold as it pertains to the inclusion of a warranty in major systems acquisitions is \$10 million.

3046.791 Use of warranties in major systems acquisitions by the USCG (USCG).

This subpart provides the policy for the USCG to use in obtaining warranties from contractors when contracting for the acquisition of a major system.

3046.791-1 Policy (USCG).

The USCG shall include a warranty in all contracts for major systems acquisitions. When drafting warranty provisions/clauses for major systems acquisitions, the contracting officer shall ensure that the items listed at (HSAR) 48 CFR 3046.706 have been considered. The warranty shall also meet the following requirements:

(a) For systems or components which are commercially available, such warranty as is normally provided by the manufacturer or supplier shall be obtained in accordance with (FAR) 48 CFR 46.703(d) and (FAR) 48 CFR 46.710(b)(2).

(b) For systems or components provided in accordance with either design and manufacturing or performance requirements as specified in the contract or any modification to that contract, a warranty of compliance with the stated requirements shall be obtained.

(c) The warranty provided under paragraph (b) of this section shall provide that in the event the major system or any component thereof fails to meet the terms of the warranty provided, the contracting officer may:

(1) Require the contractor to promptly take such corrective action as the contracting officer determines to be necessary at no additional cost to the Government, including repairing or replacing all parts necessary to achieve the requirements set forth in the contract;

(2) Require the contractor to pay costs reasonably incurred by the United States in taking necessary corrective action; or

(3) Equitably reduce the contract price.

(d) Any warranty shall specifically exclude coverage of combat damage.

3046.791-2 Tailoring warranty terms and conditions (USCG).

(a) As the objectives and circumstances vary considerably among major systems acquisition programs, contracting officers shall appropriately

tailor the warranty on a case-by-case basis, including remedies, exclusions, limitations and durations, provided the tailoring is consistent with the specific requirements of this subpart and (FAR) 48 CFR 46.706.

(b) Contracting officers of major systems acquisitions may exclude from the terms of the warranty certain defects for specified supplies (exclusions) and may limit the contractor's liability under the terms of the warranty (limitations), as appropriate, if necessary to derive a cost-effective warranty in light of the technical risk, contractor financial risk, or other program uncertainties.

(c) Contracting officers are encouraged to structure a broader and more comprehensive warranty where such is advantageous. Likewise, the contracting officer may narrow the scope of a warranty when appropriate (*e.g.*, where it would be inequitable to require a warranty of all performance requirements because a contractor had not designed the system).

(d) Contracting officers shall not include in a warranty clause any terms that require the contractor to incur liability for loss, damage, or injury to third parties.

3046.791-3 Warranties on Government-furnished property (USCG).

A contractor for a major systems acquisition shall not be required to provide the warranties specified in (HSAR) 48 CFR 3046.790-1 on any property furnished to that contractor by the Government except for:

(a) Defects in installation; and

(b) Installation or modification in such a manner that invalidates a warranty provided by the manufacturer of the property.

3046.792 Cost benefit analysis (USCG).

If a specific warranty is considered not to be cost beneficial by the contracting officer, a waiver request shall be initiated in accordance with guidance at (HSAR) 48 CFR 3046.793.

3046.793 Waiver and notification procedures (USCG).

(a) The Secretary of Homeland Security, without delegation, may waive the requirement for a warranty for USCG major system acquisitions when the waiver is in the interest of national defense or if the warranty obtained would not be cost beneficial. A waiver may be granted provided that the Committees on Appropriations of the Senate and the House of Representatives, the Committee on Commerce, Science and Transportation of the Senate, and the Committee on

Merchant Marine and Fisheries of the House of Representatives are notified, in writing, of the Secretary's intention to waive the warranty requirements and the reasons supporting such a determination prior to granting the waiver. The request for Secretarial waiver shall include, as a minimum:

(1) A brief description of the major system and its stage of production (*e.g.*, the number of units delivered and anticipated to be delivered during the life of the program);

(2) The specific waiver requested, the duration of the waiver if it is to involve more than one contract, and the rationale for the waiver; and

(3) All documentation supporting the request for waiver, such as a cost-benefit analysis.

