

genomic research, assessing the role of family health history in disease risk and prevention, supporting a systematic process for evaluating genetic tests, translating genomics into public health research and programs, and strengthening capacity for public health genomics in disease prevention programs. OPHG engages many partners to identify opportunities and challenges for using genomics to impact population health, by addressing important public health issues and improving the effectiveness and efficiency of public health programs.

II. Request for Comments, Data, and Other Information

To help inform the assessment process and strategically plan for the next five years, HHS/CDC is requesting public input to the following questions on public health genomics: (1) What are the most important activities that should be carried out by the public health system in 2012–2017 to apply genomic knowledge to public health goals? (2) What outcomes specific to public health might be achieved as the result of carrying out these activities? (3) What policies are needed in order to achieve these outcomes? (4) What institutions, organizations and agencies need to participate in achieving these outcomes and what roles should they play? (5) What barriers are anticipated in achieving these outcomes and how might they best be overcome?

III. Submission of Comments

Interested persons may submit comments, data, and information (see **ADDRESSES**) either electronically or written regarding this request. Submitted comments will be available for public review from Monday through Friday, except for legal holidays, from 9 a.m. until 5 p.m. Eastern Standard Time, at 1600 Clifton Road NE., Atlanta,

Georgia 30333. Please call ahead to 404–498–0001 and ask for a representative in the Office of Public Health Genomics to schedule your visit.

Dated: June 21, 2011.

Tanja Popovic,

*Deputy Associate Director for Science,
Centers for Disease Control and Prevention.*

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Evaluation of Tribal Health Profession Opportunity Grants (HPOG).
OMB No.: New collection.

Description: The Administration for Children and Families (ACF) is proposing information collection activities as part of the Evaluation of the Tribal Health Profession Opportunity Grants (HPOG) (HHS–2010–ACF–OFA–FY–0124). Through this information collection, ACF seeks to conduct a comprehensive process and outcome evaluation to provide documentation and lessons learned about diverse programmatic approaches to health professions trainings for Tribal populations.

The goals of the Tribal HPOG evaluation are to: (1) Provide an in-depth, systematic analysis of program structure, implementation and outcomes of the sites served by the five Tribal HPOG grantees funded in FY 2010, and (2) compare these data within and across grantees to generate hypotheses about the effectiveness of different program approaches for Tribal populations.

Both of these goals require collecting information from Tribal HPOG grantees and other program stakeholders on an annual basis for three years. The information collection will include data gathered through in-person and telephone interviews and focus groups. Program operations data related to this effort will be collected through a Web based performance reporting system under a separate information collection (the **Federal Register** Notice for this information collection was published in Vol. 76, No. 18, January 27, 2011, page 4912).

Respondents: Respondents to the Grantee and Partner Administrative Staff interview will be the administrators of the Tribal HPOG program, workforce development and TANF agencies, public and private university-based partners, and not-for profit organizations. Respondents to the Program Implementation Staff interview will be instructors, trainers, and providers of program or supportive services. Respondents to the Employers interview will be local or regional employers at public or private companies or organizations that are partnering with the Tribal HPOG program or have employed program participants. Respondents to the Program Participant focus groups or interviews will be current program participants. Interviews will be conducted in lieu of focus groups with program participants at secondary implementation sites (additional locations where the Tribal HPOG program are being implemented) in the middle data collection year. Respondents to the Program Completers interview will be program completers.

Respondents to the Program Non-completers interview will be individuals who did not complete the programs.

ANNUAL BURDEN ESTIMATES

Instrument	Annual number of respondents	Number of responses per respondent	Average burden hours per response	Total annual burden hours
Grantee and Partner Administrative Staff interview	35	1	1	35
Program Implementation Staff interview	117	1	1.5	176
Employers interview	52	1	0.75	39
Program Participant focus groups or interviews	117	1	1.35	158
Program Completers interview	67	1	1	67
Program Noncompleters interview	20	1	0.5	10

Estimated Total Annual Burden Hours: 485.

