

including suggestions for reducing this burden to: FAR Desk Officer, OMB, Room 10102, NEOB, Washington, DC 20503, and a copy to the General Services Administration, Regulatory Secretariat (MVPR), 1800 F Street, NW., Room 4041, Washington, DC 20405, telephone (202) 501-4755.

FOR FURTHER INFORMATION CONTACT: Mr. Warren Blankenship, Procurement Analyst, Contract Policy Branch, GSA, at (202) 501-1900 or e-mail warren.blankenship@gsa.gov.

SUPPLEMENTARY INFORMATION:

A. Purpose

FAR 16.203, Fixed-price contracts with economic price adjustment, and associated clauses at 52.216-2, 52.216-3 and 52.216-4 provide for upward and downward revision of the stated contract price upon occurrence of specified contingencies. In order for the contracting officer to be aware of price changes, the firm must provide pertinent information to the Government. The information is used to determine the proper amount of price adjustments required under the contract.

B. Annual Reporting Burden

Respondents: 5,346.

Responses per Respondent: 1.

Annual Responses: 5,346.

Hours per Response: .25.

Total Burden Hours: 1,337.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat (MVPR), 1800 F Street, NW., Room 4041, Washington, DC 20405, telephone (202) 501-4755. Please cite OMB Control No. 9000-0068, Economic Price Adjustment, in all correspondence.

Dated: November 19, 2009.

Al Matera,

Director, Acquisition Policy Division.

BILLING CODE 6820-EP-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Office of the National Coordinator for Health Information Technology; Delegation of Authority

Notice is hereby given that I have delegated to the National Coordinator for Health Information Technology (National Coordinator), or his or her successor, the authorities vested in the

Secretary under Subtitle A of Title XXX of the Public Health Service Act (42 U.S.C. 201 *et seq.*), as amended, as specified under Section 3002 (with the exception of Section 3002(c)(2)(A)), Section 3003 (with the exception of Section 3003(c)(6)), and Sections 3004 and 3007, and under Sections 13111 and 13113, only with respect to the authority to administer studies related to the adoption of a nationwide system for the electronic use and exchange of health information and to the extent that it does not conflict with any other existing delegation, of the Health Information Technology for Economic and Clinical Health (HITECH) Act (42 U.S.C. 17901 and 17903), as amended, for the Promotion of Health Information Technology.

These authorities may be redelegated. I hereby affirm and ratify any actions taken by the National Coordinator or by any other officials of the Office of the National Coordinator for Health Information Technology, which, in effect, involved the exercise of these authorities delegated herein prior to the effective date of this delegation. This delegation is effective upon date of signature.

Dated: November 25, 2009.

Kathleen Sebelius,

Secretary.

BILLING CODE 4150-24-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Biodefense Science Board: Notification of Cancellation of Public Teleconference

AGENCY: Department of Health and Human Services, Office of the Secretary.

ACTION: Notice.

SUMMARY: As stipulated by the Federal Advisory Committee Act, the Department of Health and Human Services (HHS) is hereby giving notice that the National Biodefense Science Board (NBSB) public teleconference meeting scheduled for December 9, 2009 from 12 p.m. to 2 p.m. EST is cancelled. This meeting was announced in the *Federal Register* of November 17, 2009 (74 FR 59186) and was intended to discuss issues related to Novel Influenza A H1N1.

SUPPLEMENTARY INFORMATION: Pursuant to section 319M of the Public Health Service Act (42 U.S.C. 247d-7f) and section 222 of the Public Health Service Act (42 U.S.C. 217a), the Department of Health and Human Services established the National Biodefense Science Board.

The Board shall provide expert advice and guidance to the Secretary on scientific, technical, and other matters of special interest to the Department of Health and Human Services regarding current and future chemical, biological, nuclear, and radiological agents, whether naturally occurring, accidental, or deliberate. The Board may also provide advice and guidance to the Secretary on other matters related to public health emergency preparedness and response. As stipulated by the Federal Advisory Committee Act, the Department of Health and Human Services (HHS) is hereby giving notice that the NBSB public teleconference meeting scheduled for December 9, 2009 from 12 p.m. to 2 p.m. EST is cancelled. This meeting was announced in the *Federal Register* of November 17, 2009 (74 FR 59186) and was intended to discuss issues related to Novel Influenza A H1N1.

FOR FURTHER INFORMATION CONTACT: *E-mail: NBSB@HHS.GOV.*

Dated: November 30, 2009.

Nicole Lurie,

Assistant Secretary for Preparedness and Response.