(b) The waiver request shall be forwarded to the Secretary, via the CPO. The USCG shall maintain a written record of each waiver granted and the Congressional notification and report made, together with supporting documentation.

OEs desiring to use a provision or a clause on a standard basis shall submit a request containing a copy of the clause(s), justification for its use, and evidence of legal counsel review to the CPO in accordance with (HSAR) 48 CFR 3001.304 for possible inclusion in the HSAR.

(B) Provisions and clauses used on a one-time basis (*i.e.*, non-standard provisions and clauses) may be approved by the contracting officer, unless a higher level is designated by the OE. This authority is subject to:

(1) Evidence of legal counsel review in the contract file;

(2) Inserting these clauses in the appropriate sections of the uniform contract format; and

(3) Ensuring the provisions and clauses do not deviate from the requirements of the FAR and HSAR.

Subpart 3052.2—Text of Provisions and Clauses

3052.204–70 Security requirements for unclassified information—technology resources.

As prescribed in (HSAR) 48 CFR 3004.470–4 Contract clauses, and (HSAR) 48 CFR 3037.110–70 (a) and (b), insert a clause substantially the same as follows:

Security Requirements for Unclassified Information Technology Resources (Dec. 2003)

(a) The Contractor shall be responsible for Information Technology (IT) security for all systems connected to a DHS network or operated by the Contractor for DHS, regardless of location. This clause applies to all or any part of the contract that includes information technology resources or services for which the Contractor must have physical or electronic access to sensitive information contained in DHS unclassified systems that directly support the agency's mission. The security requirements include, but are not limited to, how the Department of Homeland Security's sensitive information is to be handled and protected at the Contractor's site, (including any information stored, processed, or transmitted using the Contractor's computer systems), the background investigation and/or clearances required, and the facility security required. This requirement includes information technology, hardware, software, and the management, operation, maintenance, programming, and system administration of computer systems, networks, and telecommunications systems. Examples of tasks that require security provisions include—

(1) Acquisition, transmission or analysis of data owned by DHS with significant replacement cost should the contractor's copy be corrupted; and

(2) Access to DHS networks or computers at a level beyond that granted the general public, (e.g. such as bypassing a firewall).

(b) At the expiration of the contract, the contractor shall return all sensitive DHS information and IT resources provided to the contractor during the contract, and a certification that all DHS information has been purged from any contractor-owned system used to process DHS information. Organizational elements shall conduct reviews to ensure that the security requirements in the contract are implemented and enforced.

(c) The Contractor shall provide, implement, and maintain an IT Security Plan. This plan shall describe the processes and procedures that will be followed to ensure appropriate security of IT resources that are developed, processed, or used under this contract. The plan shall describe those parts of the contract to which this clause applies. The Contractor's IT Security Plan shall be compliant with Federal laws that include, but are not limited to, the Computer Security Act of 1987 (40 U.S.C. 1441 *et seq.*), and the Government Information Security Reform Act of 2000, and the Federal Information Security Management Act of

2002. The plan shall meet IT security requirements in accordance with Federal policies and procedures that include, but are not limited to OMB Circular A–130, Management of Federal Information Resources, Appendix III, and Security of Federal Automated Information Resources;

(d) Within ___ days after contract award, the contractor shall submit for approval an IT Security Plan. This plan shall be consistent with and further detail the approach contained in the offeror's proposal or quote that resulted in the award of this contract and in compliance with the requirements stated in this clause. The plan, as approved by the Contracting Officer, shall be incorporated into the contract as a compliance document.

