

liquidity, credit, and operational risks related to Fedwire funds transfers, especially late-day transfers. The paper also requested views on potential changes in market practices, operations, and the Board's Payments System Risk policy that could reduce one or more of these risks. The consultation paper stated that comments must be submitted on or before December 15, 2006.

The Board received a letter from an industry group, whose members include a number of large U.S. depository institutions and foreign banking organizations, requesting, on behalf of that group and its members, an extension of the comment period. Based on interactions the Board has had with this group, its members, and other interested parties, the Board believes that an extension would enable these organizations to investigate further the drivers of their liquidity management practices and late-day Fedwire funds transfers. The extension will also allow a range of organizations more time to provide a thorough response to the consultation paper. Consequently, the Board has decided to extend the comment period on the consultation paper by 90 days. The comment period will now end March 15, 2007.

By order of the Board of Governors of the Federal Reserve System, acting through the Secretary of the Board under delegated authority, November 21, 2006.

Jennifer J. Johnson,
Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Proposed Projects:

Title: Annual Maintenance-of-Effort (MOE) Report.

OMB No.: 0970-0248.

Description: The Administration for Children and Families (ACF) is requesting a three-year extension of the ACF-204 (Annual MOE Report). The report is used to collect descriptive program characteristics information on the programs operated by States and Territories in association with their Temporary Assistance for Needy Families (TANF) programs. All State and Territory expenditures claimed toward States' and Territories' MOE requirements must be appropriate, i.e., meet all applicable MOE requirements. The Annual MOE Report provides the ability to learn about and to monitor the nature of State and Territory expenditures used to meet State's and Territories' MOE requirements, and it is an important source of information about the different ways that States and Territories are using their resources to help families attain and maintain self-sufficiency. In addition, the report is used to obtain State and Territory program characteristics for ACF's annual report to Congress, and the report serves as a useful resource to use in Congressional hearings about how TANF programs are evolving, in assessing State and Territory MOE expenditures, and in assessing the need for legislative changes.

Respondents: The 50 States of the United States, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
ACF-204	54	1	128	6,912

Estimated Total Annual Burden Hours: 6,912.

In compliance with the requirements of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above.

Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Administration, Office of Information Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer.