Additional Information: Copies of the proposed collection may be obtained by writing to the Administration for Children and Families, Office of

Planning, Research and Evaluation, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: OPRE Reports Clearance Officer. All requests should be identified by the title of the

information collection. *E-mail address:* OPREinfocollection@acf.hhs.gov.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this

document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, *Fax*: 202–395–6974, *Attn*: Desk Officer for the Administration, for Children and Families.

Dated: June 22, 2011.

Steven M. Hanmer,

OPRE Reports Clearance Officer.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Comment Request

AGENCY: Health Resources and Services Administration, HHS.

ACTION: Correction.

SUMMARY: The Health Resources and Services Administration published an Agency Information Collection document in the **Federal Register** of June 20, 2011 (FR Doc. 2011–15194), on page 35900, regarding Bureau of Primary Health Care (BPHC) Uniform Data System (OMB No. 0915–0193).

FOR FURTHER INFORMATION CONTACT: Charles Daly, Public Health Analyst at 301–594–5110.

Correction

In the **Federal Register** issue of June 20, 2011, FR Doc. 2011–15194, on page 35900, second column, under the section Proposed Project: Bureau of Primary Health Care (BPHC) Uniform Data System (OMB No. 0915–0193–Revision), correct the first paragraph to read as follows:

The Uniform Data System (UDS) contains the annual reporting requirements for the cluster of primary care grantees funded by the Health Resources and Services Administration (HRSA) under the Health Center Program as authorized under section 330 of the Public Health Service Act, as

amended. “FQHC Look-Alikes” are health centers that have been determined by HRSA to meet the requirements of the Health Center Program but which do not receive a grant. The UDS includes reporting requirements for grantees of the following primary care programs: Community Health Centers, Migrant Health Centers, Health Care for the Homeless, and Public Housing Primary Care.

On page 35900, second column, second paragraph, correct the fifth sentence to read as follows:

These new measures are included in the UDS data collection request in order to allow advance time for health centers and FQHC Look-Alikes to change data collection systems.

On page 35900, please correct the burden table as follows:

Type of report	Number of respondents	Responses per respondent	Hours per response	Total burden hours
Universal report	1,287	1	82	105,534
Grant report	328	1	18	5,904
Total	1,615	111,438

Dated: June 23, 2011.

Reva Harris,

Acting Director, Division of Policy and Information Coordination.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Institute of Child Health and Human Development; Revision to Proposed Collection; Comment Request; Formative Research Methodology Studies for the National Children’s Study

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Institute of Child Health and Human Development (NICHD), the National Institutes of Health (NIH) will

publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval. This proposed information collection was previously published in the **Federal Register** on April 27, 2011, pages 23608–23609, and allowed 60 days for public comment. Two written comments and two verbal comments were received. The verbal comments expressed support for the broad scope of the study. The written comments were identical and questioned the cost and utility of the study specifically and of federally funded biomedical research overall. The purpose of this notice is to allow an additional 30 days for public comment.

Proposed Collection:

Title: Formative Research Studies for the National Children’s Study (NCS)

Type of Information Collection

Request: RENEWAL of OMB Clearance 0925–0590, Expiration June 30, 2011

Need and Use of Information

Collection: The Children’s Health Act of 2000 (Pub. L. 106–310) states:

(a) *Purpose.*—It is the purpose of this section to authorize the National Institute of Child Health and Human Development* to conduct a national longitudinal study of environmental influences (including physical, chemical, biological, and psychosocial) on children’s health and development.

(b) *In General.*—The Director of the National Institute of Child Health and Human Development* shall establish a consortium of representatives from appropriate Federal agencies (including the Centers for Disease Control and Prevention, the Environmental Protection Agency) to—

(1) plan, develop, and implement a prospective cohort study, from birth to adulthood, to evaluate the effects of both chronic and intermittent exposures on child health and human development; and

(2) investigate basic mechanisms of developmental disorders and environmental factors, both risk and protective, that influence health and developmental processes.

(c) *Requirement.*—The study under subsection (b) shall—

(1) incorporate behavioral, emotional, educational, and contextual consequences to enable a complete assessment of the physical, chemical, biological, and psychosocial