BILLING CODE 4150-37-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[30Day-10-08BN]

Agency Forms Undergoing Paperwork Reduction Act Review

The Centers for Disease Control and Prevention (CDC) publishes a list of information collection requests under review by the Office of Management and Budget (OMB) in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these requests, call the CDC Reports Clearance Officer at (404) 639-5960 or send an e-mail to omb@cdc.gov. Send written comments to CDC Desk Officer, Office of Management and Budget, Washington, DC or by fax to (202) 395-5806. Written comments should be received within 30 days of this notice.

Proposed Project

Voluntary Product Satisfaction and Usability Assessment—New—National Center for Injury Prevention and Control, Centers for Disease Control and Prevention (CDC).

Background and Brief Description

Executive Order 12862 directs Federal agencies that provide services directly to the public to survey customers to determine the kind and quality of services they need and their level of satisfaction with existing services.

CDC releases a number of new products each year to its customers, a diverse group that includes health care providers, researchers, public health practitioners, policy makers, and the general public. The term product is broadly defined to include publications,

Web pages, podcasts, e-cards, CD-ROMs, and videos. At present, there is no mechanism for evaluating whether these products are meeting customer needs.

CDC is requesting a 3-year generic clearance in order to better evaluate its products. Obtaining feedback from customers on a regular, on-going basis will help ensure that customers find CDC products to be useful. This type of evaluation will allow CDC to maximize the impact of its products which will ultimately benefit the public's health. The estimate of annual burden was

based on approximately 20 new products being released by CDC/NCIPC each year. This number is consistent with the number of products released annually over the last 5 years.

Approximately 2500 hard copies of each product are distributed to customers annually. Each product is disseminated electronically (via e-mail) to 3000 customers each year. Finally, product Web sites receive approximately 1800 hits a month or 21,600 hits a year.

There is no cost to the respondents other than their time. The total estimated burden hours are 90,333.

ESTIMATED ANNUALIZED BURDEN HOURS

Types of respondents	Types of form	Number of respondents	Number of responses per respondent	Average burden per response (in hours)
Public	Response cards, E-mail Assessments, Web-Based Assessments	50,000 60,000 432,000	1 1 1	10/60 10/60 10/60

Dated: December 1, 2009.

Maryam Daneshvar,
Acting Reports Clearance Officer, Centers for Disease Control and Prevention.

[60Day-10-10AK]

Proposed Data Collections Submitted for Public Comment and Recommendations

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404-639-5960 or send comments to Maryam Daneshvar, CDC Reports Clearance Officer, 1600 Clifton Road, MS-D74, Atlanta, GA 30333 or send an e-mail to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the

proposed collection of information; (c) ways to enhance the quality*, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

National Notifiable Condition Messaging Support Strategy Questionnaire—New—National Center for Public Health Informatics (NCPHI), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Public Health Services Act (42 U.S.C. 241) authorizes CDC to disseminate nationally notifiable condition information. CDC's *Morbidity and Mortality Weekly Report* publishes incidence and prevalence tables for nationally notifiable conditions reported through the National Electronic Disease Surveillance System (NEDSS) and other surveillance data sources to the National Notifiable Diseases Surveillance System (NNDS).

NEDSS (OMB 0920-0728) is an internet-based infrastructure for public health surveillance data exchange that uses specific Public Health Information Network (PHIN) and NEDSS electronic data and information standards to advance the development of efficient, integrated, and interoperable surveillance systems at federal, state

and local levels. CDC's NCPHI is responsible for establishing and managing the national reporting system of epidemiologic data for notifiable conditions (diseases) via NEDSS.

Case notification messaging for most of the nationally notifiable conditions (77 infectious conditions as of August 2009) will eventually be supported by the standard Health Level 7 (HL7) message format. The HL7 message format requires a Message Mapping Guide (MMG)—developed by the NEDSS and NNDS programs, in collaboration with state and federal subject matter experts—to implement case notification to CDC via NEDSS. By the close of 2009, MMGs are expected to be published for seven nationally notifiable conditions. Current NEDSS resources support the development of three new MMGs per year. A jurisdiction's implementation of a MMG requires an average of three months per MMG and largely requires NCPHI's programmatic and technical expertise during this process.

The National Notifiable Condition Messaging Support Strategy Questionnaire has been developed by the NEDSS program to gather information needed for formulating a technical and project management support strategy for 57 reporting jurisdictions (i.e., 50 states, 5 territories, New York City, and Washington, DC) as they implement NEDSS messaging using Message Mapping Guides (MMG). A jurisdiction's response to the questionnaire will be used by the NEDSS implementation and