(e) Within 6 months after contract award, the contractor shall submit written proof of IT Security accreditation to DHS for approval by the DHS Contracting Officer. Accreditation will be according to the criteria of the Homeland Security Information Technology Security program Publication, DHS MD 4300.Pub., Volume I, Policy Guide, Part A, Sensitive Systems, which is available from the Contracting Officer upon request. This accreditation will include a final security plan, risk assessment, security test and evaluation, and disaster recovery plan/continuity of operations plan. This accreditation, when accepted by the Contracting Officer, shall be incorporated into the contract as a compliance document, and shall include a final security plan, a risk assessment, security test and evaluation, and disaster recovery/continuity of operations plan. The contractor shall comply with the approved accreditation documentation.

(End of clause)

3052.209–70 Prohibition on contracts with corporate expatriates.

As prescribed at (HSAR) 48 CFR 3009.104–75, insert the following clause:

Prohibition on Contracts With Corporate Expatriates (Dec. 2003)

(a) Prohibitions.

Section 835 of Public Law 107–296, prohibits the Department of Homeland Security from entering into any contract with a foreign incorporated entity after November 25, 2002, which is treated as an inverted domestic corporation as defined in this clause.

The Secretary shall waive the prohibition with respect to any specific contract if the Secretary determines that the waiver is required in the interest of homeland security, or to prevent the loss of any jobs in the United States or prevent the Government from incurring any additional costs that otherwise would not occur.

(b) Definitions. As used in this clause:

Expanded Affiliated Group means an affiliated group as defined in section 1504(a) of the Internal Revenue Code of 1986 (without regard to section 1504(b) of such Code), except that section 1504 of such Code shall be applied by substituting 'more than 50 percent' for 'at least 80 percent' each place it appears.

Foreign Incorporated Entity means any entity which is, or but for subsection (b) of

section 835 of the Homeland Security Act, Public Law 107–296, would be, treated as a foreign corporation for purposes of the Internal Revenue Code of 1986.

Inverted Domestic Corporation. A foreign incorporated entity shall be treated as an inverted domestic corporation if, pursuant to a plan (or a series of related transactions)—

(1) The entity completes after November 25, 2002, the direct or indirect acquisition of substantially all of the properties held directly or indirectly by a domestic corporation or substantially all of the properties constituting a trade or business of a domestic partnership;

(2) After the acquisition at least 80 percent of the stock (by vote or value) of the entity is held—

(i) In the case of an acquisition with respect to a domestic corporation, by former shareholders of the domestic corporation by reason of holding stock in the domestic corporation; or

(ii) In the case of an acquisition with respect to a domestic partnership, by former partners of the domestic partnership by reason of holding a capital or profits interest in the domestic partnership; and

(3) The expanded affiliated group which after the acquisition includes the entity does not have substantial business activities in the foreign country in which or under the law of which the entity is created or organized when compared to the total business activities of such expanded affiliated group.

Person, domestic, and foreign have the meanings given such terms by paragraphs (1), (4), and (5) of section 7701(a) of the Internal Revenue Code of 1986, respectively.

(c) Special rules. The following definitions and special rules shall apply when determining whether a foreign incorporated entity should be treated as an inverted domestic corporation.

(1) *Certain stock disregarded.* For the purpose of treating a foreign incorporated entity as an inverted domestic corporation these shall not be taken into account in determining ownership:

(i) stock held by members of the expanded affiliated group which includes the foreign incorporated entity; or

(ii) stock of such entity which is sold in a public offering related to the acquisition described in subsection (b)(1) of Section 835 of the Homeland Security Act, Public Law 107–296.

(2) *Plan deemed in certain cases.* If a foreign incorporated entity acquires directly or indirectly substantially all of the properties of a domestic corporation or partnership during the 4-year period beginning on the date which is after the date of enactment of this Act and which is 2 years before the ownership requirements of subsection (b)(2) are met, such actions shall be treated as pursuant to a plan.

(3) *Certain transfers disregarded.* The transfer of properties or liabilities (including by contribution or distribution) shall be disregarded if such transfers are part of a plan a principal purpose of which is to avoid the purposes of this section.

(d) *Special rule for related partnerships.* For purposes of applying section 835(b) of Public Law 107–296 to the acquisition of a

domestic partnership, except as provided in regulations, all domestic partnerships which are under common control (within the meaning of section 482 of the Internal Revenue Code of 1986) shall be treated as a partnership.

