SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-65841; File No. SR-PHLX-2011-140]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Order Approving Proposed Rule Change To Amend the By-Laws of The NASDAQ OMX Group, Inc.

November 28, 2011.

On October 11, 2011, NASDAQ OMX PHLX LLC ("Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend the by-laws of its parent corporation, The NASDAQ OMX Group, Inc. ("NASDAQ OMX"). The proposed rule change was published for comment in the **Federal Register** on October 28, 2011.³ The Commission received no comments on the proposal.

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange⁴ and, in particular, the requirements of Section 6(b)(5) of the Act.⁵ The proposal will allow the NASDAQ OMX Board of Directors ("Board") to determine the size of its Audit Committee, so long as the Audit Committee includes at least three directors, as well as the size of its Nominating & Governance Committee, so long as the Nominating & Governance Committee includes at least two directors. The proposal is intended to provide greater flexibility to the NASDAQ OMX Board to determine the appropriate size for these committees. The Commission notes that the proposed rule change maintains compliance with the Exchange's listing standards. The proposal does not change any other compositional requirements of either the Audit Committee or the Nominating & Governance Committee, including independence requirements. Moreover, the Commission notes that the proposal does not alter the application of Section 10A of the Exchange Act⁶ and Rule

² 17 CFR 240.19b-4.

³ See Securities Exchange Act Release No. 65605 (October 21, 2011), 76 FR 67015.

⁴ In approving this proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

⁵ 15 U.S.C. 78f(b)(5).

10A-3 thereunder⁷ to the NASDAQ OMX Audit Committee. The proposal also deletes an obsolete section from, and corrects a typographical error in, the NASDAQ OMX by-laws, which are clarifying revisions. For the foregoing reasons, the Commission believes that the proposed rule change is consistent with the Act.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁸ that the proposed rule change (SR-PHLX-2011-140) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁹

Deputy Secretary.

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Adopt the QView Service

November 30, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 22, 2011, The NASDAQ Stock Market LLC ("Exchange"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to adopt a new Web-based, front-end application called QView, which will provide subscribing member firms with increased transparency over their trading activity on the Exchange by allowing the member to track its Exchange order flow.³ In particular, a QView subscriber would be able to track all of its trading activity on the Exchange through detailed order and execution summaries. QView will provide a subscribing member with statistics concerning the total number of executions, total volume, dollar value of executions, executions by symbol, add versus remove, buy versus sell, display versus non-display, number of open orders, use of routing strategies and liquidity code designation. The data provided by QView will be available to the subscribing member both in real-time and historically. Subscribing members will also be able export such data from QView to other systems.

QView will also allow a subscriber to track executions and open orders in real-time using the QView dashboard. The QView dashboard allows a subscribing member to view its executions and open orders as an

overall summary, with all totals displayed by quantity, share volume, or dollar value. In conjunction with NASDAQ TradeInfo,⁴ a QView subscriber will also be able to filter down to the specific order or execution information of the orders and executions provided in the QView dashboard. As such, QView provides both an overall summary of a subscribing member's activity, as well as detailed order and execution information, thus providing the member a comprehensive tool to track its trading activity.⁵

The Exchange is proposing to offer QView at no cost to members at this time.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b)(5) of the Act,⁶ which requires that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, protect investors and the public interest. The Exchange believes the proposed rule change is consistent with these requirements because the proposed service provides subscribing members with a useful analytical tool with which they may access information concerning their order and trade activity occurring on the Exchange. With this information, subscribing members may more closely monitor and analyze such activity, and make more informed investment decisions. Accordingly, the Exchange believes that the proposed service will further goals of the Act by providing subscribing members with greater transparency with respect to their order activity on the Exchange. The Exchange notes that the QView service is similar to the services offered by the BATS

exchange through its online member portal.⁷

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁰ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay because it would permit the Exchange to offer the QView service on December 1, 2011, the beginning of the Exchange's next monthly rollout cycle for such services. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest and designates the proposal operative upon filing.¹¹ Waiving the 30-day operative delay will enable the Exchange to make this web-based tool

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁰ 17 CFR 240.19b-4(f)(6).

¹¹ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

³ A subscribing member possessing multiple MPIDs must designate the MPIDs for which it would like to receive QView information. A subscribing member, however, may elect to monitor only the activity occurring through certain ports associated with a subscribed MPID.

⁴ TradeInfo is an Internet-based tool that, among other things, allows users access to all of the NASDAQ order and execution information for their entire firm for both equities and options through a single interface. TradeInfo is offered complimentary as part of the NASDAQ Workstation or separately for a fee of \$95 per user per month.

⁵ For example, QView will inform a subscribing member of its executions in a particular day and provide a link to the details of those executions, which is provided by TradeInfo.

available to its members on December 1, 2011, providing members with a tool to track their order flow on the Exchange.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NASDAQ-2011-157. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room on official business days between the hours of 10 a.m. and 3 p.m. Copies of such filing also will be available for inspection and copying at
