

Foods for Infants and Young Children to Include a New Part B for Underweight Children at Step 4.

- Proposal to Review the Codex Standard for Follow-up Formula.

Each issue listed will be fully described in documents distributed, or to be distributed, by the Secretariat prior to the meeting. Members of the public may access copies of these documents (see **ADDRESSES**).

Public Meeting

At the public meeting, draft U.S. positions on the agenda items will be described and discussed, and attendees will have the opportunity to pose questions and offer comments. Written comments may be offered at the meeting or sent to Barbara Schneeman Ph.D., U.S. Delegate for the 33rd Session of the CCNFSDU at the following address: CCNFSDU@fda.hhs.gov.

Written comments should state that they relate to activities of the 33rd Session of the CCNFSDU.

USDA Nondiscrimination Statement

USDA prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.)

Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA's Target Center at (202) 720-2600 (voice and TTY).

To file a written complaint of discrimination, write USDA, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW., Washington, DC 20250-9410 or call (202) 720-5964 (voice and TTY). USDA is an equal opportunity provider and employer.

Additional Public Notification

Public awareness of all segments of rulemaking and policy development is important. Consequently, in an effort to ensure that the public and in particular minorities, women, and persons with disabilities, are aware of this notice, FSIS will announce it on-line through the FSIS Web page located at http://www.fsis.usda.gov/regulations_&_policies/Federal_Register_Notices/index.asp.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of

information that could affect or would be of interest to our constituents and stakeholders. The Update is communicated via Listserv, a free e-mail subscription service consisting of industry, trade, and farm groups, consumer interest groups, allied health professionals, scientific professionals, and other individuals who have requested to be included. The Update also is available on the FSIS Web page. Through Listserv and the Web page, FSIS is able to provide information to a much broader, more diverse audience. In addition, FSIS offers an e-mail subscription service which provides automatic and customized access to selected food safety news and information. This service is available at http://www.fsis.usda.gov/News_&_Events/Email_Subscription/.

Options range from recalls, export information, regulations, directives, and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.

Done at Washington, DC, on: October 5, 2011.

Karen Stuck,

U.S. Manager for Codex Alimentarius.

BILLING CODE 3410-DM-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Institute of Standards and Technology (NIST).

Title: Project 25 Compliance Assessment Program Laboratory Application.

OMB Control Number: 0693-0053.

Form Number(s): None.

Type of Request: Regular submission (extension of a currently approved information collection).

Burden Hours: 10.

Number of Respondents: 10.

Average Hours Per Response: 1.

Needs and Uses: The September 11, 2001 attacks and Hurricane Katrina made apparent the need for public safety radio systems to interoperate, regardless of who manufactured the equipment. In response, and per Congressional direction, Department of Homeland Security and NIST developed

the Project 25 (P25) CAP to improve public safety confidence in purchasing land mobile radio (LMR) equipment built to P25 LMR standards, especially those P25 standards related to improving interoperability between different manufacturer's radio systems. A key part of the program involves NIST (Office of Law Enforcement Standards- OLES) experts assessing participating laboratories to determine that they have the requisite technical competence and resources needed to test P25 equipment. To perform these assessments, and continue the program, NIST needs to be able to collect essential information from laboratories interested in participating in the P25 CAP program.

Affected Public: Business or other for-profit organizations; not-for-profit institutions; Federal government; and state, local, or tribal government.

Frequency: Annually.

Respondent's Obligation: Required to obtain or retain benefits.

OMB Desk Officer: Jasmeet Seehra, (202) 395-3123.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to, OMB Desk Officer, Jasmeet Seehra, FAX Number (202) 395-5167, or Jasmeet_K._Seehra@omb.eop.gov.

Dated: October 5, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 62-2011]

Foreign-Trade Zone 78—Nashville, TN, Application for Subzone, Hemlock Semiconductor, L.L.C. (Polysilicon); Clarksville, TN

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Metropolitan Government of Nashville and Davidson County, grantee of FTZ 78, requesting special-purpose subzone status for the polysilicon manufacturing facility of

Hemlock Semiconductor, L.L.C. (HSLLC), located in Clarksville, Tennessee. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 5, 2011.

The HSLLC facility (800 employees, 1,831 acres, 10,000 metric tons capacity) is located at 1000 Solar Way, Clarksville, Tennessee. The facility will be used for the manufacturing and distribution of polysilicon, silicon tetrachloride, trichlorosilane, dichlorosilane, hydrogen chloride and direct process residue. Components and materials sourced from abroad (representing 5% of the value of the finished product) include: silicon metal, silicon tetrachloride, trichlorosilanes and dichlorosilanes (duty rate ranges from duty-free to 5.5%). HSLLC has indicated that they will accept a restriction prohibiting the admission of foreign status silicon metal subject to an antidumping or countervailing duty order into the proposed subzone.

FTZ procedures could exempt HSLLC from customs duty payments on the foreign components used in export production. The company anticipates that some 75 percent of the plant's shipments will be exported. On its domestic sales, HSC would be able to choose the duty rates during customs entry procedures that apply to finished products (duty rate ranges from duty-free to 6.5%) for the foreign inputs noted above. FTZ designation would further allow HSLLC to realize logistical benefits through the use of weekly customs entry procedures. Customs duties also could possibly be deferred or reduced on foreign status production equipment. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 12, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 27, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482–0473.

Dated: October 5, 2011.

Andrew McGilvray,
Executive Secretary.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 61–2011]

Foreign-Trade Zone 140—Flint, Michigan; Application for Subzone; Hemlock Semiconductor Corporation (Polysilicon); Hemlock, MI

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of Flint, grantee of FTZ 140, requesting special-purpose subzone status for the polysilicon manufacturing facility of Hemlock Semiconductor Corporation (HSC), located in Hemlock, Michigan. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally filed on October 5, 2011.

The HSC facility (2,055 employees, 524 acres, 41,000 metric tons capacity) is located at 12334 Geddes Road, Hemlock, Michigan. The facility is used for the manufacturing and distribution of polysilicon, monosilane gas, silicon tetrachloride, trichlorosilane, dichlorosilane, hydrogen chloride and direct process residue. Components and materials sourced from abroad (representing 5% of the value of the finished product) include: silicon metal, silicon tetrachloride, trichlorosilanes and dichlorosilanes (duty rate ranges from duty-free to 5.5%). HSC has indicated that they will accept a restriction prohibiting the admission of foreign status silicon metal subject to an antidumping or countervailing duty order into the proposed subzone.

FTZ procedures could exempt HSC from customs duty payments on the foreign components used in export

production. The company anticipates that some 75 percent of the plant's shipments will be exported. On its domestic sales, HSC would be able to choose the duty rates during customs entry procedures that apply to finished products (duty rate ranges from duty-free to 6.5%) for the foreign inputs noted above. FTZ designation would further allow HSC to realize logistical benefits through the use of weekly customs entry procedures. Customs duties also could possibly be deferred or reduced on foreign status production equipment. The request indicates that the savings from FTZ procedures would help improve the plant's international competitiveness.

In accordance with the Board's regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is December 12, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 26, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.