(e) Treatment of Certain Rights.

(1) Certain rights shall be treated as stocks to the extent necessary to reflect the present value of all equitable interests incident to the transaction, as follows:

- (i) Warrants;
- (ii) Options;
- (iii) Contracts to acquire stock;
- (iv) Convertible debt instruments;
- (v) Others similar interests.

(2) Rights labeled as stocks shall not be treated as stocks whenever it is deemed appropriate to do so to reflect the present value of the transaction or to disregard transactions whose recognition would defeat the purpose of section 835.

(f) *Disclosure.* By signing and submitting its offer, an offeror under this solicitation represents that it not a foreign incorporated entity that should be treated as an inverted domestic corporation pursuant to the criteria of Section 835 of the Homeland Security Act, Public Law 107-296 of November 25, 2002.

(g) If a waiver has been granted, a copy of the approved waiver shall be attached to the bid or proposal.

(End of provision)

3052.209-71 Reserve Officer Training Corps and military recruiting on campus.

As prescribed in (HSAR) 48 CFR 3009.470-4, use the following clause:

Reserve Officer Training Corps and Military Recruiting on Campus (Dec 2003)

(a) Definitions. *Institution of higher education*, as used in this clause, means an institution that meets the requirements of 20 U.S.C. 1001 and includes all subelements of such an institution.

(b) Limitation on contract award. Except as provided in paragraph (c) of this clause, an institution of higher education is ineligible for contract award if the Secretary of Defense determines that the institution has a policy or practice (regardless of when implemented) that prohibits or in effect prevents—

(1) The Secretary of a military department from maintaining, establishing, or operating a unit of the Senior Reserve Officer Training Corps (ROTC) (in accordance with 10 U.S.C. 654 and other applicable Federal laws) at that institution;

(2) A student at that institution from enrolling in a unit of the Senior ROTC at another institution of higher education;

(3) The Secretary of a military department or the Secretary of Homeland Security from gaining entry to campuses, or access to students (who are 17 years of age or older) on campuses, for purposes of military recruiting; or

(4) Military recruiters from accessing, for purposes of military recruiting, the following information pertaining to students (who are 17 years of age or older) enrolled at that institution:

- (i) Name.
- (ii) Address.
- (iii) Telephone number.

(iv) Date and place of birth.

(v) Educational level.

(vi) Academic major.

(vii) Degrees received.

(viii) Most recent educational institution enrollment.

(c) Exception. The limitation in paragraph (b) of this clause does not apply to an institution of higher education if the Secretary of Defense determines that—

(1) The institution has ceased the policy or practice described in paragraph (b) of this clause; or

(2) The institution has a long-standing policy of pacifism based on historical religious affiliation.

(d) Agreement. The Contractor represents that it does not now have, and agrees that during performance of this contract it will not adopt, any policy or practice described in paragraph (b) of this clause, unless the Secretary of Defense has granted an exception in accordance with paragraph (c)(2) of this clause.

(e) Notwithstanding any other clause of this contract, if the Secretary of Defense determines that the Contractor misrepresented its policies and practices at the time of contract award or has violated the agreement in paragraph (d) of this clause—

(1) The Contractor will be ineligible for further payments under this and any other contracts with the Department of Homeland Security; and

(2) The Government will terminate this contract for default for the Contractor's material failure to comply with the terms and conditions of award.

(End of clause)

3052.209-72 Disclosure of conflicts of interest.

As prescribed in (HSAR) 48 CFR 3009.507, insert the following provision: Disclosure of Conflicts of Interest (Dec 2003)

The Department of Homeland Security (DHS) will award contracts only to those offerors whose objectivity is not impaired by conflicting interests. Based on this policy—

(a) The offeror shall provide a statement in its proposal which describes in a concise manner all past, present or planned organizational, financial, contractual or other interest(s) with an organization whose interests may be substantially affected by Departmental activities, and which is related to the work under this solicitation. The interest(s) described shall include those of the proposer, its affiliates, proposed consultants, proposed subcontractors for more than 20% of the work and key personnel of the offeror and any subcontractor accounting for more than 20% of the contract. Past interest shall be limited to within one year of the date of the offeror's technical proposal. Key personnel, for purposes of this clause, shall include any person owning more than 20% interest in the company, and the company's corporate officers, its senior managers and any employees responsible for making a decision or taking an action on this contract where the decision or action can have an economic or other impact on the interests of a regulated or affected organization.

