

the charge to the SAB for the consultation, and other supplemental materials in support of the two-session public teleconference will be placed on the SAB Web site at <http://www.epa.gov/sab> in advance of the teleconference and meeting.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. Input from the public to the SAB will have the most impact if it provides specific scientific or technical information or analysis for SAB panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the Designated Federal Officer directly at the contact information provided.

Oral Statements: In general, individuals or groups requesting an oral presentation at a teleconference will be limited to three minutes. Those interested in being placed on the public speakers list for the July 26 and 27, 2011 teleconference should contact Dr. Kooyoomjian at the contact information provided above no later than noon on July 22 2011. **Written Statements:** Written statements should be supplied to the DFO via e-mail at the contact information noted by noon July 22, 2011 for the teleconference, so that the information may be made available to the members of the augmented RAC for their consideration. Written statements should be supplied in one of the following electronic formats: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows98/2000/XP format. It is the SAB Staff office general policy to post written comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document, because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB Web site. Copyrighted material will not be posted

without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Kooyoomjian at (202) 564-2064, or e-mail kooyoomjian.jack@epa.gov. To request accommodation of a disability, please contact Dr. Kooyoomjian preferably at least ten days prior to the teleconference or meeting to give as much time as possible to process your request.

Methyl Parathion; Rescission of Previously Issued Cancellation Orders and Issuance of Revised Cancellation Orders for Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's rescission of two previously issued cancellation orders, and the issuance of a revised cancellation order, pursuant to a voluntary request by the registrant and accepted by the Agency, of products containing methyl parathion, pursuant to section 6(f)(1) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. Specifically, this notice rescinds two previously issued Cancellation Orders, a February 25, 2011 **Federal Register** Notice and a March 23, 2011 **Federal Register** Notice to the extent they are applicable to methyl parathion products because the orders did not correctly reflect the terms and conditions of the registrant's 6(f)(1) voluntary cancellation request with respect to the effective date as well as conditions governing the disposition of existing stocks for the affected methyl parathion products. This revised order correctly identifies the effective date of cancellation for the affected product registrations as well as the corrected dates associated with the disposition of existing stocks. These are the last products containing methyl parathion registered for use in the United States. The rescission and revised order only applies to methyl parathion registrations. All other product

registrations for all other chemicals that were included in the above mentioned cancellation orders and are not rescinded or otherwise affected by this action.

DATES: The methyl parathion cancellations are effective December 31, 2012.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How can I get copies of this document and other related information?

EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2009-0332. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

II. What action is the Agency taking?

EPA is rescinding two previously issued Cancellation Orders, a February 25, 2011 **Federal Register** Notice (76 FR 10587) (FRL-8663-4) and a March 23, 2011 **Federal Register** Notice (76 FR 16419) (FRL-8667-8) to the extent they are applicable to methyl parathion products because the orders did not correctly reflect the terms and conditions of the registrant's 6(f)(1)

voluntary cancellation request with respect to the effective date as well as conditions governing the disposition of existing stocks for the affected methyl parathion products. EPA is also hereby issuing a corrected order identifying the correct effective date of cancellation for the affected product registrations as well as the corrected dates associated with the disposition of existing stocks.

The cancellation orders for methyl parathion products, issued in the **Federal Register** on February 25, 2011 and March 23, 2011 are rescinded. The rescission only applies to methyl parathion registrations. The above mentioned cancellation orders remain in full force and effect with respect to all other product registrations and chemicals contained in those

cancellation orders. This notice also announces the issuance of a cancellation order, as requested by a registrant, of methyl parathion products registered under section 24(c) Special Local Needs (SLN). The affected registrations are listed in sequence by registration number in Table 1 of this unit.

TABLE 1—METHYL PARATHION PRODUCT CANCELLATIONS

Table 2 of this unit includes the names and addresses of record for all registrants of the products in Table 1 of

this unit, in sequence by EPA company number. This number corresponds to

the first part of the EPA registration numbers of the products listed above.

III. Cancellation Order

Pursuant to FIFRA section 6(f), EPA hereby approves the cancellations of methyl parathion registrations identified in Table 1 of Unit II, as originally requested by the registrant. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit II are canceled. The effective date of the methyl parathion cancellations that are subject of this cancellation order is December 31, 2012. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of Unit II in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit V will be a violation of FIFRA.

IV. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notices of receipts

for this action were published for comment on September 22, 2010 (75 FR 57787) (FRL-8846-2) and January 26, 2011 (76 FR 4692) (FRL-8856-9). The comment periods closed on October 22, 2010 and February 25, 2011, respectively. No comments were received from either notice. However, EPA mistakenly issued a cancellation order with respect to the product listed in Table 1 that was inconsistent with the terms and conditions of the registrant's request. EPA is therefore rescinding its earlier cancellation order with respect to these methyl parathion products and issuing a corrected cancellation order.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the action. The existing stocks provision for the products subject to this order is as follows.

Registrants are prohibited from selling and distributing end-use products as of December 31, 2012. Persons other than the registrants are prohibited from selling or distributing end-use products as of August 31, 2013. All sales and distributions of end-use products shall

be prohibited as of August 31, 2013, except for exports consistent with section 17 of FIFRA or for proper disposal. Additionally, all use of existing stocks of the end-use products shall be prohibited as of December 31, 2013.
