## SOCIAL SECURITY ADMINISTRATION

### Agency Information Collection Activities; Proposed Request and Comment Request

The Social Security Administration (SSA) publishes a list of information collection packages that will require clearance by the Office of Management and Budget (OMB) in compliance with Public Law 104-13, the Paperwork Reduction Act of 1995, effective October 1, 1995. The information collection packages that may be included in this notice are for new information collections, approval of existing information collections, revisions to OMB-approved information collections, and extensions (no change) of OMB-approved information collections.

SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility, and clarity; and on ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology. Written comments and recommendations regarding the information collection(s) should be submitted to the OMB Desk Officer and the SSA Reports Clearance Officer. The information can be mailed, faxed or e-mailed to the individuals at the addresses and fax numbers listed below: (OMB) Office of Management and Budget, Attn: Desk Officer for SSA, Fax: 202-395-6974, E-mail address: [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov). (SSA)

Social Security Administration, DCBFM, Attn: Reports Clearance Officer, 1333 Annex Building, 6401 Security Blvd., Baltimore, MD 21235, Fax: 410-965-6400, E-mail address: [OPLM.RCO@ssa.gov](mailto:OPLM.RCO@ssa.gov).

I. The information collections listed below are pending at SSA and will be submitted to OMB within 60 days from the date of this notice. Therefore, your comments should be submitted to SSA within 60 days from the date of this publication. You can obtain copies of the collection instruments by calling the SSA Reports Clearance Officer at 410-965-0454 or by writing to the address listed above.

The information from forms SSA-1002-F3 and SSA-1003-F3 is used by SSA to resolve discrepancies when farm workers allege their employers did not report their wages, or reported the wages incorrectly. If an agricultural employer has incorrectly reported wages, or failed to report any wages for an employee, SSA must attempt to correct its records by contacting the employer to obtain convincing evidence of the wages paid. The respondents are agricultural employers having knowledge of wages paid to agricultural employees.

SSA, through its agents, the disability determination services, uses form SSA-3826-F4 to collect medical information needed to make disability determinations. The information is used in determining the claimant's physical and mental status prior to making a disability determination, and to document the disability claims folder with the medical evidence. Thus, it provides disability adjudicators and reviewers with a narrative record and history of the alleged disability and with

the objective medical findings necessary to make a disability determination. SSA uses the medical evidence provided on this form in making a determination of whether an individual's impairment meets the severity and duration requirements required for disability benefits. The respondents are members of the medical community including individual and hospital physicians, medical records librarians, and other medical sources.

meet all statutory and regulatory non-medical requirements for SSI eligibility, and whether they have been and are still receiving the correct payment amount. 2. eData Registration/Account Modification—20 CFR 401.45—0960—NEW.

#### Collection Background

Section 5 U.S.C. 552a, (e) (10) of the Privacy Act of 1974 requires agencies to establish appropriate administrative, technical, and physical safeguards to ensure the security and confidentiality of records. Also, Section (f) (2) & (3) requires agencies to establish requirements for identifying an individual who requests a record or information pertaining to that individual and to establish procedures for disclosure of personal information. SSA promulgated Privacy Act rules in the Code of Federal Regulations,

Subpart B. Procedures for verifying identity are at 20 CFR 401.45.

#### Collection Description

The eData Services Web site allows various external organizations to submit files to a variety of SSA systems and in some cases receive return files. The users include state/local government agencies, other federal agencies, and some nongovernmental business entities. The SSA systems that process data transferred via eData include, but are not limited to, systems responsible for disability processing and benefit determination or termination. The information collected on form SSA-118 (Government to Government Services Online Web site Registration Form) to register organizations is used

exclusively to maintain the identity of the requester within eData. The requestor is already a known entity to a sponsor within SSA. The SSA sponsor collects the information on the registration form and submits it for internal processing. Once this is completed, SSA provides the requestor with their new password and conducts a walkthrough of the eData Web site as necessary. The organization also can make modifications to their online account (e.g., address change) by completing an online form, SSA-119 (Government to Government Service Online Web site Account Modification/Deletion Form).

*Type of Request:* Collection in use without OMB Control Number.

However, reduced benefits are not payable to an already entitled spouse (or divorced spouse) who:

- Is at least age 62 and under full retirement age in the month of the number holder's death; and

- Is receiving both reduced spouse's (or divorced spouse's) benefits and either retirement or disability benefits in the month before the month of the number holder's death.