(b) The offeror shall describe in detail why it believes, in light of the interest(s) identified in (a) above, that performance of the proposed contract can be accomplished in an impartial and objective manner.

(c) In the absence of any relevant interest identified in (a) above, the offeror shall submit in its proposal a statement certifying that to its best knowledge and belief no affiliation exists relevant to possible conflicts of interest. The offeror must obtain the same information from potential subcontractors prior to award of a subcontract.

(d) The Contracting Officer will review the statement submitted and may require additional relevant information from the offeror. All such information, and any other relevant information known to DHS, will be used to determine whether an award to the offeror may create a conflict of interest. If any such conflict of interest is found to exist, the Contracting Officer may (1) disqualify the offeror, or (2) determine that it is otherwise in the best interest of the United States to contract with the offeror and include appropriate provisions to mitigate or avoid such conflict in the contract awarded.

(e) The refusal to provide the disclosure or representation, or any additional information required, may result in disqualification of the offeror for award. If nondisclosure or misrepresentation is discovered after award, the resulting contract may be terminated. If, after award, the Contractor discovers a conflict of interest with respect to the contract awarded as a result of this solicitation, which could not reasonably have been known prior to award, an immediate and full disclosure shall be made in writing to the Contracting Officer. The disclosure shall include a full description of the conflict, a description of the action the contractor has taken, or proposes to take, to avoid or mitigate such conflict. The Contracting Officer may, however, terminate the contract for convenience if he or she deems that termination is in the best interest of the Government.

(End of clause)

3052.211-70 Index for specifications.

As prescribed in (HSAR) 48 CFR 3011.204-70 insert the following clause: Index for Specifications (Dec 2003)

If an index or table of contents is furnished in connection with specifications, it is understood that such index or table of contents is for convenience only. Its accuracy and completeness is not guaranteed, and it is not to be considered as part of the specifications. In case of discrepancy between the index or table of contents and the specifications, the specifications shall govern.

(End of clause)

3052.211-90 Bar coding requirement (USCG).

As prescribed in USCG guidance at (HSAR) 48 CFR 3011.204-90(a) and 3013.302-590, insert the following clause:

Bar Coding Requirements (Dec 2003)

Item markings shall include bar coding in accordance with MIL-STD-1189 as clarified below:

(a) The stock number shall be bar coded with no prefixes, dashes, spaces, or suffixes encoded. The contract number, the delivery order, or call order number, when used, shall be bar coded with no spaces or dashes encoded.

(b) Prefixes and suffixes to the stock number may be included in the OCR-A in-the-clear markings, but not in the bar code.

(c) Preferred Bar Code Density (characters per inch as defined in MIL-STD-1189) is "standard," but densities from "standard" to "low" are acceptable.

(d) OCR-A characters do not have to be machine-readable.

(e) Bar coding shall be machine-readable.

(f) Unless otherwise specified herein, minimum bar code height shall be 0.25 inch (6.4 mm) or 15 percent of the bar code length, whichever is greater.

(g) The preferred position of the OCR-A characters is below the bar codes, but the OCR-A characters may be above the bar codes.

(h) On outer containers contractors shall either:

(1) Encode the stock numbers and contract number in one line of bar code with the stock number appearing first; or

However, the

Government may retain the damaged aircraft or dispose of it as it wishes. In that event, the Contractor will be paid the fair market value of the aircraft as stated in the clause.

