Synopsis

On February 4, 2011, the Commission released *Amendment of Certain of the Commission's Part 1 Rules of Practice and Procedure and Part 0 Rules of Commission Organization*, Report and Order, FCC 11-16, in GC Docket No. 10-44, published at 76 FR 24383, May 2, 2011, which revised portions of its Part 1—Practice and Procedure and Part 0—Organizational rules.

The revised rules, in part, delegate authority to the Chief, CGB to periodically review all open dockets and, in consultation with the responsible Bureaus or Offices, to identify those dockets that appear to be candidates for termination. These candidates include dockets in which no further action is required or contemplated, as well as those in which no pleadings or other documents have been filed for several years. However, the Commission specified that

proceedings in which petitions addressing the merits are pending should not be terminated, absent the parties' consent. The termination of a dormant proceeding also includes dismissal as moot of any pending petition, motion, or other request for relief that is procedural in nature or otherwise does not address the merits of the proceeding.

Prior to the termination of any particular proceeding, the Commission was directed to issue a public notice identifying the dockets under consideration for termination and affording interested parties an opportunity to comment.