In order to elect reduced widow(er) benefits, a beneficiary must complete form SSA-4111. SSA uses the information collected on form SSA-4111 to determine eligibility for and pay a qualified dually entitled widow(er) (or surviving divorced spouse) reduced

benefits. The respondents are qualified dually entitled widow(er) (or surviving divorced spouse) who elects to receive a reduced widow(er) benefit.

### Federal Aviation Administration

#### Approval of Noise Compatibility Program for Flagstaff Pulliam Airport, Flagstaff, AZ

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Notice.

**SUMMARY:** The Federal Aviation Administration (FAA) announces its findings on the noise compatibility program submitted by the City of Flagstaff under the provisions of Title I of the Aviation Safety and Noise Abatement Act, as amended, (Pub. L. 96-193) (hereinafter referred to as "the Act") and 14 CFR part 150. These findings are made in recognition of the description of Federal and nonfederal responsibilities in Senate Report No. 96-52 (1980). On April 7, 2005, the FAA determined that the noise exposure maps submitted by the City of Flagstaff under part 150 were in compliance with applicable requirements.

**EFFECTIVE DATES:** The effective date of the FAA's approval of the Noise Compatibility Program for Flagstaff Pulliam Airport is June 25, 2007.

**FOR FURTHER INFORMATION CONTACT:** Michelle Simmons, Environmental Protection Specialist, Los Angeles

Airports District Office, Airports Division, Western-Pacific Region, Federal Aviation Administration, mailing address: P.O. Box 92007, Los Angeles, California, 90009-2007; Telephone: 310/725-3614. Documents reflecting this FAA action may be reviewed at this same location.

**SUPPLEMENTARY INFORMATION:** This notice announces that the FAA has given its overall approval to the Noise Compatibility Program for Flagstaff Pulliam Airport, effective June 25, 2007. Under section 104(a) of the Aviation Safety and Noise Abatement Act of 1979, as amended (herein after referred to as the "Act") [recodified as 49 U.S.C. 47504], as airport operator who has previously submitted as Noise Exposure Map may submit to the FAA a Noise Compatibility Program which sets forth the measures taken or proposed by the airport operator for the reduction of existing non-compatible land uses and prevention of additional non-compatible land uses within the area covered by the Noise Exposure Maps. The Act requires such programs to be developed in consultation with interested and affected parties including local communities, government agencies, airport users, and FAA personnel.

Each airport noise compatibility program developed in accordance with Federal Aviation Regulations (FAR) Part 150 is a local program, not a Federal program. The FAA does not substitute its judgment for that of the airport proprietor with respect to which measures should be recommended for action. The FAA's approval or disapproval of FAR Part 150 program recommendations is measured according to the standards expressed in Part 150 and the Act and is limited to the following determinations:

a. The Noise Compatibility Program was developed in accordance with the provisions and procedures of FAR Part 150;

b. Program measures are reasonably consistent with achieving the goals of

reducing existing non-compatible land uses around in airport and preventing the introduction of additional non-compatible land uses;

c. Program measures would not create an undue burden on interstate or foreign commerce, unjustly discriminate against types or classes or aeronautical uses, violate the terms of airport grant agreements, or intrude into areas preempted by the Federal Government; and

d. Program measures relating to the use of flight procedures can be implemented within the period covered by the program without derogating safety, adversely affecting the efficient use and management of the navigable airspace and air traffic control systems, or adversely affecting other powers and responsibilities of the Administrator prescribed by law.

Specific limitation with respect to FAA's approval of an airport noise compatibility program are delineated in FAR Part 150, section 150.5. Approval is not a determination concerning the acceptability of land uses under Federal, state, or local law. Approval does not by itself constitute an FAA implementing action. A request for Federal action or approval to implement specific noise compatibility measures may be required, and an FAA decision on the request may require an environmental assessment of the proposed action. Approval does not constitute a commitment by the FAA to financially assist in the implementation of the program nor a determination that all measures covered by the program are eligible for grant-in-aid funding from the FAA under the Airport and Airway Improvement Act of 1982, as amended. Where federal funding is sought, requests for project grants must be submitted to the FAA Airports District Office in Hawthorne, California.

The City of Flagstaff submitted to the FAA on July 21, 2004, the Noise Exposure Maps, descriptions, and other documentation produced during the noise compatibility planning study