As prescribed in (HSAR) 48 CFR 3036.570, insert the following clause:

Special Precautions for Work at Operating Airports (Dec 2003)

(a) When work is to be performed at an operating airport, the Contractor must arrange its work schedule so as not to interfere with flight operations. Such operations will take precedence over construction convenience. Any operations of the Contractor which would otherwise interfere with or endanger the operations of aircraft shall be performed only at times and in the manner directed by the Contracting Officer. The Government will make every effort to reduce the disruption of the Contractor's operation.

(b) Unless otherwise specified by local regulations, all areas in which construction operations are underway shall be marked by yellow flags during daylight hours and by red lights at other times. The red lights along the edge of the construction areas within the existing aprons shall be the electric type of not less than 100 watts intensity placed and supported as required. All other construction markings on roads and adjacent parking lots may be either electric or battery type lights. These lights and flags shall be placed so as to outline the construction areas and the distance between any two flags or lights shall not be greater than 25 feet. The Contractor shall provide adequate watch to maintain the lights in working condition at all times other than daylight hours. The hour of beginning and the hour of ending of daylight will be determined by the Contracting Officer.

equipment routes will not be permitted unless specifically authorized for such use. Flag personnel shall be furnished by the Contractor at points on apron and taxiway for safe guidance of its equipment over these areas to assure right of way to aircraft. Areas and routes used during the contract must be returned to their original condition by the Contractor. Airport management shall establish the maximum speed allowed at the airport. Vehicles shall be operated so as to be under safe control at all times, weather and traffic conditions considered. Vehicles must be equipped with head and taillights during the hours of darkness.

(End of clause)

3052.237-70 Qualifications of contractor employees.

As prescribed in (HSAR) 48 CFR 3037.110-70(a), insert the following clause:

Qualifications of Contractor Employees (Dec 2003)

(a) "Sensitive Information" is any information or proprietary data which if subject to unauthorized access, modification, loss, or misuse could adversely affect the national interest, the conduct of Federal programs, or the privacy to which individuals are entitled under 5 U.S.C. 552a (The Privacy Act), but that has not been specifically authorized under criteria established by an Executive Order or an Act of Congress to be kept classified in the interest of national defense or foreign policy.

(b) Work under this contract may involve access to sensitive information. Therefore, the Contractor shall not disclose, orally or in writing, any sensitive information to any person unless authorized in writing by the Contracting Officer. For those contractor employees authorized access to sensitive information, the contractor shall ensure that these persons receive training concerning the protection and disclosure of sensitive information both during and after contract performance.

(c) Contractor employees working on this contract must complete such forms, as may be necessary for security or other reasons, including the conduct of background investigations to determine suitability. Completed forms shall be submitted as directed by the Contracting Officer. Upon the Contracting Officer's request, the Contractor's employees shall be fingerprinted, or subject to other investigations as required.

(d) The Contracting Officer may require dismissal from work those employees deemed incompetent, careless, insubordinate, or otherwise objectionable, or whose continued employment is deemed contrary to the public interest or inconsistent with the best interest of national security.

(e) Each employee of the Contractor shall be a citizen of the United States of America, or an alien who has been lawfully admitted for permanent residence as evidenced by an Alien Registration Receipt Card Form I-151. An alien authorized to work shall present evidence from the Bureau of Citizenship and Immigration Services that employment will not affect his or her immigration status.

(f) The Contractor shall include the substance of this clause in all subcontracts at

any tier where the subcontractor may have access to Government facilities, sensitive information, or resources.

(End of clause)

As prescribed in (HSAR) 48 CFR 3037.110-70(a) and (b), insert a clause substantially as follows. The contracting officer may specify additional IT security requirements unique to an OE.

Information Technology Systems Access for Contractors (Dec 2003)

(a) No contractor personnel shall start work under this contract that involves actual or potential access to sensitive information until (1) approved for access, (2) they have received a security briefing, or current refresher, about Information Technology (IT) security, from the appropriate Organizational Element (OE) Information Systems Security Officer (ISSO); and (3) have signed a non-disclosure agreement form. This user security agreement is provided as an Attachment to this solicitation. By signing the user security agreement, the individual will be acknowledging their responsibility to properly use and safeguard all DHS OE information technology resources and information related thereto. The Contracting Officer Technical Representative (COTR) for this contract shall arrange the aforementioned security briefing. The ISSO is responsible for retaining the non-disclosure documents signed and submitted by the contractor employees as well evidence of security training.

