SUPPLEMENTARY INFORMATION:

Committee on Administration and Management

The Committee on Administration and Management will meet to consider issues arising when agencies use "incorporation by reference" in regulations; i.e., when an agency regulation incorporates by reference material available elsewhere. Among other things, the committee will discuss procedural and drafting issues that arise when agencies use incorporation by reference, challenges agencies face in updating such references, and ways to ensure the reasonable availability of incorporated materials, which may be subject to copyright.

Date: Friday, October 28, 2011, from 9:30 a.m. to 12:30 p.m.

Designated Federal Officer: Scott Rafferty.

Committee on Collaborative Governance

The Committee on Collaborative Governance will consider recommending improvements to the *Federal Advisory Committee Act* (FACA) and the implementation of the Act. Potential issues for discussion include the chartering requirements for advisory committees; improving access to committee meetings and materials; virtual committee meetings; and other improvements that might reduce the burdens imposed by FACA or improve the transparency of FACA committees.

The Committee on Collaborative Governance may also discuss a project regarding the use of third-party certification in government inspections.

Date: Tuesday, October 18, 2011, from 1:30 p.m. to 4:30 p.m.

Designated Federal Officer: David Pritzker.

Committee on Judicial Review

The Committee on Judicial Review will discuss potential changes to 28 U.S.C. 1500, which regulates the jurisdiction of the Court of Federal Claims (CFC). The statute currently deprives the CFC of jurisdiction over a claim if the plaintiff has a claim based on the same facts pending in another court. The committee will consider whether this statute should be repealed or revised.

The committee may also consider the Congressional Review Act and agency practices under the Act.

Date: Thursday, October 27, 2011, from 1:30 p.m. to 4:30 p.m.

Designated Federal Officer: Reeve Bull.

Committee on Regulation

The Committee on Regulation will meet to consider a project concerning international regulatory cooperation. This project will examine how the Conference might update its Recommendation 91-1, "Federal Agency Cooperation with Foreign Government Regulators," in light of developments in United States government structure, trade agreements, and technology since the recommendation was adopted 20 years ago.

Date: Tuesday, October 25, 2011, from 2 p.m. to 5 p.m.

Designated Federal Officer: Reeve Bull.

Dated: September 28, 2011.

Animal Plant and Health Inspection Service

Title: Swine Health Protection.
OMB Control Number: 0579-0065.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. The AHPA is contained in Title X, Subtitle E, Sections 10401-18 of P.O. 107-171, May 13, 2002, the Farm Security and Rural Investment Act of 2002. Veterinary Services, a program with the Animal and Plant Health Inspection Service (APHIS), is responsible for administering regulations intended to prevent the dissemination of animal diseases within the United States. Garbage is one of the primary media through which numerous infections or communicable diseases of swine are transmitted. Because of the serious threat to the U.S. swine industry, Congress passed Public Law 96-468 "Swine Health Protection Act" on October 17, 1980. This law requires USDA to ensure that all garbage is treated prior to its being fed to swine that are intended for interstate or foreign commerce or that substantially affect such commerce. The Act and the regulations will allow only operators of garbage treatment facilities, which meet certain specification to utilize garbage for swine feeding. APHIS will use various forms to collect information.

Need and Use of the Information: APHIS collects information from persons desiring to obtain a permit (license) to operate a facility to treat garbage. Prior to issuance of a license, an inspection will be made of the facility by an authorized representative to determine if it meets all requirements

of the regulations. Periodic inspections will be made to determine if licenses are meeting the standards for operation of their approved facilities. Upon receipt of the information from the Public Health Officials, the information is used by Federal or State animal health personnel to determine whether the waste collector is feeding garbage to swine, whether it is being treated, and whether the feeder is licensed or needs to be licensed.

Description of Respondents: Business or other for-profit; State, Local or Tribal Government.

Animal and Plant Health Inspection Service

Title: CWD in Cervids; Payment of Indemnity.

OMB Control Number: 0579-0189.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control and eradicate pests or diseases of livestock or poultry, and to pay claims arising from destruction of animals. Disease prevention is the most effective method for maintaining a healthy animal population and enhancing the Animal and Plant Health Inspection Service (APHIS) ability to compete in exporting animals and animal products. Chronic wasting disease (CWD) is a transmissible spongiform encephalopathy (TSE) of elk, deer and moose typified by chronic weight loss leading to death.

The presence of CWD disease in cervids causes significant economic and market losses to U.S. producers. APHIS will collect information using VS Form 1-23, Appraisal & Indemnity Claim form.

Need and Use of the Information: APHIS will collect the owner's name and address, the number of animals for which the owner is seeking payment, and the appraised value of each animal. The owner must also certify as to whether the animals are subject to a mortgage. If there is a mortgage the form must be signed by the owner and each person holding a mortgage. As a condition of receiving indemnity, herd owners must review and sign a written agreement with APHIS stating that the farm has been effectively cleaned and disinfected. Failure to collect this information would cripple APHIS' ability to effectively sustain its CWD control program.

Description of Respondents: Business or other for-profit; State, Local or Tribal Government.

Number of Respondents: 4.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 62.

Animal and Plant Health Inspection Service

Title: Trichinae Certification Program.

OMB Control Number: 0579-0323.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control and eradicate pests or diseases of livestock or poultry. The AHPA is contained in Title X, Subtitle E, Sections 10401-18 of Public Law 107-171, May 13, 2002, the Farm Security and Rural Investment Act of 2002. *Trichinella spiralis* is a contagious nematode affecting animals and people. The disease, trichinellosis is transmitted by consuming the meat of an infected animal. The Animal Plant and Health Inspection Service (APHIS) will collect information using certificate site audit, program audit form, request for information during a spot audit, animal disposal plan and recordkeeping, animal movement record and recordkeeping, rodent control logbook and recordkeeping, trichinae herd certification feed mill quality assurance affidavit and recordkeeping, and records for slaughter testing and recordkeeping.

Need and Use of the Information: APHIS will collect information to certify swine are raised using practices that will reduce or eliminate *T. spiralis* exposure. If this information is not collected, it will compromise APHIS' ability to determine the trichinae infection status of pork produced in the United States.

Description of Respondents: Business or other for-profit; State, Local or Tribal Government.

Number of Respondents: 1,250.

Frequency of Responses: Recordkeeping; Reporting: On occasion.

Total Burden Hours: 7,494.
