

## Background

On December 1, 2010, the Department of Commerce (the Department) published a notice of opportunity to request an administrative review of the countervailing duty (CVD) order on certain hot-rolled carbon steel flat products from India. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 75 FR 74682 (December 1, 2010). On January 3, 2011, we received from United States Steel Corporation, a domestic producer of subject merchandise, a request for the Department to conduct an administrative review of Ispat Industries Limited (Ispat), for the period of review (POR) of January 1, 2010, through December 31, 2010.

On January 28, 2011, the Department published the notice of initiation of the administrative review of the CVD order covering Ispat for the period January 1, 2010, through December 31, 2010. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 76 FR 5137 (January 28, 2011). On February 4, 2011, Ispat notified the Department that it had no shipments of subject merchandise to the United States during the POR.<sup>1</sup>

We conducted an internal customs data query on February 7, 2011.<sup>2</sup> We also issued a “no shipments inquiry” message to U.S. Customs and Border Protection (CBP), which posted the message on February 16, 2011.<sup>3</sup> The results of the customs data query indicated that Ispat had no sales, shipments, or entries of subject merchandise to the United States during the POR. We did not receive any information from CBP contrary to Ispat’s claim of no sales, shipments, or entries of subject merchandise to the United States during the POR.

On March 21, 2011, we published the notice of preliminary rescission of this CVD administrative review with respect to Ispat, and provided interested parties with 20 days to comment. *See Certain Hot-Rolled Carbon Steel Flat Products from India: Preliminary Rescission of Countervailing Duty Administrative Review*, 76 FR 15299 (March 21, 2011) (*Preliminary Rescission*). The

Department received no comments on its intent to rescind the review.

## Rescission of Review

Pursuant to 19 CFR 351.213(d)(3), the Department may rescind an administrative review, with respect to a particular exporter or producer, if the Secretary concludes that, during the period covered by the review, there were no entries, exports, or sales of the subject merchandise to the United States by that producer or exporter.

Based on our analysis of the shipment data, we determine that Ispat did not ship subject merchandise to the United States during the POR. Therefore, in accordance with 19 CFR 351.213(d)(3), and consistent with our practice,<sup>4</sup> we are rescinding the review for Ispat. Since Ispat is the only producer/exporter for which a review was requested and initiated, we are also rescinding, in whole, the administrative review of this CVD order for the period January 1, 2010, through December 31, 2010. The Department intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice.

## Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3) of the Department’s regulations, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation that is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: May 4, 2011.

#### **Certain Steel Threaded Rod From the People's Republic of China: Preliminary Results of the First Administrative Review and Preliminary Rescission, in Part**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (“Department”) is conducting the first administrative review of the antidumping duty order on certain steel threaded rod (“steel threaded rod”) from the People's Republic of China (“PRC”) for the period of review (“POR”) October 8, 2008, through February 28, 2010. As discussed below, we preliminarily determine that sales have been made below normal value (“NV”). If these preliminary results are adopted in our final results of review, we will instruct

U.S. Customs and Border Protection (“CBP”) to assess antidumping duties on entries of subject merchandise during the POR for which the importer-specific assessment rates are above *de minimis*.

**DATES:** *Effective Date:* May 9, 2011.

**FOR FURTHER INFORMATION CONTACT:** Toni Dach or Steven Hampton, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482–1655, (202) 482–0116, respectively.

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On April 14, 2009, the Department published in the **Federal Register** the antidumping duty order on steel threaded rod from the PRC. *See Certain Steel Threaded Rod from the People's Republic of China: Notice of Antidumping Duty Order*, 74 FR 17154 (April 14, 2009) (“*Order*”). On April 1, 2010, the Department published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order* for the period October 8, 2008, through March 31, 2010. *See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 75 FR 16426 (April 1, 2010).

Between April 1, 2010, and April 30, 2010, we received requests to conduct administrative reviews from Vulcan Threaded Products Inc. (“Petitioner”) and certain Chinese companies. On May 28, 2010, the Department published in the **Federal Register** a notice of initiation of this administrative review. *See Initiation of Antidumping and Countervailing Duty Administrative Reviews*, 75 FR 29976, 29980–29982 (May 28, 2010) (“*Initiation Notice*”).

On November 19, 2010, the Department published in the **Federal Register** a notice extending by 120 days the time period for issuing the preliminary results. *See Certain Steel Threaded Rod From the People's Republic of China: Extension of Time Limit for the Preliminary Results of Antidumping Duty Administrative Review*, 75 FR 70908 (November 19, 2010).

Of the 126 companies/groups for which we initiated an administrative review, seven companies submitted separate rate certifications, three companies submitted separate rate applications, one company stated that it did not export subject merchandise to the United States during the POR, and the remaining 115 companies did not

submit a separate rate application to the Department.

#### **Respondent Selection**

Section 777A(c)(1) of the Tariff Act of 1930, as amended (“the Act”) directs the Department to calculate individual dumping margins for each known exporter or producer of the subject merchandise. However, section 777A(c)(2) of the Act gives the Department discretion to limit its examination to a reasonable number of exporters or producers if it is not practicable to examine all exporters or producers involved in the review.

On June 7, 2010, the Department placed on the record data obtained from CBP with respect to the selection of respondents, inviting comments from interested parties. *See* Letter from the Department to Interested Parties: 2008–2010 Administrative Review of the Antidumping Duty Order of Certain Steel Threaded Rod from the PRC: CBP Data for Respondent Selection, dated June 7, 2010. Between June 7, 2010, and August 9, 2010, Petitioner and certain respondents provided comments on the Department's respondent selection methodology.

Because of the large number of exporters involved in this review, the Department limited the number of respondents individually examined and issued a respondent selection memorandum on September 24, 2010. Based upon section 777A(c)(2)(B) of the Act, the Department selected IFI & Morgan Limited and RMB Fasteners Ltd. (“RMB/IFI Group”<sup>1</sup>) and Gem-Year Industrial Co. Ltd. (“Gem-Year”) because they were the largest exporters, by volume, of subject merchandise during the POR. *See* Memorandum to James Doyle from Steven Hampton: First Administrative Review of Steel Threaded Rod from the People's Republic of China: Selection of Respondents for Individual Review, dated September 24, 2010. The Department sent antidumping duty questionnaires to the RMB/IFI Group and Gem-Year on September 27, 2010. Gem-Year submitted its Section A Questionnaire Response (“AQR”) on October 25, 2010. The RMB/IFI Group submitted its AQR on October 27, 2010. The RMB/IFI Group and Gem-Year submitted their Sections C and D

<sup>1</sup> The Department determined that these companies constituted a single entity in the antidumping duty investigation on steel threaded rod from the PRC. *See Certain Steel Threaded Rod from the People's Republic of China: Preliminary Determination of Sales at Less Than Fair Value*, 73 FR 58931 (October 8, 2008), unchanged in *Certain Steel Threaded Rod from the People's Republic of China: Final Determination of Sales at Less Than Fair Value*, 74 FR 8907 (February 27, 2009).
