

and address, and where an applicant will keep reindeer. The applicant must fill out an application for a permit to get a reindeer for any purpose, and is required to report on the status of reindeer annually or when a change occurs, including changes prior to the date of the annual report.

II. Request for Comments

The BIA requests that you send your comments on this collection to the location listed in the **ADDRESSES** section. Your comments should address: (a) The necessity of the information collection for the proper performance of the agency's duties, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents, such as through the use of automated collection techniques or other forms of information technology.

Please note that an agency may not sponsor or conduct, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number. This information collection expires March 30, 2012.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section during the hours of 9 a.m.–5 p.m., Eastern Time, Monday through Friday except for legal holidays. Before including your address, phone number, email address or other personally identifiable information, be advised that your entire comment—including your personally identifiable information—may be made public at any time. While you may request that we withhold your personally identifiable information, we cannot guarantee that we will be able to do so.

Record of Decision, Long Walk National Historic Trail Feasibility Study/Abbreviated Final Environmental Impact Statement, National Trails Intermountain Region, NM

AGENCY: National Park Service, Interior.

ACTION: Notice of Availability of a Record of Decision on the Abbreviated Final Environmental Impact Statement for the Long Walk National Historic Trail Feasibility Study.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), the National Park Service announces the availability of the Record of Decision for the Abbreviated Final Environmental Impact Statement for the Long Walk National Historic Trail Feasibility Study, prepared by National Trails Intermountain Region, Santa Fe, New Mexico. On August 3, 2011, the Regional Director, Intermountain Region approved the Record of Decision for the project. Four alternatives and their respective environmental consequences were presented in the study. The Record of Decision identifies the preferred alternative as alternative A, no-action. Under the no-action alternative, a national historic trail would not be designated. Interpretation and protection of Long Walk-related events and resources would not be coordinated by a single, overarching federal agency. State, county, and tribal laws for historic preservation would continue to apply; no new federal actions would be taken to protect other significant resources.

In the feasibility study, the National Park Service found that the Long Walk routes fully meet the criteria for national historic trails. The overall nature of public comments during the review period supported designation of a national historic trail. The National Park

Service decision to support the no action alternative as the selected action is based on the lack of support for designation by the Navajo Nation Tribal Council and the Mescalero Apache Tribe.

The Record of Decision includes a statement of the decision made, synopses of other alternatives considered, the basis for the decision, a description of the environmentally preferable alternative, and an overview of public involvement in the decision-making process. Impairment and measures to minimize environmental harm are not addressed in the Record of Decision because the study involved no park resources.
