The Kingdom of Saudi Arabia has requested a possible sale of the continuation of services for the PATRIOT Systems Engineering Services Program (ESP). Also included:

Modification kits, engineering changes, spare and repair parts, support and test equipment, publications and technical documentation, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated cost is \$120 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly

country that has been, and continues to be, an important force for political stability and economic progress in the Middle East.

The proposed sale will facilitate the continuation of existing services that Saudi Arabia has had under the Shared Engineering Services Program (SESP) for the past 20 years. The ESP provides material support to Saudi's defense and serves U.S. interests in the region.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Raytheon Integrated Defense in Andover, Massachusetts. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Saudi Arabia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

All subcommittee members shall be appointed in the same manner as the Board members; that is, the Secretary of Defense shall appoint subcommittee members even if the member in question is already a Board member. Subcommittee members, with the approval of the Secretary of Defense, may serve a term of service on the subcommittee of one to four years; however, no member shall serve more than two consecutive terms of service on the subcommittee. Subcommittee members, if not full-time or part-time government employees, shall be appointed to serve as experts and consultants under the authority of 5 U.S.C. 3109, and to serve as special government employees, whose appointments must be renewed on an annual basis.
