

in any change to balances due by a debtor on any debt owed to the United States. The interim rule therefore addresses an internal "agency * * * procedure, or practice" within the meaning of section 553(b)(3)(A). Second, and relatedly, the Departments have determined that a comment period would be "unnecessary" under section 553(b)(3)(B), as the interim rule does not alter or affect the rights, interests, or duties of any person or entity. Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

The public is invited to submit comments on the interim rule, which will be taken into account before a final rule is issued.

Regulatory Analysis

This action is limited to agency organization and management as described by Executive Order 12866 ((3(d)(3) and, therefore, is not a "regulation" as defined by that Executive Order. Accordingly, review of this action by the Office of Management and Budget is not required.

Congressional Review Act

This action pertains to agency organization and management and does not substantially affect the rights or obligations of non-agency parties and, accordingly, is not a "rule" as that term is used by the Congressional Review Act (Subtitle E of the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA)). Therefore, the reporting requirement of 5 U.S.C. 801 does not apply.

National Emission Standards for Hazardous Air Pollutants for Source Categories: Gasoline Distribution Bulk Terminals, Bulk Plants, and Pipeline Facilities; and Gasoline Dispensing Facilities; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correction.

SUMMARY: This action corrects certain text of the final rules entitled "National Emission Standards for Hazardous Air Pollutants for Source Categories: Gasoline Distribution Bulk Terminals, Bulk Plants, and Pipeline Facilities; and Gasoline Dispensing Facilities." The final rules were published in the **Federal Register** on January 10, 2008.

DATES: *Effective Date:* March 7, 2008.

FOR FURTHER INFORMATION CONTACT: Mr. Stephen Shedd, Office of Air Quality Planning and Standards, Sector Policies and Programs Division, Coatings and Chemicals Group (E143-01), EPA, Research Triangle Park, NC 27711, telephone: (919) 541-5397, facsimile number: (919) 685-3195, e-mail address: shedd.steve@epa.gov.

SUPPLEMENTARY INFORMATION:

I. What Is the Background for the Corrections?

On January 10, 2008 (73 FR 1916), EPA issued final rules in which EPA promulgated national emission

standards for hazardous air pollutants for gasoline distribution bulk terminals, bulk plants, and pipeline facilities and for gasoline dispensing facilities. EPA subsequently determined that certain sections of the final rules contained incorrect references to paragraphs within those and other sections. This action corrects those technical errors.

These corrections do not affect the substance of the final rules, nor do they change the rights or obligations of any party. Rather, this action merely corrects certain technical errors in the references in the final rules. Thus, it is proper to issue these corrections to the final rules without notice and comment. Section 553 of the Administrative Procedure Act (APA), 5 U.S.C. 553(b)(B), provides that, when an agency for good cause finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest, the agency may issue a rule without providing notice and an opportunity for public comment. We have determined that there is good cause for making this action final without prior proposal and opportunity for comment because the changes to the final rules are minor technical corrections, are noncontroversial, and do not substantively change the agency actions taken in the final rules. Thus, notice and public procedure are unnecessary. We find that this constitutes good cause under 5 U.S.C. 553(b)(B).

II. What Are the Corrections to the Final Rules (73 FR 1916)?

This notice corrects the following errors. In adding four test methods to 40 CFR 63.14 through Incorporation by Reference, we incorrectly assigned new paragraph numbers to be added to 40 CFR 63.14 that were already in use. To correct this error, it is necessary to change the paragraph numbers that we are assigning to the four test methods being incorporated by reference. The test method added as § 63.14(b)(63) should have been added as

§ 63.14(b)(65) and the three test methods added as § 63.14(l)(1), (2), and (3) should have been added as § 63.14(m)(1), (2), and (3).

EPA has also determined that the text of 40 CFR 63.11092 and 40 CFR 63.11095 of subpart BBBBBB and 40 CFR 63.11117 of subpart CCCCCC contains incorrect references. In 40 CFR 63.11092 of subpart BBBBBB, paragraph (a)(3) included a reference to conduct an initial performance test within 180 days of the "rule promulgation" date. The rule mistakenly referred to the "promulgation" date instead of the "compliance" date. Thus, the text "rule promulgation" will be replaced with the text "compliance date specified in § 63.11083". Also, in 40 CFR 63.11092 of subpart BBBBBB, paragraph (b)(1)(i)(B)(1) included a reference to "(b)(1)(i)(B)(1)(i), (ii), and (iii) of this section" when the reference should be to "(b)(1)(i)(B)(1)(i), (ii), and (iii) of this section". In 40 CFR 63.11095 of subpart BBBBBB, paragraph (c) included a reference to "(a)(3) and (b)(4) of this section" when the reference should be to "(a)(3) and (b)(5) of this section". In subpart CCCCCC, 40 CFR 63.11117, paragraph (e) included a reference to "§ 63.11124(b)" when the reference should be to "§ 63.11124(a)". In 40 CFR 63.11118, paragraph (c) included two improper references to "paragraphs (a) and (b)" and "§ 63.11116" when the references should be to "paragraph (b)" and "§ 63.11117", respectively. Also, in 40 CFR 63.11124, paragraph (a) refers to "(a)(1) through (4) of this section" but section (a)(4) does not exist, so the text will be corrected to refer to "(a)(1) through (3) of this section". Additionally, in 40 CFR 63.11124, paragraph (a)(1)(iii) refers to "(a), (b) and (c)(1) or paragraph (c)(2) of § 63.11117" but, while paragraph (c) exists, paragraphs (c)(1) and (c)(2) do not exist, so the text will be corrected to refer to "(a) through (c) of § 63.11117". In 40 CFR 63.11124, paragraph (b)(1)(iii) refers to "(a)
