

meaningful enforcement action toward Indian Point.

- The petitioner focused on the exemptions to Appendix R to 10 CFR Part 50 that the licensee submitted in March 2009. The exemptions include operator manual actions in a large number of fire areas at Indian Point. The petitioner stated that the regulations do not authorize operator manual actions as a means for protecting a redundant system from fire. The petitioner referenced the ongoing situation in Japan and questioned whether plant operators would be physically able to perform these duties.

- The petitioner stated that (1) the NRC should reserve exemptions for extraordinary circumstances, (2) the NRC should not approve the exemptions, and (3) Entergy has not made a serious effort to comply with Federal regulations.

The NRC is treating the request under 10 CFR 2.206, "Requests for Action under This Subpart," and has referred the request to the Director of the Office of Nuclear Reactor Regulation (NRR). In accordance with 10 CFR 2.206, the NRC will take appropriate action on this petition within a reasonable period of time. The petitioner met with the NRR Petition Review Board on May 9, 2011, to discuss the petition. The Petition Review Board considered the results of that discussion in its determination of the petitioner's request for immediate action and in the establishment of the schedule for the review of the petition. A copy of the petition is available for inspection at the NRC's Public Document Room (PDR) located at One White Flint North, Public File Area O1 F21, 11555 Rockville Pike (first floor), Rockville, MD. Publicly available documents created or received at the NRC are accessible electronically through the Agencywide Documents Access and Management System (ADAMS) in the NRC Library at <http://www.nrc.gov/reading-rm/adams.html>. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS should contact the NRC PDR reference staff by telephone at 1-800-397-4209 or 301-415-4737 or by e-mail at PDR.Resources@nrc.gov.