(b) The contractor shall have access only to those areas of DHS OE information technology resources explicitly stated in this contract or approved by the COTR in writing as necessary for performance of the work under this contract. Information technology assets includes computer equipment, networking equipment, telecommunications equipment, cabling, network drives, computer drives, network software, computer software, software programs, intranet sites, and Internet sites. Any attempts by contractor personnel to gain access to any information technology resources not expressly authorized by the statement of work, other terms and conditions in this contract, or as approved in writing by the COTR, is strictly prohibited. In the event of violation of this provision, DHS will take appropriate actions with regard to the contract.

(c) Contractor access to DHS networks from a remote location is a temporary privilege for mutual convenience while the contractor performs business for the DHS OE. It is not a right, a guarantee of access, a condition of the contract, nor is it Government Furnished Equipment (GFE).

(d) Contractor access will be terminated for unauthorized use. The contractor agrees to hold and save DHS harmless from any unauthorized use and agrees not to request additional time or money under the contract for any delays resulting from unauthorized use or access.

(End of clause)

3052.237–72 Contractor personnel screening for unclassified information technology access.

As prescribed in 3037.110–70(a) and (b), insert a clause substantially as follows:

Contractor Personnel Screening for
Unclassified Information Technology
Access (Dec 2003)

(a) Contractor personnel requiring privileged access or limited risk assessment level. Guidance for selecting the appropriate level of screening is based on the risk of adverse impact to DHS missions, as indicated in FIPS PUB 199, Standards for Security Categorization of Federal Information and Information Systems (Initial Public Draft).

(b) The Contractor shall afford DHS, including the Office of Inspector General, access to the Contractor's and subcontractors' facilities, installations, operations, documentation, databases and personnel used in performance of the contract. Access shall be provided to the extent required to carry out a program of IT inspection, investigation and audit to safeguard against threats and hazards to the integrity, availability and confidentiality of DHS data or to the function of computer systems operated on behalf of DHS, and to preserve evidence of computer crime.

(c) The Contractor shall incorporate the substance of this clause in all subcontracts that meet the conditions in paragraph (a) of this clause.

The Contractor, therefore, may publish (subject to the provisions of the "Data Rights" and "Patent Rights" clauses of the contract) research results in professional journals, books, trade publications, or other appropriate media (a thesis or collection of theses should not be used to distribute results because dissemination will not be sufficiently widespread). All costs of publication pursuant to this clause shall be borne by the Contractor and shall not be charged to the Government under this or any other Federal contract.

(b) Any copy of material published under this clause shall contain acknowledgment of DHS's sponsorship of the research effort and a disclaimer stating that the published material represents the position of the author(s) and not necessarily that of DHS. Articles for publication or papers to be presented to professional societies do not require the authorization of the Contracting Officer prior to release. However, a printed or electronic copy of each article shall be transmitted to the Contracting Officer at least two weeks prior to release or publication.

(c) Press releases concerning the results or conclusions from the research under this

contract shall not be made or otherwise distributed to the public without prior written approval of the Contracting Officer.

(d) Publication under the terms of this clause does not release the Contractor from the obligation of preparing and submitting to the Contracting Officer a final report containing the findings and results of research, as set forth in the schedule of the contract.

(End of clause)

The Contracting Officer will provide a written notice of such designation to the Contractor within five working days after contract award or for construction, not less than five working days prior to giving the contractor the notice to proceed. The designation letter will set forth the authorities and limitations of the COTR under the contract.

(b) The Contracting Officer cannot authorize the COTR or any other representative to sign documents, such as contracts, contract modifications, etc., that require the signature of the Contracting Officer.

(End of clause)
